

As Texans, we are all forever grateful to Ms. Barrera for her vision of shared prosperity, her decades-long service to creating economic mobility, and her unwavering dedication to our community. As the Congressman for the 35th District of Texas, I am proud to congratulate Ms. Barrera and LiftFund on 30 years of service in Texas, and beyond.

HONORING DOUGLAS G. LEE FOR
HIS SERVICE TO WAYNESBURG
UNIVERSITY

HON. GUY RESCENTIALER

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 19, 2024

Mr. RESCENTIALER. Mr. Speaker, I rise to congratulate Douglas G. Lee on his exceptional decade of service as President of Waynesburg University. He assumed the office on July 1, 2013.

President Lee devoted the past decade to improving the educational experience for students and serving the Waynesburg, Pennsylvania community. He managed a \$32 million revitalization of the Paul R. Stewart Science Hall and successfully implemented a health and safety plan that allowed students to remain on campus throughout the COVID-19 pandemic. His efforts ensured continued academic excellence and a safe environment for the university's thriving student population.

A Waynesburg University alumnus himself, President Lee graduated from the university in 1981 with a Bachelor of Science degree in business. His loyalty to the institution deepens his connection to the school's faith, academic mission, and focus on the community. President Lee continues to serve the university and Pennsylvania's academic community as secretary and treasurer of the Association of Independent Colleges & Universities of Pennsylvania. He also serves on the NCAA Division III Board of Governors to help student athletes grow their academic and athletic character.

The Greene County Chamber of Commerce awarded President Lee the Distinguished Service Award to recognize his contributions to the university and community. President Lee lives out his faith as an elder at his church, a board member of several local charities, and a loving husband and father.

Mr. Speaker, President Lee leads a life of integrity and service. He inspires all members of the Waynesburg University community to pursue a life of leadership and purpose. On behalf of the people of Pennsylvania's 14th Congressional District, I congratulate President Douglas G. Lee on this remarkable anniversary and look forward to Waynesburg University's continued success under his leadership.

HONORING DR. RONALD VAUGHN
AND HIS EXCEPTIONAL CAREER

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 19, 2024

Ms. CASTOR of Florida. Mr. Speaker, today I rise to honor the career and service of Dr. Ronald Vaughn, president of the University of

Tampa. Throughout his 28 years of leadership with the University of Tampa, Dr. Vaughn has lifted students, faculty, the university, and the Tampa Bay community. He spearheaded a remarkable turnaround for the university and leaves UT ranked among the best medium-sized private universities in America.

Dr. Vaughn's remarkable career, his lifelong commitment to education, and exceptional stewardship of the University of Tampa have propelled the school into being an academic powerhouse. During his tenure as president, the school's academic offerings and footprint grew into the dynamic, community-connected institution that we are proud of today. Dr. Vaughn embraced the history of the historic Tampa Bay Hotel, Plant Hall and the iconic minarets and infused the university with life and amenities for students including an expanded campus with 71 construction projects completed or underway and investments worth a total of \$950 million.

The University of Tampa now hosts students from all 50 states and from almost all 195 countries. Dr. Vaughn's leadership has been fundamental to achieving academic excellence with a unique entrepreneurial spirit.

Dr. Vaughn's academic journey is a model for my others—a B.A. and an MBA from Indiana State University, and a Doctor of Philosophy degree from the University of Georgia. Dr. Vaughn's comprehensive career as a business owner of a multi-office marketing research and consulting company provided him with the skills to lead the university into the established institution we know today.

His journey with the University of Tampa started in August 1984 as the Coordinator of the Marketing Department and holder of the Max H. Hollingsworth Endowed Chair of American Enterprise. Dr. Vaughn subsequently served as Director of the MBA Program, Dean of the College of Business and Graduate Studies and Co-Chief Academic Officer. In January of 1995 he became the president of the university.

Dr. Vaughn and UT hosted President Barack Obama and Vice President Joe Biden in 2010 for a major economic policy announcement and a visit with students—the first time in UT's history that a sitting President made an official visit to the UT campus, and a rare joint appearance. President Joe Biden also visited the campus in 2023, the day after his State of the Union address, with many students watching from the pool deck and one noting "pretty cool vibes." As Vice President, Joe Biden also made a major international affairs speech in the Fletcher Lounge to Bay area business leaders in 2016.

Beyond his work as president of the university, Dr. Vaughn and his wife, Renée Vaughn, have been active members of the community. He has served on numerous boards and leadership positions, including the Straz Center for the Performing Arts, the Gulf Ridge Council of the Boy Scouts, the Greater Tampa Chamber of Commerce, and the Florida Aquarium.

Dr. Vaughn has received numerous honors in recognition of his lifelong commitment to education and his exceptional stewardship of the University of Tampa. Among the countless awards that have been bestowed upon him nationally as well as locally are the Hillsborough County Administrative Volunteer of the Year for Tampa Bay's Chapter of the American Red Cross and the prestigious national recognition by the Ellis Island Honors

Society in 2004. Furthermore, the multi-purpose Vaughn Center facility is named in his honor, and it serves as the hub of student life and activity on the University of Tampa campus.

As we congratulate Dr. Vaughn for his remarkable career, we also express our gratitude for his continued commitment to uplifting the youth and laying the groundwork for a better tomorrow. Dr. Vaughn is the definition of a true public servant. On behalf of my neighbors across the Tampa Bay area, the great State of Florida, and our Nation, I thank Dr. Vaughn for his years of dedicated service and tireless commitment to making the University of Tampa the dynamic and growing university it is today.

Mr. Speaker, I ask my colleagues to join me in expressing our gratitude sending best wishes to Dr. Vaughn and his family in their future endeavors.

COMMEMORATING JAMES
SOLOMON RUSSELL DAY

HON. JENNIFER L. McCLELLAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 19, 2024

Ms. McCLELLAN. Mr. Speaker, the Virginia General Assembly proclaimed March 28th as James Solomon Russell Day. Today, I use to honor his legacy and incredible contributions to our Commonwealth.

Born enslaved in 1857, James Solomon Russell's life journey exemplifies resilience and determination. After receiving his teaching license in Warren County, North Carolina, and beginning to teach in the area, he attended Hampton Normal and Agricultural Institute in 1874. However, due to financial difficulties, he was unable to complete his studies and returned to teach in Warren County.

Thereafter, he became interested in the Episcopal Church and was the first student at Saint Stephen's Normal and Industrial School (later Bishop Payne Divinity School) in Petersburg, VA. He dedicated himself to uplifting his community and worked among Zion Union members in Brunswick County. His tireless efforts included the establishment of schools, senior housing, and the founding of Saint Paul's College in 1888. Through his leadership, thousands of African American youth were empowered to pursue education, becoming beacons of progress across the Commonwealth.

Despite closing its doors in 2013, James Solomon Russell's indelible mark at Saint Paul's College is kept alive at the James Solomon Russell—Saint Paul's College Museum and Archives in Lawrenceville, Virginia. I commend the James Solomon Russell Commemoration Committee and the Saint Paul's College Museum Committee for spearheading the community effort to open the museum to the public in 2019.

Moreover, I extend my deepest appreciation to the Smithsonian Institution's National Museum of African American History and Culture Robert F. Smith Center for the Digitization and Curation of African American History. Their collaboration with the James Solomon Russell—Saint Paul's College Museum and Archives is invaluable. The Center's expertise in archiving and digitizing historical records ensures that Russell's story, along with the rich

history of Saint Paul's College, remains accessible to future generations.

TRIBUTE TO BRIAN NESTANDE

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 19, 2024

Mr. CALVERT. Mr. Speaker, I rise today to honor and pay tribute to my good friend and former California State Assemblyman Brian Nestande, who passed away at his home in Palm Desert earlier this month. Brian was a dedicated leader in the Coachella Valley who has left us far too soon, and he will be deeply missed.

Born in Orange County, California, on January 10, 1964, Brian was exposed to the world of public service and politics at an early age. Brian's father, Bruce, was a staff member for then-California Governor Ronald Reagan and later an elected member of the State Assembly and Orange County Board of Supervisors. After graduating from California State University, Fullerton in 1991, Brian started his own political career by taking a position as the Deputy Campaign Manager for the successful congressional campaign of Michael Huffington in Santa Barbara County. A few years later, Brian managed then-Palm Springs Mayor Sonny Bono's congressional campaign, which was also successful. He went on to serve as Sonny's Chief of Staff. In 1998, it was Brian who made the unforgettable phone call to me to share the shocking and tragic news of Sonny's death.

After Sonny's passing, Brian went on to serve as Chief of Staff to Congresswoman Mary Bono from 1998 until 2000. He launched a government affairs consulting business named Nestande and Associates, and worked collaboratively with clients on alternative energy and healthcare issues. In 2008, Brian's own name was on the ballot for the first time and he was elected to the California State Assembly, where he would serve until 2014. In Sacramento, Brian was a tireless advocate for the Coachella Valley and Riverside County, working on important local issues like the Salton Sea and improving our infrastructure. After his time in the Assembly, Brian joined the County of Riverside where he served as Deputy CEO, coordinating legislative priorities with state and federal representatives in the region.

Brian is survived by his wife Gina; his son Hayden; his daughter Sophia; and his stepchildren Sadie, Tad, Mason, Molly and Savana. I extend my personal and heartfelt condolences to the Nestande family, his friends, and everyone fortunate enough to know Brian. Although he may be gone, the many contributions he made to his community and family have left an enduring legacy.

HONORING ERVAD ZARIR F. BHANDARA

HON. J. LUIS CORREA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 19, 2024

Mr. CORREA. Mr. Speaker, I rise today to honor Zarir F. Bhandara, a resident of Irvine

and Ervad of the Zoroastrian Temple in the City of Orange, for his dedication to inspiring his community with his spiritual leadership.

Ervad Bhandara has dedicated his life to promoting the message of the Zoroastrian founding prophet, Zarathustra, through prayers, religious classes, and pastoral services. As a leader of the Zoroastrian community, Ervad Bhandara provides his communities in Orange and Irvine with support, guidance, mentorship, and motivation.

During COVID-19, Ervad Bhandara served his community by visiting hospitals and providing food, counseling, and financial assistance to those in need. As a way to keep his community connected during trying times, Ervad Bhandara live-streamed prayers with messages of Peace, Unity, Harmony, and Hope, reaching hundreds of people quarantining at home. Since 2020, Ervad Bhandara has donated his platelets and plasma over 545 times, helping save over 1,635 American lives. He leads by example to spread the messages of service and sacrifice for our great country.

Please join in recognizing Ervad Bhandara's unparalleled selflessness and humanitarian services to his community. His compassion has helped make a positive difference in the lives of countless people.

RECOGNIZING JULIE SHAMBARGER'S CONTRIBUTIONS RESTORING THE TIMES THEATER IN ROCHESTER, INDIANA

HON. RUDY YAKYM III

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 19, 2024

Mr. YAKYM. Mr. Speaker, I rise to recognize Julie Shambarger for the incredible work she has done to revitalize downtown Rochester, Indiana, by spearheading the effort to refurbish and reopen The Times Theater in Rochester.

As is the case with so many venues on Main Streets across America, The Times Theater was an iconic symbol of Main Street Rochester before closing its doors in 2014.

Rather than accept The Times Theater's apparent fate as a project of the past, Julie Shambarger poured her heart and soul into the mission of ensuring this cherished community fixture would be open for business and welcome visitors once again.

Guided by her belief that The Times Theater could be restored as the vibrant heart of the Rochester community, Julie marshalled the effort to acquire the grants and donations needed to renovate The Times Theater so its reopening could be not only a possibility, but a reality.

Today, The Times Theater is host to not only movies but also live music and community events, and it has welcomed over 9,000 guests since reopening last February. It has elevated the cultural landscape of Rochester and been a beacon of artistic innovation and creative expression.

At a time when many of America's social and civic ties are fraying, places like The Times Theater—places the community can take pride in and congregate at—are all the more important.

I and so many other Hoosiers are immensely grateful to Julie Shambarger for the

dedicated and diligent work she has done to bring more energy and life back to downtown Rochester and all of Fulton County.

I look forward to visiting The Times Theater again soon and seeing how Julie Shambarger's efforts will continue to pay dividends in the years ahead.

TRIBUTE TO PETER ANDREW STURROCK, PH.D. ON HIS 100TH BIRTHDAY

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 19, 2024

Ms. ESHOO. Mr. Speaker, I rise today to honor Peter Andrew Sturrock, Ph.D., who celebrates the centennial of his birth on March 20, 2024.

Dr. Sturrock grew up in Essex, England and studied at Palmers School, Grays, Essex, where his favorite subject was mathematics. He studied mathematics at Cambridge University, then helped develop radar systems at what is now the Royal Radar Establishment. He earned a scholarship to St. John's College where he was elected to a fellowship.

Dr. Sturrock then pursued work in electron physics at the Cavendish Laboratory, Cambridge, the National Bureau of Standards, and the Ecole Normale Supérieure at the University of Paris.

In 1951, Dr. Sturrock earned his Ph.D in astrophysics. He researched nuclear physics at the Atomic Energy Research Establishment; plasma physics at St. John's College, Cambridge; microwave tubes at Stanford University; and accelerator physics at the European Organization for Nuclear Research. He invented a number of implements, including a novel microwave tube later dubbed the "Free electron laser."

In 1961, Dr. Sturrock was appointed Professor of Applied Physics at Stanford University, where he lived for nearly 40 years with his wife Marilyn. He is Emeritus Professor of Applied Physics at Stanford and Emeritus Director of the Center for Space Science and Astrophysics. In 1990, he was awarded the Arctowski Medal from the National Academy of Sciences. Dr. Sturrock founded and then served as president for many years at the Society for Scientific Exploration. He also served as Chairman of the Plasma Physics Division and the Solar Physics Division of the American Astronomical Society.

In 2009, Dr. Sturrock published his autobiography, *A Tale of Two Sciences: Memoirs of a Dissident Scientist*, which covered both his research in conventional physics and his less mainstream investigations.

In 2013, he published *AKA Shakespeare: A Scientific Approach to the Authorship Question*. In this book, he lays out a method for weighing evidence which he developed for studying pulsars. Dr. Sturrock then invites the reader to apply the method to tabulate their own "degree of belief" in three different candidates for authorship of the works usually attributed to Shakespeare.

He was elected a Legacy Fellow of the American Astronomical Society in 2020 and has a deep interest in unidentified flying objects.

Mr. Speaker, I ask the entire House of Representatives to join me in honoring Peter
