PART 36—POSITION CLASSIFICATION

EFFECTIVE DATES OF POSITION-CLASSIFICATION ACTIONS

A new Part 36 is added as set out above, effective March 30, 1952, or at any earlier date at which the agency desires to put it into effect.

§ 36.1 *Effective dates of position-classification actions.* (a) Classification actions of a department or agency shall take effect as of the date the action is approved or on a subsequent date specifically stated. They shall not be made effective retroactively, except as provided hereinafter in the case of certain appeals.

(b) All classification decisions made by means of a certificate issued by the Commission shall take effect not earlier than the date of receipt and not later than the beginning of the second pay period following the receipt of the certificate in the department, unless a subsequent date is specifically stated in the certificate. They shall not be made effective retroactively, except as provided hereinafter in the case of certain appeals.

(c) Classification decisions resulting from an appeal will take effect not earlier than the date of decision on the appeal and not later than the beginning of the second pay period following the date of decision if made by a department, or the receipt of the decision in the department if made by the Commission, unless (1) a subsequent date is specifically stated in the decision on the appeal or in the certificate issued by the Commission, or (2) the original appeal was filed within thirty days after receipt of written notice of action lowering the grade of the position and the corrective action on the appeal raises the grade, in which case the effective date shall be effective retroactively to the date of the appealed action. If the grade is raised on appeal because of duties and responsibilities which were added to the position after the date of the adverse action,

the raise in grade cannot be made retroactively.

The regulations of Commodity Credit Corporation with respect to the purchase of cottonseed products as a means of supporting the price of 1951-crop cottonseed (1951 CCC Cottonseed Bulletin 3, as amended (16 F. R. 8415, 10921)); are hereby amended by changing paragraph (b), subparagraph (2) of § 643.577 thereof in order, upon approval by the PMA Commodity Office, to treat two or more cottonseed crushing mills as a single contracting unit, where they are under the same management and are located in such proximity that they have the same freight rates for the shipment of cottonseed products, so that such paragraph (b) reads as follows:

§ 643.577 *Availability* * * *

(b) *Source.* (1) Purchases of cottonseed products, in accordance with the terms of this subpart, will be made by CCC from the crushers who notify the appropriate PMA commodity offices of acceptance of the offer contained in this subpart substantially in the following form:

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 17, Supplementary Regulation 5]

CPR 17—GASOLINES, NAPHTHAS, FUEL OILS AND LIQUEFIED PETROLEUM PRODUCTS, NATURAL GAS, PETROLEUM GAS, CASINGHEAD GAS AND REFINERY GAS

SR 5—SPECIFIC CEILING PRICES FOR NAVY SPECIAL FUEL OIL

Pursuant to the Defense Production Act of 1950, as amended, Executive Or-

der 10161, and Economic Stabilization Agency Order No. 2, this Supplementary Regulation No. 5 to Ceiling Price Regulation 17 (16 F. R. 3033), is hereby issued.

STATEMENT OF CONSIDERATIONS

The purpose of this Supplementary Regulation 5 to CPR 17 is to establish a generally fair and equitable ceiling price for the sale or delivery of Navy Special Fuel Oil by Gulf, East and West Coast refiners. The demand for this fuel has increased substantially since the outbreak of war in Korea and with the expansion of our Naval activities incident to the present defense effort.

Navy Special Fuel Oil is a residual type petroleum fuel made according to the specification of the U. S. Navy. It is somewhat comparable in use to Bunker "C" fuel oil, but its specifications mean a product of lower viscosity and better burning quality. It can be made as a product of distilling operations but more frequently is made as a blend of Bunker "C" fuel oil or other residual oil combined with cutter stocks. The type of cutter stocks used and the proportion thereof would vary with the refinery and type of crude oil being processed. Finished No. 2 heating oil may be used as the cutter stock, but so also may unfinished heating oil or low grade cutter stocks not normally marketed commercially.

General price standards. It is customary for the Office of Price Stabilization to look to prices established under normal competitive conditions as guides in the establishment of fair prices during periods of emergency. These customary practices have been used by the Agency in the establishment of ceiling prices for Navy Special. This follows the pattern of Ceiling Price Regulation 17, the basic petroleum regulation covering bulk petroleum products, which is a freeze-type regulation taking base period competitive prices as its standard price structure.

Prior to promulgating Ceiling Price Regulation 17, and after consulting with an Industry Advisory Committee, the Director of Price Stabilization made a finding that the prices for petroleum products in effect during the base period, December 19, 1950, to January 25, 1951, were generally fair and equitable. This finding has not been challenged by any major segment of the industry.

It was inevitable, of course, that the base period would find certain products of the industry in a less profitable position than others, but this situation is entirely normal in an industry which is as complex and dynamic as the petroleum industry.

This point is of the utmost importance, since it is now contended by the oil companies which were consulted that the ceiling price for Navy Special Fuel Oil should be computed upon the basis of a weighted average, 70 percent weight for the ceiling price of Bunker C and a 30 percent weight for the ceiling price of No. 2 heating oil. Apart from the fact that this contention assumes the use of particular ingredients and that other ingredients are also likely to be used, the contention is unsound as a binding prin-

ciple. It is not generally fair and equitable to buyers and sellers, since it disregards the fact that customarily prices for this product have not been determined on that basis. Navy Special Fuel Oil has in fact consistently sold below the weighted average formula contended for. This was the case, for example, in the year prior to Korea, and has indeed been the fact, with only isolated exceptions for short periods of time, since 1940.

However, some adjustment from the base period delivery prices for cargo sales of Navy Special Fuel Oil is appropriate in order to meet military requirements. The basis for and the extent of the adjustment are indicated below.

Price history. The three coastal areas of the United States are considered by the industry as distinctive refining and marketing regions. On the West Coast, prices of \$2.15 per barrel at Los Angeles and \$2.20 per barrel at San Francisco are clearly established by the price pattern of sales of Navy Special between the outbreak of the Korean War and January 25, 1951, the end of the base period.

The low cargo price of Bunker "C" Fuel Oil on the Gulf Coast, as clearly established by many sales during the base period, was \$1.75 and this is the prevailing ceiling price. During most of the period since World War II the military services have obtained supplies of Navy Special Fuel Oil on the Gulf Coast, on the East Coast and in the Caribbean at prices no higher than 17 cents per barrel over the low cargo price on Bunker "C" Fuel Oil published in "Platt's Oilgram". This amounted to prices for Navy Special Fuel Oil not exceeding \$1.92 in the Gulf and Caribbean. But it is appropriate for various reasons to establish a higher ceiling than \$1.92.

First, the Armed Services Petroleum Procurement Agency has recently paid \$2.00 per barrel for Navy Special in the Caribbean, or 25 cents over Bunker "C". While prices in the Caribbean are not subject to price control, nevertheless, some weight must be given to the pattern in that area since it has historically been very closely related to U. S. Gulf Coast and East Coast prices.

Even more important is the fact that the base period delivery price of \$1.92, which represents a differential of 17 cents per barrel over Bunker "C", reflects the sales of the single company which was the principal source of supply on the Gulf and East Coasts during the base period. Other companies are now being sought as sources of supply, and somewhat different conditions may prevail for companies using different refining techniques. Great weight, therefore, is given to the fact that another major company had a base period posted price of \$2.19 per barrel f. o. b. refinery for barge deliveries and this company has advised that its normal cargo price on this basis would have been \$2.09 per barrel. This company and two other major companies are currently supplying Navy Special in barge quantities at equivalent prices.

The above price history of Navy Special tends to indicate that a fair and equitable general ceiling price for cargo sales would be approximately \$2.09 per barrel. However, a critical fact support-

ing this conclusion, and leading to the ceiling price of \$2.10, appears upon an examination of ceiling prices for comparable sales of a similar commercial product.

Such comparison may validly be made with certain gas-enrichment oils which have a different end use but which are very similar in quality and contain essentially the same components as Navy Special Fuel Oil. During the subsequent to the base period, one company posted a cargo price of \$2.10 per barrel at the Gulf, which amounted to 35 cents per barrel over Bunker "C". Three companies were selling gas-enrichment oils of essentially the same quality in the New York and New England areas at prices ranging from 25 to 35 cents per barrel over Bunker "C".

In the light of the foregoing, a ceiling price of \$2.10 per barrel for cargo sales of Navy Special Fuel Oil, f. o. b. Gulf Coast ports is established by this supplementary regulation. This is a fair and equitable price, reflecting full consideration of military needs and of the interests of the suppliers and the public.

The price histories cited above, the close historical relationship between Gulf and East Coast markets, and the normal relationship between prices in the two areas, justify the establishment of an East Coast price of \$2.70 per barrel, which represents the same differential over a calculated East Coast cargo price for Bunker "C" as is established on the Gulf Coast.

In the formulation of this Supplementary Regulation, the Director of Price Stabilization has consulted with the Petroleum Administrator for Defense, the Armed Services Petroleum Agency and numerous representatives of the petroleum industry who will be affected by this Supplementary Regulation. Although their recommendations have not been accepted in full, careful consideration has been given to them.

FINDINGS OF THE DIRECTOR OF PRICE STABILIZATION

In the judgment of the Director of Price Stabilization, the prices established by this supplementary regulation are generally fair and equitable, and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

[Ceiling Price Regulation 34, Territorial Supplementary Regulation 1]

CPR 34—SERVICES

TSR 1—RETAIL DRY CLEANING AND FINISHING AND COMMERCIAL LAUNDRY SERVICES IN THE VIRGIN ISLANDS

Pursuant to the Defense Production Act of 1950, as amended (Public Law 774, 81st Cong., Public Law 96, 82d Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Territorial Supplementary Regulation 1 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Territorial Supplementary Regulation 1 to Ceiling Price Regulation 34 establishes dollar and cents ceiling prices for retail dry cleaning and finishing and commercial laundry services sold in the Virgin Islands of the United States. The services supplied by dry cleaning and finishing establishments in the Virgin Islands have been provided at substantially uniform prices for the past four years.

In spite of a wage increase and sharply increased costs during 1950, the dry-cleaning industry, at the time the General Ceiling Price Regulation was issued, had not increased its prices. The GCPR freeze, therefore, caught the dry-cleaning industry at a time when its profit margin was very low. Since the issuance of the GCPR, and subsequently of CPR-34, costs have continued to rise while the ceiling price has remained the same.

During the summer of 1951 the dry-cleaning industry petitioned for relief

and an independent study of its earnings was conducted. It has been determined that the average earnings of the industry are now close to the break-even point and threaten to jeopardize the continued supply of the service. However, because of the absence of base period earnings experience, it was impossible to determine an increase factor strictly in accordance with the industry earnings standard. This territorial supplementary regulation, therefore, establishes dollars and cents ceiling prices which will, on the average, be from 7 to 10 percent higher than present ceilings under CPR 34. It is expected that these new ceiling prices will yield sellers of dry cleaning and finishing services in the Virgin Islands a margin which would return earnings in line with the policy of the earnings standard. The ceiling prices established for commercial laundry services by this territorial supplementary regulation are the same as the CPR 34 ceiling prices.

In formulating this territorial supplementary regulation, the Director of Price Stabilization has consulted with representatives of the industry and has given full consideration to their recommendations. In the judgment of the Director, the prices established by this territorial supplementary regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

[General Ceiling Price Regulation, Interpretation 48]

GENERAL CEILING PRICE REGULATION

INT. 48—CLASS OF PURCHASER (SECTION 22)

Section 22 of the General Ceiling Price Regulation defines the term "class of purchaser" as referring to "the practices adopted by a seller in setting different prices for sales to different purchasers or kinds of purchasers." The question whether two different purchasers are purchasers of the same class becomes important under section 3, General Ceiling Price Regulation, which provides that a seller's ceiling price for sale of a commodity is the highest price at which he delivered it during the base period to a purchaser of the same class.

Where a seller in the base period customarily charged different prices to two different customers in sales made at the same time, each of such customers is to be considered as a different class of purchaser in view of the seller's pricing practice, in spite of the fact that the two different customers may not differ functionally. In such a situation, the seller's ceiling price for sales to each of such customers would be the highest price at which he delivered the commodity to that particular customer during the base period.

For example, if a seller during the base period normally charged list price to one or more customers, described as customers A, but in sales made at the same time normally gave a discount of 10 percent to customers B, and a discount of 15 percent to customers C, customers A, B, and C are each considered as a different class of purchaser. Accordingly, under the General Ceiling Price Regulation customers C must now continue to be given the discount of 15 percent, customers B must continue to be given the discount of 10 percent and customers A may be charged the full list price.

[General Ceiling Price Regulation, Interpretation 49]

GENERAL CEILING PRICE REGULATION

INT. 49—OPEN PRICING CONTRACTS PRIOR TO AMENDMENT 6, GCPR (SECTIONS 2 (C) AND 22)

Amendment 6, General Ceiling Price Regulation, effective March 19, 1951, provides: "Nothing in this regulation shall be construed to prohibit the making of a contract or offer to sell a commodity or service at (a) the ceiling price in effect at the time of delivery . . ."

The question has been raised whether contracts entered into after the effective date of the General Ceiling Price Regulation but prior to Amendment 6, containing the provision that the price

should be "seller's ceiling price at time of delivery," were in violation of the General Ceiling Price Regulation.

The issue arises in view of section 2 (c) of the General Ceiling Price Regulation which provides: ". . . you shall not sell . . . any commodity or service at a price exceeding the ceiling price established by this regulation", and Section 22, General Ceiling Price Regulation, which defines "sell" as including "contracts and offers to sell".

The language of section 2 (c), when read in connection with the definition of "sell" as it appeared in section 22 prior to Amendment 6, raised a question as to whether the regulation prohibited contracts of the type above described. The question was not free from doubt. In this state of uncertainty some sellers may in good faith have entered into such arrangements, believing them to be valid and permissible. Amendment 6 was issued effective March 19, 1951, in order to make it clear that such contracts would be legitimate. The issuance of Amendment 6, however, was not intended to indicate that such contracts were invalid under the regulation prior to that date.

The prohibitions clause of section 2 (c), which provides that "you shall not sell . . . any commodity or service at a price exceeding the ceiling price established by this regulation", is a standard provision in ceiling price regulations. It means that in situations where a person sells at a fixed price, that price may not exceed the ceiling price. For example, where a seller's ceiling price under the General Ceiling Price Regulation at the time of sale is \$10.00, he may not sell for \$15.00. The section 22 definition of "sell" as including "contracts and offers" to sell, was intended to make it clear that if a seller made a contract or offer to sell at a fixed price in excess of his ceiling price, the mere contract or offer to sell at a fixed price in excess of his then ceiling price would be considered a violation subject to enforcement action, and such a seller could not escape prosecution after discovery simply by correcting his price prior to delivery. In this situation the offer or contract calls for a fixed price in excess of the ceiling price and irrespective of what the ceiling price may be at the time of delivery. Thus, in the example mentioned, a person may not offer to sell or contract to sell for \$15.00 when his ceiling price under the General Ceiling Price Regulation at that time is \$10.00.

However, a contract clause providing that the price should be "seller's ceiling price at time of delivery" is not of this character or subject to this vice. It is simply an agreement that whatever may be the lawful ceiling price of the seller when the time for delivery arrives shall become the selling price. Selling price is thus left open and the contract is not a contract to sell at any fixed price at all. Therefore it cannot be said that this is a contract to sell at a price exceeding the ceiling price established by the General Ceiling Price Regulation, and accordingly such a contract entered into prior to Amendment 6 was not in violation of the General Ceiling Price Regulation.

Any inconsistent interpretations previously issued on this subject are hereby revoked.

This interpretation is confined to the situation in which the contract or offer price is "seller's ceiling price at time of delivery." In the absence of express authorization in a ceiling price regulation, no contract or offer would be valid which provides for an upward adjustment in selling price after delivery to reflect an increase in ceiling price after delivery.

Chapter IX—Petroleum Administration for Defense, Department of the Interior

[PAD Instruction No. 1]

REQUESTS FOR ASSISTANCE IN OBTAINING DELIVERY OF HEATING OIL TO THE EAST COAST

This instruction is found necessary and appropriate to promote the national defense and is issued under the authority granted by section 101 of the Defense Production Act of 1950, as amended. Consultation with industry representatives to assure added supplies of heating oil to the East Coast has been held in connection with the issuance of a Voluntary Agreement to assure such supplies. Consultation with respect to the provisions of this instruction which is in furtherance of making such supplies available to those requiring added supplies has been impracticable due to the necessity for immediate action.

Sec.

1. What this instruction does.
2. Definitions.
3. Application for assistance.
4. Disposition of application.
5. Request for reconsideration.
6. Records, reports and forms.
7. Defense against claims for damages.
8. Violations.

AUTHORITY: Sections 1 to 8 issued under sec. 704, 64 Stat. 816, Pub. Law 96, 82d Cong., 50 U. S. C. App. Sup. 2154. Interpret or apply secs. 101, 708, 64 Stat. 799, 818, 819, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2071; secs. 101, 102, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. What this instruction does. Because of certain economic dislocations which have prevented, at present price ceilings, the production, acquisition and transportation of additional quantities of heating oil needed in the East Coast area, extraordinary steps have been necessary to assure an additional supply of heating oil and to forestall an imminent shortage. A Voluntary Agreement has been agreed to in principle by certain East Coast supply companies pursuant to which additional supplies of heating oil will be made available to the East Coast. This instruction has been issued

to assure that this heating oil will be distributed in such manner as to alleviate to the maximum extent any shortage conditions which may exist.

SEC. 2. Definitions. SEC. 3. Application for assistance. (a) Any reseller who can demonstrate actual and existing demands for heating oil which exceed the supplies currently available to him, or anticipated to be available to him during the balance of the 1951-52 heating season, may apply for assistance under this instruction. Any such application shall be made on Form PAD 65, entitled "Application for Additional Heating Oil Supplies—East Coast". Each application shall be filed in duplicate and addressed to:

The Petroleum Administration for Defense,

The reseller will then be notified, by means of a delivery order issued by PAD, as to the participant or participants from whom he may obtain the necessary additional supplies, including the grade and quantity which may be obtained.

In requesting reconsideration, the reseller should make reference to his original application number and the PAD case number, if any. Records may be retained in the form of microfilm or other photographic copy instead of the original.

(b) All records required by this instruction shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the PAD.

[Ceiling Price Regulation 7, Section 43,
Special Order 1, Amdt. 3]

NORTH STAR WOOLEN MILL CO.

CEILING PRICES AT RETAIL

Statement of considerations. Special
Order 1 under section 43, Ceiling Price
Regulation 7 established ceiling prices
for wool blankets manufactured by North
Star Woolen Mill Co., and having the
brand name "North Star."

This amendment corrects a clerical
error in the special order.

In addition, this amendment estab-
lishes new retail ceiling prices for cer-
tain of the applicant's branded articles.
It appears that the ceiling prices re-
quested are in line with those already
granted and are no higher than the level
of ceiling prices under Ceiling Price
Regulation 7.

Amendatory provisions. Special Order
1 under section 43 of Ceiling Price Regu-
lation 7 is amended in the following
respects:

1. Delete the first sentence to para-
graph 1, as amended, following the
words "North Star" and substitute there-
for the following: "and described in the
manufacturer's application dated Feb-
ruary 28, 1951, and supplemented and
amended in the manufacturer's applica-
tions dated March 2, 1951, July 5, 1951,

January 7, 1952, January 18, 1952, and
January 30, 1952."

2. In paragraph 1 add "\$3.60" to the
column headed "manufacturer's selling
price (per unit)" before the figure
"\$4.20" now appearing therein. Oppo-
site the inserted figure, in the column
headed "Ceiling prices at retail (per
unit)" add the figure "\$5.95" before the
figure "\$6.95" now appearing therein.

3. In paragraph 1 add "\$7.15" and
"\$7.50" to the column headed "manufac-
turer's selling price (per unit)" between
the figures "\$6.60" and "\$7.80" now ap-
pearing therein. Opposite the inserted
figures, in the column headed "Ceiling
prices at retail (per unit)" add the fig-
ures "11.95" and "12.50" between the
figures "10.95" and "12.95" now appear-
ing therein.

4. In paragraph 1 add "\$9.80 through
\$10.20" to the column headed "Manu-
facturer's selling price (per unit)" be-
tween the figures "\$9.00" and "\$11.37"
now appearing therein. Opposite the
inserted figures, in the column headed
"Ceiling prices at retail (per unit)" add
the figure "16.95" between the figures
"14.95" and "18.95" now appearing
therein.

5. In paragraph 1 add "\$18.00" to the
column headed "Manufacturer's selling
price (per unit)" between the figures
"\$17.00 through \$17.10" and "\$19.00"
now appearing therein. Opposite the
inserted figure, in the column headed
"Ceiling prices at retail (per unit)" add
the figure "29.95" between the figures
"28.50" and "31.50" now appearing
therein.

6. In paragraph 1, as amended, follow-
ing the words "supplemental application
dated January 7, 1952," insert the dates
"January 18, 1952, and January 30,
1952."

7. In paragraph 1, as amended, delete
the date "February 25, 1952" and sub-
stitute therefor "March 5, 1952."

Effective date. This amendment shall
become effective February 12, 1952.

A. SAGNER'S SON, INC.

CEILING PRICES AT RETAIL

Statement of considerations. Special
Order 19, under section 43 of Ceiling
Price Regulations 7, issued May 16, 1951,
effective on May 17, 1951, established
ceiling prices for sales at retail of men's
clothing manufactured by A. Sagner's
Son, Inc., having the brand names
"Northcool," "Northcord," "Northaire"
and "Northweave."

This amendment to Special Order 19
issued under section 43, Ceiling Price
Regulation 7 to A. Sagner's Son, Inc., re-
instates the brand name "Northcool"
line of men's clothing, because amend-
ment 2 erroneously deleted the "North-
cool" line from the special order.

The applicant also requests the dele-
tion of certain articles for which retail
ceiling prices were established by the
special order.

Amendatory provisions. Special Or-
der 19, under Ceiling Price Regulation 7,
section 43, is amended in the following
respects:

1. In paragraph 1, between the brand
names "Northcord", and "Northaire"
insert the brand name "Northcool" line
of men's clothing wherever it appears.

2. In paragraph 1, under the column
headed manufacturer's selling price (per
unit) delete the figure 2.40. Opposite
the deleted figure in the column headed
ceiling price at retail (per unit) delete
the figure 3.95. Under the column
headed manufacturer's selling price (per
unit) delete the figure 11.70. Opposite
the deleted figure in the column headed
ceiling price at retail (per unit) delete
the figure 19.50.

Effective date. This amendment shall
become effective February 12, 1952.

Director of Price Stabilization.

WAMSUTTA MILLS

CEILING PRICES AT RETAIL

Statement of considerations. Special
Order 78, under section 43 of Ceiling
Price Regulation 7, issued on June 21,
1951, established ceiling prices for sales
at retail of sheets, pillow cases, towels,
and piece goods manufactured by Wam-
sutta Mills, having the brand names
"Wamsutta" and "Penobscott."

This amendment adds the state of
"Nevada" to its western zone of states,
because the applicant inadvertently
omitted this state from its list of states
covered by amendment 2 to Special Or-
der 78.

Amendatory provisions. Special Order
78, under section 43 of Ceiling Price Regu-
lation 7, is amended in the following
respects:

1. In paragraph 1, of the special order,
as amended, insert the state of "Nevada"
after the state of "Utah."

Effective date. This amendment shall
become effective February 12, 1952.

M. WILE AND CO., INC.

CEILING PRICES AT RETAIL

Statement of considerations. Special
Order 99 under section 43 of Ceiling Price
Regulation 7, established retail ceiling

prices for men's suits, sport coats, top-coats, overcoats and slacks manufactured by M. Wile Company, Inc., and having the brand name "Don Richards."

This amendment establishes new retail ceiling prices for certain of the applicant's branded articles. It appears that the ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7. The retail ceiling prices are established by incorporating into the special order the amended application dated December 20, 1951.

Amendatory provisions. Special Order 99 under section 43 of Ceiling Price Regulation 7, is amended in the following respects:

1. In paragraph 1, insert after the date "July 19, 1951," the following date "December 20, 1951."

2. Insert following paragraph 1 now appearing in the special order the following:

The applicant requests that all items covered by this order be deleted from the order with the exception of hosiery. This amendment therefore deletes women's and children's underwear and gloves from the special order.

Amendatory provisions. Special Order 188, under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. In paragraph 1, delete women's and children's underwear and gloves as described in the manufacturer's application dated April 17, 1951, as amended by its applications dated August 10, 1951, October 22, 1951, November 26, 1951, and January 19, 1952.

HAMLEY & Co.

CEILING PRICE AT RETAIL

Statement of considerations. Special Order 656 under section 43, Ceiling Price Regulation 7, established retail ceiling

prices for toilet kits, men's belts, buckles and key paks manufactured by Hamley & Co. and having the brand name "Hamley."

This amendment establishes new retail ceiling prices for certain of the applicant's branded articles. It appears that the ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7. The retail ceiling prices are established by incorporating into the special order the amended application dated October 24, 1951.

Amendatory provisions. Special Order 656 under section 43 of Ceiling Price Regulation 7 is amended in the following respects:

1. In paragraph 1, after the words "in its application dated July 24, 1951," insert the words "as supplemented and amended by its application dated October 24, 1951."

2. Insert following paragraph 1 now appearing in the special order the following:

The prices listed in the manufacturer's supplemental application dated October 24, 1951, shall become effective on receipt of a copy of the notice for such articles, but in no event later than March 10, 1952.

Effective date. This amendment shall become effective February 12, 1952.

It appears that the ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7. The retail ceiling prices are established by incorporating into the special order the amended applications dated September 21, 1951, and January 21, 1952.

Special Order 724, Amdt. 1]

ALUMINUM GOODS MFG. CO.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 724, issued on August 13, 1951, under section 43 of Ceiling Price Regulation 7, established ceiling prices at retail for cooking utensils, manufactured by Aluminum Goods Manufacturing Company, 1512 Washington Street, Manitowoc, Wisconsin, having the brand name "Mirro." Aluminum Goods Manufacturing Company has applied for an extension of time to comply with the preticketing requirements of the special order. Its request is based on an inability to preticket in the manner set forth in the special order by the date specified.

On the basis of the application and after due consideration, the Director has determined to issue this amendment extending the applicant's time to preticket the articles covered by the special order. However, with respect to articles manufactured on and after April 18, 1952, and delivered before June 30, 1952, these articles must be preticketed with the statement "OPS—Sec. 43—CFR 7," and indicating either the retail ceiling price or the article's model, style or lot number. On and after June 30, 1952, applicant must preticket all articles under the special order with a statement indicating the retail ceiling price of each article. After June 30, 1952, no sales at retail may be made under the terms of the special order unless the article is marked or tagged with the retail ceiling price.

Amendatory provisions. Special Order 724 issued on August 13, 1951, under section 43 of Ceiling Price Regulation 7 is amended by deleting paragraph 2 and substituting the following new paragraph 2:

2. (a) On and after June 30, 1952, unless a prior date is established under another regulation or order, Aluminum Goods Manufacturing Company prior to the delivery of any article listed in paragraph 1 of this special order, must mark each such article with the retail ceiling price under this special order or attach to the article a label, tag, or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CFR 7
Price \$-----

(b) With respect to articles manufactured on and after April 15, 1952, and delivered prior to June 30, 1952, Aluminum Goods Manufacturing Company

No. 35—3

must label, tag, or ticket each article before or immediately after its manufacture is completed, either with the mark or statement required by subparagraph (a) of this paragraph or with a mark or statement which contains the article's model, style, or lot number and is in the following form:

OPS—Sec. 43—CFR 7
Model No.-----

(c) Aluminum Goods Manufacturing Company must supply each retailer to whom it delivers articles listed in paragraph 1 under this special order and preticketed in accordance with subparagraph (b) of this paragraph, with a price list containing a description including the model, style, or lot number of each article and the retail ceiling price of such article, but which states the model, lot, or style number of the article, a retailer must, by reference to the price list supplied to him by Aluminum Goods Manufacturing Company determine the ceiling price for each such article and mark or tag it in accordance with the provisions of section 51 of Ceiling Price Regulation 7.

(d) On and after June 30, 1952, no retailer may offer or sell any article listed in paragraph 1 of this special order under the terms of this special order less it is marked in accordance with this paragraph. On and after June 30, 1952, unless the article is marked or tagged with the retail ceiling price, the retailer must comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

(e) Unless, on or before April 10, 1952, Aluminum Goods Manufacturing Company certifies in writing to the Uniform Pricing Section, Wholesale and Central Pricing Branch, Office of Price Stabilization, Washington 25, D. C., that it is complying with the provisions of this paragraph, this special order may be revoked."

Effective date. This amendment shall become effective February 12, 1952.

Director of Price Stabilization.

Revocation of Special Order 786]

GOLD SEAL CO.

CEILING PRICES AT RETAIL AND WHOLESALE

Statement of considerations. Special Order 786 issued to Gold Seal Company, on January 3, 1952, effective January 4, 1952, established ceiling prices at retail and wholesale for liquid cleaner having the brand name "Glass Wax."

Gold Seal Company has applied for a revocation of this special order. The applicant states that it is unable to comply with the provisions of the special order. Because strict compliance with the provisions of an order issued under section 43 of Ceiling Price Regulation 7 is necessary, this special order, in the

opinion of the Director, should be revoked.

The order of revocation requires the applicant to send a copy to all purchasers for resale who have received notice of the special order.

Revocation. 1. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, Special Order 786 issued to Gold Seal Company, on January 3, 1952, effective January 4, 1952, establishing ceiling prices at retail and wholesale for liquid cleaner having the brand name "Glass Wax," shall be, and the same hereby is, revoked in all respects.

2. Gold Seal Company, must, within 15 days after the effective date of this order of revocation, send a copy of this order of revocation to all purchasers for resale to whom it has given notice of Special Order 786.

[Ceiling Price Regulation 7, Section 43,
Special Order 820]

CHICAGO MUSICAL INSTRUMENT CO.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Chicago Musical Instrument Company, 30 East Adams Street, Chicago 3, Illinois (hereafter called Wholesaler), has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period.

This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of accordians, cases, and straps sold at wholesale by Chicago Musical Instrument Company, 30 East Adams St., Chicago 3, Illinois, having the brand name(s) "Dallape," "Scandalli," and "Cellini" shall be the proposed retail ceiling prices listed by Chicago Musical Instrument Company in its application dated October 16, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C.

A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than March 14, 1952, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the wholesaler after the effective date of this special order.

3. On and after April 14, 1952, Chicago Musical Instrument Company must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price \$.....

On and after May 14, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to May 14, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the wholesaler's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to

the expiration of the 60-day period unless the article is so ticketed, the retailer shall comply with the marketing, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the wholesaler shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the wholesaler had delivered any article covered in Paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The wholesaler shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Price to retailers	Retailer's ceilings for articles of cost listed in column 1
\$..... per.....	Terms.....
{unft. dozen, etc.	{net. percent EOM, etc.
	\$.....

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the wholesaler with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the wholesaler shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the wholesaler had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6-month period following the effective date of this special order and within 45 days of the expiration of each successive 6-month period, the wholesaler shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6-month period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective February 13, 1952.

Director of Price Stabilization.

FEDERAL POWER COMMISSION

[Docket No. G-1614]

UNITED NATURAL GAS CO.

NOTICE OF PETITION TO REOPEN PROCEEDINGS AND APPLICATION

FEBRUARY 12, 1952.

Take notice that United Natural Gas Company (Applicant), a Pennsylvania corporation having its principal place of business in Oil City, Pennsylvania, filed on February 4, 1952, a petition to reopen the proceedings at Docket No. G-1614, and an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of the facilities of Hebron Storage, as described in the original application filed with the Commission in said Docket No. G-1614, and an order granting Applicant 15,000 Mcf of natural gas per day to be delivered by Tennessee Gas Transmission Company (Tennessee), as provided in the order of the Commission issued August 27, 1952, in Docket Nos. G-1573 and G-1614.

In connection with its petition to reopen proceedings, Applicant recites that Tennessee and United jointly sought, in the original application in Docket No. G-1614 filed with the Commission, authorization to construct and operate facilities necessary to develop and utilize underground storage for natural gas in the Oriskany Horizon of the Hebron Field in Potter County, Pennsylvania. It is further recited that by order of the Commission issued June 1, 1951, the Commission issued a certificate of public convenience and necessity to Applicant and Tennessee authorizing the construction and operation of the facilities in Docket No. G-1614 and Docket No. G-1573, which latter docket had been consolidated with Docket No. G-1614 for the purpose of hearing.

It is further recited that the Commission also issued, in said order of June 1, 1951, to Tennessee a certificate of public convenience and necessity, but that by reason of certain conditions attached to said order Tennessee declined to accept the certificate issued. Applicant further recites that after rehearing held upon application of Tennessee and Applicant, of certain aspects of said order of June 1, 1951, the Commission, by order issued August 27, 1951, modified in certain aspects the order of June 1, 1951, but withheld authorization for the construction and operation of certain of the facilities described in Tennessee's application in Docket No. G-1573, and that Tennessee again declined to accept the certificate as modified. It is further recited that by application filed with the Commission on January 17, 1952, Tennessee seeks to reopen the proceedings in Docket No. G-1573 and G-1614 for the

purpose of presenting new and additional evidence in Docket No. G-1573; that on the basis of the evidence already adduced in the proceedings in Docket No. G-1573 and of the additional evidence which Tennessee proposes to offer therein, Tennessee seeks a certificate of public convenience and necessity as described in the application by that company on January 17, 1952; and that on the basis of the evidence already adduced in the proceedings in Docket No. G-1614, and without proposing to offer additional evidence therein, Tennessee seeks a certificate of public convenience and necessity in the terms of the Commission's order issued in said Docket No. G-1614 on June 1, 1951, said certificate having lapsed by reason of Tennessee's failure to accept the same in writing within 30 days after the date of said order.

The application for a certificate of public convenience and necessity recites that the storage facilities for which a certificate is presently applied for by Applicant are the same facilities described in the joint application made by Applicant and Tennessee in Docket No. G-1614 and for which, by orders of the Commission issued on June 1, 1951, and August 27, 1951, the Commission found that the public convenience and necessity require its construction and operation and issues a certificate authorizing the construction and operation of such facilities. The application states that on the basis of the evidence adduced in Docket No. G-1614 in the previous proceedings, Applicant seeks the issuance of a certificate of public convenience and necessity authorizing the construction and operation of the Hebron Storage project, provided a certificate also issues granting to Applicant 15,000 Mcf of natural gas per day to be delivered by Tennessee as provided in the Commission's order issued August 27, 1951.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 3d day of March 1952. The application is on file with the Federal Power Commission for public inspection.

Secretary.

COMMONWEALTH & SOUTHERN CORP.
(DELAWARE) ET AL.

NOTICE OF FILING FOR AUTHORITY FOR REGISTERED HOLDING COMPANY IN PROCESS OF LIQUIDATION TO TRANSFER ALL OF ITS REMAINING ASSETS TO FORMER SUBSIDIARY COMPANY

FEBRUARY 13, 1952.

In the matter of the Commonwealth & Southern Corporation (Delaware), File No. 54-161; The Commonwealth & Southern Corporation (Delaware), respondent, File No. 59-20; The Commonwealth & Southern Corporation (Delaware) and its subsidiary companies, respondents, File No. 59-8; The Commonwealth & Southern Corporation (Delaware), File No. 54-75.

Notice is hereby given that a supplemental application and amendments thereto have been filed in the above-entitled consolidated proceedings by The Commonwealth & Southern Corporation ("Commonwealth"), a registered holding company, in the process of liquidation, and by its former subsidiary, The Southern Company ("Southern"), also a registered holding company, with respect to certain proposed transactions which are summarized as follows:

The Commission by its order dated November 22, 1948 (Holding Company Act Release No. 8633) approved, and the United States District Court for the District of Delaware, by its order dated July 15, 1949, approved and enforced, a plan of reorganization of Commonwealth, filed pursuant to section 11 (e) of the act, providing in substance: (a) For the retirement of all of Commonwealth's outstanding preferred stock; (b) for the distribution to Commonwealth's common stockholders of substantially all of Commonwealth's re-

maining assets consisting principally of its common stock holdings in two of its then subsidiaries, namely, Southern and Ohio Edison Company, and (c) for the dissolution of Commonwealth. Subsequently, the Commission by its order dated July 25, 1949 (Holding Company Act Release No. 9246) authorized and directed Commonwealth to transfer all of its remaining assets, after payment of all its expenses and liabilities, to Southern.

The instant application states that, as of December 31, 1951, the remaining assets of Commonwealth consisted of approximately \$1,485,000 in cash or its equivalent and 234,335 shares of the \$5 par value common stock of Southern. According to the filing, Commonwealth estimates that as of December 31, 1951, the maximum amount required to pay all of Commonwealth's known liabilities, including its expenses incurred or to be incurred incident to the consummation of the plan would not exceed \$750,000 and that the value of Commonwealth's assets, excluding the 234,335 shares of common stock of Southern, exceeded such liabilities by more than \$700,000.

In order to avoid the incurring of additional and unnecessary expenses, including income taxes on the dividends which would be received on the Southern stock, pending the discharge of its remaining obligations, and to assist Southern and its subsidiaries in the financing of their construction programs, Commonwealth now proposes to accelerate the turnover of its remaining assets to Southern and seeks authority to transfer all its assets to Southern, as a capital contribution, prior to discharging its remaining liabilities. Upon such transfer it is proposed that the 234,335 shares of its own common stock to be received by Southern will be cancelled. Southern has agreed that to the extent of the value of assets to be transferred, including the value of the 234,335 shares of the common stock of Southern plus future avails and dividends thereon (all such values to be determined as if such transfer had not been made), it will assume the liabilities of Commonwealth existing at the date of such transfer or thereafter arising and that it will perform on behalf of Commonwealth all the remaining duties and obligations of Commonwealth incident to the consummation and performance of Commonwealth's plan of dissolution.

Following the receipt of Commonwealth's assets, Southern proposes to amend its charter so as to reduce its capital stock by \$1,171,675, the aggregate par value of the 234,335 shares of common stock to be received, and to transfer that amount from its capital stock account to capital surplus. In connection with the proposed charter amendment, Southern intends to solicit proxies from its stockholders. The filing states that the solicitation material to be used will be submitted to this Commission by subsequent amendment, in accordance with the requirements of Rule U-62 promulgated under the act. Southern also proposes to record the other residual assets to be received from Commonwealth at the amount at which such assets are

carried on the books of Commonwealth at the date of the transfer and to set up a reserve in the amount of \$750,000, less any amounts that have been paid by Commonwealth in discharge of its liabilities subsequent to December 31, 1951, and prior to the date of transfer. The excess of the value of such other residual assets to be received over the amount of the reserve will be credited to capital surplus and should there be any ultimate excess or deficiency in the amount of the reserve, such excess or deficiency will be adjusted through capital surplus.

It is requested that the Commission's order herein conform to the requirements of Supplement R and section 1808 (f) of the Internal Revenue Code, as amended, and that such order become effective upon issuance.

Notice is further given that any interested person may, not later than February 28, 1952, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said amended application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C.

NEW ENGLAND GAS AND ELECTRIC ASSN.
AND ALGONQUIN GAS TRANSMISSION CO.

NOTICE OF PROPOSED SALE BY SUBSIDIARY OF
NOT MORE THAN 12,000 ADDITIONAL
SHARES OF COMMON STOCK AND ACQUISITION
OF NOT MORE THAN 4,345 OF SUCH
SHARES BY PARENT COMPANY

FEBRUARY 13, 1952.

Notice is hereby given that New England Gas and Electric Association ("NEGEA"), a registered holding company, and one of its subsidiaries, Algonquin Gas Transmission Company ("Algonquin"), have filed an amendment to a joint application-declaration heretofore filed by them pursuant to sections 6 (b), 7, 9, 10 and 12 of the Public Utility Holding Company Act of 1935 and Rule U-43 promulgated thereunder, which amendment proposes transactions described below:

By order dated April 12, 1951, and other orders issued in this proceeding, the Commission authorized (1) the issuance and sale by Algonquin, from time to time, not later than June 12, 1952, of not more than 77,500 shares of its \$100 par value common stock in addition to the 2,500 shares of such stock then outstanding or subscribed for and (2) the acquisition by NEGEA of such number of shares of Algonquin common stock as would increase NEGEA's holdings thereof to not more than 30,000 shares. Of the 80,000

shares of its common stock referred to above, Algonquin now has outstanding 68,062 shares owned as follows:

Name of owner:	Number of shares owned
NEGEA	24,283
Eastern Gas & Fuel Associates	24,283
Texas Eastern Transmission Corp.	18,496
Providence Gas Co.	1,000
	68,062

By order dated June 21, 1951, the Commission authorized Algonquin to issue and sell, from time to time, not later than September 1, 1952, not more than \$27,600,000 principal amount of First Mortgage Pipeline Bonds, 3¾ percent, pursuant to a program which contemplated maintaining the ratios of bonds and common stock to total capitalization of 75 and 25 percent, respectively (File No. 70-2620). Up to this time, Algonquin has sold \$20,400,000 principal amount of such bonds.

Algonquin now proposes to issue and sell, from time to time, not later than September 1, 1952, not more than 12,000 shares of its \$100 par value common stock in addition to the 80,000 shares of such common stock referred to hereinabove, at a price of \$100 per share, and under an arrangement which would permit Algonquin to receive the consideration from the purchasers in the form of temporary, non-interest bearing advances on open account, to be subsequently converted into common stock.

NEGEA proposes to acquire not more than 4,345 shares of Algonquin's common stock. The filing states that Providence Gas Company has indicated that it does not wish to purchase additional common stock of Algonquin and that 36.2 percent of the additional shares to be sold by Algonquin will be issued to NEGEA, 36.2 percent to Eastern Gas and Fuel Associates and 27.6 percent to Texas Eastern Transmission Corporation.

Algonquin states that the proceeds of the sale will be used to furnish a portion of the equity capital required by Algonquin to finance the construction of pipeline facilities and for working capital, and that the additional common stock will be sold as required to maintain a ratio of bonds and common stock to total capitalization of 75 and 25 percent, respectively.

The filing states that no State or Federal Commission, other than this Commission, has jurisdiction over the proposed transactions, and that the total expenses of Algonquin in connection with the proposed transactions are estimated at \$2,320, including a legal fee of \$750. The filing requests that the Commission's order become effective upon issuance.

Notice is further given that any interested person may, not later than February 25, 1952, at 5:30 p. m., e. s. t., request in writing that a hearing be held on such matters, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Com-

mission, 425 Second Street NW., Washington 25, D. C. At any time after said date said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided by Rule U-23 of the rules and regulations promulgated under said act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.
