

than 65 different aircraft, including F-15s, F-16s, F-4s, and A-10s as well as other developmental aircraft. His last flight was in a B-52 Stratofortress out of Barksdale Air Force Base in Louisiana in June 2022.

Kevin retired from Active Duty in October 2002, after serving as the vice wing commander of the 46th Test Wing at Eglin Air Force Base. Following Active Duty, Kevin continued his service to our great country as a civilian, leading the development of policy, products, and standards for the Air Force's 53rd Test Management Group, the U.S. Air Force's largest operational test wing, at Eglin Air Force Base.

Kevin's work over the decades has had an immeasurable impact on America's national security. His dedication to the mission and tireless efforts have contributed to the safety of all Americans.

I extend my best wishes to Kevin and his family on his retirement and thank him for his service.●

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-35. A concurrent resolution adopted by the Legislature of the State of Louisiana urging and requesting the United States Congress to support the extension of funding for the Affordable Connectivity Program (ACP) of 2021, which provides their citizens with access to broadband services; to the Committee on Commerce, Science, and Transportation.

#### HOUSE CONCURRENT RESOLUTION NO. 103

Whereas, in August of 2019, by executive order, Governor John Bel Edwards created the Broadband for Everyone in Louisiana commission. This commission facilitates private sector providers, public entities, and other broadband stakeholders to improve both the adoption and availability of broadband service for Louisiana residents by providing universal access to broadband service; and

Whereas, during the 2020 Second Extraordinary Session of the Legislature of Louisiana, the legislature created the office of broadband and connectivity within the governor's office to promote and encourage broadband adoption for households in an ef-

fort to eliminate the digital divide in Louisiana by 2029; and

Whereas, the office of broadband and connectivity's mission is to coordinate federal, state, and municipal efforts by identifying best practices and tactics necessary in their goal; and

Whereas, in 2021, as part of the bipartisan Infrastructure Investment and Jobs Act's historic investment in broadband infrastructure and digital equity, Congress appropriated more than fourteen billion dollars for the ACP; and

Whereas, Congress assigned the Federal Communications Commission to administer the ACP, the successor program to the Emergency Broadband Benefit, which helped almost nine million households afford internet access during the pandemic; and

Whereas, under the ACP, eligible households can receive up to thirty dollars per month discount toward internet services and up to seventy-five dollars per month for households on qualifying tribal lands; and

Whereas, eligible households may also receive a one-time discount of up to one hundred dollars to purchase a laptop, desktop computer, or tablet from participating providers; and

Whereas, Louisiana was the first state to receive broadband award approval from the bipartisan Infrastructure Investment and Jobs Act and is number one in the nation for ACP enrollment with an estimated forty-six percent of eligible households enrolled; and

Whereas, currently, there are more than nine hundred thousand eligible households within the state that may qualify for the ACP and four hundred and twenty-two thousand, two hundred and fifty-seven households that have enrolled; and

Whereas, based on current take rates, the more than fourteen billion dollars in funding appropriated for the ACP program could be exhausted in late 2023 or early 2024; and

Whereas, the ACP has been a critical tool in helping bridge the "digital divide" that exists between those who have access to modern information and communications technology and those who do not; therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby urge and request each member of the Louisiana congressional delegation to support continued funding of the ACP so that low-income Louisiana households can continue to receive the support they need to participate in the digital marketplace; and be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-36. A resolution adopted by the House of Representatives of the State of Louisiana urging and requesting the Transportation and Security Administration (TSA) of the United States to have discussions with the Department of Public Safety and Corrections (DPS&C) regarding the development of guidelines and procedures for individuals released from DPS&C custody and those on probation or parole for a pre-application process for Transportation Worker Identification Credential cards (TWIC cards) while in custody and to work on a process to streamline felony conviction automatic denials; to the Committee on Commerce, Science, and Transportation.

#### HOUSE RESOLUTION NO. 275

Whereas, the Maritime Transportation Security Act of 2001 (MTSA) was introduced following the terrorist attacks on September 11, 2001, and became P.L. 107-295 in 2002; and
