Ages' food distribution efforts during the height of the COVID-19 pandemic. In addition to his duties at Rock of Ages, Pastor Ervin serves as a Detroit Police chaplain at the seventh precinct

Please join me in recognizing Pastor De'Shante Ervin's service to the communities of Michigan's 12th District as we wish him well in his new role as pastor of Rock of Ages Missionary Baptist Church.

INTRODUCTION OF THE AANAPISI OPPORTUNITY ACT

HON. GREGORIO KILILI CAMACHO SABLAN

OF THE NORTHERN MARIANA ISLANDS IN THE HOUSE OF REPRESENTATIVES

Thursday, April 20, 2023

Mr. SABLAN. Mr. Speaker, I rise today to introduce the AANAPISI Opportunity Act. This legislation seeks to ensure that the U.S. Department of Agriculture provides research and career opportunities to students at all Minority Serving Institutions (MSIs) by creating grant programs for the only MSI without any USDA support: Asian American Native American Pacific Islander Serving Institutions (AANAPISIs).

The AANAPISI Opportunity Act is modeled after several already existing competitive grant programs for MSIs in USDA. Specifically, the bill establishes grants to support Asian American and Pacific Islander (AAPI)-centered agricultural research and scholarships to support agricultural education and career development. Additional funding will be given to AANAPISI students through a 50 percent institutional matching requirement. For low-resourced AANAPISIs who might not be able to match, like Northern Marianas College in my district, USDA may provide a waiver to help keep them in consideration for grant awards.

In addition to enhancing the potential of American agriculture, this bill will have generational impact by investing in the AAPI agricultural pipeline. USDA's 2017 Census of Agriculture identified 25,310 Asian producers in the United States, most of whom were younger and more likely to have recently started farming than U.S. producers overall.

Although 25.310 accounts for only 0.7 percent of the country's farmers and 2 percent of total U.S. agricultural sales, this bill would bolster the number of skilled AAPIs that contribute to our nation's agricultural workforce and output. A 2019 Journal of Research in Technical Careers article found that the highest-rated student retention strategies for underrepresented students pursuing agricultural careers were "academic support [and] giving students practical work experiences in their intended maior."

U.S. agricultural priorities can only be met when all producers are given opportunities to compete and succeed, including Asian Americans and Pacific Islanders. Now it is time for Congress to fully commit to investing equitably in one of the nation's most indispensable industries.

I thank my colleagues who joined me in introducing this important, bipartisan legislation—Mr. CASE, Ms CHU, Mr. MOYLAN, Ms. RADEWAGEN, and Ms. TOKUDA.

INTRODUCTION OF THE NUCLEAR WEAPONS ABOLITION AND CONVERSION ACT OF 2023

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA
IN THE HOUSE OF REPRESENTATIVES

Thursday, April 20, 2023

Ms. NORTON. Mr. Speaker, today, I introduce the Nuclear Weapons Abolition and Conversion Act of 2023. This bill would require that, beginning on the date that the President certifies to Congress that all countries possessing nuclear weapons have begun the verifiable and irreversible elimination of such weapons under the Treaty on the Prohibition of Nuclear Weapons (Treaty), the United States redirect resources that are being used for nuclear weapons programs to be used for addressing the climate crisis and human and infrastructure needs, such as housing, health care and restoring the environment.

In 1993, District of Columbia peace activists were successful in getting a ballot initiative in D.C. passed that called for nuclear disarmament. Every Congress since then, I have introduced a bill based on that initiative, including this bill. In March 2019, the D.C. Council passed a "Sense of the Council" resolution urging the United States to approve the Treaty. These actions show that D.C. residents were early, prescient leaders on this important issue. It seems that the rest of the world is, thankfully, starting to catch up to D.C.

As the only Nation that has used nuclear weapons in war, and that still possesses one of the largest nuclear weapons arsenals, my bill would help the United States reestablish its moral leadership in the world by redirecting funds that would otherwise go to nuclear weapons to address the climate crisis and urgent domestic needs.

I strongly urge my colleagues to support this bill.

CELEBRATING THE 90TH BIRTH-DAY OF BISHOP HENRY HEARNS

HON. MIKE GARCIA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES Thursday, April 20, 2023

Mr. MIKE GARCIA of California. Mr. Speaker, I rise today to honor a giant of the Antelope Valley and historic leader who is celebrating his 90th birthday, Bishop Henry W. Hearns, Sr., of Lancaster. Bishop Hearns is a model for younger generations and exemplifies what it means to truly to be a man of service. As our community congregates to celebrate the 90 wonderful years Bishop Hearns has spent with us, we also gather to commemorate and reflect on his accomplishments from his military service to his public service to his community service.

Bishop Hearns came from humble beginnings, growing up a sharecropper in Mississippi. Going on to serve his nation with honor in the U.S. Army, and having served overseas in Korea, he came home determined to pursue new opportunities and make a bona fide difference in any way he can. He settled on engineering, first attending Tennessee State University and later earning a master's degree in environmental engineering from the

University of Southern California. He went on to lead a groundbreaking career at Edwards Air Force Base. It was during this time, when he was immersed in his passion and providing for his family that he answered a higher calling, to serve as the Senior Pastor of what would become Living Stone Cathedral of Worship.

Upon his retirement in 1989 from Edwards Air Force Base, Bishop Hearns decided to carry on his charge of service by becoming the first elected African American official in Lancaster, California. Elected multiple times by his peers. including as Mayor, Bishop Hearns sought to make our community an incredible place to live. Even as he now serves as Mayor Emeritus, he continues to volunteer his time by serving on the boards of multiple service organizations.

So as the Antelope Valley community gathers to celebrate Bishop Hearns' birthday, we also thank him for his lifetime of continued service. We salute his resolve and his patriotism, and we look forward to his future contributions to the city that he loves so much.

REMEMBERING COLUMBINE

HON. JASON CROW

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES Thursday, April 20, 2023

Mr. CROW. Mr. Speaker, I rise today to honor the victims of the horrific mass shooting that occurred at Columbine High School in Littleton, Colorado 24 years ago. It has been 24 years since 12 teenagers and one teacher went to school and never made it home.

It's been 24 years since Daniel Rohrbough's mom gave him a hug and kiss goodbye before he walked out of their home one last time.

It's been 24 years since Dave Sanders placed the lives of over 100 students above his own before he was murdered.

It's been 24 years since Steven Curnow's greatest concern was when he could finally see Star Wars: the Phantom Menace.

It's been 24 years since John Tomlin held the hand of his classmate to comfort her as they hid under a table in the library.

they hid under a table in the library. It's been 24 years since Daniel Mauser was shot and killed two weeks after he expressed concern to his dad about America's gun laws. Daniel asked his dad about the loopholes in the Brady Bill that allow individuals to obtain guns online or at gun shows. Daniel's life was taken by a gun purchased through one of those loopholes.

I ask: What has changed since Columbine? The gun show loophole remains open to this day. Gun violence in this country is the worst it's ever been. Our children fear going to school every single day, and Republicans in Congress refuse to take the necessary steps to protect them.

Americans have had enough. I've had enough.

A quote etched into the side of the Columbine Memorial reads: "It brought the nation to its knees but now that we've gotten back up how have things changed; what have we learned?

We can and must do more to protect our children and our communities from gun violence. We must ban assault weapons and ensure these weapons of war are inaccessible to the general public.

CORRECTION

As Members of Congress, we have a responsibility to act and to ensure that a tragedy like the one that occurred at Columbine never happens again.

HUDSON MIDDLE SCHOOL SCIENCE OLYMPIAD CHAMPIONS

HON. EMILIA STRONG SYKES

OF OHIO

IN THE HOUSE OF REPRESENTATIVES $Thursday,\ April\ 20,\ 2023$

Mrs. SYKES. Mr. Speaker, I proudly represent Ohio's 13th District, the birthplace of champions.

I rise today to congratulate Ohio 13's champion of the week: the Hudson Middle School Science Olympiad team, which recently placed first and second at the Eastern Regional tournament at the University of Akron.

Against 11 teams, Hudson Middle School dominated, winning 22 out of the 23 events and earning 44 sets of medals out of a possible 46.

This team's hard work, dedication, and perseverance has truly paid off, and I am honored to acknowledge this incredible achievement.

By winning the Eastern Regional tournament, they have not only demonstrated their exceptional talent and intelligence, but they have also proven that with focus and hard work, anything is possible.

As a member of the House Science, Space, and Technology Committee, I applaud the entire team's dedication and passion for science.

They have set a wonderful example for their peers, and I have no doubt that these students will be future leaders and innovators in the STEM field.

Once again, congratulations to Hudson Middle School Science Olympiad team on this well-deserved victory.

COMMEMORATING THE 10TH ANNI-VERSARY OF KOREAN CONNEC-TION

HON. HILLARY J. SCHOLTEN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, April 20, 2023

Ms. SCHOLTEN. Mr. Speaker, I rise today to honor Korean Connection, a nonprofit organization in Michigan's Third Congressional District working to build awareness and appreciation for Korean culture and community in West Michigan.

This year, on the 10th anniversary of their founding, Korean Connection is commemorating the 70th anniversary of the signing of the Armistice Agreement between South and North Korea which ended the Korean War.

During the Korean War, hundreds of thousands of South Korean civilians perished, along with troops from South Korea, the United States, and the United Nations who gave their lives to keep South Korea free from a communist takeover. I'm proud to stand with Korean Connection as they honor the sacrifices made for freedom and democracy—values we all hold dear.

While this year holds particular significance for this historical moment and our values, it's

also important for me to recognize just some of the ways our shared lives are enhanced when we celebrate Korean cultural heritage: Korean Connection organizes Korean language classes, cooking classes, and annual celebrations. My hometown of Grand Rapids recently recognized Gangnam-gu as a Sister City, and we're proud to share art and music across the world, as well as partner in business and medicine.

Because of the work of Korean Connection, my district has enhanced respect for cross cultural connection, business ties, and the diversity that enriches us all. On this historic day, we remember those who sacrificed everything to defend freedom and democracy. We hold space for the experiences of those with Korean heritage in West Michigan, and we commit ourselves to the good work of building a welcoming community for all.

PERSONAL EXPLANATION

HON. MAX L. MILLER

OF OHIO

IN THE HOUSE OF REPRESENTATIVES Thursday, April 20, 2023

Mr. MILLER of Ohio. Mr. Speaker, had I been present, I would have voted Yea on Roll Call No. 183 and Yea on Roll Call No. 184.

DISAPPROVING THE ACTION OF THE DISTRICT OF COLUMBIA COUNCIL IN APPROVING THE COMPREHENSIVE POLICING AND JUSTICE REFORM AMENDMENT ACT OF 2022

SPEECH OF

HON. BETTY McCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 19, 2023

Ms. McCOLLUM. Mr. Speaker, I rise in opposition to H.J. Res. 42.

House Republicans seem to think it is appropriate to stop the District of Columbia from enacting the kind of common-sense police reforms that many of our states, including my state of Minnesota, have already enacted.

My constituents did not elect me to interfere with the local politics of our nation's capital city.

Congress should respect the 700,000 residents of the District of Columbia by not interfering in their right to pass measures to improve their public safety and public trust. If my Republican colleagues won't support D.C. statehood, they should at least support the autonomy of D.C.'s local government.

The D.C. bill which Republicans are attacking was enacted to establish public trust with law enforcement and save lives. Banning chokeholds, limiting the use of deadly force, and requiring training on de-escalation are positive measures that duly elected D.C. officials have determined will make their community safer. Instead of using a Congressional vote to overturn D.C.'s law, Congress should be advancing law enforcement reform measures on a federal level, such as the George Floyd Justice in Policing Act.

My Republican colleagues need to stop interfering with D.C.'s duly elected officials.

Congress should instead get to work for the American people to cap insulin costs for everyone, make the wealthiest and the biggest corporations pay their fair share in taxes, or strengthen Social Security and Medicare.

President Biden has already said he will veto this legislation should it make it to his desk. But Republicans insist on wasting Congress's time with political stunts like this instead of solving problems for the constituents we all were elected to serve.

Mr. Speaker, H.J. Res. 42 should be rejected.

REMEMBERING DALE SCHNEIDER

HON. TOM EMMER

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Thursday, April 20, 2023

Mr. EMMER. Mr. Speaker, I rise today to honor the life of Dale Schneider, who passed away on April 14, 2023, at the age of 76.

Born in St. Cloud, Dale took over the familyowned Sal's Bar and Grill in St. Joseph, Minnesota from his parents in 1971. Sal's is at the crossroads of St. John's University and the College of St. Benedict where all things Johnnies and Bennies reign supreme.

For over 50 years, Dale kept thirsty students, faculty, and community members well-hydrated and fed. Dale had a steel trap of a memory that helped him remember names of college alumni years after graduation and in some cases their outstanding bar tabs.

I had the pleasure of getting to know Dale during many visits to Sal's over the years. No trip to a Johnnies football game was complete without a post-game beer at Sal's. There is some solace in the fact that the next time I'm at Sal's, I'll likely see his son, Kyle, tending bar just like his dad

We pray that Dale's lasting memory will give his wife, Diane, and the rest of the family comfort in this difficult time.

RECOGNIZING MS. CHRISTINE
JAMES-BROWN ON HER RETIREMENT AS PRESIDENT OF THE
CHILD WELFARE LEAGUE OF
AMERICA

HON. DANNY K. DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES $Thursday,\ April\ 20,\ 2023$

Mr. DAVIS of Illinois. Mr. Speaker, I rise today to recognize the exceptional service of Christine James-Brown, the President and Chief Executive Officer of the Child Welfare League of America (CWLA), who recently announced her retirement as President.

CWLA is an outstanding organization that works to improve the quality and availability of child welfare and related services through standard-setting and advocacy. Ms. James-Brown began her tenure as President of CWLA in April 2007, assuming the leadership of the nation's oldest and largest membership-based child welfare organization. Ms. James-Brown has served as the eighth President of this 103-year-old organization. With more than sixteen years of service, she is the second-longest serving President of CWLA. Ms.
