

EXTENSIONS OF REMARKS

HONORING TOM SKILLING FOR A
REMARKABLE 45-YEAR CAREER

HON. BILL FOSTER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, October 20, 2023

Mr. FOSTER. Mr. Speaker Pro Tempore, I rise today along with my colleague, Representative MIKE QUIGLEY, to celebrate one of Chicagoland's very own, legendary meteorologist Tom Skilling, and his 45-year career as a beloved presence on our local airwaves as he embarks on his well-deserved retirement.

As the longtime chief meteorologist for WGN-TV, Tom Skilling has been one of the most trusted figures on television screens throughout the Chicago area for decades, expertly and calmly explaining the region's often unpredictable weather situations for generations of viewers.

I am especially proud to say that Tom Skilling is an Aurora, Illinois native, and a proud graduate of West Aurora High School. After completing his studies at the University of Wisconsin, Tom worked briefly on local television stations in Madison and Milwaukee before landing at WGN-TV, where he quickly became a daily fixture in households throughout Chicago and the suburbs.

Those of us who know Tom and have worked with him over the course of his career know how passionate he is about his work and how talented he is at communicating often complex scientific data to people of all ages and backgrounds. But his greatest strength is the kindness with which he treats everyone he interacts with; he is always ready to greet a fan with a warm smile and meaningful conversation.

Mr. Speaker Pro Tempore, I ask my colleagues to join me in celebrating Tom Skilling and his decades of service to the Chicagoland community and offer him our most sincere best wishes on the next chapter of his life.

HONORING HAROLD L. GOMER FOR
HIS 100TH BIRTHDAY

HON. J. LUIS CORREA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, October 20, 2023

Mr. CORREA. Mr. Speaker Pro Tempore, I rise today to recognize and celebrate a remarkable milestone: the 100th birthday of Harold L. Gomer, a Navy Veteran who embodies dedication, service, and love.

At the age of 7, Harold's father passed away and his mother and 5 siblings relocated to Austin, Minnesota. Harold would spend the next 86 years of his life in this new city and would grow to become an example to many.

Education played a significant role in shaping Harold's character—he graduated from Austin High School, where he participated in wrestling and Golden Glove Boxing. He excelled in his extracurriculars and eventually became a District Flyweight Champion, showcasing both his talent and tenacity.

On November 6, 1942, Harold bravely answered the call to serve his country. He left his job to join the United States Navy, where he served as Coxswain aboard the USS *Ammen* in the Pacific theater for 3 years. His unwavering dedication and service enabled him to serve on the USS *Logic* Minesweeper for an additional year before being honorably discharged.

Once returning to Austin, he resumed his employment at Hormel Meats, where he spent the following 40 years exhibiting dedication to his work and his community.

After returning home from defending our country, Mr. Gomer married his childhood sweetheart, Shirley Mae Greenlee. Their family grew with the addition of their 4 children: Patricia, Mark, Cheri, and Pamela. Over the years, the family has grown to include 9 grandchildren, 15 great-grandchildren, and 10 great-great-grandchildren. In 2016, following the death of his wife, Harold moved to Orange County, California to live with his daughter Pam. Since relocating to Orange County, he has been enjoying retirement, occasionally going dancing and visiting Las Vegas.

Since then, he has discovered happiness in dancing and enjoying the company of his family and friends. Harold's relentless dedication to his country and community is highlighted

throughout his life, from his 2 years as commander of American Legion Post 91 and his 40 years of dedication to the Funeral Escort, to his 20 years of cooking for stag nights and his more than 30 years of bar management. These experiences show he is a leader who gives back to others.

I ask my colleagues to join me in expressing heartfelt congratulations and honoring Harold Gomer's character, service, and love for his community as we wish him a happy 100th birthday.

DEMOCRATIC SOCIALISTS ARE INDOCTRINATING YOUNG AMERICANS WITH ANTI-ISRAEL HATE IN MORAL MONSTROSITY

HON. RITCHIE TORRES

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, October 20, 2023

Mr. TORRES of New York. Mr. Speaker Pro Tempore, Oct. 7th is a day that will live in infamy as the most gruesome terrorist attack in the history of the Jewish State.

Thousands of Israelis were murdered, raped, tortured, and abducted as hostages. Ten percent of the members of an Israeli kibbutz, Kfar Asar, were massacred.

About 260 young Israelis partying at a music festival were gunned down. Babies were butchered, burned and beheaded.

The ONLY morally acceptable response to such incomprehensible terror is overwhelming outrage at the boundless barbarism of Hamas.

While most of the civilized world, led by President Biden, rightly recoiled in horror at Hamas and condemned its terrorism immediately and unequivocally, Israel's ideological enemies here in the US found cause for celebration at the sight of dead Jews.

Imagine, for a moment, the inconsolable grief of a Jewish mother whose baby has been butchered to death. Could you imagine anything more callous and cruel than telling that grieving mother: You had it coming. You and your people brought the terror upon yourselves.

Those were the shocking sentiments of the New York City-Democratic Socialists of America (NYC-DSA), which wasted no time in holding a hate rally romanticizing the terrorism of Hamas as "resistance."

The DSA was hardly alone in blaming the victims of terrorism rather than the terrorists themselves.

Something is rotten in the state of America. When the institutional leaders in our country cannot condemn the cold-blooded murder of Israeli children and civilians with moral clarity, one must ask: what kind of society are we becoming?

What does the silence and indifference and cowardice—from these so-called leaders—tell us about the depth of anti-Semitism in America and the reckoning required?

The time has come to confront not only the symptoms but the disease: a Democratic Socialist industrial complex that indoctrinates young Americans with an anti-Israel hatred so virulent that it renders them indifferent to the deadliest massacre of Jews since the Holocaust.

Anti-Israel extremism, which has been given a veneer of mainstream respectability in law schools and legislatures, is aided and abetted by the sheer spinelessness of so-called "leaders"—from public officials to the presidents of colleges and universities.

Days of silence were often followed by words of cowardice, if there were any words at all.

Northwestern University, for example, said it had no plans to "put out a statement officially stating a University position." Imagine that: a university that cannot be bothered to take a position on a pogrom against Jews. Have we learned nothing from the long and ugly history of Anti-Semitism?

There is nothing accidental about the disregard for Israeli life that revealed itself in the wake of Oct. 7. The dehumanization of Israeli victims follows inevitably from the hyperbolic and systematic demonization of Israel itself.

Anti-Israel hate and hysteria have been allowed to fester freely in academia, social media, the political arena, and elsewhere. It has been propagated by AstroTurf activists and academics, amplified by their enablers in elected office, and subsidized by government and civil society.

When people are made to believe the most dangerous lies about Israel—that Israel is the root of all evil on earth; that it is a "75-year occupation" that must be wiped off the map from the "river to the sea"; that Israelis are not civilians but settlers who can be fairly targeted for "resistance"; that Israelis are committing genocide and ethnic cleansing against the Palestinians and harvesting their organs and using the blood of their children; that Israel is always the aggressor and Hamas always the resister: when you tell so many lies and incite so much hate, what do you think will happen?

How do you think the believers internalizing these lies will respond to the savage slaughter of Israelis? This is a moral monstrosity made in America, and one that America must unmake.

The anti-Israel hate increasingly possessing the American mind is a demon that must be exorcised from our body politic. For America cannot long remain a decent society if the next generation of Americans are made to be indifferent to the barbaric butchering of Israeli civilians and children.

I, for one, stand with Israel as it seeks to defend itself. Despite the profound pain of the present, Israel will emerge from it all better and stronger than ever before.

It will outlive the pernicious lies and the dangerous demagogues who tell them. It will outlive the extremism of the DSA and BDS. It will outlive the terrorism of Iran and its proxies, Hamas and Hezbollah.

Israel will live on—for the next 75 years and beyond. Resilience is the DNA and destiny of the Jewish people and the Jewish State. It always has been and always will be. I am as certain of that as I am of anything. The Jewish Nation lives on (Am Yisrael Chai).

HONORING THE VIETNAM AND KOREAN WAR VETERANS OF ILLINOIS

HON. MIKE QUIGLEY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, October 20, 2023

Mr. QUIGLEY. Mr. Speaker Pro Tempore, I rise to honor the Vietnam and Korean War veterans who traveled to Washington, D.C. on October 18, 2023, with Honor Flight Chicago, a program that provides WWII, Vietnam, and Korean War veterans the opportunity to visit their memorials on The National Mall in Washington, D.C. These memorials were built to honor their courage and service to their country.

The American Veteran is one of our greatest treasures. The Soldiers, Airmen, Sailors, Marines, and Coast Guardsmen who traveled here on October 18th answered our nation's call to service during one of its greatest times

of need. From the Pacific Asian Theatre to the Korean Theater, these brave Americans risked life and limb, gave service, and sacrificed much, all while embodying what it is to be a hero. We owe them more gratitude than can ever be expressed.

I welcome these brave veterans to Washington and to their memorials. I am proud to include in the RECORD the names of these men and women for all to see, hear, and recognize, and I call on my colleagues to rise and join me in expressing gratitude.
