HONORING HOWARD CHAIM
TARLOW

HON. FRANK PALLONE, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 11, 2024

Mr. PALLONE. Mr. Speaker, I rise today in commemoration of the life of Mr. Howard Chaim Tarlow. Mr. Tarlow, a resident of Edison, New Jersey, passed unexpectedly in his home following 16 years of valued service as a New Jersey Firefighter. It is my privilege to recognize Mr. Tarlow's life as an inspiring father of two girls and a son, who raised his family in Edison and gave back to the community as a dedicated member of distinction with the Edison Fire Department.

Howard Tarlow was employed by the Edison Division of Fire, teaching a lifelong goal to be a career firefighter and give back to his community. This began in 2008, when he first joined the Highland Park volunteer the service. Two years later, Mr. Tarlow transferred to Raritan Engine Company 1 to courageously serve the community in which he and his family reside. Mr. Tarlow was known for his continuous pursuit of fire service education, regularly attending naming classes, and earning a Bachelors in Fire Science from New Jersey City University.

The community is deeply saddened for the loss of Mr. Tarlow as they now miss a beloved friend, changemaker, and community leader. He will be remembered for his selflessness serving as a delegate for the Local 1197 Professional Firefighters Association of NJ State (PFANJ) union, leading as Treasurer, charity account administrator, and team problem solver.

Perhaps the most exemplary impact Mr. Tarlow brings to the Edison community is the inspiration he shared with his son, Mark (Mordy). In 2020, Mark was appointed to be a member of the Edison Division of Fire, following in his father's footsteps. At age 47, Howard Tarlow is forever a valued community member, beloved father, and generous labor rights advocate for New Jersey firefighters.

Mr. Speaker, I sincerely hope that my colleagues will join me in honoring Mr. Howard Tarlow for his lifetime dedication to his family and community.

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 11, 2024

Mr. CARTWRIGHT. Mr. Speaker, today I recognize the remarkable three decades that my constituent, Christine French Cully, served as an editor, editor in chief, executive vice president, chief purpose officer, and brand

ambassador at Highlights for Children, Inc., as edited in Honesdale, Pennsylvania.

Chris Cully contributed immeasurably to the success and growth of Highlights, as well as to the public esteem of the brand, by her wise decisions and extensive contributions to the Highlights editorial and business departments. She maintained the highest level of quality in her own work, serving as an advocate for children and keeping their best interests in mind throughout her career. She dedicated herself to helping millions of children become their best selves—curious, creative, caring, and confident—and personally answered thousands of their letters and emails, some of which have been compiled into her book, *Dear Highlights: What Adults Can Learn from 75 Years of Letters and Conversations with Kids*.

Chris' foresight, vision, and deep understanding of the goals and philosophy of Highlights magazine helped her oversee the expansion of the way the company served children, reaching to include a wide range of communications realms, including digital formats, licensing partnerships, international initiatives, products to support parents and teachers, and a robust presence in other media, including podcasts and videos.

Chris always labored to elevate and unify the children's publishing industry through her founding and hosting of annual retreats for magazine editors and through her personal and professional support of the Highlights Foundation and its workshops at the Chautauqua Institution as well as at its Boyds Mills campus. She also dedicated her time and energy in service to our region of the state through organizations such as Girl Scouts in the Heart of Pennsylvania, Habitat for Humanity, and St. Jude's Children's Research Hospital.

Time and time again, Chris proved herself to be a masterful participant at functions and events of import to the community. She gave speeches and workshops, and she was regularly interviewed for national news media. She truly lived her cause and commitment. I am proud to express my heartfelt appreciation for her life's work and enduring legacy.

Wednesday, December 11, 2024

Mr. ROGERS of Alabama. Mr. Speaker, I rise today to honor and recognize the retirement of Tony Russell, the Superintendent of FEMA's Center for Domestic Preparedness (CDP) in Anniston, Alabama.

As Superintendent, Mr. Russell has provided executive level management and leadership for the CDP, which provides unique, hands-on training to more than 60,000 emergency responders a year from state, local, tribal and territorial agencies. He oversees operations of the CDP's 176-acre campus, which is home to the only training facility in the country where civilian responders can train in a toxic agent environment and the Nation's only hospital training facility dedicated solely to preparing the healthcare, public health and environmental health specialists for mass casualty events related to terrorism or natural disasters.

Mr. Russell previously served as the Superintendent of FEMA's Emergency Management Institute. During his tenure at EMI, he was deployed in support of critical agency priorities. In 2012, Mr. Russell assisted with the Superstorm Sandy response and recovery activities in New York. In 2014, he was designated as the Acting Region VIII Administrator, serving as the Senior Executive for all FEMA priorities and requirements in the states of Colorado, Montana, South Dakota, North Dakota, Wyoming and Utah.

URGING ACTION TO CONFRONT
THE STILLBIRTH PUBLIC
HEALTH CRISIS

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 11, 2024

Ms. CASTOR of Florida. Mr. Speaker, I rise today to speak about the stillbirth public health crisis, with over 21,000 stillbirths every year—almost 60 babies dying every day. At least one out of every four stillbirths is estimated to be preventable, but there is still too much we don't know. That's why we need real change that will lead to measurable improvements in outcomes for families.

H.R. 5012, the Stillbirth Health Improvement and Education (SHINE) for Autumn Act I introduced with my colleague Rep. YOUNG KIM, would improve data collection, invest in research and raise awareness of the causes and risk factors associated with stillbirth.

I would like to include in the RECORD a link to the stories of more than 1,500 families impacted by the stillbirth crisis: <https://castor.house.gov/UploadedFiles/H.R.-5012-SHINE-for-Autumn-Act-Testimonies-1.pdf>.

I urge my colleagues to bring the SHINE for Autumn Act to the floor to confront this crisis and improve outcomes for mothers and babies.

LIBERTY IN LAUNDRY ACT

SPEECH OF

HON. BETTY McCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 10, 2024

Ms. McCOLLUM. Mr. Speaker, I rise in opposition to H.R. 7673, the Liberty in Laundry Act. This bill is the latest Republican attempt to manufacture a crisis and reject commonsense rulemaking from the Department of Energy.

Mr. Speaker, why would we want less efficient washers and dryers? Americans want home appliances that are going to save them money on their energy and water bills. I learned this lesson well when I worked at Sears selling home appliances. The customers who I helped buy a new appliance would ask me about the energy efficiency of the new appliance they were considering and how it compared to the one they had at home. That is why I support the commonsense energy efficiency standards set by the Department of Energy. The Biden administrations' past and planned energy efficiency actions are estimated to save Americans \$1 trillion and reduce greenhouse gas emissions by more than 2.5 billion metric tons over the next thirty years.

This bill would tie the hands of the Department of Energy (DOE) as they finalize and enforce efficiency standards for laundry machines. Contrary to the fearmongering of the Republican House majority, the Biden Administration did not create these rules to take away your home appliances. Congress mandates that DOE sets efficiency standards for appliances. The proposed rules would update twelve years old energy efficiency standard. The new standards were part of a consensus recommendation made by appliance manufacturers and efficiency advocates. H.R. 7673
