

EXTENSIONS OF REMARKS

REMEMBERING JARED LLOYD

HON. MONDAIRE JONES

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 31, 2022

Mr. JONES. Madam Speaker, March 23 marks 1 year since the tragic passing of my constituent, Jared Lloyd, whose memory I wish to honor today.

Mr. Lloyd was a volunteer firefighter with the Spring Valley Volunteer Fire Department in the village of Spring Valley, New York, where I grew up. On March 23 of last year, Jared Lloyd died a hero. He sacrificed his life to rescue residents of Evergreen Court Home for Adults from a horrific fire.

Jared's colleagues have said that he saved as many as 30 lives that day. I know that I speak on behalf of the people of Rockland County when I say that I cannot express how incredibly proud I am of him for his bravery and his selflessness, and how sad I am over his loss.

Jared Lloyd was 35 years old. He was a son, a companion, and a loving father of two wonderful children, Logan and Darius. Jared was a schoolmate of mine. He was a graduate of Spring Valley High School. He had so much life left to live. He will never be forgotten. Today, he is remembered in the House of Representatives for his heroic actions.

MASON LARUSSO

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 31, 2022

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize and applaud Mason LaRusso for receiving the Adams County Mayors and Commissioners Youth Award.

Mason LaRusso is a 12th grader at Washington Square and Legacy High School and received this award because their determination and hard work have allowed them to overcome adversities.

The dedication demonstrated by Mason LaRusso is exemplary of the type of achievement that can be attained with hard work and perseverance. It is essential students at all levels strive to make the most of their education and develop a work ethic which will guide them for the rest of their lives.

I extend my deepest congratulations to Mason LaRusso for winning the Adams County Mayors and Commissioners Youth Award. I have no doubt they will exhibit the same dedication and character in all of their future accomplishments.

HONORING ROBERT DARDANO

HON. JOSEPH D. MORELLE

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 31, 2022

Mr. MORELLE. Madam Speaker, I want to pay tribute to one of Monroe County's finest residents, Mr. Robert Dardano, Sr., who died at the age of 93 in February of this year.

Mr. Dardano was well-known in the Rochester community for his life-long commitment to working on behalf of our nation's veterans. He was a veteran himself, having served our country in the U.S. Navy Seabees as well as the 58th CB Battalion in Okinawa, Japan during WWII. He also served as a Naval reservist during the Korean War.

At the conclusion of his active service, he devoted himself to serving the veterans of his community at the local, state, and national levels as a member of a plethora of veterans organizations including the Italian-American War Veterans, the Veterans Memorial, and Executive Council for the City of Rochester, the Veterans Advisory Committee of Monroe County, and among many others.

Mr. Dardano also organized the annual placement of American flags on the graves of veterans in cemeteries throughout our community, and he logged over 6,250 hours of community service at events for the local Canandaigua VA Medical Center. He and his wife Virginia also donated much of his paperwork and photographs from his service with veterans' organizations to the University of Rochester.

I extend my deepest condolences to the Dardano family during this time. We here in Monroe County will never forget Robert's selflessness and compassion, and I hope we as a community can do well to continue Robert's devotion to selflessness and helping others.

INTRODUCTION OF THE SUPPORTING DIVERSE STEM STUDENTS ACT

HON. ALMA S. ADAMS

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 31, 2022

Ms. ADAMS. Madam Speaker, today, I am proudly introducing the bipartisan Supporting Diverse STEM Students Act, along with my colleagues, Representatives FITZPATRICK, SEWELL, and TURNER.

I am especially proud to do so during my 5th Annual HBCU STEAM Days of Action, a time where hundreds of participants from HBCUs, advocacy organizations, technology companies, and industry leaders meet with Republican and Democratic Members of Congress. They're here to advocate for equitable federal resources to make sure that every talented student has access to world class science, technology, engineering, arts, and math education.

We know that a well-prepared workforce—inclusive of America's diverse communities—is necessary for cultivating our United States' Science, Technology, Engineering, and Mathematics, or STEM, capacity.

However, underrepresented minority students are disproportionately left behind in their STEM studies. Researchers find over a third of Black and Latino students switch out of their STEM majors before earning their degree, in part due to a lack of access to the academic resources that traditionally help support students to completion.

This bill focuses on supporting those diverse STEM students into career success by supporting institutions that predominantly serve minority students in their capacity to provide direct scholarships and comprehensive wrap-around services, such as academic advising and tutoring, work-study, and undergraduate research opportunities.

As the United States continues to support the cultivation of our STEM talent, we must help better provide the resources that help retain, prepare, and promote the success of underrepresented and diverse students in STEM.

CARE IS AN ECONOMIC DEVELOPMENT STRATEGY ACT

SPEECH OF

HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 30, 2022

Ms. JACKSON LEE. Madam Speaker, I rise today in strong support of H.R. 5547, the Care is an Economic Development Strategy Act or the CEDS Act, which requires grant applicants for certain public works and economic development projects to describe how they will increase the accessibility of affordable, quality, care-based services.

These services include childcare, early childhood education, disability and long-term care, and elder care.

This legislation increases the accessibility of affordable, quality, care-based services, and will expand quality childcare and support the dire needs of single parent homes.

The CEDS Act will amend the Public Works and Economic Development Act of 1965, which provides grants for public works and development facilities, and the planning and coordination needed to alleviate conditions of substantial and persistent unemployment and underemployment in economically distressed areas and regions.

By amending this law, this bill would require recipients of certain grants to develop a comprehensive economic development strategy that directly or indirectly increases the accessibility of affordable, quality care-based services, and for other purposes.

The economic development strategy will ensure that all funds are being dispersed to programs that need them and will utilize the funding to provide quality care-based services.

• This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor.

The COVID-19 pandemic has unveiled and emphasized how vital care-based access is to ensure that we have a functioning economy.

According to the Family Caregiver Alliance, annually, about 8,357,100 people receive support from the 5 main long-term care services.

These include: Home health agencies 4,742,500; Nursing homes 1,383,700; Hospices 1,244,500; Residential care communities 713,300; Adult day service centers 273,200.

The number of individuals using paid long-term care services in any setting will likely double from 13 million using services in 2000, to 27 million people by 2050.

This estimate is impacted by steep growth in the population of older people who tend to need an increasing amount of care.

Among the disabled and elder population in the world, about two-thirds rely solely on family members to provide care, which often results in conflicts with their professional careers.

These conflicts often limit their ability to work outside the home and provide for their families.

For many parents, especially single mothers, a lack of childcare reduces workforce participation and prevents upward economic mobility.

Fifty-seven percent of working families spent more than \$10,000 on childcare in 2020.

Twenty-seven percent of families have difficulty accessing childcare because of high demand and low supply of available childcare providers who have not yet reached capacity.

On average, Americans with children spend at least 10 percent of their household income on childcare.

Fifty-eight percent of working parents rely on childcare centers which equates to about 6.38 million parents across the nation.

This bill is a stepping stone towards economic stability and allows hardworking American parents to return to their jobs.

We must continue working alongside parents, employers, and childcare advocates to secure an economy that helps working parents thrive.

For these reasons, I ask my colleagues to join me in supporting H.R. 5547.

HONORING THE COLLEGE OF SAN MATEO'S 100TH ANNIVERSARY

HON. JACKIE SPEIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 31, 2022

Ms. SPEIER. Madam Speaker, I rise to congratulate the College of San Mateo on its 100th Anniversary. The college, known to locals as CSM, is a shining star on the peninsula's hillside, set high above the City of San Mateo and serving as a gateway to jobs or additional higher education for tens of thousands each year. That includes me. I attended summer school one year on this beautiful campus.

The numbers prove the college's success. CSM offers 68 associate and transfer degree programs and an additional 81 professional and career certificates. Students at CSM regularly transfer to San Francisco State, San Jose State and the University of California. CSM has contracts guaranteeing transfer with these universities, and more.

The college started at a site in downtown San Mateo in 1922, the answer for a crisis in

the affordability of higher education in America at that time. It seems like the same problem that we have today. For 100 years, it's been the go-to place for students who needed a high-quality education but couldn't afford Stanford, Yale, Harvard or even the University of California.

Since its birth, CSM has innovated. For example, in recent years it began an innovative program known as Middle College, accepting high school students who take college-level classes while in high school. We talk a great deal about equal opportunity for all. After graduating from high school, many students in this program matriculate to CSM or state colleges and the University of California having earned thousands of dollars of reduced-cost college credits while in high school. I view this program as one of the most important offered by CSM because through affordable access to higher education our local students come one step closer to avoiding student debt while earning a valuable college degree.

Even when students do not go to college during their high school years, the affordable classes at CSM are an enormous savings. A third of the college's students are even eligible for a waiver of all fees. As one former CSM student put it, "Calculus is the same at the University of California as it is at CSM. It just costs thousands of dollars less." This young man transferred from CSM to the University of California, Santa Cruz and graduated with a Bachelor's in Computer Science. He estimated that he saved \$60,000 and noted that he also had money in his college account—zero college debt—when he graduated from Santa Cruz. He enjoyed many of his CSM classes more than those at UC Santa Cruz and, at CSM, the professors even knew his name.

So who are the dreamers of our current day who go to CSM? The college sends a message that all are welcomed, and that it is committed to a campus culture that is antiracist and equity-advancing, where students and employees who are People of Color, Indigenous, LGBTQIA+, differently enabled, justice impacted, and undocumented are included, embraced and celebrated for who they are. I also would be remiss if I didn't mention that the CSM campus and adjacent land is the site of the district's affordable housing development for faculty and staff. Employee turnover has plummeted since this development was created, offering rents that are frequently 50 percent or less of market rate. Other school districts in our county now plan to copy this strategy, and thus CSM, in so many different ways, teaches our community how to succeed.

Madam Speaker, in closing, I want to note that Dr. Jill Biden is right. Community college is the key to a great future for many Americans. We should do more to reduce the costs of attending community colleges like CSM. They are not simply a community jewel on the hill. They are a vital tool to shape an American economy that offers hope and lifetime learning opportunities for every inquisitive student. Congratulations CSM. They are 100 years old, and still packing them in like they're a youthful major league star on the playing field. Well, in fact, they are.

COMMENDING AUSTAL ON THE LAUNCH OF NEW STEEL LINE

HON. JERRY L. CARL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 31, 2022

Mr. CARL. Madam Speaker, I commend Austal USA for the launch of their steel manufacturing line on April 12, 2022. This world-class steel expansion is not only a valuable asset for Mobile, but it is also vital for our national defense. Austal has invested \$100 million in the development of this venture, including the necessary facility upgrades, new buildings, and state-of-the-art equipment.

The addition of the steel line will create jobs both at Austal shipyard and throughout the steel line supply chain. Austal's partnership with SSAB Americas to provide the steel inventory for the Navy T-ATS program shows their commitment to utilizing regional resources and labor. Austal is developing and growing the local workforce by hiring a multitude of tradesmen and women to meet the demands of the new line. Additionally, they work with over 280 vendors in Alabama, including many small businesses, who will greatly benefit from this new enterprise.

Ensuring that Austal and the Gulf Coast can continue competing for future programs to meet the growing needs of the United States Navy and United States Coast Guard is incredibly important to our local economy, our state, and the defense interests of our entire nation. Austal USA is well equipped to meet these critical needs, and I'm proud of the work they do right here in Alabama's First Congressional District to keep our country safe and secure.

ANA MARIA ARROYO ALVAREZ

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 31, 2022

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize and applaud Ana Maria Arroyo Alvarez for receiving the Adams County Mayors and Commissioners Youth Award.

Ana Maria Arroyo Alvarez is an 11th grader at North Valley School for Young Adults and received this award because their determination and hard work have allowed them to overcome adversities.

The dedication demonstrated by Ana Maria Arroyo Alvarez is exemplary of the type of achievement that can be attained with hard work and perseverance. It is essential students at all levels strive to make the most of their education and develop a work ethic which will guide them for the rest of their lives.

I extend my deepest congratulations to Ana Maria Arroyo Alvarez for winning the Adams County Mayors and Commissioners Youth Award. I have no doubt they will exhibit the same dedication and character in all of their future accomplishments.
