than 3 million airport travelers every day deserve better.

In Chicago, more than 6,000 such workers represented by SEIU Local 1 now get a living wage and decent benefits, but far too many workers still depend on the luck of a tip jar to augment their measly \$2.13 hourly wage. A \$2.13 hourly wage will not fly.

Let's ground a \$2.13 hourly wage once and for all. Let's pass the Good Jobs for Good Airports Act now.

RECOGNIZING HAYLEY AND STEPHANIE PAINTER OF PAINTERLAND SISTERS YOGURT

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to recognize Hayley and Stephanie Painter of Tioga County. The Painter sisters are fourthgeneration farmers who started an organic skyr yogurt brand to preserve their family's Pennsylvania farm in 2020.

Painterland Sisters Yogurt now sells across nearly 2,000 locations at grocery stores, including Giant, Whole Foods, Sprouts, and Gristedes.

They also sell the cream left over when making yogurt to make ice cream

Earlier this year, Painterland Sisters was named on the Forbes 30 Under 30 Food and Drink List. The Painter sisters, like many younger-generation farmers, were looking for a way to carry on their family's agricultural legacy while making it their own.

Their family's farm is home to 400 cows who graze all over the property. The Painter sisters' dedication and passion for the family farm and business have led to tremendous success.

I congratulate the Painter sisters on this magnificent accomplishment. Keep making delicious and nutritious yogurt.

Farmers feed. Nutrition matters. Whole milk heals.

LIBERIA 100TH ANNIVERSARY

(Ms. WASSERMAN SCHULTZ asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. WASSERMAN SCHULTZ. Mr. Speaker, I rise today to recognize the 100-year legacy of Liberia, a historically Black neighborhood, rich with culture, art, faith, strong families, and a rich legacy nestled in the city of Hollywood. Florida.

This diverse community is filled with people of all backgrounds today, but there was a time when Black residents were only afforded one option: the Liberian neighborhood.

The Liberia name is fitting, as it represents freedom.

With this spirit of freedom imbued within the people, the community was inhabited mostly by Black people from The Bahamas and the Southern United States.

Through determination, faith, and resilience, the residents of Liberia built a community with a strong foundation where they not only could live but thrive.

Some of the early residents, such as Robert Mitchell and Henry Graham and fourth-generation Liberia resident Commissioner Linda Hill Anderson, were and are pioneers for progress for countless individuals who emerged from Liberia to become successful professionals, elected officials, athletes, artists, and role models.

I celebrate the perseverance and brilliance of this community today and for generations to come.

I congratulate Liberia on 100 years. Here is to 100 more.

CONGRATULATING HOT SPRINGS VOLUNTEER RESCUE SQUAD ON THEIR 60TH ANNIVERSARY

(Mr. CLINE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CLINE. Mr. Speaker, I rise to recognize the Hot Springs Volunteer Rescue Squad for 60 years of serving the people of Bath County.

Since 1963, the Hot Springs Rescue Squad has provided emergency medical services to its citizens including cardiac care, cave rescue, vehicle rescue, search and rescue, and water rescue, along with treatment and transport for medical and trauma patients.

With 1 paramedic, 3 intermediate, 6 advanced, 5 drivers, and 20 basic providers, the squad responds to multiple calls for service weekly, and each one of the team members conducts their job professionally and swiftly.

Throughout its history, the Hot Springs Rescue Squad and its members have been nominated and received multiple awards, including the first-place trophy at the State EMT competition in Roanoke.

The Squad's longevity stands as a testament to the civic spirit of the town and an example we should all follow: to always lend a helping hand.

I congratulate again the Hot Springs Volunteer Rescue Squad on their 60th anniversary, and I wish them many more years of success.

EXPANDING MILK OPTIONS FOR SCHOOL LUNCH PROGRAMS

(Ms. SCHRIER asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. SCHRIER. Mr. Speaker, as a pediatrician, I understand that sometimes competing concerns about making sure that children who are food insecure get enough good-quality food to eat at school, and at the same time making sure those meals do not contribute to our epidemic of childhood obesity and its accompanying diseases.

It was trying to balance those priorities that led to 2012 guidelines that prohibited schools from offering 2 percent and whole milk.

Interestingly, data compiled and analyzed from multiple studies since then does not show a correlation between whole milk and increased obesity, type 2 diabetes, hypertension, or heart disease when compared with other milks. In fact, some studies show the opposite.

In addition, milk is packed with nutrients like calcium and vitamin D. As a consequence of the drop in milk consumption since these restrictions, many children lack sufficient vitamin D and calcium intake.

Vitamin D deficiency is known to adversely affect bone growth and bone density. It may also play a role in increasing the risk for autoimmune diseases. Many of my patients had very low vitamin D levels.

While some children will choose water instead of the lowest fat milks, many others will choose juice or other sugary drinks which carry zero nutritional value and pose known health risks.

I am proud to have introduced the Whole Milk For Healthy Kids Act, and I encourage my colleagues to vote with me in passing this bill.

SECURING THE BORDER

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, I have warned over 110 times that the global war on terrorism is not over with appeasement in Afghanistan leading to terrorist attacks on American families with Biden open borders.

The threat is clear. We see the shocking number of trained, well-financed mass murderers invading America, this year reaching 169. Ukraine was invaded, then Israel was invaded. Now America invaded.

House Republicans addressed the border issue earlier this year with the Secure Borders Act, blocked by Senate Democrats. It promotes restarting wall construction, advancing technology, adding border patrol, ending catch and release, and reversing executive authorities.

Each Congressional office has a rally point in the event of an attack.

I urge all families to plan a rally point. Communications may be disrupted, and every family member should know where to gather for safety before the roads are closed.

In conclusion, God bless our troops who successfully protected America for 20 years. It is sadly clear, there will be more 9/11 attacks across America, imminent as the FBI has finally revealed last week.

BRIDES MARCH

(Mr. ESPAILLAT asked and was given permission to address the House

for 1 minute and to revise and extend his remarks.)

Mr. ESPAILLAT. Mr. Speaker, I rise today to recognize the women of the Brides March, who for 24 years since Gladys Ricart's tragic death on her wedding day, have held the annual Brides March in her memory to speak out against domestic violence.

Each year, I host the brides in Washington to honor Gladys' life and legacy. During this past National Domestic Violence Awareness Month, I reintroduced my Gladys Ricart Resolution, which fights back against domestic violence.

I will not rest until Gladys Ricart's story is told across America and is a thing of the past. We will continue to fight to prevent domestic violence. Every State in the Union must have a code of laws against domestic violence.

We will always remember Gladys

SECURING OUR OWN NUCLEAR SUPPLY CHAIN

(Mr. FULCHER asked and was given permission to address the House for 1 minute and to revise and extend his remarks)

Mr. FULCHER. Mr. Speaker, there is no reason our Nation should be importing natural resources from Russia as we have an abundance of untapped energy resources right here under our feet.

H.R. 1042, the Prohibiting Russian Uranium Imports Act, represents a crucial step forward in protecting our national security, safeguarding our interests, and ensuring the responsible use of nuclear energy within the United States.

We must recognize the importance of having safe nuclear energy in our national energy portfolio and the related need for responsible sourcing of critical minerals like uranium.

The risk of relying on Russian imports is just too high. Becoming energy independent will make us stronger in the long run. We must utilize our domestic resources and our trustworthy friends. Let us consider the strategic importance of securing our own nuclear supply chain.

By passing H.R. 1042, we affirm our commitment to energy independence, national security, and responsible governance.

RECOGNIZING THE RETIREMENT OF MAYOR FRED YATES

(Mr. DAVIS of North Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DAVIS of North Carolina. Mr. Speaker, I rise to celebrate the retirement of an incredible human being and leader, Fred Yates, who served as the mayor of Winfall, North Carolina, for more than 30 years.

He was the first African American to hold this position. His leadership brought transformative projects, including a new town hall, a sewer system, and public safety for the town residents.

I congratulate Mayor Yates on his well-deserved retirement and thank him for his commitment to making eastern North Carolina better. His impact will be felt for generations to come.

PAYING TRIBUTE TO THE HONORABLE SANDRA DAY O'CONNOR

(Mrs. LESKO asked and was given permission to address the House for 1 minute.)

Mrs. LESKO. Mr. Speaker, I rise today to pay tribute to a great American woman who has served our Nation and my State so admirably throughout many decades.

Sandra Day O'Connor is an American icon and was a trailblazer for thousands of women to pursue and achieve their dreams.

This amazing woman was born in 1930 and grew up on the Lazy B Ranch in southeastern Arizona. She went on to serve in the Arizona Attorney General's office and then as the county's first female State senate majority leader in the Arizona legislature.

After being elected as a judge to the Maricopa County Superior Court, she was nominated by President Ronald Reagan as America's first female Supreme Court Justice.

She always showed courage, leadership, and independence throughout her time in government. Her contributions to the fabric of this Nation will be cherished for generations to come.

RECOGNIZING GREAT PROGRESS BY DEMOCRATS

(Ms. SALINAS asked and was given permission to address the House for 1 minute.)

Ms. SALINAS. Mr. Speaker, I rise today to recognize the great progress my Democratic colleagues and I have made for our constituents this Congress. We worked across the aisle to keep the government funded and ensure our servicemembers continue to get paid. We fought against reckless attempts to cut Social Security and Medicare and restrict reproductive freedom.

Despite the endless chaos and political theater, we have never stopped leg-

islating, because at the end of the day, Oregonians sent me here to get things done, and I can honestly say I am sticking to that promise.

I have introduced six bipartisan bills and cosponsored dozens more. Just last month, the House passed my first bill to restore land claims and compensation rights to the Grand Ronde Tribe.

I am proud of the things we have accomplished in 2023, but there is more work ahead of us. In the coming year, I urge my colleagues in both parties to join me in pushing past the gridlock. Working together, we can deliver real, tangible results for the American people.

PROVIDING FOR CONSIDERATION OF H.R. 1147, WHOLE MILK FOR HEALTHY KIDS ACT OF 2023; PROVIDING FOR CONSIDERATION OF H.R. 357, ENSURING ACCOUNTABILITY IN AGENCY RULEMAKING ACT; AND FOR OTHER PURPOSES

Mrs. FISCHBACH. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 922 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 922

Resolved, That at any time after adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 1147) to amend the Richard B. Russell National School Lunch Act to allow schools that participate in the school lunch program under such Act to serve whole milk. The first reading of the bill shall be dispensed with. All points of order against consideration of the bill are waived. General debate shall be confined to the bill and shall not exceed one hour equally divided and controlled by the chair and ranking minority member of the Committee on Education and the Workforce or their respective designees. After general debate the bill shall be considered for amendment under the five-minute rule. The amendment in the nature of a substitute recommended by the Committee on Education and the Workforce now printed in the bill shall be considered as adopted in the House and in the Committee of the Whole. The bill, as amended, shall be considered as the original bill for the purpose of further amendment under the fiveminute rule and shall be considered as read. All points of order against provisions in the bill, as amended, are waived. No further amendment to the bill, as amended, shall be in order except those printed in the report of the Committee on Rules accompanying this resolution. Each such further amendment may be offered only in the order printed in
