The Clerk read the title of the bill.

The text of the bill is as follows:

(1) IN GENERAL.—Not later than one year after the date of the enactment of this Act, the Comptroller General of the United States shall submit to the Committee on Homeland Security of the House of Representatives and the Committee on Homeland Security and Governmental Affairs of the Senate a report on how the Department has complied with National Security Presidential Memorandum-33 (NSPM-33) and adopted the National Science and Technology Council's 2022 implementation guidance.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Tennessee?

There was no objection.

□ 1430

Mr. GREEN of Tennessee. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of H.R. 9748, the Research Security and Accountability in DHS Act.

The Science and Technology Directorate is the principle of research and development at DHS.

In 2022, the DHS Office of Inspector General found that S&T failed to safeguard sensitive information in research and development projects.

This bill requires S&T to develop a proper standard for safeguarding sensitive information, which has become especially critical given the heightened activity of our adversaries.

I thank the gentleman from New York (Mr. D'ESPOSITO) for his leadership on this issue, and I am proud to join him as a cosponsor.

Mr. Speaker, I reserve the balance of my time.

Mr. KENNEDY. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased that we are here today to consider H.R. 9748, the Research Security and Accountability in DHS Act.

This legislation aims to improve security policies by requiring the Department of Homeland Security's Science
