

NOT VOTING—9

Brady	Gonzalez (OH)	Hice (GA)
Emmer	Grijalva	Larson (CT)
Gohmert	Guest	Zeldin

□ 1918

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

MEMBERS RECORDED PURSUANT TO HOUSE
RESOLUTION 8, 117TH CONGRESS

REMOVAL OF NAME OF MEMBER
AS COSPONSOR OF H.R. 3807

Mr. JOHNSON of Ohio. Madam Speaker, I hereby remove my name as cosponsor of H.R. 3807.

The SPEAKER pro tempore (Ms. STRICKLAND). The gentleman's request is accepted.

REMOVAL OF NAME OF MEMBER
AS COSPONSOR OF H.R. 3807

Mr. RUTHERFORD. Madam Speaker, I hereby remove my name as cosponsor of H.R. 3807.

The SPEAKER pro tempore. The gentleman's request is accepted.

SUPPORTING COVERAGE FOR NECESSARY CONGENITAL ANOMALIES SERVICES

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Madam Speaker, this evening, the House of Representatives passed H.R. 1916, the Ensuring Lasting Smiles Act, a bill which would require health plans to cover medically necessary services related to congenital anomalies.

I would like to share the story of one of my constituents, Caleb Locke, a young man from Ashaway, Rhode Is-

land, who was born with ectodermal dysplasia. As a result of his condition, Caleb's lower jaw is both thin and short with no ridge, and his posterior upper jaw lacks sufficient bone structure.

Caleb is missing teeth, and he needs dental implants, but this process will require multiple surgeries, including bone grafts from his hip to reconstruct his jaw and sinuses.

Unfortunately, and unbelievably, Caleb's health insurance has deemed these procedures as "cosmetic" and has consequently denied coverage.

Madam Speaker, Caleb needs these surgeries, and they are clearly not cosmetic. It is wholly unacceptable that coverage can be denied on those grounds.

Caleb, and anyone else with a congenital anomaly, should never be denied coverage for medically necessary services related to their conditions.

That is why I was proud to support the passage of H.R. 1916 this evening, and I urge our colleagues in the Senate to promptly do the same.

REDUCING POVERTY ACROSS THE
NATION

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Madam Speaker, I rise today to announce we are one step closer to reducing poverty across the Nation.

In March, the House Committee on Education and Labor passed H.R. 5129, the Community Services Block Grant Modernization Act, on a bipartisan vote.

I was proud to introduce this bill with the gentlewoman from Oregon (Ms. BONAMICI). The bill would fund the community action agencies that help address the root causes of poverty in our communities.

These agencies are largely comprised of business and industry leaders. They provide a safety net for low-income families and individuals, but even more importantly, they help create opportunities for people to move from poverty to independence.

Despite the good these agencies do for our communities, the Community Services Block Grant program has not been reauthorized for 25 years. My bill will modernize CSBG to provide agencies the ability to tap their full potential.

Madam Speaker, this program has a long history of bipartisan support due to the great work it enables. It is my hope that this righteous bill is brought to the floor in a timely manner.

It is time for Congress to renew our Nation's commitment and further reduce poverty by reauthorizing CSBG.

STANDING FOR JUDGE KETANJI
BROWN JACKSON

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Madam Speaker, today, I sat in the Senate Judiciary Committee as a historic vote was taken.

Since the appointment of Sandra Day O'Connor, only four women have ascended to the United States Supreme Court.

In particular, longer than any other demographic group, African-American women have been subjected to coercive laws, yet they have been excluded from the political and judicial positions to impact those laws.

I am glad that President Biden saw fit to nominate one of the most—and probably the most—qualified judge ever to be nominated to the United States Supreme Court—not my words; the words of many others.

So this day that Dr. King died, we know that the dreamer may have been killed, but the dream still lives.

They voted today. Eleven Democrats voted yes. Unfortunately, 11 Republicans voted no.

I hope, as this goes to the floor, we will stand as Americans, and Democrats and Republicans will ascend to the United States Supreme Court this African-American woman, more qualified than ever, again, to take a rightful place on the United States Supreme Court. I pray that that will happen.

REMEMBERING THE LIFE OF
LIEUTENANT WILLIAM LEO

(Mr. MEUSER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MEUSER. Madam Speaker, I rise today to honor the life of Lieutenant William Lebo of the Lebanon City, Pennsylvania, Police Department. Lieutenant Lebo was shot and killed in the line of duty last week.

Lieutenant Lebo was a dedicated, 40-year veteran of the Lebanon City Police Department and planned to retire on May 1 of this year.

Lieutenant Lebo and two other officers, Ryan Adams and Derek Underkoffler, were responding to a domestic disturbance last Thursday when the offender immediately opened fire on them. All three officers were shot, and tragically, Lieutenant Lebo was fatally wounded.

Lieutenant Lebo has been remembered by his colleagues and those he served as a calm, kind, and ethical police officer who was deeply devoted to protecting the Lebanon community.

This tragedy serves as a devastating reminder that every day law enforcement officers put on their uniforms and go to work, as my father did, to protect and serve, always knowing full well that they may not return home.

Today and always, we owe our continued support to our police officers and their families in Pennsylvania and across America.

We all send our deepest condolences to Lieutenant Lebo's wife, Lora; his daughter, Corrine; and his entire family, as well as the Lebanon City Police

Department, the Lebanon DA's office, and the entire Lebanon community.

□ 1930

ADDRESSING THE DIABETES CRISIS

(Mrs. CHERFILUS-McCORMICK asked and was given permission to address the House for 1 minute.)

Mrs. CHERFILUS-McCORMICK. Madam Speaker, I rise to address the diabetes crisis in the United States and its effects on our Nation's children.

In 2018, about 210,000 of children and adolescents under the age of 20 were diagnosed with diabetes. As the numbers regarding childhood diabetes climb, more families are struggling to provide the medication their children need to survive.

The pressure of dealing with such a life-threatening illness at a young age is extreme and can leave lasting impacts on our youth, as their childhood is such a formative time. Statistics for their condition can seem bleak; diabetic children can expect a life expectancy to be shortened by up to 20 years due to their condition.

I thank my colleagues for passing the Affordable Insulin Now Act to address this issue in the United States.

THE CRISIS ON THE SOUTHERN BORDER CONTINUES TO WORSEN

(Mr. ROSE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSE. Madam Speaker, the crisis on our southern border continues to worsen with each passing day.

Just last month, Customs and Border Protection released their latest figures that showed immigrant encounters at the southern border have increased 61 percent over the last year to 164,973.

That is more than double the population of Cookeville, Crossville, and Lebanon, Tennessee, combined.

President Biden and his administration have caused this crisis and should be held responsible. On his first day in office, he halted construction on the southern border wall. A month later he signed multiple executive orders rescinding President Trump's immigration policies. In June of last year, he ended the remain in Mexico policy. Now, the Biden administration has announced they are ending the Title 42 policy that allows for quick expulsion of illegal immigrants.

Rescinding Title 42 will encourage another surge of illegal immigrants at our southern border and put even more strain on Customs and Border Protection having trouble keeping up already with the record levels of illegal immigrant encounters.

LAW ENFORCEMENT NEED THE TOOLS TO DETECT IMPAIRED DRIVERS

(Mr. GOTTHEIMER asked and was given permission to address the House

for 1 minute and to revise and extend his remarks.)

Mr. GOTTHEIMER. Madam Speaker, I rise today to highlight the crucial investment my bipartisan amendment to the MORE Act will make to support local law enforcement and to protect our children, families, and communities.

My provision, which passed with a strong bipartisan majority, will invest \$10 million for the National Highway Traffic Safety Administration to study technologies and methods that law enforcement may use to determine whether a driver is impaired by marijuana in their system.

We know that marijuana significantly impairs judgment, motor coordination, and reaction time. Studies have found a direct relationship between blood THC concentration and impaired driving ability. In fact, drivers under the influence of marijuana regularly cause traffic collisions.

We must give our law enforcement officers the tools to detect impaired drivers and get them off the road—and to always have their backs.

Safety is always my top priority, and I am proud to lead efforts that invest in our law enforcement and protect our families.

I strongly urge my colleagues in the Senate to pass my critically important provision, to ensure that law enforcement has the tools necessary to keep roads safe for our families.

This investment is crucial to protecting our families from the dangers of impaired driving.

HONORING THE LIFE AND MEMORY OF DANNY BURGESS

(Mr. COMER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COMER. Madam Speaker, I rise today to honor the life and memory of my good friend Danny "Flapper" Burgess from my home area of Monroe County, Kentucky.

Flapper was a larger-than-life figure. If you ever met Flapper Burgess, you left with a positive and memorable impression. He was an effective, old-school, local politician, who owned a little country store called Flapper's Market in Fountain Run, Kentucky. If you were a candidate for local office and wanted to carry the Fountain Run precinct, you had to have Flapper's support.

Here is the last picture I have of Flapper and I in his store eating one of his signature baloney sandwiches.

Flapper served many years on the Monroe County Fiscal Court representing the Gamaliel, White Oak Ridge, and Fountain Run precincts. Flapper truly was a man of the people.

On behalf of the U.S. House of Representatives and all the people of south central Kentucky, I extend my deepest sympathies to the family of Danny "Flapper" Burgess.

THE FREE WORLD MUST IMMEDIATELY RISE UP TOGETHER

(Ms. KAPTUR asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. KAPTUR. Madam Speaker, the unspeakable carnage Vladimir Putin and his war machine are unleashing across Ukraine is barbaric.

The images from Bucha are almost too horrific to comprehend. Men, women, children, and the elderly are bound and thrown on the streets as if they were garbage. The world is dealing with a tyrant who counts victory with body bags.

Every nation must arm Ukraine with the weaponry and defenses it needs. Every nation must end their imports of Russian coal, oil, and gas. Every nation must twist the screws of sanctions tighter and tighter until Putin and his enablers choke.

The hundreds of thousands of American and Allied servicemembers who gave their lives across European nations in the 20th century did not do so only for the cause of liberty to go unaided in the modern era.

The free world must immediately rise up together. Fend off evil. End the bloodshed. Lead Ukraine to restore its liberty.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 3807

Mr. GROTHMAN. Madam Speaker, I hereby remove my name as cosponsor of H.R. 3807.

The SPEAKER pro tempore. The gentleman's request is accepted.

AMERICANS NEED TO WAKE UP

(Mr. GROTHMAN asked and was given permission to address the House for 1 minute.)

Mr. GROTHMAN. Madam Speaker, America has to realize we are on the precipice of making one of the most significant precedential determinations in recent memory, and that is the removal of Title 42 affecting American immigration law.

Already we are allowing—depending on the month—between 80,000 and 100,000 people to cross our border who are not appropriately vetted.

However, due to a title put in effect by President Trump, we are keeping another perhaps 400,000 people a month—we are told 18,000 a day—south of the border out of concern that they will bring the virus in this country.

If this title is removed, we will go—according to current estimates—to 18,000 people a day; a half a million people a month coming in this country. That is an intolerable amount. They are people we cannot support. They are people who have not been appropriately vetted. And, obviously, there will be a massive increase in illegal drugs crossing our southern border.

I beg the American public to wake up and do what you can to make it clear
