TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 9972

DESIGNATING THE INTERNATIONAL JOINT COMMISSION—UNITED STATES AND CANADA AS A PUBLIC INTERNATIONAL ORGANIZATION ENTITLED TO ENJOY CERTAIN PRIVILEGES, EXEMPTIONS, AND IMMUNITIES

By virtue of the authority vested in me by section 1 of the International Organizations Immunities Act, approved December 29, 1945 (59 Stat. 669), and having found that the United States participates in the International Joint Commission—United States and Canada, established under the authority of the Treaty between the United States and Great Britain relating to the boundary waters between the United States and Canada, signed at Washington, January 11, 1909 (36 Stat. 2448), I hereby designate such organization as a public international organization entitled to enjoy the privileges, exemptions, and immunities conferred by the said Act.

The designation of the above-named organization as a public international organization within the meaning of the said International Organizations Immunities Act is not intended to abridge in any respect privileges, exemptions, and immunities which such organization may have acquired or may acquire by treaty or Congressional action.

This order supplements Executive Orders No. 9698 of February 19, 1946, No. 9751 of July 11, 1946, No. 9823 of January 24, 1947, No. 9863 of May 31, 1947, No. 9887 of August 22, 1947, and No. 9911 of December 19, 1947.

§ 9.101 *Agency responsibility for separation or demotion of employees.* (a) The employing agency shall remove, demote, or reassign to another position any employee in the competitive service whose conduct or capacity is such that his removal, demotion, or reassignment will promote the efficiency of the service. The grounds for disqualification of an applicant for examination stated in § 2.104 (a) (2) through (8) of this chapter shall be included among those constituting sufficient cause for removal of an employee.

(b) The discretion vested in the appointing officer to remove employees under his jurisdiction, or to take other disciplinary action, is subject only to the following restrictions:

(1) Employees serving under other than probational or temporary appointments in the competitive service and employees having a competitive status who occupy positions in Schedule A or B, shall not be removed, suspended, or demoted except for such cause as will promote the efficiency of the service and in accordance with the procedure prescribed in § 9.102.

(2) Discrimination shall not be exercised in removals, suspensions or demotions because of an employee's religious opinions or affiliations, or because of his marital status or race, or except as may be required by law because of his political opinions or affiliations.

(3) Like penalties shall be imposed for like offenses whenever removals, suspensions or demotions are made, or when other disciplinary actions are taken.

§ 9.102 *Procedure in separating, suspending, or demoting permanent and indefinite employees.* (a) One of the following procedures shall be followed in connection with the removal, involuntary separation (other than retirement for age or disability) furlough in excess of 30 days, suspension, or demotion of any permanent or war service indefinite employee in the competitive service, unless he is serving a probationary or trial period, or any employee having a competitive status who occupies a position in Schedule A or B. The procedural requirements of this section shall not apply to any person serving under temporary appointment, or whose removal is requested by the Commission under § 5.4 of this chapter.

(1) *Actions against employees.* No employee, veteran or nonveteran, shall be separated, suspended, or demoted except for such cause as will promote the efficiency of the service and for reasons given in writing. The agency shall notify the employee in writing of the action proposed to be taken. This notice shall set forth, specifically and in detail, the charges preferred against him. The employee shall be allowed a reasonable time for filing a written answer to such charges and furnishing affidavits in support of his answer. He shall not, however, be entitled to an examination of witnesses, nor shall any trial or hearing be required except in the discretion of the agency. If the employee answers the charges, his answer must be considered by the agency. Following consideration of the answer, the employee shall be furnished at the earliest practical date with a written decision. If the agency determines that removal or other action is warranted, the employee shall be notified in the decision of the reasons for the action taken and its effective date. Copies of the charges, notice of hearing (if any), answer, reasons for removal, or other action, shall be made a part of the records of the department or agency concerned.

In emergency cases requiring prompt suspension of an employee for thirty days or less, the employing agency may require the employee to answer the charges and submit affidavits within such a time as under the circumstances would be reasonable, but not less than 24 hours. In cases where the circumstances are such that the retention of the employee in an active duty status in his position, pending decision on the charges, may result in damage to government property, may be detrimental to the interests of the Government, injurious to the employee, his fellow workers or the general public, the employee may be temporarily assigned to duties in which these conditions would not exist or placed on annual leave, provided he has sufficient leave to his credit to cover the required period,

or placed on leave without pay with his consent.

NOTE: See also section 14 of the Veterans' Preference Act of 1944 and the Commission's regulations pursuant thereto (Part 22 of this chapter) which are applicable in cases of discharges, suspensions for more than 30 days, furloughs without pay for 30 days or less, or reduction in rank and compensation of preference eligible employees.

(2) *Separations or reductions in compensation required by official efficiency ratings.* The instructions promulgated by the Commission for the administration of the Uniform Efficiency Rating System required by section 9 of the Classification Act of 1923, as amended, shall be followed whenever the dismissal or reduction in compensation of an employee is based on the official efficiency rating assigned to him under that system.

(3) *Reduction in force.* The Retention Preference Regulations for use in reductions in force promulgated by the Commission pursuant to section 12 of the Veterans' Preference Act (Part 20 of this chapter) shall be followed whenever the employee's separation or furlough in excess of 30 days is caused by a reduction in force.

(4) *Demotion for administrative reasons.* A nonveteran whose demotion is proposed for administrative reasons shall be notified in writing of the reasons why his demotion will promote the efficiency of the service and of his right to appeal his demotion to the head of the agency concerned through the grievance procedures adopted by the agency. The regulations governing appeals to the Commission under section 14 of the Veterans' Preference Act (Part 22 of this chapter) shall be followed whenever a veteran's demotion is proposed for administrative reasons.

§ 9.103 *Procedure in separating employee serving a probationary or trial period.* (a) Any person serving a probationary or trial period shall be given a full and fair trial in the performance of the duties of the position to which appointed. If the performance of his duties or his conduct is not satisfactory to the agency his services shall be terminated by notifying him in writing of the reasons for his separation and of its effective date. The Retention Preference Regulations (Part 20 of this chapter) shall be followed whenever a probationer's separation is caused by reduction in force.

§ 9.104 *Procedure in separating temporary appointees.* (a) A person serving under a temporary appointment may be separated at any time upon notice in writing from the appointing officer.

§ 9.105 *Authority of Commission to investigate separations, suspensions, reassignments or demotions.* (a) Except as required by section 14 of the Veterans' Preference Act, the Commission shall not investigate or review the sufficiency of the reasons for removal, suspension, reassignment, or demotion of an employee.

(b) The Commission may investigate the removal, suspension, reassignment, or demotion of an employee when such employee establishes a prima facie case that:

(1) The procedure prescribed by the Commission under § 9.102 (a) (1) has not been followed; or

(2) The removal, suspension, reassignment, or demotion was made for political reasons, except as may be required by law, or for religious reasons, or resulted from discrimination because of marital status or race.

(3) No case will be investigated under this paragraph unless the request for such investigation is received by the Commission within ten (10) days from the effective date of separation, suspension, reassignment, or demotion. This time limit may be extended in the discretion of the Commission only upon a showing by the employee that circumstances beyond his control prevented him from filing a request for an investigation within the prescribed ten (10) days. The regulations of the Commission under section 14 of the Veterans' Preference Act of 1944 (Part 22 of this chapter), relating to appeals to the Commission of preference eligibles, are applicable whenever a request is received from a preference eligible to investigate a removal, suspension for more than thirty (30) days, or demotion.

§ 9.106 *Effect of removal on future employment.* When an employee has been removed on charges, the Commission may receive the sworn statement of such employee, setting forth fully and in detail the facts surrounding his removal, may within its discretion make investigation to determine his eligibility for reinstatement insofar as suitability and fitness are concerned, and will after such investigation advise such employee whether the Commission has as a result of the investigation found him to be suitable for reinstatement in the Government service. No case will be considered under this provision unless submitted to the Commission within six months from the date of removal.

AUTHORITY: §§ 271.201 to 271.225, inclusive, issued under sec. 7 (a), 49 Stat. 4 as amended, sec. 4 (a), 55 Stat. 498, 56 Stat. 768, 15 U. S. C., 713 (a), 713a-8, 50 U. S. C., 969; Article Third, paragraph (b), Charter of Commodity Credit Corporation.

§ 271.201 *Administration.* The program will be administered in the field through the CCC field offices, State PMA Committees and the county agricultural conservation committees (hereinafter referred to as county committees) under the direction of the Administrator of PMA or his designees. Forms may be obtained from county committees in areas where loans are available, or from CCC field offices. County committees will determine or cause to be determined the quantity and grade of the flaxseed, the amount of the loan, and the value of the flaxseed delivered under a loan. All loan documents will be completed and approved by the county committee, which will retain copies of all documents. The county committee may designate in writing certain employees of the county agricultural conservation association to execute such forms on behalf of the committee. The county committee will fur-

nish the borrower the names of local lending agencies approved for making disbursements on loan documents, or the address of the CCC field offices to which loan documents may be forwarded for disbursement. A list of eligible warehouses will be furnished State PMA Offices and county committees, and information relating to such warehouses may be obtained from these offices.

§ 271.202 *Availability of loans.* (a) Loans will be available on eligible flaxseed stored in eligible farm storage in the States and counties for which loan rates are published in Supplement 1 to this bulletin.

(b) Loans will be available on eligible flaxseed stored in eligible warehouses in all areas.

(c) Loans will be available from harvest through October 31, 1948, for Arizona, California and Texas, and through December 31, 1948, for all other States.

§ 271.203 *Approved lending agencies.* An approved lending agency shall be any bank, cooperative marketing association, corporation, partnership, individual, or other legal entity with which CCC has entered into a lending agency agreement on Form PMA-97 or other form prescribed by the Administrator of PMA.

§ 271.204 *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation, or other legal entity producing the flaxseed in 1948, as landowner, landlord, tenant, or sharecropper.

§ 271.205 *Eligible flaxseed.* Eligible flaxseed shall be flaxseed which meets the following requirements:

(a) The flaxseed must be produced in the continental United States in 1948 by an eligible producer.

(b) The beneficial interest in the flaxseed must be in the person tendering the flaxseed for a loan and must always have been in him, or must have been in him and a former producer whom he succeeded before the flaxseed was harvested.

(c) The flaxseed must grade No. 1 or No. 2. Flaxseed which contains more than 30 percent damage or more than 11 percent moisture, or which is musty, sour, heating, hot, or which has any commercially objectionable odor, or which is otherwise of low quality is not eligible for loan.

(d) To be eligible for a farm storage loan, the flaxseed must have been stored in the bin or granary at least 30 days prior to its inspection for measurement, sampling, and sealing unless otherwise approved by the State PMA committee.

§ 271.206 *Eligible storage.* Eligible storage for flaxseed shall meet the following requirements:

(a) Eligible farm storage shall consist of farm bins and granaries which, as determined by the county committee, are of such substantial and permanent construction as to afford safe storage of the flaxseed, permit effective fumigation for the destruction of insects, and afford protection against thieves, rodents, other animals, and weather.

(b) Eligible warehouse storage shall consist of (1) public grain warehouses for which a Uniform Grain Storage Agreement (CCC Form H) has been executed (Warehousemen desiring approval may communicate with the CCC field office serving the area in which the warehouse is located); or (2) warehouses operated by eastern common carriers under tariffs approved by the Interstate Commerce Commission.

§ 271.207 *Approved forms*—(a) *General*. The approved forms constitute the loan documents (notes, note and loan agreements, and chattel mortgages) which, together with the provisions of this bulletin, govern the rights and responsibilities of the producer, and should be read carefully. Any fraudulent representation made by a producer in obtaining a loan or in executing any of the loan documents, will render him subject to prosecution under the United States Criminal Code. Notes and chattel mortgages and note and loan agreements must be dated on or before October 31, 1948, for Arizona, California, and Texas, and on or before December 31, 1948, for all other States, and must be executed in accordance with these instructions, with State and documentary revenue stamps affixed thereto where required by law. Notes and chattel mortgages and note and loan agreements executed by an administrator, executor, or trustee will be acceptable only where legally valid.

(b) *Farm storage loans*. Approved forms shall consist of producers' notes on CCC Commodity Form A, secured by chattel mortgages on CCC Commodity Form AA.

(c) *Warehouse storage loans*. Approved forms shall consist of note and loan agreements on CCC Commodity Form B, secured by negotiable warehouse receipts representing the flaxseed stored in eligible warehouses. All flaxseed pledged as security for a loan on a single CCC Commodity Form B must be stored in the same warehouse.

(d) *Warehouse receipts*. Flaxseed stored in eligible warehouse storage must be represented by warehouse receipts which satisfy the following requirements:

(1) Warehouse receipts must be issued in the name of the producer, must be properly endorsed in blank so as to vest title in the holder, and must be issued on an eligible warehouse.

(2) Each warehouse receipt must set forth in its written terms that the flaxseed is insured for not less than market value against the hazards of fire, lightning, inherent explosion, windstorm, cyclone, and tornado, or in lieu of this statement, it must have stamped or printed thereon the word "Insured."

(3) The flaxseed represented by each warehouse receipt must be free of all liens for charges prior to the date of the warehouse receipt.

(4) Warehouse receipts must set forth in the written or printed terms the gross weight or bushels, grade, class, subclass, test weight, dockage, if any, and such other information as is required by the Uniform Warehouse Receipts Act, or

must be accompanied by a certificate of the warehouseman identified with such warehouse receipt, setting out such information, and shall be based on the inbound movement on delivery of the flaxseed to warehouse.

§ 271.208 *Determination of quantity*. A bushel shall be 56 pounds of flaxseed free of dockage, when determined by weight, or 1.25 cubic feet of flaxseed testing 56 pounds per bushel when determined by measurement. A deduction of $\frac{3}{4}$ pound for each sack will be made in determining the net quantity of the flaxseed when stored as sacked grain. In determining the quantity of flaxseed in farm storage by measurement, fractional pounds of the test weight per bushel will be disregarded, and the quantity determined as above will be the following percentages of the quantity determined for 56-pound flaxseed:

For flaxseed testing	Percent
56 pounds or over	100
55 pounds or over, but less than 56 pounds	98
54 pounds or over, but less than 55 pounds	96
53 pounds or over, but less than 54 pounds	94
52 pounds or over, but less than 53 pounds	92
51 pounds or over, but less than 52 pounds	90
50 pounds or over, but less than 51 pounds	88
49 pounds or over, but less than 50 pounds	85
48 pounds or over, but less than 49 pounds	83
47 pounds or over, but less than 48 pounds	81

§ 271.209 *Determination of dockage*. The percentage of dockage shall be determined in accordance with the Official Grain Standards of the United States and the weight of said dockage shall be deducted from the gross weight of the flaxseed in determining the net quantity available for loan.

§ 271.210 *Liens*. The flaxseed must be free and clear of all liens and encumbrances, or if liens or encumbrances exist on the flaxseed, proper waivers must be obtained.

§ 271.211 *Service fees*. Where the flaxseed is farm stored, the producer shall pay a service fee of 1 cent per bushel on the number of bushels placed under loan, or \$3.00, whichever is greater. Where the flaxseed is warehouse stored, the producer shall pay a service fee of $\frac{1}{2}$ cent per bushel on the number of bushels placed under loan, or \$1.50, whichever is greater.

§ 271.212 *Set-offs*. A producer who is listed on the county debt register as indebted to any agency or corporation of the United States Department of Agriculture shall designate the agency or corporation to which he is indebted as the payee of the proceeds of the loan to the extent of such indebtedness, but not to exceed that portion of the proceeds remaining after deduction of the service fees and amounts due prior lien holders.

Indebtedness owing to CCC shall be given first consideration after claims of prior lien holders.

§ 271.213 *Interest rate*. Loans shall bear interest at the rate of 3 percent per annum, and interest shall accrue from the date of disbursement of the loan, notwithstanding the printed provisions of the note.

§ 271.214 *Transfer of producer's equity*. The right of the producer to transfer either his right to redeem the flaxseed under loan or his remaining interest may be restricted by CCC.

§ 271.215 *Safeguarding of the flaxseed*. The producer who places farm stored flaxseed under loan is obligated to maintain the farm storage structures in good repair, and to keep the flaxseed in good condition.

§ 271.216 *Insurance*. CCC will not require the producer to insure the flaxseed placed under farm storage loan; however, if the producer does insure such flaxseed, such insurance shall inure to the benefit of CCC to the extent of its interest, after first satisfying the producer's equity in the flaxseed involved in the loss.

§ 271.217 *Loss or damage to the flaxseed*. The producer is responsible for any loss in quantity or quality to the flaxseed placed under farm storage loan, except that uninsured physical loss or damage occurring without fault, negligence, or conversion on the part of the producer, and resulting solely from an external cause other than insect infestation or vermin, will be assumed by CCC, provided the producer has given the county committee immediate notice in writing of such loss or damage, and provided there has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan.

§ 271.218 *Personal liability*. The making of any fraudulent representation by the producer in the loan documents or in obtaining the loan, or the conversion or unlawful disposition of any portion of the flaxseed by him, shall render the producer personally liable for the amount of the loan and for any resulting expense incurred by any holder of the note.

§ 271.219 *Maturity and satisfaction*. Loans mature on demand but not later than January 31, 1949, in Arizona, California, and Texas, and April 30, 1949, in other States. In the case of farm storage loans, the producer is required to pay off his loan on or before maturity, or to deliver the mortgaged flaxseed in accordance with instructions of the county committee. Credit will be given for the total quantity delivered, provided it was stored in the bins in which the flaxseed under loan was stored, at the applicable loan rate, according to grade and/or quality. A credit of 2 cents per bushel will be allowed the producer by CCC on flaxseed delivered on track at a country point. If the settlement value of the flaxseed is less than the amount due on

RULES AND REGULATIONS

the loan, the amount of the deficiency, plus interest, shall be paid by the producer to CCC, and may be set off against any payment which would otherwise be made to the producer under any agricultural program administered by the Secretary of Agriculture, or any other payments which are due or may become due to the producer from CCC or any other agency of the United States. In the event the farm is sold or there is a change of tenancy, the flaxseed may be delivered before the maturity date of the loan upon prior approval by the county committee. In the case of warehouse storage loans, if the producer does not repay his loan by maturity, CCC shall have the right to sell or pool the flaxseed in satisfaction of the loan in accordance with the provisions of the note and loan agreement and § 271.220.

§ 271.220 *Removal of the flaxseed under loan.* If the loan is not satisfied upon maturity by payment or delivery, the holder of the note may remove the flaxseed and sell it, either by separate contract or after pooling it with other lots of flaxseed similarly held. The producer shall have no right of redemption after the flaxseed is pooled, but shall share ratably in any overplus remaining upon liquidation of the pool. CCC shall have the right to treat the pooled flaxseed as a reserve supply to be marketed under such sales policies as CCC determines will promote orderly marketing, protect the interests of producers and consumers, and not unduly impair the market for the current crop of flaxseed, even though part or all the pooled flaxseed is disposed of at prices less than the current domestic price for such flaxseed. Any sum due the producer as a result of the sale of the flaxseed or of insurance proceeds thereon, or any ratable share resulting from the liquidation of a pool, shall be payable only to the producer without right of assignment by him.

§ 271.221 *Release of the flaxseed under loan.* A producer may at any time obtain release of the flaxseed remaining under loan by paying to the holder of the note, or note and loan agreement, the principal amount thereof, plus interest. If the note is held by an out-of-town lending agency or by CCC, the producer may request that the note be forwarded to a local bank for collection. In such case, if CCC is the holder of the note, the local bank will be instructed to return the note if payment is not made within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon payment of a farm storage loan, the county committee should be requested to release the mortgage by filing an instrument of release or by executing a marginal release on the county records. Partial release of the flaxseed prior to maturity may be arranged with the county committee by paying to the holder of the note the amount of the loan plus charges and accrued interest, represented by the quantity of the flaxseed to be released. In case of warehouse storage loans, each partial release must cover all the flaxseed under one warehouse receipt number.

§ 271.222 *Storage allowance—(a) Warehouse storage loans.* CCC will assume accrued warehouse charges on flaxseed which is not redeemed by the producer.

(b) *Farm storage loans.* A farm storage payment of 7 cents per bushel will be paid to the producer (1) on flaxseed delivered to CCC on or after the maturity dates in the respective areas, or (2) on flaxseed delivered to CCC prior to the maturity dates in the respective areas, pursuant to demand by CCC for repayment of the loan. If delivery is made prior to January 31, 1949, in Arizona, California, and Texas, or April 30, 1949, in all other States, upon request by the producer and with the approval of CCC, the storage payment will be as follows:

	Arizona, California, Texas	Other States
6 cents per bushel if delivered in month of	Jan. 1949	Apr. 1949
5 cents per bushel if delivered in month of	Dec. 1948	Mar. 1949
4 cents per bushel if delivered in month of	Nov. 1948	Feb. 1949
3 cents per bushel if delivered in month of	Oct. 1948	Jan. 1949
2 cents per bushel if delivered prior to	Oct. 1948	Jan. 1949

Earned storage shall be computed after delivery has been completed.

No storage payment will be made on flaxseed delivered to CCC prior to April 30, 1949, pursuant to demand by CCC for the repayment of a loan if such demand for the repayment was due to any fraudulent representation on the part of the producer or the fact that the flaxseed was damaged, threatened with damage, abandoned, or otherwise impaired.

In the case of losses assumed by CCC, the full storage payment of 7 cents per bushel for the flaxseed lost will be paid the producer by CCC.

§ 271.223 *Purchase of notes.* CCC will purchase, from approved landing agencies, notes evidencing approved loans which are secured by chattel mortgages or warehouses receipts. The purchase price to be paid will be the principal sums remaining due on such notes, plus accrued interest from the date of disbursement to the date of purchase at the rate of 1½ percent per annum. Lending agencies are required to submit a weekly report to CCC and to the county committees, on CCC Commodity Form F or such other form as CCC may prescribe, of all payments received on producers' notes held by them, and to remit promptly to CCC an amount equivalent to 1½ percent interest per annum on the amount of the principal collected from the date of disbursement to the date of payment. Lending agencies should submit notes and reports to the CCC field office serving the area.

§ 271.224 *Loan rates—(a) Basic loan rates at designated terminal markets.* The 1948 loan rates per bushel for No. 1 flaxseed stored in eligible warehouses at the terminal markets listed below shall be as follows:

	Loan rate per bushel
Minneapolis and Duluth, Minn., Chicago, Ill., and Portland, Oreg.	\$6.00
Los Angeles and San Francisco, Calif.	6.25
Fredonia and Emporia, Kans.	5.85
Corpus Christi, Hurlingen, and Houston, Tex.	5.80

For loan at the full basic rates shown in the above schedule, the flaxseed must have been shipped on a domestic interstate freight rate basis. The loan rate at the designated terminal market will be reduced by the difference between the freight paid and the domestic freight rate on any flaxseed shipped at other than the domestic freight rate.

The foregoing schedule of loan rates applies to flaxseed delivered to any of the above designated terminal markets in carload lots which have been shipped by rail from a country shipping point to such designated terminal markets, as evidenced by paid freight bills duly registered for transit privileges and other documents as required herein: *Provided*, That, in the event the amount of paid-in freight is insufficient to guarantee minimum proportional freight rate from the designated terminal market, there shall be deducted from the applicable terminal loan rate the difference between the amount of freight actually paid in and the amount required to be paid in to guarantee outbound movement at the minimum proportional freight rate. The warehouse receipts must be accompanied by the registered freight bills, or by (1) a statement in the following form signed by the warehouseman, (2) a certificate of such warehouseman containing such an undertaking, or, (3) such other form of certification as may be approved by CCC.

Flaxseed stored at a designated terminal market (including trucked-in flaxseed) for which neither registered freight bills nor such freight certificates are presented, shall have a loan rate equal to the terminal loan rate minus 8 cents per bushel.

(b) *Basic loan rates at points other than designated terminal markets.* CCC will determine county loan rates on flaxseed in storage on the farm or in eligible

country warehouses by deducting from the designated terminal market loan rate an amount equal to 12 cents more than the applicable county average freight rate, plus freight tax, to such terminal market.

Each eligible warehouse will be advised as to the loan rate applicable to flaxseed stored in such warehouse. Producers may obtain from their respective county committees the loan rates applicable to flaxseed stored on farms and in the public warehouses. County loan rates determined in accordance with this section will be published in Supplement 1 to this bulletin.

The loan rate for eligible flaxseed stored in eligible warehouses (other than those situated in the designated terminal markets) which was shipped by rail from country shipping points will be determined by the deducting from the appropriate designated terminal market loan rate an amount equal to the transit balance of the through freight rate from point of origin for such flaxseed to such terminal market plus freight tax on such transit balance: *Provided*, That in the case of flaxseed stored at any railroad transit point, taking a penalty by reason of out-of-line movement, or for any other reason, to the appropriate designated terminal market, there shall be added to such transit balance the amount of such out-of-line or other costs, as determined by CCC.

The warehouse receipts, in addition to other required documents, must be accompanied by the original paid freight bills duly registered for transit privileges, or by a statement in the following form, signed by the warehouseman, or by a warehouseman's supplemental certificate containing such information:

TITLE 14—CIVIL AVIATION

**Chapter II—Civil Aeronautics
Administration**

[Amdt. 6]

PART 600—DESIGNATION OF CIVIL AIRWAYS

MISCELLANEOUS AMENDMENTS

It appearing that (1) the increased volume of air traffic at certain points necessitates, in the interest of safety in air commerce, the immediate establishment of control areas at such points; (2) the immediate realignment of civil airways in certain areas is necessary to expedite traffic control in such areas; (3) the establishment of the control areas referred to in (1) above, and the realignment of civil airways referred to in (2) above, have been coordinated with the civil operators involved, the Army, and the Navy, through the Air Coordinating Committee, Airspace Subcommittee; and (4) compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act (60 Stat. 237, 238; 5 U. S. C. 1001, 1003) would be impracticable, unnecessary, and contrary to the public interest, and therefore is not required;

Now therefore, acting under authority contained in sections 205, 301, 302, 307, and 308 of the Civil Aeronautics Act of 1938, as amended (52 Stat. 973, 984-986; 54 Stat. 1231, 1233-1235; 49 U. S. C. 401, 425, 451, 452, 457, 458), and pursuant to section 3 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1002), I hereby amend the Code of Federal Regulations, Title 14, Chapter II, Part 600, as follows:

Designation and Redesignation of Civil Airways: Amber Civil Airway No. 7; Red Civil Airways Nos. 62 and 68; Blue Civil Airways Nos. 41 and 50.

1. Section 600.4 (b) (7) is amended to read:

D. W. RENTZEL,
Administrator of Civil Aeronautics.

[F. R. Doc. 48-5792; Filed, June 28, 1948; 8:50 a. m.]

It appearing that (1) the increased volume of air traffic at certain points necessitates, in the interest of safety in air commerce, the immediate establishment of control areas, including control zones and reporting points at such locations; (2) the immediate realignment of civil airways in certain areas is necessary to expedite traffic control in such areas; (3) the establishment of the control areas referred to in (1) above, and the realignment of civil airways referred to in (2) above, have been coordinated with the civil operators involved, the Army and the Navy, through the Air Coordinating Committee, Airspace Subcommittee; and (4) compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act (60 Stat. 237, 238; 5 U. Now therefore, acting under authority contained in sections 205, 301, 302, 307, and 308 of the Civil Aeronautics Act of 1938, as amended (52 Stat. 973, 984-986; 54 Stat. 1231, 1233-1235; 49 U. S. C. 401, 425, 451, 452, 457, 458), and pursuant to section 3 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1002), I hereby amend the Code of Federal Regulations, Title 14, Chapter II, Part 601, as follows:

Designation and Redesignation of Control Areas: Green Civil Airway No. 8; Blue Civil Airway No. 27. Designation and Redesignation of Control Zones. Designation and Redesignation of Reporting Points: Green Civil Airway No. 6; Amber Civil Airways Nos. 1, 2, 4 and 9; Red Civil Airways Nos. 1 and 40; Blue Civil Airway No. 5

1. Section 601.4 (a) (8) is amended to read:

(8) *Green civil airway No. 8 control areas (Attu, Alaska, to Northway, Alaska)*. From a line extended at right angles across such airway through a point 50 miles southwest of the Naknek, Alaska, radio range station to a line extended at right angles across such airway through a point 50 miles northeast of the Naknek, Alaska, radio range station. From a line extended at right angles across such airway through a point 50 miles west of the Homer, Alaska, radio range station to a line extended at right angles across such airway through a point 50 miles northeast of the Anchorage, Alaska, radio range station: From a line extended at right angles across such airway through a point 50 miles southwest of the Northway, Alaska, radio range station to the Northway, Alaska, radio range station.

2. Section 601.4 (d) (27) is amended to read:

(27) *Blue civil airway No. 27 control areas (Kodiak, Alaska, to Kotzebue,*

Alaska). From a line extended at right angles across such airway through a point 50 miles southeast of the Naknek, Alaska, radio range station to a line extended at right angles across such airway through a point 50 miles northwest of the Naknek, Alaska, radio range station.

3. Section 601.4 (e) (5) is amended to read:

(5) *Control area extension (Jacksonville, Fla.)*. From the Jacksonville, Fla., radio range station extending 4 miles north and 5 miles south of the east course of the Jacksonville, Fla., radio range to a point 10 miles east of the radio range station, and extending 5 miles either side of the ILS localizer course to a point 10.5 miles southwest of the ILS outer marker excluding that portion which lies south of Latitude 30°16'45".

4. Section 601.4 (e) (18) is amended to read:

(18) *Control area extension (Meridian, Miss.)*. From the Meridian, Miss., radio range station extending 5 miles either side of the north course of the Meridian, Miss., radio range to a point 20 miles north of the radio range station and extending from the ILS localizer 5 miles either side of the localizer course to a point 30 miles south of the ILS localizer.

5. Section 601.4 (e) (94) is amended to read:

(94) *Control area extension (Flint, Mich.)*. From the Flint, Mich., non-directional radio beacon extending 5 miles either side of a track of 344° magnetic to a point 20 miles northwest of the non-directional radio beacon.

6. Section 601.4 (e) (104) control area extension (Moline, Ill.) is revoked.

7. Section 601.4 (e) (104) is added to read:

(104) *Control area extension (Rockford, Ill.)*. From the Rockford, Ill., radio range station extending 5 miles either side of the west course of the Rockford, Ill., radio range to a point 20 miles west of the radio range station.

8. Section 601.4 (e) (110) is amended to read:

(110) *Control area extension (Fort Riley, Kans.)*. Within a 5-mile radius of the Marshall, Kans., AFB, via the Fort Riley (Marshall), Kans., radio range station extending ½ mile on the west side and 5 miles on the east side of the northeast course of the Fort Riley (Marshall), Kansas, radio range to a point 20 miles northeast of the radio range station.

9. Section 601.4 (e) (120) is amended to read:

(120) *Control area extension (Iowa City, Iowa)*. Within a 5-mile radius of the Iowa City Airport extending 5 miles either side of a track 85° magnetic from the Airport to its intersection with the north course of the Burlington, Iowa, radio range.

10. Section 601.4 (e) (124) control area extension (Meridian, Miss.) is revoked.

11. Section 601.8 (e) is amended by adding the following airport:

Willow Grove, Pa.: Naval Air Station

12. Section 601.8 (b) is amended by adding the following airports:

Salinas, Calif.: Salinas Airport

TITLE 22—FOREIGN RELATIONS

Chapter III—Economic Cooperation Administration

PART 1112—DELEGATIONS OF AUTHORITY

DELEGATION TO DEPUTY ADMINISTRATOR

§ 1112.2 *Delegation to Deputy Administrator*. Pursuant to the authority vested in me by section 104 (b) of the Foreign Assistance Act of 1948 (Pub. Law 472, 80th Cong.), I hereby delegate to the Deputy Administrator for Economic Cooperation authority to perform all functions which I am authorized to perform under said Act.

Pursuant to the authority vested in me by section 104 (f) of said act, I further authorize the Deputy Administrator for Economic Cooperation to redelegate authority to other officials of the Economic Cooperation Administration, acting under the direction of the Administrator and under rules and regulations promul-

gated by him. (Secs. 104 (b), (f), Pub. Law 472, 80th Cong.)

PAUL G. HOFFMAN,
Administrator for
Economic Cooperation.

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

Subchapter A—Organization, Procedures and Substantive Rules, and Statements of General Policy or Interpretation Applicable Thereto

PART 681—HOME WORKERS IN INDUSTRIES IN PUERTO RICO OTHER THAN NEEDLEWORK INDUSTRIES

MINIMUM PIECE RATES

On May 26, 1948, notice was published in the FEDERAL REGISTER (13 F. R. 2825) that the Administrator of the Wage and Hour Division, U. S. Department of Labor, proposed to establish a minimum piece rate of 28 cents per gross for the hand braiding of leather buttons, 24 to 30 ligne, by home workers in Puerto Rico. Interested persons were afforded an opportunity to submit data, views or arguments pertaining thereto within 15 days from the date of publication of the notice.

Opposition to the proposed rate was expressed by the Strauss Import Corp., New York, N. Y. I have given careful consideration to the arguments presented by this firm, and to all other relevant matter, and it is my conclusion that the proposed minimum piece rate conforms with the requirement of section 6 (a) (5) of the Fair Labor Standards Act that such rates be commensurate with the applicable minimum hourly wage rate, namely 21 cents an hour.

Accordingly, pursuant to authority vested in me by section 6 (a) (5) of the Fair Labor Standards Act (52 Stat. 1060; 29 U. S. C. 201):

§ 681.9 *Minimum piece rates prescribed by the Administrator*. A minimum piece rate of 28 cents per gross is hereby established for the performance of the following operation by homeworkers in Puerto Rico: Hand braiding of leather buttons, 24 to 30 ligne. This operation consists of tying a braided knot around the tip of a finger, bringing the knot into a rounded button shape by pulling at the ends of the strip, inserting a leather shank at the base, and tucking the loose ends between the braided part and the shank.

The above minimum piece rate shall become effective 30 days after publication of this order in the FEDERAL REGISTER. (Sec. 3 (f), 54 Stat. 616; 29 U. S. C. 206 (a) (5))

Signed at Washington, D. C., this 23d day of June 1948.

WM. R. McCOMB,
Administrator.

PART 359—SETTLEMENTS BY TREASURER OF UNITED STATES, IN ADVANCE OF RECLAMATION, WITH PAYEES OR SPECIAL ENDORSEES OF LOST OF STOLEN CHECKS, WHICH HAVE BEEN PAID ON FORGED ENDORSEMENTS

SETTLEMENT OF CLAIM

JUNE 21, 1948.

Section 359.2 of Part 359 is hereby amended by deleting paragraphs (a) and (b) and substituting in lieu thereof the following new paragraphs (a) and (b):

§ 359.2 Settlement of claim. * * *

(a) That a claim has been received from a payee or a special endorsee in which it is alleged that the check was lost or stolen, that the check was negotiated and paid on a forged endorsement of the claimant, and that the claimant did not participate directly or indirectly in its proceeds.

(b) That the report of the investigation of the forgery, submitted by or approved by the Secret Service Division, or submitted by the State Department, or by any governmental officer authorized by law or regulation to conduct such an investigation, substantiates the allegations of the claimant, as set forth in paragraph (a) of this section, and discloses that the check was lost or stolen without fault of the claimant.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders
[Public Land Order 490]

OREGON

MODIFYING EXECUTIVE ORDER CREATING POWER SITE RESERVE NO. 631

By virtue of the authority contained in section 1 of the act of June 25, 1910 (36 Stat. 847, 43 U. S. C. 141), and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

The Executive Order of July 10, 1917, creating Power Site Reserve No. 631, is hereby modified to the extent necessary to permit the granting of a right-of-way, under section 2477, U. S. Revised Statutes, 43 U. S. C. 932, to the County Court of Douglas County, Oregon, for the construction of a highway over the lands hereinafter described, and as shown on the maps on file in the Bureau of Land Management (miscellaneous 715994), on the condition that the use of the highway in whole or in part shall be discontinued without liability or expense to the United States or its licensees when found by the Secretary of the Interior to be in conflict with project works authorized by the United States.

The lands affected by the above modification are as follows:

WILLAMETTE MERIDIAN

T. 26 S., R. 2 W.,
Sec. 7, S $\frac{1}{2}$ NW $\frac{1}{4}$, S $\frac{1}{2}$;
Sec. 17, NW $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$.

T. 26 S., R. 3 W.,
Sec. 1, S $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$.

C. GIRARD DAVIDSON,
Acting Secretary of the Interior.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket No. 8978]

PART 3—RADIO BROADCAST SERVICES

MISCELLANEOUS AMENDMENTS

In the matter of changes in F. C. C. Forms 301, Application for Authority to Construct a New Broadcast Station or Make Changes in an Existing Broadcast Station, 302, Application for New Broadcast Station License, 303, Application for Renewal of Broadcast Station License, 313, Application for Authorization in the Auxiliary Radio Broadcast Services, 314, Application for Consent to Assignment of Radio Broadcast Station Construction Permit or License, 315, Application for Consent to Transfer of Control of Corporation Holding Radio Broadcast Station Construction Permit or License, 321, Application for Construction Permit to Replace Expired Permit, and 701, Application for Additional Time to Construct Radio Station; and amendment of §§ 3.46, 3.182 and 3.254 of the Commission's rules and regulations.

At a meeting of the Federal Communications Commission held at its offices in Washington, D. C., on the 16th day of June 1948:

The Commission having under consideration the adoption of changes in the broadcast application forms F. C. C. Forms 301, 302, 303, 313, 314, 315, 321, and 701, and amendment of §§ 3.46, 3.182 and 3.254 of the Commission's rules and regulations, and

It appearing, that notice of proposed rule making with respect to said proposed changes and amendments was published in the FEDERAL REGISTER on May 20, 1948 (13 F. R. 2718), and

It further appearing, that all comments and suggestions received by the Commission pursuant to said notice of proposed rule making have been carefully considered by the Commission, and

It further appearing, that the amendments hereinafter ordered will facilitate the preparation and submission of broadcast applications, will result in a more economical and expeditious processing of broadcasting applications by the Commission and will make available to the Commission technical information concerning the operation of equipment of broadcast stations necessary to the determination of whether such equipment is being maintained and operated in accordance with the Commission's rules and regulations and Standards of Good Engineering Practice, and

It further appearing, that authority for the revisions and amendments here-

inafter ordered is contained in sections 303 (e), 303 (j), 303 (r), and 308 (b) of the Communications Act of 1934, as amended;

It is ordered, That F. C. C. Forms 301, 302, 303, 313, 314, 315, 321, and 701 and §§ 3.46, 3.182 and 3.254 of the Commission's rules and regulations are amended as set forth below.

It is further ordered, That this order shall be effective August 1, 1948: *Provided, however,* That all forms ordered herein to be withdrawn or discontinued may at the option of the applicant, be used until September 30, 1948.

(Secs. 303 (e), (j), 308 (b), 48 Stat. 1082, 1085, sec. 6 (b), 50 Stat. 191; 47 U. S. C. 303 (e), (j), (r), 308 (b))

Released: June 21, 1948.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] T. J. SLOWIE,
Secretary.

1. Form 301.

A. Section I, Paragraph C of Instructions, add the following sentence: "Date each exhibit and each antenna pattern."

Paragraph E of Instructions, add the following phrase after the word "Commission" in the second line: "(except that called for in Section V-G)". In the same paragraph, strike the remainder of the paragraph after the first "application" in the twelfth line and substitute the following: "all information, confidential or otherwise, contained in the application or other form referred to. The incorporated application or other form will thereafter, in its entirety, be open to the public."

Paragraph 1, add "Channel No."

Paragraph 2a, add "Channel No." Paragraph 2b, add additional sentence within parentheses in the first paragraph to read as follows: "Section IV not required for applications for minor changes not involving change in power, change in frequency, change in hours of operation, or moving from city to city)". Paragraph 2b, add "Paragraph No." after "Section No." in the tenth line.

B. Section II, Instructions: Add another sentence after the word "applicant" in the seventh line to read as follows: "In case of an application for assignment or transfer, Section II should be completed only for the assignee or transferee, showing the ownership as it will be after the assignment or transfer has taken place." Substitute the following for the present language of the Note of the Instructions: "If the applicant considers that to furnish a complete answer to the paragraphs referred to would be an unreasonable burden, it may request the Commission for a waiver of the strict terms of this requirement)."

Paragraph 10c, substitute the word "application" for the word "proceeding" in the first line.

Paragraph 10e, substitute the following for the present language of the paragraph: "Is there now pending in any court or administrative body against the

applicant or any party to this application any action involving any of the matters referred to in Paragraphs 10a, b, c, and d above."

C. Section III, Paragraph 1c, add the following sentence to the heading before the colon: "The financial plan should provide for any additional construction costs should the actual cost exceed the original estimated cost, and also for the early operation of the station in the event operating expenses should exceed operating revenues."

Paragraph 2b, strike the words "before and" after the first comma in the first line.

Paragraph 4c, add the words "current and liquid" after the word "containing" in the third line.

Paragraph 4e, strike the words "before and" after the words "Net income" in the first line.

D. Section IV, Instructions, combine Instructions 1 and 3 as number 1 and to read as follows: "Both parts of this section are to be completed by all applicants except that Television applicants are to answer only Paragraphs 9, 10, 11 and 12."

Renumber Instructions 4 and 5 as Instructions 3 and 4, respectively. Instruction 5, omit the words "and 5" in the first line and insert the word "and" before the figure "4" in the same line.

Paragraph 1b, add the word "licensee," at the end of the first line. Paragraph 2a, strike the word "combined" within the parentheses in the third line. Strike the column headings "Commercial, Sustaining (in percentages)" eliminate one column of lines, leaving only the one column and insert a "%" sign at the end of each line and add "100%" at the bottom of the column. Paragraph 2b, strike the word "Combined" within the parentheses in the third line. Strike the column headings "Commercial, Sustaining (in percentages)", eliminate one column of lines, leaving only the one column and insert a "%" sign at the end of each line and add "100%" at the bottom of the column.

Paragraph 5, strike this paragraph and renumber succeeding paragraphs accordingly.

Paragraph 6, strike the words "operating and" in the second line.

Paragraph 8, Page 4, substitute the following for the present language of the second sentence: "Promotional announcements should be classified as 'non-commercial spot announcements' if the program promoted is a sustaining program; other promotional announcements should be classified as 'spot announcements.' Participating announcements should not be classified as 'non-commercial spot announcements' but as 'spot announcements.'"

E. Section V-A, Paragraph 1, add another subparagraph to read as follows: "If this application is not for a new station, summarize briefly the nature of the changes proposed."

Paragraph 3, add the following after the word "Antenna" in the first line: "System, including Ground or Counterpoise." Replace the present five boxes concerning antennas by:

Nondirectional antenna:

Day ----- ☐

Night ----- ☐

Directional antenna:

Day only (DA-D) ----- ☐

Night only (DA-N) ----- ☐

Same constants and power day and night (DA-1) ----- ☐

Different constants or power day and night (DA-2) ----- ☐

In the expression "(If directional antenna is proposed, submit complete engineering data on each element . . .)" delete the last three words, "on each element". In this same section in the sentence beginning "This information is in addition to . . ." change the words "must be submitted" to "is submitted" and delete "in triplicate". In the expression "Height of vertical lead in feet (height above base insulator or base if grounded)", insert the word "above" between "or" and "base". Instead of "If top loading is used, describe" use the statement "If antenna is either top loaded or sectionalized, describe fully as Exhibit No. _____." The section beginning "Is the antenna shunt excited?" to be replaced completely by the following:

Give method of exciting antenna -----

If shunt excited give: Length of slant wire

feet in feet -----

Height of connection to tower above earth in

feet -----

Distance from coupling apparatus to tower

in feet -----

If unconventional feed, describe fully as Exhibit No. -----

Replace paragraph beginning "If not fully described above, etc." by "If the antenna system is not fully described above, give further details and dimensions including information on high frequency antennas mounted on the towers, as well as the associated isolation circuits as Exhibit No. _____. (See sections 3 and 5 of the Standards of Good Engineering Practice Concerning Standard Broadcast Stations.)"

Add another subparagraph to Paragraph 3 to read as follows: "Submit as Exhibit No. _____ a plat of the transmitter site showing boundary lines, and roads, railroads, or other obstructions; and also lay-out of the ground system or counterpoise. Show number and dimensions of ground radials or if a counterpoise is used, show height and dimensions."

Paragraph 4, strike the words "copies of" in the third line of the last section.

Paragraph 7, change the first sentence under 7 to read as follows: "Attach as Exhibit No. _____ map or maps having reasonable scales clearly showing the following:"

Paragraph 7 (a), insert the word "antenna" after the word "Proposed".

Paragraph 7 (b), strike the words "surrounding area" and substitute therefor the following: "city or metropolitan district", in the first line of this subparagraph.

Paragraph 7 (c), strike the rest of the sentence after the word "thereof" in the third line.

Paragraph 7 (d), substitute the following for the present language: "Transmitter location and call letters of all radio stations (except amateur) and the location of established commercial and

government receiving stations within 2 miles of the proposed transmitter location; except that call letters and locations of broadcast stations, including FM and television, within 5 miles must be shown."

Paragraph 8, substitute the following for the present language: "Attach as Exhibit No. _____ photographs taken in clear weather from eight different directions or a sufficient number of aerial photographs taken at appropriate altitudes and angles to permit adequate identification of structures and houses in the vicinity. If ground photographs are submitted, the view must be substantially unobstructed out to the 250 mv/m contour. The photographs must be marked so as to show compass directions, exact boundary lines of the proposed site, and the locations of the 250 and 500 mv/m contours for both day and night operations."

Paragraph 9, replace completely by the following: "Attach as Exhibit No. _____ map or maps (same map or maps supplied for Paragraph 7 may be used) having reasonable scales showing the following:

NOTE: See Standards of Good Engineering Practice Concerning Standard Broadcast Stations and where involved, metropolitan districts according to the latest Census of the Commerce Department shall be outlined on the maps.

(a) The 500, 250, 25, 5 and 2 mv/m contours, both existing and as proposed by the application for both day and night operation.

NOTE: The 2 mv/m nighttime contour need not be supplied if service is not rendered thereto.

(b) The normally protected contours of the station both existing and as proposed by the application for both day and night operation. When the application includes 1 kilowatt nighttime operation on a regional channel both the 2.5 and 4.0 mv/m contours should be supplied;

(c) The interference-free contours of the station both existing and as proposed by the application, for both day and night operation (including nighttime computed RSS for a Class IV station) if the station would be limited inside its normally protected contours by any other station or stations;

(d) The present normally protected and interference-free contours for both day and night operation of each station to which objectionable interference will be caused (without regard to this interference from the station as proposed by the application);

(e) The resulting interference-free contours of the stations in (d) above, considering the interference from the operation of the station as proposed by the application;"

Paragraph 10, replace the present language with the following: "Attach as Exhibit No. _____ a statement describing in detail the methods employed in determining the contours required in Paragraph 9 above (including conductivities, basis therefor and how used, effective fields and how obtained, interference fields, and other pertinent data)."

Paragraph 11, replace the entire paragraph by the following:

Areas and populations:

NOTE: See the Standards of Good Engineering Practice Concerning Standard Broadcast Stations. All towns and cities having populations in excess of those given in Table II of Section I of the Standards of Good Engineering Practice are not to be included in the tabulations of populations within the service contours. The 1940 or later Census Minor Civil Division maps are to be used in making population counts, subtracting any towns or cities not receiving adequate service, and where contours cut a minor division assuming a uniform distribution of population within the division, to determine the population included in the contours unless a more accurate count is made.

Attach as Exhibit No. --- tables of the areas and populations within the contours included in Paragraph 9 above. When applicable, include that area and population within the metropolitan district encompassed by the 2 mv/m daytime and interference-free nighttime contours."

Paragraph 12, delete entirely and replace by the following: "Attach as Exhibit No. --- a statement giving the basis for the above areas and populations."

Paragraph 13, delete the statement "Other studios maintained by station."

Add the following to the certification at the end of this form: "This signature may be omitted provided the engineer's original signed report of the data from which the information contained herein has been obtained is attached hereto."

F. Section V-B, add another subparagraph to read as follows: "If this application is not for a new station, summarize briefly the nature of the changes proposed."

Paragraph 3 (a), second subparagraph, strike the word "datum" in the fourth line. Strike the word "level" in the second line of third subparagraph.

Paragraph 4, strike the words "copies of" in the third line of the last section.

Paragraph 9, strike the word "with" in the fourth line.

Paragraph 12, strike the letter "t" in the word proposed in the third line.

Add the following to the certification at the end of this form: "This signature may be omitted provided the engineer's original signed report of the data from which the information contained herein has been obtained is attached hereto."

G. Section V-C, add another subparagraph to read as follows: "If this application is not for a new station, summarize briefly the nature of the changes proposed."

Paragraph 3 (a), second subparagraph, strike the word "datum" in the fourth line. Strike the word "level" in the second line of third subparagraph.

Paragraph 4, strike the words "copies of" in the third line of the last section.

Add the following to the certification at the end of this form: "This signature may be omitted provided the engineer's original signed report of the data from which the information contained herein has been obtained is attached hereto."

H. Section V-G, change the requirement as to the number of exhibits to be filed to 5 instead of 4 in the title box. Add the following after the "Address" in the title box: "where applicant can be

reached in person." Add the following instruction directly below the title box "Since this section is submitted to the Civil Aeronautics Administration for clearance in connection with obstructions to airways, it is necessary that all the data called for be supplied. Previously and separately filed data must not be incorporated by reference."

Paragraph 1, substitute the following for the first sentence: "Describe and identify location on which the antenna system is to be constructed, especially with respect to roads, highways, railroads, water tanks, or other outstanding geographic features which will permit ready identification from the air." Strike the word "civil" in the next sentence.

Paragraph 2, subparagraph 2, replace the present language with the following: "Submit as Exhibit No. --- a topographic map (from the U. S. Geological Survey) upon which the site is plotted as accurately and definitively as possible. The individual towers should be plotted if this can be done. If topographic maps are not available, substitute the map having the largest available scale. One of the maps submitted must be an original." Substitute the following for the present language of the last sentence in subparagraph 5: "The photographs should be marked so as to show the date taken, compass directions, and also the boundary of the proposed site."

Paragraph 3, add the following after the title: "(If directional, give spacing and orientation of towers.)" Insert the following on the same line with the numbers 1, 2, 3, etc. directly above the line "Height of radiating elements": "Tower (height figures should not include obstruction lighting.)" For the statement beginning "For multi-element standard broadcast . . ." replace by the following: "If a combination of Standard, FM, or Television operation is proposed on the same multi-element array (either existing or proposed) submit as Exhibit No. --- a horizontal plan for the proposed antenna system, giving heights of the elements above ground, and showing their orientation, and spacing in feet. Clearly indicate if any towers are existing." The language of the next subparagraph to be replaced by the following: "Submit as Exhibit No. --- a vertical plan sketch for the proposed total structure (including supporting building if any) giving heights above ground in feet for all significant features. Clearly indicate existing portions, noting painting and lighting."

Signature line, change the word "person" to "Engineer".

2. Form 302.

A. Section I, Paragraph C of Instructions, add the following sentence: "Date each exhibit and each antenna pattern."

Paragraph E of Instructions, strike the remainder of the paragraph after the first "application" in the twelfth line and substitute the following therefor: "all information, confidential or otherwise, contained in the application or other form referred to. The incorporated application or other form will thereafter, in its entirety, be open to the public."

Paragraph 1, add "Channel No."

Paragraph 5, add the letter "a" in parentheses before the word "Attach" in the first line. Insert a new subparagraph (b) before the parentheses in the second line to read as follows:

(b) If the actual cost of construction materially exceeds the original estimated cost of construction, attach as exhibit No. --- a detailed statement showing the plan used to finance such construction.

Change the words "this exhibit" to read "these exhibits" in the fourth line. Strike the first comma in note after the word "station" and before "having."

B. Section II-A, Paragraph 4, substitute the following for the present language in the second row of blocks: "Actual measured antenna or common point resistance in ohms at operating frequency: Night --- Day ---" "Actual measured antenna or common point reactance in ohms at operating frequency: Night --- Day ---"

Paragraph 5, substitute the following for the present language of this paragraph: "5. Currents and phase for directional operation:

Manufacturer's name and type

Full scale reading

Plate voltmeter
Plate ammeter
Antenna ammeter

	Phase reading in degrees		Antenna base current		Remote indication of antenna current	
	Night	Day	Night	Day	Night	Day
Tower No. 1						
Tower No. 2						
Tower No. 3						
Tower No. 4						
Tower No. 5						
Tower No. 6						

Phase monitor: Manufacturer and type.
Describe equipment use for remote indication of antenna currents (phase monitor or other method).

Add the following to the certification at the end of this form: "This signature may be omitted provided the engineer's original signed report of the data from which the information contained herein has been obtained is attached hereto."

C. Section II-B, Paragraph 1, eliminate the line "Transmitting apparatus installed" and insert the word "installed" after the word "Transmitter" in the next line.

Paragraph 2 (a) strike the word "level" in the second line of the first section.

Add the following to the certification at the end of this form: "This signature may be omitted provided the engineer's original signed report of the data from which the information contained herein has been obtained is attached hereto."

D. Section II-C, Paragraph 1, add "Channel No."

Paragraph 6, page 2 renumber this paragraph as "5" and renumber the succeeding paragraphs accordingly.

Paragraph 8, strike the rest of the paragraph after the first parenthesis in the first line and substitute therefor the language of Paragraph 6 of Section II-B with the following corrections: Insert

"9B" for "8 and 13" in the 4th line, and change "75 kilocycles" to "25 kilocycles" in the third line of subsection c.

Add the following to the certification at the end of this form: "This signature may be omitted provided the engineer's original signed report of the data from which the information contained herein has been obtained is attached hereto."

3. Form 303.

A. Section I, Paragraph C of Instructions, add the following sentence: "Date each exhibit and each antenna pattern."

Paragraph E of Instructions, strike the remainder of the paragraph after the first "application" in the twelfth line and substitute the following therefor: "all information, confidential or otherwise, contained in the application or other form referred to. The incorporated application or other form will thereafter, in its entirety, be open to the public."

Paragraph 1, add "Channel No."

Paragraph 1, add a new subparagraph to read as follows: "Location of main studio, City _____ State _____"

B. Section II, Paragraph 1, strike the line "Last radio stage" and add the following to the next line: "Tubes in last radio stage."

Paragraph 6, eliminate the columns "Make" and "Type."

Paragraph 7, eliminate the columns "Make" and "Type" and add a new column to be called "Phase angle in degrees."

Add a new Paragraph 10 and renumber the present Paragraph 10 as number 11. The new Paragraph 10 to read as follows: "(a) Have equipment performance measurements been made within the past four months? Yes or No. (b) Give date of last measurements. (c) Do these measurements show the transmitting system performance to be in accordance with the Standards of Good Engineering Practice? Yes or No. (If the answer to either of the above questions is No, attach as Exhibit No. _____ a complete explanation.)"

Add a new Paragraph 12 to read as follows: "Attach as Exhibit No. _____ the original or one exact copy of the transmitter operating logs for the seven days comprising the composite week analyzed in Section IV of the application. If original logs are submitted they will be returned. (For Standard Broadcast Only)."

Add the following to the certification at the end of this form: "This signature may be omitted provided the engineer's original signed report of the data from which the information contained herein has been obtained is attached hereto."

C. Section IV amended to conform to Section IV of Form 301 as above amended.

4. Form 313.

Add a new Instruction D and renumber the present Instructions D and E as Instructions E and F. The new Instruction D is to read as follows: "Number exhibits serially in the spaces provided in the body of the form and date each exhibit."

In the box for "Name of Applicant" change the reference to Instruction from D to E.

Paragraph 1b, to be renumbered 1e and to read as follows: "Station or stations

with which station is to be used: Call _____" 1c to be renumbered 1b. 1d to be renumbered 1c and eliminate "File No. _____" 1e to be renumbered 1d and delete the present language of this subparagraph and substitute the following therefor: "Renewal of license Call _____. Have there been any changes since the date of the last authorization? Yes or No. If so, indicate the changes in the appropriate paragraphs in this form."

Paragraph 4, add another subparagraph to read as follows: "Direction of main lobe in degrees referred to true north."

5. Form 314. A. Section I, General Instructions, add the following subparagraphs at the end of Instruction C: "Information requested of the assignee in Paragraphs 1 and 3 of Section III of this application is not required of an assignee of a licensed station but must be furnished by an assignee of a permittee only." "If an application for assignment of license does not involve a change in ownership, programming, policy, or operations, applicant may on the basis of a statement to that effect request waiver of the requirements to supply information called for by Paragraphs 1 through 11 of Section IV."

Add the following to Instruction E: "Date each exhibit."

Paragraph F of Instructions, strike the remainder of the paragraph after the first "application" in the twelfth line and substitute the following therefor: "all information, confidential or otherwise, contained in the application or other form referred to. The incorporated application or other form will thereafter, in its entirety, be open to the public."

Paragraph 1, change the fourth box to read "Date of grant" instead of "Date of issue." In the first line of seventh box change "St" to read "StI."

Paragraph 4, replace the present language of this paragraph with the following: "Do you propose to request a tax certificate pursuant to section 112 (n) of the Internal Revenue Code if this proposed assignment is granted? Yes or No. If so, submit as Exhibit No. _____ a brief statement giving the basis for this request."

Paragraph 7, substitute the following for the present language of this paragraph: "Does the assignor, or any partner, officer, director, member of the assignor's governing board, or any stockholder owing 10% or more of the assignor's stock, have any interest in or connection with the following (if so state what interest or connection):

- Any standard, FM, or television broadcast station?
- Any application pending before the Commission?
- Dismissed and/or denied applications?

Paragraph 11a, change the period to a comma in the third line and add the following: "including also but not limited to trusts, leases, debentures, and any other instruments which affect or concern the assignment (See § 1.342 of the Commission's rules)." Strike subparagraph c and renumber subparagraph d to c.

Add new Paragraph 12 to read as follows: "If publication is required, attach as Exhibit No. _____ copy of proposed notice to be inserted in a local newspaper of general circulation under § 1.321. State date notice will first appear."

Page 3, column three of the Exhibits, add the word "assignor's" before the word "officer" in the first line.

B. Part II, Page 4:

Paragraph 3a, strike the first two words "Show here" and insert the following therefor: "Identity by date and names of parties."

Paragraph 4, strike the comma in the third line and add the following "as of the same date of the balance sheet submitted in response to Section III, paragraph 2, of this application."

Paragraph 5a, underline the word "voluntary" in the third line. Add the word "three" at the end of the fourth line. Strike the word "verified" in the fifth line and add the following at the end of the fifth line: "unless heretofore attached in answer to Paragraph 11a of Section I hereof."

Paragraph 5b, underline the word "involuntary" in the third line.

Paragraph 6, strike the complete paragraph.

Page 5, column three of the exhibits, add the word "assignee's" before the word "officer" in the first line.

C. Sections II, III and IV amended to conform to Sections II, III and IV of Form 301, as above amended.

6. Form 315.

A. Section I, General Instructions, add the following subparagraphs at the end of Instruction D to read as follows: "Information requested of the transferee in Paragraphs 1 and 3 of Section III of this application is not required of a transferee of a licensed station but must be furnished by a transferee of a permittee only." "If an application for transfer of control does not involve a change in ownership, programming, policy, or operations, applicant may on the basis of a statement to that effect request waiver of the requirements to supply information called for by Paragraphs 1 through 11 of Section IV."

Instruction F, add the following: "Date each exhibit."

Paragraph G of Instructions, strike the remainder of the paragraph after the first "application" in the twelfth line and substitute the following therefor: "all information, confidential or otherwise, contained in the application or other form referred to. The incorporated application or other form will thereafter, in its entirety, be open to the public."

Paragraph 1, page 1, change the fourth box to read "Date of grant" instead of "Date of issue." In the first line of seventh box change "St" to read "StI."

Page 2, under Exhibits at bottom of page, third column, add the word "transferor's" before the word "officer" in the first line.

Page 4, under Exhibits at bottom of page, third column, add the word "licensee's" before the word "officer" in the first line.

Page 6, under Exhibits, third column, add the word "transferee's" before the word "officer" in the first line.

B. Sections II, III and IV amended to conform to Sections II, III and IV of Form 301, as above amended.

7. Form 321.

Add the following to Instruction C: "Date each exhibit."

Paragraph 2, add "Channel No."

Paragraph 3, add the following to subparagraph 2: "(add additional sheet if necessary)".

8. Form 701.

Paragraph 3, add the following to this paragraph: "(use back of form)."

9. Section 3.46 of the Commission's rules and regulations is amended as follows:

Add a new subparagraph (e) to read as follows:

§ 3.46 Transmitter. * * *

(e) The licensee of each standard broadcast station shall make the following equipment performance measurements at yearly intervals. One such set shall be made during the four-month period preceding the date of filing application for renewal of station license.

(1) Data and curves showing overall audio frequency response from 30 to 7500 CPS for approximately 25, 50, 85 and 100 (if obtainable) percent modulation. Family of curves should be plotted (one for each percentage above) with DB above and below a reference frequency of 1000 CPS as ordinate and audio frequency as abscissa.

(2) Data and curves showing audio frequency harmonic content for 25, 50, 85 and 100 percent modulation for fundamental frequencies of 50, 100, 400, 1000, 5000, and 7500 CPS (either arithmetical or root sum square values up to the tenth harmonic or 16000 CPS). Plot family of curves (one for each percentage above) with percent distortion as ordinate and audio frequency as abscissa.

(3) Data showing percentage carrier shift for 25, 50, 85 and 100 percent modulation with 400 CPS tone.

(4) Carrier hum and extraneous noise generated within the equipment and measured as the level below 100 percent modulation throughout the audio spectrum or by bands.

(5) Measurements or evidence showing that spurious radiations including radio frequency harmonics are suppressed or

are not present to a degree capable of causing objectionable interference to other radio services. Field intensity measurements are preferred but observations made with a communications type receiver may be accepted. However, in particular cases involving interference or controversy, the Commission may require actual measurements.

Measurements shall be made with the equipment adjusted for normal program operation and shall include all circuits between main studio amplifier input and antenna output including equalizer or correction circuits normally employed, but without compression if such amplifier is employed.

The above data together with a description of instruments and procedure signed by the engineer making the measurements, shall be kept on file at the transmitter and shall be made available upon request to any duly authorized representative of the F. C. C.

10. Section 3.254 of the Commission's rules and regulations is amended as follows:

Delete the present language of this section and substitute therefor the following:

§ 3.254 Required transmitter performance. The construction, installation, operation and performance of the FM broadcast transmitting system shall be in accordance with the Standards of Good Engineering Practice Concerning FM broadcast stations. (Sections 8 and 13). The licensee of each FM broadcast station shall make the following equipment performance measurements at least at yearly intervals. (One such set of measurements shall be made during the four months period preceding the date of filing application for renewal of station license.):

(a) Audio frequency response from 50 to 15,000 cycles for approximately 25, 50 and 100 percent modulation. Measurements shall be made on at least the following audio frequencies: 50, 100, 400, 1000, 5000, 10,000 and 15,000 cycles. The frequency response measurements should normally be made without deemphasis, however, standard 75 microsecond deemphasis may be employed in the measuring equipment or system provided the accuracy of the deemphasis circuit is

sufficient to insure that the measured response is within the prescribed limits.

(b) Audio frequency harmonic distortion for 25, 50, and 100 percent modulation for the fundamental frequencies of 50, 100, 400, 1000, and 5000 cycles. Audio frequency harmonics for 100 percent modulation for fundamental frequencies of 10,000 and 15,000 cycles. Measurements shall normally include harmonics to 30,000 cycles. The distortion measurements shall be made employing 75 microsecond deemphasis in the measuring equipment or system.

(c) Output noise level (frequency modulation) in the band of 50 to 15,000 cycles in decibels below the audio frequency level representing a frequency swing of 75 kilocycles. The noise measurements shall be made employing 75 microsecond deemphasis in the measuring equipment or system.

(d) Output noise level (amplitude modulation) in the band of 50 to 15,000 cycles in decibels below the level representing 100 percent amplitude modulation. The noise measurements shall be made employing 75 microsecond deemphasis in the measuring equipment or system. All measurements shall be made with the equipment adjusted for normal program operation and shall include all circuits between the main studio microphone terminals and the antenna output, including telephone lines, pre-emphasis circuits and any equalizers employed except for microphones, and without compression if a compression amplifier is installed.

The above data, diagrams and appropriate graphs together with a description of measurement procedures and instruments, signed by the engineer making the measurements, shall be kept on file at the transmitter and shall be made available upon request to any duly authorized representative of the F. C. C.

11. Section 3.182 is amended by the addition of the following as a footnote to be cross-referenced to this section:

Attention is called to the fact, however, that application forms for licenses and other authorizations require that certain operating program data be supplied. It is suggested that these application forms be kept in mind in connection with maintenance of station program and operating records.

[26 CFR, Part 180]

LIQUORS AND ARTICLES FROM PUERTO RICO AND THE VIRGIN ISLANDS

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are pro-

No. 126—3

posed to be prescribed by the Commissioner of Internal Revenue and the Commissioner of Customs with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing, in duplicate, to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are

to be issued under the authority of sections 3360 and 4041 of the Internal Revenue Code (U. S. C., Title 26, sections 3360 and 4041).

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.
W. R. JOHNSON,
Acting Commissioner of Customs.

1. Regulations 24 (Part 180, 26 CFR), as amended, are amended by changing § 180.49.

2. This amendment of the regulations is designed to provide a procedure for furnishing information which is necessary for the proper handling of claims for refund of tax where liquors or articles from Puerto Rico are lost before arrival in the United States.

§ 180.49 *Action by collector of customs at port of arrival.* Upon receipt of Form 487-B, application and permit to ship tax-paid liquors or articles to the United States, bearing the sworn affidavit of the shipper and the certification of the insular internal revenue agent that all the internal revenue taxes due on the liquors or articles covered thereby have been paid and the copies of Form 487-B from the collector of customs in Puerto Rico, the collector of customs at the port of arrival will inspect the merchandise to determine whether the quantity specified on the Form 487-B is contained in the shipment. He will execute his certificate on Part 5 of each copy of Form 487-B received and indicate thereon any exceptions found at the time of discharge. The statement of exceptions should show the serial number of each case or other shipping container which sustained a loss, the quantity of liquor reported shipped in such container and the quantity lost. Losses occurring as the result of missing bottles, cases or other containers should be listed separately from empty containers and containers which have sustained losses due to breakage. Where the statement is made on the basis of bottles missing or lost due to other cause, the number and size of bottles lost should be shown. If he finds that the full amount of the taxes due has not been paid, he will require the difference due to be paid prior to release of the merchandise in accordance with the applicable provisions of the regulations in this part. When the proper inspection of the merchandise has been effected and any additional taxes found to be due on the liquors or articles collected, the merchandise will be released. Two copies of the Form 487-B will be forwarded to the deputy collector of internal revenue at San Juan, Puerto Rico, and one copy of the form will be retained by the collector of customs and be available for inspection by internal revenue officers. If the taxpayer files a claim for refund of tax on losses, the deputy collector of internal revenue will forward to the commissioner a copy of the completed Form 487-B with the claim for refund. The carrier of the merchandise specified herein shall at the time of unloading at the port of arrival in the United States segregate and arrange the cases of liquors or articles for convenient customs examination and will assume any expense incurred in connection therewith.

3. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER.

UNITED STATES STANDARDS FOR FRESH FRUITS AND VEGETABLES AND OTHER PRODUCTS

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, under the authority contained in the Department of Agriculture Appropriation Act, 1948 (Pub. Law 266, 80th Cong., approved July 30, 1947), that the United States Department of Agriculture is considering the issuance of amendments, as hereinafter proposed, to the United States Standards for Tangerines, 12 F. R. 2619. The amendments are proposed to become effective during the month of September 1948 under the authority contained in the Department of Agriculture Appropriation Act, 1949 (Pub. Law 712, 80th Cong., 2nd Sess., approved June 19, 1948). The proposed amendments are as follows:

1. Delete subparagraph (1) of § 51.416 (a).
2. Delete subparagraph (3) of § 51.416 (a) and substitute, in lieu thereof, the following:

(3) For a tolerance of 10 percent or more, individual packages in any lot may contain not more than one and one-half times the tolerance specified, provided that when the package contains 10 pounds or less, individual packages are not restricted as to the percentage of defects; provided further, that the lot averages within the percentage specified.

3. Delete subparagraph (4) of § 51.416 (a) and substitute, in lieu thereof, the following:

(4) For a tolerance of less than 10 percent, individual packages in any lot may contain not more than double the tolerance specified, provided that when the package contains 10 pounds or less, individual packages are not restricted as to the percentage of defects, except that not more than one decayed or very seriously damaged fruit shall be permitted in any package; provided further, that the lot averages within the percentage specified.

4. Delete subdivision (i) of § 51.416 (b) (2) and substitute, in lieu thereof, the following:

(i) Each fruit of this grade shall be fairly well colored.

5. Delete subparagraph (4) of § 51.416 (b).

6. Delete subparagraph (2) of § 51.416 (c).

7. Delete subparagraph (6) of § 51.416 (e) and substitute, in lieu thereof, the following:

(6) "Fairly well colored" means that each fruit may have not over one inch of green color in the aggregate and the remainder of the surface shall show a good tangerine color with some portion of the surface showing a reddish tangerine blush.

8. Delete subparagraph (8) of § 51.416 (e).

9. Delete subparagraph (12) of § 51.416 (e) and substitute, in lieu thereof, the following:

(12) "Reasonably well colored" means that a good yellow or reddish tangerine color shall predominate over the green color on at least one-half of the fruit surface in the aggregate, and that each fruit shall show practically no lemon color.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed amendments shall file the same in quadruplicate with M. W. Baker, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Room 2075 South Building, Washington, D. C., not later than 5:30 p. m., e. s. t. on the 30th day after publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C., the 24th day of June 1948.

LEATHER AND SHEEP-LINED JACKETS INDUSTRY AND OUTDOOR JACKETS AND WOOL TROUSERS BRANCHES OF UNIFORM AND CLOTHING INDUSTRY

NOTICE OF HEARING ON AMENDMENT OF PREVAILING MINIMUM WAGE DETERMINATIONS

Whereas, the Secretary of Labor, in the prevailing minimum wage determination for the leather and sheep-lined jackets industry issued pursuant to the provisions of the Act of June 30, 1936 (49 Stat. 2036; U. S. C., tit. 41, secs. 35-45; otherwise known as the Walsh-Healey Public Contracts Act), and dated April 28, 1938 (41 CFR 202.14), as extended September 4, 1941 (41 CFR, 1941 Supp., 202.14), determined that the prevailing minimum wage for persons employed in the performance of contracts with agencies of the United States Government subject to the provisions of the Act for the manufacture or furnishing of the products of said industry was 42½ cents an hour or \$17 for a week of 40 hours, arrived at either upon a time or piecework basis; and

Whereas, the Secretary of Labor, in the prevailing minimum wage determination for the outdoor jackets and wool trousers branches of the uniform and clothing industry, issued pursuant to said act and dated January 25, 1941 (41 CFR, 1941 Supp., 202.37 (b) (2) and 202.37 (b) (3)), determined that the prevailing minimum wage for persons employed in the performance of contracts with agencies of the United States Government subject to the provisions of the act for

the manufacture and supply of products of said branches was 40 cents an hour or \$16 for a week of 40 hours, arrived at either upon a time or piecework basis; and

Whereas, pursuant to Article 1102 of Regulations 504 (41 CFR, Cum. Supp., 201.1102) as amended (9 F. R. 3655), workers whose earning capacity is impaired by age or physical or mental deficiency or injury may, in accordance with the procedure set forth therein, be employed on all contracts subject to minimum wage determinations issued pursuant to the Public Contracts Act at wages lower than the prevailing minimum wage specified in such determinations; and

Whereas, the leather and sheep-lined jackets industry is defined in the aforesaid extending determination dated September 4, 1941, as "the manufacture and supply of all leather, leather trimmed and sheep-lined garments for men, women, or children"; the outdoor jackets branch of the uniform and clothing industry is defined in the aforesaid determination dated January 25, 1941 as "that branch which manufactures wool and wool-lined jackets, whether or not such jackets are properly described as mackinaws, field jackets, windbreakers, lumber jackets, peajackets, wool jumpers or middied, blanket-lined or similar coats, or by any other similar designation"; and the wool trousers branch of the uniform and clothing industry is defined in said determination of January 25, 1941, as "that branch which manufactures wool or part wool uniform trousers or breeches, except tailored-to-measure trousers"; and

Whereas, the Amalgamated Clothing Workers of America has petitioned (1) for amendment to the current determinations which would establish the prevailing minimum wage as 85 cents per hour or \$34 for a week of 40 hours, arrived at on a time or piecework basis; (2) for a minimum wage of 65 cents per hour or \$26 per week of 40 hours, arrived at on a time or piecework basis for auxiliary workers as such workers are defined in the amended determination of April 5, 1948 (13 F. R. 1914) for the suit and coat branch of the uniform and clothing industry; and (3) for allowance of the same learner provision as contained in said determination of April 5, 1948; and

Whereas, the said amendatory determination dated April 5, 1948 continued in effect the definitions of auxiliary workers contained in the determination dated June 28, 1945 (41 CFR, 1945 Supp., 202.37 (b) (1)) and are as follows:

(i) *Position marking.* The operation, by hand, of marking with a punch,

thread, or chalk, the position of buttons, pleats, darts, pockets, buttonholes, etc., by the use of a template, rule or similar device.

(ii) *Shade and size numbering.* The operation (except when done by sobar or other power-driven machine) of identifying a garment part by marking or stamping the size, shade, or lot number with chalk or stamp, or by sewing, pinning, or stapling a ticket to the garment part.

(iii) *Bundle tying.* The operation of tying together into bundles piles of garment parts, or partially finished garments.

(iv) *Bundle ticketing.* The operation, by hand, of preparing and attaching an identifying ticket to a bundle of work.

(v) *Matching and pairing.* The operation of pairing or matching garment parts.

(vi) *Basting pulling.* The operation of pulling out basting stitches.

(vii) *Hand trimming.* The operation of cutting away with scissors, excess piping, loops or tape.

(viii) *Cleaning.* The operation of clipping the waste ends of threads resulting from "black" or permanent stitchings.

(ix) *Turning.* The operation of turning inside out or outside in, parts of, or complete garments. Does not, however, include turning of lapels or collars.

(x) *Floor boys and girls.* Workers who carry bundles or materials from department to department or to workers.

(xi) *Porter.* Performs the janitorial work of sweeping and cleaning the shop.

(xii) *Examiner's helper.* Performs minor preliminary checking for rips, tears and other imperfections in the garment, but is not responsible for the final determination as to the acceptability of the work. Also performs the operation of brushing the garment and removing loose line or thread; and

Whereas, the said determination of April 5, 1948 provided that learners may be employed in the nonauxiliary occupations of machine operation (except cutting), pressing and hand-sewing for not longer than 240 hours at a wage rate of not less than 65 cents an hour, except that if experienced workers in the same occupation are paid on a piece rate basis, learners must be paid the same piece rates and earnings based on those piece rates if such earnings are in excess of 65 cents an hour; that a learner for the purpose of the determination is a person who has not had, within the previous two years, 240 hours' experience in any nonauxiliary occupation in the same plant or not more than 240 hours' experience in the same nonauxiliary occu-

pation in another plant; and that, if within the previous two years, a worker has had less than 240 hours' experience, the number of hours of previous experience shall be deducted from the 240-hour learning period.

Now, therefore, notice is hereby given: That a public hearing will be held on July 28, 1948 at 10:00 a. m. in Conference Room "A", Interdepartmental Auditorium, Constitution Avenue between 12th and 14th Streets, N.W., Washington, D. C., before the Administrator of the Wage and Hour and Public Contracts Divisions or a representative designated to preside in his place, at which hearing all interested persons may appear and offer testimony: (1) either for or against the proposals of the Amalgamated Clothing Workers of America as hereinbefore set forth, and (2) as to whether there is objection to coverage of wool or part wool trousers and breeches other than such uniform trousers or breeches.

Any interested person may appear at the hearing to offer evidence, provided that not later than July 21, 1948, such person shall file with the Administrator of the Wage and Hour and Public Contracts Divisions, United States Department of Labor, Fourteenth and Constitution Avenue, N. W., Washington 25, D. C., a notice of intention to appear containing the following information:

1. The name and address of the person appearing;
2. If he is appearing in a representative capacity, the names and addresses of the persons or organizations which he is representing; and
3. The purpose for which he is appearing.

Such notice may be mailed to the Administrator and shall be considered filed upon receipt.

Written statements in lieu of personal appearance may be mailed to the Administrator at any time prior to the date of the hearing, or may be filed with the presiding officer at the hearing. An original and four copies of any such statement should be filed.

The petition of the Amalgamated Clothing Workers of America containing data on current wage rates will be available for distribution on or before the date of the hearing. Copies of this petition may be obtained by any person upon request addressed to the Administrator.

Signed at Washington, D. C., this 24th day of June 1948.

WM. R. McCOMB,
Administrator,
Wage and Hour Division.

FEDERAL POWER COMMISSION

[Docket No. E-6151]

PUBLIC SERVICE CO. OF INDIANA, INC.

ORDER SUSPENDING RATE SCHEDULES AND
FIXING DATE OF HEARING

JUNE 23, 1948.

It appears to the Commission that:

(a) On May 26, 1948, Public Service Company of Indiana, Inc. ("Company") filed proposed rate schedules for service to Union City Electric Company, a wholly-owned subsidiary, with delivery at the Indiana-Ohio State line. The schedules, which provide for the supply of the purchaser's requirements in Union City and College Corner, Ohio, have been designated by the Commission as Public Service Company of Indiana, Inc. Rate Schedules FPC Nos. 42 and 43, respectively, superseding the Company's rate schedule designated FPC No. 4, as amended. Unless suspended, the proposed rate schedules will become effective July 1, 1948.

(b) The proposed rate schedules effect a revision of the power factor clause presently in effect and provide for an adjustment to the rates charged by the Company to reflect changes in the cost of fuel.

(c) The proposed adjustment of the rates to reflect changes in cost of fuel may result in increased rates, which have not been shown to be justified, and may be unjust, unreasonable, discriminatory or otherwise unlawful.

The Commission finds that:

It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Federal Power Act that the Commission enter upon a hearing concerning the lawfulness of the proposed rates, charges, classifications and services set forth in the Company's Rate Schedules FPC Nos. 42 and 43 and that said rate schedules be suspended and use thereof deferred pending such hearing and decision thereon.

The Commission orders that:

(A) A public hearing be held commencing August 9, 1948, at 10:00 a. m. (e. d. s. t.), in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates, charges, classifications and services subject to the jurisdiction of the Commission as set forth in Rate Schedules FPC Nos. 42 and 43.

(B) Pending such hearing and decision thereon, Rate Schedules FPC Nos. 42 and 43, referred to in paragraph (a) above, be and they hereby are suspended and use thereof is deferred until December 1, 1948, and thereafter such rate schedules shall go into effect in the manner prescribed by the Commission in accordance with the Federal Power Act.

(C) During the period of suspension Public Service Company of Indiana, Inc. Rate Schedule FPC No. 4, as amended, shall remain and continue in full force and effect.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's general rules and regulations, including rules of practice and procedure dated January 1, 1948 (18 CFR 1.8 and 1.37 (f)).

Date of issuance: June 23, 1948.

By the Commission.

[S. O. 790, Special Directive 70]

NEW YORK CENTRAL RAILROAD CO.

ORDER TO FURNISH CARS FOR FUEL COAL

By letter dated June 17, 1948, The Central Railroad Company of New Jersey (Walter P. Gardner, Trustee) certified that they have on that date in storage and in cars a total supply of less than 16 days of fuel coal, and that it is immediately essential that this company increase its coal supply from certain enumerated mines.

The certified statements have been verified and found to be correct.

Therefore, pursuant to the authority vested in me by paragraph (b) of Service Order No. 790, The New York Central Railroad Company is directed:

(1) To furnish during June 1948 to the McCord mine 20 cars for the loading of Central Railroad Company of New Jersey fuel coal from its total available supply of cars suitable for the transportation of coal.

(2) That such cars furnished in excess of the mine's distributive share will not be counted against said mine.

(3) That it shall not accept billing of cars furnished for loading under the provisions of this directive unless billed for The Central Railroad Company of New Jersey fuel coal supply.

(4) To furnish this Bureau, as soon as may be practicable, information showing the total number of cars furnished to said mine under the authority of this directive and to indicate how many such cars were in excess of the distributive share of car supply of such mine.

A copy of this special directive shall be served upon The New York Central Railroad Company and notice of this directive shall be given the public by depositing a copy in the office of the Secretary of the Commission, Washington, D. C., and by filing it with the Director of the Division of the Federal Register.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1834]

ATTLEBORO STEAM AND ELECTRIC CO. ET AL.
ORDER GRANTING APPLICATION AND PERMIT-
TING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 22d day of June A. D. 1948.

In the matter of Attleboro Steam and Electric Company, Norton Power & Electric Company, New England Electric System, File No. 70-1834.

New England Electric System ("NEES"), a registered holding company, and its subsidiary companies, Attleboro Steam and Electric Company ("Attleboro") and Norton Power & Electric Company ("Norton"), having filed a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b) and 10 thereof, with respect to the following transactions:

In accordance with an agreement dated March 8, 1948, providing for the merger of Norton with Attleboro, Attleboro proposes to exchange 4,420 shares of capital stock of the par value of \$25 per share and of the aggregate par value of \$110,500 for 1,105 shares of Norton's capital stock of a par value of \$100 per share

and of the aggregate par value of \$110,500 now owned by NEES. Both Attleboro and Norton are wholly owned subsidiaries of NEES. In addition to the above mentioned 4,420 shares of capital stock, Attleboro proposes to issue to NEES 10,000 shares of additional capital stock of the par value of \$25 per share and of the aggregate par value of \$250,000 for a cash consideration of \$45 per share.

Attleboro presently has outstanding bank notes aggregating \$200,000 and is indebted to NEES in the amount of \$210,000. Norton is presently indebted to NEES in the amount of \$40,000 which indebtedness will be assumed by Attleboro upon the consummation of the proposed merger. Attleboro proposes to pay its indebtedness to banks and to NEES and the assumed liability of Norton to NEES with the proceeds to be derived from the sale of said 10,000 shares of additional capital stock.

The application-declaration states that the total expenses to Attleboro, Norton and NEES in connection with the proposed transactions, including services rendered by New England Power Service Company, an affiliated service company, at the actual cost thereof, are estimated at \$2,550, \$1,000, and \$300, respectively. The application-declaration further states that Attleboro will effect savings in interest charges at the annual rate of \$6,800 as a result of the proposed transactions. The Department of Public Utilities of the Commonwealth of Massachusetts has approved the issuance by Attleboro of said 14,420 shares of capital stock of which 10,000 shares are to be issued to NEES at the price of \$45 per share. The Federal Power Commission has approved the merger of Attleboro and Norton.

Applicants-declarants having requested that the Commission issue its order granting the application and permitting the declaration to become effective without a hearing thereon and that the order become effective forthwith upon the issuance thereof, and it appearing to the Commission that it is appropriate to grant such requests; and

Applicants-declarants having further requested that the Commission's order recite that the transactions proposed with respect to the merger of Attleboro and Norton are necessary and appropriate to the integration and simplification of the holding company system of which such companies are a part and that the transactions proposed are necessary and appropriate to effectuate the provisions of section 11 (b) of the act, and it appearing to the Commission that such recitals may properly be made; and

The said application-declaration having been filed on May 13, 1948, and an amendment to said application-declaration having been filed on June 21, 1948, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application-declaration within the period specified or otherwise, and not having ordered a hearing thereon; and

The Commission deeming it appropriate to grant said application and to permit said declaration to become effective without passing upon the accounting methods proposed in connection with the merger of Norton into Attleboro, which accounting methods, according to the filing, are subject to the jurisdiction of the Federal Power Commission, and finding with respect to said application-declaration that the requirements of the applicable provisions of the act and the rules thereunder are satisfied, and the Commission observing no basis for adverse findings thereunder:

It is hereby ordered, Pursuant to Rule U-23 and to the applicable provisions of said act, and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application-declaration be, and the same hereby is, granted and permitted to become effective forthwith.

It is further ordered and recited, That the issuance by Attleboro of 4,420 shares of capital stock of the par value of \$25 per share and of the aggregate par value of \$110,500 and the exchange thereof with NEES for the outstanding capital stock of Norton consisting of 1,105 shares of capital stock of a par value of \$100 per share and of the aggregate par value of \$110,500 are necessary and appropriate to the integration and simplification of the holding company system of which such companies are a part and are necessary and appropriate to effectuate the provisions of section 11 (b) of the act.

By the Commission.

GENERAL PUBLIC UTILITIES CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 22d day of June 1948.

General Public Utilities Corporation ("GPU"), a registered holding company, having filed a declaration pursuant to section 12 (b) of the Public Utility Holding Company Act of 1935 and Rule U-45 thereunder with respect to the transaction summarized below:

GPU proposes to make a cash capital contribution to its utility subsidiary, New Jersey Power & Light Company ("New Jersey"), of \$1,750,000. Of the funds thus contributed, New Jersey will apply \$1,100,000 to the payment of bank loans outstanding in like amount. The balance will be set aside on the books of New Jersey as a special fund to be applied against disbursements made from and after January 1, 1948, for construction purposes.

Said declaration having been duly filed and notice of filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having

received a request for hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration that the requirements of the applicable provisions of the act and the rules thereunder are satisfied, and deeming it appropriate in the public interest and in the interests of investors and consumers that said declaration be permitted to become effective:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24, that the declaration be, and hereby is, permitted to become effective forthwith.

By the Commission.

AMERICAN GAS AND ELECTRIC CO. AND KINGSPORT UTILITIES, INC.

ORDER GRANTING APPLICATION AND PERMIT- TING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 21st day of June A. D. 1948.

American Gas and Electric Company ("American Gas"), a registered holding company, and Kingsport Utilities, Incorporated ("Kingsport"), a public utility subsidiary of American Gas, having filed a joint application-declaration pursuant to sections 6 (b), 10, and 12 (f) of the Public Utility Holding Company Act of 1935 with respect to the following proposed transactions:

Kingsport proposes to issue and sell, from time to time prior to December 31, 1951, and American Gas proposes to acquire, not in excess of 100,000 shares of no par value common stock of Kingsport, for a cash consideration of \$15 per share, or a total amount not to exceed \$1,500,000. The proceeds of the sale of such common stock will be used by Kingsport to finance in part the cost of its proposed construction program, and to repay its open account advance of \$50,000 presently owed to American Gas.

The issue and sale of the securities by Kingsport have been approved by the State Corporation Commission of Virginia, the Commission of the State in which Kingsport is organized and doing business, and by The Tennessee Railroad and Public Utilities Commission, the Commission of the State in which Kingsport also does business.

Said application-declaration having been filed on May 20, 1948 and notice of such filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the last amendment thereto having been filed on June 15, 1948, and the Commission not having received a request for a hearing thereon within the period specified in said notice or otherwise, and

NOTICES

not having ordered a hearing thereon; and

Applicants-declarants having requested that the Commission's order herein become effective forthwith and the Commission deeming it appropriate to grant such request; and

The Commission finding with respect to said application-declaration that the requirements of the applicable provisions of the act and rules thereunder are satisfied and that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration, as amended, be granted and permitted to become effective;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said act, and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith.

CINCINNATI GAS & ELECTRIC CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION AND GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 22d day of June 1948.

The Cincinnati Gas & Electric Company ("Cincinnati"), a subsidiary of The United Corporation, a registered holding company, having filed an application and amendments thereto pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 for an exemption from the provisions of section 6 (a) thereof of the issue and sale by Cincinnati, pursuant to the competitive bidding requirements of Rule U-50, of \$15,000,000 principal amount of First Mortgage Bonds due 1978; and

The Commission by order dated June 11, 1948 having granted said application, as amended, subject to the condition, among others, that the proposed sale of bonds shall not be consummated until the results of competitive bidding pursuant to Rule U-50 shall have been made a matter of record in this proceeding, and a further order shall have been entered in the light of the record so completed; and jurisdiction having been reserved over the payment of all legal fees and expenses in connection with the proposed transactions; and

Cincinnati having, on June 22, 1948, filed a further amendment to said application in which it is stated that it has offered the bonds for sale pursuant to the competitive bidding requirements of Rule U-50 and has received the following bids:

Bidder	Price to Cincinnati	Interest rate	Cost to Cincinnati
Morgan Stanley & Co., and W. E. Hutton & Co.	Percent 100.74	Percent 2 3/4	Percent 2.8382
Union Securities Corp.	100.709	2 3/4	2.8397
Harriman Ripley & Co., Inc.	100.651	2 3/4	2.8426
Merrill Lynch, Pierce, Fenner & Beane	100.6499	2 3/4	2.8427
Halsey Stuart & Co., Inc.	100.5299	2 3/4	2.8486
Kuhn, Loeb & Co.	100.409	2 3/4	2.855
Blyth & Co., Inc., and The First Boston Corp.	100.14	2 3/4	2.868
W. C. Langley & Co.	100.12999	2 3/4	2.868
Lehman Bros.	100.1032	2 3/4	2.8698

The amendment further stating that Cincinnati has accepted the bid of Morgan Stanley & Co., and W. E. Hutton & Co., for the bonds as set forth above and that the bonds will be offered for sale to the public at a price of 101% of principal amount thereof, resulting in an underwriter's spread of 0.26%; and

The legal fees and expenses proposed to be incurred in connection with the proposed sale of bonds having been estimated as follows:

Cravath, Swaine & Moore; and Peck, Shaffer & Williams, co-counsel for Cincinnati	\$15,000
Davis, Polk, Wardwell, Sunderland and Kiendl, counsel for bidders	10,000
	\$25,000

The Commission having examined said amendment and having considered the record herein and finding no basis for imposing terms and conditions with respect to the price to be received for said bonds, the redemption prices thereof, the interest rate thereon and the underwriter's spread; and

It appearing that the proposed legal fees and expenses are not unreasonable and that jurisdiction with respect thereto should be released;

It is hereby ordered, That jurisdiction heretofore reserved in connection with the sale of said bonds be, and the same hereby is, released, and that the said application, as further amended, be, and the same hereby is, granted forthwith, subject to the terms and conditions prescribed in Rule U-24 of the general rules and regulations under the act.

It is further ordered, That jurisdiction heretofore reserved over the legal fees and expenses in connection with the proposed transactions be, and the same hereby is, released.

By the Commission.

CENTRAL MAINE POWER CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 22d of June A. D. 1948.

Central Maine Power Company ("Central Maine"), a public utility subsidiary of New England Public Service Company, a registered holding company, having filed an application, and an amendment thereto, pursuant to the first sentence of section 6 (b) of the Public Utility Holding Company Act of 1935, with respect to the following transactions:

Central Maine proposes to increase its short-term debt to a maximum amount of \$9,500,000 up to and including August 31, 1948, by the issue of promissory notes to The First National Bank of Boston, from time to time, to and including August 31, 1948, said notes to have a maturity of nine months or less. The company had outstanding, as of May 24, 1948, notes payable to the order of The First National Bank of Boston aggregating \$6,400,000. It is stated that the company has an understanding with The First National Bank of Boston that, until further notice, interest rates on the first \$5,000,000 of renewals or new money will be at the rate of 1 3/4% per annum and on amounts in excess of \$5,000,000 will be at the rate of 2% per annum. It is further stated that in case said rates shall exceed such amounts, the company will file an amendment to its application, stating the rates of interest, at least five days prior to the execution and delivery of any note bearing such new interest rates, and unless the Commission shall notify the company to the contrary within said five-day period, the amendment shall become effective at the end of said period. The issuance of such notes is for the stated purpose of obtaining the funds necessary to continue the company's 1948 construction program. The application states that the company plans to issue and sell \$5,000,000 principal amount of First and General Mortgage Bonds in July 1948, and that further financing is planned for the late fall of 1948. It is stated that such further financing will take such form as market conditions may at the time justify, with the expectation, under favorable market conditions, of the issue and sale of common stock. It is further stated that the proceeds from the sale of such securities will be applied toward the payment of outstanding notes. Applicant represents that the proposed transactions are not subject to the jurisdiction of any State commission or Federal commission other than this Commission.

Said application having been duly filed on June 1, 1948, and the amendment thereto having been filed on June 3, 1948, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and that Commission not having received a request for hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

Applicant having requested acceleration of the Commission's action on this application and having requested that the Commission's order be issued by June 23, 1948, and that such order become effective forthwith; and the Commission deeming it appropriate to grant such requests; and

The Commission finding with respect to said application, as amended, that the requirements of the applicable provisions of the act and the rules thereunder are satisfied and deeming it appropriate in the public interest and in the interest of investors and consumers that said application, as amended, be granted;

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that said application, as amended, be, and the same hereby is, granted forthwith.

By the Commission.

LOUISE BLEGER

In re: Estate of Louise Bleger, deceased. File D-28-10459; E. T. sec. 14874.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That August Rehan, Karl Rehan and Lena (Lina) Rehan, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the sum of \$1,829.04 was paid to the Attorney General of the United States by Fred W. Kraft, as Administrator of the Estate of Louise Bleger, deceased;

3. That the said sum of \$1,829.04 was accepted by the Attorney General of the United States on March 19, 1948, pursuant to the Trading With the Enemy Act, as amended;

4. That the said sum of \$1,829.04 is presently in the possession of the Attorney General of the United States and was property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which was evidence of ownership or control by the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

5. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

This vesting order is issued nunc pro tunc to confirm the vesting of the said property by acceptance as aforesaid.
