

and strengthened their opportunity to utilize crop insurance programs, even when conditions are dire. Largely, farmers want to keep crop insurance in place in the 2023 farm bill. One Kansas farmer even told us that Congress needs to “use a scalpel, not a sledgehammer, as we refine crop insurance.”

Agriculture’s human resources include labor on the farm and employees at the local Farm Service Agency office. On the farm, folks are hurting for workers. We visited one of the first feed yards in the State, and the family owners haven’t seen a labor shortage with looming retirements this bad since before the feed yard’s inception in 1951. Another co-op owner told us their workforce is down 10 percent with more than 70 open positions.

At the local USDA offices, where Kansans go if they need help from the government, staff is also short. Traditionally, there has been a fully staffed USDA office in every county in America, but President Biden’s policies have kept employees at home and turned those offices mostly all virtual. I met with farmers who are at a complete loss trying to navigate convoluted government websites instead of talking face-to-face with USDA employees.

There is a workforce shortage in every industry, and agriculture is no exception. From the farm to government services for the farm, agriculture has been experiencing record employee turnover due to unnecessary vaccine mandates, enhanced unemployment benefits, and more.

And in terms of natural resources, we all know America’s farmers and ranchers are the original conservationists. America has vast amounts of natural resources available to its stewards. The biggest threat to agriculture’s natural resources isn’t availability or the weather, but Federal Government overreach.

Late last year, President Biden withdrew the Navigable Waters Protection Rule, which sought to undo the harm caused by the Waters of the United States rule from 2015, through which the Federal Government aimed to control nearly all bodies of water, regardless of their size or connection to larger waterways. Because of this mess, farmers and ranchers have had to conduct their business under three different definitions of what amounts to “water” in just 6 years.

President Biden has also halted drilling on Federal lands and halted construction on the Keystone XL pipeline, exacerbating the price and shortage of American-made fuel. On our trip, Republican leader THOMPSON and I saw a live oil well operated by a company that produced 60,000 barrels of oil last October from 363 active wells, and right next door, we saw an ethanol plant ready to supply America with dependable liquid fuel if President Biden would just ditch his unrealistic and ill-timed electric vehicle push. You can’t plow with a Prius.

While I recognize things like protections against the harmful Waters of the

U.S. rulings and oil and gas drilling do not live within the confines of the next farm bill, I also recognize that the protections and proper use of America’s resources are vital to the strength of American food and agriculture.

The state of agriculture is strong because of the strength of American farmers, ranchers, and agriculture producers. Congress has the responsibility to get them the resources they need to protect the resources they have to feed, fuel, and clothe the world. We must do our job.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess until noon today.

Accordingly (at 10 o’clock and 36 minutes a.m.), the House stood in recess.

□ 1200

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. AUCHINCLOSS) at noon.

PRAYER

The Chaplain, the Reverend Margaret Grun Kibben, offered the following prayer:

Holy God, set Your covenant before us this day. Show us how You have bound Yourself to us time and again throughout history and in our own lives. We need yet another reminder of the promises which You have so graciously given to Your people.

Remind us, too, that You expect of us not just righteous, exemplary behavior but accountability and forgiveness. You desire not just our knowledge of scripture and adherence to Your law, but You desire that we check and recheck our attitudes, that they remain examples, reflections of Your steadfast love for all people.

You desire not just that we relish the forgiveness we have found in You, but that we share that mercy with each and all we meet, and that we do so with the same unbounded, uninhibited grace that You have shown us.

Speak to us louder today, O Lord, that we can’t help but hear that You have called us into a marvelous relationship with You that we would then be compelled to share with one another.

Show us Your will, that we can’t help but respond with faithfulness to You and to the needs of the human family with whom we are inextricably bound.

We listen. We wait. We pray to You this day by the fulfilled promise found in Your name.

Amen.

THE JOURNAL

The SPEAKER pro tempore. Pursuant to section 11(a) of House Resolu-

tion 188, the Journal of the last day’s proceedings is approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentleman from New Jersey (Mr. PAYNE) come forward and lead the House in the Pledge of Allegiance.

Mr. PAYNE led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair will entertain up to 15 requests for 1-minute speeches on each side of the aisle.

SUPPORTING RESTAURANT REVITALIZATION

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HIGGINS of New York. Mr. Speaker, restaurants have been hit particularly hard during the pandemic, taking on increasing costs while facing huge revenue losses.

Thanks to the American Rescue Plan, the Restaurant Revitalization Fund provided \$28.6 billion for restaurants nationwide and delivered over \$85 million to restaurants in my community.

Still, the demand was greater than the resources made available by Congress, with over 175,000 eligible restaurants that applied for grants through the program going entirely unfunded.

This week, we have the opportunity to fill that gap, support small businesses, and save jobs by passing the Restaurant Revitalization Fund Replenishment Act. I am proud to support this bill and encourage my colleagues to do the same.

After a long, difficult period of isolation, people are coming together and going back to restaurants, but we need to make whole these restaurants that have lost money based on nothing that they have done.

PUT AMERICANS FIRST

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, last week, President Biden announced a decision to repeal one of the best tools our Nation has to deter illegal immigration, title 42.

Title 42 is a public health law that authorized U.S. border agents to promptly send back illegal immigrants if they pose a health risk to Americans

and are from a country with a communicable disease outbreak.

This reckless decision comes as U.S. Customs and Border Patrol warned the historic surge at our border is already worsening, now even more so in anticipation of the rollback of this title.

The U.S. will soon hit 1 million illegal crossings of our borders in just the first half of this fiscal year, which began in October.

Last week, Customs and Border Patrol confirmed that over 300,000 illegal immigrants have illegally entered in just the last 6 months—300,000. This is known as the known got-aways, and the true number is most likely much higher.

Title 42 expulsions account for over half of all expulsions; the ones with the health issues are half of expulsions. They will now be let in.

Where are the concerns about Americans' health? We are just coming off this COVID situation. Where are Americans' health concerns in this?

This is a crazy policy that is not putting Americans first.

SUPPORTING MARIJUANA DECRIMINALIZATION

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, I rise today to talk about how proud I was to support the Marijuana Opportunity Reinvestment and Expungement Act last week. It decriminalizes marijuana and expunges marijuana arrests from the books.

Marijuana laws have been devastating to minority communities. African and Latino Americans are four times more likely to be arrested for marijuana offenses than are White Americans, and they receive longer prison sentences for the same crimes.

Today, minorities are in prison for offenses that are no longer crimes in most States. This bill would give these Americans a fresh start.

In addition, the bill has an opportunity trust fund to create opportunities for minority marijuana businesses.

It is time we passed this bill and ended the gross injustice of marijuana law enforcement in this country.

PUTIN'S MASS MURDER

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, the civilized world is shocked at the discovery of mass murder by Putin in Bucha, Ukraine.

It is inspiring the leadership of President Volodymyr Zelenskyy and the immediate responses by Germany to Italy for expelling Putin's murder-complicit diplomats.

With innocent civilians discovered having their hands tied behind their

backs, shot in the head, it is clear, war criminal Putin must be stopped with immediate military aid.

Biden is correct to recognize this as part of the worldwide conflict of democracy with rule of law versus autocracy with rule of gun.

An undisputed atrocity is the Putin murder of the mayor of Motyzhyn and her family.

I have faith in the Russian people with a great culture betrayed by the war criminal, Putin. There is legislation for defecting Russian troops, diplomats, and Duma members to be provided expedited refugee status to America and up to \$100,000 for any Russian military equipment turned over to Ukraine.

Ukraine will achieve victory. God bless Ukraine. God save Ukraine. Long live Volodymyr Zelenskyy.

Congratulations to Mayor Dan Rickenmann and the city of Columbia for sending aid to Ukraine.

JUSTICE THOMAS SHOULD RESIGN

(Ms. MCCOLLUM asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. MCCOLLUM. Mr. Speaker, the actions of Justice Thomas and his wife, Virginia, have undermined the Constitution.

Ms. Thomas was in direct communication with the Trump White House in a conspiracy to undermine the peaceful transfer of power between Presidents.

Justice Thomas should recuse himself from cases related to his wife's involvement. Yet, he took part in Court rulings and voted to prevent the disclosure of White House communications.

Justice Thomas failed to disclose his wife's nearly \$700,000 in income from The Heritage Foundation, an organization working to stop the January 6 investigation.

Justice Thomas has repeatedly failed to meet his ethical obligations of recusal and disclosure that are expected of a Federal judge.

The American people entrust Members of Congress and the Supreme Court to defend our Constitution, our laws, and our democracy. His wife's involvement in the attempt to overthrow the 2020 election, and Justice Thomas' failure to recuse himself, have made him ethically compromised. He is unfit to be a natural arbiter of justice.

Justice Thomas should resign from the Supreme Court.

RECOGNIZING GOLD STAR SPOUSE DAY

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to recognize Gold Star Spouse Day.

Today, we honor the surviving loved ones of military servicemembers who

died while serving our country. This day offers remembrance for the spouses and their families as well as a time of recognition of their sacrifices.

As an Army dad, I am blessed my son returned home. I am aware that this is not the case for all families, and we must take the time to remember, the time to respect, and the time to honor the spouses and their families of our fallen servicemembers.

Gold Star Spouse Day brings awareness of the sacrifices and grief these spouses and families have faced in the name of our country.

Mr. Speaker, let us all take a moment to remember that our freedom is not free. Gold Star families have lost a loved one and paid a heavy price, all in the name of protecting our freedom. They deserve our gratitude today and every day.

ENDANGERING AMERICANS' SAFETY

(Mr. MOORE of Alabama asked and was given permission to address the House for 1 minute.)

Mr. MOORE of Alabama. Mr. Speaker, President Biden is planning to lift President Trump's successful title 42, a tragic decision that will endanger every American's safety.

Recent reporting further exposes the devastating consequences of President Biden's doubling down on his far-left, open-border agenda. Not only will Biden's reversal welcome in countless new illegal immigrants, but Biden wants Americans to pay to vaccinate them.

But it gets worse. According to this report, the Biden administration is even considering pulling medical personnel from the Department of Veterans Affairs to assist at the border, taking much-needed medical care away from our veterans, our very own veterans.

I ran for office because of our veterans, because they are not receiving the care they have earned. That is why I have asked to serve on the Veterans' Affairs Committee.

These reports should outrage every patriotic American, regardless of party, Republican or Democrat. We must never prioritize foreign citizens illegally entering our country over our very own veterans.

I was watching this morning, and we see these unaccompanied males coming into our country by the busloads. We have an invasion on our southern border, and our administration, this President's administration, wants to take our veteran care and our healthcare workers to help treat the invading army.

RECOGNIZING ALIYAH BOSTON

(Ms. PLASKETT asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. PLASKETT. Mr. Speaker, today, I congratulate Virgin Islander Aliyah
