

No, it is more like 100 days from now, roughly.

The notion that this was rushed to the floor is ridiculous. Biden wants to keep it going. He wants to spend money under his emergency authorities, which he shouldn't have right now. It is very irresponsible with the debt limit looming and with us in extraordinary measures.

The reality is he wants 100 more days to shove money out the door and to waste money that hasn't been guarded very well or audited. It has been 1,000 into 15 days to slow the spread. It is time to end this emergency now.

Mr. Speaker, I support Mr. GOSAR's bill.

Mr. LARSEN of Washington. Mr. Speaker, I reserve the balance of my time.

Mr. GRAVES of Missouri. Mr. Speaker, I yield 1 minute to the gentleman from Illinois (Mr. BOST).

Mr. BOST. Mr. Speaker, back in September, President Biden said the pandemic is over. In early January, he extended his public health emergency for COVID for the twelfth time. Now he says the public health emergency will end May 11.

The emergency's been ended, then extended, then expired, when all of us know that it hasn't existed for months.

I guess we can say now that COVID will magically disappear in May because he says so. Who knows? We might even get new guidance tomorrow. I guess the Americans should watch out.

The American people—regardless of what was said on the other side of the aisle—are tired of this. They want to get back to business as usual. The American people are fed up with shutdowns that killed our jobs and restricted our rights.

We are going to end this madness now; we need to, that is why I am a cosponsor of the bill.

Mr. LARSEN of Washington. Mr. Speaker, my colleagues on the other side of the aisle are fond of quoting the President and saying the pandemic is over. I just hope they will also agree with the President that we have had the 2 strongest years of job growth in history the last 2 years. We have had the lowest level of unemployment in 50 years. We have a new record low unemployment for Black and Hispanic Americans and record low unemployment for people with disabilities.

I hope as they are picking and choosing what they choose to agree with the President on, that they look at these facts, and also come out and agree with the President that these are also the facts.

Mr. Speaker, I reserve the balance of my time.

Mr. GRAVES of Missouri. Mr. Speaker, I yield 2 minutes to the gentleman from Colorado (Mrs. BOEBERT).

Mrs. BOEBERT. Mr. Speaker, it has been nearly 3 years since the first national emergency declaration was issued related to the COVID-19 pandemic on March 13, 2020.

Since then, the Federal Government has authorized over \$6 trillion in response to COVID-19. Our children have suffered severe learning loss due to school closures, and countless small businesses have been forced to permanently close their doors.

The Democratic Party has used and abused the national emergency authorization to push their unpopular, radical agenda, like the eviction moratorium, student loan forgiveness, and reckless spending that has led to skyrocketing inflation that is impacting my constituents today—your constituents today.

When they go to the grocery store and are paying \$9, \$10, \$11 for 12 eggs, this is a problem. They also put unconstitutional vaccine mandates in place to put healthcare workers and our military servicemembers, serving in all branches of our military, out of work.

COVID is over. Yet, nearly 3 years later, more than 35 National Emergencies Acts are still in effect, and the current administration is continuing to abuse more than 120 special statutory powers only meant for times of emergency.

Even Joe Biden said the pandemic is over. We agreed with that long before he said it, and we are happy he is finally saying it. It is far past time to put an end to this abuse.

Mr. Speaker, I thank my friend and colleague, Representative GOSAR, for his strong leadership on this issue. I am proud to be cosponsor of this legislation, and I strongly support it.

Mr. LARSEN of Washington. Mr. Speaker, the administration has a plan to bring the national emergency declaration to an early end on May 11, aligning with its commitment to at least 60 days' notice prior to termination. This gives time for a deliberate and sensible wind down of the national emergency.

Mr. Speaker, I ask my colleagues to oppose H.J. Res. 7, and I yield back the balance of my time.

Mr. GRAVES of Missouri. Mr. Speaker, in closing, last year President Biden acknowledged that the pandemic is over, as has been pointed out.

There is no compelling need for the President to continue exercising the extraordinary authorities under the NEA. The Senate, on a bipartisan basis, agreed in November, and here in the people's House I think it is time that we do the same.

Mr. Speaker, I urge support of this joint resolution, and I yield back the balance of my time.

The SPEAKER pro tempore. Pursuant to House Resolution 75, the previous question is ordered on the joint resolution.

The question is on the engrossment and third reading of the joint resolution.

The joint resolution was ordered to be engrossed and read a third time, and was read the third time.

The SPEAKER pro tempore. The question is on passage of the joint resolution.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. GRAVES of Missouri. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this question will be postponed.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the passage of the bill.

This is a 15-minute vote.
