The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is still available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications that have been received. If the cover letter references a classified annex, then such an annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

ADDITIONAL STATEMENTS

RECOGNIZING BOOMERANG CORPORATION

• Ms. ERNST. Madam President, as chair of the Senate Committee on Small Business and Entrepreneurship, each week I recognize an outstanding Iowa small business that exemplifies the American entrepreneurial spirit. This week, it is my privilege to recognize Boomerang Corporation of Anamosa, IA, as the Senate Small Business of the Week.

In 1998, Bryce Ricklefs opened Ricklefs Excavating to support construction projects throughout the Anamosa community. After graduating from high school, Bryce began focusing on a career in grading and excavation. He purchased a used excavator in 1999 and began seeking larger projects. In 2002, the company began focusing on public municipal construction across eastern Iowa, expanding its services to include wastewater management, roadwork, and infrastructure projects. In 2017, Bryce rebranded Ricklefs Excavating to Boomerang Corporation to show the company's commitment to civil contracting projects that start and end with them, as well as a new era of innovation and growth.

Today, Bryce and his wife Sarah own and operate the business with a team of 200 employees. Boomerang Corporation plans, designs, and oversees construction projects throughout eastern Iowa. The company prides itself on embracing infrastructure challenges while delivering high-quality results. From concrete projects to demolition, Boomerang Corporation uses the latest

technologies, such as trenchless technology, to install, repair, or replace pipes with minimal destruction.

In 2019, Bryce and Sarah helped found a software company Tractics to support contractors with asset tracking, project management, and timekeeping for civil construction projects.

Beyond their contributions to civil construction, the Ricklefs also focus on enhancing Anamosa's built infrastructure. In 2020, they purchased eight buildings in the downtown area that were in disrepair and rehabbed them to a usable condition. They donated one of the buildings to the city of Anamosa's police department, and it is still used today. Additionally, Bryce, the son of a home builder, recognized Anamosa's housing shortage and has personally committed to building over 60 houses in the community.

Boomerang Corporation is passionate about building up young Iowans and offers internships to local students. Demonstrating their commitment to the next generation, Boomerang Corporation partnered with the Anamosa Community School District and Kirkwood Community College to create an apprenticeship program. This initiative offers high school students the opportunity to graduate with both a high school diploma, as well as a certificate in a trade, such as welding. In September, Boomerang Corporation looks forward to celebrating its 27th business anniversary in Iowa.

Boomerang Corporation's commitment to designing and overseeing high-quality construction and infrastructure projects is clear. I want to congratulate Bryce and Sarah Ricklefs and the entire team at Boomerang Corporation for their immeasurable impact on the Anamosa community. I look forward to seeing their continued growth and success in Iowa.●

TRIBUTE TO LINDA KAUFMAN

● Ms. WARREN. Madam President, I rise today to share a few words in honor of the 90th birthday of a dear friend Linda Kaufman. As she celebrates this impressive milestone, I extend my best wishes to Anne and her family for a happy celebration.

Ms. Kaufman was born in January of 1935 in Massachusetts. She attended Smith College and worked as a teacher for 40 years, 32 of those years spent teaching history at Buckingham Browne and Nichols School in Cambridge. She has also served as reader, table leader, and member of the test development committee for the Advanced Placement European History Examination of the College Board. Linda never stopped teaching and learning history; after retiring, she took many online courses at Harvard and mentored former students, always staying up to date with their many accomplishments.

Ms. Kaufman is married to her best friend Andrew Kaufman, a professor at Harvard Law School. Together, they

raised four children; Anne, David, Daniel, and Elizabeth. Outside of teaching, Linda was active in her community in Cambridge, dedicating free time to helping individuals prepare for the American citizenship exam and spending time with her grandchildren.

Linda Kaufman is a true lifelong learner and public servant. I am incredibly pleased to honor this momentous event in Linda's life and wish her joy in the years to come.●

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY THAT WAS ORIGINALLY DECLARED IN EXECUTIVE ORDER 14115 OF FEBRUARY 1, 2024, WITH RESPECT TO THE SITUATION IN THE WEST BANK—PM 4

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to

the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the situation in the West Bank declared in Executive Order 14115 of February 1, 2024, is to continue in effect beyond February 1, 2025.

The situation in the West Bank—in particular high levels of extremist settler violence, forced displacement of people and villages, and property destruction—has reached intolerable levels and constitutes a serious threat to the peace, security, and stability of the West Bank and Gaza, Israel, and the broader Middle East region. These actions undermine the foreign policy objectives of the United States, including the viability of a two-state solution and ensuring Israelis and Palestinians can attain equal measures of security, prosperity, and freedom. They also undermine the security of Israel and have the potential to lead to broader regional destabilization across the Middle East, threatening United States personnel and interests.

The situation in the West Bank continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 14115 with respect to the situation in the West Bank.

JOSEPH R. BIDEN, Jr.
THE WHITE HOUSE, January 14, 2025.
