

fake theory, this myth—there are some other words that can be used that my mother taught me not to use, but these prevarications are associated with this myth.

Friends, the myth is that Jews are going to use Black people to replace White people—which is ridiculous. But that means that there are some people that are very hostile to Black people since they think Black people are going to take over—and minorities and immigrants.

Just imagine what it can be like to go into a restaurant, and you have persons who don't find favor with treating us fairly. We have to be careful where we eat—we do—if you understand the environment you are living in. Hostile environment.

Can you imagine some of these persons—Jews will not replace us—persons who are up in Idaho dressed in this military regalia, can you imagine one of them being a physician? You have got to go into this office, you need help, maybe you are going into the emergency room. It is a hostile environment.

You can't appreciate it if you don't understand the consequences that can emanate from people who scream Jews will not replace us, people who burn crosses, people who say that they are a part of a superior race.

You don't think it is a hostile environment? Ask the ghosts of the people who went into the Tops Food Store. Ask the ghosts if it is a hostile environment. He went there to kill Black people. If you don't think it is a hostile environment, ask the spirits of the people who were in the Walmart store in Texas. It is a hostile environment.

It is hostile if you understand and appreciate what is going on around you. I don't say it is hostile to the extent that we can't overcome it. I don't say it is hostile to the extent that we should simply surrender and throw up our hands. That is why we have H.R. 2543, and there are other aspects of it requiring transparency. We need to know who is integrating their business.

Sometimes when people have to announce their circumstance, they change that condition. H.R. 2543 will provide a lot of transparency. This is needed when you are in a hostile environment.

I would say to you, my dear friends—as Brookings puts it—just how large and persistent are these racial wealth gaps? Brookings has made it very clear that at least \$17,150 for a Black family in terms of wealth is about one-tenth of the \$171,000 net worth of a White family.

My hope is that we will remember yesterday as a moment in time that will hopefully accelerate the time that we will need to bring about a closing of this wealth gap. I think that what happened yesterday is a great step in that direction. It is not the last step. It is really not the first, there are other things that have been done, but it is a step in that direction. We need to close the wealth gap.

Madam Speaker, I pledge to do all that I can to close it. I want to let you know that in doing all of these things and saying what I am saying to you, explaining it in terms that many people will find uncomfortable, I still say that I love my country.

I still say I love my country. I still say I salute the flag. I am not some person who hates America. I am the guy who wants America to become America for all Americans. I want equality of opportunity. I want America to live up to its promise.

As I celebrate Juneteenth, I assure you, I will do the things that are customarily done in terms of the food and the drink and just having a great time celebrating freedom. It does not mean that I am going to forget the need for more work to be done.

I have great respect for and appreciation for Mr. HOYER. I can't tell you how much I appreciate and respect him. He has said things here on this floor that I appreciate with reference to discrimination. Others have said things, too, that I greatly appreciate, it is just that I have sort of built a relationship with him.

I appreciate his indicating that Slavery Remembrance Day is something that is on his agenda. I am going to celebrate Juneteenth, but that doesn't mean that I won't commemorate August and Slavery Remembrance Day, that is a day of commemoration.

Madam Speaker, I am going to enjoy Juneteenth, but remembering that there is still great work to be done. I remember as a child my grandfather reminding me that I would have to be willing to make sacrifices that others would not have to make if I wanted to succeed in life in this country. Sacrifices that others would not have to make. I assumed that we all make the same sacrifices, but my grandfather taught my differently—that is not the case.

While I celebrate, I still have some appreciation for the sacrifices that have been made and have to be made. I understand that we need the MAXINE WATERS of the world who work hard to make sure that while she has the gavel that the change that she can bring about will take place.

I appreciate the SHEILA JACKSON LEES of the world who worked hard to make Juneteenth a holiday. It is a holiday and it is a time to celebrate. I also think we need a day to commemorate because in Texas there is a desire to not allow slavery to be taught—the history of African Americans as it relates to slavery to be taught in the schools. You can't teach it if Texas has its way.

Madam Speaker, I celebrate and commemorate. I thank God for the opportunity to serve in this House. I thank those persons who voted for the bill that we brought to the floor, H.R. 2543. I appreciate you, each of you, and I will be sending you a written thank you, but I didn't want too much time to pass without saying it to the world. I appreciate it.

Madam Speaker, I yield back the balance of my time.
