IN SPECIAL RECOGNITION OF FINDLAY BEING NAMED THE TOP MICROPOLITAN COMMUNITY

HON. ROBERT E. LATTA

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 15, 2022

Mr. LATTA. Madam Speaker, I rise to recognize Findlay, Ohio, for being named the Top Micropolitan Community in the United States for the eighth year in a row by Site Selection Magazine. Findlay has routinely shown what a strong community with a commitment to prosperity can do through implementation of their renowned “Findlay Formula.” The city's focus on this formula continues to pay dividends and serves as an example to communities across the country.

In order to be considered a micropolitan city, the area must have a population ranging from 10,000 to 50,000. Cities that qualify were evaluated on business growth and economic sustainability. Findlay was able to secure this award for the eighth year in a row because of their focus on job creation, new construction, and capital investment that met Site Selection's criteria. In 2021, Findlay had an estimated \$160 million in capital investment and twenty-four qualifying projects. This investment has resulted in 1,600 net new employees hired in the Findlay area.

Fostering a cooperative environment between businesses and local government has

resulted in continued economic growth in Findlay. Over the past eight years, Findlay has completed over 200 projects and produced over 7,000 new jobs through an estimated \$1.65 billion in investment. This success would not be possible without the partnership and cooperation between the City of Findlay, the Findlay-Hancock County Economic Development office, the Hancock County Commissioners, and the entire Findlay community.

Congratulations to Findlay, for another year as the Nation's top-ranked Micropolitan Community.

I Congratulate Ernest on being a world champion.

INTRODUCTION OF THE UNIVERSAL PREKINDERGARTEN AND EARLY CHILDHOOD EDUCATION ACT OF 2022

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA
IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 15, 2022

Ms. NORTON. Madam Speaker, today, I introduce the Universal Prekindergarten and Early Childhood Education Act of 2022, a version of which I have introduced in seven previous Congresses. My bill would establish and expand prekindergarten programs in public and public charter schools for three- and four-year-old children. The prekindergarten years are critical for children's brain development.

My bill seeks a breakthrough in public education by providing funding for states to add prekindergarten for children at three and four years of age, like kindergarten programs for five-year-old children now routinely available in public schools. This bill would eliminate major shortcomings of unevenly available day care and, importantly, would take advantage of the safe facilities required in public schools.

My bill provides federal funds to states, which must be matched by at least 20 percent of a state's own funds, to establish or expand universal, voluntary prekindergarten in public and public charter schools, regardless of income. The classes, which would be part of a full-day program and run throughout the entire school year, must be taught by teachers who possess equivalent qualifications to those teaching other grades in the school. The funds would supplement, not supplant, other federal funds for early childhood education. The unique moneysaving aspect of my bill is that it uses the existing public-school infrastructure and trained teachers to make early childhood education available to all, saving billions of dollars in implementation costs.

The success of Head Start and other prekindergarten programs, combined with new scientific evidence on the importance of brain development in early childhood, virtually mandates the expansion of early childhood education to all children. Early learning programs mainly have been available only to the affluent, who can afford them, and to some low-income families in programs such as Head Start, which would be unaffected by my bill. My bill provides a practical way to universal, public preschool education for the majority of families. The goal of the bill is to afford the benefits of early childhood education to the working poor, lower middle class and middle class, most of whom have been left out of this essential education for their children.

We cannot afford to allow the most fertile years for childhood development to pass unenriched. My bill responds to the great

needs of parents who seek early childhood education, as well as to today's brain science, which shows that a child's brain development begins much earlier than had been previously understood.

Considering the staggering cost of day care, the inaccessibility of early childhood education and the opportunity that early education offers to improve a child's chances of success, schooling for three- and four-year-old children is overdue. The absence of viable options for families demands our immediate attention.

My bill reflects what jurisdictions throughout the nation increasingly are trying to accomplish. The District of Columbia, for example, has achieved an extensive integration of early childhood education as part of a larger effort to improve D.C. public schools.

I strongly urge my colleagues to support this legislation.
