

proud to see the Chief Herbert D. Proffitt Act signed into law to honor former Tompkinsville and Monroe County Police Chief Herbert D. Proffitt, who was killed in 2012 by a suspect whom he had arrested years earlier. This legislation allows retired officers and their families to be eligible for benefits if they suffer permanent disability or death in an event related to their service.

I have also supported the Thin Blue Line Act, which would strengthen penalties for criminals who target law enforcement officers, and the Protect and Serve Act which strengthens federal criminal penalties for knowingly assaulting a law enforcement officer.

Law enforcement officers are a core part of our communities; they are our neighbors, coaches, community leaders, and so much more. They serve on the front lines to protect our families and keep our communities safe.

This week we especially remember the officers who made the ultimate sacrifice in the line of duty. Their service will never be forgotten, and we owe their families a debt of gratitude that can never fully be repaid.

To every law enforcement officer serving today, I thank them. America is stronger and safer because of their dedication and commitment.

RECOGNIZING THE ACCOMPLISHMENTS OF THE 60TH COMPTROLLER SQUADRON AT TRAVIS AIR FORCE BASE

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, May 11, 2026

Mr. GARAMENDI. Mr. Speaker, I rise today to recognize the extraordinary achievements of the 60th Comptroller Squadron at Travis Air Force Base and to congratulate the team at Travis for being named the Comptroller Squadron of the Year by Air Mobility Command. These honors reflect the exceptional professionalism, innovation, and dedication of the men and women at Travis who support the financial readiness of our Airmen and the broader mission of the United States Air Force.

The 60th Comptroller Squadron (60 CPTS) has demonstrated unparalleled financial stewardship in service to our Nation, managing a \$1 billion payroll for 16,000 personnel and overseeing a \$500 million budget in support of a 1-Star Command. Their work underpins the only Air Mobility Command installation executing all four of its primary mission sets, enabling 32,000 missions across eleven Combatant Commands.

The Squadron's leadership has fostered a culture defined by integrity, respect, and excellence. This commitment is reflected in the highest Defense Equal Opportunity Climate Survey ratings in the wing and in achieving a 100 percent civilian position fill rate. The 60 CPTS has also distinguished itself as a pioneer in workforce development and personnel processing. It established the first official SkillBridge location within an Air Force Comptroller Squadron, created a Palace Acquire Program, and acquired off-network laptops to digitize in-processing and reintegration, eliminating paper delays and significantly reducing member wait times. These initiatives strength-

en the future of the Air Force financial management enterprise and set new benchmarks for efficiency.

I ask my colleagues to join me in honoring the men and women of the 60th Comptroller Squadron for their extraordinary accomplishments, their unwavering dedication to mission readiness, and their profound contributions to the strength of the United States Armed Forces. Their innovation, leadership, and commitment to excellence bring great credit upon themselves, the United States Air Force, and our Nation.

HONORING BASEBALL HALL OF FAMER RAY BROWN

HON. JIM JORDAN

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Monday, May 11, 2026

Mr. JORDAN. Mr. Speaker, I rise to honor and to commend to the House the legacy of Ohio native Ray Brown, legend of Negro League baseball and member of the Baseball Hall of Fame.

Raymond Leslie Brown was born in Alger in 1908. In 1926, he graduated from Alger High School, where he played shortstop on the baseball team—which went undefeated in his senior year. He attended Wilberforce University before leaving to pursue a career in baseball.

After brief stints with teams in Dayton, Indianapolis, and Detroit, Brown signed with the Homestead Grays in 1932. He quickly established a reputation as one of the game's most effective pitchers, leading the league in wins eight times. Over one stretch in the 1936 and 1937 seasons, he won 28 straight games.

His success on the mound contributed richly to the dominance of the Grays, who won two World Series and eight total pennants in a nine-year period during his time with the team. Brown threw a one-hit shutout in the 1944 Negro World Series and pitched a seven-inning perfect game the next year.

Ray Brown died in Dayton in 1965. While his stellar baseball exploits were not widely acknowledged during his lifetime, Coopers-town rectified this oversight in 2006, inducting him posthumously into the National Baseball Hall of Fame.

On Thursday, May 14, 2026, the Village of Alger and the team at Hardin County Historical Museums will host a ceremony where the recently refurbished local park will be named after Ray Brown. Highlights of the ceremony will include the unveiling of an Ohio Historical Marker and a two-panel mural featuring scenes from his time in baseball.

Mr. Speaker, on behalf of the people of Ohio's 4th Congressional District, I join in the tributes to the late Ray Brown and his storied baseball career. I thank the leadership of the Village of Alger and Hardin County Historical Museums for their efforts to celebrate this local legend.

COMMEMORATING THE 100TH ANNIVERSARY OF FOOHILL FAMILY

HON. JUDY CHU

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, May 11, 2026

Ms. CHU. Mr. Speaker, I rise to recognize and commend the distinguished Foothill Family organization on their 100th Anniversary.

Founded in 1926, Foothill Family traces its roots to Pasadena as a small group of women supporting young mothers. The organization has since grown into a community-centered care provider with centers across the San Gabriel and Pomona Valleys. Today, Foothill Family serves more than 25,000 members of our community each year through early childhood development programs, school-based therapy, and family support services. Foothill Family's mission is driven by the belief that the strength and resilience of families form the backbone of our vibrant communities.

Foothill Family is a pillar of our community, providing early development and intervention services to children and their families. Through their Early Head Start program, parents and caregivers receive comprehensive assistance, such as early childhood education and mental and physical health support at no charge. As part of their Early STEPS program, Foothill Family provides crucial early intervention care for young children at risk of developmental delays, specializing in developmental screenings, psychological testing, and education opportunities to ensure that every child has the support they need to thrive.

Beyond childhood intervention programs, Foothill Family specializes in mental health care at the community level. The holistic services are targeted toward members of our community of every age, assisting children, teens, and adults navigate their unique circumstances and complex challenges. For a century, Foothill Family has worked to ensure that every member of our community has the safety, stability, and opportunities for long-term success that they deserve.

When the Eaton Fire devastated our community in January 2025, Foothill Family responded immediately with crisis therapy, emotional support, and essential resources. While immediate relief is critical in the aftermath of a disaster, healing continues long afterward. That's why their creation of the Eaton Bloom program has been essential to support families as they navigate the ongoing emotional impact of the Eaton Fire. Through sustained access to therapy, school-based mental health services, and community support, Foothill Family helps ensure that our neighbors affected are not left to recover alone.

The 100th anniversary of Foothill Family is an incredible milestone, and I am proud to honor the legacy of this organization and their impact in San Gabriel Valley and beyond. Because of their services, members of our community have been given the tools they need to heal, grow, and thrive.

SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate of February 4, 1977, calls for establishment of a system for a computerized schedule of all

meetings and hearings of Senate committees, subcommittees, joint committees, and committees of conference. This title requires all such committees to notify the Office of the Senate Daily Digest—designated by the Rules Committee—of the time, place and purpose of the meetings, when scheduled and any cancellations or changes in the meetings as they occur.

As an additional procedure along with the computerization of this information, the Office of the Senate Daily Digest will prepare this information for printing in the Extensions of Remarks section of the CONGRESSIONAL RECORD on Monday and Wednesday of each week.

Meetings scheduled for Tuesday, May 12, 2026 may be found in the Daily Digest of today's RECORD.
