TITLE 7—AGRICULTURE

Chapter VII—Production and Marketing Administration (Agricultural Adjustment), Department of Agriculture

PART 729—PEANUTS

PROCLAMATION OF RESULTS OF REFERENDUM ON MARKETING QUOTAS FOR THE YEARS 1951, 1952 AND 1953

§ 729.204 *Basis and purpose.* The regulations contained in §§ 729.204 and 729.205 are issued to announce the results of the referendum held December 14, 1950, pursuant to section 358 (b) of the Agricultural Adjustment Act of 1938, as amended, to determine whether farmers favor or oppose marketing quotas for peanuts produced in the three calendar years beginning with 1951. The act requires the results of any peanut marketing quota referendum to be proclaimed within thirty days after the date on which it is held. Since the only purpose of this proclamation is to announce the results of the referendum, it is hereby found and determined that with respect to this proclamation application of the notice and public procedure provisions of the Administrative Procedure Act (5 U. S. C. 1003) is impracticable and unnecessary.

§ 729.205 *Proclamation of the results of the marketing quota referendum for peanuts for the crops produced in the three calendar years beginning with the calendar year 1951.* In a referendum of farmers engaged in the production of the 1950 crop of peanuts held on December 14, 1950, 71,210 farmers voted. Of those voting 50,417 farmers, or 70.80 percent, favored quotas for peanuts produced in the three calendar years beginning with 1951; 20,793 farmers, or 29.20 percent, were opposed to having quotas in effect for the crops produced in the three calendar years beginning with the calendar year 1951. Since more than two-thirds of the farmers voting favored quotas, the national marketing quota proclaimed by the Secretary of Agriculture for peanuts produced in the calendar year 1951 (15 F. R. 7291) shall be in effect, and national marketing quotas hereafter proclaimed for peanuts for the calendar years 1952 and 1953 shall be effective.

(Sec. 375, 52 Stat. 66 as amended; 7 U. S. C. 1375. Interprets or applies sec. 358, 55 Stat. 88, as amended; 7 U. S. C. 1358)

Done at Washington, D. C., this 11th day of January 1951. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[Orange Reg. 354]

PART 966—ORANGES GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 966.500 *Orange Regulation 354*—(a) *Findings.* (1) Pursuant to the provisions of Order No. 66, as amended (7 CFR Part 966; 14 F. R. 3614), regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said amended order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of oranges, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Orange Administrative Committee on January 11, 1951, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) Subject to the size requirements in Orange Regulation 347 (7 CFR 966.493; 15 F. R. 8153), the quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., January 14, 1951, and ending at 12:01 a. m., P. s. t., January 21, 1951, is hereby fixed as follows:

(i) *Valencia oranges.* (*a*) Prorate District No. 1: No movement;

(*b*) Prorate District No. 2: Unlimited movement;

(*c*) Prorate District No. 3: No movement;

(*d*) Prorate District No. 4: No movement.

(ii) *Oranges other than Valencia oranges.* (*a*) Prorate District No. 1: 600 carloads;

(*b*) Prorate District No. 2: 225 carloads;

(*c*) Prorate District No. 3: Unlimited movement;

(*d*) Prorate District No. 4: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section "handled," "handler," "varieties," "carloads," and "prorate base" shall have the same meaning as when used in the said amended order; and the terms "Prorate District No. 1," "Prorate District No. 2," "Prorate District No. 3," and "Prorate District No. 4" shall each have the same meaning as given to the respective terms in § 966.107, as amended (15 F. R. 8712), of the cur-

rent rules and regulations (7 CFR 966.103 et seq.), as amended (15 F. R. 8712).

(b) Indicate by an appropriate symbol those securities which are non-income-producing securities. Evidences of indebtedness and preferred shares may be deemed to be income-producing if, on the respective last interest payment date or dates for the declaration of dividends prior to the date of the related balance sheet, there was only a partial payment of interest or a declaration of only a partial amount of the dividends payable; in such case, however, each such issue shall be indicated by an appropriate symbol referring to a note to the effect that, on the last interest or dividend date, only partial interest was paid or partial dividends declared. [4] (a) Interest in arrears for less than 3 months may be disregarded in computing the total amount of principal subject to delinquent interest.

(b) Of the total principal amount, state the amount acquired from controlled and other affiliates.

[5] In order to reconcile the total of column G with the amount shown in the profit and loss or income statement, interest income earned applicable to period from mortgages sold or canceled during period should be added to the total of this column.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes

[T. D. 5825]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

EXTENSION OF TIME FOR FILING DECLARATION OF ESTIMATED TAX FOR 1950 FOR CERTAIN U. S. EMPLOYEES

PARAGRAPH 1. Pursuant to the authority contained in section 58 (e) of the Internal Revenue Code, an extension of time for filing the declaration of estimated tax for the calendar year 1950 is hereby granted up to and including the due date of the return for such year in the case of a citizen who is an employee of the United States or of any agency (civilian, military, or naval) of the United States and who is required to make the declaration of estimated tax for such year solely because of the amendment of section 251 of the Internal Revenue Code made by section 220 of the Revenue Act of 1950, approved September 23, 1950. If the taxpayer files his return for such calendar year on or before the due date of such return, and pays the amount of the tax shown on such return, such return shall also be considered as the declaration of estimated tax for such taxable year. See §§ 29.53-1, 29.53-3, and 29.53-4 of Treasury Regulations 111 for the due date of returns.

PAR. 2. This Treasury decision shall be effective upon its filing for publication in the FEDERAL REGISTER.

Because this Treasury decision merely relieves certain taxpayers from a requirement respecting the filing of declarations of estimated tax for the calendar year 1950, it is found that it is unnecessary to issue this Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of such act.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter I—National Production Authority, Department of Commerce

[NPA Reg. 2, as Amended Jan. 11, 1951]

PART 11—BASIC RULES OF THE PRIORITIES SYSTEM

This regulation as amended is found necessary and appropriate to promote the national defense and is issued pursuant to the authority granted by section 101 of the Defense Production Act of 1950. Consultation with industry representatives in advance of the issuance of this amendment has been rendered impracticable by the fact that the amendment applies to all trades and industries.

This amendment affects NPA Regulation 2, as amended, as follows:

It amends § 11.5 (a) by the insertion of an additional sentence; it amends § 11.6 (a) by adding thereto an additional clause; it amends § 11.15 (a) by replacing the existing paragraph. As amended January 11, 1951, this part (Regulation 2) is revised to read as follows:

GENERAL

INTERPRETATIONS

AUTHORITY: §§ 11.1 to 11.100 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105.

GENERAL

§ 11.1 *What this part does.* This part states the basic rules of the priorities system to be administered by the National Production Authority in the Department of Commerce. It states what kind of orders are rated orders, how to place them and the preference status of such orders. These rules apply to all business transactions within the jurisdiction of NPA unless more specific regulations, orders or directives of the NPA state otherwise.

§ 11.2 *Definitions.* (a) "Person" means any individual, corporation, partnership, association or any other organized group of persons and includes any agency of the United States or any other government.

(b) "Materials" means any raw, in process, or manufactured commodity, equipment, component, accessory, part, assembly or product of any kind.

(c) "NPA" means the National Production Authority in the Department of Commerce.

(d) "Rated order" means any purchase order, contract or other form of procurement for materials or services bearing the authorized rating and certification provided for in this part.

(e) "Assignment" of a rating. A rating is assigned when the NPA, or a government agency that it has authorized, grants a person the right to use the rating.

(f) "Application" of a rating. A rating is applied when the person to whom it is assigned uses the rating.

(g) "Extension" of a rating. A rating is extended when it is used by the person to whom it was applied or when it is further used by another person to whom it was extended.

§ 11.3 *Rating authorized.* Only a single rating is authorized, to be known as a "DO rating". This rating will be identified by the prefix DO and the two digits identifying the procurement program, which must be furnished a supplier by the person using the rating. All DO rated orders will have equal preferential status as provided in this part.

§ 11.4 *When ratings may be applied.* (a) When a regulation, order or certificate assigns a DO rating to any person either by naming him or by describing the class of persons to which he belongs, that person may apply the DO rating to get delivery of material or the performance of certain services.

(b) No person may place rated orders for more material than he is authorized to rate even though he intends to cancel some of the orders or reduce the quantity of material ordered to the authorized amount before it is all delivered.

§ 11.5 *When ratings may be extended for material.* (a) When a person has received a rated order for the delivery of material, he may extend the rating to get the material which he will deliver on that order, or which will be physically incorporated in the material which he will deliver, including containers and packaging materials required to make the delivery, and including also chemicals directly used in the production of the material. Such rating may also be used to procure the following accessories for production equipment: jigs, dies, tools, and fixtures directly made use of in the production of such material, if the inability to procure such accessories would result in a failure to meet delivery date established in such rated order. This does not include machine tools or other complete units of production equipment. If the material is to be processed, this includes the portion of it which would normally be consumed or converted into scrap or by-products in the course of processing.

(b) If a person has made delivery of material or has incorporated it into the material which he has delivered on a rated order, he may extend the rating to replace it in his inventory subject to the provisions of Part 10 of this chapter (Regulation 1) on inventory. Whether or not the material is covered by Part 10 of this chapter (Regulation 1) no rating may be used for any inventory replacement which would result in more than a practicable minimum working inventory, as defined in Regulation 1. Any material ordered with a rating as replacement in inventory must be substantially the same as the material which the person delivered or incorporated in the material which he delivered, except for minor variations in size, shape or design.

§ 11.6 *Additional restrictions upon the use of ratings for certain materials.* (a) A person who has received a rated order may not extend the rating to get material for plant improvement, expansion, or construction, or to get machine tools or other items which he will carry as capital equipment, or to get maintenance, repair or operating supplies, except as is provided in § 11.5 (a).

(b) The ratings established by this part shall have no effect upon deliveries of items in § 11.31, *List A.* No person shall use ratings to get any of the items in § 11.31, *List A,* and no person selling such items shall require a rating as a condition of sale. Any rating purporting to be used to get any such items on a preferred basis shall be void.

§ 11.7 *Use of ratings for services.* (a) When a person is entitled to use a rating to get processed material, he may furnish the unprocessed material to a processor and use the same rating to get the material processed

(b) If the NPA specifically authorizes a person to use a rating to get services, he may use it for that purpose.

(c) Except as provided in paragraphs (a) and (b) of this section, no person may use a rating to get services.

(d) A person to whom a rating for services, as distinct from the production or delivery of material, has been applied or extended may not extend the rating for any purpose.

§ 11.8 *How to apply or extend a rating.* (a) When a person applies or extends a rating, he must put the prefix DO and the two digits supplied to him, for example DO–39, on his purchase order, or on a separate piece of paper attached to the order or clearly identifying it, together with the words "Certified under NPA Regulation 2," signed as prescribed in this section. This certificate constitutes a representation to the supplier and to the NPA that the purchaser is authorized under the provisions of this part to use the rating for the delivery of the materials covered by the order.

(b) Certifications on purchase or delivery orders must be signed by the person placing the order or by a responsible individual who is duly authorized to sign for that purpose. The signature must be either by hand or in the form of a rubber stamp or other facsimile reproduction of a handwritten signature. If a facsimile signature is used, the individual who uses it must be duly authorized in writing to use it for this purpose by the person whose signature it is, and a written record of the authorization must be kept.

(c) When a rated order is placed by telegram, the rating identification and certificate must be set out in full in the telegram. It will be sufficient if the file copy of the telegram is signed in the manner required for certification by this part.

(d) On rated orders requiring shipment within seven days, the substance of the certification may be stated verbally or by telephone. However, the following rules must be complied with:

(1) The person making the statement for the buyer must be a person duly authorized to make the certification.

(2) Both the buyer and the seller must promptly make a written record of the fact that the certification was given orally and the record must be signed by the buyer in the same way as a certification.

(e) The person who places a rated order, the individual whose signature is used and the individual who approves the use of the signature, will each be considered to be making a representation to the NPA that the statements contained in the certification are true to the best of his knowledge and belief. The person receiving the certification and any other information required to be included with it, shall be entitled to rely on it as a representation of the buyer unless he knows or has reason to believe that it is false.

(f) No person shall knowingly apply or extend or purport to apply or extend a rating to any order unless he is entitled to do so. No person shall apply or extend a rating for material or services after he has received the material or after the services have been performed, and any person who receives such a rating shall not extend it.

§ 11.9 *Special provisions applicable to extensions; grouping of orders.* (a) No person may extend any rating to replace inventory after three months have passed from the time he could have first extended it.

(b) If the purchase requirements for filling a number of rated orders for different items bearing different rating identifications are combined in one purchase order, each applicable rating identification must be placed alongside the related item.

(c) If the purchase requirements for filling a number of rated orders for the same material but bearing different rating identifications are combined in one purchase order, the purchase order must show the amount of each material to which a particular rating identification is extended.

(d) In the case of a manufacturer of common components or shelf items or any other person who has a number of rated orders for which he cannot place orders for minimum commercially procurable quantities of materials, to fill the rated orders individually, he may place one rated order for all the materials using the identification symbol DO–99. However, the amounts so ordered may not exceed the total amount of the material required for the rated orders so combined.

§ 11.10 *Rules for acceptance and rejection of rated orders.* Every order bearing a rating must be accepted and filled regardless of existing contracts and orders except as provided in this section. The "existing contracts and orders" referred to include not only ordinary purchase contracts but other arrangements achieving substantially the same results, though in form they may concern the use of production facilities rather than the material produced.

(a) A person must not accept a rated order for delivery on a date which would interfere with delivery of rated orders which he has already accepted, nor if delivery of the material ordered would interfere with delivery on an order which the NPA has previously directed him to fill.

(b) If a person when receiving a rated order bearing a specific delivery date does not expect to be able to fill it by the time requested, he must not accept it for delivery at that time. He must either (1) reject the order, stating when he could fill it, or (2) accept it for delivery on the earliest date he expects to be able to deliver, informing the customer of that date. He may adopt either of these two courses, depending on his understanding of which his customer would prefer. He may not reject a rated order just because he expects to receive other rated orders in the future.

(c) A supplier does not have to accept a rated order in any of the following cases, but there must be no discrimination in such cases against rated orders or between rated orders of different customers:

(1) If the person seeking to place the order is unwilling or unable to meet regularly established prices and terms of sale or payment. When a person who has a rated order asks a supplier to quote his regularly established prices and terms of sale or payment, the supplier must do so, except that if this would require detailed engineering or accounting work, he may give his best estimate without such work and say that it is not binding. However, the supplier need not quote if he is not required to accept the rated order and advises the person seeking the quotation of the reason for his refusal.

(2) If the order is for the manufacture of a product or the performance of a service of a kind which the person to whom the order is offered has not usually made or performed, and in addition, if either (i) he cannot fill the order without substantially altering or adding to his facilities or (ii) the order can readily be performed by someone else who has usually accepted and performed such orders.

(3) If an order for material is offered to a person who produces or acquires it for his own use only, and he has not filled any orders for that material within the past two years. If he has filled any orders within that period, but the rated order would take more than the excess over his own needs, he may reject the order for any amount over the excess.

(4) If filling the order would stop or interrupt the supplier's operations during the next 60 days in a way which would cause a substantial loss of total production or a substantial delay in operations.

(d) A manufacturer or processor need not accept a rated order from another person who manufactures or processes the same product, unless specifically directed to do so by the NPA.

(e) Any person who refuses to accept a rated order shall, upon written request of the person placing the order, promptly give his reasons in writing for his refusal.

§ 11.11 *Report to NPA of improperly rejected orders.* When a rated order is rejected in violation of this part, a report of the relevant facts may be filed with the NPA, Washington 25, D. C., Ref: Regulation 2. The NPA will take such action as it considers appropriate after requiring an explanation from the person rejecting the order.

§ 11.12 *Cancellation of ratings.* If a rating which has been used by a person is revoked he must immediately, in the case of each order to which he has applied such rating, either cancel the order or inform his supplier that it is no longer to be treated as a rated order. If any person receives notice from his customer or otherwise that the customer's order is no longer a rated order or that the customer's order is cancelled, he must immediately withdraw any extensions of that rating which he has made to any purchase order placed by him.

§ 11.13 *Sequence of filling rated orders.* (a) Every person who has rated orders on hand must schedule his operations, if possible, so as to fill each rated order by the required delivery or performance date. If this is not possible, for any reason, he must give precedence to all rated orders over unrated orders.

(b) As between conflicting rated orders, precedence must be given to the order which was received first with the rating: *Provided,* That orders received prior to October 3, 1950, and which receive ratings prior to October 31, 1950, take precedence as of the dates on which orders were first placed. As between conflicting rated orders received on the same date, precedence must be given to the order which has the earliest required delivery or performance date.

(c) A rated order calling for earlier delivery than a rated order already accepted must not be allowed to interfere with scheduled delivery on the first order, but if both deliveries can be made on schedule it is not necessary to produce or make delivery on the first customer's order ahead of the second.

(d) In the usual case, the date on which specifications have been furnished to the manufacturer in sufficient detail to enable him to put the product into production is to be considered the date on which the rated order is received.

(e) If a rated order or a rating applicable to an order is cancelled when the supplier has material in production to fill it, he need not immediately stop processing in order to put other rated orders into production. He may continue to process the material which he had put into production for the cancelled order to a stage of completion which will avoid a substantial loss of total production, but he may not incorporate any material which he needs to fill any rated orders on hand. He may not, however, delay putting other rated orders into production for more than 15 days.

§ 11.14 *Changes in customers' orders.* (a) The general rule is that any change in a customer's rated order constitutes a cancellation of the order and must be considered as a new order received on the date of the change, if the change will require the manufacturer to interfere with his production. For example:

(1) A change in shipping destination does not constitute the placing of a new order.

(2) An increase in the total amount ordered is a new order to the extent of the increase unless it can be filled with only a negligible interference with the filling of later rated orders.

(3) A change in the date of the delivery, whether advanced or deferred, when made by the customer, is a new rated order if it interferes with production or delays delivery on another rated order.

(4) A reduction in the total amount ordered will presumably not require a change in the manufacturer's schedule and will not constitute a new rated order. If the quantity is reduced below a minimum production quantity, the manufacturer may insist on the delivery of not less than a minimum production quantity. If the customer is not willing to order that amount, the manufacturer may reject the order. The manufacturer may not discriminate between customers in requiring delivery of minimum production amounts.

(5) When the customer directs the manufacturer to hold or suspend production without specifying a new delivery date, the rated order must be considered cancelled. If requested to do so within ten days after receiving such an instruction, the manufacturer must reinstate the order as nearly as possible to its former place in his proposed schedule of delivery as long as the reinstatement does not cause loss of production or delay in the scheduled deliveries of other rated orders. Any request for reinstatement made after ten days shall be treated as the placing of a new rated order.

(6) Where minor variations in size, design, capacity, etc., are requested by the customer and can be arranged by the manufacturer without interfering with his production, such changes do not constitute a new rated order.

(b) Where a change in an order constitutes a new rated order, the conditions existing at the time the change is received govern the acceptance of the rated order and its sequence in delivery under the rules of this part.

§ 11.15 *Delivery or performance dates.* (a) Every rated order must specify delivery or performance on a particular date or dates or during a particular month, which, in no case, may be earlier than required by the person placing the order. Any order which fails to comply with this requirement shall not be treated as a rated order. The words "immediately" or "as soon as possible" or other words to that effect do not meet the requirements of this paragraph.

(b) The required delivery or performance date, for purposes of determining the sequence of deliveries or performance pursuant to § 11.13, shall be the date on which delivery or performance is actually required. The person with whom the rated order is placed may assume that the required delivery or performance date is the date specified in the order or contract unless he knows either (1) that the date so specified was earlier than required at the time the order was placed, or (2) that delivery or performance by the date originally specified is no longer required by reason of any change of circumstances. A delay in the scheduled receipt of any other material which the person placing the order requires prior to or concurrently with the material ordered, shall be deemed a change of circumstances.

(c) If, after accepting a rated order which specifies the time of delivery, the person with whom it is placed finds that he cannot fill it approximately on time, he must promptly notify the customer, telling him when he expects to be able to fill the order.

§ 11.16 *Relation of ratings and directives.* Special directives or authorizations issued by NPA take precedence over rated orders previously or subsequently received, unless a contrary instruction appears on the directive or authorization.

§ 11.17 *Use or disposition of material acquired under this part.* (a) Any person who gets material with a rating or through a specific authorization or a directive of the NPA must, if possible, use or dispose of it (or of the product into which it has been incorporated) for the purpose for which the assistance was given. Physical segregation is not required as long as the restrictions applicable to any specific lot of material or product are observed with respect to an equivalent amount of the same material or product.

(b) The restriction in paragraph (a) of this section does not apply when a material, or a product into which it has been incorporated, can no longer be used for the purpose for which the priority assistance was given, for example, when the assistance was given to fill a particular order and the material or product does not meet the customer's specifications or the contract order is cancelled. In such cases the rules on further use or disposition in paragraph (c) of this section must be observed.

(c) The holder of a material or product subject to paragraph (b) of this section may sell it as long as he complies with all requirements of other applicable sections of this part and of other orders and regulations of the NPA, or he may use it himself in any manner or for any purpose as long as he complies with such requirements.

§ 11.18 *Delivery for unlawful purposes prohibited.* No person shall deliver any material which he knows or has reason to believe will be accepted, redelivered, held or used in violation of any order or regulation of the NPA.

§ 11.19 *Intra-company deliveries.* The provisions of this part apply not only to deliveries to other persons, including affiliates, and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

§ 11.20 *Inventory restrictions on materials acquired with a rating.* The inventory restrictions described in Part 10 of this chapter (NPA Regulation 1) apply to all listed materials acquired with ratings or other priorities assistance.

§ 11.21 *Scope of regulations and orders.* (a) All regulations and orders of the NPA (including directions, directives and other instructions) apply to all subsequent transactions even though they are covered by contracts previously entered into. Regulations and orders apply to transactions in the territories or insular possessions of the United States unless the regulation or order specifically states that it is limited to the continental United States or to the 48 States and the District of Columbia. However, restrictions of NPA orders or regulations on the use of material or on the amount of inventory shall not apply when the material is used or the inventory is held directly by the Department of Defense outside the 48 States and the District of Columbia, unless otherwise specifically provided.

(b) All orders and regulations of the NPA which control the sale, transfer or delivery of any material, product or equipment, apply to sales made by any person, whether for his own account or for the account of others, and all restrictions upon accepting delivery apply to acceptance of delivery at any type of sale, including sales made by auctioneers, receivers, trustees in bankruptcy, and other cases where the assets of a business are being liquidated.

§ 11.22 *Defense against claims for damages.* No person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with any regulation or order of the NPA (including any direction, directive or other instruction) notwithstanding that any such regulation or order shall thereafter be declared by judicial or other competent authority to be invalid.

§ 11.23 *Records.* Each person participating in any transaction covered by this part shall retain in his possession for at least two years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this part have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

§ 11.24 *Audit and inspection.* All records required by this part shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the NPA.

§ 11.25 *Reports.* Persons subject to this part shall make such records and submit such reports to the NPA as it shall require, subject to the terms of the Federal Reports Act.

§ 11.26 *Violations.* Any person who wilfully violates any provision of this part or any other regulation or order of the NPA, or furnishes false information or conceals any material fact in the course of operation under any such regulation or order, is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

§ 11.27 *Adjustments and exceptions.* Any person affected by any provision of this part may file an application for an adjustment or exception upon the ground that such provision works an unreasonable hardship upon him not suffered generally by others in the same trade or industry or that its enforcement against him would not be in the interest of the national defense.

§ 11.31 *List A.* Allocation and distribution of the following items is subject to regulation by other government agencies and these items are therefore not subject to ratings issued by or under authority of NPA. However, producers of such items are subject to NPA regulations with respect to other materials and products used by them:

Electric power.[1]
Farm equipment.[2]
Fertilizer, commercial.[2]
Food.[2]
Fuels, solid.[1]
Gas.[1]
Petroleum.[1]
Source and fissionable materials.[3]
Transportation services, domestic, storage and port facilities.[4]

The following items are not subject to any ratings issued by or under authority of the NPA at the present time, and no rating issued by NPA may be extended to obtain such items unless specific authorization is given by NPA:

Communications services.
Ice.
Mineral aggregates:
  Sand.
  Gravel.
  Crushed stone.
  Slag.
Ores and scrap.
Steam heating, central.
Transportation services, other.
Waste paper.
Water.
Wood pulp.

INTERPRETATIONS

§ 11.100 *Certain containers, packaging and chemicals.* (a) The authority to apply ratings under the priorities system established by this part (NPA Reg. 2) to direct contracts and purchase orders for certain purposes has been delegated, subject to stated limitations, to the Secretary of Defense and the Atomic Energy Commission (NPA Delegations 1 and 2). However, this part (Reg. 2) does not apply to the items specified in § 11.31 *List A*, including Petroleum and Food. The Secretary of Defense and the Atomic Energy Commission may not therefore, apply a rating to a purchase order for Petroleum or Food.

(b) In addition, the Secretary of Defense and the Atomic Energy Commission have been authorized by the same delegations to assign the right to apply ratings to persons placing orders for materials to be delivered to the Department of Defense and to the Commission, respectively. The "Assignment" of a rating is defined by § 11.2 (e) of Reg. 2 as follows:

A rating is assigned when the NPA, or a government agency that it has authorized, grants a person the right to use the rating.

(c) In view of the Delegations of Authority mentioned and of the provisions of this part (Reg. 2), the Secretary of Defense and the Atomic Energy Commission, and their respective authorized representatives, may assign to their suppliers of Petroleum and Food the right to apply ratings to get the drums, cans and other containers and packaging required for the delivery of the Petroleum and Food, and to get chemicals required for use (i) directly in the production of the Petroleum and Food, or (ii) in processing the Petroleum and Food and which will be consumed or converted into by-products in the course of the processing. These ratings may not be used to get containers, packaging or chemicals, in excess of the minimum quantities required to fill such orders for Petroleum and Food.

(1) *Illustration 1.* The Department of the Navy places an order with the X Refining Company for 500 drums of gasoline. This is not a rated order. An authorized Navy representative may assign to the X Company the right to apply a rating to get the drums required for delivery of the 500 drums of gasoline.

(2) *Illustration 2.* The Department of the Army places an order with the X Company for 100 bbls. of flour. This is not a rated order. An authorized Army representative may assign to the X Company the right to apply a rating to get the packages or containers required for the delivery of the 100 bbls. of flour.

(3) *Illustration 3.* The Department of the Air Force places an order with the Z Refining Company for 100 cans of lubricating oil. This is not a rated order. The Z Company requires two types of chemicals to be used in filling this order: (i) A chemical to be directly used in the production of the oil, and (ii) a chemical that will be consumed or converted into by-products in the course of processing the oil. An authorized representative of the Air Force may assign to the Z Company the right to apply a rating to get the chemicals so required.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This part as amended shall be effective January 11, 1951.

§ 74.1 *What this part does.* This part applies to producers, distributors

[1] Under jurisdiction of the Department of the Interior—E. O. 10161, 15 F. R. 6105.
[2] Under jurisdiction of the Department of Agriculture—E. O. 10161, 15 F. R. 6105.
[3] Under jurisdiction of the Atomic Energy Commission—60 Stat. 755; 42 U. S. C. et seq.

and users of methylene chloride. In view of the fact that the refined grade of methylene chloride is in short supply, this part prohibits the use thereof for manufacture or process where the paint remover grade of methylene chloride will meet the requirements therefor. It also limits in certain instances the extension of DO rated orders for methylene chloride of the refined grade. This part supplements Part 11 of this Chapter (NPA Regulation 2) but only those provisions of Part 11 which are inconsistent with this part are superseded and all other provisions of Part 11 continue to apply to the methylene chloride industry.

§ 74.2 *Definitions.* As used in this part:

(a) "Person" means any individual, corporation, partnership, association or any other organized group of persons and includes any agency of the United States or any other government.

(b) "NPA" means National Production Authority in the Department of Commerce.

§ 74.3 *Methylene chloride to which this part applies.* This part applies to (a) the refined grade (also known as the refrigerant grade) of methylene chloride, and (b) the paint remover grade of methylene chloride which is suitable for use in the manufacture of paint remover and for dry cleaning and various other purposes.

§ 74.4 *Prohibited use of refined grade of methylene chloride.* No person shall use the refined grade of methylene chloride in the manufacture of paint remover or for dry cleaning or for any other purpose where the paint remover grade of methylene chloride will meet the requirements of the product or process for which it will be used.

§ 74.5 *Limitation on extension of DO rated orders for methylene chloride.* A DO rated order for methylene chloride for use in the manufacture of paint remover or for any other purpose where the paint remover grade of methylene chloride will meet the requirements for the product or process for which it will be used, shall not be extended to obtain refined methylene chloride, regardless of whether the person who extends such order may have used, prior to the effective date of this part, refined methylene chloride to fill a rated order for which the paint remover grade could have been used.

§ 74.6 *Prohibited delivery for unlawful purposes.* No person shall accept an order for, sell or deliver the refined grade of methylene chloride which he knows or has reason to believe will be accepted, held or used in violation of any provision of this part.

§ 74.7 *Delivery and certification of certain orders for methylene chloride.* No producer or distributor may deliver refined methylene chloride, except under a DO rated order, to any buyer for use in the manufacture of photographic film or medical or industrial X-ray film unless the purchaser has previously delivered a signed certification to the producer or distributor as follows:

Certified under NPA Order M-21

This certificate constitutes a representation to the seller and to NPA that the purchaser is authorized, under the provisions of this part, to accept delivery of refined methylene chloride as permitted in this part, for use exclusively for the manufacture of photographic film or medical or industrial X-ray film and that such delivery is not prohibited by other applicable orders or regulations of NPA.

§ 74.8 *Exception.* This part shall not prevent the completion of the manufacture or process of any product containing the refined grade of methylene chloride, which was commenced on or prior to the effective date of this part.

§ 74.9 *Adjustments and exceptions.* Any person affected by any provision of this part may file with NPA a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In considering requests for adjustment which claim that the public interest is prejudiced by the application of any provision of this part, consideration will be given to the requirements of public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each such request shall be in writing and shall set forth all pertinent facts, the nature of the relief sought and the justification therefor.

§ 74.10 *Records, audit, inspection and reports.* (a) Each person participating in any transaction covered by this part shall retain in his possession for at least two years records of receipts, deliveries, inventories and use, in sufficient detail to permit an audit that determines for each transaction whether the provisions of this part have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

(b) All records required by this part shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of NPA.

(c) Persons subject to this part shall make such records and submit such reports to NPA as it shall require, subject to the terms of the Federal Reports Act (Pub. Law 831, 77th Cong., 5 U. S. C. 139–139F).

All reporting and record-keeping requirements of this part have been approved by the Bureau of Budget in accordance with the Federal Reports Act of 1942.

§ 74.11 *Communications.* All communications concerning this order shall be addressed to National Production Authority, Washington 25, D. C., Ref: M-21.

§ 74.12 *Violations.* Any person who willfully violates any provision of this part or any other order or regulation of NPA or willfully conceals a material fact or furnishes false information in the course of operation under this part is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

This part shall take effect on January 11, 1951.

SUMMARY OF UNIFORM INSTRUCTIONS

Uniform instructions for the selection of sponsors and processing of housing projects constructed under the provisions of Title VIII of the National Housing Act, as amended (Pub. Law 211, 81st Cong., as amended by Pub. Law 498, 81st Cong.), which have been issued for the guidance of field offices of the Departments of the Army, Navy and Air Force, are summarized as follows:

1. *Development of plans for projects.* Plans and specifications for proposed housing projects may be developed by local architect-engineers employed under contract by the Government, under the supervision of field representatives of the Chief of Engineers, U. S. Army, or the Chief, Bureau of Yards and Docks, U. S. Navy (hereinafter referred to as "Military Field Offices"). The sponsor, when selected, will be required to reimburse the Government for the use of the plans and specifications in an amount equal to the amount paid by the Government for architect-engineer services incident to development of the project. The Federal Housing Administration will authorize the inclusion of a sufficient amount in the initial release of mortgage proceeds to permit the sponsor to reimburse the Government for this expense.

2. *Approval of plans by Federal Housing Administration.* The plans developen will be approved by the FHA, which

will furnish to the Military Field Office an "Appraisal and Eligibility Statement," FHA Form 3303, containing the information specified in paragraph 3–h below.

3. *Invitations for proposals.* Invitations for proposals will be issued from Military Field Officers to interested persons. The Invitation will state the following but not be limited thereto:

a. That proposals shall include submittal of FHA Form 2013–W completed in detail except for page 1.

b. That the approved rental schedule will be based upon a "net return" not exceeding 6½% of the sponsor's estimated replacement cost or the FHA estimate of replacement cost, whichever is the lesser. By "net return" is meant the amount after the provision for payment of all operating expenses, reserves and taxes, and vacancy allowance, but before payment of debt service.

c. That the maximum approved amount of insurable mortgage will in no event exceed 90% of the sponsor's total estimated replacement cost stipulated in his proposal.

d. That the FHA will require escrow deposits or other satisfactory assurance of the mortgagor's ability to complete the project, determined on the basis of the amount required to meet the difference between the mortgage amount and the FHA estimate of replacement cost or the mortgagor's estimate of replacement cost stipulated in his proposal, whichever is greater. Additional escrows will be required to cover off-site requirements and to provide initial working capital in the amount of 1½ percent of the mortgage.

e. That the sponsor selected will be required to reimburse the Government for the use of the plans and specifications in an amount equal to the amount paid by the Government for architect-engineer services incident to development of the project, and further will be required to pay the usual processing fees to FHA.

f. That the proposal of a sponsor which provides desired housing at the lowest bid replacement cost (Total Estimated Requirements, FHA Form 2013–W) will be selected. The sponsor selected will complete his arrangements with the Military Field Office for obtaining any lease, utilities sales contracts, or other written contracts involved in the project, will make arrangements for mortgage financing, and will submit to the FHA, through the mortgage, the required application for mortgage insurance with all of the required exhibits attached, including the proposed rent schedule and the certificate of the respective Secretary as to the need for the housing.

g. That the sponsor will submit with his proposal the name and business address of his principal contractor and the management firm. Any change in principal contractor or management firm will be subject to prior approval of the FHA and the using Service.

h. The Appraisal and Eligibility Statement information obtained from the FHA, including the FHA estimated total replacement cost, the maximum allowable insurable mortgage, the maximum allowable rental schedule, the percentage of assumed vacancies, the amount of total operating expense and reserves for replacements per room per year included in the FHA maximum allowable rent, the estimate of real estate taxes (where applicable) and the equipment and services included in the rent will be made available to sponsors in order that they may know the factors which enter into the preparation and evaluation of proposals.

Invitations for proposals for housing projects to be located on sites purchased by the sponsor will state the following, in addition to the information above, but not be limited thereto:

a. That the Government has procured an assignable option for the purchase of the housing project site which will be assigned to the sponsor selected for exercise by him. The sponsor will be required to pay all costs incident to obtaining the site, including reimbursement to the Government of all amounts expended in connection with procurement of the option.

b. That the sponsor shall include in his total bid replacement cost (Total Estimated Requirements, FHA Form 2013–W) all costs to be incurred by the sponsor in acquiring the site, including the amount to be reimbursed to the Government for costs incurred by the Government incident to the procurement of the option for the site.

c. That the sponsor selected shall, within 15 calendar days after the date of notice of his selection or such longer period as may be granted, submit to the FHA, through the proposed mortgagee, the required application for mortgage insurance with all necesary exhibits attached, including the proposed rent schedule and the Certification of Need for Military Housing (FHA Form 3301) which has been furnished by the military department.

d. That if the sponsor selected fails to complete arrangements for mortgage financing and FHA insurance within the period of the FHA Commitment for Insurance (as it may be extended), he will be required to reassign the said option to the Government or its designee, or, if the sponsor has already acquired title to the site, to convey the said site promptly to whomever the Government may designate, on condition that he shall be fully reimbursed by the grantee for the cost of the site, including option costs.

e. That, at or about the time of closing with the FHA, the sponsor selected will be required to enter into the Agreement, which, with its Exhibits A and B, is attached to and is made a part of this Invitation,[1] and which, with Exhibits A and B, sets forth the mutual agreements between the sponsor (designated "Owner" in the Agreement) and the Government, and provides for the eventual acquisition by the Government, without cost of any kind to the Government, of all right, title, and interest in the housing project site and the improvements thereon.

f. That each proposal submitted shall contain a statement that the sponsor agrees to be bound by and to comply strictly with all the terms and conditions set forth in the Invitation, with its Attachments.

g. That each proposal shall include a statement as follows, with the appropriate box checked: "The bidder represents that he [ ] has, [ ] has not, employed or retained a company or person (other than a full-time employee) to solicit or secure his designation by the Department of the _____, as sponsor of the housing project, and agrees to furnish information relating thereto as requested by the said Department."

Copies of the plans for the housing project, and any lease, utility sales contract, or other agreement which the sponsor will be required to execute will be furnished with the invitation for proposals.

4. *Selection of sponsor.* a. The Military Field Office will select the proposal which provides the desired housing at the lowest bid replacement cost, and will request certification to the FHA by the Secretary of the military department concerned.

b. The sponsor selected will be furnished the Certification of Need for Military Housing (FHA Form 3301) and will file his completed application for mortgage insurance on FHA Form 2013–W with the FHA insuring office, at which time the qualifications of the mortgagor will be examined.

c. If the sponsor so selected is not qualified, the Military Field Office will be so advised by the FHA, and the sponsor submitting the next higher proposal will file his application for mortgage insurance as outlined in step (b) above. The same procedure will be followed, if necessary, with other sponsors in order.

5. *Inspection of construction and advances of mortgage proceeds.* Inspection of construction will be made by the FHA in accordance with its normal procedures, and advances of mortgage proceeds during construction will be based on percentages of completion shown by these inspections.

6. *Utilities and related services.* Utilities and related services, if not otherwise available from local private or public sources, and the Government has facilities available, may be furnished by the Government on a reimbursable basis.

7. *Eventual acquisition of project by the Government.* Projects may be located either on sites owned by the Government and leased to the sponsor, or on sites purchased by the sponsor from a private party under an option obtained by the Government and assigned to the sponsor.

The lease executed in connection with a site owned by the Government will be for a term of seventy-five years but will provide further that the Government shall have the right, at its option, to terminate the lease and all rights of the lessee thereunder at any time after thirty-nine years from the date thereof, provided the FHA has certified that its interest in the lease and in any mortgage on the leasehold interest, as insurer or otherwise, has been fully terminated. Upon expiration or termination of the lease, all improvements made upon the leased premises shall remain on the premises and be the property of the Government without compensation.

[1] Filed as a part of the original document.

In connection with sites purchased by the sponsor, provision will be made by an Agreement entered into between the sponsor and the Government, at or about the time the FHA insures a mortgage on the housing project, for the sponsor (or his successor or assignee) to convey the housing project (consisting of the site and the improvements thereon) to the Government, without cost of any kind to the Government, at the end of twenty years from the date of the Agreement. The conveyance may be made subject to the mortgage endorsed for insurance by the FHA at or about the date of the execution of the Agreement, or to any modification, renewal, extension or increase thereof or substitute mortgage therefor while insured or held by the FHA. In return the Government will agree to lease the housing project back to the sponsor, at a total rent of one dollar ($1.00), for a period of fifty-five years, said lease to be subordinate to any mortgage on the housing project, as described above. Such lease will provide that the Government shall have the right, at its option, to terminate the lease, and all rights of the lessee thereunder, at any time after nineteen years from the date thereof, provided the FHA has certified that its interest in the lease and in any mortgage on the housing project, as described above, as insurer, holder, or otherwise, has been fully terminated. All improvements to the housing project shall remain on the premises as the property of the Government without compensation.

8. *Additional information.* Additional information concerning the above instructions may be obtained from local Army installations, and from Army Area Headquarters, Offices of the Division Engineer, Corps of Engineers, U. S. Army, and District Public Works Offices, Bureau of Yards and Docks, Navy Headquarters, at the locations listed below. The lands are situated in Clark County, Nevada, and lie along U. S. Highway 91, the main highway from Los Angeles, California, to Las Vegas, Nevada. The nearest town that has all of the usual community services is Las Vegas, Nevada, about 40 miles distant. The area is one that is used extensively for health and recreational purposes. Also lands along the main highway are in demand for business site purposes.

2. As to applications regularly filed prior to 10:00 a. m., October 23, 1950, and are for the type of site for which the land is classified, this order shall become effective upon the date it is signed.

3. As to the land not covered by applications referred to in paragraph 2, this order shall not become effective to permit leasing under the Small Tract Act until 10:00 a. m., February 23, 1951. At that time such land shall, subject to valid existing rights, become subject to application as follows:

(a) Ninety-day preference period for qualified veterans of World War II from 10:00 a. m., February 23, 1951, to close of business on May 24, 1951.

(b) Advance period for veterans' simultaneous filings from 10:00 a. m., October 23, 1950, to 10:00 a. m., February 23, 1951.

(a) Advance period for simultaneous nonpreference filings from 10:00 a. m., October 23, 1950, to 10:00 a. m., May 25, 1951.

5. Applications filed within the periods mentioned in paragraphs 3 (b) and 4 (a) will be treated as simultaneously filed.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their application by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

6. Because of the State Highway right-of-way that traverses the lands, the tracts will be leased to extend east and west except in the E½E½NW¼NE¼ and W½E½NE¼NW¼ where they will extend north and south, each being approximately 330 by 660 feet, containing approximately 5 acres.

7. Preference right leases referred to in paragraph 2 will be issued for the land described in the application irrespective of the direction of the tract, provided the tract conforms to or is made to conform to the area and the dimension specified in paragraph 6.

8. Where only one 5-acre tract in a 10-acre subdivision is embraced in a preference right application, an application for the remaining 5-acre tract extending in the same direction will be accepted in order to fill out the subdivision notwithstanding the direction specified in paragraph 6.

9. Leases will be for a period of five years at an annual rental of $5.00 payable for the entire lease period in advance of the issuance of the lease. Leases will contain an option to purchase clause at the appraised value of $20.00 per acre, application for which may be filed at or after the expiration of one year from date the lease is issued.

10. Tracts will be subject to a State Highway right-of-way that extends north and south through the NW¼NE¼ and to all other existing rights-of-way, and will also be subject to rights-of-way not exceeding 33 feet in width along or near the edges thereof for road purposes and public utilities. Such rights-of-way may be utilized by the Federal Government, or the State, County or municipality in which the tract is situated, or by any agency thereof. The rights-of-way may, in the discretion of the authorized officer of the Bureau of Land Management, be definitely located prior to the issuance of the patent. If not so located, they may be subject to location after patent is issued.

11. All inquiries relating to these lands should be addressed to the Manager, Nevada Land and Survey Office, Reno, Nevada.

[Project No. 2039]

DELAWARE RIVER DEVELOPMENT CORP.

ORDER FIXING HEARING

JANUARY 9, 1951.

On January 16, 1950, The Delaware River Development Corporation of New York City filed application for preliminary permit under the Federal Power Act for a proposed hydroelectric development on the Delaware River (Project No. 2039) in Sussex and Warren Counties, New Jersey; Monroe, Northampton and Pike Counties, Pennsylvania; and Orange County, New York.

The proposed project would consist of: (1) A dam at the Tocks Island site approximately 10.5 miles below the mouth of Bushkill Creek, a reservoir having a usable storage capacity of about 537,900 acre-feet, and a powerhouse with installed capacity of 150,000 horsepower; (2) a dam at the Belvidere site about 1 mile above the highway bridge at Belvidere, New Jersey, a reservoir having a usable storage capacity of about 16,900 acre-feet, and a powerhouse with installed capacity of 72,000 horsepower; (3) a dam at the Chestnut Hill site approximately 2.43 miles above the highway bridge between Easton, Pennsylvania and Phillipsburg, New Jersey, a reservoir having a usable storage capacity of about 3,900 acre-feet, and a powerhouse with installed capacity of 60,000 horsepower; and (4) transmission lines and other appurtenant facilities.

Public notice of the filing of the application has been given.

The proposed project as described above would conflict with proposed Project No. 2034, application for license for which was filed October 18, 1949, by The Electric Power Company of New Jersey, Inc. However, that application is incomplete in that it fails to show the requisite financial ability to construct the project or a plan of financing construction which appears reasonably certain of success. For that reason, the applicant in that proceeding was given a period of sixty days from April 6, 1950, to submit a reasonable plan of financing, which period, by virtue of extensions granted, will expire on February 2, 1951.

By letter dated October 30, 1950, the applicant for Project No. 2039 has requested an early disposition of its pending application for permit by hearing or otherwise, advising that under its charter work must commence on the project within two years from the date of applicant's incorporation, which would be on or before January 16, 1952, or it would lose its charter.

Numerous protests against the application in Project No. 2039 have been received from State and county agencies, States, an interstate commission, and local associations and individuals.

The Commission finds: It is in the public interest to hold a public hearing on the aforementioned application for preliminary permit for proposed Project No. 2039.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by the Federal Power Act, particularly sections 4, 6, and 308 thereof, and the Commission's rules of practice and procedure (in force January 1, 1948, as amended and supplemented), a public hearing be held on the 12th day of February, 1951, at 10:00 a. m. e. s. t., in the Hearing Room of the Commission, 12th Floor, 1800 Pennsylvania Avenue NW., Washington, D. C.

(B) As provided in Rule 30 (18 CFR 1.30) of the Commission's rules of practice and procedure, the officer hereafter designated to preside at the hearing shall certify the record of the hearing, including his report thereon, to the Commission for its decision and the presiding officer's report shall constitute a recommended decision.

Date of issuance: January 10, 1951.

By the Commission.
