

Thailand, and Vietnam to dodge U.S. tariffs. This blatant circumvention not only undermines our domestic manufacturers but also jeopardizes our energy security.

Both I and Senator SHERROD BROWN, with our House and Senate colleagues, have sent a letter urging the U.S. International Trade Commission and the Department of Commerce to thoroughly investigate these unfair practices.

Thankfully, the ITC has heard our call and announced an investigation last Friday into these illegal practices. By enforcing strong trade policies, our Nation can foster a diverse, competitive, and secure solar manufacturing base inside the boundaries of the United States of America. Only then will our Nation create middle-class jobs that deliver economic value but also pave the way for our Nation's path to energy independence in perpetuity.

RELIGIOUS PERSECUTION IN VIETNAM

(Mrs. STEEL of California asked and was given permission to address the House for 1 minute.)

Mrs. STEEL of California. Mr. Speaker, I rise to call attention to the Communist Party of Vietnam's chilling crackdown on religious freedom.

Freedom to worship is a basic human right, but with the recent disappearance of Buddhist leader Thich Minh Tue, Vietnam is continuing a pattern of religious persecution.

Thich Minh Tue recently led a pilgrimage across Vietnam, which ended with Communist authorities detaining him and his followers.

I am again calling on Secretary Blinken, as I did 3 months ago, to designate Vietnam as a country of particular concern. This designation leads to accountability for nations violating the freedom to worship.

I represent the largest Vietnamese population outside of Vietnam, and we will always stand up for human rights in Vietnam. America has a moral obligation to stand for religious freedom, and the full power of the State Department should fight religious persecution and ensure the safety of Thich Minh Tue.

CONGRATULATING MIRANDA TINGLE

(Mr. SORENSEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SORENSEN. Mr. Speaker, I rise today to congratulate Miranda Tingle for her congressional service to the people of central and northwestern Illinois.

More than 10 years ago, she began her career in Congress working for my predecessor, Congresswoman Cheri Bustos. Miranda found the job of casework to be meaningful and something that she could do to change lives for the better.

When Cheri Bustos retired from Congress, I was thankful that Miranda wanted to continue serving the people in our community. Miranda has spent more than a decade going above and beyond for every person that we serve in Illinois' 17th Congressional District.

One of my constituents wrote to me and said: "Miranda was very clear that she couldn't make any promises, but she made it happen. Every question I had, every email or phone call was always returned within hours. I am forever grateful."

That is who Miranda is, going above and beyond consistently to ensure that we do right by the people that we serve. People like Miranda are hard to come by around here, true public servants who give of themselves for the sake of their communities.

The countless people helped by Miranda, as well as her teammates in our office, are better off today because she made a difference with all of us.

Mr. Speaker, as Miranda prepares to close the congressional chapter of her career, I thank her for years of dedicated congressional service.

Miranda embodies the belief that no time is better spent than time spent in service to our fellow neighbors.

SALUTING LIEUTENANT COLONEL JOHN D. STOCK

(Mr. MIKE GARCIA of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MIKE GARCIA of California. Mr. Speaker, I rise today to salute Lieutenant Colonel John D. Stock for his retirement from our beloved United States Air Force.

He was stationed at Edwards Air Force Base in the 27th Congressional District of California. Lieutenant Colonel Stock served our Nation for over 20 years with honor and distinction. With 3,500 flight hours across two oceans and five continents, his service record is truly remarkable.

Whether executing missions, instructing pilots, or volunteering in his community, Lieutenant Colonel Stock exemplifies the highest standards of leadership and service. His impact on aviation and beyond is profound. He enhanced our Air Force capabilities, and he mentored those around him, a true leader.

I extend my deepest gratitude to Lieutenant Colonel Stock for his unwavering dedication and exemplary service. Our Nation is stronger because of individuals like him. I look forward to his continued positive impact in our community.

HONORING TINA CORDOVA

(Ms. STANSBURY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. STANSBURY. Mr. Speaker, I rise today to honor the tireless work of

Tina Cordova, a sixth-generation New Mexican from the Tularosa Basin who is being honored this week by the Albuquerque Community Foundation with the Linda K. Estes Giraffe Award, given to somebody who stands up against all the odds.

This award is particularly meaningful as Tina has spent her life advocating for the Tularosa Downwinders impacted by the nuclear fallout from the Trinity bomb test site during World War II. She and countless others have survived cancer and other illnesses that have impacted generations, as spotlighted by the Oppenheimer movie last year and our continued fight in this House this week to expand and reauthorize the Radiation Exposure Compensation Act.

Unfortunately, our fight continues. It is because of Tina and the tireless work of our advocates that Downwinders across New Mexico and the country will not be forgotten. We will not stop until we pass this bill.

I thank Tina for her fight, her advocacy, and her voice. We are forever grateful.

HONORING THE LIFE OF LOGAN NOEL SHARPE

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today with a heavy heart to honor the life of Logan Noel Sharpe who tragically passed away May 19 in a car accident.

Logan was born on December 26, 2016, in Waycross, Georgia, to Shaunte Sharpe Williams of Patterson, Georgia, and Kevin Scott, Sr., of Waycross, Georgia.

He attended Patterson Elementary School as well as Evergreen Church in Bristol, Georgia. Logan loved Spider-Man. He loved playing with his friends. He loved riding his bike and playing Roblox. More than anything else, though, he loved spending time with his family.

He will be missed by his parents, his grandparents, his great-grandmother, and even his great-great-grandmother.

On behalf of the entire First District of Georgia, I send my condolences to Logan's friends and family for this tragic loss of life.

TROUBLED TEEN INDUSTRY AND CHILDREN'S WEEK

(Mr. KHANNA asked and was given permission to address the House for 1 minute.)

Mr. KHANNA. Mr. Speaker, the term "troubled teen industry" probably brings to mind a specific image of struggling teens and families who need help combatting addiction and behavioral challenges.

In reality, it is not just the teens who need help. The industry itself, comprised of boot camps, residential treatment centers, and wilderness programs,

is troubled. The lack of transparency and accountability in this multibillion-dollar industry means that families seeking care are unknowingly signing their children up for nightmarish and even abusive conditions.

It happened to Paris Hilton. If it can happen to her, it can happen to anyone.

With the help of Paris and countless other survivors, I introduced the Stop Institutional Child Abuse Act. My bill will increase transparency and accountability for this industry. It has 102 cosponsors, 100 organizations, and it is moving in the Senate.

Today, in recognition of Children's Week, I urge the Energy and Commerce Committee and the House of Representatives to pass it.

HONORING DR. BOB OVERHOLT

(Mr. BURCHETT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BURCHETT. Mr. Speaker, I rise to honor Dr. Bob Overholt who just passed away at 85 years old. Dr. Overholt graduated from West High School in Knoxville and went to the University of Tennessee where he was on the football team and swim team. His football career was cut short by a knee injury.

He attended the University of Tennessee Medical School in Memphis and was truly a Vol for life before it was cool to be such. He mentored many University of Tennessee students and politicians over the years.

After he completed an internship and a residency, he was drafted in the U.S. Army and served as a captain and physician at Fort Myer Army Base here in Washington, D.C. He then returned to Knoxville, Tennessee, and served east Tennesseans for over 50 years.

He was the president of the Knoxville Academy of Medicine, developed the Allergy, Asthma, and Sinus Center, a world-leading institute, among many other accomplishments.

Dr. Overholt was a well-known media personality in east Tennessee. He hosted "The Dr. Bob Show," which actually received over two dozen Telly Awards, and he regularly gave medical information on WBIR's "Live at Five at Four."

I offer my condolences to Carole, his wife of 63 years; his sons, Mark and John; their wives, Meredith and Martha; and countless grandchildren and other family and friends who loved him very much, especially the good folks at West Hills Baptist Church where he sang in the choir.

I always remember at my momma's funeral, Mr. Speaker, he came up to me after I said that momma wasn't a bumper sticker type of Christian; she lived it. He laughed about that, and he often would quote that to me.

Mr. Speaker, Dr. Bob was not a bumper sticker kind of Christian. He actually lived that life and was so generous to others. As a matter of fact, he

is the only person I know to ever get mad at me for not asking him for a contribution.

Dr. Bob will be missed and is so loved in Knoxville and around east Tennessee. I thank him for being my friend.

REMEMBERING REVEREND JAMES LAWSON

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, this world lost one of its most outstanding citizens yesterday. Reverend James M. Lawson passed away at age 95.

Reverend Lawson was one of the architects of the civil rights movement in our country that brought rights to African Americans and others. He was the architect of Dr. King's practice of nonviolence. He went to India, and he studied what Mahatma Gandhi had done in India to bring about rights in India.

Dr. King adopted that and made him the person in charge of the Southern Christian Leadership Conference's non-violence division. He marched in Selma with John Lewis, and both were beaten for trying to cross the Edmund Pettus Bridge in Alabama.

He was in Memphis as a minister in 1968 when the sanitation workers went on strike, the "I Am A Man" campaign. He encouraged Dr. King to come to Memphis, which he did, which resulted in Dr. King's assassination in Memphis on April 4.

Reverend Lawson was a steadfast supporter of civil rights. He was against war, against the Vietnam war. He was for gay rights, for labor, and for progress in this country. He was a significant human being who did much for this world, and we will miss his opportunities to share and make us a better, a more perfect Union. His was a life well-lived.

RECOGNIZING THE ASSOCIATION OF EQUIPMENT DEALERS

(Ms. FOXX asked and was given permission to address the House for 1 minute.)

Ms. FOXX. Mr. Speaker, I rise to acknowledge members of the Association of Equipment Dealers from all over the country who are in D.C. this week for their annual fly-in. In fact, some of them are joining us in the gallery tonight.

These great men and women are entrepreneurs who provide millions of pieces of equipment to all kinds of industries in our country every year that help our country's economy. They deserve our admiration and thanks. They certainly have mine.

JUNE IS DAIRY MONTH

(Mr. GROTHMAN asked and was given permission to address the House

for 1 minute and to revise and extend his remarks.)

Mr. GROTHMAN. Mr. Speaker, this time of year, I can't wait to get home because June is a very special month for this body and for the United States. June is Dairy Month, so happy cheese day to everybody.

As you may know, June 4 was National Cheese Day. Our license plates in Wisconsin boast the phrase "America's Dairyland," and Wisconsin produces over a quarter of the Nation's cheese. We are number one in cheese production.

Whether you like sharp cheddar, Colby, provolone, mozzarella, or string cheese, the next time you go out this weekend, remember, it is the time of year to buy some cheese and celebrate America's dairy farmers.

□ 1930

HONORING PRESIDENT GEORGE H.W. BUSH ON HIS 100TH BIRTHDAY

The SPEAKER pro tempore (Mr. KEAN of New Jersey). Under the Speaker's announced policy of January 9, 2023, the gentleman from Arkansas (Mr. HILL) is recognized for 60 minutes as the designee of the majority leader.

Mr. HILL. Mr. Speaker, I stand tonight to spend a few minutes on this House floor paying tribute to a long-time friend. Before I do that, I yield to the gentleman from California, MIKE GARCIA, who has been an exceptional naval aviator, corporate executive, and now the distinguished gentleman from southern California.

He is an essential member, Mr. Speaker, of our Appropriations Committee and our House Permanent Select Committee on Intelligence.

HONORING THE LIFE AND LEGACY OF CAPTAIN
RUSSELL "GNAT" MAYNARD

Mr. MIKE GARCIA of California. Mr. Speaker, I thank my good friend from Arkansas for this very special time.

Mr. Speaker, today, I rise to honor a truly heroic man who was taken from us, unfortunately, too soon.

Captain Russ Maynard, who many of us knew by his call sign of "Gnat," was my good friend. He was my instructor. He was a mentor, a family man, a man of God, and he was a great American.

He flew the venerable F/A-18 Hornet and Super Hornet from aircraft carriers during combat operations. He was a graduate of TOPGUN and an instructor. Simply put: He was a badass with the humility of a man who knew that his mission, his team, and his country were more important than he was.

Russ died of cancer this last May 8, just a few days before his 51st birthday. He left behind his loyal wife, Karen, who he loved dearly after 28 years of marriage and his daughters Katie, Kiersten, and Hailey.

Mr. Speaker, we have seen too many combat fighter pilots die of cancer at such young ages. In one of Russ' prior squadrons, the VFA-97 Warhawks,
