(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held.

(4) All milk and milk products handled by handlers as defined in the said order as amended, and as hereby further amended, are in the current of interstate commerce or directly burden, obstruct or affect interstate commerce in milk and its products; and

(5) It is hereby found that the necessary expense of the market administrator for the maintenance and functioning of such agency will require the payment by each handler as his pro-rata share of such expense, 2 cents per hundredweight, or such lesser amount as the Secretary may prescribe, with respect to all milk received from producers during the delivery period.

(b) *Additional findings.* It is necessary, in the public interest, to make this order amending the order, as amended, effective not later than March 1, 1956. Any delay beyond March 1, 1956, in the effective date of this order amending the order, as amended, would tend to disrupt the orderly marketing of milk for the Greater Kansas City marketing area. The provisions of the said amendatory order are known to handlers, the public hearing having been held September 7-8, 1955, the recommended decision having been issued November 16, 1955, and the final decision having been issued January 27, 1956. Therefore, reasonable time has been afforded persons affected to prepare for its effective date.

In view of the foregoing, it is hereby found and determined that good cause exists for making this order amending the order, as amended, effective March 1, 1956, and that it would be contrary to the public interest to delay the effective date of this amendment for 30 days after its publication in the FEDERAL REGISTER (sec. 4 (c); Administrative Procedure Act, 5 U. S. C. 1001 et seq.).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order, as amended, which is marketed within the Greater Kansas City marketing area) of more than 50 percent of the milk which is marketed within the said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of the order amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order amending the order, as amended, is approved or favored by at least two-thirds of the producers who, during the determined representative period (November 1955) were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof the handling of milk in the Greater Kansas City marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Amend § 913.6 to read as follows:

§ 913.6 *Greater Kansas City marketing area.* "Greater Kansas City marketing area", hereinafter called "marketing area", means all of the territory in Jackson County, Missouri; those portions, excluding Platte City, Missouri, of Platte and Clay Counties in Missouri, south of a line extending in an easterly direction from the Missouri River on the west along State Highway 92 to the intersection of State Highway 92 and U. S. Highway 69, thence north to the north section line of Section 26 in Washington Township in Clay County, thence east along the north section lines of Sections 26 and 25 in Washington Township to the boundary line of Clay and Ray Counties; Wyandotte County, Kansas; Shawnee and Mission Townships in Johnson County, Kansas; and Delaware, Leavenworth, and that part of Kickapoo and High Prairie Townships east of the 95th principal meridian in Leavenworth County, Kansas.

2. Amend § 913.10 to read as follows:

§ 913.10 *Pool plant.* "Pool plant" means any approved plant other than that of a producer-handler:

(a) Which during the current or immediately preceding delivery period:

(1) Disposes of as Class I milk on routes in the marketing area, an amount equal to 20 percent or more of such plant's total receipts of milk from dairy farmers qualified to become producers (as defined in § 913.7) and in bulk from other approved plants; and also

(2) During the same delivery period disposes of, as Class I milk in total an amount equal to not less than the applicable percentage of such receipts, as follows:

- (i) March through June, 30 percent;
- (ii) December through February, 35 percent; or
- (iii) July through November, 45 percent;

(3) For the purposes of calculating the percentages specified in subparagraphs (1) and (2) of this paragraph:

(i) Milk in packaged form transferred from one approved plant to another approved plant shall be credited as Class I disposition on routes by the transferor plant and an equal volume shall be excluded from the Class I disposition of the transferee plant; and

(ii) The combined receipts and disposition of the multiple plant operation shall be used in the case of each handler who disposes of any milk on a route in the marketing area and also operates more than one approved plant;

(b) Which during any delivery period of August through January transfers in bulk to a plant described in paragraph (a) of this section an amount of milk equal to 50 percent or more of such plant's receipts of milk from dairy farmers qualified to become producers (as defined in § 913.7). Any such plant which is a pool plant in each of the delivery periods of August through January shall be a pool plant for each of the following delivery periods of February through July regardless of the quantity of milk then disposed of to other pool plants, if a written request for pool plant status for such six-month period

is received from the operator of such plant by the market administrator before February 1; or

(c) Which is operated by a cooperative association and 75 percent or more of the milk delivered during the delivery period by producers who are members of such association is received at the pool plants of other handlers.

3. Amend § 913.44 (c) and (d) to read as follows:

(c) As Class I milk if transferred or diverted in the form of milk, skim milk or cream to a nonpool plant located more than 250 miles from the City Hall in Kansas City, Missouri, by the shortest highway distance as determined by the market administrator, except that (1) cream so transferred may be classified as Class II milk if its utilization as Class II milk is established through the operation of another Federal order for another milk marketing area; or (2) cream so transferred with prior notice to the market administrator, and with each container labeled or tagged with a certificate of the transferor that such cream is sold as "Grade C cream for manufacturing only", may be classified as Class II milk, subject to such verification of alternate utilization as the market administrator may make.

(d) As Class I milk, if transferred or diverted in the form of milk, skim milk or cream to a nonpool plant located not more than 250 miles from the City Hall in Kansas City, Missouri, by shortest highway distance as determined by the market administrator, unless the market administrator is permitted to audit the records of receipts and utilization at such nonpool plant, in which case the classification of all skim milk and butterfat received at such nonpool plant shall be determined and the skim milk and butterfat transferred from the pool plant shall be allocated to the highest use remaining after subtracting, in series beginning with Class I milk, receipts of skim milk and butterfat at such nonpool plant directly from dairy farmers who the market administrator determines constitute the regular source of supply for fluid usage of such nonpool plant in markets supplied by such plant.

4. Amend § 913.61 to read as follows:

§ 913.61 *Handler operating an approved plant which is not a pool plant.* Each handler who operates an approved plant which is not a pool plant but from which Class I milk is disposed of on routes in the marketing area shall, in lieu of the payments required by § 913.80 through § 913.89, pay to the market administrator on or before the 25th day after the end of the delivery period as follows:

(a) For the producer-settlement fund, the lesser of the amounts resulting from the following computations:

(1) From the value of all skim milk and butterfat disposed of as Class I milk on routes in the marketing area at the Class I price applicable at the location of such handler's plant, deduct the value of such skim milk and butterfat at the Class II price; or

(2) Any plus amount remaining after deducting from the value that would

have been computed pursuant to § 913.70 if such handler had operated a pool plant the gross payments made by such handler for milk received during the delivery period from dairy farmers whose milk was approved for fluid use; and

(b) As his pro rata share of the expense of administration of this part, an amount equal to that which would have been computed pursuant to § 913.89 had such handler operated a pool plant.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Issued at Washington, D. C., this 23d day of February 1956, to be effective on and after March 1, 1956.

PART 970—IRISH POTATOES GROWN IN MAINE

LIMITATION OF SHIPMENTS

Findings. (a) Pursuant to Marketing Agreement No. 122 and Order No. 70 (7 CFR Part 970) regulating the handling of Irish potatoes grown in the State of Maine, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Maine Potato Marketing Committee, established pursuant to said marketing agreement and order, and upon other available information, it is hereby found that the amendment to the limitation of shipments, as hereinafter provided, will tend to effectuate the declared policy of the act.

(b) It is hereby found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that (1) the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, (2) more orderly marketing in the public interest, than would otherwise prevail, will be promoted by regulating the shipment of potatoes, in the manner set forth below, on and after the effective date of this amendment, (3) compliance with this amendment will not require any special preparation on the part of handlers which cannot be completed by the effective date, (4) reasonable time is permitted, under the circumstances, for such preparation, (5) this amendment relieves restrictions on the handling of potatoes grown in the aforesaid production area, and (6) the benefits to be derived from this amendment should be made available to producers and handlers as soon as practicable.

Order, as amended. The provisions of § 970.302 (b) (3), (5), and (6) (20 F. R.

6815, 8091) are hereby amended to read as follows:

(3) No handler shall ship potatoes for export unless such potatoes meet the requirements of the U. S. No. 1 grade.

(5) The limitations set forth in subparagraph (1) of this paragraph shall not be applicable to shipments of certified seed potatoes or to shipments of potatoes for the following purposes: (i) For grading or storing in the production area; (ii) for distribution by the Federal government; (iii) for charitable purposes; (iv) for manufacture or conversion into starch, flour, or alcohol; (v) for canning or freezing; (vi) for livestock feed; (vii) for planting within the production area; and (viii) for dehydration.

(6) Each handler making shipments of potatoes for export, charitable purposes, dehydration, potato chipping, canning or freezing, or livestock feed shall: (i) File an application pursuant to § 970.56 with the administrative committee for a Certificate of Privilege for such shipments; (ii) pay assessments pursuant to § 970.45 with respect to the shipments of certified seed potatoes; and (iii) pay assessments pursuant to § 970.45 and have inspection pursuant to § 970.65 with respect to each shipment for export, potato chipping, distribution by the Federal Government, and for charitable purposes. Further, each handler who ships potatoes for export, potato chipping, distribution by the Federal Government, charitable purposes, dehydration, canning, freezing, or livestock feed, shall furnish a record of such shipments to the administrative committee, and, in the case of shipments for potato chipping, the handler shall also furnish a copy of the bill of lading for the respective shipment. In addition, each application for a Certificate of Privilege to ship potatoes for export, potato chipping, charitable purposes, dehydration, or canning or freezing shall be accompanied by the applicant handler's certification and the buyer's or receiver's certification that the potatoes to be shipped for the purpose stated in the application are to be used for such purpose. Handlers making shipments of potatoes for export to Canada may furnish the administrative committee with a copy of the Freight Delivery Receipt issued by Canadian customs officials upon entry of such shipment into Canada in lieu of the buyer's or receiver's certification required in this subparagraph. The limitations set forth in this subparagraph shall not apply to shipments of potatoes of less than 15,000 pounds for canning or freezing, for dehydration, or for livestock feed when shipped in barrels or in bulk within the production area.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Done at Washington, D. C., this 24th day of February 1956, to become effective February 27, 1956.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 251—INTERPRETATIVE RELEASES RELATING TO THE PUBLIC UTILITY HOLDING COMPANY ACT OF 1935 AND GENERAL RULES AND REGULATIONS THEREUNDER

STATEMENT OF POLICY REGARDING FIRST MORTGAGE BONDS SUBJECT TO THE PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

The Securities and Exchange Commission has adopted a Statement of Policy setting forth the requirements which it considers should be met by indentures securing first mortgage bonds of public utility companies subject to the Public Utility Holding Company Act of 1935. The Statement of Policy has been adopted pursuant to sections 6 (b), 7 and 20 (a) of said act.

The Statement of Policy shall be applicable to applications or declarations filed after March 31, 1956. The text of the Statement of Policy is set forth below.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

FEBRUARY 16, 1956.

§ 251.13105 *Statement of policy regarding first mortgage bonds subject to the public utility holding company act of 1935.* The Securities and Exchange Commission in acting upon applications under section 6 (b) and declarations under section 7 of the Public Utility Holding Company Act of 1935 filed in respect of issues of first mortgage bonds of public-utility companies has required issuers to include in indentures various protective provisions.

There has not heretofore been published by the Commission any rule or definitive statement of policy setting forth the standards against which it judges the adequacy of proposed indenture provisions. The Commission believes that such a statement would be in the public interest, and accordingly has formulated the standards set forth herein. The Commission will compare indentures submitted by issuers with these standards in considering (1) whether to impose terms and conditions in granting applications filed under section 6 (b) or (2) whether to make adverse findings in respect of declarations pursuant to section 7 (d). Where the Commission finds that a particular standard should be complied with, but it is impracticable to include such standard in the indenture, the Commission will impose the standard as a condition in the Commission's order.

The Commission realizes that deviations from these standards should be permitted in appropriate cases. It also realizes that in most cases securities subject to sections 6 and 7 of the act will be issued under existing indentures and that to require issuers to conform existing indentures to such standards would in some cases produce harsh results and in other cases add needless complexity to the issuer's problem of complying in

respect of several series of bonds with varying provisions relating to the same subject matter. The Commission is mindful of the fact that most securities presently outstanding under such existing indentures were issued after the examination of the indenture by the staff of the Commission and in many cases after the making of changes therein on recommendation of the staff or the Commission. Moreover, substantial amounts of such securities were purchased by and are held by experienced investors and such securities enjoy favorable ratings in the public markets.

The Commission therefore has determined that in most cases it would not be inconsistent with protection of the public interest and the interest of investors and consumers to permit the issue of additional securities under an existing indenture if (1) the Commission has heretofore permitted a declaration for the issuance of securities under such indenture to become effective under section 7 or has heretofore granted an exemption with respect thereto under section 6 (b) and (2) the additional securities will be subject to substantially the same protective provisions as the most recently issued outstanding securities of the issuer. However, the Commission may suggest changes in an existing indenture to comply with one or more of the proposed standards if by reason of changed or unusual circumstances the probable results of applying the provisions of the existing indenture would in the Commission's opinion require the making of adverse findings under section 7 (d) or the imposition as a condition to granting an exemption under section 6 (b) of a requirement that such changes be made. Moreover, since each supplemental indenture in respect of an additional series of bonds usually involves the restriction of additional surplus, all indenture provisions dealing with that subject will be examined for substantial conformity with the standards hereinafter prescribed. As indicated in the standards, the Commission may permit the amount of earned surplus remaining unrestricted to be larger than one year's dividend requirements on preferred and common stocks if the issuer demonstrates to the Commission that the payment of such larger amount to the common stockholders would not materially and adversely affect existing capitalization ratios or otherwise be inconsistent with the protection of the holders of the securities in the light of the ratio of mortgage debt to net fixed property.

The Commission is interested in ascertaining whether the amount to be expended annually for property additions in compliance with the provisions of existing indentures is a reasonable annual requirement in relation to the book cost and estimated useful life of depreciable mortgaged property. In connection with declarations or applications in respect of additional bonds, the Commission will not, prior to July 1, 1956, require changes in existing clauses relating to renewal and replacement of mortgaged property. Thereafter the Commission will require a showing, on

the basis of studies by the issuer, that the existing provisions for renewal and replacement are substantially equivalent to or greater than such amount as would reasonably be required under the standards hereinafter set forth for new indentures.

Neither the renewal and replacement fund requirements nor the sinking and improvement fund requirements, as set forth in this Statement of Policy, will be required to be applied retroactively.

FIRST MORTGAGE BOND INDENTURE PROVISIONS

The Indenture as supplemented (the Indenture) of the issuer (the Obligor) of the bonds to be authenticated and delivered under the Indenture shall provide that the bonds can be called by the Obligor for redemption at any time upon reasonable notice and with reasonable redemption premiums, if any.

The Indenture shall contain provisions which shall not be less favorable to the holders of the bonds than the following:

ISSUANCE OF ADDITIONAL BONDS

(a) Additional bonds may be authenticated and delivered under the Indenture in a principal amount not in excess of:

(1) A like amount of cash deposited with the Indenture Trustee;

(2) A like principal amount of retired bonds; or

(3) Sixty per centum (60%) of the bondable value of net property additions;

Provided, That net earnings available for the payment of interest during any twelve (12) consecutive calendar months during the period of fifteen (15) calendar months immediately preceding the first day of the month in which application is made to the Indenture Trustee for the authentication and delivery of such additional bonds shall be at least equal to twice the annual interest requirements on all bonds authenticated and delivered under the Indenture and prior lien obligations which will be outstanding immediately after the authentication and delivery of such additional bonds. Notwithstanding any of the foregoing, no earnings test need be met if such additional bonds are to be authenticated and delivered solely for the purpose of refunding an outstanding series of bonds issued under the Indenture or prior lien obligations, bearing a higher interest rate than such additional bonds, or for refunding an outstanding series of bonds issued under the Indenture or prior lien obligations within two years of maturity.

SINKING AND IMPROVEMENT FUND

(b) The Indenture shall have the effect of requiring the Obligor to deposit annually with the Indenture Trustee an amount of cash equal to not less than one per centum (1%) of the aggregate principal amount of bonds of all series authenticated and delivered under the Indenture. Such requirement may, at the option of the Obligor, be stated separately for each series of bonds or be stated on an omnibus basis for all series.

(c) In determining the aggregate principal amount of bonds of all series

authenticated and delivered under the Indenture, there may be excluded:

(1) A series of bonds which has been retired, if the sinking and improvement fund with respect thereto was operative only so long as such series was outstanding;

(2) In all other cases, bonds authenticated and delivered under the Indenture on the basis of retired bonds;

(3) Bonds authenticated and delivered under the Indenture which have been redeemed or purchased by the application of moneys deposited with the Indenture Trustee in connection with releases of property or on account of the damage or destruction of property; and

(4) Bonds authenticated and delivered under the Indenture which have been pledged to secure indebtedness of the Obligor but which have not otherwise been issued to the public.

(d) In lieu of cash, the Obligor at its option may apply against the sinking fund requirement an amount equal to:

(1) The principal amount of retired bonds; or

(2) Sixty per centum (60%) of the bondable value of net property additions.

(e) The Obligor shall be required to meet its initial obligation under the sinking and improvement fund relating to the series of bonds to be authenticated and delivered under the Indenture not later than twenty-three (23) months from the date of said series of bonds.

RENEWAL AND REPLACEMENT FUND

(f) The Obligor shall expend annually for property additions an amount which the Obligor has demonstrated to the Commission is a reasonable annual requirement for the replacement of the book cost of depreciable mortgaged property of the Obligor which amount shall be expressed in terms of a percentage of said book cost. Such annual expenditure requirement may be satisfied, in whole or in part, by expenditures for property additions made in a previous period.

(g) If the Obligor shall have failed to satisfy such annual expenditure requirement, the Obligor shall deposit cash with the Indenture Trustee to the extent of such deficiency; provided, however, that the amount of cash required to be deposited may be reduced by an amount equal to the principal amount of retired bonds.

LIMITATION ON DIVIDENDS

(h) The Obligor shall not:

(1) Declare any dividends or make any distributions in respect of outstanding shares of its common stock (other than dividends in shares of its common stock); or

(2) Purchase or otherwise acquire for value, either directly or indirectly through a subsidiary, any outstanding shares of its common stock otherwise than in exchange for or out of the proceeds from the sale of other shares of its common stock

if the total amount of such dividends, distributions, purchases and acquisitions (all of which are hereinafter in this paragraph embraced in the word "dividends"), together with all other such dividends subsequent to the date of the

series of bonds to be authenticated and delivered under the Indenture, exceeds, without giving effect to any of such dividends, or to any net transfers from earned surplus to stated capital accounts, the sum of (i) the earned surplus accumulated since said date, (ii) an amount equal to approximately the current annual dividend payments on the outstanding shares of preferred stock and common stock of the Obligor (including any shares then proposed to be issued), and (iii) such additional amounts the payment of which the Obligor has demonstrated to the Commission would not materially and adversely affect existing capitalization ratios or otherwise be inconsistent with the protection of the holders of the securities of the Obligor in the light of the ratio of mortgage debt to net fixed property.

PROPERTY ADDITIONS SUBJECT TO A PRIOR LIEN AND PRIOR LIEN OBLIGATIONS

(i) Property additions which are subject to a lien prior to the lien of the Indenture may be used by the Obligor for any purpose under the Indenture: *Provided*, That there is deducted from the amount of such property additions an amount at least equal to 166 $\frac{2}{3}$ percent of the principal amount of outstanding prior lien obligations secured by such prior lien and such other deductions as may be required under the Indenture: *And provided, further*, That if such property additions are used as the basis for the authentication and delivery of bonds under the Indenture or the withdrawal from the Indenture Trustee of cash made the basis for the authentication and delivery of bonds under the Indenture, there shall be deposited with the Indenture Trustee (unless the issuance and deposit thereof are invalid) a principal amount of prior lien obligations not theretofore issued under the prior lien instrument at least equal to the principal amount of such bonds or cash.

(j) From and after the date of acquisition by the Obligor of property additions subject to a prior lien, prior lien obligations may not be issued under the instrument establishing such prior lien except for the purpose of delivery to the Indenture Trustee.

(k) After deduction shall have been made as set forth in paragraph (i) of this section on account of any outstanding prior lien obligations, the Obligor may use such prior lien obligations, upon the deposit thereof with the Indenture Trustee or their payment, redemption or retirement, for the same purposes under the Indenture and to the same extent that retired bonds may be used.

DEFINITIONS AND MISCELLANEOUS

(l) The amount of property additions shall be the cost to the Obligor or the fair value to the Obligor, whichever is less, of gross property additions. The fair value may be determined either as of the date of acquisition or the date of certification to the Indenture Trustee, whichever is appropriate in the light of other provisions of the Indenture.

(m) The bondable value of net property additions shall be determined after excluding or deducting from the amount

of property additions an amount of property additions equal to the greater of retirements (less credits for cash or other substitutions) or the amount required to be expended for property additions pursuant to the renewal and replacement fund.

(n) To the extent property additions, cash, bonds, retired bonds, prior lien obligations and other property have, under a particular provision of the Indenture, been made the basis of a credit or for action by the Indenture Trustee, they may not be made the basis of a credit or for action by the Indenture Trustee under another provision of the Indenture. The provisions of this paragraph are designed to prohibit duplication of credits but they are not intended to preclude, for example, the certification of property additions (to the extent not theretofore used as the basis of a credit or for action by the Indenture Trustee) for the release of property additions which were likewise not so used and the subsequent inclusion of the property additions so certified in the computation of the bondable value of net property additions.

(o) Bonds authenticated and delivered under the Indenture and prior lien obligations which in either case have been purchased or retired with moneys or other property constituting a part of the trust estate under the Indenture shall not be used by the Obligor for any purpose under the Indenture except as otherwise herein provided.

(p) Retired bonds shall mean bonds authenticated and delivered under the Indenture which have been paid at maturity or upon redemption or have been purchased or otherwise acquired, and have been surrendered to the Indenture Trustee and cancelled or for which funds are held by the Indenture Trustee for any of such purposes; provided, however, that retired bonds shall not include bonds theretofore authenticated and delivered under the Indenture which have been retired with moneys or other property constituting part of the trust estate under the Indenture.

(q) The net earnings of the Obligor available for the payment of interest shall be the amount of income remaining after deducting from the gross operating revenues of the Obligor all operating expenses of the Obligor including depreciation and taxes (other than taxes based on income) and after adding or deducting, as the case may be, net non-operating income or loss. The amount of net non-operating income or loss to be taken into account shall not exceed ten per centum (10%) of the balance of income remaining before consideration of such net non-operating income or loss.

(r) Any amounts representing amortization of electric or gas plant acquisition adjustments charged to income or charged to earned surplus in lieu of income shall be deducted in the computation of earnings available for the payment of interest only to the extent that the current provision for depreciation with respect to depreciable property shall be insufficient to permit the write-off of depreciable property (together

with amounts classified as plant acquisition adjustments) at the expiration of the estimated useful life thereof.

(s) If the renewal and replacement fund requirement shall exceed the amount required to be deducted on account of depreciation plus the amount, if any, required to be deducted in accordance with paragraph (r) of this section, such excess shall also be deducted in the computation of earnings available for the payment of interest.

(t) Earned surplus which has been restricted in respect of the payment of dividends on, or the making of distributions with respect to, or the acquisition of, outstanding shares of the common stock of the Obligor may be debited or credited in respect of items inherent in the enterprise at the date as of which such earned surplus was restricted and debited in respect of transfers to capital.

(u) For purposes of determining earned surplus accumulated after the date as of which earned surplus shall have been restricted, there shall be included as charges applicable to the period subsequent to such restriction date the dividends on the outstanding shares of the preferred stock of the Obligor accruing subsequent to said date and the amount, if any, by which the aggregate of the expenditures required to be made by the Obligor subsequent to said date for property additions pursuant to the renewal and replacement fund shall exceed the aggregate for said period of:

(1) The provisions made on its books of account in respect of depreciation; and

(2) Amounts representing write-off, amortization, or provision for reserves in respect of plant acquisition adjustments, whether accounted for through the income account or through the earned surplus account, to the extent that such amounts pertain to items not inherent in the enterprise prior to the date as of which earned surplus has been restricted.

(v) In appropriate cases, the provisions of the Indenture may be drawn so as to permit the use of consolidated data in complying with the requirements of the Indenture.

TRUST INDENTURE ACT PROVISIONS

(w) None of the provisions of the Indenture shall be in contravention of provisions required to be included, pursuant to sections 310 to 317 of the Trust Indenture Act of 1939, in indentures qualified under said act.

PART 251—INTERPRETATIVE RELEASES RELATING TO THE PUBLIC UTILITY HOLDING COMPANY ACT OF 1935 AND GENERAL RULES AND REGULATIONS THEREUNDER

STATEMENT OF POLICY REGARDING PREFERRED STOCK SUBJECT TO THE PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

The Securities and Exchange Commission has adopted a Statement of Policy

setting forth the requirements pertaining to preferred stock of public utility companies subject to the Public Utility Holding Company Act of 1935. The Statement of Policy has been adopted pursuant to sections 6 (b), 7 and 20 (a) of said act.

The Statement of Policy shall be applicable to applications or declarations filed after March 31, 1956. The text of the Statement of Policy is set forth below.

By the Commission.

[SEAL]

ORVAL L. DuBOIS,
Secretary.

FEBRUARY 16, 1956.

§ 251.13106 *Statement of policy regarding preferred stock subject to the Public Utility Holding Company Act of 1935.* The Securities and Exchange Commission in acting upon applications under section 6 (b) and declarations under section 7 of the Public Utility Holding Company Act of 1935 filed in respect of issues of preferred stock by public utility companies has required issuers to include various protective provisions in charters, by-laws or related instruments (herein after referred to as "charters").

There has not heretofore been published by the Commission any rule or definitive statement of policy setting forth the standards against which the Commission judges the adequacy of such provisions. The Commission believes that such a statement would be in the public interest and accordingly has formulated the standards set forth herein. The Commission will compare charters submitted by issuers with these standards in considering (1) whether to impose terms and conditions in granting applications filed under section 6 (b) or (2) whether to make adverse findings in respect of declarations pursuant to section 7 (d). The Commission recognizes that deviations from these standards should be permitted in appropriate cases.

In many cases a new series of preferred stock will be issued under existing charter provisions which prescribe the rights, preferences and privileges of the class of stock of which the new series is a part. In such a case, if the existing charter provisions do not conform substantially to the standards set forth herein, and if the issuer should decide that it would be unduly inconvenient or impracticable to convene a meeting of its stockholders prior to the issuance of the new series for the purpose of amending its charter to effect compliance with the standards, the Commission would expect to apply the standards by the imposition of a condition to that effect in its order permitting the issuer's declaration to become effective or granting its application for exemption. The condition would be drafted to operate only so long as the issuer's charter was not amended to comply with the standards. The Commission, however, would expect the issuer to present such an amendment to its stockholders for approval on the next date on which a meeting of stockholders was being held for any other purpose.

PREFERRED STOCK CHARTER PROVISIONS

The charter of the issuer (the Corporation) of the preferred stock (meaning the class under consideration) shall provide that the dividends on such stock shall be cumulative, and that such stock can be called by the Corporation for redemption at any time upon reasonable notice and with reasonable redemption premiums, if any.

The terms and provisions of the preferred stock shall not be less favorable to the holders thereof than the following:

RIGHTS OF HOLDERS OF THE PREFERRED STOCK TO ELECT DIRECTORS

(a) If and when dividends on any series of the preferred stock shall be in arrears in an amount equal to four full quarter-yearly payments or more per share, the holders of all series of the preferred stock voting together as a class shall be entitled to elect the smallest number of directors necessary to constitute a majority of the full board of directors until such time as all dividend arrears on the preferred stock shall have been paid or declared and set apart for payment.

(b) Whenever the right to elect directors shall have accrued to the holders of the preferred stock, the proper officers of the Corporation shall call a meeting for the election of directors, such meeting to be held not less than 45 days and not more than 90 days after the accrual of such right.

ISSUANCE OF SECURITIES REPRESENTING UNSECURED DEBT

(c) Without the consent of the holders of at least a majority of the total number of shares of the preferred stock outstanding, the Corporation may not issue or assume any unsecured notes, debentures or other securities representing unsecured debt (other than for the purpose of refunding or renewing outstanding unsecured securities issued or assumed by the Corporation resulting in equal or longer maturities or redeeming or otherwise retiring all outstanding shares of the preferred stock) if immediately after such issue or assumption (1) the total outstanding principal amount of all unsecured notes, debentures or other securities representing unsecured debt of the Corporation will thereby exceed 20 percent of the aggregate of all existing secured debt of the Corporation and the capital stock, premiums thereon, and surplus of the Corporation, as stated on its books, or (2) the total outstanding principal amount of all unsecured notes, debentures or other securities representing unsecured debt of the Corporation of maturities of less than 10 years will thereby exceed 10 percent of such aggregate.

(d) For the purposes of paragraph (c) of this section, the payment due upon the maturity of unsecured debt having an original single maturity in excess of 10 years or the payment due upon the final maturity of any unsecured serial debt which had original maturities in excess of 10 years shall not be regarded as unsecured debt of a maturity of less than 10 years until such payment shall be required to be made within 3 years.

LIMITATION ON JUNIOR STOCK DIVIDENDS

(e) The Corporation shall not declare any dividends or make any distributions in respect of outstanding shares of any stock (herein called junior stock) of the Corporation ranking junior to the preferred stock as to dividends or assets, other than dividends in shares of junior stock, or purchase or otherwise acquire for value any outstanding shares of junior stock (each such dividend, distribution, purchase or acquisition being herein called a junior stock dividend) in contravention of the following:

(1) If and so long as the junior stock equity at the end of the calendar month immediately preceding the date on which a dividend on the junior stock is declared is, or as a result of such dividend would become, less than 20 percent of total capitalization, the Corporation shall not declare such dividends in an amount which, together with all other dividends on the junior stock paid within the year ending with and including the date on which such dividend is payable, exceeds 50 percent of the net income of the Corporation available for dividends on the junior stock for the twelve full calendar months immediately preceding the calendar month in which such dividends are declared, except in an amount not exceeding the aggregate of dividends on the junior stock which under the restrictions set forth in this subparagraph could have been, and have not been, declared; and

(2) If and so long as the junior stock equity at the end of the calendar month immediately preceding the date on which a dividend on junior stock is declared is, or as a result of such dividend would become, less than 25 percent but not less than 20 percent of total capitalization, the Corporation shall not declare dividends on the junior stock in an amount which, together with all other dividends on the junior stock paid within the year ending with and including the date on which such dividend is payable, exceeds 75 percent of the net income of the Corporation available for dividends on the junior stock for the twelve full calendar months immediately preceding the calendar month in which such dividends are declared, except in an amount not exceeding the aggregate of dividends on the junior stock which under the restrictions set forth in subparagraph (1) of this paragraph and in this subparagraph could have been, and have not been, declared.

(f) As used in this section, "junior stock equity" shall mean the aggregate of the par value of, or stated capital represented by, the outstanding shares of junior stock, all earned surplus, capital or paid-in surplus, and any premiums on the junior stock then carried on the books of the Corporation, less:

(1) The excess, if any, of the aggregate amount payable on involuntary liquidation of the Corporation upon all outstanding shares of preferred stock of the Corporation of all classes over the sum of (i) the aggregate par or stated value of such shares and (ii) any premiums thereon;

(2) Any amounts on the books of the Corporation known, or estimated if not

known, to represent the excess, if any, of recorded value over original cost of used or useful utility plant; and

(3) Any intangible items set forth on the asset side of the balance sheet of the Corporation as the result of accounting convention, such as unamortized debt discount and expense: *Provided, however*, That no deductions shall be required to be made in respect of items referred to in subparagraphs (2) and (3) of this paragraph in cases in which such items are being amortized or are provided for, or are being provided for, by reserves.

(g) As used in this section "total capitalization" shall mean the aggregate of:

(1) The principal amount of all outstanding indebtedness of the Corporation maturing more than 12 months after the date of issue thereof; and

(2) The par value or stated capital represented by, and any premiums carried on the books of the Corporation in respect of, the outstanding shares of all classes of the capital stock of the Corporation, earned surplus, and capital or paid-in surplus, less any amounts required to be deducted pursuant to subparagraphs (2) and (3) of paragraph (f) of this section in the determination of junior stock equity.

MERGER OR CONSOLIDATION

(h) Without the consent of the holders of at least a majority of the total number of shares of the preferred stock outstanding, the Corporation shall not merge or consolidate with or into any other corporation or sell or otherwise dispose of all or substantially all of its assets unless such merger, consolidation, sale or other disposition or the issuance or assumption of securities in the effectuation thereof shall have been ordered or approved under the Public Utility Holding Company Act of 1935.

ALTERATION OF PREFERRED STOCK PROVISIONS

(i) Without the consent of holders of at least two-thirds of the total number of shares of the preferred stock at the time outstanding, the Corporation shall not amend, alter, or repeal any of the rights, preferences or powers of the holders of the preferred stock so as to affect adversely any such rights, preferences or powers: *Provided, however*, That if such amendment, alteration or repeal affects adversely the rights, preferences or powers of one or more, but not all, series of preferred stock at the time outstanding, only the consent of the holders of at least two-thirds of the total number of outstanding shares of all series so affected shall be required: *And provided, further*, That an amendment to increase or decrease the authorized amount of preferred stock or to create or authorize, or increase or decrease the amount of, any class of stock ranking on a parity with the outstanding shares of the preferred stock as to dividends or assets shall not be deemed to affect adversely the rights, preferences or powers of the holders of the preferred stock or any series thereof.

ISSUANCE OF ADDITIONAL PREFERRED STOCK

(j) (1) Without the consent of the holders of at least two-thirds of the total

number of shares of the preferred stock outstanding, the Corporation shall not create or authorize any shares of any class of stock ranking prior to the preferred stock as to dividends or assets or issue any shares of any such prior ranking stock more than 12 months after the date as of which the Corporation was empowered to create or authorize such prior ranking stock.

(2) Without the consent of the holders of at least a majority of the total number of shares of the preferred stock outstanding, the Corporation shall not issue any additional shares, or reissue any reacquired shares, of preferred stock or of any other class of stock ranking on a parity with the outstanding shares of the preferred stock as to dividends or assets for any purpose other than to refinance an equal par amount or stated value of preferred stock or of stock ranking prior to or on a parity with the preferred stock as to dividends or assets at the time outstanding, unless

(i) The gross income of the Corporation (after all taxes including taxes based on income) for 12 consecutive calendar months within a period of 15 calendar months immediately preceding the calendar month of such issuance is equal to at least $1\frac{1}{2}$ times the aggregate of the annual interest charges on indebtedness of the Corporation (excluding interest charges on indebtedness to be retired by the application of the proceeds from the issuance of such shares) and the annual dividend requirements on all preferred stock (including dividend requirements on any class of stock ranking prior to or on a parity with the shares to be issued, as to dividends or assets),

which will be outstanding immediately after the issuance of such shares; and

(ii) The aggregate of the junior stock equity is at least equal to the aggregate amount payable in connection with an involuntary liquidation of the Corporation with respect to all shares of the preferred stock and all shares of stock, if any, ranking prior thereto or on a parity therewith as to dividends or assets, which will be outstanding immediately after the issuance of such shares of preferred stock or stock ranking on a parity therewith.

(k) If for the purposes of meeting the requirements of subdivision (ii) of subparagraph (2) of paragraph (j) of this section, it shall have been necessary to take into consideration any earned surplus of the Corporation, the Corporation shall not thereafter pay any dividends on or make any distributions in respect of, or purchase or otherwise acquire for value, junior stock which would result in reducing the junior stock equity to an amount less than the amount payable on involuntary liquidation of the Corporation with respect to all shares of the preferred stock and all shares ranking prior to or on a parity with the preferred stock as to dividends or assets, at the time outstanding.

(l) If, during the period as of which gross income is to be determined for the purpose set forth in paragraph (j) of this section, the amount, if any, required to be expended by the Corporation for property additions pursuant to a renewal and replacement fund or similar fund established under its mortgage indenture shall exceed the amount deducted in the determination of such gross

income on account of depreciation and amortization of electric or gas plant acquisition adjustments, such excess shall also be deducted in determining such gross income.

ACQUISITION OR REDEMPTION OF PREFERRED STOCK

(m) Should the Corporation be in arrears with respect to dividends on the preferred stock it shall not acquire any shares of the preferred stock (except by redemption of all shares of the preferred stock) unless approval is obtained under the Public Utility Holding Company Act of 1935.

VOLUNTARY LIQUIDATION PREFERENCE

(n) The amount payable upon voluntary liquidation of the Corporation to the holder of each share of the preferred stock shall be equal to the then current redemption price of such share.

MISCELLANEOUS

(o) In appropriate cases, the provisions of the charter may be so drawn as to permit the use of consolidated data in complying with the requirements of the charter.

(p) No share of preferred stock shall be "outstanding" within the meaning of paragraphs (c), (h), (i), and (j) of this section if, at or prior to the time when the consent therein referred to would otherwise be required, provision shall be made for its redemption.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 940]

[Docket No. AO 103-A3]

PEACHES GROWN IN MESA COUNTY, COLO.

NOTICE OF HEARING WITH RESPECT TO PROPOSED AMENDMENTS TO THE AMENDED MARKETING AGREEMENT AND ORDER

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and in accordance with the applicable rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders, as amended (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Veterans' Building, Palisade, Colorado, beginning at 10:00 a. m., m. s. t., March 15, 1956, with respect to proposed amendments to the marketing agreement, as amended, and Order No. 40, as amended (7 CFR Part 940), hereinafter referred to as the "marketing agreement" and "order," respectively, regulating the handling of peaches grown in the County of Mesa in Colorado.

The proposed amendments have not received the approval of the Secretary of Agriculture.

The public hearing is for the purpose of receiving evidence with respect to the economic and marketing conditions relating to the proposed amendments, which are hereinafter set forth, and to any appropriate modifications thereof.

The following amendments to the marketing agreement and order have been proposed by the Administrative Committee established pursuant to the marketing agreement and order:

1. Immediately preceding the closing of the parenthesis at the end of § 940.2 Act, insert the following: "; 68 Stat. 906, 1047".

2. Redesignate §§ 940.8, 940.9, and 940.10 as §§ 940.11, 940.12, and 940.13, respectively, and insert the following new sections:

§ 940.8 *Varieties*. "Varieties" means and includes all classifications and subdivisions, including customary and trade names thereof, of peaches according to those definitive characteristics now or hereafter recognized by the United States Department of Agriculture or the Colorado State Department of Agriculture.

§ 940.9 *Independent grower*. "Independent grower" means any producer who is neither a cooperative association nor a member of such association.

§ 940.10 *Independent handler*. "Independent handler" means a person, not a cooperative association nor a member of such association (a) who handles peaches acquired by purchase, (b) who handles peaches for the account of others, (c) who is licensed for such activity by the State or Federal Government, and (d) who maintains in Mesa County permanent facilities for handling peaches.

3. Delete § 940.20 through § 940.24 and substitute therefor the following:

§ 940.20 *Establishment and membership*. An Administrative Committee is hereby established consisting of 10 members, of whom 5 shall represent all producers, 1 shall represent independent growers, 3 shall represent cooperative handlers, and 1 shall represent independent handlers. There shall be an alternate for each member of the Committee.

§ 940.21 *Nomination and selection of producer members*. (a) Nomination of

producer members and their respective alternates shall be made at meetings of producers in each of the districts, at such times (on or before February 1 of each year) and places as the Administrative Committee shall designate. At each such meeting, the producers eligible to participate therein shall select a chairman and a secretary therefor. In the election of nominees, each producer shall be entitled to vote in accordance with the provisions of paragraph (b) of this section. The chairman of each meeting shall announce at such meeting the name of each person for whom votes have been cast, and the number of votes cast for each such person; and the chairman or the secretary of the meeting shall forthwith transmit such information to the Secretary.

(b) Only producers shall participate in the nomination of producer members and their alternates, and a producer may participate only in the meetings held in the district in which he produces peaches. No producer shall participate in the nomination of producer members and their alternates in more than one district in any fiscal year. Each producer shall be entitled to cast but one vote on behalf of himself, his agents, partners, and representatives. Proxy voting shall be prohibited.

(c) The producers in each district shall nominate at least twice as many persons as there are vacancies to be filled. Such nominees shall be ranked in the order of votes cast for each, and such ranking shall determine their standing in the order of importance of the vacancies to be filled. Member vacancies shall be considered of first importance. The Secretary shall select the required number of members and alternates from the nominees thus elected and ranked; *Provided*, That the producer members and alternates serving on the effective date of this amended subpart shall continue to serve during the term for which they were selected and until their successors have been selected and have qualified.

§ 940.22 *Nomination and selection of independent grower member.* (a) Nomination of independent grower members and alternate members shall be made at meetings of persons qualifying as independent growers, at such times (on or before February 1 of each year) and places as the Administrative Committee shall designate; *Provided*, That for the marketing season in which this amended subpart shall become effective, such meeting shall be held as soon as practicable after the effective date hereof. At such meeting, the independent growers eligible to participate therein shall select a chairman and a secretary therefor.

(b) In the election of nominees, each independent grower shall be entitled to cast but one vote on behalf of himself, his agents, partners, affiliates, subsidiaries and representatives. Proxy voting shall be prohibited.

(c) At least twice as many persons shall be nominated as there are vacancies to be filled. Such nominees shall be ranked in the order of the votes cast, and such ranking shall determine their

standing in the order of importance of the vacancies to be filled. Member nominees shall be considered of first importance. The Secretary shall select a member and an alternate from the nominees thus elected and ranked.

(d) The chairman of the meeting shall announce at such meeting the name of each person for whom votes have been cast, and the number of votes cast for each such person; and the chairman or the secretary of the meeting shall forthwith transmit such information to the Secretary.

§ 940.23 *Nomination and selection of handler members.* Handler members and their alternates shall be nominated and selected as follows:

(a) *Cooperative handler members.* (1) Cooperative associations of producers shall nominate three persons to serve as members and three persons to serve as alternate members of the committee. One member and one alternate member shall be nominated by each of the two cooperative associations of producers qualifying as a handler of peaches as of the effective date hereof; and, in alternate seasons, each such association shall nominate either the third member, or the third alternate member to the end that in alternate years each such association shall be represented by two members and one alternate or one member and two alternates.

(2) Nomination of cooperative handler members and their respective alternates shall be made at a meeting or meetings of the members of such cooperative associations at such times (on or before February 1 of each year) and places as the respective associations shall designate with the concurrence of the Administrative Committee. At each such meeting the association members eligible to participate therein shall select a chairman and a secretary therefor unless such officers regularly serving the association are in attendance. In the election of nominees, each member of a cooperative association shall be entitled to cast but one vote on behalf of himself, his agents, partners, and representatives, for each member nominee to be elected. Proxy voting shall be prohibited.

(3) At least twice as many persons shall be nominated as there are vacancies to be filled. Such nominees shall be ranked in the order of votes cast for each, and such ranking shall determine their standing in the order of importance of the vacancies to be filled. Member vacancies shall be considered of first importance.

(4) The Secretary shall select the required number of members and alternates from the nominees thus elected and ranked; *Provided*, That those serving on the effective date of this amended subpart shall continue to serve for the term for which they were selected and until their successors shall have been selected and have qualified.

(5) The chairman of each meeting shall announce at such meeting the name of each person for whom votes have been cast, and the number of votes cast for each such person; and the chairman or the secretary of such meeting shall forth-

with transmit such information to the Secretary.

(b) *Independent handler member.* (1) Nomination of independent handler members and alternate members shall be made at meetings of independent handlers, at such times (on or before February 1 of each year) and places as the Administrative Committee shall designate. At each such meeting the handlers eligible to participate therein shall select a chairman and a secretary therefor.

(2) In the election of nominees, each such handler shall be entitled to cast but one vote on behalf of himself, his agents, partners, affiliates, subsidiaries, and representatives, and such vote shall be weighted by the total quantity of peaches shipped by such handler, during the last preceding season, as shown by the records of the Administrative Committee. Proxy voting shall be prohibited, but handlers having permanently established facilities for handling of peaches in Mesa County and having bona fide agents designated for carrying on business activities for such handlers, may be represented by such agents and such agents may vote and be nominated. The Administrative Committee, with the approval of the Secretary, may make rules and regulations defining precisely what shall constitute "bona fide agents," and in like manner may change such rules and regulations from time to time.

(3) At least twice as many persons shall be nominated as there are vacancies to be filled. Such nominees shall be ranked in the order of the votes cast, and such ranking shall determine their standing in the order of importance of the vacancies to be filled. Member nominees shall be considered of first importance. The Secretary shall select a member and an alternate from the nominees thus elected and ranked; *Provided*, That those serving on the effective date hereof shall continue to serve during the terms for which they were selected and until their successors shall have been selected and have qualified.

(4) The chairman of the meeting shall announce at such meeting the name of each person for whom votes have been cast, and the number of votes cast for each such person; and the chairman or the secretary of the meeting shall forthwith transmit such information to the Secretary.

§ 940.24 *Eligibility for membership.* (a) Producer members of the Administrative Committee and the alternate for each such member must be producers of peaches in the district in and for which they are nominated and selected.

(b) The independent grower member of the Administrative Committee and the alternate for such member must be an independent grower.

(c) The cooperative handler members of the Administrative Committee and the alternate for each such member must be a member or an employee of a cooperative association.

(d) The independent handler member of the Administrative Committee and the alternate for such member must be an independent handler.

4. Delete § 940.30 and substitute therefor the following:

§ 940.30 *Compensation and expenses.* The members and alternate members of the Administrative Committee shall serve without salary but may be compensated for attendance at meetings at a rate not to exceed \$5.00 per meeting plus mileage at not to exceed 10 cents per mile. Such members and alternates also may be reimbursed for expenses necessarily incurred by them in the performance of duties, specifically assigned by the committee, other than attendance at meetings.

5. Redesignate paragraphs (g), (h), (i), and (j) of § 940.32 as paragraphs (h), (i), (j), and (k) respectively, and insert the following new paragraph (g):

(g) To cooperate with committees administering other marketing agreements and orders and with other governmental agencies and industry groups engaged in activities deemed beneficial to the marketing of peaches;

6. Amend the provisions of § 940.33 by deleting therefrom the word "six" wherever it appears and substituting in lieu thereof the word "seven."

7. Revise the provisions of §§ 940.50 and 940.52 so as to authorize the recommendation and establishment of regulations on a varietal basis.

8. After deleting the provisions of paragraph (b) of § 940.53 and redesignating paragraphs (c) and (d) of such section as paragraphs (e) and (f), respectively, insert the following:

(b) In the event the Secretary issues a regulation pursuant to § 940.52, the committee shall determine the percentage which each variety of peaches permitted to be shipped under the regulation bears to the total production of such variety; and the committee shall forthwith announce such percentage. The committee shall thereafter issue one or more exemption certificates to any producer who furnishes evidence satisfactory to the committee that, by reason of conditions beyond the control of a prudent grower and beyond his reasonable expectations, he will be prevented because of the regulation issued from shipping or having shipped as large a proportion of a particular variety of his peaches as the average proportion of all such peaches which may be so shipped. Causes regarded as within the control of a prudent grower include, but are not necessarily limited to, failure properly and adequately to prune, irrigate, thin, fertilize, spray, and cultivate according to accepted practices. Causes regarded as beyond reasonable expectation include, but are not necessarily limited to, exceptionally late spring and early frosts, ditch breaks, general shortage of labor during the growing season, or illness of a kind causing inability to carry out the management of his crop in the manner of a prudent grower.

(c) The committee, with the approval of the Secretary, may include in the rules and regulations adopted pursuant to paragraph (a) of this section such re-

finement of definition as is deemed necessary with respect to causes beyond the control of a prudent grower and beyond a grower's reasonable expectation.

(d) The exemption certificates issued pursuant to this section shall permit the respective grower to whom the certificate is issued to ship or have shipped a percentage of his crop of a particular variety of peaches equal to the percentage determined pursuant to paragraph (b) of this section; but such exemption may be limited to the specific damage by reason of which the exemption is claimed, and the committee may establish special requirements with respect to the minimum standards of grade, quality, size, and maturity which must be met by peaches shipped under such certificate.

9. Add after § 940.55 the following new section, preceded by a main heading entitled "Research and Development:":

§ 940.60 *Marketing Research and Development.* The committee, with the approval of the Secretary, may provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of peaches. In a similar manner any such project may be modified, suspended, or terminated.

The Fruit and Vegetable Division, Agricultural Marketing Service, has proposed that consideration be given to making such other changes in the marketing agreement and order as may be necessary to make the entire marketing agreement and order conform with any amendment thereto that may result from this hearing.

Copies of this notice of hearing may be obtained from the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington 25, D. C., or from the Field Representative, Fruit and Vegetable Division, Agricultural Marketing Service, 248 New Customhouse, Denver 2, Colorado.

MILK IN INDIANAPOLIS, IND., MARKETING AREA

POSTPONEMENT OF REFERENDUM

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), the Assistant Secretary issued on January 30, 1956 (21 F. R. 739) his Decision With Respect to a Proposed Marketing Agreement and a Proposed Order to Regulate the Handling of Milk in the

Indianapolis, Indiana, Marketing Area, which decision contained the Order of the Secretary Directing That a Referendum Be Conducted Among the Producers Supplying Milk to the Indianapolis, Indiana, Marketing Area, and Designation of an Agent To Conduct Such Referendum.

It is hereby found and determined that:

1. Said referendum is required to be completed on or before the 25th day from the date the said referendum order was issued;

2. Certain cooperative associations, members of which would be producers under the proposed marketing agreement and proposed order, have been temporarily restrained by an order of the Superior Court of Marion County, Indiana, from casting the vote of their respective producer membership in the said referendum;

3. In view of the foregoing findings it is determined that the date for completion of said referendum should be postponed.

It is therefore ordered, That the date for completion of the referendum to be conducted among the producers supplying milk to the Indianapolis, Indiana, marketing area as fixed by the Secretary in the order issued January 30, 1956, is hereby postponed to a date to be determined and announced by the Director of the Dairy Division, Agricultural Marketing Service.

Done at Washington, D. C., this 23d day of February 1956, to be effective immediately.

TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

NOTICE OF FILING OF PETITION FOR ESTABLISHMENT OF TOLERANCES FOR RESIDUES OF DIAZINON

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (1), 68 Stat. 512; 21 U. S. C. 346a (d) (1)), the following notice is issued:

A petition has been filed by Geigy Agricultural Chemicals, 89 Barclay Street, New York, New York, proposing the establishment of a tolerance of 3 parts per million for residues of Diazinon (O,O-diethyl O-(2-isopropyl-6-methyl-4-pyrimidinyl) thiophosphate in or on the following raw agricultural commodities: Apples, cabbage, cherries, celery, pears, prunes, sweet corn, tomatoes.

The analytical method proposed in the petition for determining residues of Diazinon are as follows:

1. The method published in Zeitschrift für Analytische Chemie (Munich); Volume 147, pages 173-183 (1955).

2. A method whereby Diazinon is extracted from the crop with petroleum ether, soluble phosphates are removed with water, the remaining Diazinon is hydrolyzed, and phosphorus is deter-

mined by the molybdenum blue reaction reported in The Biochemical Journal (London), Volume 32, pages 295-298 (1938).

3. A method whereby Diazinon is extracted from crops and hydrolyzed with potassium hydroxide to yield 2-isopropyl-4-methyl-6-hydroxypyrimidine, which is

separated from interfering substances and determined spectrophotometrically.

Dated: February 20, 1956.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3446]

LOUISIANA POWER & LIGHT CO.

NOTICE OF FILING REGARDING AUTHORIZATION, ISSUE AND SALE AT COMPETITIVE BIDDING OF NEW SERIES OF PREFERRED STOCK BY PUBLIC-UTILITY COMPANY

FEBRUARY 21, 1956.

Notice is hereby given that Louisiana Power & Light Company ("Louisiana"), a public-utility subsidiary of Middle South Utilities, Inc., a registered holding company, has filed a declaration with this Commission under the Public Utility Holding Company Act of 1935 ("act"), regarding its proposal to amend its charter to authorize 70,000 shares of a new series of preferred stock and to issue and sell such stock to the public. Declarant has designated sections 6 (a) and 7 of the act and Rule U-50 thereunder as applicable to the proposed transactions.

All interested persons are referred to said declaration which is on file in the offices of the Commission for a statement of the proposed transactions and the facts contained therein which are summarized as follows:

Louisiana now has outstanding 60,000 shares of 4.96 percent, and 70,000 shares of 4.16 percent, cumulative preferred stock, par value \$100 per share, the entire amount of preferred stock authorized by its charter and amendments thereto. Louisiana proposes to amend its charter so as to authorize 70,000 shares of an additional series of cumulative preferred stock, par value \$100 per share. Each series of Louisiana's pre-

ferred stock will rank pari passu and have identical characteristics except as to the number of shares of each series, their distinctive designation, dividend rate, date of payment of dividends, the date from which such dividends shall commence to accumulate, and the amount or amounts payable upon redemption thereof.

Louisiana proposes to issue and sell the proposed 70,000 shares of new preferred stock pursuant to the competitive bidding requirements of Rule U-50 in order to provide a portion of the funds needed for its 1956 construction program, which it is estimated will require approximately \$18,000,000, and also to provide funds for other corporate purposes. The dividend rate on the new preferred stock, which shall be a multiple of 1/100 of 1 percent, and the price, exclusive of accumulated dividends, to be paid the company, which shall be not less than \$100 and not more than \$102.75 per share, will be fixed by the competitive bidding.

Declarant states that no State or Federal commission, other than this Commission, has jurisdiction over any of the proposed transactions.

Notice is further given that any interested person may, on or before March 9, 1956, request the Commission in writing that a hearing be held on this matter, stating the nature of his interest, and the reason or reasons for such request, and the issues of fact or law raised by such declaration which he proposes to controvert, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the declaration, as filed or as it may hereafter be amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may grant exemption from its rules as provided in Rules U-20 (a) and U-100 or take such other action as it may deem appropriate.

By the Commission.

Secretary.

HOLLYWOOD ANGELS, INC.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

FEBRUARY 21, 1956.

I. Hollywood Angels, Inc., the last known address of which was 29 West 56th Street, New York City, New York, having filed with the Commission on June 21, 1954, a notification on Form 1-A relating to an offering of 500,000 shares of 1 cent par value common stock at 50 cents per share for an aggregate of \$250,000, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b)

thereof and Regulation A promulgated thereunder; and

II. A. The Commission having been advised that a preliminary injunction was issued on December 11, 1955, in the New York Supreme Court for New York County against Hollywood Angels, Inc., Wallace G. Garland, its president and director, and Howard Field, its vice-president, secretary and assistant treasurer enjoining and restraining said defendants from directly or indirectly engaging in any business relating to the purchase and sale of securities; and

B. The Commission having reasonable cause to believe that the terms and conditions of Regulation A have not been complied with in that the issuer failed to file, as required by Rule 221, a certain advertisement relating to the offering appearing in the November 1955 issue of "Esquire" magazine, and a report of sales on Form 2-A as required by Rule 224.

III. It is ordered, Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any persons having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that, within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission.

It is further ordered, That this order and notice shall be served upon Hollywood Angels, Inc., 29 West 56th Street, New York City, New York; Wallace G. Garland, 29 West 56th Street, New York City, New York; and Howard Field, 215 West 75th Street, New York City, New York, personally or by registered mail or by confirmed telegraphic notice, and shall be published in the FEDERAL REGISTER.

By the Commission.

SOUTHERN CO. AND ALABAMA POWER CO.

NOTICE OF FILING REGARDING ISSUANCE AND SALE BY SUBSIDIARY OF MORTGAGE BONDS, AT COMPETITIVE BIDDING, AND SHARES OF COMMON STOCK, AND ACQUISITION OF SUCH SHARES BY PARENT

FEBRUARY 21, 1956.

Notice is hereby given that The Southern Company ("Southern"), a registered

holding company, and one of its public utility subsidiaries, Alabama Power Company ("Alabama"), have filed a joint application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating sections 6 (b), 10 and 12 (f) of the act and Rules U-43 and U-50 promulgated thereunder as applicable to the proposed transactions, which are summarized as follows:

Alabama proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, \$14,000,000 principal amount of its First Mortgage Bonds ("Bonds"), Series due 1986 to be dated March 1, 1956, and to mature March 1, 1986. The Bonds will be issued under and secured by an indenture dated as of January 1, 1942, between Alabama and Chemical Corn Exchange Bank, as Trustee, and indentures supplemental thereto, including a proposed supplemental indenture to be dated as of March 1, 1956. The invitation for bids will specify that the amount to be received by Alabama shall not be less than 100 percent nor more than 102.75 percent of the principal amount thereof, plus accrued interest, and that the interest rate shall be a multiple of $\frac{1}{8}$ of 1 percent.

Alabama also proposes to issue and sell later this year, and Southern proposes to acquire, 25,000 shares of Alabama's no par common stock for \$100 per share, or for an aggregate consideration of \$2,500,000.

Alabama proposes to use the net proceeds from the sale of Bonds and common stock for the construction or acquisition of permanent improvements, extensions and additions to its property and for the payment of short-term bank loans, aggregating \$7,000,000, incurred or to be incurred for such purposes.

It is represented that the issuance and sale of the Bonds and common stock are subject to the approval of the Alabama Public Service Commission and that a copy of that Commission's order authorizing these transactions will be supplied by amendment.

The application-declaration requests that the Commission's order herein be made effective not later than March 7, 1956.

Notice is further given that any interested person may, not later than March 6, 1956, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application-declaration which he desires to controvert, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may grant exemption from its rules as provided in

Rules U-20 (a) and U-100, or take such other action as it may deem appropriate.

BLACKSTONE VALLEY GAS AND ELECTRIC CO.
ET AL.

NOTICE OF FILING REGARDING ISSUE AND SALE BY SUBSIDIARIES OF PROMISSORY NOTES TO BANKS

FEBRUARY 21, 1956.

In the matter of Blackstone Valley Gas and Electric Company, Brockton Edison Company, Fall River Electric Light Company; File No. 70-3449.

Notice is hereby given that a joint declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 (the "act"), by Blackstone Valley Gas and Electric Company ("Blackstone"), Brockton Edison Company ("Brockton"), and Fall River Electric Light Company ("Fall River"), subsidiary companies of Eastern Utilities Associates, a registered holding company. The declarants have designated section 7 of the act and Rule U-42 (b) (2) promulgated thereunder as applicable to the proposed transactions, which are summarized as follows:

Blackstone, Brockton and Fall River propose to issue during the period ending December 28, 1956, short-term unsecured promissory notes to banks in the aggregate principal amounts of \$3,150,000, \$1,750,000 and \$1,000,000, respectively. Such notes will mature not later than December 28, 1956, and will bear interest at the prime rate of interest existing at the time of issuance. It is stated that the prime rate is presently $3\frac{1}{2}$ percent and that the notes may be prepaid, in whole or in part, at any time without penalty.

The proceeds to be derived from the issuance of the proposed notes will be used by the declarants to pay outstanding short-term bank loan indebtedness at or prior to maturity or to pay for construction expenditures. As at December 31, 1955, Blackstone, Brockton and Fall River had outstanding bank loans of \$2,500,000, \$700,000 and \$600,000, respectively. The declaration indicates that during 1956 Blackstone will retire a portion of its outstanding bank note indebtedness from proceeds to be derived from the issuance of preferred stock which will be the subject of a separate filing.

The joint declaration states that no commissions, fees, expenses or other remuneration are to be paid in connection with the proposed note issues, except legal fees and disbursements of counsel, which items will be supplied by amendment, and that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

The declarants request that the Commission's order herein become effective forthwith upon issuance.

Notice is further given that any interested person may, not later than March 6, 1956 at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues of fact or law, if any, raised by the said joint declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said joint declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may grant exemption from its rules as provided in Rule U-20 (a) and Rule U-100 or take such other action as it may deem appropriate.

By the Commission.

OFFICE OF DEFENSE MOBILIZATION

[ODM (DPA) Request 22—DPAV-25 (d)]

NOTICE OF WITHDRAWAL OF REQUEST TO PARTICIPATE IN ACTIVITIES OF AN ARMY ORDNANCE INTEGRATION COMMITTEE ON M21A4 BOOSTERS

The Army Ordnance Integration Committee on M21A4 Boosters formed pursuant to section 708 of the Defense Production Act of 1950, as amended, has completed its mission and has been dissolved. Accordingly, the request published in 17 F. R. 2872, April 2, 1952, to participate in the formation and activities of that Committee in accordance with the "Plan and Regulations of Ordnance Corps Governing the Integration Committee on M21A4 Boosters," transmitted to and accepted by those companies listed in the above cited FEDERAL REGISTER has been withdrawn. Subsequent changes in membership were published in 17 F. R. 5437, 18 F. R. 3700 and 19 F. R. 3408.

The immunity from prosecution under the Federal antitrust laws and the Federal Trade Commission Act heretofore granted to those companies has been likewise withdrawn, except as to those acts performed or omitted by reason of the request which occurred prior to that withdrawal.

(Sec. 708, 64 Stat. 818, as amended; 50 U. S. C. App. Sup. 2158; E. O. 10480, Aug. 14, 1953, 18 F. R. 4939)

Dated: February 21, 1956.

ARTHUR S. FLEMING,
Director.
