

America supports the sovereignty of Georgia and will stand with President Zourabichvili for the freedom of Georgia.

God bless Ukraine. God save Ukraine. Long live President Volodymyr Zelenskyy.

COMMEMORATING THE 107TH ANNIVERSARY OF THE ARMENIAN GENOCIDE

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, I rise today to commemorate the 107th anniversary of the Armenian genocide.

On April 24, 1915, the Ottoman Empire embarked on a genocidal campaign to wipe out more than 1.5 million innocent Armenians. For too long, the world denied the Armenians' plight. But thankfully, leaders like President Biden and this House of Representative have recognized the Armenian genocide for the tragedy that we all know to be true.

My home State of Rhode Island boasts one of the largest Armenian communities in the country, and I have been proud to represent them for the last 22 years.

Yet, as Winston Churchill famously said, "Those who fail to learn from history are condemned to repeat it."

Mr. Speaker, another genocide is unfolding before our eyes in Ukraine. The scenes from Bucha, Mariupol, and the villages across the country are heart-breaking and haunting. But like the Armenian people, Ukrainians are strong, and they have shown their unmatched bravery to the world.

I strongly reiterate my harsh condemnation of Vladimir Putin's war crimes. We must do all that we can to support the Ukrainian people in their battle for freedom. The consequences of failure are far too dreadful to imagine.

ADMINISTRATION MUST SECURE BORDER

(Mrs. STEEL asked and was given permission to address the House for 1 minute.)

Mrs. STEEL. Mr. Speaker, every day, we see more and more illegal crossings at the southern border. March was the worst month yet, with over 221,000 migrant encounters.

Instead of securing our border and empowering law enforcement, this administration continues to make this crisis worse every day.

I am a proud immigrant and first-generation American. I came here legally. There are 4.4 million people waiting their turn to legally come to the greatest country in the whole world. Meanwhile, this administration continues to allow millions of illegal migrants to take advantage of our weak border policies.

We are a nation of laws, and enough is enough. The administration must stop the flow of drugs and crime into our country and secure the border to protect our citizens.

CELEBRATING 100 YEARS OF RIVER ROUGE, MICHIGAN

(Ms. TLAIB asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TLAIB. Mr. Speaker, today, I rise to recognize the city of River Rouge, Michigan, as they celebrate a 100-year anniversary.

Established as a city on April 3, 1922, River Rouge is a rich part of Michigan's history. It is situated between the Detroit and Rouge Rivers. The city of River Rouge has been the heart of Michigan's industrial and manufacturing history.

Nearly 8,000 residents strong, the city of River Rouge takes pride in its role as being an integral part of Michigan's economy. They are the jewel of Michigan's downriver communities.

It continues to thrive as a diverse, vibrant, and welcoming community that I truly love.

Its public parks and access to river recreation offer unique opportunities for enjoying nature and spotting wildlife along the riverfronts.

Please join me in recognizing the city of River Rouge as we join them in celebrating its 100-year anniversary.

Again, I am beyond proud of serving this beautiful city of River Rouge and its residents in Michigan's 13th District Strong.

HONORING THE SULLIVAN BROTHERS

(Mrs. HINSON asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. HINSON. Mr. Speaker, I rise today to honor the five Sullivan brothers of Waterloo, Iowa, as well as those who are working to preserve their legacy by saving the USS *The Sullivans*.

On January 3, 1942, a month after the bombing at Pearl Harbor, George, Frank, Joe, Matt, and Al Sullivan of Waterloo, Iowa, enlisted in the Navy.

At the time, Navy policy separated brothers, but they enlisted under the condition that they could serve their country together, and they did until November of that year when a Japanese torpedo sunk their ship, the USS *Juneau*.

Nearly all the sailors aboard the USS *Juneau* died, including all five of the Sullivan brothers.

The Sullivans weren't just heroes in Iowa; their story was told nationwide. In 1943, less than 3 months after their passing, a Fletcher-class destroyer was named in their honor. The ship's motto is "We Stick Together," a permanent symbol of the Sullivan brothers' commitment to each other and our country.

But earlier this month, a leaky hull caused the ship to start sinking at its berth in the Buffalo Naval Park. So, Mr. Speaker, I am rising today to thank those who are working to refloat and repair the ship to ensure that the Sullivan brothers' legacy continues. Their service and sacrifice are emblematic of the shared experience and patriotism of those in the Greatest Generation.

Freedom is fragile. We know that we must always honor those like the Sullivan brothers of Waterloo who fought and died for our freedoms and for our country.

HONORING CONGRESSIONAL APP CHALLENGE WINNERS

(Ms. WEXTON asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. WEXTON. Mr. Speaker, I rise today, along with my colleague, Congresswoman KIM, to honor the winners and participants of 2021's Congressional App Challenge.

Since the competition's inception in 2013, this official initiative has given middle and high school students from across the country the ability to participate in a program designed to inspire them to pursue computer coding and careers in STEM.

Congresswoman KIM and I have had the privilege of shepherding this year's initiative, which yielded more than 2,100 fully functioning apps from over 7,000 students across the country.

Mr. Speaker, 340 of our fellow Members held challenges in districts spanning all 50 States, Puerto Rico, Guam, the Northern Mariana Islands, the U.S. Virgin Islands, and Washington, D.C.

As excited as we are about this year's participation in the challenge in terms of sheer numbers, the program would not be possible without the students who invest their time and efforts into their passion projects.

Congresswoman KIM and I are honored to co-chair this effort and offer our remarks here today as a testament to the dedication of these students who embody the future of American ingenuity.

To all the winners of this year's competition, we offer our sincere gratitude and congratulations on your work.

CONGRATULATING CONGRESSIONAL APP CHALLENGE STUDENTS

(Mrs. KIM of California asked and was given permission to address the House for 1 minute.)

Mrs. KIM of California. Mr. Speaker, I rise to recognize the participants and winners of the 2021 Congressional App Challenge. This is the largest App Challenge to date.

The App Challenge gives students of all backgrounds and from communities across the Nation the opportunity to move from passive consumers of technology to active creators of technology.

Coding and technological skills will only become more important in the economy of the future. These students blew us away by creating apps that would make a difference, tackling real-world challenges and reflecting their commitment to making our world a better place.

I thank and offer my congratulations to all the students that participated this year, and I wish every single one of them the best of luck in their future endeavors.

QUESTIONING REPUBLICAN LEADERSHIP

(Mr. LIEU asked and was given permission to address the House for 1 minute.)

Mr. LIEU. Mr. Speaker, under the American Rescue Plan passed by Democrats and signed by President Biden, more than 7.4 million jobs were created in the first 14 months of the Biden administration, the most in U.S. history.

During that time, unemployment dropped to its lowest in over 50 years. Democrats are building a better America for the people.

What are Republicans doing? I don't know. But I do know that Republican Congresswoman MARJORIE TAYLOR GREENE recently stated that the Catholic Church is controlled by Satan. She has not yet apologized for her bigoted remark.

Republican Congressman MADISON CAWTHORN tried to board a plane with a gun for a second time. What has Republican leadership done? Nothing.

DANGEROUS OPEN BORDER POLICIES

(Mr. BILIRAKIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BILIRAKIS. Mr. Speaker, I rise today to highlight the utter failure of President Biden's dangerous open border policies.

In March, there were over 221,000 illegal encounters at our southern border, a 542 percent increase, bringing the total under Biden's watch to more than 2.4 million. Forty-two of those apprehended were on the terrorist watch list. This can't happen.

Illegal migrants are being dispersed into communities throughout country, making every State a border State, Mr. Speaker.

Meanwhile, my constituent, an American citizen, has been told his wife and daughter, who have fled war-torn Ukraine, must wait up to 2 years outside the United States for a visa interview.

This is wrong. These policies reward those who violate our laws and punish those trying to do the right thing.

They also put law enforcement officers in serious peril, as evidenced by the death of Texas National Guardsman Bishop Evans. May his memory be

eternal. He tragically drowned last week while courageously working to save individuals trying to cross the Rio Grande River illegally.

This insanity has to stop.

JUSTICE FOR THOMAS RAYNARD JAMES

(Mrs. CHERFILUS-McCORMICK asked and was given permission to address the House for 1 minute.)

Mrs. CHERFILUS-McCORMICK. Mr. Speaker, today, I rise to recognize the recent freedom of Thomas Raynard James and the crucial work of his attorney, Natalie Figgers.

One of the most paramount pillars of our legal system is the concept that everyone is innocent until proven guilty. But how does the system react when even those who are innocent are deemed guilty? This Wednesday, the Nation was able to witness the legal system right one of these wrongs.

Thomas Raynard James was wrongfully convicted of murder and sentenced to life due to a case of mistaken identity in 1991. His preliminary conviction was based on an eyewitness account.

Three decades later, this wrongful conviction has been overturned based on revised testimony, new evidence, and lack of physical evidence. Due to persistence and faith in the legal system, Ms. Figgers succeeded in freeing Mr. James, who was an innocent man.

We applaud the work of his attorneys and all the leaders who continuously fight the good fight for justice to make sure that everyone has a chance at justice.

RECOGNIZING DENNIS JONES UPON HIS RETIREMENT

(Mr. MANN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MANN. Mr. Speaker, I rise today to honor a great Kansan, Dennis Jones, on the occasion of his retirement.

In 1982, Dennis moved from Colorado to Kansas to begin working at the Tyson Fresh Meats plant in Holcomb. He started out as an hourly employee on the harvest floor and worked his way up. Soon after proving himself to be knowledgeable and committed to his job, he moved up to the role of department head.

Dennis spent time at the Amarillo plant, learning about different departments and operations within the business, after which he came back to Holcomb in 2006. He quickly became the new operations manager and then moved up again to his current role as complex plant manager.

I love Dennis' story because it exemplifies hard work, tenacity, looking for open doors, and staying committed to a calling that requires skill, intuition, attention to detail, and relationship-building.

Dennis is the type of guy that embodies grit, agriculture, and conservative Kansas values.

On his last day at Tyson, Dennis plans to return his computer in the morning and then spend the rest of the day with the hourly employees on the harvest floor.

This is a great man whose career and legacy I am proud to honor here today. Congratulations on your retirement, Dennis.

NATIONAL DAY OF SILENCE

(Mr. PANETTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PANETTA. Mr. Speaker, I rise today to recognize those who participated in the National Day of Silence.

This day allows students and allies to take a vow of silence as a way to speak out against any harassment and discrimination experienced by LGBTQ people in our schools.

In my district on the Central Coast of California, Luka Chavez, who attends Watsonville School of Arts, took his vow last week. Luka told me that he wanted to take the vow so that he can make all the difference for all of those who don't have a voice in our own community.

Luka felt that his silence for 1 day was the least that he could do to speak up for those who feel isolated and excluded every day.

Luka, you may have taken your vow last week, but this week, on this day, on this floor, your voice is not only heard but, more importantly, your message is received by teachers, counselors, administrators, parents, and all who support you but also, most importantly, those who don't.

Luka, your vow of silence allows me to speak for you and inspires Congress to continue its fight for LGBTQ students in our community and equal rights for our democracy.

The SPEAKER pro tempore (Mr. YARMUTH). Members are reminded to direct their remarks to the Chair.

RECOGNIZING THE WEATHER CHANNEL'S 40TH ANNIVERSARY

(Mr. LOUDERMILK asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LOUDERMILK. Mr. Speaker, I rise today to recognize The Weather Channel for 40 years of exceptional weather journalism, public service, and high-quality educational content.

Since 1982, The Weather Channel has provided accurate, by-the-minute live coverage of weather events, ranging from the mundane daily rain shower to catastrophic hurricanes and tornadoes.

Today, The Weather Channel reaches more than 80 million households across the United States. It has consistently been ranked the most trustworthy cable news network in the country and has received nationwide acclaim for its high-quality reporting and programming.
