

a debtor under chapter 13, and for other purposes, on which the yeas and nays were ordered.

The Clerk read the title of the bill.

The SPEAKER pro tempore (Ms. PIN-GREE). The question is on the motion offered by the gentleman from Colorado (Mr. NEGUSE) that the House suspend the rules and pass the bill.

This is a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 392, nays 21, not voting 14, as follows:

[Roll No. 234]

HONORING THE LIFE OF CONGRESSMAN JOHN COOKSEY

(Ms. LETLOW asked and was given permission to address the House for 1 minute.)

Ms. LETLOW. Madam Speaker, on Saturday, we lost Congressman John Cooksey, a former Member of this body and an outstanding American who dedicated his life to serving his country and improving the lives of others.

John Cooksey was born in Alexandria, Louisiana in 1941, and grew up near his father's sawmill in rural LaSalle Parish. He attended LSU and LSU Medical School and became an ophthalmologist. His love for practicing medicine ran so deep that he continued to treat patients for nearly 50 years.

Madam Speaker, just yesterday, I heard the story of a World War II veteran whose vision had become distorted because of his combat injuries. Dr. Cooksey treated him, restored the man's vision, and performed the entire surgery free of charge.

Dr. Cooksey also served as a medical missionary to Africa, volunteering his time and skills to treat those desperately in need of medical care. He was so moved by his experiences there that he returned home and personally led the fundraising drive to build a modern eye clinic in Kenya.

Dr. Cooksey had a dedication to serving others and a deep commitment to serving our country. He was a pilot in the Air Force and flew missions during the Vietnam War.

In 1996, Dr. Cooksey was elected to serve the people of Louisiana's Fifth Congressional District here in the House of Representatives. Throughout his three terms, he was known for delivering results that were transformational for our region and always going above and beyond to help his constituents.

On a personal level, I will always be grateful to John Cooksey for giving my late husband, Luke, his start in politics, instilling a love for the work of this Congress in an eager young boy from Start, Louisiana. For me, he was more than a predecessor, he was a trusted mentor, a confidant, and a friend.

Madam Speaker, we have lost a dedicated public servant who was an outstanding Member of this body. In his memory, I ask all Members in the Chamber to join me in observing a moment of silence as we honor the incredible life and remarkable accomplishments of Congressman John Cooksey.

HONORING THE SERVICE OF MRS. DEANNA DELUNA

(Mrs. CHERFILUS-McCORMICK asked and was given permission to address the House for 1 minute.)

Mrs. CHERFILUS-McCORMICK. Madam Speaker, I rise today to extend our eternal gratitude to Mrs. DeAnna Deluna for her dedication to our Nation's children as a 16-year educator for our South Florida community.

She is known to go above and beyond to support struggling children and to provide everyone, from every background, with a quality education.

Education is the one field that makes all others possible. Every one of us has been shaped by someone who inspired our curiosity and helped us find our confidence.

We are inspired by Mrs. Deluna and are thankful for her service to our children and her dedication to the Broward County School District.

CONGRATULATING PAT PECORA

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Madam Speaker, I rise today to congratulate Pat Pecora, Pitt-Johnstown's wrestling coach, on his fourth NCAA Division II National Wrestling Coach of the Year Award.

This award is presented to the coach who has demonstrated outstanding effort throughout the season in developing and elevating their program on campus and in the community. Pat has previously received this award in 1995, 1999, and 2019 for his efforts at Pitt-Johnstown.

This season, Pat led the Mountain Cats to a 13-1 dual-meet record and the program's 24th NCAA regional title. This year's team won a share of the PSAC dual-meet title for their sixth straight conference championship.

This recognition is well-deserved for Pat; and he is the all-time winningest coach in college wrestling at all divisions of the NCAA. In his 46 years at Pitt-Johnstown, he has recorded 631 victories.

Madam Speaker, Pat is an incredible coach and a great role model for the Pitt-Johnstown community.

Congratulations again on this well-deserved recognition and award.

Go Mountain Cats.

HONORING THE LIFE OF PAULINO VILLARREAL, SR.

(Mr. GARCÍA of Illinois asked and was given permission to address the House for 1 minute.)

Mr. GARCÍA of Illinois. Madam Speaker, I rise today to honor the life of Paulino Villarreal, Sr.

Paulino was a longtime city worker, community volunteer, loving father, and a longtime Pilsen resident. He saw the children of his neighborhood as an extension of his own, holding toy and school supply drives to help them.

Paulino represented what the southwest side of Chicago is all about: hard work, humility, and service to family and community.

Paulino left us with an important lesson: The people we help, the helping hand we extend, is the legacy we leave behind.

Family and friends will remember him for his cheerful outlook on life, his love for the Cowboys, and Tejano music. Above all, Paulino will be remembered for his generosity and his love of service.

I express my deepest condolences to the Villarreal family.

Rest in peace, my friend.

PRESIDENT BIDEN SIMPLY MUST DO BETTER

(Mr. ROSE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSE. Madam Speaker, the average price of gasoline has more than doubled since President Biden was sworn into office. That is not a coincidence. After all, before he took office, he told us he would "end fossil fuel."

Now, Americans are finding out the hard way what happens when we elect a President that wants to end fossil fuels. The cost of living rises faster than we can keep up with because almost everything we wear, eat, and use is transported using fossil fuels.

Meanwhile, yesterday, the President announced he would be invoking the Defense Production Act to make more solar panels. Give me a break.

The President needs to concede his war against American energy and allow companies to drill and explore for new oil. It is that easy. Yet, he refuses.

President Biden simply must do better.

SOLAR TARIFF SUSPENSION

(Ms. KAPTUR asked and was given permission to address the House for 1 minute.)

Ms. KAPTUR. Madam Speaker, I rise today to call out China for its long history of predatory dumping and tariff avoidance.

We have seen China cheat on this game before on everything from steel to autos to solar. It hurts American workers and American companies that I represent in Ohio.

China is a nation that does not abide by global trading rules. Fair trading nations must apply strict scrutiny and appropriate penalties in response.

I welcome the administration's focus on boosting manufacturing of critical

solar components here in America. But we cannot encourage a tilting of the playing field that favors a country whose sinister trade practices have crushed the American middle class.

Ohio's workers make and build the products that make and build America. Our Nation must respect them, as well as the innovative companies that are working to deliver America's energy independence in perpetuity.

Let's champion free trade among free people.

AMERICANS ARE LOSING THEIR COOL

(Mr. MEUSER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MEUSER. Madam Speaker, as Americans struggle to afford the record-high price of gas and the cost to keep their homes comfortable this summer, they are losing their cool with President Biden's attempts to develop a plan to tame skyrocketing inflation while playing the blame game.

Harry Truman said and was known for "the buck stops here." The Biden mantra seems to be "pass the buck."

While the President puts the blame on the Federal Reserve for inflation and taps the Strategic Petroleum Reserve to provide a few pennies a gallon off the price of gas, Americans continue to pay historic prices at the pump, face sticker shock at the supermarket, and wonder which utility company will raise their rates next.

We have gone from an energy independent Nation to one that is at the mercy of OPEC and Russia with consequences that are rattling the world economy. Yet, the President tells us this is the most robust recovery in modern history.

It is time to embrace the truth and do what works: Responsible domestic energy production; lower taxes to rev up our economy; stop the reckless spending; and reduce the economic burden on Americans.

We need the courage to change course.

VITAMIN D DEFICIENCY AND COVID

(Mr. GROTHMAN asked and was given permission to address the House for 1 minute.)

Mr. GROTHMAN. Well, Madam Speaker, one more time I will make my weekly statement with regard to Vitamin D.

The COVID epidemic is on the downside but, in the most recent week, we still had 1,600 Americans die.

I call America's attention, and the subcommittee dealing with COVID, to the fantastic benefits of Vitamin D.

Israeli studies show people who have inadequate Vitamin D levels, under 20 nanograms per milliliter, are 11 times more likely to die of the COVID. And we have known about this for 2 years now.
