TER of Georgia) having assumed the  
chair, Mrs. CAMMACK, Acting Chair of  
the Committee of the Whole House on  
the state of the Union, reported that  
that Committee, having had under con-  
sideration the bill (H.R. 3935) to amend

## NATIONAL ICE CREAM MONTH

(Mr. THOMPSON of Pennsylvania  
asked and was given permission to ad-  
dress the House for 1 minute and to re-  
vise and extend his remarks.)

Mr. THOMPSON of Pennsylvania.  
Madam Speaker, I rise today to recog-  
nize the month of July as National Ice  
Cream Month and celebrate America's  
favorite frozen dairy treat.

As the weather gets hotter and the  
days get longer, there truly is nothing  
like a bowl of sweet, smooth ice cream  
to help turn down the heat. Dedicated  
in the United States by the late Presi-  
dent Ronald Reagan, National Ice  
Cream Month serves to boost spirits  
and cool temperatures, especially on a  
day as warm as this one.

Not just a staple of the American  
diet, American ice cream also boosts  
local communities. Keep an eye out for  
the more than half of ice cream shops  
in the United States that are family  
owned and have been in operation for  
more than 50 years.

Madam Speaker, you can support  
local scoop shops the entire month  
throughout the summer. Enjoy the  
sweetest month of the year by sup-  
porting local businesses and industry.

## SANCTUARY CITY POLICIES

(Mr. LANGWORTHY asked and was  
given permission to address the House  
for 1 minute.)

Mr. LANGWORTHY. Madam Speak-  
er, tonight we passed H.R. 3941, the  
Schools Not Shelters Act, sponsored by  
my friend and colleague from New  
York, Representative MARC MOLINARO.

Unfortunately, this legislation is a  
necessary response to President  
Biden's border crisis, which has been  
made worse by the sanctuary city poli-  
cies of New York Democrats.

We are seeing illegal immigration  
spill into communities across the  
State, including in my district in west-  
ern New York.

When Mayor Eric Adams and Gov-  
ernor Kathy Hochul announced their  
plan to take over campuses across the  
State and turn them into migrant  
housing, it struck many parents, in-  
cluding me, as an insult. Our invest-  
ment of billions of taxpayer dollars for  
award-winning schools like our SUNY  
campuses is thrown away to become  
migrant camps.

The Schools Not Shelters Act sends a  
clear message that our Nation values  
the education and well-being of our  
children above all else.

Madam Speaker, I urge my col-  
leagues in the Senate to support this  
measure to put our children first.

## FAA REAUTHORIZATION

(Mr. ROSE asked and was given per-  
mission to address the House for 1  
minute and to revise and extend his re-  
marks.)

Mr. ROSE. Madam Speaker, the Se-  
curing Growth and Robust Leadership  
in American Aviation Act will impact  
anyone boarding a plane in the United  
States.

The bill improves runway safety, en-  
hances cybersecurity, and upgrades the  
all-important air traffic control sys-  
tem. It also works to address staffing

shortages facing the airlines, the FAA, and the NTSB.

House Republicans have crafted an FAA authorization bill of substance, one that makes critical improvements in aviation and promotes oversight over the agencies regulating the industry, and we will see even more oversight if my amendment is passed. It requires the Government Accountability Office to issue a report explaining what caused the thousands of flight cancellations around the July Fourth holiday.

Madam Speaker, you won't find many existing diversity and inclusion programs in this legislation, but you will find policies that make the skies safer for all passengers no matter their race or their background.

#### IMMIGRATION

(Mr. JOYCE of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOYCE of Pennsylvania. Madam Speaker, today President Biden's Department of Homeland Security announced that they did not know the location of nearly 40 percent of illegal immigrants who have entered our Nation.

The failed catch-and-release policies that have been championed for the past 2 years have led to the chaos and the confusion that has made each and every State a border State.

Since Joe Biden took office, there have been more than 5.5 million illegal crossings at our southern border, and now liberal-run cities are attempting to use our schools as shelters for illegal immigrants.

These policies have only worsened the situation, and it is time for his administration to return to solutions that will address this crisis.

It is time to reinstate title 42, it is time to stop using our schools to house illegal immigrants, and it is time to fully secure our border.

#### REMEMBERING BOBBY "BLUE" SMITH

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Madam Speaker, I rise today in remembrance of Bobby "Blue" Smith.

On Thursday, June 22, 2023, Ware County lost not only a beloved member of their community but also a brave hero.

Bobby "Blue" Smith was born on July 12, 1998, in Waycross, Georgia, to Bobby Green Smith and Crystal Blue Freeman. After he graduated from Pierce County High School in 2017, he began working for the Ware County Fire Department as well as Hodges Plumbing and Walker's Lawn Care.

Blue was a light in his community. He was a follower of Christ who took every opportunity to love and uplift his family and friends as well as strangers.

He enjoyed fishing, hunting, and spending quality time with his family, and he never missed an opportunity to ride buggies at Fat Daddy's ATV Park.

Blue bravely served his community for years, and he will be deeply missed by everyone who was blessed enough to know and love him.

He is survived by his parents and siblings along with many other relatives and friends who loved him dearly.

#### ILLEGAL ALIENS HOUSED IN SCHOOLS

(Mr. CLINE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CLINE. Madam Speaker, the Biden administration's radical open border policies have turned every community into a border community.

Since President Biden took office, CBP officials have encountered a record high of 5.5 million illegal immigrants at the southern border, and nearly 2 million of those have been released into our Nation.

Unfortunately, to deal with this crisis, liberal cities such as New York City are planning to house migrants in public schools—setting a dangerous precedent. This brings an unnecessary problem that administrators are simply not equipped to handle, nor should they have to.

That is unacceptable, which is why I am proud to join my colleagues in passing the Schools Not Shelters Act. This legislation would ban the use of taxpayer-funded schools as shelters for illegal migrants.

America's schools should be focused on providing the best opportunities for students, not be forced to deal with the repercussions of President Biden's failure to secure the border.

#### IRS WHISTLEBLOWERS

(Mrs. MILLER-MEEKS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MILLER-MEEKS. Madam Speaker, today the House Committee on Oversight and Accountability heard the testimony of two IRS whistleblowers who revealed how the Department of Justice interfered in the investigation of the foreign business dealings of the Biden family. During this oversight hearing, we learned that Hunter Biden received money from China and other countries.

Today's hearing made it apparent that there are two sets of rules in this country, one for the Biden family and another for the rest of us. If people in my district did even a small amount of what Hunter Biden did, they would have to serve time in jail. Instead of receiving full accountability from our Justice Department, the two IRS whistleblowers confirmed that the Attorney General was not impartial in its investigation.

Further, they revealed that President Biden not only knew about Hunter Biden's corrupt foreign business deals, but he was in the room for the deals.

Hunter Biden, with the full knowledge and participation of then-Vice President Biden, leveraged his family name during these shady business deals, which is absolutely an abuse of power and not an appropriate use of the Office of the Vice President.

If the Department of Justice will not do its job and complete a thorough investigation, then it is up to Congress to employ the accountability needed. Iowans want to have full faith in our criminal justice system, and that starts with an equal application of the law.

Madam Speaker, I wish a happy birthday to my brother-in-law, Ralph Martino.

Happy birthday, Ralph.

#### AMERICAN SCHOOLS ARE FOR AMERICAN STUDENTS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, it ought to be obvious that American schools are for American students. This should not be a controversial statement, yet in the last few months, cities such as New York and Chicago, for example, and across the U.S. are using schools as shelters for illegal immigrants.

All of this is the result of the Biden administration's failed border policies that have turned every State into a border State, regardless if they are actually near the border.

The policies have only further encouraged more illegal immigration because of the promise of illegal immigrants being allowed to remain in our country with proper process and cushy food and housing. The tab of all of this is being picked up by the American taxpayer.

The recent expansion of these programs into schools is an insult to the reason public schools even exist, to provide a free education that teaches kids the necessary skills to lead a successful life, all of which stand to be disrupted by illegal immigrants being housed in their school gyms and classrooms taking up the resources that rightly belong to American students.

This is why we need the Schools Not Shelters Act introduced by Mr. MOLINARO from New York.

We can't guarantee who are even coming into these shelters or if the information we have on them is at all accurate, and we certainly can't promise parents that there will be no harm to their kids.

A controlled border solves these issues, and the Schools Not Shelters Act is a very important key to starting on that.
