

We stand together to thank and honor Vietnam veterans and their families for their service and their sacrifice. Across the country, we paused and remembered the service and sacrifices made.

Tuesday, in Indiana County, in the Pennsylvania 15th Congressional District, the Historical and Genealogical Society hosted their second annual program featuring guest speakers, music from the era, and an historical display relating to the Vietnam Memorial in Washington, D.C., called "The Wall that Heals."

Vietnam Veterans Day and the programs are dedicated to honor the veterans who served Active Duty in the United States Armed Forces from November 1, 1955, to May 15, 1975, the time period in which the U.S. had soldiers deployed.

In addition to a pinning ceremony for Vietnam veterans in attendance, wreaths will be placed remembering Indiana County residents who were killed in the line of duty or named as missing in action during the war.

Mr. Speaker, events like the program in Indiana County are a great way for our younger generation to learn and our older generations to be remembered. It is important we always find time to thank and honor our veterans for their service to our great Nation.

To my friends who are Vietnam veterans, welcome home.

REMEMBERING UKRAINE

(Ms. DEAN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DEAN. Mr. Speaker, it has been 5 weeks since Vladimir Putin launched his assault on Ukraine and its people; a relentless churn of cruelty, of war crimes, crimes against humanity.

More than 4 million people have fled Ukraine, but tragically, not everyone has found refuge. More than 1,000 civilians have been murdered, and that number grows.

On Monday, there were more than 40 shellings by Russian troops in and around Kyiv, destroying homes, and in one case, killing a child in his own bed.

The children. There have been 145 children known dead, a likely horrifying undercount. Innocent children, unarmed civilians. The horror continues.

We must continue to support Ukraine and provide all necessary aid. We must not lose sight of the people.

Pennsylvania is home to more than 122,000 Ukrainians, the second most of any State, and my district is home to a dynamic Ukrainian-American community, many with family in Ukraine.

I think of them. I think of Ukraine every day. The world must stand united to end this series of war crimes.

"Glory to Ukraine." "Slava Ukraini."

"Glory to the heroes." "Slava heroyam."

HAPPY 100TH BIRTHDAY, MARINA METEVELIS

(Mr. HERN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HERN. Mr. Speaker, a very special friend and constituent of mine turned 100 years old last week. Her name is Marina Metevelis, but back home, she is better known as Tulsa's "Rosie the Riveter."

Marina took the iconic red bandana for the first time and wrapped it around her head when she was 16 years old in 1941, when she reported to work on the B-17 Flying Fortress bombers in the aftermath of the attack on Pearl Harbor.

Marina joined the "Rosie the Riveter" sisterhood that day and stood shoulder to shoulder with an army of extraordinary women who became the most formidable munition and war supply manufacturers in modern history.

They played an integral role in World War II, for which the entire world is grateful.

Marina still wears the red bandana to this day. She hasn't slowed down for one second, working to forge a better community for Tulsa and continuing her lifelong mission to support our veterans by raising funds for numerous veteran organizations.

Happy birthday, Marina. Thank you for your service to our Nation, and may God bless you.

PREPARING OUR COUNTRY FOR THE FUTURE

(Ms. BROWN of Ohio asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. BROWN of Ohio. Mr. Speaker, today the House will take a historic step toward restoring American manufacturing leadership by voting to go to conference on the COMPETES Act.

This bold bill makes much-needed investments in research, innovation, and manufacturing that will ensure America can outcompete any nation in the world now and for decades to come.

The package will accelerate domestic production of semiconductor chips, the key component of everything from cars and computers to communications and clean energy systems. It will strengthen the supply chain to make more goods in America. It will create jobs and support new skill-building apprenticeship programs, and it will support strong labor and environmental standards.

What's more, the bill and its provisions have received bipartisan support, both here in the House and over in the Senate. You heard that right, Congress is delivering investments that will prepare our country for the next generation of success.

CONGRATULATING APR SUPPLY COMPANY ON 100 YEARS IN BUSINESS

(Mr. SMUCKER asked and was given permission to address the House for 1 minute.)

Mr. SMUCKER. Mr. Speaker, I rise today to congratulate APR Supply Company on the occasion of their company's 100th year in business, which is a milestone that not many companies achieve.

APR Supply Company is a third-generation-owned-and-operated full-service distributor of plumbing, HVAC, and hydronic supplies, supporting countless companies through their 38 locations in my district and in other areas of Pennsylvania, New Jersey, and Delaware.

In America, the entrepreneurial spirit it has led many to pursue founding a business. Over the years some may succeed, some may fail, but to celebrate 100 years is a milestone that few achieve, as I mentioned. This achievement signals that an organization is relentlessly pursuing their values and supporting their customers.

I recently enjoyed visiting one of their facilities with third-generation president and CEO Scott Weaver to learn about their innovative inventory management system and their operations.

Again, congratulations to the team at APR Supply and to Scott on celebrating 100 years in business. Best wishes on their continued success.

CAPPING THE PRICE OF INSULIN

(Mrs. TRAHAN asked and was given permission to address the House for 1 minute.)

Mrs. TRAHAN. Mr. Speaker, I rise in support of something every single Member of this body should be able to get behind, capping the price of insulin at \$35 a month.

In my home State of Massachusetts, over half a million people rely on their lifesaving insulin prescription. But being forced to pay anywhere from \$100 to \$1,600 a month for it simply isn't doable for so many families.

Far too many diabetics are being forced to ration their doses, and some are even skipping them altogether because they can't afford the medicine they need.

Let's be clear about what that means. Hardworking folks are risking their lives each day because big pharmaceutical companies are putting profits first.

We have the ability to change that with the legislation before us today, Mr. Speaker. And shame on us if we stand by and do nothing while people we have the honor to represent die waiting for Congress to act.

I plead with my colleagues to join me in supporting this important legislation. Our constituents are depending on us.

COMMENDING BOYS AND GIRLS CLUBS

(Mrs. CHERFILUS-McCORMICK asked and was given permission to address the House for 1 minute.)

Mrs. CHERFILUS-McCORMICK. Mr. Speaker, today I want to recognize the Boys and Girls Clubs of Broward County and Palm Beach County for over 100 years of combined service to their communities.

Over the past half a century, both clubs have grown and now serve more than 10,000 youth in 17 cities across Palm Beach County and over 12,500 youth at 12 locations across Broward County. Their work is critical for the success of the kids who need them most in our communities.

Each young person who walks through their doors can access programs that support their academic success, physical health, social-emotional well-being, and leadership development.

Most importantly, it is a safe place for kids to have fun, make lifelong friends, and to help build resiliency and the confidence that will serve them for the rest of their lives.

The Boys and Girls Clubs Movement challenges each and every one of us to fulfill our full potential. For more than 50 years, the Palm Beach County and Broward County clubs have done just that. I commend both organizations as they continue their essential work helping young people reach their full potential as productive, caring, and responsible citizens.

PROVIDING FOR CONSIDERATION OF H.R. 3617, MARIJUANA OPPORTUNITY REINVESTMENT AND EXPUNGEMENT ACT; PROVIDING FOR CONSIDERATION OF H.R. 6833, AFFORDABLE INSULIN NOW ACT; AND FOR OTHER PURPOSES

Mr. PERLMUTTER. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 1017 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 1017

Resolved, That upon adoption of this resolution it shall be in order to consider in the House the bill (H.R. 3617) to decriminalize and deschedule cannabis, to provide for reinvestment in certain persons adversely impacted by the War on Drugs, to provide for expungement of certain cannabis offenses, and for other purposes. All points of order against consideration of the bill are waived. In lieu of the amendment in the nature of a substitute recommended by the Committee on the Judiciary now printed in the bill, an amendment in the nature of a substitute consisting of the text of Rules Committee Print 117-37, modified by the amendment printed in part A of the report of the Committee on Rules accompanying this resolution, shall be considered as adopted. The bill, as amended, shall be considered as read. All points of order against provisions in the bill, as amended, are waived. The previous question shall be considered as ordered on the bill, as amended, and on any further amendment thereto, to final passage without inter-

vening motion except: (1) one hour of debate equally divided and controlled by the chair and ranking minority member of the Committee on the Judiciary or their respective designees; (2) the further amendments described in section 2 of this resolution; and (3) one motion to recommit.

SEC. 2. After debate pursuant to the first section of this resolution, each further amendment printed in part B of the report of the Committee on Rules shall be considered only in the order printed in the report, may be offered only by a Member designated in the report, shall be considered as read, shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent, may be withdrawn by the proponent at any time before the question is put thereon, shall not be subject to amendment, and shall not be subject to a demand for division of the question. All points of order against the further amendments printed in part B of the report of the Committee on Rules are waived.

SEC. 3. Upon adoption of this resolution it shall be in order to consider in the House the bill (H.R. 6833) to amend title XXVII of the Public Health Service Act, the Internal Revenue Code of 1986, and the Employee Retirement Income Security Act of 1974 to establish requirements with respect to cost-sharing for certain insulin products, and for other purposes. All points of order against consideration of the bill are waived. An amendment in the nature of a substitute consisting of the text of Rules Committee Print 117-38, modified by the amendment printed in part C of the report of the Committee on Rules accompanying this resolution, shall be considered as adopted. The bill, as amended, shall be considered as read. All points of order against provisions in the bill, as amended, are waived. The previous question shall be considered as ordered on the bill, as amended, and on any further amendment thereto, to final passage without intervening motion except: (1) one hour of debate equally divided among and controlled by the respective chairs and ranking minority members of the Committees on Education and Labor, Energy and Commerce, and Ways and Means, or their respective designees; and (2) one motion to recommit.

SEC. 4. House Resolution 188, agreed to March 8, 2021 (as most recently amended by House Resolution 900, agreed to February 2, 2022), is amended by striking “April 1, 2022” each place it appears and inserting (in each instance) “April 29, 2022”.

The SPEAKER pro tempore. The gentleman from Colorado is recognized for 1 hour.

Mr. PERLMUTTER. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Minnesota (Mrs. FISCHBACH), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

GENERAL LEAVE

Mr. PERLMUTTER. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Colorado?

There was no objection.

Mr. PERLMUTTER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the Rules Committee met and reported a rule, House Resolution 1017, providing for consideration of two bills. The rule provides for consideration of H.R. 3617, the MORE Act, under a structured rule. The rule self-executes a manager's amendment from Chairman NADLER, provides 1 hour of debate equally divided and controlled by the chair and ranking minority member of the Committee on the Judiciary, makes three amendments in order, and provides one motion to recommit.

The rule also provides for consideration of H.R. 6833, the Affordable Insulin Now Act, under a closed rule. The rule self-executes a manager's amendment from Chairwoman DELAURO, provides 1 hour of debate equally divided among and controlled by the chairs and ranking minority members of the Committees on Education and Labor, Energy and Commerce, and Ways and Means, and provides one motion to recommit.

Finally, the rule extends recess instructions, suspension authority, and same-day authority through April 29, 2022.

Mr. Speaker, I am pleased we are here today to provide for consideration of Chairman NADLER's MORE Act, which would end decades of failed and unjust marijuana policy.

Today, 18 States, two territories, and the District of Columbia have laws legalizing and regulating commercial cannabis, and a total of 37 States, three territories, and the District of Columbia have laws allowing cannabis for medical purposes. An additional 11 States have low-THC medical cannabis laws.

This means a total of 47 States, four territories, and the District of Columbia have laws allowing some use of cannabis; 97.7 percent of the U.S. population live in these States and territories. It is clear Prohibition is over.

Today we have an opportunity to chart a new path forward on Federal cannabis policy that actually makes sense. The MORE Act is about justice, safety, equity, and States' rights. The bill would decriminalize cannabis at the Federal level by removing the substance from the Controlled Substances Act, but the bill does not force a State to legalize any form of cannabis. It is still up to the States to set their own policy.

The bill also contains provisions on resentencing and the expungement of criminal records. There is no reason why people should still be in prison for low-level, nonviolent cannabis convictions, or have their future predetermined by a cannabis conviction. The war on drugs has torn many families and communities apart and has had a disproportionate impact on people of color. The MORE Act would allow communities to start the healing process.

By removing cannabis from the Controlled Substances Act, the bill also addresses the cannabis banking problem that I have been working on for nearly
