

Russia's aggression against Ukraine is a global food insecurity tragedy on multiple levels. As Putin wages his war against the people of Ukraine, he uses food as a weapon by destroying the food production and transportation capacity of the country he invaded. At the same time, since Ukraine grows grains and crops that feed much of the world, Putin's devastation of Ukraine's food production infrastructure and takeovers of Ukrainian food exports cause food insecure populations of countless countries to suffer, especially in Africa.

The McGovern-Dole program also aims to defeat malnutrition. Children across the globe are affected by malnutrition and the McGovern Dole program is working to combat this debilitating condition.

The McGovern-Dole Program has been successful at saving lives all over the world for 20 years.

This program boosts school enrollment, increases attendance, and improves reading outcomes and literacy results through providing school meals, teacher training, and government capacity-building.

The McGovern-Dole Program has been able to improve health, nutrition, and dietary practices through supporting Maternal and Child Nutrition (MCN). The program encourages the inclusion of health and nutrition sensitive activities, such as micronutrient-fortified products, take-home rations, treatments for illnesses, and nutrition education.

H. Res. 1156 must be passed. With bipartisan Congressional support, the United States has been able to work with other countries on hunger, specifically childhood hunger, which is a devastating condition.

It is imperative that we continue to work together to reduce hunger worldwide.

We must end this unnecessary suffering before it claims even more lives.

This bill must be important to us all. Investing in children today will only benefit the world in the future.

We must continue this program to address global food insecurity and create conditions for peace and stability.

This effort will support U.S. farmers, millers, shippers, and commodity groups that provide agricultural commodities for the program to help combat malnutrition and food insecurity worldwide.

I encourage my colleagues to join me in supporting this critical bill that will build upon the 20 years of success of the George McGovern-Robert Dole International Food for Education and Child Nutrition Program.

HONORING DR. DEEPAK BANSAL

HON. THOMAS R. SUOZZI

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 14, 2022

Mr. SUOZZI. Madam Speaker, I rise today to honor Dr. Deepak Bansal. Dr. Deepak Bansal is a dedicated and respected community activist and leader who is well-known for his charitable endeavors. He has always maintained a close relationship with the local community and is very passionate about giving back to it. After completing his dream of a Masters in Philosophy and a Doctorate in Metallurgy at the prestigious University of

Kurukshetra India, he migrated to the United States 25 years ago. He is currently a Real Estate Associate Broker and is always willing to help new immigrants of the South Asian community in achieving their goals. He has a significant following in the South Asian community, which includes people of Indian, Pakistani, Sri Lankan, and Bangladeshi origin.

As the current President of the United States chapter of the Human Rights Commission of India, Dr. Bansal has the utmost respect for the families of the first responders who gave their lives protecting our freedom to enjoy our life. Dr. Bansal is the president of the Indo-American Association for Change (IAAC), an organization supporting and serving the families of firefighters and our law enforcement community. Dr. Bansal was the president of the India Day Parade 2021 and has continued to work for the organization. Dr. Bansal volunteers each year with Toys for Tots, an organization where U.S. Marines collect and distribute toys to children for holiday celebrations. Dr. Bansal has organized seminars on the environment, education, and health awareness. He is always standing with the vulnerable to protect their rights for justice. Dr. Bansal's community service has won him numerous citations, proclamations, and honors from elected civic leaders around New York State. Dr. Bansal is a loving and respected man who is always ready to serve the community. He recently was honored by Ram Dass Athawale, the Minister for Social Justice of India.

While studying, Dr. Bansal also did social work, which he continues to do to this day in the United States. He is the Vice-chair of Friends for Good Health, an International Organization devoted to helping people around the world with preventive care at no cost to those in need. His position at the organization spearheads a food drive every year. Dr. Deepak Bansal always says he is happy to serve the community.

HONORING THE LIFE OF FIRST SERGEANT WALLACE GREEN, JR.

HON. ELAINE G. LURIA

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 14, 2022

Mrs. LURIA. Madam Speaker, I rise today to honor the life of First Sergeant Wallace Green, Jr.

Mr. Green joined the United States Marine Corps on January 10, 1947 and served for 22 years until August 31, 1968. During the Korea Conflict he served from May 1952 to June 1953 with B Co. 1st Bn. 1st Mar. Div as a section leader in the Machine gun Platoon. FMF Rein. On July 7, 1953, he married the love of his life, Mildred Simpson. In March 1965, he served in Vietnam with C Co. 1st Bn. 3rd MAR. 3RD Mar. Div. as 1st platoon leader.

After his service in Vietnam, he was assigned to 2nd Marine Air Wing as a counselor for those confined in the Base Brig. Once he was promoted to the rank of First Sergeant, he was reassigned as the Non-Commissioned Officers School, First Sergeant. Then in April of 1967 he received orders to O.C.S. Basic School as the First Sergeant of Company E in Quantico, Va. At the end of the training period, he stayed at MCB Quantico as the First Ser-

geant. of Hq. Co. Service Bn. until his retirement in August of 1968.

Upon retirement, Mr. Green joined the Postal Service as a clerk and enrolled into Tidewater Community College's Portsmouth, Virginia Campus. After graduating, he transferred to Old Dominion University and received a B.S. in Elementary Education and Special Education. Soon after, in February of 1974, Norfolk Public School hired him as teacher. He later attended the University of George Washington, where he received a Master of Art Degree in Education in 1978. In 1991 he received a Master of Divinity Degree from Richmond Virginia Seminary, and in 1995 he retired from the Norfolk Public Schools after 21 years of faithful service to his community.

Mr. Green was a devoted Christian and served as a bible school teacher at his church for many years. Mr. Green considered his son, Kendall Green, as one of his greatest achievements in life.

A Montford Point Marine, Mr. Green became one of the first Black Marines in the country, putting his life on the line during a time of immense racial strife, division, and war. He received the Congressional Gold Medal when Montford Point Marines were awarded the honor in 2012.

Mr. Green is an American hero. His selflessness, perseverance, and commitment to serving others will continue to inspire generations across the country. The United States and Coastal Virginia are better off because of First Sergeant Green, and we will miss him dearly.

HONORING JP SELL AND DIVERSIFIED FREEDOM FOR DISABILITIES/FISH TALES

HON. BILLY LONG

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 14, 2022

Mr. LONG. Madam Speaker, I rise today to honor JP Sell and Diversified Freedom for Disabilities/Fish Tales.

Diversified Freedom for Disabilities/Fish Tales is a Not-for-Profit Organization founded in 2011 by JP Sell, located in Missouri that specializes in working with veterans and children with severe disabilities. This organization develops equipment so that these persons with disabilities may enjoy the Great Outdoors, in fishing, hunting, and trail adventures. Through the years DFD/Fish Tales has developed special programs such as Fishing Dreams for Veterans, Anglers for Life, and the National Youth Fishing Association. Today their efforts are developing a Handicap Recreation Park for veterans and children with disabilities and a Special Indoor Facility for activities and mental health rehabilitation. DFD/Fish Tales has helped well over 50,000 veterans and children with disabilities enjoy the Great Outdoors and has helped structure many other Not-for-Profit organizations develop programs so they may extend their outreaches to help others.

Madam Speaker, Diversified Freedom for Disabilities/Fish Tales is an incredible organization doing incredible work. As an avid bass fisherman myself, I know the joy that being out on the water can bring, and DFD/Fish Tales has been bringing that joy to those who might otherwise miss out. The annual Fishing

Dreams Event on Table Rock Lake, which I have been proud to take part in as Congressman for Missouri's 7th District, is but one of many great programs they host to help veterans and children with disabilities. In 2021 at Fishing Dreams we took 107 veterans fishing including two that were over 100 years old. When I pull up at this annual event, JP Sell is one of the first faces I see and always with a big bright smile ready to volunteer for the day.

HONORING CURT G.
HOLLINGSWORTH

HON. FREDERICA S. WILSON

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 14, 2022

Ms. WILSON of Florida. Madam Speaker, I rise today, as the first Bahamian American elected to Congress, to honor and welcome Curt G. Hollingsworth as the newly appointed Consul General of the Bahamas in Miami.

Consul General Hollingsworth migrated to Miami when he was young, and he is a product of the Miami-Dade County Public School System. He graduated from Miami Carol City High School, and he received his Associates of Arts degree from Miami Dade Community College. He went on to receive a Bachelor of Arts degree in Educational Psychology from Cambridge University.

A native of West End Grand Bahama, Consul General Hollingsworth is a seasoned educator with nearly four decades of experience as a teacher, track and field and basketball coach, mentor, and administrator. He is known in the Marco City community as an activist with a mission towards the advancement of young people.

Mr. Hollingsworth has had the love and support of his caring wife, Caroline Hollingsworth, for more than 45 years. They are the proud parents of 5 children; 4 sons and 1 daughter.

Madam Speaker, please join me in honoring the Honorable Curt G. Hollingsworth as he returns to Miami as the Consul General of Bahamas.

HONORING CONGRESSMAN PETER
DEFAZIO

HON. SUZANNE BONAMICI

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 14, 2022

Ms. BONAMICI Madam Speaker, I rise to honor the incredible service of the Dean of the Oregon delegation, Chairman PETER DEFAZIO. PETER has been a fighter and champion for the people of SW Oregon for nearly three decades. Like me, PETER grew up outside of Oregon but fell in love with the state and made it his home. PETER and I also share an alma mater—the University of Oregon. PETER has been fortunate to represent the campus for his tenure in Congress, helping to secure the success of the University for past and future generations.

PETER's district is home to some of the most beautiful natural treasures in the country, and he has spent his career fighting for the restoration and preservation of these wild spaces. He has also been one of the most committed

Congressional champions for animal rights and has personally rescued and cared for many animals. As Chair of the Transportation and Infrastructure Committee, PETER has worked diligently to invest in infrastructure and in our people. Whether he's fighting to keep us safe with oversight of corporations, support for the U.S. Coast Guard, or by strengthening our roads and bridges, he puts people first. This is also reflected in the countless good-paying jobs he helped create with numerous infrastructure laws that center labor and the needs of working people.

As a co-founder of the Congressional Progressive Caucus (CPC), PETER made fighting for progressive and populist policies the foundation of his work. Even as he experienced political shifts and challenges, PETER never wavered from his core values. There is no other voice in Congress quite like PETER's; he says what he means and does what he says he'll do. His persistence in aviation safety led to a successful documentary film—and importantly to industry changes and standards that will keep the flying public safer for years to come.

Like many of us, I know PETER would not have been able to accomplish so much for his constituents over so many years without his dedicated staff in both Washington, D.C. and Oregon, and the support of his wife, Mymie Daut. I would like to add my thanks for their years of service and sacrifice. I congratulate my good friend and colleague on a well-deserved retirement and wish him the very best in his next chapter.

HONORING BRYAN MAGERS

HON. BILLY LONG

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 14, 2022

Mr. LONG. Madam Speaker, I rise today to honor Bryan Magers.

William Bryan Magers was born on June 15, 1947, in Springfield, Missouri. After graduating from Glendale High School, Bryan attended the University of Missouri. He served in the United States Army, and after completing military service he entered the world of real estate, joining 8 other realtors to form House of Brokers.

He started Bryan Properties in 1985 with the purchase of a house just west of Missouri State University. He began to build duplexes and single-family homes for rent, and by 1989 he was creating apartment communities. Bryan Properties really hit its stride in the 21st century: the company built University Suites, a 72-bed residential development at Drury University. It was awarded Leadership in Energy and Environmental Design-Platinum status by the U.S. Green Building Council; and it changed the face of student housing at Missouri State University by creating Bear Village, a 660-bed student community that features a variety of floor plans, all-inclusive billing, and premier amenities. That growth continues unabated. Today, the company has a diversified portfolio of market-based apartments, student housing, single-family homes and duplexes, hotels, and restaurants. Bryan Properties also offers comprehensive management services, delivered by its staff of dedicated long-term employees. This year, Bryan deliv-

ered the first public-private partnership in Missouri State University history, a 400-bed residence hall with parking, constructed on less than one acre of land. Heitz Hall also features retail space and a unified dining center.

Bryan Magers has been a success for nearly a half-century because he believes in improving the quality of life for people in his hometown, and giving back to his native Ozarks. Bryan is a philanthropist with myriad causes close to his heart. He is a generous patron to the arts community, with donations to Springfield Little Theatre and the Springfield Symphony. He supports Missouri State University's athletic programs. His donations have created a new courtyard at the welcome center to Missouri State University. He also spearheaded the drive that created the Magers Family Health and Wellness Center, the state-of-the-art medical home for the Missouri State community.

Bryan has served as president and board member for the Greater Springfield Apartment & Housing Association, the Convention & Visitors Bureau, the Missouri State University Foundation and the Missouri Sports Hall of Fame. Bryan was honored with the Philanthropist of the Year award in 2016 from the Ozarks chapter of the Association of Fundraising Professionals. In 2022, Bryan Properties received the Founders Award from the Missouri Sports Hall of Fame. Bryan's only failure in life was as a Little League Umpire. You see he called many of my games and I never agreed with any of his calls.

Madam Speaker, it is clear that Bryan Magers has a big heart. Ask anyone who knows him. He is a mentor, a motivator, an inspiration, and a benefactor. I am proud to call him my friend, and to honor him today.

HONORING THE SERVICE AND RETIREMENT OF
RICHARD OBERMANN

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 14, 2022

Ms. JOHNSON of Texas. Madam Speaker, I rise today to recognize a valued staff member of the Committee on Science, Space, and Technology, Richard "Dick" Obermann, who is retiring this month after 33 years of service to the House of Representatives.

Dick Obermann began his career in the House in 1990, as the Science Advisor for the Space Subcommittee on the Committee on Science, Space, and Technology. He was well qualified for the position, holding both a M.S.E. in Aeronautics and Astronautics from Stanford and a B.S.E. and Ph.D. in Aerospace and Mechanical Sciences from Princeton University. Before working at the Committee, Dick worked on the technical staff at the MITRE Corporation and as a senior program officer at the National Research Council. Dick worked on space policy issues for his entire 33 years on the Committee, and he is generally regarded as one of the foremost space policy experts in the United States.

I was elected to Congress in 1992, and I began my service on the Committee on Science, Space, and Technology in that same year. I have known Dick Obermann for 30 years. During my time on the Committee, I
