PERSONAL EXPLANATION

Ms. WATERS. Mr. Speaker, on roll call No. 77, in the Second Session of the 117th Congress, on H.R. 6434, I was unavoidably detained. Had I been present, I would have voted “aye.”

LOWERING ENERGY COSTS WITH TRANSFORMATIVE INVESTMENTS

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, I rise today because my constituents, like all Americans, are paying far too much at the pump. They are angry, and so am I.

In response to Vladimir Putin's unprovoked invasion of Ukraine, President Biden rightly imposed crippling sanctions on Russia to bankrupt Putin's war machine and sever Russia's ties to the global war economy. That was the right move, and Russia is feeling the punishment from those sanctions. But, unfortunately, so are the American people.

The American people are willing to do their part in support of Ukrainians, who are fighting for their survival, fighting for their independence. But the fact is, we are too dependent on foreign autocrats for their oil and gas. It leaves us vulnerable to supply chain constraints and gives tyrants like Putin too much power over our way of life.

But with transformative investments in clean energy and electric vehicles, we could take back control, lower energy costs, and protect our national security.

That is why we need substantial tax credits so that all families can afford electric vehicles. To power them, we must bolster our clean energy production from solar wind and other renewable sources.

These investments will shake our reliance on fossil fuels, create good-paying jobs, and shield us from energy price shocks like we are feeling right now. We simply have no time to waste.

BIDEN'S ENERGY AND INFLATION CRISES

(Mr. ROSE asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. ROSE. Mr. Speaker, higher prices at the gas pump directly result from President Biden's actions.

On his first days in office, he canceled the Keystone pipeline; he ended new oil and gas leases on Federal lands; and he is attempting to regulate the industry out of existence by way of executive orders.

But don't worry, President Biden's administration has offered some words of encouragement for Americans struggling to pay outrageous prices at the pump.

Last week, the Secretary of Transportation said to those Americans upset about paying outrageous gas prices that "communities can all benefit from the gas savings of driving an electric vehicle."

Did someone forget to mention to the Secretary that the average cost of an electric vehicle is \$50,000, which, frankly, is far more than the yearly household income of many middle Tennesseans?

Even Elon Musk, the founder of the electric vehicle maker Tesla, understands that electric vehicles cannot solve this immediate crisis. Maybe he should lead the Department of Transportation.

Mr. Speaker, there is only one solution to President Biden's energy crisis: reverse these disastrous executive orders and unleash America's energy independence.

□ 1645

SUPPORT THE BLACK AND BROWN MIGRANTS AROUND THE WORLD

(Ms. TLAIB asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TLAIB. Mr. Speaker, I am proud to speak today in support of Black and Brown migrants around the world. Putin's invasion of Ukraine is horrific, and my heart is with the millions of families who have been displaced and those who have lost their lives.

I must highlight the refugee crisis caused by the war that has exposed a double standard. Black and Brown migrants fleeing Ukraine are being forced to the back of the line and turned away at European borders. This reminds me of what happened this past September at our own border when the U.S. Customs and Border Patrol used excessive force and life-threatening tactics in a racially-charged manner against unarmed Haitians. Simply put, we must demand better.

President Biden and the administration must raise this issue with European leaders at every opportunity, and act to ensure that everyone, regardless of their color, their skin, their faith, and their ethnicity can find safety from this violent conflict.

RECOGNIZING NATIONAL RED CROSS MONTH

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to recognize March as National Red Cross Month. Since 1943, March has been recognized as Red Cross Month. The Red Cross was founded by Clara Barton in 1881 with the noble mission of preventing and easing human suffering.

Since its creation, the Red Cross has grown to one of the largest organizations in the country. Their efforts span from disaster relief, lifesaving blood collections, international services, and assistance with military families and veterans. In our current state of the world, the Red Cross is actively assisting with humanitarian efforts in Ukraine.

The Red Cross is able to carry out their mission because of their vast and strong network of volunteers, donors, and partners. Whether help is needed in big cities or the smallest towns, the Red Cross is always ready to provide assistance.

Mr. Speaker, during American Red Cross Month, let's renew our commitment to the timeless ideals of caring for one another.

STOP THE WAR IN UKRAINE

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, earlier today during the debate dealing with removing the normal trade relations from Russia and Belarus, I indicated that "slaughter" is too nice a word to describe the actions of Vladimir Putin against the innocent people of Ukraine. I insist on that definition. One Member rose and said it was genocide. Certainly, it is near that devastating and deadly system that we have seen used elsewhere.

As Russian soldiers come home in body bags and as Russian mothers begin to mourn, I make this plea to the Russian people: This is an illegal war. Putin is a war criminal. We can only now count on you. The Western world has done every single thing that they can do to stop the pillage, the violence, the killing of pregnant women, the slaughtering of babies in the street.

It is time now for the Russian people to unleash the shackles around your mind and your hands, to be able to stand up and say to Putin—who is now leading your country into an end that you will never, never, never forget or be forgiven for.

Why don't you stand up and speak eloquently to stop this violence and this war, to ask for peace, to get to the peace table, and make a difference in Russia saving lives, and for the people of Ukraine.

GAS PRICES HIT AN ALL-TIME HIGH

(Mr. ALLEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ALLEN. Mr. Speaker, gas prices have hit an all-time high, averaging over \$4 nationally for the first time since 2008. The rising price of fuel, groceries, and just about everything are an assault on the pocketbooks of working families, and it is all a direct result of President Biden's failed energy policies.

Under the Trump administration we were energy independent for the first time in my lifetime. But within just his first few days in office, President Biden reversed all the progress that we made.

Yesterday, we heard from President Zelenskyy who urged President Biden to do more to support Ukraine as they defend themselves from Russia. While banning Russian oil imports is a vital first step, another way to support Ukraine is by unleashing American energy so we can help make the world less reliant on Putin and dictators who use the profits from oil exports to fund their malign activities.

President Biden would rather pay dictators than Americans all in the name of climate change. What happened to Made in America? For the sake of our Nation and our European allies who could use an alternative to Russian fuel, I hope he listens to the American people—let's make America energy independent again.

REMEMBERING JARED LLOYD

(Mr. JONES asked and was given permission to address the House for 1 minute.)

Mr. JONES. Mr. Speaker, March 23 marks 1 year since the tragic passing of my constituent, Jared Lloyd, whose memory I wish to honor today.

Mr. Lloyd was a volunteer firefighter with the Hillcrest Fire Department in the village of Spring Valley, New York, where I grew up. On March 23 of last year, Jared Lloyd died a hero. He sacrificed his life to rescue residents of Evergreen Court Home for Adults from a horrific fire.

Jared's colleagues have said that he saved as many as 30 lives that day. I know that I speak on behalf of the people of Rockland County when I say that I cannot express how incredibly proud I am of him for his bravery and his selflessness, and how sad I am over his loss.

Jared Lloyd was 35 years old. He was a son, a companion, and a loving father of two wonderful children, Logan and Darius. Jared was a schoolmate of mine. He was a graduate of Spring Valley High School. He had so much life left to live. He will never be forgotten. Today, he is remembered in the House of Representatives for his heroic actions.
