INTRODUCTION OF THE UNIVERSAL PREKINDERGARTEN AND EARLY CHILDHOOD EDUCATION ACT OF 2022

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA
IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 15, 2022

Ms. NORTON. Madam Speaker, today, I introduce the Universal Prekindergarten and Early Childhood Education Act of 2022, a version of which I have introduced in seven previous Congresses. My bill would establish and expand prekindergarten programs in public and public charter schools for three- and four-year-old children. The prekindergarten years are critical for children's brain development.

My bill seeks a breakthrough in public education by providing funding for states to add prekindergarten for children at three and four years of age, like kindergarten programs for five-year-old children now routinely available in public schools. This bill would eliminate major shortcomings of unevenly available day care and, importantly, would take advantage of the safe facilities required in public schools.

My bill provides federal funds to states, which must be matched by at least 20 percent of a state's own funds, to establish or expand universal, voluntary prekindergarten in public and public charter schools, regardless of income. The classes, which would be part of a full-day program and run throughout the entire school year, must be taught by teachers who possess equivalent qualifications to those teaching other grades in the school. The funds would supplement, not supplant, other federal funds for early childhood education. The unique moneysaving aspect of my bill is that it uses the existing public-school infrastructure and trained teachers to make early childhood education available to all, saving billions of dollars in implementation costs.

The success of Head Start and other prekindergarten programs, combined with new scientific evidence on the importance of brain development in early childhood, virtually mandates the expansion of early childhood education to all children. Early learning programs mainly have been available only to the affluent, who can afford them, and to some low-income families in programs such as Head Start, which would be unaffected by my bill. My bill provides a practical way to universal, public preschool education for the majority of families. The goal of the bill is to afford the benefits of early childhood education to the working poor, lower middle class and middle class, most of whom have been left out of this essential education for their children.

We cannot afford to allow the most fertile years for childhood development to pass unenriched. My bill responds to the great

needs of parents who seek early childhood education, as well as to today's brain science, which shows that a child's brain development begins much earlier than had been previously understood.

Considering the staggering cost of day care, the inaccessibility of early childhood education and the opportunity that early education offers to improve a child's chances of success, schooling for three- and four-year-old children is overdue. The absence of viable options for families demands our immediate attention.

My bill reflects what jurisdictions throughout the nation increasingly are trying to accomplish. The District of Columbia, for example, has achieved an extensive integration of early childhood education as part of a larger effort to improve D.C. public schools.

I strongly urge my colleagues to support this legislation.

IN MEMORY OF ROBERT DANIEL CUADRA

HON. BILL PASCRELL, JR.

OF NEW JERSEY
IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 15, 2022

Mr. PASCRELL. Madam Speaker, I rise to honor the memory of Robert Daniel Cuadra.

Fatally struck by a stray bullet on January 19, 2022, I stand before you to say goodbye to Robert and wish him well in the next life.

Robert was a kind, respectful and polite young man. He loved his family and cared deeply about his future. His life was not easy, but a rough start would not define him. He would work hard and chase after his dreams. Robert understood clearly that he would have to fight for every inch of progress.

A senior at HARP Academy and a participant in the Upward Bound Program at Montclair University, Robert challenged himself academically. Often so engrossed in his studies, Robert chose to forgo time with his friends to prepare for college. He was a self-described homebody and favored time alone with his immediate family.

While enrolled at Upward Bound, a program for disadvantaged high school students, Robert blossomed. Montclair University was a place he felt comfortable and accepted. Taking classes in subjects that inspired him and interacting with people who shared his interests motivated him. Robert was on track, there was light at the end of the tunnel. He could find himself and engage in the many wonderful experiences that make our youth a memorable time.

As a father and grandfather, I can only imagine the hurt. I ask the Cuadra family to continue to tell stories about Robert and breathe life into his memory for his siblings and extended family. Robert's passing is especially difficult and its tragic to have lost a young man with so much potential. Our community was enriched by people like him, and his actions set an example for all to follow.

My heart breaks for Robert and I know he will be missed by many people. It is my hope that the love and support of friends and all those whose lives he touched will help the Cuadra family manage the loss of Robert. My thoughts and prayers are with all of them during this time of mourning. Robert brought happiness into our lives and everyone around him.

As we honor him today, I know there are still many young men and women in similar situations. While this moment in time is undeniably sad, we should draw inspiration from his story. Robert struggled and fought to get ahead in life. We honor him because he reminds us that life can be difficult, but we should never give up in the face of adversity.

Madam Speaker, I ask that you join our colleagues, friends, family, and the residents of New Jersey in recognizing the memory of Robert Daniel Cuadra. We keep him in prayer, and we commit to watch over his family. Robert, may he rest in peace.

COMMENDING AND CONGRATULATING DR. BENJAMIN "BENJIE" SANTIAGO ON BEING SELECTED AS THE 2021 GUAM DEPARTMENT OF EDUCATION TEACHER OF THE YEAR

HON. MICHAEL F.Q. SAN NICOLAS

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 15, 2022

Mr. SAN NICOLAS. Madam Speaker, I rise today to commend and congratulate Dr. Benjamin "Benjie" Santiago on being selected as

the 2021 Guam Department of Education (GDOE) Teacher of the Year. Dr. Santiago is an exemplary teacher whose commitment to service and devotion to community have and continue to inspire our youth, foster great leadership, and expand opportunities for our island students to lead successful lives.

The Teacher of the Year Program is the oldest and most prestigious national honors program focused on recognizing excellence in teaching. Providing a platform for highlighting both the extraordinary work and dedication of educators across the country and the importance of quality education in the futures of our youth, island, and nation, this program has uniquely directed community accolades to outstanding teachers in Guam since 1969. Following a rigorous nomination, evaluation, and observation process, Dr. Santiago was awarded the honor from among six finalists.

Dr. Santiago first discovered his passion for teaching when he took on roles as an instructor at cultural dance academies and a local fitness organization. Embracing his calling to help others on their personal paths of achievement, he navigated an extensive teaching career that has resulted in what is now 25 years with GDOE. In 1993, Dr. Santiago earned his Bachelor of Arts in Secondary Education from the University of Guam. He then went on to earn his master's and doctoral degrees in education and educational leadership from the University of Portland and Argosy University respectively. Today, Dr. Santiago celebrates over 15 years of service to students and colleagues as a cultural dance and journalism teacher at Agueda I. Johnston Middle School.

As demonstrated by his countless achievements, Dr. Santiago has consistently gone above and beyond his duties within the school system. In addition to collaborative curriculum and intervention development for holistic student success, Dr. Santiago has served as an in-house mentor for new teachers, coordinated cultural events for his school community, and successfully trained a school choir to earn 3 gold medals in a CHamoru language competition. Further, he is a trailblazing force that has created curricula for Cultural Arts and Dance for all secondary grade levels, introduced a new method to simultaneously teach cultural dance to both face-to-face and online learners amid the ongoing COVID-19 pandemic, and developed a new CHamoru language program with support from local government agencies. Most impressive, however, is his personal undertaking to establish deeper understanding and awareness of cultural concepts as an inherent part of Guam's public education.

On behalf of the People of Guam, I would like to extend a sincere congratulations to Dr. Benjamin Santiago. His combined approach to advocate for both students and culture both challenges the traditional definitions of learning and success within the four walls of a classroom and better equips our youth to pursue any endeavor they dare to dream. Dr. Santiago's perseverance, ingenuity, and zeal to secure the best for our students encapsulates the limitless potential available to communities that work together in service of each other, and I wish him the best on the rest of his professional journey.
