AUTHORITY: §§ 1031.0 to 1031.62, issued under secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674.

§ 1031.0 Findings and determinations.

(a) *Findings upon the basis of the hearing record.* Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674), and the applicable rules of practice and procedure, as amended, effective thereunder (7 CFR Part 900), a public hearing was held at Weslaco, Texas, May 24-26, 1960, upon a proposed marketing agreement and a proposed marketing order regulating the handling of oranges, grapefruit, and tangerines grown in Texas. Upon the basis of the evidence introduced at such hearing, and the record thereof, it is found that:

(1) This order, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) This order regulates the handling of oranges and grapefruit grown in the production area in same manner as, and is applicable only to persons in the respective classes of commercial or industrial activity specified in, a proposed marketing agreement upon which a hearing has been held;

(3) This order is limited in its application to the smallest regional production area which is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to subdivisions of the production area would not effectively carry out the declared policy of the act;

(4) There are no differences in the production and marketing of oranges or grapefruit grown in the production area which make necessary different terms and provisions applicable to different parts of such area; and

(5) All handling of oranges and grapefruit grown in the production area as defined in the order is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects such commerce.

(b) *Additional findings.* It is hereby found on the basis hereinafter indicated that good cause exists for making the provisions of this order effective not later than the date of publication in the FEDERAL REGISTER; and that it would be contrary to the public interest to postpone such effective date until 30 days after publication (60 Stat. 237; 5 U.S.C. 1001-1011). As soon as practical after such effective time it will be necessary to establish the Texas Valley Citrus Committee, the agency charged with administration of the program. Subsequently, and prior to imposition of regulations, it will be necessary for the committee and the Secretary to initiate, and complete, various actions of both organizational and regulatory natures, includ-

ing the formulation and promulgation of rules and regulations to govern operations under the program. Shipments of grapefruit are expected to begin on or about September 26, 1960, and of oranges soon thereafter. Hence, for the program to be of maximum benefit during the 1960-61 shipping season the order should be made effective as soon as practicable. The provisions of the order are well known to handlers of oranges and grapefruit since the public hearing in connection with the order was completed May 26, 1960, and the recommended decision and the final decision were published in the FEDERAL REGISTER on July 26, 1960 (25 F.R. 7061), and August 23, 1960 (25 F.R. 8077), respectively. Copies of the regulatory provisions of this order were made available to all known interested parties; such provisions do not place any restrictions on handlers until regulations are issued thereunder and shipment of oranges or grapefruit takes place; and, therefore, compliance with such provisions will not require advance preparation on the part of persons subject thereto which cannot be completed prior to the effective date of regulation pursuant hereto.

(c) *Determinations.* It is hereby determined that:

(1) A marketing agreement regulating the handling of oranges and grapefruit grown in the lower Rio Grande Valley in Texas, upon which the aforesaid public hearing was held, has been signed by handlers (excluding cooperative associations of producers who were not engaged in processing, distributing, or shipping the citrus fruits covered by this order) who, during the period beginning August 1, 1959, and ending July 31, 1960, both dates inclusive, handled not less than 50 percent of the volume of oranges and not less than 50 percent of the volume of grapefruit covered by this order; and

(2) The issuance of this order is favored or approved by at least two-thirds of the producers who participated in a referendum on the question of its approval and who, during the period August 1, 1959, through July 31, 1960 (which has been determined to be a representative period for the purpose of such referendum) were engaged, within the production area specified in this order, in the production for market of oranges and grapefruit, respectively, such producers having also produced for market at least two-thirds of the volume of each fruit represented in such referendum.

It is, therefore, ordered, That, on and after the effective date hereof, the handling of oranges and grapefruit grown in the said production area shall be in conformity to, and in compliance with, the terms and conditions of this order; and such terms and conditions are as follows:

(b) Members and alternates shall serve in that capacity during the portion of the term of office for which they are selected and have qualified, and until their respective successors are selected and have qualified.

§ 1031.20 Districts.

For the purpose of determining the basis for selecting producer committee members the following districts of the production area are hereby initially established:

District No. 1—The county of Cameron in the State of Texas;

District No. 2—The county of Hidalgo in the State of Texas; and

District No. 3—The county of Willacy in the State of Texas.

§ 1031.21 Redistricting.

The committee may recommend, and pursuant thereto the Secretary may approve, the reapportionment of members among districts, the reapportionment of members between grower and handler members representing cooperative marketing organizations and independent grower and independent handler members, and the re-establishment of districts within the production area. In recommending such changes, the committee shall give consideration to: (a) Shifts in production; (b) the importance of new production in its relation to existing districts; (c) the equitable relationship of committee membership and districts; (d) changes in amount of fruit handled by cooperative marketing organizations in relation to fruit handled by independent handlers; and (e) other relevant factors. No changes in districting or in apportionment of members may become effective in less than 30 days prior to the date on which terms of office begin each year and no recommendations for such redistricting or reapportionment may be made less than six months prior to such date.

§ 1031.22 Selection.

(a) From District No. 1 the Secretary shall select initially two producer members and their alternates representing independent producers. For all other districts, meetings of all producers shall be held for such purpose. A meeting of handlers representing cooperative marketing organizations and a meeting of independent handlers shall be held in the production area to elect nominees for handler members and alternates. For nominations to the initial committee, the meetings may be sponsored by the United States Department of Agriculture or by any agency or group requested to do so by such Department. For nominations for succeeding members and alternates on the committee, the committee shall hold such meetings or cause them to be held prior to June 15 of each year, after the effective date of this subpart.

(b) At each such meeting at least one nomination shall be designated for each position as member and alternate.

(c) Nominations for committee members and alternates following the initial committee shall be supplied to the Secretary not later than July 1 each year.

If nominations are not made within the time and in the manner specified in § 1031.23, the Secretary may, without regard to nominations, select the committee members and alternates, which selection shall be on the basis of the representation provided for in § 1031.20 through § 1031.22, inclusive.

§ 1031.25 Acceptance.

Any person selected as a committee member or alternate shall qualify by filing a written acceptance with the Secretary within ten days after being notified of such selection.

§ 1031.26 Vacancies.

To fill committee vacancies, the Secretary may select such members or alternates from unselected nominees on the current nominee list from the district and group involved, or from nominations made in the manner specified in § 1031.23. If the names of nominees to fill any such vacancy are not made available to the Secretary within 30 days after such vacancy occurs, such vacancy may be filled without regard to nominations, which selection shall be made on the basis of representation provided for in § 1031.20 through § 1031.22 inclusive.

§ 1031.27 Alternate members.

An alternate member of the committee shall act in the place and stead of the member for whom he is an alternate during such member's absence. In the event of the death, removal, resignation, or disqualification of a member, his alternate shall act for him until a successor of such member is selected and has qualified.

§ 1031.28 Procedure.

Ten members of the committee shall be necessary to constitute a quorum, six of whom shall be producer members. Ten affirmative votes shall be required to pass any motion or approve any committee action. All votes shall be cast in person.

§ 1031.29 Expenses and compensation.

The members of the committee, and alternates, shall serve without compensation; but they may be reimbursed for expenses necessarily incurred by them in the performance of their duties and in the exercise of their powers under this subpart.

§ 1031.30 Powers.

The committee shall have the following powers:

(a) To administer the provisions of this part in accordance with its terms;

(b) To make rules and regulations to effectuate the terms and provisions of this part;

(c) To receive, investigate, and report to the Secretary complaints of violation of the provisions of this part; and

(d) To recommend to the Secretary amendments to this part.

§ 1031.31 Duties.

It shall be, among other things, the duty of the committee:

(a) At the beginning of each term of office, to meet and organize, to select

a chairman and such other officers as may be necessary, to select sub-committees, and to adopt such rules and regulations for the conduct of its business as it may deem advisable;

(b) To act as intermediary between the Secretary and any producer or handler;

(c) To furnish to the Secretary such available information as he may request;

(d) To appoint such employees, agents, and representatives as it may deem necessary and to determine the salaries and define the duties of each such person;

(e) To require adequate fidelity bonds for all persons handling funds;

(f) To investigate from time to time and to assemble data on the growing, harvesting, shipping, and marketing conditions with respect to fruit;

(g) To prepare a marketing policy;

(h) To recommend marketing regulations to the Secretary;

(i) To recommend rules and procedures for, and to make determinations in connection with, issuance of certificates of privilege;

(j) To keep minutes, books, and records which clearly reflect all of the acts and transactions of the committee; and such minutes, books, and records shall be subject to examination at any time by the Secretary or his authorized agent or representative; and minutes of each committee meeting shall be promptly submitted to the Secretary;

(k) At the beginning of each fiscal period, to prepare a budget of its expenses for such fiscal period, together with a report thereon;

(l) To cause the books of the committee to be audited by a competent accountant at least once each fiscal period, and at such other time as the committee may deem necessary or as the Secretary may request (the report of each such audit shall show the receipt and expenditure of funds collected pursuant to this part; a copy of each such report shall be furnished to the Secretary and a copy of each report shall be made available at the principal office of the committee for inspection by producers and handlers); and

(m) To consult, cooperate, and exchange information with other marketing agreement committees and other individuals or agencies in connection with all proper committee activities and objectives under this part.

EXPENSES AND ASSESSMENTS

§ 1031.32 Expenses.

The committee is authorized to incur such expenses as the Secretary may find are reasonable and likely to be incurred during each fiscal period for its maintenance and functioning, and for such purposes as the Secretary, pursuant to this subpart, determines to be appropriate. Each handler's share of such expense shall be proportionate to the ratio between the total quantity of fruit handled by him as the first handler thereof during a fiscal period and the total quantity of fruit handled by all handlers as first handlers thereof during such fiscal period.

§ 1031.33 Budget.

At the beginning of each fiscal period and as may be necessary thereafter, the committee shall prepare an estimated budget of income and expenditures necessary for the administration of this part. The committee shall recommend the rate of assessment calculated to provide adequate funds to defray its proposed expenditures. The committee shall present such budget to the Secretary with an accompanying report showing the basis for its estimates and recommendations.

§ 1031.34 Assessments.

(a) The funds to cover the committee's expenses shall be acquired by the levying of assessments upon handlers as provided in this sub-part. Each handler who first handles fruit shall, with respect to the fruit so handled by him, pay assessments to the committee upon demand, which assessments shall be in payment of such handler's pro rata share of the committee's expenses.

(b) Assessments shall be levied upon handlers at rates established by the Secretary. Such rates may be established upon the basis of the committee's recommendations and other available information. Such rates may be applied to specified containers used in the production area.

(c) The rate of assessment may be increased at any time by the Secretary if he finds such increase is necessary in order that the money collected shall be adequate to cover the committee's expenses during a given fiscal period. Such increase shall be applicable to all fruit handled during such fiscal period.

(d) The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions of this part are suspended or become inoperative.

§ 1031.35 Accounting.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in subparagraph (2) of this paragraph, it shall be refunded proportionately to the persons from whom collected.

(2) The committee, with the approval of the Secretary, may carry over such excess into subsequent fiscal periods as a reserve: *Provided*, That funds already in the reserve do not equal approximately one fiscal period's expenses. Such reserve funds may be used (i) to defray expenses, during any fiscal period, prior to the time assessment income is sufficient to cover such expenses; (ii) to cover deficits incurred during any fiscal period when assessment income is less than expenses; (iii) to defray expenses incurred during any period when any or all provisions of this part are suspended or are inoperative; and (iv) to cover necessary expenses of liquidation in the event of termination of this part. Upon such termination, any funds not required to defray the

necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate. To the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purpose specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the terms of office of any member of the committee, such member shall account for all receipts and disbursements and deliver all property and funds in his possession to the committee, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in the committee full title to all of the property, funds, and claims vested in such member pursuant to this part.

(d) The committee may make recommendations to the Secretary for one or more of the members thereof, or any other person, to act as a trustee for holding records, funds, or any other committee property during periods of suspension of this sub-part, or during any period or periods when regulations are not in effect, and if the Secretary determines such action appropriate, he may direct that such person or persons shall act as trustee or trustees for the committee.

RESEARCH AND DEVELOPMENT**§ 1031.37 Research and development.**

The committee, with the approval of the Secretary may establish or provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of fruit. The expenses of such projects shall be paid from funds collected pursuant to § 1031.34, and shall not exceed 10 percent of the total expenses of the committee during the initial fiscal period nor exceed 25 percent of such expenses during any subsequent fiscal period.

REGULATION**§ 1031.38 Marketing policy.**

Prior to or at the same time as initial recommendations are made pursuant to § 1031.39, the committee shall submit to the Secretary a report setting forth the marketing policy it deems desirable for the industry to follow in shipping fruit from the production area during the ensuing season. Additional reports shall be submitted from time to time if it is deemed advisable by the committee to adopt a new or modified marketing policy because of changes in the demand and supply situation with respect to fruit. The committee shall publicly announce the submission of each marketing policy report and copies thereof shall be available at the committee's office for inspection by any producer or handler. In determining each such marketing policy the committee shall give due consideration to the following:

(a) Market prices of fruit, including prices by grade, size, and quality in different packs, and such prices by foreign competing areas;

(b) Supply of fruit, by grade, size, and quality in the production area, and in other production areas, including foreign production areas;

(c) Trend and level of consumer income;

(d) Marketing conditions affecting fruit prices; and

(e) Other relevant factors.

§ 1031.39 Recommendations for regulations.

The committee, upon complying with the requirements of § 1031.38, may recommend regulations to the Secretary whenever it finds that such regulations, as are provided for in this sub-part, will tend to effectuate the declared policy of the act. The committee shall give notice to handlers of any such recommendation at the same time such recommendation is submitted to the Secretary.

§ 1031.40 Issuance of regulations.

The Secretary shall limit the handling of fruit whenever he finds from the recommendation and information submitted by the committee, or from other available information, that such regulation would tend to effectuate the declared policy of the act. Such regulations may:

(a) Limit the handling of particular grades, sizes, qualities, maturities, or packs of any or all varieties of fruit during a specified period or periods: *Provided*, That specific maturity requirements applicable to the handling of any variety may be prescribed under this section only in the event that appropriate maturity requirements for such variety are not in effect under State authority.

(b) Limit the handling of particular grades, sizes, qualities, or packs of fruit differently for different varieties, for different containers, for different purposes specified in § 1031.42, or any combination of the foregoing, during any period.

(c) Limit the handling of fruit by establishing, in terms of grades, sizes, or both, minimum standards of quality and maturity.

(d) Fix the size, weight, capacity, dimensions, or pack of the container or containers which may be used in the packaging, transportation, sale, shipment, or other handling of fruit.

(e) Prohibit the handling (1) of any fruit which does not have marked on each container the grade or the registered grade label of the fruit contained therein; (2) of any grapefruit which does not have marked on each fruit the word "Texas" or other words implying Texas origin, except that the committee may recommend and the Secretary establish a tolerance for grapefruit in any container or lot not so marked; and (3) of any container fruit which is misbranded as to variety.

(f) No regulations may be issued under the provisions of this subpart which allots to individual handlers the quantity of fruit which each handler may ship during any regulation period.

§ 1031.41 Gift fruit shipments.

The handling to any person of gift packages of fruit individually addressed to such person, in quantities aggregating not more than 500 pounds and not for resale, are exempt from the provisions of §§ 1031.34, 1031.40, and 1031.45, and the regulations issued thereunder, but shall conform to such safeguards as may be established pursuant to § 1031.43.

§ 1031.42 Shipments for special purposes.

Upon the basis of recommendations and information submitted by the committee, or other available information, the Secretary, whenever he finds that it will tend to effectuate the declared policy of the act, shall modify, suspend, or terminate regulations issued pursuant to §§ 1031.34, 1031.40, 1031.45, or any combination thereof, in order to facilitate the handling of fruit:

- (a) For relief or for charity;
- (b) For processing or for manufacture or conversion into specified products; and
- (c) In such minimum quantities and for such other purposes as may be specified by the committee with the approval of the Secretary.

§ 1031.43 Notification of regulation.

The Secretary shall notify the committee of any regulations issued or of any modification, suspension, or termination thereof. The committee shall give reasonable notice thereof to handlers.

§ 1031.44 Safeguards.

(a) The committee, with the approval of the Secretary, may prescribe adequate safeguards to prevent the handling of fruit pursuant to §§ 1031.41 or 1031.42 from entering channels of trade for other than the specific purpose authorized therefor, and rules governing the issuance and the contents of certificates of privilege if such certificates are prescribed as safeguards by the committee. Such safeguards may include requirements that:

(1) Handlers shall file applications with the committee to ship fruit pursuant to §§ 1031.41 and 1031.42.

(2) Handlers shall obtain inspection provided by § 1031.45, or pay the assessment levied pursuant to § 1031.34, or both, in connection with shipments made under § 1031.42: *Provided*, That such inspection and assessment requirements shall not apply to fruit handled for canning or freezing.

(3) Handlers shall obtain certificates of privilege from the committee to handle fruit affected or to be affected under the provisions of §§ 1031.41 and 1031.42.

(b) The committee may rescind or deny certificates of privilege to any handler if proof is obtained that fruit handled by him for the purposes stated in §§ 1031.41 and 1031.42 was handled contrary to the provisions of this part.

(c) The Secretary shall have the right to modify, change, alter, or rescind any safeguards prescribed and any certificates issued by the committee pursuant to the provisions of this section.

(d) The committee shall make reports to the Secretary, as requested, showing

the number of applications for such certificates, the quantity of fruit covered by such applications, the number of such applications denied and certificates granted, the quantity of fruit handled under duly issued certificates, and such other information as may be requested.

INSPECTION**§ 1031.45 Inspection and certification.**

(a) During any period in which handling of a variety of a type of fruit is regulated pursuant to §§ 1031.34, 1031.40, 1031.42, or any combination thereof, no handler shall handle any variety of such type of fruit which has not been inspected by an authorized representative of the Federal or Federal-State Inspection Service, unless such handling is relieved from such requirements pursuant to § 1031.41 or § 1031.42, or both;

(b) Regrading, resorting, or repacking any lot of fruit shall invalidate any prior inspection insofar as the requirements of this section are concerned. No handler shall handle fruit after it has been regraded, resorted, repacked, or in any other way prepared for market, unless each lot of fruit is inspected by an authorized representative of the Federal or Federal-State Inspection Service: *Provided*, That the committee, with the approval of the Secretary, may provide for waiving inspection requirements on any fruit in circumstances where it appears reasonably certain that, after regrading, resorting, or repacking, such fruit meets the applicable quality and other standards then in effect;

(c) Insofar as the requirements of this section are concerned, the length of time for which an inspection certificate is valid may be established by the committee with the approval of the Secretary;

(d) When fruit is inspected in accordance with the requirements of this section a copy of each inspection certificate issued shall be made available to the committee by the inspection service;

(e) The committee may recommend and the Secretary may require that any fruit handled or transported by motor vehicle shall be accompanied by a copy of the inspection certificate issued thereon, which certificate shall be surrendered to such authority as may be designated.

REPORTS**§ 1031.51 Reports.**

Upon request of the committee, made with the approval of the Secretary, each handler shall furnish to the committee, in such manner and at such time as it may prescribe, such reports and other information as may be necessary for the committee to perform its duties under this part.

(a) Such reports may include, but are not necessarily limited to, the following:

(1) The quantities of fruit received by a handler;

(2) The quantities disposed of by him, segregated as to the respective quantities subject to regulation and not subject to regulation;

(3) The date of each such disposition and the identification of the carrier transporting such fruit;

(4) Identification of the inspection certificates, and the certificates of privi-

lege, if any, pursuant to which the fruit was handled, together with the destination of each lot of fruit handled pursuant to § 1031.41.

(b) All such reports shall be held under appropriate protective classification and custody of the committee, or duly appointed employees thereof, so that the information contained therein which may adversely affect the competitive position of any handler in relation to other handlers will not be disclosed. Compilations of general reports from data submitted by handlers is authorized, subject to prohibition of disclosure of individual handlers identities or operations.

(c) Each handler shall maintain for at least two succeeding years such records of the fruit received and disposed of by such handler as may be necessary to verify the reports he submits to the committee pursuant to this section.

MISCELLANEOUS PROVISIONS**§ 1031.52 Compliance.**

Except as provided in this subpart, no handler shall handle fruit, the handling of which has been prohibited by the Secretary in accordance with provisions of this subpart, or the rules and regulations issued thereunder, and no handler shall handle fruit except in conformity to the provisions of this part.

§ 1031.53 Right of the Secretary.

The members of the committee (including successors and alternates), and any agent or employee appointed or employed by the committee, shall be subject to removal or suspension by the Secretary at any time. Each and every order, regulation, decision, determination or other act of the committee shall be subject to the continuing right of the Secretary to disapprove of the same at any time. Upon such disapproval, the disapproved action of the said committee shall be deemed null and void, except as to acts done in reliance thereon or in compliance therewith prior to such disapproval by the Secretary.

§ 1031.54 Effective time.

The provisions of this subpart, or any amendment thereto, shall become effective at such time as the Secretary may declare and shall continue in force until terminated in one of the ways specified in this subpart.

(b) The Secretary may terminate or suspend the operation of any or all of the provisions of this subpart whenever he finds that such provisions do not tend to effectuate the declared policy.

(c) The Secretary shall terminate the provisions of this subpart at the end of any fiscal period whenever he finds that such termination is favored by a majority of producers who, during a representative period, have been engaged in the production of fruit for market: *Provided*, That such majority has, during such representative period, produced for

market more than fifty percent of the volume of such fruit produced for market.

(d) The provisions of this subpart shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

§ 1031.56 Proceedings after termination.

(a) Upon the termination of the provisions of this subpart the then functioning members of the committee shall, for the purpose of liquidating the affairs of the committee continue as joint trustees of all the funds and property then in the possession of or under control of the committee, including claims for any funds unpaid or property not delivered at the time of such termination. Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(b) The said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such person as the Secretary may direct; and shall, upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all funds, property, and claims vested in the committee or the trustees pursuant to this subpart.

(c) Any person to whom funds, property, or claims have been transferred or delivered by the committee or its members pursuant to this section, shall be subject to the same obligations imposed upon the members of the committee and upon the said trustees.

§ 1031.57 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart, or the issuance of any amendments to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart or any regulation issued under this subpart, or (b) release or extinguish any violation of this subpart or of any regulations issued under this subpart, or (c) affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violations.

§ 1031.58 Duration of immunities.

The benefits, privileges, and immunities conferred upon any person by virtue of this subpart shall cease upon the termination of this subpart, except with respect to acts done under and during the existence of this subpart.

§ 1031.59 Agents.

The Secretary may, by designation in writing, name any person, including any officer or employee of the United States,

or name any agency in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this subpart.

§ 1031.60 Derogation.

Nothing contained in this subpart is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers granted by the act or otherwise, or in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 1031.61 Personal liability.

No member or alternate of the committee or any employee or agent thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any handler or to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate, agent, or employee, except for act of dishonesty, willful misconduct, or gross negligence.

Title 14—AERONAUTICS AND SPACE

Chapter III—Federal Aviation Agency

SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Airspace Docket No. 60-WA-207]

PART 608—RESTRICTED AREAS

Modification

The purpose of this amendment to § 608.14 of the regulations of the Administrator is to correctly describe the Point Arguello, Calif., Restricted Area (W/R-532) (San Francisco Chart).

The present description of (W/R-532) encompasses airspace which is partly warning area and partly restricted area. Since the purpose of Part 608 is to designate only restricted areas, the Federal Aviation Agency is eliminating all reference to warning area in the text and title of the regulation. The portion of (W/R-532) within three nautical miles

of the shore line is also being redescribed. This action, however, will not change the present boundary of R-532.

Since this amendment is clarifying in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary, and it may be made effective on less than 30 days' notice.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 8005), § 608.14 *California*, Naval Missile Facility, Point Arguello, Calif., Warning/Restricted Area (W/R-532) (San Francisco) (23 F.R. 9134, 24 F.R. 524) is amended to read:

§ 608.14 California.

NAVAL MISSILE FACILITY, POINT ARGUELLO, CALIF., RESTRICTED AREA (R-532) (SAN FRANCISCO CHART)

Description by geographical coordinates. Beginning at Lat. 34°34'52" N, Long. 120°42'57" W, thence to Lat. 34°35'00" N, Long. 120°30'00" W, thence to Lat. 34°24'00" N, Long. 120°30'00" W, thence northwest along a line three nautical miles offshore to point of beginning.

Designated altitude. Surface to unlimited. *Time of designation.* Continuous.

Controlling agency. Pacific Missile Range, Pt. Mugu, California.

This amendment shall become effective upon the date of publication in the FEDERAL REGISTER.

Director, Bureau of
Air Traffic Management.

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Alterations

The new and revised standard instrument approach procedures appearing hereinafter are adopted to become effective and/or canceled when indicated in order to promote safety. The revised procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the revised procedures specify the complete procedure and indicate the changes to the existing procedures. Pursuant to authority delegated to me by the Administrator (24 F.R. 5662), I find that a situation exists requiring immediate action in the interest of safety, that notice and public procedure hereon are impracticable, and that good cause exists for making this amendment effective on less than thirty days' notice.

Part 609 (14 CFR Part 609) is amended as follows:

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Alterations

The new and revised standard instrument approach procedures appearing hereinafter are adopted to become effective and/or cancelled when indicated in order to promote safety. The revised procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the revised procedures specify the complete procedure and indicate the changes to the existing procedures. Pursuant to authority delegated to me by the Administrator (24 F.R. 5662), I find that a situation exists requiring immediate action in the interest of safety, that notice and public procedures hereon are impracticable, and that good cause exists for making this amendment effective on less than thirty days' notice.

Part 609 (14 CFR Part 609) is amended as follows:

1. The low or medium frequency range procedures prescribed in § 609.100(a) are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

§ 74.2 Designation of free and infected areas.

Notice is hereby given that sheep in the following States, Territories, and District, or parts thereof as specified, are not known to be infected with scabies and such States, Territories, District, or parts thereof, are hereby designated as free areas: Alabama, Arizona, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Idaho, Louisiana, Maine, Massachusetts, Mississippi, Montana, Nevada, New Hampshire, North Carolina, Oregon, Puerto Rico, Rhode Island, South Carolina, that portion of South Dakota west of the Missouri River, Texas, Utah, Vermont, Washington, and Wyoming. Notice is hereby given also that sheep scabies exists in all other States and Territories, and parts thereof, and they are hereby designated as infected areas.

§ 74.3 Designation of eradication and quarantine areas.

(a) Notice is hereby given that sheep in the following States, Territories, or

parts thereof as specified, are being handled systematically to eradicate scabies in sheep and such States, Territories, or parts thereof, are hereby designated as eradication areas: The entire State of New Mexico and that portion of South Dakota east of the Missouri River.

(b) No areas are quarantined under this part at this time.

(Secs. 4, 5, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791-792, as amended, secs. 1, 3, 33 Stat. 1264, as amended, 1265, as amended; 21 U.S.C. 111-113, 120, 121, 123, 125. Interpret or apply secs. 6, 7, 23 Stat. 32, as amended, secs. 2, 4, 33 Stat. 1264, as amended, 1265, as amended; 21 U.S.C. 115, 117, 124, 126; 19 F.R. 74, as amended)

Effective date. The foregoing amendment shall become effective upon publication in the FEDERAL REGISTER.

The amendment deletes the State of New Mexico from the free areas and adds such State to the infected areas and to the eradication areas, as sheep scabies is known to exist in such State. Hereafter, the restrictions pertaining to the interstate movement of sheep from, into, and through infected and eradication areas as contained in 9 CFR Part 74, as amended, will apply to the State of New Mexico.

The amendment imposes certain restrictions necessary to prevent the spread of scabies, a communicable disease of sheep, and must be made effective immediately upon publication in order to accomplish its purpose in the public interest. Accordingly, under section 4 of the Administrative Procedure Act (5 U.S.C. 1003), it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and contrary to the public interest and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

PART 74—SCABIES IN SHEEP Interstate Movement From New Mexico

Pursuant to § 74.5 of the regulations in Part 74, as amended, Title 9, Code of Federal Regulations, containing restrictions on interstate movement of animals because of scabies in sheep, under the provisions of the Act of March 3, 1905, as amended, the Act of February 2, 1903, as amended, and sections 4 through 7 of the Act of May 29, 1884, as amended (21 U.S.C. 111-113, 115, 117, 120, 121, 124-126), a new § 74.18a is added to said Part 74 to read as follows:

§ 74.18a Movement of sheep from New Mexico into another eradication area or into a free area.

Until December 31, 1960, uninfected and unexposed sheep may be shipped, trailed, driven, or otherwise moved interstate for feeding prior to slaughter from New Mexico, designated under this part as an infected and eradication area, into any other eradication area or into a free area, provided such sheep have been inspected by a State or Division inspector within 10 days prior to movement and found free from scabies and exposure thereto, and are accompanied by a certificate from said inspector to that effect.

(Secs. 4, 5, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791-792, as amended, secs. 1, 3, 33 Stat. 1264, as amended, 1265, as amended; 21 U.S.C. 111-113, 120, 121, 123, 125. Interpret or apply secs. 6, 7, 23 Stat. 32, as amended, secs. 2, 4, 33 Stat. 1264, as amended, 1265,

as amended; 21 U.S.C. 115, 117, 124, 126; 19 F.R. 74, as amended. 9 CFR 74.5)

Effective date. The foregoing amendment shall become effective upon publication in the FEDERAL REGISTER.

It should be made effective promptly to be of maximum benefit to persons subject to the restrictions which are relieved. Accordingly, under section 4 of the Administrative Procedure Act (5 U.S.C. 1003), it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and contrary to the public interest, and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

Tetracycline-Novobiocin Oral Suspension (Tetracycline-Novobiocin Oral Drops; Tetracycline-Novobiocin Syrup)

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; sec. 701, 52 Stat. 1055, as

amended; 21 U.S.C. 357, 371) and delegated to the Commissioner of Food and Drugs by the Secretary (22 F.R. 1045, 23 F.R. 9500), the regulations for tests and methods of assay and certification of antibiotic and antibiotic-containing drugs (21 CFR Parts 141c, 146c) are amended as follows:

1. Part 141c is amended by adding the following new section:

§ 141c.261 Tetracycline-novobiocin oral suspension (tetracycline-novobiocin oral drops; tetracycline-novobiocin syrup).

(a) **Potency**—(1) *Tetracycline content.* Proceed as directed in § 141c.239 (a) (1). Its tetracycline content is satisfactory if it contains not less than 85 percent of the number of milligrams that it is represented to contain.

(2) *Novobiocin content.* Proceed as directed in § 141c.239 (a) (2). Its novobiocin content is satisfactory if it contains not less than 85 percent of the number of milligrams that it is represented to contain.

(b) *pH.* Using the undiluted sample, proceed as directed in § 141a.5 (b) of this chapter.

2. Part 146c is amended by adding the following new section:

§ 146c.261 Tetracycline-novobiocin oral suspension (tetracycline-novobiocin oral drops; tetracycline-novobiocin syrup).

Tetracycline-novobiocin oral suspension is a suspension of tetracycline and calcium novobiocin which conforms to all requirements and procedures prescribed by § 146c.239 for tetracycline-calcium novobiocin for oral suspension when the dry powder is prepared as directed in its labeling, except § 146c.239 (b), and except that:

(a) Each milliliter contains 12.5 milligrams of crystalline calcium novobiocin and a quantity of tetracycline equivalent to 12.5 milligrams of tetracycline hydrochloride; or it contains 62.5 milligrams of crystalline calcium novobiocin and a quantity of tetracycline equivalent to 62.5 milligrams of tetracycline hydrochloride.

(b) The pH is not less than 6.0 nor more than 7.0.

(c) The expiration date is 18 months after the month during which the batch was certified.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since the amendments are not opposed by the affected industry and since it would be against public interest to delay providing for tests and methods of assay and certification of this new antibiotic drug.

Effective date. This order shall become effective upon publication in the FEDERAL REGISTER, since both the public and the affected industry will benefit by the earliest effective date, and I so find.

(Sec. 701, 52 Stat. 1055, as amended; 21 U.S.C. 371. Interpret or apply sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357)

PART 146—GENERAL REGULATIONS FOR THE CERTIFICATION OF ANTI-BIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

Antibiotics for Fish Diseases

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; sec. 701, 52 Stat. 1055, as amended; 21 U.S.C. 357, 371) and delegated to the Commissioner of Food and Drugs by the Secretary (25 F.R. 5611), the general regulations for the certification of antibiotic and antibiotic-containing drugs (21 CFR 146.27) are amended as follows:

Section 146.27 is changed to read:

§ 146.27 Antibiotics for fish diseases.

Any antibiotic drug subject to the regulations in this chapter intended for use solely in the prevention or treatment of disease in fish and conspicuously so labeled shall be exempt from the requirements of sections 502(1) and 507 of the act if the fish so treated are not intended for human consumption.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it grants an exemption and since it would be against public interest to delay providing for the amendment incorporated in this order.

I further find that antibiotic drugs intended for the treatment of fish diseases and conforming with the conditions comply with the requirements of sections 502(1) and 507 of the Federal Food, Drug, and Cosmetic Act in order to insure their safety and efficacy.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER, since both the public and the affected industry will benefit by the earliest effective date, and I so find.

SUBCHAPTER A—PROCEDURES: PRACTICE

PART 2—APPEALS FROM ADMINISTRATIVE ACTIONS

On page 9545 of the FEDERAL REGISTER of November 28, 1959, there was published a notice of intention to add a new part to Title 25 of the Code of Federal Regulations. The purpose of these regulations is to provide procedures by which persons dealing with the Bureau of Indian Affairs may obtain review of decisions made by officials of that Bureau.

Interested persons were given 30 days within which to submit written com-

ments, suggestions or objections with respect to the proposed new part. Several suggestions were received within the specified time. These were thoroughly considered and discussed and as a result of such consideration and discussions the following changes have been made:

1. In § 2.2 the words "or privileges" are inserted immediately after the word "rights" in the second sentence of this section.

2. In § 2.2 the words "fundamental constitutional law" are inserted immediately after the first "upon" in the second sentence of this section.

3. In § 2.14 the words "inequity or" are inserted before the word "injustice" in the last line.

4. In § 2.34 the word "Saturday" and "or" are inserted in the last sentence before the words "Sunday" and "legal holiday" respectively.

5. In § 2.35 the words "in his discretion" are inserted before the phrase "may extend" and the words "established by these regulations" substituted for the clause "where he finds such extension or waiver will prevent an injustice."

6. In § 2.36 the last paragraph has been rewritten so as to be applicable to all appellants; not only Indians or Indian tribes.

These amended regulations, as so changed, are hereby adopted as set forth below and will become effective at the beginning of the 30th calendar day following the date of publication in the FEDERAL REGISTER.

Subpart A—General

§ 2.1 Definitions.

As used in this part:

(a) "Person" includes any Indian or non-Indian individual, corporation, tribe, or other organization.

No. 185—3

(b) "Interested party" means any person whose interests would be adversely affected by proceedings conducted under this part.

(c) "Petitioner" means any person who files an appeal under this part.

(d) "Appeal" means a written request for correction of an action or decision claimed to violate a person's legal rights or privileges.

(e) "Complaint" means a written request for correction or reconsideration of an action or decision claimed to be legally or administratively incorrect but not violative of the complainant's own legal rights or privileges.

(f) "Right" means a favorable position in a legal relationship the continued enjoyment of which may not be withdrawn save by a change in fundamental constitutional law.

(g) "Privilege" means a favorable position in a legal relationship the continued enjoyment of which may be withdrawn only upon a change in law, statute or regulations upon which the relationship is based.

§ 2.2 Applicability.

This part provides appeals procedures for requesting correction of actions or decisions by officials of the Bureau of Indian Affairs where the action or decision is protested as a violation of a right or privilege of the appellant. Such rights or privileges must be based upon fundamental constitutional law, applicable federal statutes, treaties, or upon Departmental regulations. Such regulations appear in the FEDERAL REGISTER and, where of general application in Indian affairs, in Title 25 of the Code of Federal Regulations. "Appeals" shall be processed in accordance with the regulations in this part. "Complaints," on the other hand, may be either informally or formally made and ordinarily first presented to the office immediately responsible for the action or decision questioned and thereafter if necessary to higher officials. An action or decision which is subject to appeal shall be reduced to writing by the official making the decision either at his own instance or upon request of the petitioner. The appeal procedures in this part do not apply to decisions made under statutes or other regulations which provide specific appeals procedures, nor to "complaints."

§ 2.3 Who may appeal.

In accordance with the procedures in this part, any interested party adversely affected by a decision of an official under the supervision of an Area Director of the Bureau of Indian Affairs may appeal to the Area Director; an appeal may be taken to the Commissioner of Indian Affairs from a decision of the Area Director; and an appeal may be taken to the Secretary of the Interior from a decision of the Commissioner.

§ 2.4 Notice of administrative action.

Notice shall be given of any action taken or decision made from which an appeal may be taken under the regulations in this part, to any Indian or Indian tribe whose legal rights or privileges are affected thereby. This notice

shall be in writing and shall be given by the official making the decision or taking the action. Failure to give such notice shall not affect the validity of the action or decision, but the right to appeal therefrom shall continue under the regulations in this part for the periods hereinafter set forth.

Subpart B—Appeals to the Area Director or to the Commissioner

§ 2.10 Appeal, how taken; time limit.

(a) An interested party who wishes to appeal to the Area Director or Commissioner shall initiate his appeal by filing a written petition with the official who made the decision. Such official if requested by an Indian or Indian tribe shall render such assistance as is appropriate in the preparation of any appeal by an Indian or Indian tribe. The petition should give an identification of the case, a statement of reasons for the appeal and any arguments the petitioner wishes to make. The petition must be received in such office within 20 days after the date of the mailing of the notice of the decision complained of to the petitioner unless further time is granted pursuant to the regulations in this part. The petitioner also may file an additional written statement of reasons and arguments or briefs with the Area Director or the Commissioner within 10 days after the filing of the petition.

(b) Whether or not the decision complained of will be suspended during the appeal will be within the discretion of the officer to whom the appeal is made. He may require an adequate bond to protect the interest of any Indian, Indian tribe, or other parties involved.

§ 2.11 Service of petition and of other documents.

(a) The petitioner, or the officer with whom the petition is filed when the petitioner is an Indian or Indian tribe not represented by counsel, shall serve a copy of the petition and of any additional written statement of reasons, arguments, or briefs on each interested party known to him as such, in the manner prescribed in § 2.33, at the time of filing thereof. Failure to serve within the time required may subject the appeal to summary dismissal as provided in § 2.36. Proof of such service as required by § 2.33 must be filed with the Area Director or Commissioner within 15 days after service unless filed with the petition or with the additional statement of reasons, arguments or briefs.

§ 2.12 Answers.

If any party served with a petition wishes to participate in the proceeding on appeal, he must file a written answer within 20 days after service of the petition upon him. If an additional statement of reasons is filed by the petitioner, the interested party shall have 10 days after service thereof within which to answer. Answers must be filed with the Area Director, the Commissioner, or other Bureau employee with copy to the Commissioner, whichever is appropriate, and be served on the petitioner in the manner prescribed in § 2.33 at the time the answer is filed. Proof of such serv-

ice, as required by § 2.33, must be filed with the Area Director or the Commissioner within 15 days after service. If an answer is not filed within the time required, a default will not result but the answer may be disregarded in deciding the appeal.

§ 2.13 Action by Area Director or Commissioner on appeal.

The Commissioner or the Area Director will render a written decision in each case appealed to him, copies of which will be mailed to all interested parties.

§ 2.14 Effect of failure to appeal.

When any party fails to appeal a decision of the Superintendent, Area Director, or the Commissioner, that decision shall be final as to such party and will not be disturbed except for fraud or gross irregularity, or where it is found by higher authority that the failure to appeal on the part of an Indian or Indian tribe would result in an inequity or injustice to the Indian or Indian tribe.

Subpart C—Appeals to the Secretary

§ 2.21 Right of appeal to the Secretary.

Any party adversely affected may file an appeal from a decision of the Commissioner to the Secretary except a decision which received the Secretary's approval at the time it was made.

§ 2.22 Appeal, how taken; time limit.

(a) An interested party who wishes to file an appeal from a decision of the Commissioner to the Secretary must file a written petition with the Commissioner that he wishes to appeal. The petition must give an identification of the case, a statement of the reasons for the appeal and any arguments the petitioner wishes to make. The petition must be received in such office within 20 days after the date of the mailing of the notice of the decision complained of to the petitioner. The petitioner also may file an additional statement of reasons, arguments, or briefs with the Commissioner or Secretary within 10 days after the filing of the petition.

(b) Whether or not the decision complained of will be suspended during the appeal will be within the discretion of the Secretary. He may require an adequate bond to protect the interest of any Indian, Indian tribe, or other parties involved.

§ 2.23 Service of petition and of other documents.

The petitioner, or the Commissioner when the petitioner is an Indian or Indian tribe not represented by counsel, shall serve a copy of the petition and any accompanying written statement of reasons, arguments or briefs on each interested party known to him as such, in the manner prescribed in § 2.33 at the time of filing the petition and at the time of filing any additional statement of reasons, arguments or briefs. Failure to serve within the time required may subject the appeal to summary dismissal as provided in § 2.36. Proof of such service as required by § 2.33 must be filed with the Secretary within 15 days after service unless filed with the peti-

tion or with the additional statement of reasons, arguments or briefs.

§ 2.24 Answers.

If a party served with a petition wishes to participate in the proceeding on appeal, he must file a written answer within 20 days after service of the petition upon him. If an additional statement of reasons is filed by the petitioner, the interested party shall have 10 days after service thereof within which to answer. Answers must be filed with the Secretary and be served on the petitioner in the manner prescribed in § 2.33 at the time the answer is filed. Proof of such service as required by § 2.33 must be filed with the Secretary within 15 days after service. If an answer is not filed within the time required, default will not result but the answer may be disregarded in deciding the appeal.

§ 2.25 Finality of decision.

No further right of appeal or request for reconsideration exists within the Department of the Interior from a decision of a Secretarial Officer, except when he finds as a matter of discretion that reconsideration should be had in order to avoid injustice and such decision shall constitute the final administrative action. Copies of such decision will be mailed to all interested parties.

Subpart D—Procedures

§ 2.31 When a document is filed.

A document is properly filed when received in the office of the official with whom the filing is required during regular office hours. No degree of formality is required, a simple letter will suffice, and the appellant need not be represented by counsel. An appeal by an Indian or Indian tribe received in an office other than that to which it should be properly addressed shall be transmitted to the proper office and the appellant advised. If such office is unknown where received, it shall be returned to the writer.

§ 2.32 Record address.

Every interested party who files a document in connection with an appeal shall state his address at the time of initial filing in the matter. Thereafter, he must promptly inform the official with whom the filing was made of any change in address, giving appropriate identification of all matters in which he has made such a filing; otherwise, the address as stated shall be accepted as the proper address. The successors of such party shall likewise promptly inform the official of their interest in the matter and state their addresses. If an interested party fails to furnish his address as required in this section, he will not be entitled to notice in connection with the proceedings.

§ 2.33 Service.

(a) Wherever this regulation requires that a copy of a document be served, service shall be made by delivering the copy personally or by sending the document by registered or certified mail, return receipt requested, to the address of record as required in § 2.32. Where a

tribe is an interested party, service shall be made on the authorized tribal official or tribal governing body. Notice of a decision is sufficient if mailed by regular mail.

(b) A document will be considered to have been served at the time (1) of acknowledgment, (2) of personal service, (3) of delivery of a registered or certified letter, or (4) of the return by the post office of an undelivered registered or certified letter.

(c) In all cases where a party is represented by an attorney, such attorney will be recognized as fully controlling the same on behalf of his client, and service of any document relating to the proceeding upon such attorney shall be deemed to be service on the party he represents. Where a party is represented by more than one attorney, service upon one of the attorneys shall be sufficient.

§ 2.34 Computation of time for filing and service.

In computing any period of time prescribed herein for filing or serving a document, the day upon which the decision or document to be appealed or answered was mailed or served, or the day of any other event after which the designated period of time begins to run, is not to be included. The last day of the period so computed is to be included unless it falls upon a Saturday, Sunday, or legal holiday.

§ 2.35 Extensions of time.

The period for filing or serving any document may be extended or waived on behalf of an interested party by the officer to whom the appeal is taken, for good cause found by the officer. The Secretary in his discretion may extend or waive any time limitation established by these regulations.

§ 2.36 Summary dismissal.

An appeal to the Area Director, Commissioner or the Secretary may be subject to summary dismissal by the officer to whom it is made for any of the following causes:

(a) If a statement of the reasons for the appeal is not included in the petition.

(b) If the petition or additional statement of reasons in support of the appeal are not received or not served upon the interested parties within the time required.

(c) If proof of service of any document is not filed within the time required.

No appeal shall be dismissed because of a procedural error or informality which is satisfactorily explained as being the result of ignorance, mistake, or circumstances beyond the control of the appellant.

§ 2.37 Scope of review.

When a matter is before an official of the Bureau of Indian Affairs or higher echelon of the Department of the Interior on appeal, any information available to the reviewing officer may be used whether formally part of the record, if any, or not, but where reliance is placed on information not of record such infor-

mation shall be identified as to source and nature.

AUTHORITY: §§ 878.41 to 878.80 issued under sec. 8012, 70A Stat. 488; 10 U.S.C. 8012. Statutory provisions interpreted or applied are cited to text.

SOURCE: AFR 900-10, April 4, 1958.

§ 878.41 Purpose.

Sections 878.41 to 878.80 describe the Air Force service awards and explain who is eligible to receive them, how and by whom they are awarded, and how they are worn. It includes pertinent informa-

tion regarding service awards which are awarded by other United States agencies and foreign countries.

§ 878.42 Policy.

Service awards are normally awarded to recognize honorable, active Federal military service during periods of war or national emergency. For purposes of §§ 878.41 to 878.80, the term "active Federal military service" is defined as all periods of military service in a Regular component of the Armed Forces of the United States or any of the Reserve components listed in § 878.69(b), while on active duty. This includes service as a cadet or midshipman at the United States Air Force, Army, and Naval Academies.

§ 878.43 Types of awards.

Service awards include medals, service ribbons, lapel buttons, and other types of devices such as clasps, stars, arrowheads, etc.

§ 878.44 Authorized medals and ribbons.

- (a) Good Conduct Medal.
- (b) American Defense Service Medal.
- (c) Women's Army Corps Service Medal.
- (d) American Campaign Medal.
- (e) Asiatic-Pacific Campaign Medal.
- (f) European-African-Middle Eastern Campaign Medal.
- (g) World War II Victory Medal.
- (h) Army of Occupation Medal.
- (i) Medal for Humane Action.
- (j) National Defense Service Medal.
- (k) Korean Service Medal.

- (m) Armed Forces Reserve Medal.
- (n) Philippine Defense Service Ribbon.
- (o) Philippine Liberation Ribbon.
- (p) Philippine Independence Ribbon.
- (q) United Nations Service Medal.

This list does not include the medals and ribbons awarded by the other branches of the United States Armed Forces, which may differ in appearance from similar Air Force awards described in §§ 878.41 to 878.80.

§ 878.45 Eligibility.

A person is generally considered eligible for a service award if he:

- (a) Was assigned or attached to and present for duty with a unit serving within the prescribed geographical area established for the award during the designated time period; or
- (b) Was assigned or attached to and present for duty during the prescribed time period with a unit designated in general orders as having received the award; or
- (c) Otherwise meets the requirements for the award stated in §§ 878.41 to 878.80.

No service award will be awarded to a person whose entire service for the period covered by the award was not honorable, nor to a person whose service for the period covered by the award was terminated under other than honorable conditions. However, if a person was awarded and presented an award for service prior to his dishon-

orable behavior, the award will not be revoked unless directed by Headquarters USAF.

§ 878.46 Number of awards a person may receive.

Only one award of a specific United States service medal or Philippine service ribbon will be made to the same person. Devices will be awarded to denote additional awards in those instances specified in §§ 878.41 to 878.80.

§ 878.47 Verification of eligibility.

(a) *Where to send requests.* A person not on active duty and not a member of a Reserve component may apply to Commander, Air Reserve Records Center, Continental Air Command, 3800 York Street, Denver 5, Colo.

(b) *Information included.* Each request will include the person's name, grade, service number(s), and any other information which will assist in verifying his eligibility.

§ 878.48 Posthumous awards.

The next of kin is entitled to receive a complete set of the service awards earned by a deceased member of the Air Force, whether or not they were previously presented to him. The next of kin, in order of precedence, are: Widow, widower, eldest son, eldest daughter, father, mother, eldest brother, eldest sister, eldest grandchild. Awards to eligible next of kin, other than in the order given, must be approved by Headquarters USAF. Duplicate awards will be furnished free to the parent(s) of the deceased when awards are given to the widow or widower.

§ 878.49 Awards by other United States agencies.

(a) Service awards are also awarded by the United States Army, Navy, Marine Corps, and Coast Guard. Such awards are made in conformance with the regulations of the awarding authority.

(b) Service awards made by United States Government agencies other than the military services noted in paragraph (a) of this section, or by States and other jurisdictions subordinate to the Federal Government, will not be worn on the Air Force uniform.

§ 878.50 Awards by foreign countries.

(a) *When acceptance and wearing of foreign service awards is unauthorized.* With the exception of the United Nations Service Medal (see § 878.70), service awards tendered by foreign governments to an officer or airman for services rendered while a member of the United States Air Force or its Reserve components may not be accepted or worn on the Air Force uniform. See §§ 878.1 to 878.16 for acceptance and wear of foreign decorations.

(b) *Wearing of foreign service awards by persons who earned them as members of a friendly foreign force.* Foreign service awards earned while a bona fide member of the armed forces of a friendly foreign country may be retained by the person, provided that they were presented to him prior to his entry on duty with the Armed Forces of the United

States. However, to wear such awards on the Air Force uniform, the consent of the Congress is required, unless such Congressional authority was delegated under Public Law.

(1) Requesting Congressional authorization: Congressional authorization is requested through Hq USAF. The member will send all elements of the award, including the medal, ribbon and original certificate, and document or other awarding authority, to: Director of Military Personnel, Hq USAF, ATTN: Personnel Services Division, Washington 25, D.C.

Elements of the award will be sent by letter of transmittal. The letter will contain the full name and service number of the member; name of the award and the country making it; citizenship status at time of the award; and the inclusive dates of the service recognized by the award. Headquarters USAF will forward the award to the Department of State, where it will be held pending authorization by Congress for the member to wear it.

(2) Notification to member when Congress authorizes wear on uniform: When Congress authorizes official wear, Headquarters USAF will withdraw the award from the Department of State and forward it to the member. This section does not apply to the Philippine service awards described in §§ 878.41 to 878.80.

NOTE: Pursuant to a White House instruction, the Department of State prepares an omnibus authorizing bill on all foreign awards held for retired persons, for transmittal to Congress one full month before the beginning of the Second Session of each alternate Congress, or every fourth year, i.e., 1958, 1962, 1966, etc. At the present time, such legislation may not be introduced for other than retired personnel. Since the seeking of authority to wear a foreign service award is at the option of the individual concerned, commanders should thoroughly explain the procedures stated in this section so that the individual will be fully aware of the legislative requirements before he elects to seek Congressional authorization to wear the award.

§ 878.51 Order of precedence in which awards are worn.

(a) *United States service medals and ribbons.* The term "United States service medals and ribbons" as used in §§ 878.41 to 878.80 includes the service medals and ribbons awarded by the military services, i.e., the Army, Air Force, Navy, Marine Corps, and Coast Guard. United States service medals and ribbons are worn in the following order or precedence:

(1) The Good Conduct Medal is worn immediately following United States decorations. A Good Conduct Medal awarded for service performed with the United States Navy, Marine Corps, or Coast Guard is worn immediately following the Good Conduct Medal awarded by the Air Force or Army.

(2) Other United States service awards follow the Good Conduct Medal in the order in which earned (not the date of entry in the records or date upon which the award is established, but the date upon which the individual becomes eligible for the award), subject to the following exceptions:

(i) The National Defense Service Medal takes precedence over the Korean Service Medal when both awards are earned simultaneously.

(ii) The Armed Forces Reserve Medal is worn last, following all United States service awards.

(b) *Philippine service ribbons.* Philippine service ribbons are worn immediately following United States service awards. They too are worn in the order in which earned.

(c) *United Nations Service Medal.* The United Nations Service Medal is worn immediately following all foreign decorations, if any; otherwise, immediately following all United States service awards and Philippine service ribbons.

(d) *Foreign service awards.* Foreign service awards, as authorized for wear in accordance with § 878.50(b) are worn:

(1) Immediately following foreign decorations, or

(2) If the person has no foreign decorations, immediately following United States service medals, Philippine service ribbons, and United Nations Service Medal.

Foreign service awards are worn in the order earned or in the manner prescribed by the foreign country awarding the medals. At least one United States decoration or service award must be worn at the same time that a foreign award is worn.

§ 878.52 How to obtain authorized awards.

Persons not on active duty and not members of a Reserve component may obtain authorized awards from: Director, Air Force Records Center, 9700 Page Boulevard, St. Louis 14, Missouri.

§ 878.53 Supply and replacement.

(a) *Items not furnished.* Miniature service medals and service ribbons are neither issued nor sold by the Department of the Air Force, but may be purchased from commercial sources.

(b) *Replacement.* Persons not on active duty and not members of a Reserve component of the Air Force, and the next of kin of deceased personnel, may request replacement by sending applications to: Director, Air Force Records Center, 9700 Page Boulevard, St. Louis 14, Missouri. Replacement will be made at cost price.

§ 878.54 Engraving.

Service medals will not be engraved at Government expense. Recipient may have the medal engraved with his name at his own expense.

§ 878.55 Use of awards in exhibitions.

(a) *By public institutions and patriotic societies.* Upon approval by the Secretary of the Air Force, sample service awards for exhibit purposes may be furnished at cost price, including charges for packing, transportation, and engraving each medal with the words "Exhibition Only." Samples will be furnished only to museums; libraries; and historical, numismatic, and military societies and institutions of such public nature as to assure an opportunity for the public

to view them under circumstances beneficial to the Air Force.

(b) *By United States governmental agencies outside the Department of Defense.* Upon approval by the Secretary of the Air Force, sample service awards may be furnished, without charge, for public display purposes to United States governmental agencies not under military jurisdiction.

(c) *Where to send requests.* All requests for service awards for exhibit or display will be submitted to: The Director of Military Personnel, Headquarters USAF, ATTN: Personnel Services Division, Washington 25, D.C. for approval by the Secretary of the Air Force.

§ 878.56 Manufacture, sale, and possession of awards.

By law (18 U.S.C. 701 and 704), the manufacture, sale, or possession of any Air Force service award, or the pictorial representation in regulation size of such award, is prohibited unless authorized by the Department of the Air Force.

§ 878.57 Good Conduct Medal.

The Good Conduct Medal was established by Executive Order 8809, June 28, 1941, as amended by Executive Order 9323, March 31, 1943, and Executive Order 10444, April 10, 1953.

(a) *Description.* The Good Conduct Medal is a metal disk 1¼ inches in diameter, bearing in front an eagle standing on a book and a sword, encircled with the inscription "Efficiency-Honor-Fidelity." The ribbon is dark red silk, with three white stripes bordering each edge.

(b) *Requirements for award.* The Good Conduct Medal is awarded for exemplary behavior, efficiency, and fidelity in an enlisted status while in the active Federal military service under the following conditions:

(1) All "character" and "efficiency" ratings, prior to October 1, 1957, must have been recorded as "excellent" or higher, except that the following ratings are not disqualifying:

(i) Ratings of "unknown."

(ii) Service school efficiency ratings below "excellent" awarded prior to March 3, 1946.

(2) For service on or after October 1, 1957, each award of the Good Conduct Medal will be made upon the specific recommendation of the unit commander rather than upon "character" and "efficiency" ratings, which have been discontinued in the Air Force.

(3) During the period considered for the award, there must be no conviction by a civil court (other than for a minor traffic violation) or by courts-martial, or record of punishment under Article 15. Where such conviction or record of punishment exists, creditable service toward the Good Conduct Medal will begin:

(i) The day following any time lost under Section 8638, Title 10 of the United States Code, and/or

(ii) The day following the completion of any punishment imposed by a courts-martial, including punishment imposed under Article 15.

(c) *Time periods of eligibility.* Having met the requirements in paragraph (b) of this section, the basic Good Conduct Medal is awarded for a period of 3

continuous years of active Federal service completed on or after August 26, 1940, except that it may be awarded for lesser periods of service under the following conditions:

(1) A period of 1 continuous year of service between December 7, 1941 and March 2, 1946 (WW II); or between June 27, 1950 and July 27, 1954 (Korean Operation); or during any future period while the United States is at war.

(2) Upon termination of active Federal military service for a period less than 3 continuous years but more than 1 year, provided that some portion of that service is performed after June 27, 1950, and no previous award of the Good Conduct Medal has been made. (This includes termination of active Federal military service in an enlisted status in order to accept a commission.)

(3) Upon termination of active Federal military service of less than 1 continuous year provided that:

(i) Some portion of that period of service is performed after June 27, 1950;

(ii) Final separation was by reason of physical disability incurred in line of duty; and

(iii) No previous award of the Good Conduct Medal has been made.

(d) *Computation of total service.* Periods of service as a commissioned officer or warrant officer, other than Regular Air Force, will not be considered as an interruption of continuous service, although such periods will not be included in computation of total service accumulated. A period in excess of 24 hours between enlistments or between periods of commissioned and enlisted service will be considered a break in continuous active service.

(e) *Service in the Navy, Marine Corps, or Coast Guard.* Service performed in the United States Navy, Marine Corps, or Coast Guard may not be credited for award of the Good Conduct Medal under §§ 878.41 to 878.80.

(f) *Time period required after basic award.* After the basic award, a 3-year period of continuous active service is always required for additional awards of the Good Conduct Medals. Clasps are used to denote additional awards. Service must always meet the requirements of paragraph (b) of this section. Section 878.75(a) describes the clasp and explains how it is worn.

(6) The carrier hum and extraneous noise (exclusive of microphone and studio noises) level (unweighted r.s.s.) is at least 45 decibels below 100 percent

¹ Crosley Broadcasting Company on September 12, 1960, filed a comment suggesting that the rule require a 50 db attenuation of noise and hum for existing transmitters and 60 db for new transmitters. No supporting data is supplied with the proposal. We are considering this late comment but are of the view that the proposal contained therein should be rejected on its merits. Since the old rule was in effect for a number of years and measurements for type acceptance of these transmitters were not made for the wider band in the proposed rule (30 to 20,000 cycles), we do not know how many of the existing transmitters could comply with the 50 db requirement. Nor do we believe the increased attenuation is necessary. While the proposal would make the standard broadcast requirement as severe as the FM and aural TV requirements, the standard broadcast band does not have the noise rejection quality of FM. In view of the noise level of the standard broadcast band and the quality of the average receiver we believe the 45 db requirement in the rule adopted to be sufficient.

PART 13—COMMERCIAL RADIO OPERATORS

Special Provisions; Radiotelegraph First Class

At a session of the Federal Communications Commission held at its offices in Washington, D.C., on the 15th day of September, 1960;

The Commission having under consideration section 13.12 of its Commercial Radio Operator Rules, relating to the age and experience required of applicants for the radiotelegraph first-class operator license; and

It appearing, that the requirement as now phrased requires, "an aggregate of one year of satisfactory service as a radiotelegraph operator manipulating the key of a manually operated radiotelegraph station on board a ship or in a manually operated radiotelegraph coast station"; and

It further appearing, that § 13.12 is intended to implement Article 24, section IV, 17(3), and Article 35, section IV, 6, of the International Radio Regulations (Atlantic City, 1947); and

It further appearing, that the cited International Radio Regulations, and § 13.12 of the Commission's rules, were intended to require, and have consistently been interpreted to require, one year's experience in a ship or coast station which is open to public correspondence; and

It further appearing, that § 13.12 should be clarified in this respect to avoid any misunderstanding on the part of applicants; and

It further appearing, that the amendment adopted herein merely formalizes the Commission's consistently adhered to prior interpretation of the International Radio Regulations and § 13.12, that it is thus an interpretative rule, and hence that compliance within the provisions of section 4 of the Administrative Procedure Act is unnecessary; and

It further appearing that the amendment adopted herein is issued pursuant to authority contained in sections 4(i) and 303 (1) and (r) of the Communications Act of 1934, as amended;

§ 256.3 Eligibility requirements.

(a) Injury or threat of injury due to increased imports. Applicants for a subsidy for a vessel to be operated in a fishery which does not qualify under section 4(1) of the Act or which has not been previously found to be injured or threatened with injury by reason of increased imports must present evidence of injury or threat of injury by reason of increased imports. Upon receipt of such evidence, the Secretary will announce by notice in the *FEDERAL REGISTER* and by notice in writing by registered mail to parties of record, that factual data may be filed in support of or opposition to, such a finding during the succeeding 30 days. All data filed will be considered, along with such information

as may be developed by the Secretary's staff or staffs of other Government agencies and a finding announced by the Secretary. This finding will remain in effect until the Secretary shall announce that he has reason to believe the injury has been remedied or the threat of injury removed. Interested parties will then have 30 days to submit data, after which the Secretary will determine whether or not the injury or threat of injury remains. Injury or threat of injury may be determined, without excluding other factors, by downward trend of production, employment, prices, profits, or wages in the domestic fishery concerned, or a decline in sales, an increase in imports, either actual or relative, a higher or growing inventory, or a decline in the proportion of the domestic market supplied by the domestic fishery concerned.

(b) Aid in the development of the United States fisheries. For a vessel to aid in the development of the United States fisheries under conditions that the Secretary considers to be in the public interest, the vessel must be a modern vessel which will tend to upgrade the fleet and, unless of completely new and advanced design, shall not operate in a fishery which the Secretary deems to have sufficient vessels to economically harvest either the maximum sustained yield of the fishery or the maximum amount which can be marketed in an orderly manner.

§ 256.4 Applications.

Applications for a subsidy shall be made on forms prescribed by the Secretary and shall be filed with the Director, Bureau of Commercial Fisheries, Washington, D.C. The applications must be accompanied by three copies of the cross

section, outboard profile, and specifications of the proposed vessel. The Secretary may require such additional complete detailed construction plans as may be necessary after a review of the application and accompanying plans and specifications.

§ 256.5 Subsidy contract.

(a) A contract for the payment of the subsidy will take effect when all contracts between the applicant for such subsidy and the shipbuilder, who is to construct such vessel, have been approved by the Administrator and the subsidy contract has been signed by the Secretary and the applicant; and

(b) The contract shall contain a formula for the computation of the amount of the subsidy that shall be repaid to the Secretary in the event the vessel is operated in any fishery other than the particular fishery for which it was designed as defined in § 256.2(d).

§ 256.6 Inspection of vessels.

The Secretary or the Administrator shall have access at all times to all vessels which are being constructed under a contract providing for a construction subsidy provided for by the Act.

§ 256.7 Payment of subsidy.

The subsidy will be paid to the applicant after the vessel is completed and evidence of full payment to the shipyard constructing the vessel is presented; or jointly to the applicant and the shipyard upon completion and delivery of the vessel.

FRED G. AANDAHL,
Acting Secretary of the Interior.

ANIMALS AND POULTRY

Restriction of Interstate Movement Because of Contagious, Infectious, and Communicable Diseases

Notice is hereby given in accordance with section 4 of the Administrative Procedure Act (5 U.S.C. 1003) that, pursuant to provisions of the Act of February 2, 1903, as amended, and sections 4 through 7 of the Act of May 29, 1884, as amended (21 U.S.C. 111-113, 115, 117, 120), it is proposed to amend the regulations in 9 CFR, Parts 71, 76, and 81, as amended, restricting the interstate movement of animals and poultry because of contagious, infectious, and communicable diseases, in the following respects:

1. Section 71.3 of Part 71 would be amended to read as follows:

§ 71.3 Interstate movement of diseased animals and poultry generally prohibited.

(a) Animals or poultry affected with one of the following diseases, which are endemic to the United States: Bovine piroplasmiasis or splenic fever, scabies, hog cholera, acute swine erysipelas, tuberculosis, paratuberculosis, brucellosis, scrapie, blue tongue in sheep, anthrax, screwworms, psittacosis or ornithosis, Newcastle disease, or which are cattle fever tick infested, shall not be moved interstate.

(b) Animals or poultry affected with any of the following diseases, not known

to exist in the United States: Foot-and-mouth disease, rinderpest, African swine fever, Teschen disease, contagious bovine pleuro-pneumonia, European fowl pest, dourine, vesicular exanthema, glanders, or other communicable foreign disease, shall not be moved interstate.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section: (1) Domestic animals which have reacted to a test recognized by the Secretary of Agriculture for brucellosis, or paratuberculosis, which are not affected with any other disease referred to in this section and are not tick infested, may be moved interstate in accordance with the provisions of Subpart B of Part 78 of this subchapter in the case of brucellosis reactors and with the provisions of Part 80 of this subchapter in the case of paratuberculosis reactors; (2) cattle which have reacted to the tuberculin test, which are not affected with any other disease referred to in this section and are not tick infested, may be moved interstate in accordance with the provisions of § 77.8 of this subchapter; and (3) the Director of the Animal Disease Eradication Division may authorize the interstate movement of animals or poultry affected with or exposed to a contagious, infectious, or communicable disease, under such conditions as he shall specify to prevent the dissemination of such disease, whenever he finds that such action will not endanger the livestock or poultry of the United States.

(d) Before offering cattle or other livestock or poultry for interstate transportation, transporting them interstate, or introducing them into any stockyards or upon routes of traffic for interstate transportation, all persons, companies or corporations are required to exercise reasonable diligence to ascertain that such animals or poultry are not affected with any contagious, infectious, or communicable disease, and have not been exposed to the contagion or infection of any such disease by contact with other animals or poultry so diseased or by location in pens, cars, or other vehicles, or upon premises that have contained animals or poultry so diseased.

2. Part 76 would be amended as follows:

a. The part heading would be changed to read: "Part 76—Hog Cholera and other Communicable Swine Diseases."

b. Section 76.1 of said regulations (9 CFR Part 76.1) would be amended by adding, before the period at the end thereof, the following phrase: "except as provided in § 71.3 of this chapter", and by deleting from the section the phrase "or swine plague".

3. The regulations relating to European fowl pest and similar poultry diseases (9 CFR Part 81) would be amended as follows:

a. The introductory heading would be amended by deleting the words "and Similar Poultry Diseases".

b. Section 81.1 would be amended by deleting the words "or other similar contagious poultry."

c. Section 81.2 would be amended by deleting the words "or other similar contagious poultry disease."

Any person who wishes to submit written data, views, or arguments concerning the proposed amendments may do so by filing them with the Director, Animal Disease Eradication Division, Agricultural Research Service, United States Department of Agriculture, Washington 25, D.C., within 45 days after publication of this notice in the FEDERAL REGISTER.

FEDERAL AVIATION AGENCY

[14 CFR Parts 600, 601]

[Airspace Docket No. 60-LA-47]

FEDERAL AIRWAYS, CONTROL AREAS, AND REPORTING POINTS

Revocation

Pursuant to the authority delegated to me by the Administrator (14 CFR 409.13), notice is hereby given that the Federal Aviation Agency is considering an amendment to Parts 600 and 601 of the regulations of the Administrator, the substance of which is stated below.

Blue Federal airway No. 67 extends from Yuma, Ariz., to Las Vegas, Nev. The Federal Aviation Agency is considering revocation of this airway. It is the policy of this Agency to revoke L/MF airways wherever adequate VOR airways are available, and it appears that the route from Yuma to Las Vegas is adequately served by VOR Federal airway No. 135. In addition, the Federal Aviation Agency IFR peak-day airway traffic survey for the period July 1, 1959, through June 30, 1960, shows no aircraft movements between any two reporting points on Blue 67. Therefore, it appears the retention of this airway is unjustified as an assignment of airspace. Accordingly, the Federal Aviation Agency proposes to revoke Blue 67 and its associated control areas from Yuma to Las Vegas. Adoption of this proposal would not necessarily result in discontinuance of the low frequency navigational aids associated with Blue 67. Any proposals to discontinue one or more of these aids would be processed in accordance with current Agency procedures.

Concurrently with this action § 601.4667 relating to designated reporting points, associated with Blue 67, would be revoked.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 45, Calif. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

Issued in Washington, D.C., on September 15, 1960.

Assistant Chief,
Airspace Utilization Division.

[Airspace Docket No. 60-LA-50]

FEDERAL AIRWAYS, CONTROL AREAS, AND REPORTING POINTS

Revocation

Pursuant to the authority delegated to me by the Administrator (14 CFR 409.13), notice is hereby given that the Federal Aviation Agency is considering an amendment to Parts 600 and 601 of the regulations of the Administrator, the substance of which is stated below.

Red Federal airway No. 56 is designated from the intersection of the northwest course of the Red Bluff, Calif., radio range and the northwest course of the Whitmore, Calif., radio range (Delta, Calif., Intersection) to the Whitmore radio range station. A Federal Aviation Agency IFR peak-day airway traffic survey for the period July 1, 1959 through June 30, 1960 shows no aircraft movements on Red 56. Therefore, it appears that the retention of this airway is unjustified as an assignment of airspace. Accordingly, the Federal Aviation Agency proposes to revoke Red 56 and its associated control areas, from the Delta, Calif.,

Intersection to the Whitmore radio range station. Adoption of this proposal would not necessarily result in discontinuance of the low frequency navigational aids associated with this airway. Any proposals to discontinue one or more of these aids would be processed in accordance with current Agency procedures.

Concurrently with this action, it would be necessary to revoke § 601.4256 relating to designated reporting points.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 45, Calif. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

Issued in Washington, D.C., on September 15, 1960.

FEDERAL AIRWAYS, CONTROL AREAS, REPORTING POINTS AND RESTRICTED AREAS

Revocation of Federal Airway, Associated Control Area and Reporting Points; Modification of Restricted Area

Pursuant to the authority delegated to me by the Administrator (14 CFR 409.13), notice is hereby given that the Federal Aviation Agency is considering an amendment to Part 600, 601, and § 608.39 of the regulations of the Administrator, the substance of which is stated below.

Red Federal airway No. 71 is designated from the intersection of the east course of the El Paso, Tex., radio range and the southwest course of the Roswell, N. Mex., radio range via the Roswell radio range station; the intersection of the northeast course of the Roswell radio range and the west course of the Lubbock, Tex., radio range; to the Lubbock radio range station. The Federal Aviation Agency is considering revoking Red 71. It is the policy of this Agency to revoke L/MF airways wherever adequate VOR airways are available, and it appears that the route from El Paso to Lubbock is adequately served by VOR Federal airways No. 280 and 14. In addition, a Federal Aviation Agency IFR peak-day airway traffic survey for the period July 1, 1959, through June 30, 1960, shows a maximum of one aircraft movement between any two reporting points on this airway. Therefore, it appears that the retention of this airway is unjustified as an assignment of airspace. Accordingly, the Federal Aviation Agency proposes to revoke Red 71 and its associated control areas. Adoption of this proposal would not necessarily result in discontinuance of the low frequency navigational aids associated with this airway. Any proposals to discontinue one or more of these aids would be processed in accordance with current Agency procedures. It is also proposed to revoke the Roswell radio range station and the Lubbock radio range station as designated reporting points associated with Red 71.

Concurrently with the revocation of Red 71, it would be necessary to modify the McGregor, N. Mex., Restricted Area (R-211) by deleting reference to Red 71 in the description. This would not alter the size of the restricted area.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 45, Calif. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for exami-

nation at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CONTROL AREAS

Revocation of Extension

Pursuant to the authority delegated to me by the Administrator (14 CFR 409.13), notice is hereby given that the Federal Aviation Agency is considering an amendment to Part 601 of the regulations of the Administrator, the substance of which is stated below.

The Cross City, Florida, control area extension is presently designated within 5 miles either side of the 118° True radial of the Cross City VOR extending from the VOR to a point 20 miles southeast and within 5 miles either side of the 242° True radial of the Cross City VOR extending from the VOR to the eastern boundary of VOR Federal airway No. 97. The Federal Aviation Agency has under consideration revocation of the Cross City control area extension. This control area extension was designated for the protection of aircraft conducting the prescribed instrument approach procedures to Cross City Airport. The existing control area associated with the VOR Federal airways in the vicinity of the Cross City VOR provide adequate control area for air traffic management purposes. Therefore, retention of this control area extension as a duplicate assignment of airspace appears unjustified and the Federal Aviation Agency proposes revocation thereof.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, P.O. Box 1689,

Fort Worth 1, Tex. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

CODED JET ROUTES

Establishment

Pursuant to the authority delegated to me by the Administrator (14 CFR 409.13), notice is hereby given that the Federal Aviation Agency is considering an amendment to Part 602 of the regulations of the Administrator, the substance of which is stated below.

The Federal Aviation Agency is considering designating VOR/VORTAC jet route No. 106 from Minneapolis, Minn.,

to Green Bay, Wis. Jet Route No. 106 would be designated from the Minneapolis VOR to the Green Bay VORTAC to provide an alternate routing for east bound traffic in conjunction with Jet Routes No. 38, 70, and 95 to New York, N.Y., and in conjunction with Jet Routes No. 16, 38, and 70 to Boston, Mass., in the event of unfavorable meteorological conditions or congested traffic existing in the Milwaukee area.

This proposed route would pass through the "Quick Time" high altitude refueling area; however, adequate separation between aircraft operating along the proposed route and military operations would be provided by routine air traffic management procedures. It is anticipated that the proposed route would be within radar coverage.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Chief, Airspace Utilization Division. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

Notice is hereby given that request has been made to the Board of Governors of the Federal Reserve System, pursuant to section 4(c) (6) of the Bank Holding Company Act of 1956 (12 U.S.C. 1843) and section 5(b) of the Board's Regulation Y (12 CFR 222.5(b)), by Otto Bremer Company, St. Paul, Minn., a bank holding company, for a determination by said Board that the proposed activities of the proposed Western State Credit Corporation, Marshall, Minn., are of the kind described in the aforementioned sections of the Act and the Regulation so as to make it unnecessary for the prohibitions of section 4 of the Act with respect to shares in nonbanking organizations to apply in order to carry out the purposes of the Act.

SEPTEMBER 16, 1960.

I. Pearson Corporation, a Rhode Island corporation with its principal office at 1 Constitution Street, Bristol, Rhode Island, filed with the Commission on March 30, 1959, a notification on Form 1-A and an offering circular relating to an offering of 175,000 shares of its common stock, \$.25 par value, purportedly at \$1.00 per share, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) thereof and Regulation A promulgated thereunder.

II. The Commission has reasonable cause to believe that:

A. No exemption was available under Regulation A for the securities purported to be offered thereunder, that the terms and conditions of the regulation have not been complied with, and that the offering circular and other material used in connection with the offering contained untrue statements of material facts and omitted to state material facts necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading, particularly with respect to the following:

1. The statement in the offering circular that the public offering price was \$1.00 per share, in that there was a failure to disclose the method of offering whereby the stock was offered to the public at higher and undetermined prices by the principal underwriter and by persons purchasing from the principal underwriter with a view to distribution and who in fact did so distribute the stock, and the failure to disclose the profit of such persons.

2. The offering of securities, purportedly under said notification and Regulation, when the aggregate public offering price of said securities and the aggregate gross proceeds actually received from their sale to the public exceeded \$300,000.

3. The dissemination of materially misleading information concerning the termination of the public offering.

B. The said offering did operate as a fraud and deceit upon the purchasers.

III. *It is ordered*, Pursuant to Rule 261 of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given to Pearson Corporation and to any persons having any interest in the matter that this order has been entered, that the Commission upon receipt of a written request within thirty days after entry of this order will, within twenty days after the receipt of such request, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether to vacate the order or to enter an order permanently suspending the exemption without prejudice, however, to the consideration and presentation of additional matters at the hearing; that if no hearing is requested and none is ordered by the Commission, the order shall become permanent on the thirtieth day after its entry and shall remain in effect unless or until it is modified or vacated by the Commission; and that notice of the time and place for any hearing will promptly be given by the Commission.

By the Commission.

Order Summarily Suspending Trading

SEPTEMBER 16, 1960.

The common stock, par value 20 cents per share of Consolidated Development Corporation (formerly known as Consolidated Cuban Petroleum Corporation), being listed and registered on the American Stock Exchange, a national securities exchange; and

The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on such Exchange and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion further that such suspension is necessary in order to prevent fraudulent, deceptive or manipulative acts or practices, with the result that it will be unlawful under section 15(c) (2) of the Securities Exchange Act of 1934 and the Commission's Rule 15c2-2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of such security, otherwise than on a national securities exchange;
