Title 7—AGRICULTURE

Chapter III—Agricultural Research Service, Department of Agriculture

PART 319—FOREIGN QUARANTINE NOTICES

Subpart—Fruits and Vegetables

GUAM; ADMINISTRATIVE INSTRUCTIONS

Pursuant to § 319.56-2 of the regulations supplemental to the Fruit and Vegetable Quarantine (7 CFR 319.56-2) under sections 5 and 9 of the Plant Quarantine Act of 1912, as amended (7 U.S.C. 159, 162), § 319.56a(a) (6) of administrative instructions now appearing as 7 CFR 319.56a(a) (6) is hereby amended to read as follows:

§ 319.56a Administrative instructions and interpretation relating to entry into Guam of fruits and vegetables under § 319.56.

(a) * * *

(6) Citrus fruits, celery, chives, garlic, leek, onions, arrowroot, kale, cow-cabbage, cauliflower, broccoli, cabbage, sprouts, asparagus, Portuguese cabbage, cassava, dasheen, gingerroot, horseradish, kudzu, lettuce, turnip, udo, waterchestnut, watercress, waterlilyroot, and yam bean root, from Taiwan (Formosa); (Sec. 9, 37 Stat. 318; 7 U.S.C. 162. Interprets or applies sec. 5, 37 Stat. 316; 7 U.S.C. 159)

This amendment shall become effective June 28, 1960.

This amendment allows the importation of citrus fruits into Guam from Taiwan (Formosa). Citrus fruits were previously prohibited entry into Guam from Taiwan. The amendment is therefore a lessening of restrictions.

In order to be of maximum benefit to importers in Guam, it should be made effective as soon as possible. Therefore, pursuant to section 4 of the Administrative Procedure Act (5 U.S.C. 1003), it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and unnecessary, and the amendment may be made effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 23d day of June 1960.

[SEAL]

H. S. DEAN,
Acting Director,
Plant Quarantine Division.

Chapter VII—Commodity Stabilization Service (Farm Marketing Quotas), Department of Agriculture

[Referenda Bulletin 1, Amdt. 2]

PART 717—HOLDING OF REFERENDA ON MARKETING QUOTAS

Posting a Notice of Referendum

Basis and purpose. The amendment contained herein is issued pursuant to the Agricultural Adjustment Act of 1938, as amended (52 Stat. 31, as amended; 7 U.S.C. 1281 et seq.) for the purpose of

amending paragraph (a) of Section 717.6 of the regulations governing the holding of referenda on marketing quotas contained in §§ 717.1 to 717.14 inclusive (23 F.R. 3432; 7285). Prior to preparing this amendment, public notice (25 F.R. 4920) was given in accordance with the Administrative Procedure Act (5 U.S.C. 1003). The data, views, and recommendations pertaining to this amendment which were submitted pursuant to such notice have been duly considered.

In order that this amendment may be in effect for the referendum on wheat to be held on July 21, 1960, it is necessary to waive the 30-day effective date requirement of the Administrative Procedure Act. Accordingly, it is hereby determined and found that compliance with such 30-day effective date requirement is impracticable and contrary to the public interest and this amendment shall be effective upon filing this document with the Director, Office of the Federal Register.

The regulations governing the holding of referenda on marketing quotas (23 F.R. 3432; 7285) are hereby amended in the following respects:

Paragraph (a) of § 717.6 is amended to read as follows:

(a) *Posting a notice.* The county committee shall give public notice in each community or neighborhood of a referendum by posting a notice at one or more places open to the public within such community or neighborhood prior to the date of the referendum. Such notice shall be on a form prescribed by the Deputy Administrator, and shall state the commodity or commodities and marketing year, or years, or crops for which the referendum is to be held, the location of the polling places in the community or neighborhood, the date of the referendum, and the hours when the polls will be opened and closed. The county office manager is authorized to sign such notice on behalf of the county committee.

(Sec. 375, 52 Stat. 66, as amended; 7 U.S.C. 1375)

Done at Washington, D.C., this 22d day of June 1960.

CLARENCE D. PALMBY,
Acting Administrator,
Commodity Stabilization Service.

(ii) By mailing a true copy of the notice of hearing to each of the persons known to the Deputy Administrator, to be interested therein;

(iii) By issuing a press release containing the complete text or a summary of the contents of the notice of hearing and making the same available to such newspapers in the area proposed to be subjected to regulation as reasonably will tend to bring the notice to the attention of the persons interested therein;

(iv) By forwarding copies of the notice of hearing addressed to the governors of such of the several States of the United States and to executive heads of such of the Territories and Possessions of the United States as the Deputy Administrator, having due regard for the subject matter of the proposal and the public interest, shall determine should be notified.

(2) Legal notice of the hearing shall be deemed to be given if notice is given in the manner provided by subparagraph (1) (i) of this paragraph; and failure to give notice in the manner provided in subparagraph (1) (ii), (iii), and (iv) of this paragraph shall not affect the legality of the notice.

(c) *Record of notice and supplemental publicity.* There shall be filed with the hearing clerk or submitted to the presiding officer at the hearing an affidavit or certificate of the person giving the notice provided in (b) (1) (iii) and (iv) of this section. In regard to the provisions relating to mailing in (b) (1) (ii) of this section, a determination by the Deputy Administrator that such provisions have been complied with shall be filed with the hearing clerk or submitted to the presiding officer at the hearing. In the alternative, if notice is not given in the manner provided in (b) (1) (ii), (iii), and (iv) of this section there shall be filed with the hearing clerk or submitted to the presiding officer at the hearing a determination by the Deputy Administrator that such notice is impracticable, unnecessary, or contrary to the public interest with a brief statement of the reasons for such determination. Determinations by the Deputy Administrator as herein provided shall be final.

§ 900.5 Docket number.

Each proceeding, immediately following its institution, shall be assigned a docket number by the hearing clerk and thereafter the proceeding may be referred to by such number.

§ 900.6 Presiding officers.

(a) *Assignment.* No presiding officer who has any pecuniary interest in the outcome of a proceeding shall serve as presiding officer in such proceeding.

(b) *Powers of presiding officers.* Subject to review by the Secretary, as provided elsewhere in this subpart, the presiding officer, in any proceeding, shall have power to:

- (1) Rule upon motions and requests;
- (2) Change the time and place of hearing, and adjourn the hearing from time to time or from place to place;
- (3) Administer oaths and affirmations and take affidavits;
- (4) Examine and cross-examine witnesses and receive evidence;
- (5) Admit or exclude evidence;
- (6) Hear oral argument on facts or law;
- (7) Do all acts and take all measures necessary for the maintenance of order at the hearing and the efficient conduct of the proceeding.

(c) *Who may act in absence of presiding officer.* In case of the absence of the presiding officer or his inability to act, the powers and duties to be performed by him under this part in connection with a proceeding may, without abatement of the proceeding unless otherwise ordered by the Secretary, be assigned to any other presiding officer.

(d) *Disqualification of presiding officer.* The presiding officer may at any time withdraw as presiding officer in a proceeding if he deems himself to be disqualified. Upon the filing by an interested person in good faith of a timely and sufficient affidavit of personal bias or disqualification of a presiding officer, the Secretary shall determine the matter as a part of the record and decision in the proceeding, after making such investigation or holding such hearings, or both, as he may deem appropriate in the circumstances.

§ 900.7 Motions and requests.

(a) *General.* All motions and requests shall be filed with the hearing clerk, except that those made during the course of the hearing may be filed with the presiding officer or may be stated orally and made a part of the transcript.

Except as provided in § 900.15 (b) such motions and requests shall be addressed to, and ruled on by, the presiding officer if made prior to his certification of the transcript pursuant to § 900.10 or by the Secretary if made thereafter.

(b) *Certification to Secretary.* The presiding officer may in his discretion submit or certify to the Secretary for decision any motion, request, objection, or other question addressed to the presiding officer.

§ 900.8 Conduct of the hearing.

(a) *Time and place.* The hearing shall be held at the time and place fixed in the notice of hearing, unless the presiding officer shall have changed the time or place, in which event the presiding officer shall file with the hearing clerk a notice of such change, which notice shall be given in the same manner as provided in § 900.4 (relating to the giving of notice of the hearing): *Provided*, That, if the change in time or place of hearing is made less than 5 days prior to the date previously fixed for the hearing, the presiding officer, either in addition to or in lieu of causing the notice of the change to be given, shall announce, or cause to

be announced, the change at the time and place previously fixed for the hearing.

(b) *Appearances — (1) Right to appear.* At the hearing, any interested person shall be given an opportunity to appear, either in person or through his authorized counsel or representative, and to be heard with respect to matters relevant and material to the proceeding. Any interested person who desires to be heard in person at any hearing under these rules shall, before proceeding to testify, state his name, address, and occupation. If any such person is appearing through a counsel or representative, such person or such counsel or representative shall, before proceeding to testify or otherwise to participate in the hearing, state for the record the authority to act as such counsel or representative, and the names and addresses and occupations of such person and such counsel or representative. Any such person or such counsel or representative shall give such other information respecting his appearance as the presiding officer may request.

(2) *Debarment of counsel or representative.* Whenever, while a proceeding is pending before him, the presiding officer finds that a person, acting as counsel or representative for any person participating in the proceeding, is guilty of unethical or unprofessional conduct, the presiding officer may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: *Provided*, That the presiding officer may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or other representative.

In case the presiding officer has ordered that a person be precluded from further acting as counsel or representative in the proceeding, the presiding officer, within a reasonable time thereafter, shall submit to the Secretary a report of the facts and circumstances surrounding such order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter the Secretary may, after notice and an opportunity for hearing, issue such order, respecting the appearance of such person as counsel or representative in proceedings before the Secretary, as the Secretary finds to be appropriate.

(3) *Failure to appear.* If any interested person fails to appear at the hearing, he shall be deemed to have waived the right to be heard in the proceeding.

(c) *Order of procedure.* (1) The presiding officer shall, at the opening of the hearing prior to the taking of testimony, have noted as part of the record his designation as presiding officer, the notice of hearing as filed with the Division of the Federal Register, and the affidavit or certificate of the giving of notice or the determination provided for in § 900.4(c).

(2) Evidence shall then be received with respect to the matters specified in

the notice of the hearing in such order as the presiding officer shall announce.

(d) *Evidence — (1) In general.* The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

Every witness shall, before proceeding to testify, be sworn or make affirmation. Cross-examination shall be permitted to the extent required for a full and true disclosure of the facts.

When necessary, in order to prevent undue prolongation of the hearing, the presiding officer may limit the number of times any witness may testify to the same matter or the amount of corroborative or cumulative evidence.

The presiding officer shall, insofar as practicable, exclude evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(2) *Objections.* If a party objects to the admission or rejection of any evidence or to any other ruling of the presiding officer during the hearing, he shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the presiding officer. The transcript shall not include argument or debate thereon except as ordered by the presiding officer. The ruling of the presiding officer on any objection shall be a part of the transcript.

Only objections made before the presiding officer may subsequently be relied upon in the proceeding.

(3) *Proof and authentication of official records or documents.* An official record or document, when admissible for any purpose, shall be admissible as evidence without the production of the person who made or prepared the same. Such record or document shall, in the discretion of the presiding officer, be evidenced by an official publication thereof or by a copy attested by the person having legal custody thereof and accompanied by a certificate that such person has the custody.

(4) *Exhibits.* All written statements, charts, tabulations, or similar data offered in evidence at the hearing shall, after identification by the proponent and upon satisfactory showing of the authenticity, relevancy, and materiality of the contents thereof, be numbered as exhibits and received in evidence and made a part of the record. Such exhibits shall be submitted in quadruplicate and in documentary form. In case the required number of copies is not made available, the presiding officer shall exercise his discretion as to whether said exhibits shall, when practicable, be read in evidence or whether additional copies shall be required to be submitted within a time to be specified by the presiding officer. If the testimony of a witness refers to a statute, or to a report or document (including the record of any previous hearing) the presiding officer, after inquiry relating to the identification of such statute, report, or document, shall determine whether the same shall be produced at the hearing and physically be made a part of the evidence as an exhibit, or whether it shall be incorporated into the evidence by reference. If relevant and material matter offered in evidence is

embraced in a report or document (including the record of any previous hearing) containing immaterial or irrelevant matter, such immaterial or irrelevant matter shall be excluded and shall be segregated insofar as practicable, subject to the direction of the presiding officer.

(5) *Official notice.* Official notice may be taken of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific or commercial fact of established character: *Provided*, That interested persons shall be given adequate notice, at the hearing or subsequent thereto, of matters so noticed and shall be given adequate opportunity to show that such facts are inaccurate or are erroneously noticed.

(6) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript in toto. In such event, it shall be considered a part of the transcript if the Secretary decides that the presiding officer's ruling in excluding the evidence was erroneous. The presiding officer shall not allow the insertion of such evidence in toto if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the presiding officer erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.

§ 900.9 Oral and written arguments.

(a) *Oral argument before presiding officer.* Oral argument before the presiding officer shall be in the discretion of the presiding officer. Such argument, when permitted, may be limited by the presiding officer to any extent that he finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(b) *Briefs, proposed findings and conclusions.* The presiding officer shall announce at the hearing a reasonable period of time within which interested persons may file with the hearing clerk proposed findings and conclusions, and written arguments or briefs, based upon the evidence received at the hearing, citing, where practicable, the page or pages of the transcript of the testimony where such evidence appears. Factual material other than that adduced at the hearing or subject to official notice shall not be alluded to therein, and, in any case, shall not be considered in the formulation of the marketing agreement or marketing order. If the person filing a brief desires the Secretary to consider any objection made by such person to a ruling of the presiding officer, as provided in § 900.8 (d), he shall include in the brief a concise statement concerning each such objection, referring where practicable, to the pertinent pages of the transcript.

§ 900.10 Certification of the transcript.

The presiding officer shall notify the hearing clerk of the close of a hearing as soon as possible thereafter and of the time for filing written arguments, briefs, proposed findings and proposed conclusions, and shall furnish the hearing clerk with such other information as may be necessary. As soon as possible after the hearing, the presiding officer shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. He shall attach to the original transcript of testimony his certificate stating that, to the best of his knowledge and belief, the transcript is a true transcript of the testimony given at the hearing except in such particulars as he shall specify; and that the exhibits transmitted are all the exhibits as introduced at the hearing with such exceptions as he shall specify. A copy of such certificate shall be attached to each of the copies of the transcript of testimony. In accordance with such certificate the hearing clerk shall note upon the official record copy, and cause to be noted on other copies, of the transcript each correction detailed therein by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate place any words necessary to make the same conform to the correct meaning, as certified by the presiding officer. The hearing clerk shall obtain and file certifications to the effect that such corrections have been effected in copies other than the official record copy.

§ 900.11 Copies of the transcript.

(a) During the period in which the proceeding has an active status in the Department, a copy of the transcript and exhibits shall be kept on file in the office of the hearing clerk, where it shall be available for examination during official hours of business. Thereafter said transcript and exhibits shall be made available by the hearing clerk for examination during official hours of business after prior request and reasonable notice to the hearing clerk.

(b) If a personal copy of the transcript is desired, such copy may be obtained upon written application filed with the reporter and upon payment of fees at the rate (if any) provided in the contract between the reporter and the Secretary.

§ 900.12 Deputy Administrator's recommended decision.

(a) *Preparation.* As soon as practicable following the termination of the period allowed for the filing of written arguments or briefs and proposed findings and conclusions the Deputy Administrator shall file with the hearing clerk a recommended decision.

(b) *Contents.* The Deputy Administrator's recommended decision shall include: (1) A preliminary statement containing a description of the history of the proceedings, a brief explanation of the material issues of fact, law, or discretion presented on the record, and proposed findings and conclusions with respect to

such issues as well as the reasons or basis therefor; (2) A ruling upon each proposed finding or conclusion submitted by interested persons, and (3) An appropriate proposed marketing agreement or marketing order effectuating his recommendations.

(c) *Exceptions to recommended decision.* Immediately following the filing of his recommended decision the Deputy Administrator shall give notice thereof, and opportunity to file exceptions thereto by publication in the FEDERAL REGISTER. Within a period of time specified in such notice any interested person may file with the hearing clerk exceptions to the Deputy Administrator's proposed marketing agreement or marketing order, or both, as the case may be, and a brief in support of such exceptions. Such exceptions shall be in writing, shall refer, where practicable, to the related pages of the transcript and may suggest appropriate changes in the proposed marketing agreement or marketing order.

(d) *Omission of recommended decision.* The procedure provided in this section may be omitted only if the Secretary finds on the basis of the record that due and timely execution of his functions imperatively and unavoidably requires such omission.

§ 900.13 Submission to Secretary.

Upon the expiration of the period allowed for filing exceptions or upon request of the Secretary, the hearing clerk shall transmit to the Secretary the record of the proceeding. Such record shall include: all motions and requests filed with the hearing clerk and rulings thereon; the certified transcript; any proposed findings or conclusions or written arguments or briefs that may have been filed; the Deputy Administrator's recommended decision, if any, and such exceptions as may have been filed.

§ 900.13a Decision by Secretary.

After due consideration of the record, the Secretary shall render a decision. Such decision shall become a part of the record and shall include (a) a statement of his findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law or discretion presented on the record, (b) a ruling upon each proposed finding and proposed conclusion not previously ruled upon in the record, (c) a ruling upon each exception filed by interested persons and (d) either (1) a denial of the proposal to issue a marketing agreement or marketing order or (2) a marketing agreement and, if the findings upon the record so warrant, a marketing order, the provisions of which shall be set forth directly or by reference, regulating the handling of the commodity or product in the same manner and to the same extent as such marketing agreement, which order shall be complete except for its effective date and any determinations to be made under § 900.14 (b) or § 900.14 (c): *Provided*, That such marketing order shall not be executed, issued, or made effective until and unless the Secretary determines that the requirements of § 900.14 (b) or § 900.14 (c) have been met.

§ 900.14 Execution of marketing agreement and issuance of marketing order.

(a) *Execution of marketing agreement.* If the Secretary has approved a marketing agreement, as provided in § 900.13a, the Deputy Administrator shall cause copies thereof to be distributed for execution by the handlers eligible to become parties thereto. If and when such number of the handlers as the Secretary shall deem to be sufficient shall have executed the marketing agreement, the Secretary shall execute the same, and notice of its effective date shall be mailed by the hearing clerk to each person signatory thereto. A marketing agreement shall be effective and binding upon any party thereto even though such party may not have received the notice provided for in this paragraph, or the hearing clerk may have failed to mail such notice.

(b) *Issuance of marketing order with marketing agreement.* Whenever, as provided in paragraph (a) of this section, the Secretary executes a marketing agreement, and handlers also have executed the same as provided in section 8c (8) of the act, he shall, if he finds that it will tend to effectuate the purposes of the act, issue and make effective the marketing order, if any, which was filed as a part of his decision pursuant to § 900.13a: *Provided*, That the issuance of such order shall have been approved or favored by producers as required by section 8c (8) of the act.

(c) *Issuance of marketing order without marketing agreement.* If, despite the failure or refusal of handlers to sign the marketing agreement, as provided in section 8c (8) of the act, the Secretary makes the determinations required under section 8c (9) of the act, the Secretary shall issue and make effective the marketing order, if any, which was filed as a part of his decision pursuant to § 900.13a.

(d) *Effective date of marketing order.* No marketing order shall become effective less than 30 days after its publication in the FEDERAL REGISTER, unless the Secretary, upon good cause found and published with the order, fixes an earlier effective date therefor: *Provided*, That no marketing order shall become effective as to any person sought to be charged thereunder before either (1) it has been filed with the Division of the Federal Register, or (2) such person has received actual notice of the issuance and terms of the marketing order.

(e) *Notice of issuance.* After issuance of a marketing order, such order shall be filed with the hearing clerk, and notice thereof, together with notice of the effective date, shall be given by publication in the FEDERAL REGISTER. (7 U.S.C. 610(c).)

§ 900.15 Filing; extensions of time; effective date of filing; and computation of time.

(a) *Filing, number of copies.* Except as is provided otherwise in this subpart, all documents or papers required or authorized by the foregoing provisions of this subpart to be filed with the hearing clerk shall be filed in quadruplicate.

Any document or paper, so required or authorized to be filed with the hearing clerk, shall, during the course of an oral hearing, be filed with the presiding officer.

(b) *Extensions of time.* The time for the filing of any document or paper required or authorized by the foregoing provisions of this subpart to be filed may be extended by the presiding officer (before the record is certified by the presiding officer) or by the Deputy Administrator (after the record is so certified by the presiding officer but before it is transmitted to the Secretary), or by the Secretary (after the record is transmitted to the Secretary) upon request filed, and if, in the judgment of the presiding officer, Deputy Administrator, or the Secretary, as the case may be, there is good reason for the extension. All rulings made pursuant to this paragraph shall be filed with the hearing clerk.

(c) *Effective date of filing.* Any document or paper required or authorized by the foregoing provisions of this subpart to be filed shall be deemed to be filed when it is postmarked or when it is received by the hearing clerk.

(d) *Computation of time.* Sundays and Federal holidays shall be included in computing the time allowed for the filing of any document or paper: *Provided*, That, when such time expires on a Sunday or legal holiday, such period shall be extended to include the next following business day.

§ 900.16 Discussion of issues, etc., of proceeding prohibited.

Except as may be provided otherwise in this subpart, no officer or employee of the Department shall, following the close of the hearing in a marketing agreement or marketing order proceeding and prior to the execution of a marketing agreement or the issuance of a marketing order therein, discuss the issues, merits, or evidence involved in the proceeding with any person interested in the result of the proceeding or with any representative of such person: *Provided, however*, That the provisions of this section shall not preclude an officer or employee who has been duly assigned to, or who has supervision over, a proceeding from discussing with interested persons or their representatives matters of procedure in connection with such proceeding. Insofar as the provisions of this section are inconsistent with the provisions of Regulation 1544 of the publication entitled "Regulations of the U. S. Department of Agriculture," the provisions of this section shall prevail.

§ 900.17 Additional documents to be filed with hearing clerk.

In addition to the documents or papers required or authorized by the foregoing provisions of this subpart to be filed with the hearing clerk, the hearing clerk shall receive for filing and shall have custody of all papers, reports, records, orders, and other documents which relate to the administration of any marketing agreement or marketing order and which the Secretary is required to issue or to approve.

§ 900.18 Hearing before Secretary.

The Secretary may act in the place and stead of a presiding officer in any proceeding under this subpart. When he so acts the hearing clerk shall transmit the record to the Secretary at the expiration of the period provided for the filing of proposed findings of fact, conclusions and orders, and the Secretary shall thereupon, after due consideration of the record, issue his final decision in the proceeding: *Provided*, That he may issue a tentative decision in which event the parties shall be afforded an opportunity to file exceptions before the issuance of the final decision.

Promptly upon receipt of the petition, the hearing clerk shall transmit a true copy thereof to the Deputy Administrator and the General Counsel, respectively.

(b) *Contents of petition.* A petition shall contain:

(1) *Filing, contents, and responses thereto.* If the Deputy Administrator is of the opinion that the petition, or any portion thereof, does not substantially comply, in form or content, with the act or with the requirements of paragraph

(b) of this section, or is not filed in good faith, or is filed for purposes of delay, he may, within 30 days after the filing of the petition, file with the hearing clerk an application to dismiss the petition, or any portion thereof, on one or more of the grounds stated in this paragraph. Such application shall specify the grounds of objection to the petition and if based, in whole or in part, on allegations of fact not appearing on the face of the petition, shall be accompanied by appropriate affidavits or documentary evidence substantiating such allegations of fact. The application may be accompanied by a memorandum of law. Upon receipt of such application, the hearing clerk shall cause a copy thereof to be served upon the petitioner, together with a notice stating that all papers to be submitted in opposition to such application, including any memorandum of law, must be filed by the petitioner with the hearing clerk not later than 20 days after the service of such notice upon the petitioner. Upon the expiration of the time specified in such notice, or upon receipt of such papers from the petitioner, the hearing clerk shall transmit all papers which have been filed in connection with the application to the Secretary for his consideration.

(2) *Decision by Secretary.* The Secretary, after due consideration, shall render a decision upon the application, stating the reasons for his action. Such decision shall be in the form of an order and shall be filed with the hearing clerk who shall cause a copy thereof to be served upon the petitioner and a copy thereof to be transmitted to the Deputy Administrator. Any such order of the Secretary shall be a final order: *Provided*, That within 20 days following the service upon the petitioner of a copy of an order of the Secretary dismissing the petition, or any portion thereof, on the ground that it does not substantially comply in form and content with the act or with paragraph (b) of this section, the petitioner shall be permitted to file an amended petition.

At any time before the close of the hearing the petition or answer may be amended, but the hearing shall, at the request of the adverse party, be adjourned or recessed for such reasonable time as the presiding officer may determine to be necessary to protect the interests of the parties. Amendments subsequent to the first amendment or subsequent to the filing of an answer may be made only with leave of the presiding officer or with the written consent of the adverse party.

§ 900.53 Withdrawal of petition.

If, at any time after the petition is filed, the petitioner desires to withdraw the same, he shall file with the hearing clerk (or, if filed during the course of a hearing, with the presiding officer) a written request for permission to withdraw. The Secretary may, in his discretion, thereupon dismiss the petition without further procedure: *Provided*, That, if the request to withdraw is filed after a hearing has been opened, permission to withdraw shall be granted only in exceptional circumstances.

(7) Admit or exclude evidence;

(8) Hear oral argument on facts or law;

(9) Consolidate hearings upon two or more petitions pertaining to the same order;

(10) Do all acts and take all measures necessary for the maintenance of order at the hearing and the efficient conduct of the proceeding.

(d) *Who may act in absence of presiding officer.* In case of the absence of the presiding officer or his inability to act, the powers and duties to be performed by him under these rules of practice in connection with a proceeding may, without abatement of the proceeding unless otherwise ordered by the Secretary, be assigned to any other presiding officer.

(e) *Disqualification of presiding officer.* The presiding officer may at any time withdraw as presiding officer in a proceeding if he deems himself to be disqualified. Upon the filing by an interested person in good faith of a timely and sufficient affidavit of personal bias or disqualification of a presiding officer, the Secretary shall determine the matter as a part of the record and decision in the proceeding, after making such investigation or holding such hearings, or both, as he may deem appropriate in the circumstances.

§ 900.56 Consolidated hearings.

At the discretion of the presiding officer, hearings upon two or more petitions pertaining to the same order may be consolidated, and the evidence taken at such consolidated hearing may be embodied in a single record.

§ 900.57 Intervention.

Intervention in proceedings subject to this subpart shall not be allowed, except that, in the discretion of the Secretary or the presiding officer, any person

(other than the petitioner) showing a substantial interest in the outcome of a proceeding shall be permitted to participate in the oral argument and to file a brief.

§ 900.58 Prehearing conferences.

In any proceeding in which it appears that such procedure will expedite the proceeding, the presiding officer, at any time prior to the commencement of or during the course of the hearing, may request the parties or their counsel to appear at a conference before him to consider (a) the simplification of issues; (b) the possibility of obtaining stipulations of fact and of documents which will avoid unnecessary proof; (c) the limitation of the number of expert or other witnesses; and (d) such other matters as may expedite and aid in the disposition of the proceeding. No transcript of such conference shall be made, but the presiding officer shall prepare and file for the record a written summary of the action taken at the conference, which shall incorporate any written stipulations or agreements made by the parties at the conference or as a result of the conference. If the circumstances are such that a conference is impracticable, the presiding officer may request the parties to correspond with him for the purpose of accomplishing any of the objects set forth in this section. The presiding officer shall forward copies of letters and documents to the parties as the circumstances require. Correspondence in such negotiations shall not be a part of the record, but the presiding officer shall submit a written summary for the record if any action is taken.

§ 900.59 Motions and requests.

(a) *General.* All motions and requests shall be filed with the hearing clerk, except that those made during the course of an oral hearing may be filed with the presiding officer or may be stated orally and made a part of the transcript.

The presiding officer is authorized to rule upon all motions and requests filed or made prior to the transmittal by the hearing clerk to the Secretary of the record as provided in this subpart. The Secretary shall rule upon all motions and requests filed after that time.

(b) *Certification of motions.* The submission or certification of any motion, request, objection, or other question to the Secretary prior to the transmittal of the record to the Secretary, as provided in this subpart, shall be in the discretion of the presiding officer.

§ 900.60 Oral hearings before presiding officer.

(a) *Time and place.* The presiding officer shall set a time and place for hearing and shall file with the hearing clerk a notice stating the time and place of hearing. If any change in the time or place of hearing becomes necessary, it shall be made by the presiding officer, who, in such event, shall file with the hearing clerk a notice of the change. Such notice shall be served upon the parties, unless it is made during the course of an oral hearing and made a part of the transcript.

(b) *Appearances—(1) Representation.* In any proceeding under the act, the parties may appear in person or by counsel or other representative. The Department, if represented by counsel, shall be represented by an attorney assigned by the General Counsel of the Department, and such attorney shall present or supervise the presentation of the position of the Department.

(2) *Debarment of counsel or representative.* Whenever, while a proceeding is pending before him, the presiding officer finds that a person acting as counsel or representative for any party to the proceeding is guilty of unethical or unprofessional conduct, the presiding officer may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: *Provided*, That the presiding officer may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or representative.

In case the presiding officer has issued an order precluding a person from further acting as counsel or representative in the proceeding, the presiding officer, within a reasonable time thereafter, shall submit to the Secretary a report of the facts and circumstances surrounding the issuance of the order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter, the Secretary may, after notice and an opportunity for hearing, issue such order respecting the appearance of such person as counsel or representative in proceedings before the Secretary as the Secretary finds to be appropriate.

(3) *Failure to appear.* If the petitioner, after being duly notified, fails to appear at the hearing, he shall be deemed to have authorized the Secretary, without further procedure, to dismiss the proceeding with or without prejudice, as the Secretary may determine. In the event that the petitioner appears at the hearing and no representative of the Department appears, the presiding officer shall proceed ex parte to hear the evidence of the petitioner: *Provided*, That failure on the part of such representative of the Department to appear at a hearing shall not be deemed to be a waiver of the Department's right to file suggested findings of fact, conclusions, and order; to be served with a copy of the presiding officer's report; and to file exceptions with and to submit argument before the Secretary with respect thereto.

(c) *Order of proceeding.* Except as may be determined otherwise by the presiding officer, the petitioner shall proceed first at the hearing.

(d) *Evidence—(1) In general.* The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

The testimony of witnesses at a hearing shall be upon oath or affirmation and subject to cross-examination.

Any witness may, in the discretion of the presiding officer, be examined sepa-

rately and apart from all other witnesses except those who may be parties to the proceeding.

The presiding officer shall exclude, insofar as practicable, evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(2) *Objections.* If a party objects to the admission or rejection of any evidence or to the limitation of the scope of any examination or cross-examination, he shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the presiding officer. The transcript shall not include argument or debate thereon, except as ordered by the presiding officer. The ruling of the presiding officer on any objection shall be a part of the transcript.

Only objections made before the presiding officer may subsequently be relied upon in the proceeding.

(3) *Depositions.* The deposition of any witness shall be admitted, in the manner hereinafter provided in and subject to the provisions of § 900.61.

(4) *Affidavits.* Except as is otherwise provided in this subpart, affidavits may be admitted only if the evidence is otherwise admissible and the parties agree (which may be determined by their failure to make timely objections) that affidavits may be used.

(5) *Proof and authentication of official records or documents.* An official record or document, when admissible for any purpose, shall be admissible in evidence without the production of the person who made or prepared the same. Such record or document shall, in the discretion of the presiding officer, be evidenced by an official publication thereof or by a copy attested by the person having legal custody thereof and accompanied by a certificate that such person has the custody.

(6) *Exhibits.* All written statements, charts, tabulations, or similar data offered in evidence at the hearing shall, after identification by the proponent and upon a satisfactory showing of the admissibility of the contents thereof, be numbered as exhibits and received in evidence and made a part of the record. Except where the presiding officer finds that the furnishing of copies is impracticable, a copy of each exhibit, in addition to the original, shall be filed with the presiding officer for the use of each other party to the proceeding. The presiding officer shall advise the parties as to the exact number of copies which will be required to be filed and shall make and have noted on the record the proper distribution of the copies.

If the testimony of a witness refers to a statute, or to a report, document, or transcript, the presiding officer, after inquiry relating to the identification of such statute, report, document, or transcript, shall determine whether the same shall be produced at the hearing and physically be made a part of the evidence as an exhibit, or whether it shall be incorporated into the evidence by reference. If relevant and material matter offered in evidence is embraced in a report, document, or transcript contain-

ing immaterial or irrelevant matter, such immaterial or irrelevant matter shall be excluded and shall be segregated insofar as practicable, subject to the direction of the presiding officer.

(7) *Official notice.* Official notice will be taken of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific, or commercial fact of established character: *Provided*, That the parties shall be given adequate notice, at the hearing or by reference in the presiding officer's report or the tentative order or otherwise, of matters so noticed, and (except where official notice is taken, for the first time in the proceeding, in the final order) shall be given adequate opportunity to show that such facts are erroneously noticed.

(8) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript in toto. In such event, it shall be considered a part of the transcript if the Secretary decides that the presiding officer's ruling in excluding the evidence was erroneous. The presiding officer shall not allow the insertion of such evidence in toto if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the presiding officer erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.

(e) *Oral argument before presiding officer.* Oral argument before the presiding officer shall be allowed unless the presiding officer finds that the denial of such argument will not deprive the parties of an adequate opportunity for oral argument subsequently in the proceeding. Such argument may be limited by the presiding officer to any extent that he finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(f) *Transcript.* (1) During the period in which the proceeding has an active status in the Department, a copy of the transcript and exhibits shall be kept on file in the office of the hearing clerk, where it shall be available for examination during official hours of business. Thereafter said transcript and exhibits shall be made available by the hearing clerk for examination during official hours of business after prior request and reasonable notice to the hearing clerk.

(2) If a personal copy of the transcript is desired, such copy may be obtained upon written application filed with the reporter, and upon payment of fees at the rate (if any) provided in the contract between the reporter and the Secretary.

§ 900.61 Depositions.

(a) *Procedure in lieu of deposition.* Before any party may have testimony taken by deposition, said party shall, if practicable, submit to the other

party an affidavit which shall set forth the facts to which the witness would testify, if the deposition should be taken. If, after examination of such affidavit, the other party agrees, or (within 10 days after submission of the affidavit) fails to object, that the affidavit may be used in lieu of the deposition, the presiding officer shall admit the affidavit in evidence and shall not order the deposition to be taken.

(b) *Application for taking deposition.* Upon the application of a party to the proceeding, the presiding officer may, at any time after the filing of the moving paper, order, under the facsimile signature of the Secretary, the taking of testimony by deposition. The application shall be in writing and shall be filed with the hearing clerk and shall set forth: (1) the name and address of the proposed deponent; (2) the name and address of the person (referred to hereinafter in this section as the "officer"), qualified under the rules in this part to take depositions, before whom the proposed examination is to be made; (3) the proposed time and place of the examination, which shall be at least 15 days after the date of the mailing of the application; and (4) the reasons why such deposition should be taken.

(c) *Presiding officer's order for taking deposition.* If, after the examination of the application, the presiding officer is of the opinion that the deposition should be taken, he shall order its taking. The order shall be filed with the hearing clerk and shall be served upon the parties and shall state: (1) the time and place of the examination (which shall not be less than 10 days after the filing of the order); (2) the name of the officer before whom the examination is to be made; (3) the name of the deponent. The officer and the time and place need not be the same as those suggested in the application.

(d) *Qualifications of officer.* The deposition shall be taken before the presiding officer, or before an officer authorized by the law of the United States or by the law of the place of the examination to administer oaths, or before an officer authorized by the Secretary to administer oaths.

(e) *Procedure on examination.* The deponent shall be examined under oath or affirmation and shall be subject to cross-examination. The testimony of the deponent shall be recorded by the officer or by some person under his direction and in his presence. In lieu of oral examination, parties may transmit written interrogatories to the officer prior to the examination and the officer shall propound such interrogatories to the deponent.

The applicant must arrange for the examination of the witness either by oral examination or by written interrogatories. If it is found by the presiding officer, upon the protest of a party to the proceeding, that such party has his residence and his place of business more than 100 miles from the place of the examination and that it would constitute an undue hardship upon such party to be represented at the examination, the applicant will be required to conduct the examination by means of interrogatories.

When the examination is conducted by means of interrogatories, copies of the interrogatories shall be served upon the other parties to the proceeding at least five days prior to the date set for the examination, and the other parties shall be afforded an opportunity to file with the officer cross-interrogatories at any time prior to the time of the examination.

(f) *Certification by officer.* The officer shall certify on the deposition that the deponent was duly sworn by him and that the deposition is a true record of the deponent's testimony. He shall then securely seal the deposition, together with two copies thereof, in an envelope and mail the same by registered mail to the hearing clerk.

(g) *Use of depositions.* A deposition ordered and taken in accord with the provisions of this section may be used in a proceeding under the act if the presiding officer finds that the evidence is otherwise admissible and (1) that the witness is dead; or (2) that the witness is at a distance greater than 100 miles from the place of hearing, unless it appears that the absence of the witness was procured by the party offering the deposition; or (3) that the witness is unable to attend or testify because of age, sickness, infirmity, or imprisonment; or (4) that the party offering the deposition has endeavored to procure the attendance of the witness by subpoena but has been unable to do so; or (5) that such exceptional circumstances exist as to make it desirable, in the interests of justice, to allow the deposition to be used. If a deposition has been taken, and the party upon whose application it was taken refuses to offer it in evidence, the other party may offer the deposition, or any part thereof, in evidence.

§ 900.62 Subpenas.

(a) *Issuance of subpoenas.* The attendance of witnesses and the production of documentary evidence from any place in the United States on behalf of any party to the proceeding may, by subpoena, be required at any designated place of hearing. Subpenas may be issued by the Secretary or by the presiding officer, under the facsimile signature of the Secretary, upon a reasonable showing by the applicant of the grounds, necessity, and reasonable scope thereof.

(b) *Application for subpoena duces tecum.* Subpenas for the production of documentary evidence, unless issued by the presiding officer upon his own motion, shall be issued only upon a verified written application. Such application shall specify, as exactly as possible, the documents desired and shall show their competency, relevancy, and materiality and the necessity for their production.

(c) *Service of subpoenas.* Subpenas may be served (1) by a United States Marshal or his deputy, or (2) by any other person who is not less than 18 years of age, or (3) by registering and mailing a copy of the subpoena addressed to the person to be served at his or its last known residence or principal place of business or residence. Proof of service may be made by the return of service on the subpoena by the United States

Marshal or his deputy; or, if served by an individual other than a United States Marshal or his deputy, by an affidavit of such person stating that he personally served a copy of the subpoena upon the person named therein; or, if service was by registered mail, by an affidavit made by the person mailing the subpoena that it was mailed as provided in this paragraph and by the signed return post-office receipt: *Provided*, That, if the subpoena is issued on behalf of the Department, the return receipt without an affidavit of mailing shall be sufficient proof of service. In making personal service, the person making service shall leave a copy of the subpoena with the person subpoenaed; the original, bearing or accompanied by the required proof of service, shall be returned to the official who issued the same.

§ 900.63 Fees and mileage.

Witnesses who are subpoenaed and who appear in such proceeding, including witnesses whose depositions are taken, shall be paid the same fees and mileage that are paid witnesses in the courts of the United States, and persons taking depositions shall be entitled to the same fees as are paid for like services in the courts of the United States, to be paid by the party at whose request the deposition is taken. Witness fees and mileage shall be paid by the party at whose instance the witnesses appear, and claims therefor, as to witnesses subpoenaed on behalf of the Department, shall be proved before the person issuing the subpoena, and, as to witnesses subpoenaed on behalf of any other party, shall be presented to such party.

§ 900.64 The presiding officer's report.

(a) *Filing the transcript of evidence.*

(1) As soon as practicable after the close of the hearing, the presiding officer shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. The presiding officer shall attach to the original transcript of testimony his certificate stating that to the best of his knowledge and belief, the transcript is a true, correct, and complete transcript of the testimony given in the hearing except in such particulars as he shall specify, and that the exhibits transmitted are all the exhibits received in evidence at the hearing with such exceptions as he shall specify. A copy of such certification shall be attached to each copy of the transcript of testimony. In accordance with such certificate the presiding officer shall note on the original transcript and the hearing clerk shall cause to be noted on other copies of the transcript, each correction detailed in such certificate by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate places any words necessary to make the text conform to the correct meaning, as certified by the presiding officer.

(2) Immediately following the filing of the transcript, the hearing clerk shall advise each party to the proceeding as to the date of such filing.

(b) *Proposed findings of fact, conclusions, and orders.* Within 10 days (unless the presiding officer shall have announced at the hearing a shorter or longer period of time) after the transcript has been filed with the hearing clerk, as provided in paragraph (a) of this section, each party may file with the hearing clerk proposed findings of fact, conclusions, and order, based solely upon the evidence of record, and briefs in support thereof.

(c) *Presiding officer's report.* The presiding officer, within a reasonable time after the termination of the period allowed for the filing of proposed findings of fact, conclusions, and orders, and briefs in support thereof, shall prepare, upon the basis of the record, and shall file with the hearing clerk, his report, a copy of which (together with notification of the date fixed by the presiding officer for the filing of exceptions thereto) shall be served by the hearing clerk upon each of the parties.

(d) *Exceptions.* Within a period of time (to be fixed by the presiding officer but not to exceed 20 days) after the filing of the presiding officer's report, the parties may file exceptions to the report. Any party who desires to take exception to any matter set out in the report shall transmit his exceptions in writing to the hearing clerk, referring, where practicable, to the relevant pages of the transcript, and suggesting a corrected finding of fact, conclusion, or order. Within the same period of time, each party shall transmit to the hearing clerk a brief statement in writing concerning each of the objections taken to the action of the presiding officer, as set out in § 900.60, upon which the party wishes to rely, referring, where practicable, to the pertinent pages of the transcript. A party, if he files exceptions or a statement of objections, shall state in writing whether he desires to make an oral argument thereon before the Secretary; otherwise, it shall be considered that he does not desire to make such oral argument.

(e) *Revision of presiding officer's report.* If exceptions are filed to the presiding officer's report, as provided in paragraph (d) of this section, the presiding officer, after consideration of such exceptions, shall make and file with the hearing clerk a draft of the findings of fact, conclusions, and final order of the Secretary, which shall include such revision of his report as he deems to be appropriate in view of such exceptions.

§ 900.65 Transmittal of record.

The hearing clerk, immediately following the filing of the revision of the presiding officer's report, or upon notification by the presiding officer that no revision will be made, shall transmit to the Secretary the record of the proceeding. Such record shall include: the petition; motions and requests filed with the hearing clerk, and rulings thereon; the transcript of the testimony taken at the hearing, together with the exhibits filed therein; any documents or papers filed in connection with prehearing conferences; such proposed findings of fact, conclusions, and orders, and briefs in support thereof, as may have been filed

in connection with the hearing; the presiding officer's report; such exceptions, statements of objections, and briefs in support thereof, as may have been filed in the proceeding; and the presiding officer's draft of the findings of fact, conclusions, and final order of the Secretary.

§ 900.66 Argument before Secretary.

(a) *Oral argument.* Unless a party has included in his exceptions a request for oral argument or has filed a separate request for oral argument prior to the expiration of the last date for filing such exceptions, it shall be considered that he does not desire to make such oral argument. The granting of a request to make oral argument shall rest in the discretion of the Secretary.

(b) *Briefs.* The parties may, in the discretion of the Secretary, file written briefs either in addition to oral argument or in lieu thereof.

(c) *Scope of argument.* Except where the Secretary determines that argument on additional issues would be helpful, argument, whether oral or in a written brief, shall be limited to the issues raised by the exceptions and statement of objections, or to such issues as the Secretary may indicate. If the Secretary determines that additional issues should be argued, counsel for the parties shall be given reasonable notice of such determination, so as to permit the preparation of adequate argument on all the issues to be argued.

§ 900.67 Consideration and issuance of order.

(a) *Consideration of order.* As soon as practicable after the receipt of the record from the hearing clerk, or in case argument was had, as soon as practicable thereafter, the Secretary, upon the basis of the record, shall begin his consideration of the final order to be issued in the proceeding. If an oral argument was held, the order shall be considered by and shall be issued over the signature of the official who heard such oral argument, unless the parties shall consent to a different arrangement. At no stage of the proceeding between its institution and the issuance of the order shall the Secretary discuss ex parte the merits of the proceeding with any person who is connected with the proceeding in an advocative or an investigative capacity, or with any representative of such person: *Provided, however,* That the Secretary may discuss the merits of the proceeding with such a person if all parties to the proceeding, or their representatives, have been given an opportunity to be present. If, notwithstanding the foregoing provisions of this section, a memorandum or other communication from any party, or from any person acting on behalf of any party, which relates to the merits of the proceeding, receives the personal attention of the Secretary (or, if an official other than the Secretary is to issue the order, then of such other official) during the pendency of the proceeding, such memorandum or communication shall be regarded as argument made in the proceeding and shall be filed with the hearing clerk, who shall serve a copy thereof upon the opposite party to the proceeding, and op-

portunity shall be given the opposite party to file a reply thereto.

(b) *Issuance of order.* The order shall be issued and served upon the parties as the final order in the proceeding without further procedure: *Provided,* That, if the terms of the order differ substantially from those proposed in the report of the presiding officer, the Secretary shall, if he deems it advisable to do so, direct that a copy of the order be served upon the parties as a tentative order; and, in such event, opportunity shall be given the parties to file exceptions thereto and written arguments or briefs in support of such exceptions. In such case, if exceptions are filed within a period of time (to be fixed by the Secretary but not to exceed 20 days) following the service of the tentative order, the Secretary shall give consideration to and shall make such changes in the tentative order as he deems to be appropriate; otherwise, the tentative order shall become final, as of the day following the date of expiration of the period fixed for the filing of exceptions.

§ 900.68 Applications for reopening hearings; for rehearings or rearguments of proceedings; or for reconsideration of orders.

(a) *Petition requisite—(1) Filing; service.* An application for reopening the hearing to take further evidence, or for rehearing or reargument of the proceeding, or for reconsideration of the order shall be made by petition addressed to the Secretary and filed with the hearing clerk, who immediately shall notify and serve a copy thereof upon the other party to the proceeding. Every such petition shall state specifically the grounds relied upon.

(2) *Petitions to reopen hearings.* A petition to reopen the hearing for the purpose of taking additional evidence may be filed at any time prior to the issuance of the final order. Every such petition shall state briefly the nature and purpose of the evidence to be adduced, shall show that such evidence is not merely cumulative, and shall set forth a good reason why such evidence was not adduced at the hearing.

(3) *Petitions to rehear or reargue proceedings, or to reconsider orders.* A petition to rehear or reargue the proceeding or to reconsider the final order shall be filed within 15 days after the date of the service of such order. Every such petition shall state specifically the matters claimed to have been erroneously decided, and alleged errors must be briefly stated.

(b) *Procedure for disposition of petitions.* Within 10 days following the service of any petition provided for in this section, the other party to the proceeding shall file with the hearing clerk an answer thereto. As soon as practicable thereafter, the Secretary shall announce the decision granting or denying the petition. Unless the Secretary shall determine otherwise, the issuance or operation of the order shall not be stayed pending the decision of the Secretary upon the petition. In the event that any such petition is granted by the Secretary, the applicable rules of practice, as set out

elsewhere in this subpart, shall be followed.

§ 900.69 Filing; service; extensions of time; effective date of filing; and computation of time.

(a) *Filing; number of copies.* Except as provided otherwise herein, all documents or papers required or authorized in this subpart to be filed with the hearing clerk shall be filed in quadruplicate: *Provided,* That, if there are more than two parties to the proceeding, a sufficient number of additional copies shall be filed so as to provide for service upon all the parties to the proceeding. Any document or paper, required or authorized in this subpart to be filed with the hearing clerk, shall, during the course of an oral hearing, be filed with the presiding officer.

(b) *Service; proof of service.* Copies of all such papers shall be served upon the parties by the hearing clerk, by the presiding officer, or by some other employee of the Department or by a United States Marshal or his deputy. Service shall be made either (1) by delivering a copy of the document or paper to the individual to be served or to a member of the partnership to be served or to the president, secretary, or other executive officer or any director of the corporation, organization, or association to be served, or to the attorney or agent of record of such individual, partnership, corporation, organization, or association; or (2) by leaving a copy of the document or paper at the principal office or place of business of such individual, partnership, corporation, organization, or association, or of his or its attorney or agent of record; or (3) by registering and mailing a copy of the document or paper, addressed to such individual, partnership, corporation, organization, or association, or to his or its attorney or agent of record, at his or its last known principal office, place of business, or residence. Proof of service hereunder shall be made by the affidavit of the person who actually made the service. The affidavit contemplated herein shall be filed with the hearing clerk, and the fact of filing thereof shall be noted on the docket of the proceeding.

(c) *Extensions of time.* The time for the filing of any documents or papers required or authorized in this subpart to be filed may be extended upon (1) a written stipulation between the parties, or (2) upon the request of a party, by the presiding officer before the transmittal of the record to the Secretary, or by the Secretary at any other time if, in the judgment of the Secretary or the presiding officer, as the case may be, there is good reason for the extension.

(d) *Effective date of filing.* Any document or paper, except a petition filed pursuant to § 900.52, required or authorized under these rules to be filed shall be deemed to have been filed when it is postmarked, or when it is received by the hearing clerk. Any petition filed under § 900.52 shall be deemed to be filed when it is received by the hearing clerk.

(e) *Computation of time.* Sundays and Federal holidays shall be included in computing the time allowed for the filing

of any document or paper: *Provided*, That, when such time expires on a Sunday or legal holiday, such time shall be extended to include the next following business day.

§ 900.70 Applications for interim relief.

(a) *Filing the application.* A person who has filed a petition pursuant to § 900.52 may by separate application filed with the hearing clerk apply to the Secretary or an order postponing the effective date of, or suspending the application of, the marketing order or any provision thereof, or any obligation imposed in connection therewith, pending final determination of the proceeding.

(b) *Contents of the application.* The application shall contain a statement of the facts upon which the relief is requested, including any facts showing irreparable injury. The application must be signed and sworn to by the petitioner and any facts alleged therein which are not within his personal knowledge shall be supported by affidavits of a person or persons having personal knowledge of such facts or by proper documentary evidence thereof.

(c) *Answer to application.* Immediately upon receipt of the application, the hearing clerk shall transmit a copy thereof, together with all supporting papers, to the Deputy Administrator, who shall, within 20 days, or such other time fixed by the Secretary, after the filing of the application file an answer thereto with the hearing clerk.

(d) *Contents of answer.* The answer shall contain a statement of the objections, if any, of the Deputy Administrator to the application for interim relief, and may be supported by affidavits and documentary evidence.

(e) *Transmittal to Secretary.* Upon receiving the answer of the Deputy Administrator or upon the expiration of the time for filing the answer, the hearing clerk shall transmit to the Secretary for his decision all papers filed in connection with the application.

(f) *Hearing and oral argument.* The Secretary may, in his discretion, permit oral argument or the taking of testimony in connection with such application. However, unless written request therefor is filed with the hearing clerk prior to the transmittal of the papers to the Secretary, the parties shall be deemed to have waived oral argument and the taking of testimony.

(g) *Decision by Secretary.* The Secretary may grant or deny the application. Any action taken by the Secretary shall be in the form of an order filed with the hearing clerk and shall contain a brief statement of the reasons for the action taken. The hearing clerk shall cause copies of the order to be served upon the parties.

§ 900.71 Hearing before Secretary.

The Secretary may act in the place and stead of a presiding officer in any proceeding hereunder. When he so acts the hearing clerk shall transmit the record to the Secretary at the expiration of the period provided for the filing of proposed findings of fact, conclusions and orders, and the Secretary shall there-

upon, after due consideration of the record, issue his final order in the proceeding: *Provided*, That he may issue a tentative order in which event the parties shall be afforded an opportunity to file exceptions before the issuance of the final order.

[Lemon Reg. 851, Amdt. 1]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

Findings. 1. Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided will tend to effectuate the declared policy of the act.

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U.S.C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and this amendment relieves restriction on the handling of lemons grown in California and Arizona.

Order, as amended. The provisions in paragraph (b) (1) (ii) of § 953.958 (Lemon Regulation 851; 25 F.R. 5475) are hereby amended to read as follows:

(ii) District 2: 465,000 cartons.

Dated: June 23, 1960.

[Milk Order 73]

PART 973—MILK IN MINNEAPOLIS-ST. PAUL MARKETING AREA

Order Amending Order

§ 973.0 Findings and determinations.

The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Minneapolis-St. Paul marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(2) The parity prices of milk, as determined pursuant to section 2 of the Act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area, and the minimum prices specified in the order as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest;

(3) The said order as hereby amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial or commercial activity specified in, a marketing agreement upon which a hearing has been held.

(4) It is hereby found that the necessary expense of the market administrator for the maintenance and functioning of such agency will require the payment by each handler, as his pro rata share of such expense, 3 cents per hundredweight or such amount not to exceed 3 cents per hundredweight as the Secretary may prescribe, with respect to producer milk (including such handler's own farm production) and to other source milk which is classified as Class I milk.

(b) *Additional findings.* It is necessary in the public interest to make this order amending the order effective not later than July 1, 1960.

The provisions of the said order are known to handlers. The recommended decision of the Deputy Administrator of the Agricultural Marketing Service was issued May 17, 1960, and the decision of the Assistant Secretary containing all amendment provisions of this order, was issued June 9, 1960. The changes effected by this order will not require extensive preparation or substantial alteration marketing of milk, it is hereby found and determined that good cause exists for making this order amending the order effective July 1, 1960, and that it would be contrary to the public interest to delay the effective date of this amendment for 30 days after its publication in the FEDERAL REGISTER. (See section 4(c), Administrative Procedure Act, 5 U.S.C. 1001 et seq.).

(c) *Determinations.* It is hereby determined that:

(1) The refusal or failure of handlers (excluding cooperative associations specified in section 8c(9) of the Act) of more than 50 percent of the milk, which is marketed within the marketing area, to sign a proposed marketing agreement, tends to prevent the effectuation of the declared policy of the Act;

(2) The issuance of this order, amending the order, is the only practical means pursuant to the declared policy of the Act of advancing the interests of producers as defined in the order as hereby amended; and

(3) The issuance of the order amending the order is approved or favored by at least two-thirds of the producers who during the determined representative period were engaged in the production of milk for sale in the marketing area.

Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the Minneapolis-St. Paul marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as hereby amended, and the aforesaid order is hereby amended as follows:

[Milk Order 104]

PART 1004—MILK IN CENTRAL ARIZONA MARKETING AREA

Order Terminating Certain Provisions

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and of the order regulating the handling of milk in the Central Arizona marketing area (7 CFR Part 1004), it is hereby found and determined that:

(a) The following provisions of the order, no longer tend to effectuate the declared policy of the Act;

(1) Sections 1004.17, 1004.18, 1004.31 (b) (1), 1004.72, 1004.80 (c) (2) (ii), 1004.90, 1004.91, and 1004.92;

(2) In § 1004.31 (b) (2) (ii), the provision "including, for the months of January through June, the pounds of base milk,";

(3) In the first sentence of § 1004.71, the words "of the" after the word "each", the letter "s" of the word "months", and the phrase "of July through December";

(4) In § 1004.74, one sign "\$" in the citation "§§ 1004.71", the subsequent phrase "and 1004.72 (for base milk)", and the last complete sentence, "The rates applicable to excess milk shall be determined by dividing the quantity of excess milk specified in § 1004.72 (a) (2) by the total quantity of excess milk and multiplying the result by the rates applicable to base milk."

(5) In § 1004.75 (c), one sign "\$" in the citation "§§ 1004.71" and the subsequent phrase "and 1004.72"; and

(6) In § 1004.80 (a) (2), the phrase "or base milk and excess milk".

(b) Notice of proposed rule making, public procedure thereon, and 30 days notice of effective date hereof are impractical, unnecessary, and contrary to the public interest in that:

(1) This termination order does not require of persons affected substantial or extensive preparation prior to the effective date.

(2) This termination order is necessary to reflect current marketing conditions and to maintain orderly marketing conditions in the marketing area.

(3) The termination order should be made effective July 1, 1960, in order that producers may receive advance notice that their deliveries of milk during the months of August through November of 1960 will not be used as a basis for computing payments during the months of January through June 1961.

(4) The termination will have no effect on the cost of milk to handlers, but will affect the distribution of returns for milk among producers with different seasonal production patterns. Producer organizations presently provides incentives for their member producers to maintain even production throughout the year.

(5) Based on a request for the termination of the base plan, supported by producer associations representing approximately 90 percent of the producers supplying the market, a notice of proposed termination of such provisions was issued June 1, 1960 (25 F.R. 4962), to which interested parties were given opportunity to submit written views, data and arguments. No views in opposition to the proposed termination were received from any producers, nor were any substantive views presented by other interested parties to the effect that such provisions should be retained in the order.

Therefore, good cause exists for making this order effective July 1, 1960.

It is therefore ordered, That the aforesaid provisions of the order are hereby terminated effective July 1, 1960.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Issued at Washington, D.C., this 22d day of June 1960.

CLARENCE L. MILLER,
Assistant Secretary.

[Milk Order 111]

PART 1011—MILK IN MICHIGAN UPPER PENINSULA MARKETING AREA

Order Amending Order

§ 1011.0 Findings and determinations.

The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Michigan Upper Peninsula marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(2) The parity prices of milk, as determined pursuant to section 2 of the Act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area, and the minimum prices specified in the order as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest;

(3) The said order as hereby amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial or commercial activity specified in, a marketing agreement upon which a hearing has been held.

(4) All milk and milk products handled by handlers, as defined in the order as hereby amended, are in the current of interstate commerce or directly burden, obstruct, or affect interstate commerce in milk or its products; and

(5) It is hereby found that the necessary expense of the market administrator for the maintenance and functioning of such agency will require the payment by each handler, as his pro rata share of such expense, 5 cents per hundredweight or such amount not to exceed

5 cents per hundredweight as the Secretary may prescribe, with respect to (i) all receipts within the month of milk from producers including milk of such handler's own production, and (ii) any other source milk allocated to Class I pursuant to § 1011.46(b) and the corresponding step of § 1011.47.

(b) *Additional findings.* It is necessary in the public interest to make this order amending the order effective not later than July 1, 1960. Any delay beyond that date would tend to disrupt the orderly marketing of milk in the marketing area.

The provisions of the said order are known to handlers. The recommended decision of the Deputy Administrator of the Agricultural Marketing Service was issued May 20, 1960, and the decision of the Assistant Secretary containing all amendment provisions of this order, was issued June 9, 1960. The changes effected by this order will not require extensive preparation or substantial alteration in method of operation for handlers. In view of the foregoing, it is hereby found and determined that good cause exists for making this order amending the order effective July 1, 1960, and that it would be contrary to the public interest to delay the effective date of this amendment for 30 days after its publication in the FEDERAL REGISTER. (See sec. 4(c), Administrative Procedure Act, 5 U.S.C. 1001 et seq.)

(c) *Determinations.* It is hereby determined that:

(1) The refusal or failure of handlers (excluding cooperative associations specified in section 8c(9) of the Act) of more than 50 percent of the milk, which is marketed within the marketing area, to sign a proposed marketing agreement, tends to prevent the effectuation of the declared policy of the Act;

(2) The issuance of this order, amending the order, is the only practical means pursuant to the declared policy of the Act of advancing the interests of producers as defined in the order as hereby amended; and

(3) The issuance of the order amending the order is approved or favored by at least three-fourths of the producers who participated in a referendum and who during the determined representative period were engaged in the production of milk for sale in the marketing area.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Michigan Upper Peninsula marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as hereby amended, and the aforesaid order is hereby amended as follows:

1. Amend § 1011.5 to read as follows:
§ 1011.5 Michigan Upper Peninsula marketing area.

(a) "Michigan Upper Peninsula marketing area" (hereinafter referred to as the "marketing area") means all the territory including all municipal corporations within the zones described below in this section.

(b) "Zone 1(a)": The city of Menominee and the townships of Menominee,

Mellen and Ingallston, in Menominee County, Michigan; the town of Peshtigo and the cities of Marinette and Peshtigo in Marinette County, Wisconsin;

(c) "Zone 1": Counties of Delta, Dickinson, Gogebic, Iron, Ontonagon and all territory in Menominee County not included in Zone 1(a), all in the State of Michigan; the town of Niagara and the village of Niagara, in Marinette County; the towns of Aurora and Florence, in Florence County, and the towns of Carey, Kimball, Oma, Pence, Saxon and the cities of Hurley and Montreal in Iron County, all in the State of Wisconsin;

(d) "Zone 2": Counties of Alger, Baraga, Chippewa, Houghton, Keweenaw, Luce, Mackinac, Marquette and Schoolcraft, all in the State of Michigan.

§ 1011.46 [Amendment]

2. Amend § 1011.46(c) to read as follows:

(c) Subtract from the pounds of butterfat remaining in each class the pounds of butterfat in other source milk received during the month in the form of fluid milk products from a plant subject to another marketing agreement or order issued pursuant to the Act as follows:

(1) From Class I, the pounds of such butterfat received in a consumer-packaged form not so packaged in the plant during the month, and disposed of without further processing or packaging; and

(2) In series beginning with the lowest priced utilization, the remaining pounds of such butterfat;

3. Amend § 1011.51 to read as follows:
§ 1011.51 Class I milk price.

Through November 1961, subject to the provisions of § 1011.54, the minimum price to be paid by each handler for milk received at his fluid milk plant from producers or the fluid milk plant of a cooperative association during the month and utilized as Class I milk shall be the basic formula price for the preceding month, plus the applicable amounts specified below for the marketing area zone in which such plant is located. For plants located outside the marketing area and west of Lake Michigan the price (subject to § 1011.55) shall be that specified for Zone 1. For plants located outside the marketing area and east of Lake Michigan the price (subject to § 1011.55) shall be that specified for Zone 2.

Zone	Months of Mar. through June	Months of Jan., Feb., and Dec.	Months of July through Nov.
1(a)-----	\$0.65	\$0.85	\$1.05
1-----	.75	.95	1.15
2-----	.95	1.15	1.35

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

SUBCHAPTER A—MEAT INSPECTION REGULATIONS

PART 14—TANKING AND DENATURING CONDEMNED CARCASSES AND PARTS

Required Permits for Specimens for Educational, Research, and Other Nonfood Purposes

Pursuant to the authority conferred by the Meat Inspection Act, as amended and extended (21 U.S.C. 71-96), § 14.5 of the Meat Inspection Regulations (9 CFR 14.5) is amended to read as follows:

§ 14.5 Specimens for educational, research, and other nonfood purposes; permits for, required.

(a) Specimens of diseased, condemned, or inedible materials, including embryos and specimens of animal parasites, may be released for educational, research or other nonfood purposes under permit issued by the inspector in charge: *Provided*, That the person desiring such specimens makes a written application to such inspector for such permit on M.I. Form 403-10 and arranges with and receives permission from the official establishment to obtain the specimens. Permits shall be issued for a period not longer than one year. The permit may be revoked by the inspector in charge if the specimens are not used as stated in the application, or if the collection or handling of the specimens interferes with inspection or the maintenance of sanitary conditions in the establishment.

(b) The collection and handling of the specimens referred to in paragraph (a) of this section shall be at such time and place and in such a manner as not to interfere with the inspection or to cause any objectionable condition.

(34 Stat. 1264; 21 U.S.C. 89)

The foregoing amendment merely simplifies the procedure for obtaining release from inspected establishments of specimens for research and certain other nonfood purposes, now eligible for such release. In order to be of maximum benefit to affected persons, the amendment should be made effective as soon as possible. Therefore under section 4 of the Administrative Procedure Act (5 U.S.C. 1003) it is found upon good cause that publication of notice of rule-making and other public procedure with respect to the amendment are impracticable and unnecessary and good cause is found for making the amendment effective less than 30 days after publication in the **FEDERAL REGISTER**.

The amendment shall become effective on June 28, 1960.

Title 12—BANKS AND BANKING

Chapter II—Federal Reserve System

SUBCHAPTER A—BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM

[Reg. Q]

PART 217—PAYMENT OF INTEREST ON DEPOSITS

Monthly Payments by Check

§ 217.116 Monthly payment by check of interest on deposits.

(a) The Board has recently considered the question whether a member bank's plan for payment of interest on a one-year time certificate of deposit conforms with the requirements of Part 217. Under this plan the bank would pay interest monthly by means of check in an amount equal to one-twelfth of the amount that would have been paid for the year if the bank had compounded interest quarterly at the maximum permissible rate of 3 percent.

(b) Section 217.6 prohibits a member bank from paying interest on a savings deposit or on a time deposit having a maturity of 6 months or more "at a rate in excess of 3 percent per annum, compounded quarterly, regardless of the basis upon which such interest may be computed." A footnote states that this limitation "is not to be interpreted as preventing the compounding of interest at other than quarterly intervals, provided that the aggregate amount of such interest so compounded does not exceed the aggregate amount of interest at the rate above prescribed when compounded quarterly."

(c) These provisions in effect permit a member bank to pay interest in an amount somewhat greater than that paid on a straight 3 percent basis if the bank's practice is to compound interest, provided that on whatever basis interest is compounded the amount "so compounded" does not exceed the amount that would have been paid at the maximum rate when compounded quarterly. The regulation does not prevent a member bank from paying interest monthly by check instead of compounding interest. However, the regulation does not contemplate payment of interest in excess of a straight or simple rate of 3 percent except where it is paid on interest left in the account, that is, where interest is compounded. Accordingly, a plan under which monthly payments are made by check in an amount equal to one-twelfth of the amount that would have been paid for a year if the bank had compounded interest quarterly at

a rate of 3 percent would not be in accordance with the regulation.

(d) The same principles would, of course, apply to monthly payments of interest by check on a time deposit having a maturity of less than 6 months and on which the maximum permissible rate would be 2½ percent or 1 percent. They would equally apply to monthly payments of interest on savings deposits.

[Reg. U]

PART 221—LOANS BY BANKS FOR THE PURPOSE OF PURCHASING OR CARRYING REGISTERED STOCKS

Capacity as Trustee

§ 221.112 Loans by bank in capacity as trustee.

(a) The Board's advice has been requested whether a bank's activities in connection with the administration of an employees' savings plan are subject to Part 221.

(b) Under the plan, any regular, full-time employee may participate by authorizing the sponsoring company to deduct a percentage of his salary and wages and transmit the same to the bank as trustee. Voluntary contributions by the company are allocated among the participants. A participant may direct that funds held for him be invested by the trustee in insurance, annuity contracts, Series E Bonds, or in one or more of three specified securities which are listed on a stock exchange. Loans to purchase the stocks may be made to participants from funds of the trust, subject to approval of the administrative committee, which is composed of five participants, and of the trustee. The bank's right to approve is said to be restricted to the mechanics of making the loan, the purpose being to avoid cumbersome procedures.

(c) Loans are secured by the credit balance of the borrowing participants in the savings fund, including stock, but excluding (in practice) insurance and annuity contracts and government securities. Additional stocks may be, but, in practice, have not been pledged as collateral for loans. Loans are not made, under the plan, from bank funds, and participants do not borrow from the bank upon assignment of the participants' accounts in the trust.

(d) It is urged that loans under the plan are not subject to this Part 221 because a loan should not be considered as having been made by a bank where the bank acts solely in its capacity of trustee, without exercise of any discretion.

(e) The Board reviewed this question upon at least one other occasion in recent years, and full consideration has again been given to the matter. After considering the arguments on both sides, the Board has reaffirmed its earlier view that, in conformity with in interpretation not published in CFR which was published at page 874 of the 1946 Federal Reserve Bulletin, this Part 221 applies to the activities of a bank when it is acting in its capacity as trustee. Although the bank in that case had at best a limited discretion with respect to loans made by it in its capacity as trustee, the Board concluded that this fact did not affect the application of the regulation to such loans.

Title 14—AERONAUTICS AND SPACE

Chapter III—Federal Aviation Agency

SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Airspace Docket No. 59-KC-6]

PART 600—DESIGNATION OF FEDERAL AIRWAYS

Modification

On December 16, 1959, a notice of proposed rule making was published in the FEDERAL REGISTER (24 F.R. 10161) stating that the Federal Aviation Agency proposed the realignment of the north alternate to VOR Federal airway No. 14 and the south alternates to VOR Federal airways No. 14 and 210 between Terre Haute, Ind., and Indianapolis, Ind.

Subsequent to the notice, further study revealed that the intersection of Victor

14 S and Victor 210 S via the Terre Haute VOR 080° True and the Indianapolis VORTAC 230° True radials would not coincide with the intersection formed by VOR Federal airway No. 11 W. Therefore, the south alternates to Victor 14 and Victor 210 are designated via the Terre Haute VOR 079° True and the Indianapolis VORTAC 230° True radials. This change is minor in nature in that it represents a correction of only one degree and is reflected in the amendment. The notice stated that the north alternate to Victor 14 between Terre Haute and Indianapolis was a standard alternate. This alternate airway had been nonstandard and is being realigned as a standard alternate. The amendment to § 600.6210 includes a change in the caption of the section to more accurately describe the airway. Relocation of the Terre Haute VOR has been rescheduled and will now be commissioned on the new site approximately October 20, 1960.

No adverse comments were received regarding the proposed amendments.

Interested persons have been afforded an opportunity to participate in the making of the rules herein adopted, and due consideration has been given to all relevant matter presented.

The substance of the proposed amendments having been published, therefore, pursuant to the authority delegated to me by the Administrator (24 F.R. 4530) and for the reasons stated in the notice, §§ 600.6014 (24 F.R. 10506; 25 F.R. 5328) and 600.6210 (24 F.R. 10522; 25 F.R. 5329) are amended as follows:

1. In the text of § 600.6014 VOR Federal airway No. 14 (Roswell, N. Mex., to Boston, Mass.), delete "including a north alternate via the INT of the Terre Haute VOR 052° and the Indianapolis VOR 273° radials and also a south alternate via the Terre Haute VOR 082° and the Indianapolis VOR 230° radials;" and substitute therefor "including a north alternate and a south alternate via the INT of the Terre Haute VOR 079° True and the Indianapolis VORTAC 230° True radials;"

2. Section 600.6210 VOR Federal airway No. 210 (Los Angeles, Calif., to Imperial, Pa.):

(a) In the caption delete "(Los Angeles, Calif., to Imperial, Pa.)" and substitute therefor "(Los Angeles, Calif., to Pueblo, Colo., and Kansas City, Mo., to Imperial, Pa.)."

(b) In the text delete "Terre Haute omnirange 082° and the Indianapolis omnirange 230° radials;" and substitute therefor "Terre Haute VOR 079° True and the Indianapolis VORTAC 230° True radials;"

These amendments shall become effective 0001 e.s.t., November 17, 1960.

On March 26, 1960, a notice of proposed rule making was published in the *FEDERAL REGISTER* (25 F.R. 2590) stating that the Federal Aviation Agency proposed to extend VOR Federal airway No. 263 and its associated control areas from Lamar, Colo., to Santa Fe, N. On April 9, 1960, a notice of proposed rule making was published in the *FEDERAL REGISTER* (25 F.R. 3087) stating that the Federal Aviation Agency was proposing to designate VOR Federal airway No. 307 and associated control areas from the Victoria, British Columbia, L/MF radio range direct to the Vancouver, British Columbia, VOR, excluding that portion outside the United States.

No adverse comments were received regarding the proposed amendments.

Interested persons have been afforded an opportunity to participate in the making of the rules herein adopted, and due consideration has been given to all relevant matter presented.

The substance of the proposed amendments having been published, therefore, pursuant to the authority delegated to me by the Administrator (24 F.R. 4530) and for the reasons stated in the notice, Parts 600 (24 F.R. 10487) and 601 (24 F.R. 10530) are amended by adding the following:

CONTINENTAL CONTROL AREA,
CONTROL AREAS, CONTROL
ZONES, REPORTING POINTS, AND
POSITIVE CONTROL ROUTE SEG-
MENTS****Revocation of Prohibited Area and
Modification of Control Area Ex-
tension**

The purpose of these amendments is to modify Executive Order 10127 by repealing the airspace reservation, hereinafter referred to as Prohibited Area (P-78), established over the Clinton Engineering Works, Oak Ridge, Tenn., and to amend § 601.1126 of the regulations of the Administrator by modifying the Knoxville, Tenn., control area extension.

The Clinton Engineering Works Prohibited Area (P-78) was established at Oak Ridge by Presidential Executive Order 10127 (paragraph 1 thereof) dated May 23, 1950 (15 F.R. 3171) at the request of the Atomic Energy Commission for national defense and other governmental purposes. The prohibited area is in effect continuously from the surface to an unlimited altitude and encompasses the area beginning at latitude 36°00'25" N., and longitude 84°07'05" W.; thence to latitude 35°51'35" N., longitude 84°16'25" W.; thence to latitude 35°52'10" N., longitude 84°24'15" W.; thence to latitude 35°55'45" N., longitude 84°29'30" W.; thence to latitude 36°05'05" N., longitude 84°13'30" W.; thence to the point of beginning.

The Federal Aviation Agency has received information from the Atomic Energy Commission stating that there is no longer a requirement for this prohibited area. Therefore, the retention of Prohibited Area P-78 is no longer justified as an assignment of airspace and the revocation thereof is in the public interest.

A portion of the Knoxville, Tenn., control area extension penetrates Prohibited Area P-78 and is excluded from P-78 in the control area extension's description. Since the action taken herein revokes P-78, the reference to P-78 in the description of the Knoxville control area extension is no longer required and is deleted.

Since this amendment reduces a burden on the public, compliance with the notice, public procedure, and effective date requirements of section 4 of the Administrative Procedure Act is unnecessary and it may be made effective immediately.

In consideration of the foregoing, the following action is taken:

1. In Executive Order 10127 (15 F.R. 3171), the Clinton Engineering Works, Oak Ridge, Tenn., Prohibited Area (P-

78) (Chattanooga and Nashville Charts) is revoked.

2. In the text of § 601.1126 (24 F.R. 10553), "The airspace which lies within Prohibited Area P-78 is excluded." is deleted.

These amendments shall become effective upon the date of publication in the *FEDERAL REGISTER*.

PART 608—RESTRICTED AREAS

Modification and Redesignation

The purpose of this amendment to § 608.13 of the regulations of the Administrator is to divide the Fort Chaffee, Ark., Restricted Area (R-215) (Little Rock Chart) into a west area (R-215A) and an east area (R-215B); modify the designated altitudes and time of use, and change the controlling agency.

Restricted Area (R-215) is presently designated from the surface to 26,000 feet MSL; time of use continuous, and the controlling agency, the Commanding General, Fort Chaffee, Ark. A joint Federal Aviation Agency, Department of the Army study of the activities currently conducted in this area indicated that certain modifications in the description and time of use of the area are feasible and would promote the more efficient utilization of airspace. The area, when restricted, will be utilized by reserve components of the Department of the Army for training purposes. Small arms firing to include pistols, rifles, machine guns, mortars and rocket launchers will be conducted in the west segment of the area (R-215A). Firing of heavy field artillery, to include 8-inch howitzers, will be conducted in the east portion of the area (R-215B). These activities will be confined to the summer months and to Saturdays and Sundays for the balance of the year.

Restricted Area (R-215A) will include the section of existing Restricted Area (R-215) which lies west of Arkansas State Highway 96 and will be designated as Surface to 6,000 feet MSL. The time of designation shall be 0500 to 2200 local time, Monday through Saturday, July 1 through August 31; and 0500 to 1800 local time, Saturday and Sunday, September 1 through June 30.

Restricted Area (R-215B) will consist of that section of existing Restricted Area (R-215) which lies east of State Highway 96 and will be designated as Surface to 26,000 feet MSL. The time of designation shall be 0500 to 2200 local time, Monday through Saturday, July 1 through August 31; and 0500 to 1800 local time, Saturday and Sunday, September 1 through June 30. The con-

trolling agency of both areas shall be the Federal Aviation Agency. The Department of the Army concurs that these modified areas will adequately meet their current requirements.

Since this amendment reduces a burden on the public, compliance with the notice, public procedure, and effective date requirements of section 4 of the Administrative Procedure Act is unnecessary.

In consideration of the foregoing, the following action is taken:

1. Section 608.13 *Arkansas* (23 F.R. 8576; 24 F.R. 2233) is amended as follows:

(a) Fort Chaffee, Arkansas (R-215) (Little Rock Chart) is revoked.

(b) Fort Chaffee, Arkansas, Restricted Area (R-215A) (Little Rock Chart) is added to read:

Description by geographical coordinates.

(c) Fort Chaffee, Arkansas, Restricted Area (R-215B) (Little Rock Chart) is added to read:

Description by geographical coordinates.

PART 608—RESTRICTED AREAS

Modification and Revocation

On September 19, 1959, a notice of proposed rule making was published in the *FEDERAL REGISTER* (24 F.R. 7585) stating that the Federal Aviation Agency was proposing an amendment to § 608.14 of the regulations of the Administrator, which would modify the following restricted areas in the State of California: Complex (R-484), Camp Irwin (R-276), Cuddeback Dry Lake (R-447), Trona (R-277), Muroc Lake (R-279), Saline Valley (R-485), all located within Complex R-484 and Bullion Mountains (R-344).

As stated in the notice, the Federal Aviation Agency proposed to combine the Saline Valley Restricted Area (R-485) with Complex Restricted Area (R-484) within which it is presently encompassed. Although the notice proposed to enlarge the combined geographical area, such action is not now being taken for reasons contained herein.

The Camp Irwin (R-276), Cuddeback Dry Lake (R-447), Trona (R-277), and the Muroc Lake (R-279) restricted areas, all contained within Complex (R-484) were proposed to be combined as the Muroc Lake, Calif., Restricted Area (R-279). The geographical area encompassed by this proposed modification would not change.

The Bullion Mountains Restricted Area (R-344) was to be modified by revoking the portion in the northwest corner of the restricted area which overlies VOR Federal airways Nos. 8, 21, 1518, and 1520, thereby relieving these airways from present altitude restriction.

A public hearing was held October 29, 1959, at the Mission Inn Hotel, Riverside, Calif., at which time all interested persons were given an opportunity to submit views or arguments, in writing or orally concerning the proposal.

As a result of the hearing, certain positions have been brought to the attention of the Federal Aviation Agency. The Department of Defense states that no requirement exists at this time for the expansion of Complex (R-484) to the north and west as proposed. Further, the consolidation of these restricted areas and redesignation as two separate restricted areas is not practical from a users standpoint because of the many differing agencies within the Department of Defense and the various segments of the aviation industry using the areas for flight test purposes. They also requested that the modification of the southwest corner of Complex (R-484) be held in abeyance pending further study of its effect on the Palmdale, Calif., terminal area. The Federal Aviation Agency does not consider the designation of a restricted area for the purpose of protecting terminal military traffic justified since this is not the purpose for which restricted areas are intended.

The Aerospace Industries Association concurred with the Department of Defense comments.

The California Aeronautics Commission, California Association of Airports and the County of San Bernardino, Calif., concurred in the proposal provided no lower altitude restrictions were placed on Complex (R-484). They also recommended that the Federal Aviation Agency be designated the controlling agency of Complex (R-484) and all restricted areas contained within the Complex as well as R-344. Mr. Robert C. Davis, owner and operator of the Ridgecrest-Davis Airport, Ridgecrest, Calif., concurred in the proposal.

In so far as the actions proposed in 59-WA-174 are concerned, Mr. Albert J. Huber, Aviation Director, Kern County, Calif., concurred in the combining of R-279 and Complex (R-484) and recommended a central controlling agency be designated for the entire complex.

As a result of the hearing and all other available data, the Federal Aviation Agency is taking the following action: Complex (R-484), external boundary of R-484 and area to remain as presently designated with the exception of the southwest corner, and that will be designated along the following coordinates from latitude 34°56'00" N., longitude 118°21'00" W., to latitude 35°15'00" N., longitude 118°35'00" W. Bullion Mountains Restricted Area (R-344), boundary to remain as presently designated with the exception of the northwest corner and that will be designated along coordinates latitude 34°30'00" N., longitude 116°26'30" W., to latitude 34°40'30" N., longitude 116°29'40" W., to latitude 34°43'00" N., longitude 116°26'20" W. The above boundary redesignations will reduce to a slight extent the size of restricted areas R-344 and Complex (R-484) thereby providing additional airspace that will permit airway widths in the area to meet the minimum criteria. Saline Valley Restricted Area (R-485), located within the geographical boundaries of Complex Restricted Area (R-484) is being revoked because the report required by Special Airspace Regulation No. 1 (24 F.R. 5898) did not indicate sufficient utilization or justification for its continued separate designation. However, as pointed out in the Notice, R-485 was under joint use and, thus, there remains justification for the retention of the area within the confines of R-484. The remaining restricted areas will remain as presently designated with the exception of the controlling agency for Complex (R-484), including the restricted areas therein, and R-344 which are changed to the Federal Aviation Agency.

No other comments were received concerning the proposed amendments.

Interested persons have been afforded an opportunity to participate in the making of the rules herein adopted, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the following action is taken:

In § 608.14 California:

(a) The Complex, Calif., Restricted Area (R-484) (Los Angeles-Mt. Whitney Charts) (23 F.R. 8577) is amended as follows:

PART 608—RESTRICTED AREAS

Designation of Restricted Area/ Military Climb Corridor

On December 5, 1959, a notice of proposed rule making was published in the FEDERAL REGISTER (24 F.R. 9792) stating that the Federal Aviation Agency was considering an amendment to § 608.14 of the regulations of the Administrator which would designate a Restricted

Area/Military Climb Corridor at George Air Force Base, Victorville, Calif.

As stated in the notice, the military climb corridor, designated as a restricted area, would confine high speed, high rate-of-climb Century series aircraft departing from the airbase on active air defense missions within a relatively small area. The restricted area would provide protection for these aircraft and other users of the airspace during the climb phase of the air defense mission.

The notice described the proposed Restricted Area/Military Climb Corridor as being centered on the 250° True radial of the George Air Force Base TVOR, extending from 5 statute miles west of the airbase to 30 statute miles west of the airbase expanding uniformly from a width of 2 statute miles at the beginning to 4.6 statute miles at the outer extremity. The lower altitude limits would extend in graduated steps from 4,900 feet MSL to 21,900 feet MSL. The upper altitude limits would extend in graduated steps from 17,900 feet MSL to 27,000 feet MSL. The time of use would be continuous, and the controlling agency would be George Air Force Base Approach Control. The controlling agency of a Restricted Area/Military Climb Corridor will authorize aircraft to operate within and through the area when it is not in use.

Comments objecting to the designation of this Restricted Area/Military Climb Corridor were submitted by sailplane soaring associations and organizations and from the owner of the El Mirage Field. The El Mirage Field is a small field approximately 12 miles west of George AFB which functions primarily as a base serving sailplane and soaring activities. Mr. William G. Briegleb, owner of El Mirage states that the corridor will seriously affect flying in the area and curtail activities at his field. Mr. Briegleb questions the necessity for the low floor of the corridor, or for the designation of a corridor at all. Other comments from interested groups and organizations state and contend: that while the purpose and safety feature of a military climb corridor is recognized, objection is made regarding the location and configuration of this corridor; that sailplanes do not have sufficient radio equipment to obtain clearance through such a restricted area when it is not in use; that the floor of the proposed corridor is unnecessarily low in its first stages; that if a corridor must be used, it should be centered on a radial of the George AFB TVOR between 200° and 220° True; that the corridor will seriously hinder sailplane activity at El Mirage Field; that such restrictions to civil aviation "far outnumber and outweigh the military benefits", and that the corridor would conflict with El Mirage Field, Hansen Airport and Federal airways Green 4, Blue 14, and Victor 12, Victor 137 and Victor 201. These comments, received from the Soaring Society of America, Inc.; the Southern California Soaring Association, Inc.; the Antelope Valley Soaring Club, and the California Aeronautics Commission, all reflect concern over the adverse effects the corridor

will have on soaring activities at El Mirage Field.

Similar written objections to the corridor, though not received in response to the Notice, but resulting from the original proposal as presented before the Regional Airspace Subcommittee of the Air Coordinating Committee, have also been given careful consideration.

The Federal Aviation Agency fully appreciates its responsibilities in serving all aviation interests and will continue to exert every effort toward the equitable and efficient allocation of airspace consistent with safety and military defense requirements. In this instance, an Air Defense commitment exists at George AFB, and increased safety to all users of surrounding airspace dictates the designation of a restricted area/military climb corridor. George AFB is situated in a complex area surrounded by Federal airways. Designating the corridor to the west from George AFB will cause conflict with segments of Federal airways Blue 14 and Victor 137, and may result in a proposal to revoke these segments. However, these are the least used of the surrounding airway segments that would otherwise be affected. Also, it is necessary to as closely as practicable approximate the scramble runway heading in designating a climb corridor. In order to alleviate the impact of the climb corridor on the soaring activities at El Mirage Field, the corridor is designated on the 242° True radial of the George AFB TVOR rather than the 250° True radial as proposed in the notice. This aligns the corridor as far south and away from El Mirage as possible without conflicting with heavily traveled Federal airways Victor 210 and Victor 8 north. Centered on this radial, the corridor will not conflict with Federal airways Green 4, Victor 12 or Victor 201, nor with the Hansen Airport. To further relieve, to all extent possible, the restrictive effect on local soaring activities, the floor of the corridor is modified herein in the stages between 7 and 15 statute miles from the airbase, with the exception of the 10-mile stage, by redefining the length of the stages and by raising the floor from that proposed in the Notice in the 7 through 9 and the 11 through 14-mile stages. This will result in the floor of the corridor being 4,900 feet MSL from 5 statute to 7 statute miles from the airbase; 5,900 feet MSL from 7 to 8 statute miles; 6,900 feet MSL from 8 to 9 statute miles; 7,900 feet MSL from 9 to 10 statute miles; 8,900 feet MSL from 10 to 11 statute miles; 9,900 feet MSL from 11 to 12 statute miles; 10,900 feet MSL from 12 to 13 statute miles; and 11,900 feet MSL from 13 to 15 statute miles, rather than the standard floor of 4,900 feet MSL from 5 to 10 statute miles from the airbase and 8,900 feet MSL from 10 to 15 statute miles as proposed in the Notice. The Department of the Air Force has concurred in these modifications of the proposal. It is true that to allow aircraft to transit the restricted area when it is not in use, the controlling agency must have two-way radio contact with such aircraft to exercise this controlling authority. However, in modifying the alignment and the floor of the corridor, additional airspace

has been provided which soaring aircraft may traverse without entering the corridor and obtaining the necessary clearance to do so.

The notice stated that the controlling agency of the climb corridor would be the George Air Force Base Approach Control. Subsequent to publication of the notice, the Palmdale Approach Control was commissioned and is providing approach control service for George AFB. Accordingly, Palmdale Approach Control is designated as the controlling agency.

No other adverse comments were received regarding the proposed amendment.

Interested persons have been afforded an opportunity to participate in the making of the rule herein adopted, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the following action is taken:

In § 608.14 *California*, (25 F.R. 8576) add the following:

PART 608—RESTRICTED AREAS

Modification

The purpose of this amendment to § 608.22 of the regulations of the Admin-

istrator is to change the time of designation of the Camp Atterbury, Ind., Restricted Area (R-65) (Cincinnati Chart) from "Continuous" to "Sunrise to sunset."

Activities conducted in Restricted Area (R-65) consist of artillery firing, bombing, air-to-ground firing and aerial gunnery. The Department of the Army has requested that the time of designation for this restricted area be changed from "Continuous" to "Sunrise to sunset".

Since this amendment reduces a burden on the public, compliance with the notice, public procedure and effective date requirements of Section 4 of the Administrative Procedure Act is unnecessary and it may be made effective immediately.

In consideration of the foregoing, the following action is taken:

In § 608.22, the Camp Atterbury, Ind., Restricted Area (R-65) (Cincinnati Chart) (23 F.R. 8580, 24 F.R. 2233, 3875, 7982) is amended by deleting "Continuous." and substituting therefor "Sunrise to sunset."

This amendment shall become effective upon the date of publication in the FEDERAL REGISTER.

PART 608—RESTRICTED AREAS

Designation of Restricted Area/ Military Climb Corridor

On November 24, 1959, a notice of proposed rule making was published in the FEDERAL REGISTER (24 F.R. 9431) stating that the Federal Aviation Agency was considering an amendment to § 608.27 of the regulations of the Administrator which would designate a Restricted Area/Military Climb Corridor at Loring Air Force Base, Limestone, Maine.

As stated in the notice, the Military Climb Corridor, designated as a Restricted Area, will confine the high-speed, high rate-of-climb Century series air defense aircraft, departing from the base on active air defense missions, within a relatively small area. The Restricted Area will provide protection for high speed air defense aircraft and other users of the airspace during the climb phase of the air defense aircraft mission. A portion of this Military Climb Corridor will extend into Canada. The Department of Transport of the Canadian Government has no objection to the extension of this Military Climb Corridor into the Province of New Brunswick, and agrees to designate the Canadian portion as Restricted Airspace. The overall dimensions of the proposed Restricted Area/Military Climb Corridor, including the Canadian and United States portions will be as follows:

That area centered on the 353° True radial of the Loring AFB TACAN from

5 statute miles north of the airbase to 32 statute miles north of the airbase, 2 statute miles wide at the beginning and uniformly expanding to a width of 4.6 statute miles at the outer extremity. The lower altitude limits in graduated steps will extend from 2,750 feet MSL to 19,750 feet MSL. The upper altitude limits will extend from 15,750 feet MSL to 27,000 feet MSL. Time of use will be continuous. The controlling agency will be the Loring AFB Approach Control. The controlling agency will authorize aircraft to operate within the Climb Corridor when not in use by active air defense aircraft.

No adverse comments were received regarding the proposed amendment. However, the Aircraft Owners and Pilots Association/National Aviation Trades Association Airspace Representative requested that consideration be given to raising the floor of the corridor in the areas from 6 to 7 and 7 to 10 statute miles from the airbase. The Federal Aviation Agency has coordinated this recommendation with the Department of the Air Force. The Air Force has indicated a requirement to maintain the present configuration of the climb corridors due to aircraft operating characteristics.

Interested persons have been afforded an opportunity to participate in the making of the rule herein adopted, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the following action is taken:

In § 608.27 *Maine*, (23 F.R. 8581) add the following:

Limestone, Maine (Loring AFB), Restricted Area/Military Climb Corridor (R-584) (Aroostook Chart).

Description. That area centered on the 353° True radial of the Loring AFB TACAN extending from 5 statute miles N of the airbase to 32 statute miles N of the airbase having a width of 2 statute miles at the beginning and a width of 4.6 statute miles at the outer extremity, excluding that portion which lies outside of the United States.

Designated altitudes.
2,750' MSL to 15,750' MSL from 5 statute miles N of the airbase to 6 statute miles N of the airbase.

2,750' MSL to 24,750' MSL from 6 to 7 statute miles N of the airbase.

2,750' MSL to 27,000' MSL from 7 to 10 statute miles N of the airbase.

6,750' MSL to 27,000' MSL from 10 to 15 statute miles N of the airbase, except that portion outside the United States.

10,750' MSL to 27,000' MSL from 15 statute miles N of the airbase northward to the United States/Canadian Border.

Time of designation. Continuous.

Controlling agency. Loring AFB Approach Control.

This amendment shall become effective 0001 e.s.t. August 25, 1960.

(Secs. 307(a), 313(a), 72 Stat. 749, 752; 49 U.S.C. 1348, 1354)

PART 608—RESTRICTED AREAS

Modification

The purpose of this amendment to § 608.29 of the regulations of the Administrator is to change the designated altitudes of the Camp Edwards, Mass., Restricted Area (R-14) (Boston Chart) from "surface to 26,000 feet" to "surface to 13,000 feet MSL".

Activities within R-14 consists of 105 mm and 155 mm howitzer firing. The Department of the Army no longer has a requirement for the airspace above 13,000 feet MSL within this restricted area and has concurred in the action to reduce the upper limit of Restricted Area (R-14) to 13,000 feet MSL.

Since this amendment reduces a burden on the public, compliance with the notice, public procedure, and effective date requirements of section 4 of the Administrative Procedure Act is unnecessary and it may be made effective immediately.

In consideration of the foregoing, the following action is taken:

In § 608.29 the *Camp Edwards, Mass., Restricted Area (R-14) (Boston Chart)* (23 F.R. 8582) is amended by deleting "Surface to 26,000 feet." and substituting therefor "Surface to 13,000 feet MSL."

This amendment shall become effective upon the date of publication in the FEDERAL REGISTER.

PART 608—RESTRICTED AREAS

Modification of Restricted Area/ Military Climb Corridor

On November 11, 1959, a notice of proposed rule-making was published in the FEDERAL REGISTER (24 F.R. 9212) stating that the Federal Aviation Agency was considering an amendment to § 608.38 of the regulations of the Administrator which would modify the upper altitude limits of the Wrightstown (McGuire AFB), N.J., Restricted Area/Military Climb Corridor (R-539).

As stated in the notice, the present McGuire AFB climb corridor extends from a point 5 statute miles southwest of the airbase on the 226° True radial of the McGuire TVOR to a point 32 statute miles southwest of the airbase. The lower altitude limits extend in graduated steps from 2,100 feet MSL to 19,100 feet MSL. The upper altitude limits extend from 10,100 feet MSL to 27,000 feet MSL. The upper altitude limits of the present climb corridor will not contain later models of the Century series aircraft due to the ability of the aircraft to reach high speed and high rate of climb in a short time after takeoff. Accordingly,

to provide protection for the air defense Century series aircraft and other aircraft operating in the vicinity of the airbase, the Federal Aviation Agency is raising the upper altitude limits of the climb corridor. This action will result in the upper altitude limits of the McGuire AFB climb corridor extending from 15,100 feet MSL to 27,000 feet MSL.

No adverse comments were received regarding the proposed amendment. However, the Aircraft Owners and Pilots Association/National Aviation Trades Association Airspace Representative requested that consideration be given to raising the floor of the corridor in the steps from 6 to 7 and 7 to 10 statute miles from the airbase. The Federal Aviation Agency has coordinated this recommendation with the Department of the Air Force. The Air Force has indicated a requirement to maintain the present configuration of the climb corridors due to aircraft operating characteristics.

Interested persons have been afforded an opportunity to participate in the making of the rule herein adopted, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the following action is taken:

In § 608.38 *New Jersey, Wrightstown (McGuire AFB), N.J., Restricted Area/Military Climb Corridor (R-539) (Washington Chart)* (24 F.R. 1832) is amended to read:

Description. That area centered on the 226° True radial of the McGuire TVOR extending from 5 statute miles SW of the airbase to 32 statute miles SW of the airbase having a width of 2 statute miles at the beginning and a width of 4.6 statute miles at the outer extremity.

Designated altitudes.

2,100' MSL to 27,000' MSL from 7 to 10 statute miles SW of the airbase.

6,100' MSL to 27,000' MSL from 10 to 15 statute miles SW of the airbase.

10,000' MSL to 27,000' MSL from 15 to 20 statute miles SW of the airbase.

15,100' MSL to 27,000' MSL from 20 to 25 statute miles SW of the airbase.

19,100' MSL to 27,000' MSL from 25 to 32 statute miles SW of the airbase.

Modification of Restricted Area/ Military Climb Corridor

On November 11, 1959, a notice of proposed rule-making was published in the FEDERAL REGISTER (24 F.R. 9213) stating that the Federal Aviation Agency was considering an amendment to § 608.40 of the regulations of the Administrator which would modify the upper altitude limits of the Rome (Griffiss AFB), N.Y., Restricted Area/Military Climb Corridor (R-544).

As stated in the notice, the present Griffiss AFB climb corridor extends from a point 5 statute miles northwest of the airbase on the 138° True and the 318° True radials of the Griffiss TVOR to a point 32 statute miles northwest of the airbase. The lower altitude limits extend in graduated steps from 2,500 feet MSL to 19,500 feet MSL. The upper altitude limits extend from 10,500 feet MSL to 27,000 feet MSL. The upper altitude limits of the present climb corridor will not contain later models of the Century series aircraft due to the ability of the aircraft to reach high speed and high rate of climb in a short time after takeoff. PART 608—RESTRICTED AREAS

Modification

The purpose of this amendment to § 608.57 of the regulations of the Administrator is to change the time of designation of the Volk Field, Wis., Restricted Area (R-468) (Twin Cities and Green Bay Charts) from "day and night" to "sunrise to sunset, June 1 to August 31, and on Friday, Saturday, and Sunday, September 1 through May 31, excepting January and February," and the designated altitude from "12,000 feet" to "surface to 12,000 feet MSL".

The U.S. Air Force has advised that Air National Guard units conducting air-to-ground gunnery in Restricted Area (R-468) no longer have a requirement for the area, other than as specified above, and has concurred in the action to reduce the time of use.

Since this amendment reduces a burden on the public, compliance with the notice, public procedure and effective date requirements of section 4 of the Administrative Procedure Act is unnecessary and it may be made effective immediately.

In consideration of the foregoing, the following action is taken:

In § 608.57 the Volk Field, Wis., Restricted Area (R-468) (Twin Cities and Green Bay Charts) (23 F.R. 8590, 24 F.R. 7637) is amended as follows: In the text delete "Designated altitudes."

12,000 feet. *Time of designation.* Day and night," and substitute therefor "Designated altitudes. This amendment shall become effective upon the date of publication in the FEDERAL REGISTER.

In the Matter of Alvin M. Hayim, and Ella M. Hayim, Individually and as Copartners Doing Business as Hayim & Company

This proceeding was heard by a hearing examiner on the complaint of the Commission charging New York City distributors of rugs and floor coverings, many of them of foreign origin, with representing falsely on attached labels, invoices, price lists, etc., that they manufactured their products; that certain mixed fiber rugs were composed entirely of wool and that others were predomi-

nantly of wool; and that some, branded with American place names, were made in the United States.

Following acceptance of a consent agreement, the hearing examiner made his initial decision and order to cease and desist which became on May 12 the decision of the Commission.

Said order to cease and desist is as follows:

It is ordered, That respondents Alvin M. Hayim and Ella M. Hayim, as individuals or as copartners trading and doing business as Hayim & Company, or under any other trade name, and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of rugs or floor coverings or any other textile product in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing, directly or indirectly, through the use of the word "manufacturer" or by any other means that respondents own, operate or control the manufacturing plant or facilities in which the aforesaid products are made in whole or in part, unless such shall be the fact;

2. Using the terms "wool" or "all wool" or any other word or term indicative of wool, to designate or describe any product or portion thereof which is not composed wholly of wool, the fiber from the fleece of the sheep or lamb, or hair of the Angora or Cashmere Goat, or hair of the camel, alpaca, llama or vicuna, which has never been reclaimed from any woven or felted product; provided, that in the case of products or portions thereof which are composed in substantial part of wool and in part of other fibers or materials, the term "wool" may be used as descriptive of the wool content of the product or portion thereof if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully designated each constituent fiber or material thereof in the order of its predominance by weight; provided further, that if any fiber or material so designated is not present in a substantial quantity, the percentage thereof shall be stated. Nothing herein shall prohibit the use of the terms "reprocessed wool" or "reused wool" when the products or those portions thereof referred to are composed of such fibers;

3. Using the words "Southampton", "Bar Harbor", "Northampton", "Miami Shores", "Palm Beach", or "Pinehurst", or any other distinctively American name in advertising or in labeling to designate or describe the aforesaid products which are not in fact made in the United States, or using any other word or term in advertising or in labeling as descriptive of the aforesaid products which represents, directly or indirectly, that said products are made in a country other than the one in which they are in fact made, without clearly and conspicuously revealing in immediate connection with each of the aforesaid names, words or terms, the actual country of origin of such products: *Pro-*

vided, however, That nothing herein shall relieve the respondents from their obligation to comply with the requirements of the Textile Fiber Products Identification Act after the effective date thereof or forbid the respondents thereafter from labeling and otherwise offering products subject to that Act in the manner prescribed thereby and rules and regulations promulgated thereunder by the Commission.

The terms "reprocessed wool" and "reused wool", as herein used, are to be defined as in section 2(c) and section 2(d) of the Wool Products Labeling Act.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents Alvin M. Hayim and Ella M. Hayim, individually and as copartners doing business as Hayim & Company, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: May 12, 1960.

By the Commission.

Secretary.

In the Matter of Independent Quilting Company, Inc., a Corporation, and Abraham Saltzman, Larry Greenwald, and Emmett Greenwald, Individually and as Officers of Said Corporation

The complaint in this case charged New York City manufacturers with violating the Wool Products Labeling Act by tagging and invoicing as "100% Reprocessed Wool" and "80% Reused Wool, 20% other fibers", wool products which contained substantially less wool than so indicated.

Accepting an agreement for a consent order, the hearing examiner made his initial decision and order to cease and desist which became on May 13 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Independent Quilting Company, Inc., a corporation, and its officers, and Abraham Saltzman, Larry Greenwald, and Em-

mett Greenwald, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction or manufacture for introduction into commerce, or the offering for sale, sale, transportation or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act and the Wool Products Labeling Act of 1939, of wool interlining materials or other "wool products", as such products are defined in and subject to the Wool Products Labeling Act of 1939, do forthwith cease and desist from misbranding such products by:

1. Falsely or deceptively stamping, tagging, labeling or otherwise identifying such products as to the character or amount of the constituent fibers included therein;

2. Failing to affix labels to such products showing each element of information required to be disclosed by sections 4(a)(2) of the Wool Products Labeling Act of 1939.

Title 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of the Treasury

SUBCHAPTER A—GENERAL

[CGFR 60-40]

PART 47—PAYMENT OF COUNSEL FEES AND OTHER EXPENSES IN FOREIGN COURTS

By virtue of the authority contained in the Act of September 2, 1958 (72 Stat. 1445), Title 10, U.S.C. 1037, the following regulations in a new part are prescribed and read as follows:

- Sec.
- 47.01 Policy.
 - 47.02 Purpose.
 - 47.05 Statutory authority.
 - 47.08 Responsibility.
 - 47.10 Criteria for the provision of counsel and payment of expenses in criminal cases.
 - 47.11 Provision of bail in criminal cases.
 - 47.12 Criteria for the furnishing of counsel and payment of expenses in civil cases.
 - 47.15 Procedures for hiring of counsel and payment of expenses.
 - 47.17 Payment of counsel fees and other expenses.
 - 47.20 Reimbursement.

AUTHORITY: §§ 47.01 to 47.20 issued under 72 Stat. 1445; 10 U.S.C. 1037.

§ 47.01 Policy.

It is the policy of the Department of the Treasury to protect, to the maximum extent possible, the rights of United States Coast Guard personnel who may be subject to trial by foreign courts and imprisonment in foreign prisons.

§ 47.02 Purpose.

The regulations in this part establish criteria and assign responsibility for the provision of counsel, for the provision of bail, and for the payment of court costs and other necessary and reasonable expenses incident to representation in civil and criminal proceedings, including appellate proceedings, before foreign courts and foreign administrative agencies,

which involve any persons subject to the court-martial jurisdiction of the United States Coast Guard. Payment of fines is not authorized hereunder.

§ 47.05 Statutory authority.

(a) Under regulations to be prescribed by him, the Secretary concerned may employ counsel, and pay counsel fees, court costs, bail, and other expenses incident to the representation, before the judicial tribunals and administrative agencies of any foreign nation, of persons subject to the Uniform Code of Military Justice. So far as practicable, these regulations shall be uniform for all armed forces.

(b) The person on whose behalf a payment is made under this section is not liable to reimburse the United States for that payment, unless he is responsible for forfeiture of bail provided under subsection (a).

(c) Appropriations available to the military department concerned or the Department of the Treasury, as the case may be, for the pay of persons under its jurisdiction may be used to carry out this section. Act of September 2, 1958 (72 Stat. 1445) Title 10, U.S.C. 1037.

§ 47.08 Responsibility.

(a) Requests for provision of counsel, provision of bail or payment of expenses will ordinarily be made by the defendant accused or cited in a foreign court or agency through channels appropriate under the circumstances to the officer exercising general court-martial jurisdiction over him. This officer will determine whether the request meets the criteria prescribed in this part and based upon such determination will take final action to approve or disapprove the request.

(b) In the interest of obtaining prompt and effective legal service, the Commandant may designate as approval authority, instead of the officer exercising general court-martial jurisdiction, any subordinate U.S. Coast Guard officer having area responsibility in a particular country for all U.S. Coast Guard personnel subject to foreign criminal jurisdiction.

§ 47.10 Criteria for the provision of counsel and payment of expenses in criminal cases.

Requests for the provision of counsel and payment of expenses in criminal cases may be granted in both trial and appellate proceedings in any one of the following criminal cases:

(a) Where the act complained of occurred in the performance of official duty; or

(b) Where the sentence which is normally imposed includes confinement in excess of six months, whether or not such sentence is suspended; or

(c) Where capital punishment might be imposed; or

(d) Where an appeal is made from any proceeding in which there appears to have been a denial of the substantial rights of the accused; or

(e) Where the case, although not within the criteria established in paragraph (a), (b), (c), or (d), of this section, is considered to have significant impact upon the relations of United States forces with the host country, or the case is considered to involve a particular United States interest.

§ 47.11 Provision of bail in criminal cases.

(a) Funds for the posting of bail or bond to secure the release of personnel from confinement by foreign authorities before, during, or after trial may be furnished in all criminal cases. Safeguards should be imposed to assure that at the conclusion of the proceedings or on the appearance of the defendant in court the bail or bond will be refunded to the military authorities.

(b) Bail will be provided only to guarantee the presence of the defendant and will not be provided to guarantee the payment of fines or civil damages. It is contemplated that provision of bail will be made, in any case, only after other reasonable efforts have been made to secure release of pretrial custody to the United States by other normal methods.

§ 47.12 Criteria for the furnishing of counsel and payment of expenses in civil cases.

(a) Request for provision of counsel and payment of expenses in civil cases may be granted in both trial and appellate proceedings in either of the following cases:

(1) Where the act complained of occurred in the performance of official duty; or

(2) Where the case is considered to have a significant impact upon the relations of United States forces with the host country, or the case is considered to involve a particular United States interest.

(b) No funds shall be provided under these regulations in cases where the United States of America is in legal effect the defendant without prior authorization of the Commandant.

§ 47.15 Procedures for hiring of counsel and payment of expenses.

(a) The selection of individual trial or appellate counsel shall be made by or with the approval of the defendant. Such counsel shall represent the individual defendant and not the Government of the United States. Selection will be from approved lists of attorneys. These lists will normally be co-ordinated with the local bar association, if any, and the appropriate diplomatic mission of the United States. In any event, these lists will be composed only of attorneys who are qualified and admitted for full practice, on their own account, before the courts of the foreign country involved. Counsel fees and expenses should conform to amounts paid under similar circumstances by nationals of the foreign country where the trial is held. When appropriate and reasonable in the case, the payment of expenses, in addition to counsel fees, may include court costs, bail costs, charges for obtaining copies of records, printing and filing, interpreter fees, witness fees and other necessary and reasonable expenses. Expenses will not include the payment of fines or civil damages, directly or indirectly.

(b) Whenever possible a written contract between the selected counsel and the officer responsible under § 47.08 or his designee acting on behalf of the United States of America, shall be en-

tered into. The contract shall cover counsel fees, and, when appropriate other costs, arising in defense of the entire case in the court of the first instance. In the event the case is appealed to higher tribunals, supplemental agreements shall be executed for each appeal. A copy of the contractual agreement shall serve as the obligating document. This contract shall be written so as not to establish an employer-employee relationship between the selected counsel and the Government of the United States.

(c) If, because of local conditions or customs, it is not practicable to enter into a formal contractual arrangement, a letter of understanding shall be executed between the officer responsible under § 47.08 or his designee and the selected counsel. There should be a mutual understanding that the counsel fees and other expenses arising in defense of the case, which will be paid by the U.S. Coast Guard, shall conform to amounts paid by nationals of the foreign country under similar circumstances.

(d) The provision of counsel and payment of expenses under these regulations in this part is not subject to the provisions of the Comptroller Manual, U.S. Coast Guard. However, the contract clauses set forth in Part 5, section VII, Armed Services Procurement Regulations may be used as a guide in contracting.

(e) In consideration of the desirability of timely procedural action, a legal officer on the staff of the officer responsible under § 47.08 may be designated contracting officer with contracting authority limited to agreements described in this section. The effect of this designation would be to combine within one office the duties of contracting officer and legal officer.

§ 47.17 Payment of counsel fees and other expenses.

Payment of bills submitted by the selected counsel and other costs shall be made upon acceptance of services procured under the regulations in this part when approved by the officer responsible under § 47.08 or his designee. Payments of bail may be made when authorized by such officers.

§ 47.20 Reimbursement.

No reimbursement shall ordinarily be required from defendants with respect to payments made in their behalf under the regulations in this part. However, all payments made in behalf of a defendant who willfully causes forfeiture of bail provided on his behalf under these regulations shall constitute a debt owed to the United States. Prior to the posting of bail on the behalf of a defendant, a signed agreement will be secured from the defendant wherein he agrees to remit the amount of such bail or permit the application of so much of his pay as may be necessary to reimburse the government in the event he willfully causes forfeiture of bail. Such agreement should be made with the understanding that it does not prejudice his right of appeal to the Comptroller General and the courts of adjudication after such payment or deduction has been made if

he considers the amount thereof to be erroneous.

Dated: June 17, 1960.

Acting Secretary of the Treasury.

§ 94.17 [Amendment]

VIII. In § 94.17 *Payments*, paragraph (c) is amended to clarify the regulations with regard to the readjustment of compensation, and to eliminate obsolete readjustment dates. As so amended, paragraph (c) reads as follows:

(c) *Readjustment of compensation*—(1) *Based on changed service conditions.* (i) The Post Office Department, under the provisions of Public Law 763, 83d Congress, may make readjustments of mail messengers' compensation based on increased or decreased costs occasioned by changed conditions which could not reasonably have been anticipated at the time the agreement was made. For comparative purposes, the base for determining increased or decreased costs will be the conditions prevailing at the time of making the agreement or the messenger's last increase in compensation. All recommendations for increase

in compensation of messengers under Public Law 763 must be based on changed conditions such as:

- (a) Longer working hours.
- (b) Increased distances to be traveled.
- (c) Increased volume of mail, requiring larger equipment.
- (d) Change in schedule.
- (e) Sustained increase in the cost of living.

(f) Any other conditions which materially affect the cost of operation.

(ii) Applications for readjustment of compensation based on changed service conditions will be sent to the transportation planning and procurement officer who will make recommendation to the Bureau of Transportation on Form 5477 "Mail Messenger and Panel Body Adjustment Summary."

(2) *For temporary mail messenger service.* Where readjustments in rate of compensation for temporary messengers are warranted by changes in service conditions, the temporary messengers should be redesignated at higher rates if lower rates are not thought to be obtainable under an advertisement.

(3) *Effective date of readjustments.* Except in unusual circumstances, any adjustment granted will be made effective on the first day of the accounting period following that in which the application is made. Form 5440 C-D-E "Contract Route Service Order" will be used in making these adjustments.

NOTE: The corresponding Postal Manual section is 522.63.

§ 94.33 [Amendment]

IX. In § 94.33 *Establishment*, make the following changes:

A. In paragraph (c) strike out "Applicants" where it appears both in the paragraph heading, and in the introductory sentence which precedes subdivision (i); and insert in lieu thereof "Bidders".

NOTE: The corresponding Postal Manual section is 525.23.

B. Paragraph (f) is amended to include the employment of a supervisor for panel body routes. As so amended, paragraph (f) reads as follows:

(f) *Employment of assistants.* Panel body contractors must either personally supervise their contracts or employ competent supervisors who will personally supervise performance of the contracts. They may not assign or sublet their contracts without the consent of the Postmaster General. They may employ assistants at their own expense. Assistants so employed must meet the minimum requirements shown in paragraph (c) of this section.

NOTE: The corresponding Postal Manual section is 525.26.

§ 94.34 [Amendment]

X. In § 94.34 *Operation*, paragraph (d) is amended to show that irregularities in the Panel Body Service are to be handled in the same manner as those in the Mail Messenger Service. As so amended, paragraph (d) reads as follows:

(d) *Irregularities*—(1) *Observation of service.* See § 94.14(d) (1).

(2) *Record of irregularities.* See § 94.14(d) (2).

(3) *Assessing fines.* See § 94.14(d) (3).

PART 151—CUSTOMS

Importing Regulations

The regulations of the Post Office Department in Part 151—Customs—as published in the FEDERAL REGISTER of February 9, 1960, at pages 1095-1126, as Federal Register document 60-1246, are amended as follows:

§ 151.5 [Amendment]

I. In § 151.5 *Treatment at delivery office*, make the following changes as a result of new instructions covering (1) the preparation of Forms 2932, Register of Customs Collections; and (2) the processing of inquiries and adjustments on mail entries, Customs Forms 3419, Entry of Merchandise Imported Through the Mails.

A. In paragraph (e) make the following changes:

1. Amend subparagraph (1) by deleting the word "daily" which precedes "record" in the first sentence therein; and by inserting "(See subparagraph (5) of this paragraph)" immediately following the next to last sentence which applies to the scheduled reporting periods of post offices with annual receipts of \$1 million and more.

NOTE: The corresponding Postal Manual section is 261.551.

2. In subparagraph (2) make the following changes:

a. In the introductory sentence, which precedes subdivision (i), strike out "quadruplicate" and insert in lieu thereof "triplicate."

b. In clause (a) of subdivision (ii), delete the last sentence which reads: "Record collections daily."

NOTE: The corresponding Postal Manual sections are 261.552 and 261.552b(1).

3. Amend subparagraphs (3) and (4) and insert a new subparagraph (5) to read as follows:

(3) Distribute Forms 2932 copies as follows: Original (white) to regional controller; second (pink) to applicable collector of Customs. Retain copy in preparing office for reference purposes. File the original copies of Customs Forms 3419.

(4) Mail Forms 2932 promptly to regional Controller separately from State-

ment of Accounts. Endorse envelope in lower left corner "Customs Collections—Forms 2932."

(5) Postmasters at offices with annual receipts of \$1 million and more (except New York City) will not post Customs Forms 3419 to Form 2932 daily. These offices will balance the total amount collected on Customs Forms 3419 daily with the amount reported for Customs collections on Form 1412, Daily Cash Report, and file the Customs Forms 3419 separately by customs port of entry until the end of the weekly reporting period. Then assemble the forms in ascending serial number order for each customs port of entry and enter them promptly on Forms 2932 for appropriate ports of entry in that order. All other offices will record collections on Forms 2932 daily.

NOTE: The corresponding Postal Manual sections are 261.553, 261.554, and 261.555.

B. In paragraph (f) the second sentence of subparagraph (2) is amended by striking out "postmaster" where it appears immediately following the first reference to "Form 3423," and inserting in lieu thereof: "the main office window unit."

NOTE: The corresponding Postal Manual section is 261.562.

(R.S. 161, as amended, 396, as amended, 398, as amended; 5 U.S.C. 22, 369, 372)

II. Add a new § 151.6 *Unidentified items and discrepancies* to provide for the use of Customs Forms 3427, Notice to Postmaster of Unidentified Mail Entries, for inquiries from collectors of customs on unidentified items, and Customs Forms 3429, for adjustment of differences between amounts assessed by collectors of customs and amounts collected by postmasters. As so added, § 151.6 reads as follows:

§ 151.6 Unidentified items and discrepancies.

(a) *Unidentified mail entries.* When a collector of customs is unable to identify a mail entry reported by a postmaster on Form 2932, Register of Customs Collections (RS-FI-35), the collector will forward the postmaster an inquiry on Customs Form 3427, Notice to Postmaster of Unidentified Mail Entries, in duplicate. Postmaster will review the original copy of Customs Forms 3419 and the file copy of the related Form 2932 and enter the correct customs district and post number and mail entry serial number on both copies of Customs Form 3427 in the spaces provided at the bottom of the form. Return the original copy of Customs Form 3427 to the port of entry from which received. File the duplicate copy with the related Form 2932.

(b) *Discrepancy in amount collected.* When a collector of customs finds a difference between amount reported by postmasters and the amounts shown on the related file copy of a Customs Form 3419, the collector will forward the postmaster an inquiry on Customs Form 3429 in triplicate. On receipt of Customs Form 3429, fill in correct district and port of entry number and mail entry number on face of form. Review the original copy of Customs Form 3419 and the related file copy of Form 2932 to de-

termine the amount of adjustment. Enter the adjustment data in spaces provided on the back of Customs Form 3429 as follows:

(1) Complete blocks a through e on all three copies of Customs Form 3429 by copying the information in the same order from file copy of Form 2932. Omit block f.

(2) Enter in appropriate spaces the item number and serial number as shown on file copy of Form 2932. Enter the amount of the item as previously reported, the correct amount, and the difference, either plus or minus, in block g.

(3) At the bottom of the form enter the net amount of adjustment (same as block g), signature of preparing employee, and date of preparation.

NOTE: Amounts of adjustments on Customs Form 3429 will not be entered on Statement of Account.

(4) Mail original copy to regional controller, duplicate to collector of customs from which the form was received and file the triplicate copy with the related file copy of Form 2932.

(5) When review of Customs Form 3419 and Form 2932 shows that the item was originally reported in the correct amount, forward the original copy of Customs Form 3419 with the original and duplicate copies of Customs Form 3429 to regional controller. After review, Customs Form 3419 will be returned to the postmaster by the regional controller.

NOTE: The corresponding Postal Manual section is 261.6.

FEDERAL AVIATION AGENCY

[14 CFR Parts 600, 601]

[Airspace Docket No. 60-NY-47]

FEDERAL AIRWAYS AND CONTROL AREAS

Revocation of Segment

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 600.219, 601.219, 601.4219 of the regulations of the Administrator, the substance of which is stated below.

Red Federal airway No. 19 extends in part from the intersection of the southeast course of the Front Royal, Va., radio range and the west course of the Quantico, Va. (MCAS), radio range to the Quantico (MCAS), radio range station, excluding the portion more than 1 mile north of the west course of the Quantico (MCAS), radio range.

The Federal Aviation Agency has under consideration revocation of this airway segment. The Federal Aviation Agency IFR peak-day airway traffic survey for periods July 1, 1958, through December 31, 1958, and from January 1, 1959, through June 30, 1959, shows eleven and two aircraft movements respectively for this segment of Red 19. On the basis of the survey and the reduced width of this airway which restricts optimum use of this segment for air traffic management due to the close proximity of the Quantico Restricted Area (R-37), it appears that the retention of this airway segment and its associated control areas is unjustified as an assignment of airspace and that the revocation thereof would be in the public interest. Concurrently with this action, it is proposed to amend the caption to § 601.4219 relating to the associated reporting points on Red 19.

If these actions are taken, the segment of Red Federal airway No. 19 and its associated control areas from the intersection of the southeast course of the Front Royal, Va., radio range and the west course of the Quantico, Va. (MCAS), radio range to the Quantico (MCAS) radio range station would be revoked. The caption to § 601.4219 would be amended to conform to the modified airway.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, Federal Building, New York International Airport, Jamaica 30, N.Y. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Fed-

eral Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

Issued in Washington, D.C., on June 17, 1960.

FEDERAL AIRWAYS AND CONTROL AREAS

Revocation of Segment

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to §§ 600.621, 601.621 and 601.4621 of the regulations of the Administrator, the substance of which is stated below.

Blue Federal airway No. 21 extends in part from the intersection of the south course of the Harrisburg, Pa., radio range and the west course of the Baltimore, Md., radio range to the intersection of the north course of the Williamsport, Pa., radio range and the southwest course of the Elmira, N.Y., radio range.

The Federal Aviation Agency has under consideration revocation of this segment of Blue 21. The Federal Aviation Agency IFR peak-day airway traffic survey for the period January 1, 1959, through December 31, 1959, showed less than ten aircraft movements for this segment of Blue 21. On the basis of the survey it appears that the retention of this airway segment and its associated control areas as an assignment of airspace is unjustified and that the revocation thereof would be in the public interest. Concurrently with this action, the Federal Aviation Agency would modify the caption to § 601.4621 which relates to the reporting points associated with Blue 21.

If this action is taken, the segment of Blue Federal airway No. 21 from the intersection of the south course of the Harrisburg, Pa., radio range and the west course of the Baltimore, Md., radio range to the intersection of the north course of the Williamsport, Pa., radio range and the southwest course of the Elmira, N.Y., radio range, and its associated control areas would be revoked. The caption to § 601.4621 relating to Blue 21 reporting points would be amended to conform to the modified airway.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, Federal Building, New York International Airport, Jamaica 30, N.Y. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for in-

formal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

FEDERAL AIRWAYS, CONTROL AREAS AND REPORTING POINTS

Revocation of Segment

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to §§ 600.245, 601.245 and 601.4245 of the regulations of the Administrator, the substance of which is stated below.

Red Federal airway No. 45 extends in part from Riverdale, Md., to the intersection of the north course of the Baltimore radio range and the southwest course of the Allentown, Pa., radio range. The Federal Aviation Agency IFR peak-day airway traffic survey for the period July 1, 1958, through June 30, 1959, showed less than eight aircraft movements for this segment of Red 45. On the basis of this survey, it appears that the retention of this airway segment and its associated control areas is unjustified as assignment of airspace and that the revocation thereof would be in the public interest. Concurrently with this action, § 601.4245 relating to the reporting points associated with Red 45 would be amended to conform to the modified airway.

If this action is taken, the segment of Red Federal airway No. 45 and its associated control areas from the Riverdale, Md., radio beacon to the intersection of the north course of the Baltimore, Md., radio range and the southwest course of the Allentown, Pa., radio range would be revoked. The caption to

§ 601.4245 would be amended to conform to the modified airway.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, Federal Building, New York International Airport, Jamaica 30, N.Y. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. FEDERAL AIRWAYS, CONTROL AREAS AND REPORTING POINTS

Revocation of Segment

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to §§ 600.647, 601.647, and 601.4647 of the regulations of the Administrator, the substance of which is stated below.

Blue Federal airway No. 47 extends in part from the intersection of the north course of the Blackstone, Va., radio range and the 266° True bearing of the Richmond, Va., radio range to the Phillipsburg, Pa., radio range station. The Federal Aviation Agency has under consideration revocation of this segment of Blue 47. The Federal Aviation Agency IFR peak-day airway traffic survey for the period from July 1, 1958, through June 30, 1959, shows a maximum of nine aircraft movements between any

two reporting points on this segment of Blue 47. On the basis of the survey it appears that the retention of this segment of Blue 47 and its associated control areas is unjustified as an assignment of airspace and that the revocation thereof would be in the public interest. Concurrently with this action, the Flintstone, Md., intersection (intersection of the south course of the Altoona, Pa., radio range and the southeast course of the Pittsburgh, Pa., radio range) would be revoked as a designated reporting point on the segment of Blue 47 proposed for revocation and the caption to § 601.4647 relating to reporting points would be amended to conform to the modified airway.

If these actions are taken, the segment of Blue Federal airway No. 47 and associated control areas from the intersection of the north course of the Blackstone, Va., radio range and the 266° True bearing of the Richmond, Va., radio range to the Philipsburg, Pa., radio range station would be revoked. The caption to § 601.4647 relating to the associated reporting points on Blue Federal airway No. 47 would be amended to conform to the modified airway. The Flintstone, Md., intersection (intersection of the south course of the Altoona, Pa., radio range and the southeast course of the Pittsburgh, Pa., radio range) would be revoked as a reporting point on Blue 47.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, Federal Building, New York International Airport, Jamaica 30, N.Y. All communications received within forty-five days after publication of this notice in the *FEDERAL REGISTER* will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CODED JET ROUTES, FEDERAL AIRWAYS, CONTROL ZONES AND REPORTING POINTS

Modification

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to §§ 600.16, 601.16, 601.2132, 601.4016 and 602.102 of the regulations of the Administrator, the substance of which is stated below.

The Federal Aviation Agency has under consideration modification of the Biloxi, Miss., control zone. The Biloxi control zone is presently designated within a 5-mile radius of Keesler AFB and within 2 miles either side of the northeast course of the Keesler AFB radio range, extending 5 miles northeast of the radio range station. The Department of the Air Force has advised the Federal Aviation Agency that they no longer have a requirement for a radio range at Keesler AFB, and propose to convert this facility to a non-directional radio beacon. The Department of the Air Force advised that the instrument approach procedures based on the Keesler radio range are being revised in order to eliminate the requirement for the control zone extension to the northeast. Therefore, it is proposed to revoke the extension to the northeast based on the Keesler radio range. Concurrently, it is proposed to designate an extension to the northeast within 2 miles either side of the Keesler AFB TACAN (latitude 30°24'44" N., longitude 88°55'47" W.) 047° True radial extending from the 5-mile radius zone to 7 miles northeast of the TACAN and an extension within 2 miles either side of the 204° True radial of the Keesler TACAN extending from the 5-mile radius zone to 7 miles southwest of the TACAN. The extensions based on the TACAN would provide protection for aircraft executing prescribed instrument approaches to the Keesler AFB utilizing the Keesler TACAN. Concurrently with this action, it is proposed to substitute the Keesler non-directional radio beacon for the Keesler radio range in the description of L/MF Coded Jet Route No. 2, and Green Federal airway No. 6 and in the designation of Colored Federal airway Reporting Points for Green 6.

If this action is taken, the Biloxi, Miss., control zone would be designated within a 5-mile radius of Keesler AFB, Biloxi, Miss. (latitude 30°24'25" N., longitude 88°55'30" W.), within 2 miles either side of the Keesler AFB TACAN 047° True

radial extending from the 5-mile radius zone to 7 miles northeast of the TACAN and within 2 miles either side of the Keesler TACAN 204° True radial extending from the 5-mile radius zone to 7 miles southwest of the TACAN. The Keesler radio beacon would be substituted for the Keesler radio range in the description of L/MF Coded Jet Route No. 2, Green Federal airway No. 6 and as a reporting point in § 601.4016.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, P.O. Box 1689, Fort Worth 1, Tex. All communications received within forty-five days after publication of this notice in the *FEDERAL REGISTER* will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

FEDERAL AIRWAYS AND RESTRICTED AREAS

Designation of Restricted Area/Military Climb Corridor and Modification of Federal Airway

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to §§ 600.6066 and 608.51 of the regulations of the Administrator, the substance of which is stated below.

The Federal Aviation Agency has under consideration the designation of a Restricted Area/Military Climb Corridor at Webb Air Force Base, Big Springs, Tex.

The Military Climb Corridor designated as a Restricted Area would be used by the high-speed, high rate-of-climb century series air defense aircraft while departing from the airbase on active air defense missions. The Restricted Area would provide protection for high speed air defense aircraft and other users of the airspace during the climb phase of the air defense aircraft mission. The proposed Restricted Area/Military Climb Corridor would be based on the 151° True radial of the Webb AFB TACAN (latitude 32°12'31" N., longitude 101°30'57" W.) extending from 14.5 statute miles southeast of the Webb AFB TACAN to 41.5 statute miles southeast of the TACAN, having a width of 3 statute miles at the beginning and a width of 6 statute miles at the outer extremity. The lower altitude limits would extend in graduated steps from 4,600 feet MSL to 21,600 feet MSL. The upper altitude limits would extend from 15,000 feet MSL to 27,000 feet MSL. Time of use would be continuous. The controlling agency would be Webb AFB approach control. The controlling agency would authorize aircraft to operate within the climb corridor when not in use by active air defense aircraft. Concurrently with the proposed designation of the Restricted Area/Military Climb Corridor at Webb AFB, the Federal Aviation Agency is considering modification of the segment of VOR Federal airway No. 66 between Midland, Tex., and Abilene, Tex., by redesignating it via the Midland VOR 080° and the Abilene VOR 251° True radials. This realignment would provide lateral separation for aircraft on the airway from the Restricted Area/Military Climb Corridor. The control areas associated with Victor 66 are so designated that they would automatically conform to the modified airway. Accordingly, no amendment relating to such control areas would be necessary.

If these actions are taken, the Big Springs, Tex. (Webb AFB) Restricted Area/Military Climb Corridor (R-1) (Dallas and Austin Charts) would be designated as follows:

Description. That area centered on the 151° True radial of the Webb AFB TACAN, beginning 14.5 statute miles southeast of the TACAN and extending to 41.5 statute miles southeast of the TACAN, having a width 3 statute miles at the beginning and expanding uniformly to a width of 6 statute miles at the outer extremity.

Designated altitudes. 4,600' MSL to 15,000' MSL from 14.5 to 15.5 statute miles southeast of the Webb AFB TACAN.

4,600' MSL to 24,000' MSL from 15.5 to 16.5 statute miles southeast of the TACAN.

4,600' MSL to 27,000' MSL from 16.5 to 19.5 statute miles southeast of the TACAN.

8,600' MSL to 27,000' MSL from 19.5 to 24.5 statute miles southeast of the TACAN.

12,600' MSL to 27,000' MSL from 24.5 to 29.5 statute miles southeast of the TACAN.

17,600' MSL to 27,000' MSL from 29.5 to 34.5 statute miles southeast of the TACAN.

21,600' MSL to 27,000' MSL from 34.5 to 41.5 statute miles southeast of the TACAN.

Time of use. Continuous.

Controlling agency. Webb AFB, Tex., approach control.

The segment of VOR Federal airway No. 66 from Midland, Tex., to Abilene, Tex., would be redesignated via the Midland VOR 080° and the Abilene VOR 251° True radials.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, P.O. Box 1689, Fort Worth 1, Tex. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL AREAS

Modification and Revocation of Extensions

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to Part 601 and § 601.1041 of the regulations of the Administrator, the substance of which is stated below.

The Boise, Idaho control area extension is designated within 5 miles either side of the southwest course of the Boise radio range extending from the radio range station to a point 20 miles southwest including the area in the south quadrant of the Boise radio range bounded on the northeast and southeast by the Mountain Home, Idaho, control area extension and on the southwest by a line drawn 135° True from a point at latitude 43°20'20" N., longitude 116°29'15" W., extending to the Mountain Home control area extension and that area

northeast of Boise lying within a 25-mile radius of the Boise radio range station bounded on the southwest by Green Federal airway No. 10 and the airspace northwest of Boise within 5 miles either side of the Boise VOR 291° True radial extending from the VOR to a point 67 miles northwest.

The Ontario, Oreg., control area extension is designated within an 8½ mile radius of the Ontario Airport including the airspace southeast of Ontario bounded on the northeast by Green Federal airway No. 10, on the south by the Boise, Idaho, control area extension, on the southwest by a line 12 miles southwest of and parallel to Green Federal airway No. 10.

The Federal Aviation Agency has under consideration the revocation of the Ontario control area extension and redesignation of the Boise control area extension to include the area within a 25-mile radius of the Boise, Idaho, VORTAC extending clockwise from the 320° True radial to the 129° True radial of the Boise VORTAC, within a 40-mile radius of the Boise VORTAC extending clockwise from the 129° True radial to the 320° True radial of the Boise VORTAC, within 5 miles either side of the 291° True radial of the Boise VORTAC, extending from the VORTAC to 67 miles northwest, and within a 10-mile radius of the Ontario, Oreg., Airport (latitude 44°01'15" N., longitude 117°00'43" W.), excluding the portion which would coincide with the Mountain Home, Idaho, control area extension. This would provide protection to aircraft executing high and low altitude holding procedures, jet aircraft recovery procedures and prescribed instrument approach procedures at Boise Air Terminal. The Ontario control area extension would be included within the Boise control area extension for simplification of description.

If these actions are taken, the Ontario, Oreg., control area extension (§ 601.1167) would be revoked. The Boise, Idaho, control area extension would be designated within a 25-mile radius of the Boise, Idaho, VORTAC extending clockwise from the 320° True radial to the 129° True radial of the Boise VORTAC, within a 40-mile radius of the Boise VORTAC extending clockwise from the 129° True radial to the 320° True radial of the Boise VORTAC, within 5 miles either side of the 291° True radial of the Boise VORTAC, extending from the VORTAC to 67 miles northwest, and within a 10-mile radius of the Ontario, Oreg., Airport (latitude 44°01'15" N., longitude 117°00'43" W.), excluding the portion which would coincide with the Mountain Home, Idaho, control area extension.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 45, Calif. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed

amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL AREAS

Modification of Extension

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.1432 of the regulations of the Administrator, the substance of which is stated below.

The Billings, Mont., control area extension is designated within a 25-mile radius of the Billings VOR extending from the northern boundary of VOR Federal airway No. 2 west of Billings, clockwise to the northeastern boundary of VOR Federal airway No. 19 southeast of Billings. The Federal Aviation Agency has under consideration modification of this control area extension by the addition of an extension northwest of Billings, within a 35-mile radius of the VOR extending clockwise from Victor 2 to Victor 19-W and the addition of an extension southeast of Billings within a 30-mile radius of the VOR extending clockwise from Victor 19 to VOR Federal airway No. 187. This would protect aircraft executing high altitude holding procedures and jet penetrations at Billings Airport.

If this action is taken, the Billings, Mont., control area extension would be designated within a 35-mile radius of the Billings VOR extending clockwise from VOR Federal airway No. 2, west of Billings, to VOR Federal airway No. 19-

W, north of Billings, within a 25-mile radius of the Billings VOR extending clockwise from Victor 19, north of Billings to Victor 19, southeast of Billings and within a 30-mile radius of the Billings VOR, extending clockwise from Victor 19, southeast of Billings to VOR Federal airway No. 187, south of Billings.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 45, Calif. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL ZONES

Modification

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.2033 of the regulations of the Administrator, the substance of which is stated below.

The Little Rock, Ark., control zone is presently designated within a 5-mile radius of Adams Field and extending 2 miles either side of the southeast course of the Little Rock radio range to the Keo fan marker. The Federal Aviation Agency has under consideration modi-

fication of the Little Rock control zone by redesignating the southeast extension and providing an additional extension to the southwest. The southeast extension would be based on the Little Rock VOR and would be designated within 2 miles either side of the Little Rock VOR 141° True radial extending from the 5-mile radius zone to 12 miles southeast of the VOR. This would provide protection for aircraft conducting prescribed ADF and VOR instrument approach procedures to Adams Field, Little Rock, Ark. It is also proposed to designate a control zone extension based on the Little Rock ILS localizer southwest course extending from the 5-mile radius zone to the ILS outer marker to provide protection for aircraft conducting ILS approach procedures based on the ILS localizer southwest course.

If this action is taken, the Little Rock, Ark., control zone would be designated within a 5-mile radius of Adams Field, Little Rock, Ark. (latitude 34°43'45" N., longitude 92°13'45" W.), within 2 miles either side of the Little Rock VOR 141° True radial extending from the 5-mile radius zone to 12 miles southeast of the VOR and within 2 miles either side of the Little Rock ILS localizer southwest course extending from the 5-mile radius zone to the ILS outer marker.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, P.O. Box 1689, Fort Worth 1, Tex. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

PROPOSED RULE MAKING

[14 CFR Part 601]

[Airspace Docket No. 60-WA-120]

CONTROL ZONES

Modification

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.2038 of the regulations of the Administrator, the substance of which is stated below.

The Shreveport, La., control zone is presently designated within a 5-mile radius of Shreveport Downtown Airport, within 5 miles either side of the northwest course of the Shreveport radio range extending from the radio range station to a point 10 miles northwest, within a 7-mile radius of Barksdale Air Force Base and within 5 miles either side of the southeast course of the Barksdale AFB radio range extending from the Air Force Base to the Elm Grove radio beacon. The Federal Aviation Agency is considering modifying the Shreveport control zone, by reducing the Barksdale AFB 7-mile radius zone; reducing the width of the control zone extensions to the northwest and southeast; redesignating the southeast control zone extension by basing it on the Barksdale terminal VOR and designating an additional control zone extension based on the Shreveport VOR.

A review of the requirements for aircraft operations at Barksdale AFB indicates that a 7-mile radius zone is in excess of that required for the protection of aircraft operations at Barksdale AFB, and it is proposed to reduce this to a 5-mile radius zone. A review of the instrument approach procedures for Shreveport, Downtown Airport and Barksdale AFB indicates that the presently designated northwest and southeast control zone extensions exceed the control zone requirements for aircraft conducting radio range approaches to Shreveport Downtown Airport from the northwest and ADF and terminal VOR approaches to Barksdale AFB from the southeast. The Barksdale AFB radio range is now used as a nondirectional radiobeacon only. Therefore, it is proposed to redesignate the southeast extension, which is presently based on the Barksdale radio range, by basing it on the Barksdale terminal VOR and to reduce the southeast control zone extension to include the airspace within 2 miles either side of the 332° True radial of the Barksdale terminal VOR extending from the 5-mile radius zone to the terminal VOR. It is also proposed to reduce the size of the northwest extension by redesignating it to include the airspace within 2 miles either side of the northwest course of the Shreveport radio range extending from the Shreveport Downtown Airport 5-mile radius zone to 12 miles northwest of the radio range station. In addition, it is proposed to designate a control zone extension within 2 miles either side of the Shreveport VOR 155° True radial extending from the Barksdale proposed 5-mile radius zone

to the VOR. This would provide protection for aircraft executing the jet approach procedure based on the Shreveport VOR. This modification would also eliminate the overlap of the Shreveport Downtown Airport and the Barksdale AFB control zone with the Greater Shreveport Airport, La., 5-mile radius control zone.

If these actions are taken, the Shreveport, La., control zone would be redesignated within a 5-mile radius of the Shreveport Downtown Airport (latitude 32°32'25" N., longitude 93°44'40" W.), excluding the portion which coincides with the Greater Shreveport control zone (§ 601.2377), within 2 miles either side of the northwest course of the Shreveport radio range extending from the Downtown Airport 5-mile radius zone to 12 miles northwest of the radio range, within a 5-mile radius of the Barksdale, La., AFB (latitude 32°30'05" N., longitude 93°39'45" W.), and within 2 miles either side of the Shreveport VOR 155° True radial extending from the Barksdale 5-mile radius zone to the VOR and within 2 miles either side of the 332° True radial of the Barksdale terminal VOR extending from the 5-mile radius zone to the terminal VOR.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, P.O. Box 1689, Fort Worth 1, Tex. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. CONTROL ZONES

Modification

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.2082 of the regulations of the Administrator, the substance of which is stated below.

The Akron, Ohio, control zone is presently designated within a 5-mile radius of the Akron Municipal Airport extending 2 miles either side of the southwest course of the Akron, Ohio, radio range to a point 10 miles southwest of the radio range station, including a 5-mile radius of the Akron-Canton County Airport extending 2 miles either side of the Akron-Canton ILS localizer to a point 10 miles south of the outer marker and within 2 miles either side of the west course of the Akron radio range extending from the radio range station to a point 10 miles west. The Federal Aviation Agency has under consideration modification of this control zone by revoking the control zone extensions. The instrument approach procedures based on the Akron radio range have been cancelled. The ADF standard instrument approach procedure based on the Akron-Canton County Airport ILS outer marker compass locator has been modified to require aircraft to cross the outer marker on final approach at an altitude of 2,300 feet MSL. Therefore, the presently designated extensions would no longer be required for the protection of aircraft executing instrument approaches.

If this action is taken, the Akron, Ohio, control zone would be designated within a 5-mile radius of the Akron Municipal Airport (latitude 41°02'15" N., longitude 81°28'05" W.) and within a 5-mile radius of the Akron-Canton County Airport (latitude 40°54'59" N., longitude 81°26'32" W.).

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, Federal Building, New York International Airport, Jamaica 30, N.Y. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL ZONES

Modification

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.2084 of the regulations of the Administrator, the substance of which is stated below.

The Battle Creek, Mich., control zone is presently designated within a 5-mile radius of Kellogg Field; within 2 miles either side of the south course of the Battle Creek radio range extending 10 miles south of the radio range; and within 2 miles either side of the 018°, 051°, 115°, 157°, 215°, 258° and 317° True radials of the Battle Creek VOR extending to points 12 nautical miles from the VOR. The Federal Aviation Agency has under consideration the following modifications of the Battle Creek control zone:

1. Revoke the present control zone extensions based on the Battle Creek VOR. The prescribed instrument approach procedures based on the VOR are being revised which will eliminate the requirement for the present control zone extensions.

2. Designate a new control zone extension within two miles either side of the Battle Creek VOR 050° True radial extending from the 5-mile radius zone to 12 miles northeast of the VOR to provide protection for aircraft executing instrument approaches based on the 050° True radial of the VOR.

3. Lengthen the control zone extension based on the south course of the Battle Creek radio range to 12 miles south of the radio range to provide protection for aircraft executing instrument approaches based on the south course of the radio range.

If these actions are taken, the Battle Creek, Mich., control zone would be redesignated within a 5-mile radius of Kellogg Field, Battle Creek (latitude 42°18'31" N., longitude 85°14'57" W.), within 2 miles either side of the south course of the Battle Creek radio range extending from the 5-mile radius zone to

12 miles south of the radio range, and within 2 miles either side of the Battle Creek VOR 050° True radial extending from the 5-mile radius zone to 12 miles northeast of the VOR.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City 10, Mo. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL ZONES

Modification

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.2145 of the regulations of the Administrator, the substance of which is stated below.

The Greenville, S.C., control zone presently extends within a 5-mile radius of the Greenville Airport and within 2 miles either side of the south course of the Greenville radio range, extending 10 miles south of the radio range station. The Federal Aviation Agency has under consideration the modification of the Greenville, S.C., control zone by designating a 5-mile radius zone at the Donaldson, S.C., Air Force Base; revoking the present control zone extension to the south and designating a control zone ex-

tension to the southwest. The designation of a 5-mile radius zone at Donaldson AFB and the designation of a control zone extension within 2 miles either side of the 219° True bearing from the Greenville ILS outer marker extending from the Donaldson AFB 5-mile radius zone to 12 miles southwest of the Greenville ILS outer marker would provide protection for aircraft conducting ADF approaches to Donaldson AFB. The ADF instrument approach procedure to Greenville Airport based on the Greenville ILS outer marker is being revised by raising the final approach altitude over the outer marker to 2,000 feet MSL, thereby eliminating the requirement for the present Greenville control zone extension to the south.

If this action is taken, the Greenville, S.C., control zone would be designated within a 5-mile radius of Greenville, S.C., Airport (latitude 34°50'50" N., longitude 82°21'05" W.), within a 5-mile radius of Donaldson Air Force Base, Greenville, S.C. (latitude 34°45'00" N., longitude 82°22'00" W.), and within 2 miles either side of the 219° True bearing from the Greenville ILS outer marker extending from the Donaldson AFB 5-mile radius zone to 12 miles southwest of the Greenville outer marker.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, P.O. Box 1689, Fort Worth 1, Tex. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL ZONES**Modification**

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.2178 of the regulations of the Administrator, the substance of which is stated below.

The Long Beach, Calif., control zone is designated as the airspace within a 5-mile radius of Long Beach Municipal Airport, including the airspace within a 5-mile radius of NAS Los Alamitos, Calif., and the airspace within 2 miles either side of the southeast course of the Long Beach radio range extending from the radio range to a point 14 miles southeast, excluding the portion in conflict with El Toro MCAF control zone. The Federal Aviation Agency has under consideration modification of this control zone by revocation of the extension predicated on the southeast course of the Long Beach radio range.

All published instrument and jet approach procedures to both the Long Beach Municipal Airport and NAS Los Alamitos are afforded adequate protection by the 5-mile radius zones. Therefore, the control zone extension is no longer required and it appears that revocation thereof would be in the public interest. The Long Beach High Density Air Traffic Zone is so designated that no amendment relating to high density air traffic zones would be necessary.

If this action is taken, the Long Beach, Calif., control zone would be designated within a 5-mile radius of the Long Beach, Calif., Municipal Airport (latitude 33°49'07" N., longitude 118°09'04" W.) and within a 5-mile radius of the NAS Los Alamitos, Calif. (latitude 33°47'25" N., longitude 118°03'00" W.).

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 45, Calif. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency,

Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL ZONES**Modification**

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.2179 of the regulations of the Administrator, the substance of which is stated below.

The Los Angeles, Calif., control zone is designated within the circumference of a 5-mile radius circle centered on the Los Angeles International Airport excluding the portion subtended by a chord drawn between points of intersection of this circumference with the circumference of the Santa Monica, Calif., control zone (§ 601.2420); within 2 miles either side of the Los Angeles ILS localizer east course extending from the localizer to a point 6 miles east of the airport, and within 2 miles either side of a line bearing 338° True from the Los Angeles non-directional radio beacon extending to the Burbank, Calif., control zone. The Federal Aviation Agency has under consideration modification of this control zone by revocation of the extension between the Los Angeles and Burbank control zones and by termination of the eastern extension at the ILS outer marker. The extension between the Los Angeles and Burbank control zones is no longer used for air traffic management and may be revoked. Aircraft executing instrument approaches to the Los Angeles International Airport from the east, do not descend below 1,000 feet above the surface until after passing the ILS outer marker. Therefore, the eastern extension to the control zone may be terminated at the outer marker.

The portion of the Los Angeles High Density Air Traffic Zone which is associated with the Los Angeles control zone would automatically conform to the modified control zone. Accordingly, no amendment relating to the High Density Air Traffic Zone would be necessary.

If this action is taken, the Los Angeles, Calif., control zone would be designated within a 5-mile radius of the Los Angeles International Airport (latitude 33°56'18" N., longitude 118°24'25" W.), excluding the portion north of a line between the points of intersection of the circumference of this control zone and the circumference of the Santa Monica,

Calif., control zone (§ 601.2420); within 2 miles either side of the Los Angeles ILS localizer east course extending from the 5-mile radius zone to the ILS outer marker.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 45, Calif. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL ZONES**Modification**

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.2293 of the regulations of the Administrator, the substance of which is stated below.

The Chicago, Ill., control zone is presently designated within a 5-mile radius of the Chicago O'Hare International Airport extending 2 miles either side of the O'Hare ILS localizer course to a point 10 miles northwest of the O'Hare outer marker and within 2 miles either side of the 332° radial of the Chicago O'Hare VOR extending from the VOR to a point 12 miles northwest. The Federal Aviation Agency is considering modifying the Chicago control zone by increasing the radius to six miles, revoking the present

control zone extension, based on the Chicago-O'Hare ILS localizer course, realigning and reducing the present control zone extension based on the Chicago-O'Hare VOR 332° True radial, and designating a control zone extension to be based on the Chicago-O'Hare runway 14-R ILS localizer course.

The Chicago (O'Hare) control zone would be increased to a 6-mile radius zone to provide protection, during the departure climb-phase for heavy, high-speed type aircraft. This addition would also provide protection for aircraft executing VOR and back course ILS instrument approaches to Chicago-O'Hare runway 32-R.

Revision of the prescribed instrument approach procedures, based on the Chicago-O'Hare VOR for approaches from the northwest, indicate that the portion of the control zone extension northwest of the Arlington, Ill., intersection (intersection of the Northbrook, Ill., VOR 195° and the Chicago-O'Hare VOR 331° True radials) is no longer required for the protection of aircraft executing this approach. In addition, the revised instrument approach procedure indicates that a one degree change in the alignment of the extension would be necessary. Accordingly, this control zone extension would be redesignated within two miles either side of the Chicago-O'Hare VOR 331° True radial extending from the proposed 6-mile radius zone to the Arlington intersection.

There are presently two ILS systems in operation at the Chicago-O'Hare International Airport. The present description of the control zone, containing an extension based on a single Chicago-O'Hare ILS localizer course, no longer accurately describes the specific extent of the airspace required for the protection of aircraft executing ILS instrument approaches. Accordingly, this control zone extension would be revoked, and an extension would be designated within two miles either side of the Chicago-O'Hare runway 14-R ILS localizer course extending from the proposed 6-mile radius zone to the runway 14-R outer marker. Protection for aircraft executing runway 14-L ILS approaches would be provided by the combination of the control zone extension based on the runway 14-R ILS localizer course, and the extension based on the Chicago-O'Hare VOR 331° True radial. Therefore, an additional control zone extension for the approach to runway 14-L would not be necessary.

In addition, the caption of § 601.2293 would be changed to, Chicago (O'Hare) control zone, to more accurately identify the location of the control zone.

If these actions are taken, the Chicago O'Hare, Ill., control zone would be redesignated within a 6-mile radius of the Chicago-O'Hare International Airport (latitude 41°59'10" N., longitude 87°54'28" W.), within two miles either side of the Chicago-O'Hare VOR 331° True radial extending from the 6-mile radius zone to the Arlington, Ill., intersection (intersection of the Northbrook, Ill., VOR 195° and the Chicago-O'Hare VOR 331° True radials), and within two miles either side of the Chicago-O'Hare

runway 14-R ILS localizer course extending from the 6-mile radius zone to the runway 14-R outer marker.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City 10, Mo. All communications received within forty-five days after publication of this notice in the *FEDERAL REGISTER* will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL ZONES

Modification

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.2371 of the regulations of the Administrator, the substance of which is stated below.

The Plattsburgh, N.Y., control zone is presently designated within a 5-mile radius of Plattsburgh Air Force Base, within 2 miles either side of a line bearing 335° True extending from the Air Force Base to a point 14 miles northwest, and within 2 miles either side of the 195° and 015° True radials of the Plattsburgh VOR extending from the Plattsburgh AFB to a point 5 miles northeast of the VOR. The Federal Aviation Agency has under consideration modification of this control zone by revoking the present extensions to the northwest and northeast; and including in the designation a 5-mile radius of the Plattsburgh Municipal

Airport and extensions within 2 miles either side of the 338° True radial of the Plattsburgh AFB TACAN (latitude 44°36'30" N., longitude 73°26'35" W.) from the Plattsburgh Municipal Airport 5-mile radius zone to 12 miles northwest of the TACAN and within 2 miles either side of the 213° True radial of the Plattsburgh VOR from the Plattsburgh Municipal Airport 5-mile radius zone to the VOR. The presently designated extensions to the northwest and northeast are no longer required for the protection of IFR aircraft operations. The designation of the 5-mile radius zone around the Plattsburgh Municipal Airport and the extensions based on the 338° True radial of the Plattsburgh TACAN and the 213° True radial of the Plattsburgh VOR would provide protection for aircraft executing standard instrument approach procedures to the Air Force Base and Municipal Airport.

If this action is taken, the Plattsburgh, N.Y., control zone would be designated within a 5-mile radius of the Plattsburgh AFB (latitude 44°39'05" N., longitude 73°28'10" W.), within a 5-mile radius of the Plattsburgh Municipal Airport (latitude 44°41'10" N., longitude 73°31'10" W.), within 2 miles either side of the 338° True radial of the Plattsburgh AFB TACAN extending from the Plattsburgh Municipal Airport 5-mile radius zone to 12 miles north of the TACAN, and within 2 miles either side of the 213° True radial of the Plattsburgh VOR extending from the Plattsburgh Municipal Airport 5-mile radius zone to the VOR.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, Federal Building, New York International Airport, Jamaica 30, N.Y. All communications received within forty-five days after publication of this notice in the *FEDERAL REGISTER* will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL ZONES

Modification of Proposal

In a notice of proposed rule making published in the FEDERAL REGISTER on March 2, 1960 as Airspace Docket No. 59-WA-102, it was stated that the Federal Aviation Agency proposes to designate a control zone within a 5-mile radius of the Marquette County Airport, Marquette, Mich. In view of the fact that no public standard instrument approach to the Marquette County Airport will be available until the Marquette VORTAC is installed approximately December 14, 1960, at latitude 46°32'10" N., longitude 87°33'38" W., the designation of the Marquette control zone would be deferred until that time. It is also necessary to modify the proposal to include the area within 2 miles either side of the Marquette VORTAC 083° True radial extending from the 5-mile radius zone to 9 miles east of the VORTAC, and within two miles either side of the 249° True radial of the Marquette VORTAC extending from the 5-mile radius zone to 12 miles southwest of the VORTAC, in order to provide protection for aircraft executing VOR standard instrument approaches.

If this action is taken, the Marquette, Mich., control zone would be designated within a 5-mile radius of the Marquette County Airport (latitude 46°32'03.3" N., longitude 87°33'34.6" W.); within two miles either side of the 083° True radial of the Marquette VORTAC extending from the 5-mile radius zone to 9 miles east of the VORTAC; and within two miles either side of the 249° True radial of the Marquette VORTAC, extending from the 5-mile radius zone to 12 miles southwest of the VORTAC. The Marquette control zone would be designated concurrently with the commissioning of the Marquette VORTAC.

In order to provide interested persons time to adequately evaluate this proposal, as modified herein, and an opportunity to submit additional written data, views or arguments, the closing date for filing such material will be extended to July 12, 1960.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), I hereby give notice that the time within which comments will be received for consideration on Airspace Docket No. 59-WA-102 is extended to July 12, 1960. CONTROL AREAS

Withdrawal of Proposal To Designate an Extension

In a notice of proposed rule making published in the FEDERAL REGISTER (24 F.R. 9241) as Airspace Docket No. 59-WA-282 on November 13, 1959, it was stated that the Federal Aviation Agency proposed to designate a control area extension at Stevens Point, Wis., within a 15-mile radius of the Stevens Point VOR. Subsequent to the Notice, it was determined that weather reporting and ground/air communications services would not be available at Stevens Point Airport for some time. Instrument departure and arrival procedures for the Stevens Point Airport will not be established until these services are available. Therefore, the control area extension is not required at this time.

In consideration of the foregoing, the notice of proposed rule making contained in Airspace Docket No. 59-WA-282 is hereby withdrawn.

REPORT FORM FOR SMALL BUSINESS INVESTMENT COMPANIES

Notice of Proposed Rule Making

Notice is hereby given that the Securities and Exchange Commission has under consideration a proposed form for annual reports filed with the Commission by small business investment companies licensed under the Small Business Investment Act of 1958 (Form N-5R, § 274.5R).

Small business investment companies registered under the Investment Company Act of 1940 are required by section 30(a) of that Act to file annual reports with the Commission. LOVE ME LITTLE CO.

Order Vacating Order of Suspension

JUNE 22, 1960.

In the matter of Alexander H. Cohen as: "Love Me Little Company", File No. 24NY-4554.

Alexander H. Cohen, 40 West 55th Street, New York, N.Y. as "Love Me Little Company", 40 West 55th Street, New York, N.Y., filed with the Commission on August 15, 1957 a notification on Form 1-A and an offering circular relating to a proposed offering of preformation limited partnership interests in the aggregate amount of \$180,000 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) thereof and Regulation A promulgated thereunder.

The Commission on May 13, 1960 ordered, pursuant to Rule 261(a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A sought for the offering be temporarily suspended on the grounds that the terms and conditions of Regulation A had not been complied with in that the issuer had failed to file a definitive offering circular as required by Rule 256(f); had failed to file an accurate report of sales on Form 2-A as required by Rule 260; had failed to cooperate with the Commission in making an investigation in connection with the offering; and had made sales in jurisdictions which were not disclosed in the notification.

Subsequent to the Commission's action temporarily suspending the exemption, copies of definitive offering circulars were filed with the Commission and an accurate report of sales on Form 2-A was filed with the Commission. No further offering is being made.

It appearing to the Commission that a hearing is not necessary or appropriate in the public interest for the protection of investors,

It is ordered, Pursuant to Rule 261(b) of the general rules and regulations under the Securities Act of 1933, as amended, that said temporary order of suspension be, and hereby is, vacated.

By the Commission.

SATELLITE TIME CORP.**Order Temporarily Suspending Exemption, Statement of Reasons Therefor, and Notice of Opportunity for Hearing**

JUNE 22, 1960.

I. Satellite Time Corporation (issuer), a New York corporation, filed with the Commission on August 1, 1958 a notification on Form 1-A and an offering circular relating to a proposed public offering of 4,950,000 shares of its 1 cent par value common stock at 1 cent per share, 50,000 warrants to purchase 100 shares of common stock at 1 cent per warrant and 5,000,000 shares of common stock to be issued at 1 cent per share upon the exercise of the warrants for an aggregate offering of \$100,000 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) and Regulation A promulgated thereunder.

II. The Commission has reasonable cause to believe that:

A. The exemption under Regulation A is unavailable in that an undisclosed affiliate and promoter is subject to an injunction from a court of competent jurisdiction enjoining such person from further violations of the registration and anti-fraud provisions of the Securities Act of 1933, as amended.

B. The terms and conditions of Regulation A have not been complied with in that:

1. The notification fails to set forth the full name and complete address of each affiliate of the issuer as required by Item 2(b) thereof;

2. The notification fails to set forth the full name and complete address of each promoter as required by Item 3(c) thereof.

C. The offering circular contains untrue statements of material facts and omits to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, particularly with respect to:

1. The failure to disclose the name and address of a promoter and controlling stockholder of the issuer;

2. The failure to disclose the direct and indirect interests of each officer, director, affiliate and promoter of the issuer and material transactions between such persons and the issuer.

D. The offering was made in violation of section 17 of the Securities Act of 1933.

III. *It is ordered*, Pursuant to Rule 261 of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under regulation be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing within

thirty days herefrom; that within twenty days after receipt of such request, the Commission will, or at any time upon its own motion may set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission.

FEDERAL POWER COMMISSION

[Docket No. CP60-79]

ARKANSAS LOUISIANA GAS CO.

Notice of Application and Date of Hearing

JUNE 21, 1960.

Take notice that on April 7, 1960, as supplemented on May 9, 13, 18 and 25, 1960, Arkansas Louisiana Gas Company (Applicant) filed in Docket No. CP60-79 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing Applicant to acquire by merger and to operate all of the facilities of Consolidated Gas Utilities Corporation (Consolidated), to perform all acts and services now being performed by Consolidated, and to make all sales now being made by Consolidated, to the extent that such facilities, acts, services and sales are subject to the jurisdiction of the Commission, all as more fully set forth in the application and supplements which are on file with the Commission and open to public inspection.

Applicant now owns and operates a natural gas system including the purchasing, gathering, transmission, distribution and sale of natural gas in northern Louisiana, eastern Texas and southern and central Arkansas, and is actively engaged in the exploration for and production of natural gas and oil.

Consolidated owns and operates a natural gas pipeline system extending from the Texas Panhandle Field in Gray County, Texas, northeasterly through the States of Oklahoma and Kansas, and is principally engaged in the transportation, distribution and sale of natural gas to retail and wholesale customers in the States of Texas, Oklahoma and Kansas. As of October 31, 1959, Consolidated's facilities included approximately 1,181 miles of transmission lines, 1,150 miles of distribution lines, 61 miles of gathering lines, 10 compressor stations, 3 dehydration plants, distribution systems in 57 communities and two storage reservoirs, as well as certain oil and gas producing properties in Texas, Oklahoma and Kansas.

As of January 31, 1960, the total depreciated plants of Applicant and Consolidated, excluding subsidiaries, were \$96,371,815, and \$22,334,655, respectively.

It is stated that pursuant to the agreement of merger dated March 15, 1960, Applicant will issue 970,586 shares of its Cumulative Convertible Preferred Stock

to Consolidated in exchange for the same number of shares of Consolidated's common stock. Consolidated will then be merged into Applicant and all the assets, liabilities and obligations of Consolidated will become those of Applicant. Stockholders of both Applicant and Consolidated approved and adopted the proposed merger at their respective meetings on May 10, 1960.

Approval of the proposed merger by the appropriate regulatory agencies of Kansas, of Arkansas and of Oklahoma has been secured, and it is stated that application for the requisite approval of the Texas Railroad Commission will be made seasonably.

Applicant as the surviving corporation will continue all services presently being rendered by Consolidated at the effective rates in Consolidated's filed FPC gas tariffs which Applicant has formally engaged to adopt effective as of the date of issuance of certificate authorization pursuant to this application, thus there will be no interruption to or abandonment of service now being rendered by Consolidated.

The docket numbers of the certificate, exemption and abandonment authorizations heretofore granted to Consolidated by this Commission, in which Applicant's name is proposed to be substituted for

that of Consolidated, are listed in the filed application.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on July 21, 1960, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before

July 11, 1960. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

Secretary.

GULF OIL CORP. ET AL.

Order Providing for Hearings on and Suspension of Proposed Changes in Rates¹

JUNE 21, 1960.

Gulf Oil Corporation, Docket No. RI60-421; Socony Mobil Oil Co., Inc. (Operator), et al., Docket No. RI60-422; Skinner Corporation (Operator), et al., Docket No. RI60-423; Sohio Petroleum Company, Docket No. RI60-424.

The above-named respondents have tendered for filing proposed changes in presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes are designated as follows:

Docket No.	Respondent	Rate schedule No.	Supplement No.	Purchaser and producing area	Notice of change dated—	Date tendered	Effective date unless suspended	Date suspended until—	Cents per Mcf		Rate in effect subject to refund in Docket Nos.

¹ The stated effective date is that requested by respondent.

² The stated effective date is the first day after expiration of the required statutory notice.

³ The pressure base is 14.65 psia.

⁴ The pressure base is 15.025 psia.

In support of its periodic increase, Gulf states that its contract was negotiated at arm's length. Gulf also incorporates by reference certain exhibits presented by Gulf in the section 5(a) proceedings in Docket No. G-9520, et al., which purport to show a cost of service of 28.92 cents per Mcf for Gulf's jurisdictional sales in 1957, higher exploration and development costs, and a declining production on a "per foot drilled" basis.

In support of its increased rate, Socony Mobil states that its contract was negotiated at arm's length; the gas is sold on an installment basis; gas is a commodity, the price of which should be based on the law of supply and demand; and the cost of doing business has been increasing.

In support, Skinner states that its proposed rates are below other rates approved by the Commission in Texas; the natural gas production business has been faced with increased labor, material and other costs; and the increases

are necessary to maintain exploration and drilling activities. Sohio states that its contract was negotiated at arm's length and the proposed rate is not in excess of the current commodity value of gas.

The proposed rate changes may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon hearings concerning the lawfulness of the several proposed changes, and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure and the regulations under the Natural Gas Act (18 CFR Ch. I), public hearings shall be held

upon dates to be fixed by notices from the Secretary concerning the lawfulness of the several proposed changes in rates and charges contained in the above-designated supplements.

(B) Pending hearings and decisions thereon, each of the above-designated supplements is hereby suspended and the use thereof deferred until the date indicated in the above "Date Suspended Until" column, and thereafter until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby, shall be changed until these proceedings have been disposed of, or until the periods of suspension have expired, unless otherwise ordered by the Commission.

¹ This order does not provide for the consolidation for hearing or disposition of the several matters covered herein, nor should it be so construed.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before August 5, 1960.

By the Commission.¹

W. A. RICHARDSON OIL CO. ET AL.

Order Accepting Rate Tender for Filing, Providing for Hearing and Suspending Proposed Change in Rate and Terminating Proceeding, in Part

JUNE 22, 1960.

W. A. Richardson Oil Company, et al., Docket No. RI60-97; McCarrick, Gouger & Mitchell, et al., Docket No. RI60-426.

On January 7, 1960, W. A. Richardson Oil Company, et al. (Richardson) tendered a Notice of Change to its FPC Gas Rate Schedule No. 1 which proposed to increase the level of rate from 12.12268 cents to 15.0952 cents per Mcf for natural gas produced in Seeligson Field, Jim Wells County, Texas, and sold to Tennessee Gas Transmission Company (TGT). By order issued February 3, 1960, in the proceeding in Docket No. RI60-97, said Notice was designated as Supplement No. 5 to Richardson's FPC Gas Rate Schedule No. 1 and was suspended until July 7, 1960, and thereafter until made effective in the manner prescribed by the Natural Gas Act. Said rate schedule covered natural gas produced from several interests, including that of McCarrick, Gouger & Mitchell, et al. (McCarrick).

McCarrick, now desiring to maintain his own rate schedule, on May 23, 1960, submitted a contract dated March 1, 1958, providing for a rate level of 12.12268 cents per Mcf. McCarrick concurrently submitted a Notice of Change dated May 1, 1960, increasing the level of rate by 5.12079 cents to 17.24347 cents per Mcf. As hereinafter ordered, said contract shall be designated as McCarrick, Gouger & Mitchell, et al. FPC Gas Rate Schedule No. 2 and said Notice of Change, as Supplement No. 1 to that rate schedule. This tender is intended to supersede W. A. Richardson Oil Company's FPC Gas Rate Schedule No. 1 so far but only insofar as said Rate Schedule No. 1 pertains to the interest of McCarrick.

Mr. McCarrick requests that Supplement No. 1 be permitted to become effective as of June 1, 1960. Good cause therefor not having been shown, said supplement may not be effective prior to June 23, 1960, the first day following statutory notice. In support of the proposed increased rate, McCarrick states that the contract was negotiated at

arm's length, that the proposed price does not exceed the going price in the area, and that initial rates in excess of that proposed have been certificated in the general area.

The proposed rates may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds:

(1) Good cause exists for accepting the contract dated March 1, 1958 for filing, designating said contract as McCarrick, Gouger & Mitchell, et al. FPC Gas Rate Schedule No. 2 and permitting said rate schedule to be effective as of March 1, 1958.

(2) It is necessary and proper in the public interest and to aid in the enforcement of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the rates and charges contained in Supplement No. 1 to the aforementioned Rate Schedule No. 2, and that said supplement be suspended and the use thereof deferred as hereinafter provided.

(3) Good cause exists for terminating the proceeding in Docket No. RI60-97, so far but only insofar as such pertains to the interests now covered by McCarrick's FPC Gas Rate Schedule No. 2.

The Commission orders:

(A) The aforementioned contract dated March 1, 1958, hereby is accepted for filing, designated as McCarrick, Gouger & Mitchell, et al. FPC Gas Rate Schedule No. 2, and is declared effective as of March 1, 1958.

(B) Pursuant to the authority of the Natural Gas Act, particularly Sections 4 and 15 thereof, the Commission's Rules of Practice and Procedure, and the Regulations under the Natural Gas Act (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by the Secretary concerning the lawfulness of the proposed rate contained in Supplement No. 1 to McCarrick, Gouger & Mitchell, et al. FPC Gas Rate Schedule No. 2.

(C) Pending such hearing and decision thereon, said Supplement No. 2 is hereby suspended and its use deferred until November 23, 1960, and thereafter until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(D) Neither the supplement hereby suspended nor the rate schedule sought to be altered thereby, shall be changed until the proceeding in Docket No. RI60-426 has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(E) The proceeding in Docket No. RI60-97 is hereby terminated so far but only insofar as that proceeding relates to the interest now covered by McCarrick's FPC Gas Rate Schedule No. 2.

(F) The order issued February 3, 1960, in the proceeding in Docket No. RI60-97, as such pertains to all interests other than that of aforementioned McCarrick, shall remain in full force and effect.

By the Commission.

IDENTIFICATION OF CARCASSES OF CERTAIN HUMANELY SLAUGHTERED LIVESTOCK

Pursuant to section 4 of the Act of August 27, 1958 (7 U.S.C. 1904) and the statement of policy thereunder in 9 CFR 181.1, the following table lists the establishments operated under Federal inspection under the Meat Inspection Act (21 U.S.C. 71 et seq.) which were officially reported on June 1, 1960, as humanely slaughtering and handling the species of livestock respectively designated for such establishments in the table. The establishment number given with the name of the establishment is branded on each carcass of livestock inspected at that establishment. The table should not be understood to indicate that all species of livestock slaughtered at a listed establishment are slaughtered and handled by humane methods unless all species are listed for that establishment in the table. Nor should the table be understood to indicate that the affiliates of any listed establishment use only humane methods:

[Rev. S.O. 562, Taylor's I.C.C. Order 120]

RAILROADS SERVING NEBRASKA

Diversion or Rerouting of Traffic

In the opinion of Charles W. Taylor, Agent, railroads serving the State of Nebraska are unable to transport traffic routed over their lines, because of floods and high water.

It is ordered, That:

(a) Rerouting traffic: Railroads serving the State of Nebraska, unable to

transport traffic in accordance with shippers' routing because of floods and high water, are hereby authorized to divert such traffic over any available route to expedite the movement, regardless of the routing shown on the waybill. The billing covering all such cars rerouted shall carry a reference to this order as authority for the rerouting.

(b) Concurrence of receiving roads to be obtained: The railroad desiring to divert or reroute traffic under this order shall confer with the proper transportation officer of the railroad or railroads to which such traffic is to be diverted or rerouted, and shall receive the concurrence of such other railroads before the rerouting or diversion is ordered.

(c) Notification to shippers: The carrier rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion or rerouting of traffic by said Agent is deemed to be due to carriers' disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipments on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements

now exist between them with reference to the divisions of the rates of transportation applicable to said traffic; divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with the pertinent authority conferred upon it by the Interstate Commerce Act.

(f) *Effective date.* This order shall become effective at 11:00 a.m., June 22, 1960.

(g) *Expiration date.* This order shall expire at 11:59 p.m., June 30, 1960, unless otherwise modified, changed, suspended or annulled.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement and by filing it with the Director, Office of the Federal Register.

Issued at Washington, D.C., June 22, 1960.

COMMISSION,
CHARLES W. TAYLOR,
Agent.
