The SPEAKER pro tempore. Is there objection to the request of the gentleman from Mississippi?

There was no objection.

# PRESIDENT BIDEN'S EV MANDATE WILL HURT AMERICANS

(Mr. FULCHER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FULCHER. Mr. Speaker, President Biden's latest effort to push electronic vehicle mandates for truck usage is completely nonsensical.

Thanks to current administrative policy, we do not have the capability to implement the massive grid expansion needed to support the electrification of heavy-duty trucks. These vehicles consume about the same amount of electricity in just one charge as a typical American home uses in a week. The industry would need to invest upwards of \$620 billion in charging infrastructure alone.

Then there is the question of where would the electricity come from. The administration has famously prosecuted its war on fossil fuels, nuclear, and hydropower generation. It is even impossible for wind and solar facilities to produce domestically because restrictions the administration has placed on American mining means the needed raw materials have to come from foreign adversaries. It is China that dominates the supply chain.

Mr. Speaker, the President needs to look at the facts and stop prioritizing irresponsible energy ideology over Americans.

# CELEBRATING MARY EATON DEAN THIS MOTHER'S DAY

(Ms. DEAN of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DEAN of Pennsylvania. Mr. Speaker, with Mother's Day coming, I am thinking about the one-in-a-million woman who raised my six siblings and me.

I have never before spoken about my mother on the House floor, but today I celebrate our beautiful mom, Mary Eaton Dean, here in a photo taken many years ago by my grandfather, William Dean.

Mary Dean was an only child who went on to become the mother of seven—five boys, two girls, one for every day's grace, and grandmother to 16. She gave freely of her kindness, her wisdom, and her friendship throughout our Glenside community.

Mary Dean was a woman of love. She loved our dad. She loved her life. She

was a woman of faith, of adventure, and of loyalty. When our father, Bob Dean, died at 58, my mom was our anchor, determined to live the best life for herself and for us.

Mr. Speaker, I will say to my siblings, Bob, Harry, Michael, Jim, Chris, Maryann, aren't we lucky?

This Mother's Day, may we celebrate the mothers in our lives and honor those no longer with us knowing their lessons of love are forever imprinted on our hearts.

# RECOGNIZING CHIEF MAGISTRATE JUDGE JENNIFER LEWIS

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today to recognize Chief Magistrate Judge Jennifer Lewis.

Jennifer has recently been awarded the 2024 Magistrate of the Year award from the Georgia Council of Magistrate Judges.

The magistrate court functions as Georgia's small claims court, which allows residents to proceed with a case with or without an attorney.

Winning this award is a testament to Jennifer's character and it shows how seriously she takes her judicial service.

Like myself, Judge Lewis was a Georgia Bulldog. After school at Georgia, she later went to Florida Coastal School of Law. Following her education, Judge Lewis started working at the Camden County Magistrate Court in 1998.

In 2008, she was elected as chief magistrate and took office the following year. I look forward to witnessing Judge Lewis' future accomplishments and thank her for her service.

# MOURNING THE LOSS OF W. CHARLES WELCH

(Ms. KAPTUR asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. KAPTUR. Mr. Speaker, northwest Ohio mourns the passing of W. Charles Welch, who passed on Sunday, April 21, 2024.

He became known far and wide simply as "Charlie Chuck."

Born in 1938 in Talladega, Alabama, he later moved to Detroit and joined Greater St. Peter AME Zion Church where he met his wife Marjorie Chester at choir rehearsal.

They became sweethearts at 13 and 14, eventually marrying and raising five children—Rosalind, Katrina, Debra, Charles Bernard, and Trina.

Charles played piano at Detroit nightclubs, but his true calling came when he started his radio career in the 1960s. He was working for free at WJLB when he was hired by Toledo's WKLR in 1969

Charlie Chuck was off and running. He spent years in radio, later founding

The Juice FM 107.3 WJUC, the first African-American radio station in Ohio in 1997. It became known as the People's Station.

He lived by the credo that if you have a good idea about a dream, think of the three P's: prayer, perseverance, and patience.

May his inspiration bring comfort to his dear family, friends, and listening audience for whom he created a beloved community.

#### NURSES MAKE THE DIFFERENCE

(Mr. MEUSER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MEUSER. Mr. Speaker, I rise today to recognize National Nurses Week.

This year's theme is Nurses Make the Difference. Nurses fulfill diverse roles as caregivers, advocates, educators, and leaders, leaving a profound impact on their patients and communities.

In Congress, I am dedicated to strengthening America's nursing workforce. I have supported increased funding to title VIII nursing workforce programs, which include crucial funding to Nurse Corps Loan Repayment and Scholarship programs.

These programs will make nursing schools more accessible and help bolster the nursing workforce, especially in rural areas. I have also cosponsored the National Nursing Workforce Center Act, which seeks to curb burnout and address nurse retention issues

I am also fighting to close the pay gap between clinical nurses and nursing educators.

Mr. Speaker, this week, let's thank a nurse in Pennsylvania's Ninth from Sayre to Pottsville, to Sunbury to Williamsport. We are so very grateful for our great nurses.

### HOLOCAUST REMEMBRANCE DAY

(Mr. BOWMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BOWMAN. Mr. Speaker, this week we recognize Yom HaShoah, Holocaust Remembrance Day, and the month of May as Jewish Heritage Month.

We honor the 6 million Jewish lives lost to anti-Semitism, hatred, and violence. The Holocaust is not a distant memory. It happened within the lifetime of many Jewish people.

We also must acknowledge that this year marks the first Holocaust Remembrance Day since the attacks on October 7. This remembrance day feels different and raw for many of our Jewish brothers and sisters.

Let us take the month of May to celebrate Jewish culture, history, and people. Let us also begin this month remembering the millions of souls lost to the Holocaust, acknowledging the many survivors of the horrific events

of October 7, and standing with the Jewish community and those who have experienced lasting trauma as a result of anti-Semitism.

Let us vow to fight together and say "never again" for anyone.

# HONORING THE LIFE OF DR. JOYCE BENNETT JUSTUS

(Mr. VARGAS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. VARGAS. Mr. Speaker, I rise today to honor the life of Dr. Joyce Bennett Justus, who was called home on April 12.

A beloved and gifted academic, as well as a dedicated educator and administrator, Joyce touched the lives of many people in San Diego and beyond.

Joyce was born in Jamaica and immigrated to the United States. She believed in excellence and pushed herself to earn a Ph.D. in anthropology from UCLA in 1971.

She devoted her life to teaching, especially higher education, from her time as an assistant professor of anthropology, to coordinator of urban and royal studies, to vice chancellor at UCSD.

She also served as Vice Provost of Academic Affairs with the University of California Office of the President, Peace Corps Advisor, and Assistant Director of Social and Behavioral Science in the Office of Science and Technology Policy in the Clinton White House.

Joyce loved her church, St. Peter's, especially the choir and the organ music. She also loved her Bible study and her friends there.

Joyce was loved by all her family and friends, and they look forward to reuniting with her in Heaven.

May she rest in peace.

#### ELIMINATING MEDICAL DEBT

(Mr. KHANNA asked and was given permission to address the House for 1 minute.)

Mr. KHANNA. Mr. Speaker, today, Senator Bernie Sanders and I introduced a historic bill to eliminate medical debt for every American.

Over 100 million Americans have medical debt. That is criminal in a country as wealthy as ours. No American should go into debt because they go to the ER or because they go to a doctor

Our bill eliminates all medical debt for families. It eliminates the credit card damaging reports on medical debt, and it stops hospitals from sticking debt collectors on vulnerable patients.

Can we not agree in America that no one should have to give up their dream of owning a home because they have medical debt? No one should have to create GoFundMe pages to get medical attention. No one should have to decide between curing their cancer and medical bankruptcy.

This bill stands up for every American's right to healthcare. I thank Senator Merkley and Representative RASHIDA TLAIB for co-leading this effort.

#### CELEBRATING BONITA SHELBY

(Ms. TLAIB asked and was given permission to address the House for 1 minute.)

Ms. TLAIB. Mr. Speaker, today, I want to celebrate the 60th birthday of Lady Bonita Shelby, a community leader in Michigan's 12th District.

Lady Shelby is a leader of the Burning Bush International Ministries, along with her husband, Bishop Don Shelby, Jr.

As the leader of Burning Bush's Flare Women's ministry, she has spearheaded the Good Days women's weekend of events to serve the incredible women in our district.

She is also a mother, author, public servant, and mentor figure to so many in our community. In addition to their ministry at home in Westland, she and her husband travel all around the country to provide services for underserved communities and pray with families in need.

Mr. Speaker, I thank Lady Bonita Shelby for her commitment to serving our communities. Please join me in wishing her a happy 60th birthday and a meaningful year ahead.

### ADDRESSING IMPORTANT ISSUES AFFECTING AMERICANS

The SPEAKER pro tempore. Under the Speaker's announced policy of January 9, 2023, the gentleman from Utah (Mr. Moore) is recognized for 60 minutes as the designee of the majority leader.

#### GENERAL LEAVE

Mr. MOORE of Utah. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the topic of this Special Order.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Utah?

There was no objection.

Mr. MOORE of Utah. Mr. Speaker, House Republicans are addressing important issues affecting Americans across the country.

This week, we passed legislation out of the Energy and Commerce Committee to stop the Biden administration from imposing further regulations on home appliances and pushing their rush to green energy agenda that squashes consumer choice.

I can't believe we have to even say that in the U.S. House of Representatives, that we have to even deal with this type of nonsensical policy, but it is an important thing to do, to be able to push back on this, again, rush to green energy agenda that makes no sense.

As Americans struggle with historic inflation and everyday goods and energy costs, it is important that we have the ability to purchase the appliances that best suit our needs rather than overregulated appliances that, per the Department of Energy's analysis, will increase upfront costs by nearly 30 percent.

I hope Americans can understand that. This type of nonsensical overregulation is just going to cost them more money in an inflationary period that has been persistent since Biden took office.

We continue to stand up to anti-Semitism on our college campuses and hold university leadership accountable. Speaker JOHNSON has convened a probe into the leadership failures at our colleges and universities and the ways that they have allowed dangerous and harmful protests to overrun their campuses, putting Jewish students and community members in danger. We will not stop until Jewish students feel safe on their campuses again. This is a basic, fundamental right.

Last week, the House Committee on Homeland Security released documents that identified over 45 airports throughout the Nation that have been used by the Biden administration to secretly fly over 400,000 illegal immigrants into the United States, from Miami to Los Angeles, from Washington to Chicago. As this crisis at our southern border continues to wreak havoc on our communities, this is unconscionable.

President Biden's failed border policies have only further jeopardized our national security and risked the safety of our neighborhoods.

Mr. Speaker, I am grateful for my colleagues to be focused on these key important issues and for them to join me this evening briefly.

Mr. Speaker, I yield to the gentleman from Utah (Mr. OWENS).

Mr. OWENS. Mr. Speaker, after the October 7 terrorist attack on our ally Israel, a wave of hate has washed across our Nation. Our Nation's college campuses have been the focal point of a wave of anti-Semitism that I never thought I would see in America.

I have heard directly from Jewish students at our elite universities who have seen anti-Semitic mobs up close, donned in their terrorist scarves while shouting in support of the terrorist group Hamas.

These scenes are straight out of the Jim Crow 1960s South during the days of segregation and the KKK. The difference is the KKK bigots of my era hid their faces under white hoods. The pro-Hamas bigots today hide their cowardly faces behind face masks.

It was my sincere hope that we had left this hate in the past, but the slow march of Marxism has spread like a virus. It has even affected our K-12 system, where our children as young as the second grade are spewing anti-Semitic chants of kill the Jews.

Students, activist teachers, and administrators up until now have had
