THE PRESIDENT

Proclamation

Voluntary Overseas Aid Week..... 3505

EXECUTIVE AGENCIES

Agricultural Marketing Service

PROPOSED RULE MAKING:

Dates produced or packed in designated area in California; containers..... 3519

Valencia oranges in Arizona and designated part of California; expenses and assessment rate for 1961-62 fiscal year..... 3519

RULES AND REGULATIONS:

Tomatoes:

Import restrictions..... 3507
Lower Rio Grande Valley in Texas; shipment limitation... 3507

Agricultural Research Service

PROPOSED RULE MAKING:

Foreign cotton and covers..... 3519
Scabies in sheep; eradication areas..... 3521

Agricultural Stabilization and Conservation Service

RULES AND REGULATIONS:

Milk in certain marketing areas; determination of equivalent factor to be used in computation of Class I price: Philadelphia, Pa..... 3508
Wilmington, Del..... 3508

Agriculture Department

See Agricultural Marketing Service; Agricultural Research Service; Agricultural Stabilization and Conservation Service.

Army Department

See Engineers Corps.

Atomic Energy Commission

RULES AND REGULATIONS:

Reactor site criteria..... 3509

Civil Aeronautics Board

NOTICES:

Nuclear damage rule; prehearing conference..... 3524

Commerce Department

See Maritime Administration.

Defense Department

See Engineers Corps.

Engineers Corps

RULES AND REGULATIONS:

Anchorage; Newport Bay, Harbor, Calif..... 3515
Bridges; Buffalo Bayou, Texas... 3515

Federal Aviation Agency

PROPOSED RULE MAKING:

Federal airway; alteration..... 3522

RULES AND REGULATIONS:

Federal airways, associated control areas, and reporting points; alteration..... 3512

Federal Communications Commission

NOTICES:

Hearings, etc.:

Madison County Broadcasting Co. (WBBY)..... 3524
Merchants Broadcasting System of Dallas, Inc..... 3524
WFYC, Inc. (WFYC)..... 3524
WIVY, Inc. (WIVY)..... 3525
WPOW, Inc. (WPOW) et al..... 3525

PROPOSED RULE MAKING:

Establishment of fees for Commission's licensing and regulatory activities; extension of time for filing comments..... 3521

Federal Power Commission

NOTICES:

Hearings, etc.:

Alabama-Tennessee Natural Gas Co..... 3526
South Texas Natural Gas Gathering Co..... 3525
Texas Gas Transmission Corp... 3525

Texas Eastern Transmission

Corp. et al..... 3526

United Gas Pipe Line Co..... 3526

United Producing Co., Inc., et al..... 3527

Federal Reserve System

NOTICES:

First Wisconsin Bankshares Corp.; application for approval of acquisition of shares of bank... 3530

RULES AND REGULATIONS:

Credit by brokers, dealers, and members of national securities exchanges; special cash account..... 3511
Rate of interest on saving deposit created from matured time certificate..... 3511

Federal Trade Commission

RULES AND REGULATIONS:

Rushing, Grady L., et al.; prohibited trade practices..... 3512

Fish and Wildlife Service

RULES AND REGULATIONS:

Sport fishing; Deer Flat National Wildlife Refuge, Idaho..... 3515

Food and Drug Administration

RULES AND REGULATIONS:

Food additives permitted in food for human consumption; terpene resin..... 3513
Insulin; certification of batches... 3513

Health, Education, and Welfare Department

See Food and Drug Administration.

Immigration and Naturalization Service

NOTICES:

Statement of organization; Border Patrol..... 3524

Land Management Bureau**RULES AND REGULATIONS:**

Public land orders:

Alaska:

Withdrawal of land for use of Coast Guard as aid to navigation facility, and partial revocation of Executive order... 3515

Withdrawal of land for use of Federal Aviation Agency as air navigation facility... 3516

Arizona; withdrawal of land for use of Reclamation Bureau... 3516

California; exclusion of lands from Los Padres National Forest, and amendment of related order... 3516

Colorado; revocation of reclamation withdrawals (2 documents)... 3516

Nevada; partial revocation of reclamation withdrawals, Newlands Project... 3517

Oregon; revocation of certain Forest Service administrative site withdrawals... 3517

Utah; Dixie National Forest... 3517

Wyoming:
Revocation of certain reclamation withdrawals... 3516

Withdrawal of land for various uses... 3518

Withdrawal of lands for use of Forest Service for roadside zones... 3518

Maritime Administration**NOTICES:**

Trade Route No. 15-B; U.S. Gulf/South and East Africa; conclusions and determinations regarding essentiality and U.S. flag service requirements... 3524

Public Contracts Division**PROPOSED RULE MAKING:**

Engines and turbines industry; change of time and place of hearing... 3522

Securities and Exchange Commission**NOTICES:**

Hearings, etc.:

Black Bear Industries, Inc.----- 3529

Hubshman Factors Corp.----- 3529

RULES AND REGULATIONS:

Directory of companies required to file annual reports... 3513

Treasury Department**NOTICES:**

Treasury bonds of 1968 3¾ percent; offering... 3523

Wage and Hour Division**RULES AND REGULATIONS:**

Fabric and leather glove industry in Puerto Rico; wage order... 3514

Codification Guide

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears at the end of each issue beginning with the second issue of the month.

Monthly, quarterly, and annual cumulative guides, published separately from the daily issues, include the section numbers as well as the part numbers affected.

Title 3—THE PRESIDENT

Proclamation 3465

VOLUNTARY OVERSEAS AID WEEK

By the President of the United States of America A Proclamation

WHEREAS United States voluntary agencies have given needed assistance and promoted social and economic development efforts over a large area of the world; and

WHEREAS the Government of the United States and its people have endorsed and supported the humanitarian efforts of these agencies which now reach needy persons in over one hundred nations; and

WHEREAS people-to-people assistance, an invaluable supplement to our governmental overseas assistance efforts, is a reflection of American good will and of our belief in human dignity; and

WHEREAS the Congress, by Senate Concurrent Resolution 61, agreed to April 4, 1962, has requested the President to issue a proclamation designating the week of April 9, 1962, as Voluntary Overseas Aid Week:

NOW, THEREFORE, I, JOHN F. KENNEDY, President of the United States of America, do hereby designate the week of April 9, 1962, as Voluntary Overseas Aid Week.

I request the appropriate agencies of the Federal Government, and I urge all our people, to observe that week with activities designed to focus attention on the efforts of our voluntary agencies to assist other peoples.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this ninth day of April in the year of our Lord nineteen hundred and sixty-two, and of [SEAL] the Independence of the United States of America the one hundred and eighty-sixth.

JOHN F. KENNEDY

By the President:

DEAN RUSK,
Secretary of State.

Rules and Regulations

Title 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

PART 965—TOMATOES GROWN IN THE LOWER RIO GRANDE VALLEY IN TEXAS

Limitation of Shipments

Notice of rule making with respect to a proposed limitation of shipments regulation to be made effective under Marketing Order No. 965 (7 CFR Part 965), regulating the handling of tomatoes grown in the Counties of Cameron, Hidalgo, Starr, and Willacy in Texas (Lower Rio Grande Valley), was published in the FEDERAL REGISTER March 30, 1962 (27 F.R. 3012). This program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

The notice afforded interested persons an opportunity to file data, views, or arguments pertaining thereto within five days after publication. None was filed.

After consideration of all relevant matters, including the proposal set forth in the aforesaid notice, it is hereby found that the limitation of shipments regulation, as hereinafter set forth, will tend to effectuate the declared policy of the act.

It is hereby further found that good cause exists for not postponing the effective date of this section until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 1001-1011) in that (1) shipments of tomatoes grown in the production area are expected to begin on or about the effective date of this section, (2) more orderly marketing in the public interest than would otherwise prevail will be promoted by regulating the handling of tomatoes in the manner set forth in this section, (3) compliance with this section will not require any special preparation on the part of handlers which cannot be completed by the effective date, (4) reasonable time is permitted under the circumstances for such preparation, and (5) notice has been given of the proposed Limitation of Shipments set forth in this section through publicity in the production area and by publication in the FEDERAL REGISTER of March 30, 1962 (27 F.R. 3012).

§ 965.304 Limitation of shipments.

Except as otherwise provided in this section, during the period April 23, 1962, through July 15, 1962, the following regulations shall be effective with respect to all varieties of tomatoes handled, as defined in § 965.7 of Order No. 965, and no person shall handle such tomatoes or cause such tomatoes to be handled unless they are inspected and certified as required by paragraph (b) of this section,

and meet the requirements of paragraph (a) of this section.

(a) *Requirements*—(1) *Minimum grade*. U.S. No. 2, or better, grade.

(2) *Minimum size*. $2\frac{1}{32}$ inches in diameter or larger. Not more than ten percent, by count, of tomatoes in any lot of size 7 x 7 ($2\frac{1}{32}$ inches minimum diameter to $2\frac{9}{32}$ inches maximum diameter) may be smaller than the specified minimum diameter.

(3) *Sizing arrangements*. (i) Any lot with more than 5 percent "green" tomatoes shall be packed in one of the following ranges of diameter applicable thereto:

Size arrangements:	Diameter (inches)
7 x 7-----	$2\frac{1}{32}$ to $2\frac{9}{32}$, inclusive.
6 x 7-----	Over $2\frac{9}{32}$ to $2\frac{1}{2}$, inclusive.
6 x 6-----	Over $2\frac{1}{2}$.

(ii) All tomatoes subject to sizing arrangements shall be packed separately for each size range, except that size 6 x 6 and larger sizes may be commingled.

(iii) To allow for variations incident to proper sizing and handling not more than a total of ten percent, by count, in any lot, may be smaller than the minimum diameter or larger than the specified maximum diameter. "Breakers" or tomatoes of a greater degree of maturity shall not be subject to size arrangements.

(b) *Inspection*. (1) All tomatoes handled pursuant to this part, other than those specifically excepted therefrom pursuant to paragraph (c) of this section, or exempted pursuant to paragraphs (d), (e), and (f) of this section, shall be inspected and certified pursuant to the provisions of § 965.60; and (2) no handler shall transport or cause the transportation of any shipment of tomatoes by motor vehicle unless each such shipment is accompanied by a copy of the inspection certificate applicable thereto.

(c) *Excepted varieties*. Elongated types of tomatoes, commonly referred to as pear shaped or paste tomatoes and including but not limited to San Marzano, Red Top, and Roma varieties; and cerasiform type tomatoes commonly referred to as cherry tomatoes, are not subject to the requirements of this section.

(d) *Repacked tomatoes*. A handler who is a repacker within the production area may register with the committee, as a repacker, in accordance with applicable rules and regulations, and thereafter may handle repacked tomatoes without reinspection thereon after repacking, if such tomatoes were previously inspected prior to repacking and met the grade and size requirements of this section.

(e) *Minimum quantity*. For purposes of regulation under this part, each person subject thereto may handle, pursuant to § 965.53, up to, but not to exceed 120 pounds of tomatoes per day without regard to the requirements of this part, but this exception shall not apply to any

portion of a shipment of over 120 pounds of tomatoes.

(f) *Special purpose shipments*. The limitations set forth in this section shall not be applicable to shipments of tomatoes for the following purposes: (1) Relief or charity; (2) processing; and (3) for experimental purposes.

(g) *Safeguards*. Each handler making shipments of tomatoes pursuant to paragraph (f) of this section for relief or charity, for processing, or for experimental purposes, shall apply for and obtain an approved Certificate of Privilege from the committee applicable to shipments for such purposes.

(h) *Definitions*—(1) *Grade, size, and color*. The terms "U.S. No. 2," "green," and "breakers" mean the U.S. No. 2 grade, and "green" and "breakers" maturity, as set forth in the United States Standards for Fresh Tomatoes (§§ 51.1855-51.1877 of this title; 22 F.R. 4528 as amended, 26 F.R. 8559), including the tolerances set forth therein; and the application of tolerance for size shall be as set forth in § 51.1861 of such standards.

(2) *Other terms*. All other terms used in this section shall have the same meaning as when used in Marketing Order No. 965 (7 CFR Part 965).

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Effective date. Dated April 6, 1962, to become effective April 23, 1962.

PAUL A. NICHOLSON,
Acting Director,
Fruit and Vegetable Division.

[F.R. Doc. 62-3554; Filed, Apr. 11, 1962; 8:48 a.m.]

PART 980—TOMATOES

Import Restrictions

Findings. (a) Notice of rule making regarding proposed restrictions on the importation of tomatoes into the United States, to be effective April 16, 1962, through July 15, 1962, pursuant to the requirements of section 8e (7 U.S.C. 608e) of the Agricultural Marketing Agreement Act of 1937, as amended (Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674) was published in the FEDERAL REGISTER March 31, 1962 (27 F.R. 3140). This notice afforded interested persons an opportunity to file data, views or arguments in regard thereto not later than 5 days after publication. After consideration of all relevant material, including the proposals set forth in the aforesaid notice, it is hereby found that the restrictions on the importation of tomatoes into the United States, as hereinafter provided, are in accordance with section 8e of the act. (b) It is further found that good cause exists for not postponing the effective date of this regulation beyond April 23, 1962 (5 U.S.C. 1001-1011) in that (1) the requirements

established by this import regulation are issued pursuant to section 8e of the Agricultural Marketing Agreement Act of 1937, as amended, which makes such regulations mandatory; (2) compliance with this tomato import regulation should not require any special preparation by importers which cannot be completed by the effective date; (3) notice hereof is in excess of the minimum period of three days specified in section 8e of the Act; (4) in fixing the effective date hereof due consideration has been given to the time required for the transportation and entry into the United States after picking of imported tomatoes to which this regulation is applicable as required by section 8e of the Act; (5) such notice is hereby determined to be reasonable; and (6) the regulations hereby established for tomatoes that may be imported into the United States comply with grade, size, quality and maturity restrictions imposed upon domestic tomatoes under Marketing Order No. 965.

§ 980.200 Tomato Regulation No. 7.

(a) *Import restrictions.* During the period from April 23, 1962, to July 15, 1962, both dates inclusive, no person shall import any tomatoes of any variety, except elongated types, commonly referred to as pear shaped or paste tomatoes and including, but not limited to, San Marzano, Red Top, and Roma varieties; and cerasiform type tomatoes, commonly referred to as cherry tomatoes, unless such tomatoes meet the requirements of the U.S. No. 2, or better grade, and are $2\frac{1}{32}$ inches minimum diameter or larger: *Provided*, That not more than ten (10) percent, by count, of the tomatoes in any lot of 7 x 7 ($2\frac{1}{32}$ inches minimum diameter to $2\frac{3}{32}$ inches maximum diameter) may be smaller than the specified minimum diameter.

(b) *Minimum quantity.* Any importation which in the aggregate does not exceed 120 pounds, may be imported without regard to the provisions of paragraph (a) of this section.

(c) *Plant quarantine.* No provisions of this section shall supersede the restrictions or prohibitions on tomatoes under the Plant Quarantine Act of 1912.

(d) *Designation of governmental inspection service.* The Federal or the Federal-State Inspection Service, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, is the inspection service for certifying the grade, size, quality and maturity of tomatoes that are imported into the United States under the provisions of section 8e of the Act.

(e) *Inspection and official inspection certificates.* (1) Inspection by the Federal or Federal-State Inspection Service, with appropriate evidence thereof in the form of an official inspection certificate, issued by the respective service, applicable to the particular shipment of tomatoes is required on all imports of tomatoes. Each lot shall be made available and accessible for inspection. Inspection and certification will be available in accordance with the rules and regulations governing inspection and certification of fresh fruits, vegetables and other products (7 CFR Part 51 of this title). Since inspectors may not be

stationed in the immediate vicinity of some smaller ports of entry, importers of tomatoes should make advance arrangements for inspection by ascertaining whether or not there is an inspector located at their particular port of entry. For all ports of entry where an inspection office is not located, each importer must give the specified advance notice to the applicable office listed below prior to the time the tomatoes will be imported.

Ports	Office	Advance notice
All Texas points.	W. T. McNabb, 222 McClelland Bldg., Box 111, Harlingen, Tex. (Phone—Garfield 3-5644).	1 day.
All Arizona points.	R. H. Bertelson, 305 American Ave., Box 1646, Nogales, Ariz. (Phone—Atwater 7-2902).	Do.
All California points.	Carley D. Williams, 784 S. Central Ave., Room 294, Los Angeles 21, Calif. (Phone—Madison 2-3756).	3 days.
Miami, Fla.	Lloyd W. Boney, 1200 NW 21st Terrace, Room 5, Miami 42, Fla. (Phone—Franklin 1-6932).	Do.
All other Florida points.	Hubert S. Flynt, 775 Warner Street, Orlando, Fla. (Phone—Garden 2-2477).	Do.
All other points.	E. E. Conklin, Fruit and Vegetable Division, AMS, Washington 25, D.C. (Phone—Dudley 8-5870).	Do.

(2) Inspection certificates shall cover only the quantity of tomatoes that is being imported at a particular port of entry by a particular importer.

(3) The inspection performed, and certificates issued by the Federal or Federal-State Inspection Service shall be in accordance with the rules and regulations of the Department governing the inspection and certification of fresh fruits, vegetables, and other products (Part 51 of this title). The cost of any inspection and certification shall be borne by the applicant therefor.

(4) Each inspection certificate issued with respect to any tomatoes to be imported into the United States shall set forth, among other things:

- (i) The date and place of inspection;
- (ii) The name of the shipper, or applicant;
- (iii) The commodity inspected;
- (iv) The quantity of the commodity covered by the certificate;
- (v) The principal identifying marks on the containers;
- (vi) The railroad car initials and number, the truck and trailer license number, the name of the vessel, or other identification of the shipment; and
- (vii) The following statement, if the facts warrant: Meets U.S. import requirements under section 8e of the Agricultural Marketing Agreement Act of 1937.

(f) *Reconditioning prior to importation.* Nothing contained in this part shall be deemed to preclude any importer from reconditioning prior to importation any shipment of tomatoes for the purpose of making it eligible for importation under the act.

(g) *Definitions.* (1) The term "U.S. No. 2" means the U.S. No. 2 grade, as set forth in the United States Standards for Fresh Tomatoes (§§ 51.1855 to 51.1877, inclusive, of this title), including the tolerances set forth therein.

(2) "Importation" means release from custody of the U.S. Bureau of Customs.

Dated: April 6, 1962, to become effective April 23, 1962.

PAUL A. NICHOLSON,
Acting Director, Fruit and
Vegetable Division, Agricultural
Marketing Service.

[F.R. Doc. 62-3555; Filed, Apr. 11, 1962; 8:48 a.m.]

Chapter X—Agricultural Stabilization and Conservation Service (Marketing Agreements and Orders), Department of Agriculture

PART 1004—MILK IN PHILADELPHIA, PA., MARKETING AREA

PART 1010—MILK IN WILMINGTON, DEL., MARKETING AREA

Determination of Equivalent Factor To Be Used in Computation of Class I Price

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.) and to the applicable provisions of the orders, as amended, regulating the handling of milk in the aforesaid milk marketing areas (7 CFR Part 900), hereinafter referred to as the "orders", it is hereby found and determined as follows:

(1) One of the factors specified in the orders to be used in the computation of the Class I price is the average of the four latest weekly index figures (those available on the 15th day of the following month) of wholesale commodity prices as reported on a 1947-49 base.

(2) The Bureau of Labor Statistics, United States Department of Labor is now publishing the weekly wholesale price index with the years 1957-59 as the base and has discontinued publication of such index on a 1947-49 base.

(3) Each of the aforesaid orders provides that if for any reason a price or index specified by the order for use in computing class prices or for other purposes is not reported or published in the manner described in the order, the market administrator shall use a price or index determined by the Secretary to be equivalent or comparable with the factor which is specified.

(4) It is hereby determined that the weekly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, on a 1957-59 base divided by 0.8420462, a rebasing factor computed by the Department of Labor, will convert the currently reported index to a 1947-49 base and is comparable with the weekly index factor specified in the order.

(5) Notice of proposed rule making, public procedure thereon, and 30 days notice of effective date hereof are impractical, unnecessary, and contrary to the public interest in that:

(a) This determination does not require of persons affected substantial or extensive preparation prior to the effective date.

(b) This determination is necessary to reflect current marketing conditions

and to maintain orderly marketing conditions in the respective marketing areas, and

(c) The short time between issuance of this determination and its effective date makes it impractical for rule-making procedure to be completed. The respective orders direct announcement by the market administrator not later than April 15, 1962, of the March indexes employed in the Class I price formulas.

Therefore, good cause exists for making this determination effective on issuance.

Effective date: Upon issuance.

Signed at Washington, D.C., on April 6, 1962.

JOHN P. DUNCAN, Jr.,
Assistant Secretary.

8:50 a.m.]

Title 10—ATOMIC ENERGY

Chapter I—Atomic Energy Commission

PART 100—REACTOR SITE CRITERIA

Pursuant to the Administrative Procedures Act and the Atomic Energy Act of 1954, as amended, the following guide is published as a document subject to codification, to be effective 30 days after publication in the FEDERAL REGISTER.

Statement of considerations. On February 11, 1961, the Atomic Energy Commission published in the FEDERAL REGISTER a notice of proposed rule making that set forth general criteria in the form of guides and factors to be considered in the evaluation of proposed sites for power and testing reactors. The Commission has received many comments from individuals and organizations, including several from foreign countries, reflecting the widespread sensitivity and importance of the subject of site selection for reactors. Formal communications have been received on the published guides, including a proposed comprehensive revision of the guides into an alternate form.

In these communications, there was almost unanimous support of the Commission's proposal to issue guidance in some form on site selections, and acceptance of the basic factors included in the proposed guides, particularly in the proposal to issue exposure dose values which could be used for reference in the evaluation of reactor sites with respect to potential reactor accidents of exceedingly low probability of occurrence.

On the other hand, many features of the proposed guides were singled out for criticism by a large proportion of the correspondents. This was particularly the case for the appendix section of the proposed guides, in which was included an example calculation of environmental distance characteristics for a hypothetical reactor. In this appendix, specific numerical values were employed in the calculations. The choice of these numerical values, in some cases involving simplifying assumptions of highly complex phenomena, represent types of

considerations presently applied in site calculations and result in environmental distance parameters in general accord with present siting practice. Nevertheless, these particular numerical values and the use of a single example calculation were widely objected to, basically on the grounds that they presented an aspect of inflexibility to the guides which otherwise appeared to possess considerable flexibility and tended to emphasize unduly the concept of environmental isolation for reactors with minimum possibility being extended for eventual substitution thereof of engineered safeguard.

In consequence of these many comments, criticisms and recommendations, the proposed guides have been rewritten, with incorporation of a number of suggestions for clarification and simplification, and elimination of the numerical values and example calculation formerly constituting the appendix to the guides. In lieu of the appendix, some guidance has been incorporated in the text itself to indicate the considerations that led to establishing the exposure values set forth. However, in recognition of the advantage of example calculations in providing preliminary guidance to application of the principles set forth, the AEC will publish separately in the form of a technical information document a discussion of these calculations.

These guides and the technical information document are intended to reflect past practice and current policy of the Commission of keeping stationary power and test reactors away from densely populated centers. It should be equally understood, however, that applicants are free and indeed encouraged to demonstrate to the Commission the applicability and significance of considerations other than those set forth in the guides.

One basic objective of the criteria is to assure that the cumulative exposure dose to large numbers of people as a consequence of any nuclear accident should be low in comparison with what might be considered reasonable for total population dose. Further, since accidents of greater potential hazard than those commonly postulated as representing an upper limit are conceivable, although highly improbable, it was considered desirable to provide for protection against excessive exposure doses to people in large centers, where effective protective measures might not be feasible. Neither of these objectives were readily achievable by a single criterion. Hence, the population center distance was added as a site requirement when it was found for several projects evaluated that the specification of such a distance requirement would approximately fulfill the desired objectives and reflect a more accurate guide to current siting practices. In an effort to develop more specific guidance on the total man-dose concept, the Commission intends to give further study to the subject. Meanwhile, in some cases where very large cities are involved, the population center distance may have to be greater than those suggested by these guides.

A number of comments received pointed out that AEC siting factors

included considerations of population distributions and land use surrounding proposed sites but did not indicate how future population growth might affect sites initially approved. To the extent possible, AEC review of the land use surrounding a proposed site includes considerations of potential residential growth. The guides tend toward requiring sufficient isolation to preclude any immediate problem. In the meantime, operating experience that will be acquired from plants already licensed to operate should provide a more definitive basis for weighing the effectiveness of engineered safeguards versus plant isolation as a public safeguard.

These criteria are based upon a weighing of factors characteristic of conditions in the United States and may not represent the most appropriate procedure nor optimum emphasis on the various interdependent factors involved in selection of sites for reactors in other countries where national needs, resources, policies and other factors may be greatly different.

- 100.3 Definitions.

SITE EVALUATION FACTORS

- 100.10 Factors to be considered when evaluating sites.
- 100.11 Determination of exclusion area, low population zone, and population center distance.

AUTHORITY: §§ 100.1 to 100.11 issued under sec. 103, 68 Stat. 936, sec. 104, 68 Stat. 937, sec. 161, 68 Stat. 948, sec. 182, 68 Stat. 953; 42 U.S.C. 2133, 2134, 2201, 2232.

§ 100.1 Purpose.

(a) It is the purpose of this part to describe criteria which guide the Commission in its evaluation of the suitability of proposed sites for stationary power and testing reactors subject to Part 50 of this chapter.

(b) Insufficient experience has been accumulated to permit the writing of detailed standards that would provide a quantitative correlation of all factors significant to the question of acceptability of reactor sites. This part is intended as an interim guide to identify a number of factors considered by the Commission in the evaluation of reactor sites and the general criteria used at this time as guides in approving or disapproving proposed sites. Any applicant who believes that factors other than those set forth in the guide should be considered by the Commission will be expected to demonstrate the applicability and significance of such factors.

§ 100.2 Scope.

(a) This part applies to applications filed under Part 50 and 115 of this chapter for stationary power and testing reactors.

(b) The site criteria contained in this part apply primarily to reactors of a general type and design on which experience has been developed, but can also be applied to other reactor types. In particular, for reactors that are novel in design and unproven as prototypes or pilot plants, it is expected that these

basic criteria will be applied in a manner that takes into account the lack of experience. In the application of these criteria which are deliberately flexible, the safeguards provided—either site isolation or engineered features—should reflect the lack of certainty that only experience can provide.

§ 100.3 Definitions.

As used in this part:

(a) "Exclusion area" means that area surrounding the reactor, in which the reactor licensee has the authority to determine all activities including exclusion or removal of personnel and property from the area. This area may be traversed by a highway, railroad, or waterway, provided these are not so close to the facility as to interfere with normal operations of the facility and provided appropriate and effective arrangements are made to control traffic on the highway, railroad, or waterway, in case of emergency, to protect the public health and safety. Residence within the exclusion area shall normally be prohibited. In any event, residents shall be subject to ready removal in case of necessity. Activities unrelated to operation of the reactor may be permitted in an exclusion area under appropriate limitations, provided that no significant hazards to the public health and safety will result.

(b) "Low population zone" means the area immediately surrounding the exclusion area which contains residents, the total number and density of which are such that there is a reasonable probability that appropriate protective measures could be taken in their behalf in the event of a serious accident. These guides do not specify a permissible population density or total population within this zone because the situation may vary from case to case. Whether a specific number of people can, for example, be evacuated from a specific area, or instructed to take shelter, on a timely basis will depend on many factors such as location, number and size of highways, scope and extent of advance planning, and actual distribution of residents within the area.

(c) "Population center distance" means the distance from the reactor to the nearest boundary of a densely populated center containing more than about 25,000 residents.

(d) "Power reactor" means a nuclear reactor of a type described in § 50.21(b) or 50.22 of this chapter designed to produce electrical or heat energy.

(e) "Testing reactor" means a "testing facility" as defined in § 50.2 of this chapter.

SITE EVALUATION FACTORS

§ 100.10 Factors to be considered when evaluating sites.

Factors considered in the evaluation of sites include those relating both to the proposed reactor design and the characteristics peculiar to the site. It is expected that reactors will reflect through their design, construction and operation an extremely low probability for accidents that could result in release of significant quantities of radioactive fission

products. In addition, the site location and the engineered features included as safeguards against the hazardous consequences of an accident, should one occur, should insure a low risk of public exposure. In particular, the Commission will take the following factors into consideration in determining the acceptability of a site for a power or testing reactor:

(a) Characteristics of reactor design and proposed operation including:

(1) Intended use of the reactor including the proposed maximum power level and the nature and inventory of contained radioactive materials;

(2) The extent to which generally accepted engineering standards are applied to the design of the reactor;

(3) The extent to which the reactor incorporates unique or unusual features having a significant bearing on the probability or consequences of accidental release of radioactive materials;

(4) The safety features that are to be engineered into the facility and those barriers that must be breached as a result of an accident before a release of radioactive material to the environment can occur.

(b) Population density and use characteristics of the site environs, including the exclusion area, low population zone, and population center distance.

(c) Physical characteristics of the site, including seismology, meteorology, geology and hydrology.

(1) The design for the facility should conform to accepted building codes or standards for areas having equivalent earthquake histories. No facility should be located closer than one-fourth mile from the surface location of a known active earthquake fault.

(2) Meteorological conditions at the site and in the surrounding area should be considered.

(3) Geological and hydrological characteristics of the proposed site may have a bearing on the consequences of an escape of radioactive material from the facility. Special precautions should be planned if a reactor is to be located at a site where a significant quantity of radioactive effluent might accidentally flow into nearby streams or rivers or might find ready access to underground water tables.

(d) Where unfavorable physical characteristics of the site exist, the proposed site may nevertheless be found to be acceptable if the design of the facility includes appropriate and adequate compensating engineering safeguards.

§ 100.11 Determination of exclusion area, low population zone, and population center distance.

(a) As an aid in evaluating a proposed site, an applicant should assume a fission product release¹ from the core,

¹ The fission product release assumed for these calculations should be based upon a major accident, hypothesized for purposes of site analysis or postulated from considerations of possible accidental events, that would result in potential hazards not exceeded by those from any accident considered credible. Such accidents have generally been assumed to result in substantial meltdown of the core with subsequent release of appreciable quantities of fission products.

the expected demonstrable leak rate from the containment and the meteorological conditions pertinent to his site to derive an exclusion area, a low population zone and population center distance. For the purpose of this analysis, which shall set forth the basis for the numerical values used, the applicant should determine the following:

(1) An exclusion area of such size that an individual located at any point on its boundary for two hours immediately following onset of the postulated fission product release would not receive a total radiation dose to the whole body in excess of 25 rem² or a total radiation dose in excess of 300 rem² to the thyroid from iodine exposure.

(2) A low population zone of such size that an individual located at any point on its outer boundary who is exposed to the radioactive cloud resulting from the postulated fission product release (during the entire period of its passage) would not receive a total radiation dose to the whole body in excess of 25 rem or a total radiation dose in excess of 300 rem to the thyroid from iodine exposure.

(3) A population center distance of at least one and one-third times the distance from the reactor to the outer boundary of the low population zone. In applying this guide, due consideration should be given to the population distribution within the population center.

Where very large cities are involved, a greater distance may be necessary because of total integrated population dose consideration.

(b) For sites for multiple reactor facilities consideration should be given to the following:

(1) If the reactors are independent to the extent that an accident in one reactor would not initiate an accident in another, the size of the exclusion area, low population zone and population center distance shall be fulfilled with respect to each reactor individually. The envelopes of the plan overlay of the areas so calculated shall then be taken as their respective boundaries.

(2) If the reactors are interconnected to the extent that an accident in one reactor could affect the safety of operation of any other, the size of the exclusion area, low population zone and population center distance shall be based upon the assumption that all interconnected reactors emit their postulated fission product releases simultaneously.

² The whole body dose of 25 rem referred to above corresponds numerically to the once in a lifetime accidental or emergency dose for radiation workers which, according to NCRP recommendations may be disregarded in the determination of their radiation exposure status (see NBS Handbook 69 dated June 5, 1959). However, neither its use nor that of the 300 rem value for thyroid exposure as set forth in these site criteria guides are intended to imply that these numbers constitute acceptable limits for emergency doses to the public under accident conditions. Rather, this 25 rem whole body value and the 300 rem thyroid value have been set forth in these guides as reference values, which can be used in the evaluation of reactor sites with respect to potential reactor accidents of exceedingly low probability of occurrence, and low risk of public exposure to radiation.

This requirement may be reduced in relation to the degree of coupling between reactors, the probability of concomitant accidents and the probability that an individual would not be exposed to the radiation effects from simultaneous releases. The applicant would be expected to justify to the satisfaction of the AEC the basis for such a reduction in the source term.

(3) The applicant is expected to show that the simultaneous operation of multiple reactors at a site will not result in total radioactive effluent releases beyond the allowable limits of applicable regulations.

NOTE: For further guidance in developing the exclusion area, the low population zone, and the population center distance, reference is made to Technical Information Document 14844, dated March 23, 1962, which contains a procedural method and a sample calculation that result in distances roughly reflecting current siting practices of the Commission. The calculations described in Technical Information Document 14844 may be used as a point of departure for consideration of particular site requirements which may result from evaluation of the characteristics of a particular reactor, its purpose and method of operation.

Copies of Technical Information Document 14844 may be obtained from the Commission's Public Document Room, 1717 H Street NW., Washington, D.C., or by writing the Director, Division of Licensing and Regulation, U.S. Atomic Energy Commission, Washington 25, D.C.

Dated at Germantown, Md., this 5th day of April 1962.

For the Atomic Energy Commission.

WOODFORD B. MCCOOL,
Secretary.

Title 12—BANKS AND BANKING

Chapter II—Federal Reserve System

SUBCHAPTER A—BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM

[Reg. Q]

PART 217—PAYMENT OF INTEREST ON DEPOSITS

Matured Time Certificate

§ 217.125 Rate of interest on savings deposit created from matured time certificate.

(a) The opinion of the Board of Governors of the Federal Reserve System has been requested by a member bank as to whether a savings deposit may bear a maximum rate of interest of 4 percent from the date of the establishment of the savings deposit by the transfer thereto of funds that have been on deposit for one year as a time certificate.

(b) In § 217.6 it is provided, in part, that the maximum rate of 4 percent may be paid "on that portion of any savings deposit that has remained on deposit for not less than 12 months." This language necessarily implies that the funds must have remained on deposit for 12 months as a savings deposit. To construe the provision otherwise would nullify its pur-

pose. The fact that the depositor was eligible to maintain a savings deposit at all times does not have any significant bearing on the question.

(Sec. 11(i), 38 Stat. 262; 12 U.S.C. 248(i). Interprets or applies secs. 19, 24, 38 Stat. 270, 273, as amended, sec. 8, 48 Stat. 168, as amended; 12 U.S.C. 264(c) (7), 371, 371a, 371b, 461)

Dated at Washington, D.C., this 3d day of April 1962.

BOARD OF GOVERNORS OF THE
FEDERAL RESERVE SYSTEM,
[SEAL] MERRITT SHERMAN,
Secretary.

[F.R. Doc. 62-3528; Filed, Apr. 11, 1962;
8:45 a.m.]

[Reg. T]

PART 220—CREDIT BY BROKERS, DEALERS, AND MEMBERS OF NATIONAL SECURITIES EXCHANGES

Special Cash Account

§ 220.117 Exception to 90-day rule in special cash account.

(a) The Board of Governors has recently interpreted certain of the provisions of § 220.4(c) (8), with respect to the withdrawal of proceeds of a sale of stock in a "special cash account" when the stock has been sold out of the account prior to payment for its purchase.

(b) The specific factual situation presented may be summarized as follows:

Customer purchased stock in a special cash account with a member firm on Day 1. On Day 3 customer sold the same stock at a profit. On Day 8 customer delivered his check for the cost of the purchase to the creditor (member firm). On Day 9 the creditor mailed to the customer a check for the proceeds of the sale.

(c) Section 220.4(c) (8) prohibits a creditor, as a general rule, from effecting a purchase of a security in a customer's special cash account if any security has been purchased in that account during the preceding 90 days and has then been sold in the account or delivered out to any broker or dealer without having been previously paid for in full by the customer. One exception to this general rule reads as follows:

* * * The creditor may disregard for the purposes of this subparagraph (§ 220.4(c) (8)) a sale without prior payment provided full cash payment is received within the period described by subparagraph (2) of this paragraph (seven days after the date of purchase) and the customer has not withdrawn the proceeds of sale on or before the day on which such payment (and also final payment of any check received in that connection) is received. * * *

(d) Final payment of customer's check: (1) The first question is: When is the creditor to be regarded as having received "final payment of any check received" in connection with the purchase?

(2) The clear purpose of § 220.4(c) (8) is to prevent the use of the proceeds of sale of a stock by a customer to pay for its purchase—i.e., to prevent him from trading on the creditor's funds by being able to deposit the sale proceeds

prior to presentment of his own check to the drawee bank. Thus, when a customer undertakes to pay for a purchase by check, that check does not constitute payment for the purchase, within the language and intent of the above-quoted exception in § 220.4(c) (8), until it has been honored by the drawee bank, indicating the sufficiency of his account to pay the check.

(3) The phrase "final payment of any check" is interpreted as above notwithstanding § 220.6(f), which provides that:

For the purposes of this part (Regulation T), a creditor may, at his option (1) treat the receipt in good faith of any check or draft drawn on a bank which in the ordinary course of business is payable on presentation, * * * as receipt of payment of the amount of such check, draft or order; * * *

This is a general provision substantially the same as language found in section 4(f) of Regulation T as originally promulgated in 1934. The language of the subject exception to the 90-day rule of § 220.4(c) (8), i.e., the exception based expressly on "final payment of any check," was added to the regulation in 1949 by an amendment directed at a specific type of situation. Because the exception is a special, more recent provision, and because § 220.6(f), if controlling, would permit the exception to undermine, to some extent, the effectiveness of the 90-day rule, sound principles of construction require that the phrase "final payment of any check" be given its literal and intended effect.

(4) There is no fixed period of time from the moment of receipt by the payee, or of deposit, within which it is certain that any check will be paid by the drawee bank. Therefore, in the rare case where the operation of the subject exception to § 220.4(c) (8) is necessary to avoid application of the 90-day rule, a creditor should ascertain (from his bank of deposit or otherwise) the fact of payment of a customer's check given for the purchase. Having so determined the day of final payment, the creditor can permit withdrawal on any subsequent day.

(e) Mailing as "withdrawal": (1) Also presented is the question whether the mailing to the customer of the creditor's check for the sale proceeds constitutes a withdrawal of such proceeds by the customer at the time of mailing so that, if the check for the sale proceeds is mailed on or before the day on which the customer's check for the purchase is finally paid, the 90-day rule applies. It may be that a check mailed one day will not ordinarily be received by the customer until the next. The Board is of the view, however, that when the check for sale proceeds is issued and released into the mails, the proceeds are to be regarded as withdrawn by the customer; a more liberal interpretation would open a way for circumvention. Accordingly, the creditor's check should not be mailed nor the sale proceeds otherwise released to the customer "on or before the day" on which payment for the purchase, including final payment of any check given for such payment, is received by the creditor, as determined in accordance with the principles stated herein.

(2) Applying the above principles to the schedule of transactions described in the second paragraph of this interpretation, the mailing of the creditor's check on "Day 9" would be consistent with the subject exception to § 220.4(c)(8), as interpreted herein, only if the customer's check was paid by the drawee bank on "Day 8".

(Sec. 23, 48 Stat. 901, as amended; 15 U.S.C. 78w)

Dated at Washington, D.C., this 21st day of March 1962.

BOARD OF GOVERNORS OF THE
FEDERAL RESERVE SYSTEM,
[SEAL] MERRITT SHERMAN,
Secretary.

8:45 a.m.]

Title 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission [Docket 8138]

PART 13—PROHIBITED TRADE PRACTICES

Marcel Co.

Subpart—Advertising falsely or misleadingly: § 13.15 *Business status, advantages, or connections*; § 13.15-80 *Government connection*; § 13.85 *Government approval, action, connection or standards*; § 13.85-15 *Civil Service Commission connections or recognition*; § 13.105 *Individual's special selection or situation*; § 13.115 *Jobs and employment service*; § 13.205 *Scientific or other relevant facts*; § 13.225 *Services*. Subpart—Coercing and intimidating: § 13.350 *Customers or prospective customers*. Subpart—Simulating another or product thereof: § 13.2208 *Court documents*.¹

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Grady L. Rushing, doing business as Marcel Company, New Orleans, La., Docket 8138, Nov. 27, 1961]

In the Matter of Claude I. Woolwine, Doing Business as Universal Training Service; and Grady L. Rushing, Doing Business as Marcel Company

Order requiring a New Orleans seller of correspondence courses on civil service preparation to cease making false job-assurance claims, representing falsely connection with the U.S. Civil Service, and simulating court summons and complaint to collect unpaid balances, among other unfair practices as set forth in detail in the order below.

The order to cease and desist is as follows:

It is ordered, That respondent Grady L. Rushing, doing business as Marcel Company or under any other name, and respondent's representatives, agents and employees, directly or through any corporate or other device, in connection

with the offering for sale, sale or distribution of any materials or course of instruction, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing, directly or by implication, that:

1. Civil Service examinations for particular positions described orally or in any writing have been announced or are about to be given in or for any geographical or United States Civil Service area unless such examinations actually have been announced or are about to be given in or for such area and adequate time remains for the filing of applications to participate in such examinations.

2. The completion of any series of materials or course of instruction offered by the respondent in commerce will enable a person to pass the Civil Service examination for the position selected by such person.

3. Respondent's materials or course of instruction provide training for Civil Service positions.

4. Persons solicited to purchase respondent's materials or course of instruction are examined or screened as to their possession of qualifications for positions to be sought before they are permitted to purchase such materials or course.

5. Respondent will continue to train or instruct persons who have completed a purchased series of materials or course of instruction until they are appointed to a Civil Service position or misrepresenting in any manner the extent or nature of instruction that he gives to purchasers.

6. Representing, directly or by implication:

(a) That purchasers of respondent's materials or course will be notified when or where examinations will be held;

(b) That persons completing said materials or course of instruction and passing a Civil Service examination are assured of or will obtain Civil Service positions; or

(c) That respondent or his agents or representatives are connected with the United States Civil Service Commission or any branch thereof or any other agency of the United States Government.

7. Using any document that simulates a court process in connection with the collection of accounts from debtors; or using any other document or practice which may suggest or imply that a debtor is being sued when such is not the fact.

By "Order Denying Petition of Respondent Grady L. Rushing, and Decision of the Commission", report of compliance was required as follows:

It is further ordered, That respondent Grady L. Rushing shall, within sixty (60) days after service upon him of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which he has complied with the order to cease and desist contained in the initial decision.

Issued: November 27, 1961.

By the Commission.

[SEAL] JOSEPH W. SHEA,
Secretary.

[F.R. Doc. 62-3531; Filed, Apr. 11, 1962;
8:45 a.m.]

Title 14—AERONAUTICS AND SPACE

Chapter III—Federal Aviation Agency

SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Airspace Docket No. 62-SO-1]

PART 600—DESIGNATION OF FEDERAL AIRWAYS

PART 601—DESIGNATION OF CONTROLLED AIRSPACE, REPORTING POINTS, POSITIVE CONTROL ROUTE SEGMENTS, AND POSITIVE CONTROL AREAS

Alteration of Federal Airways, Associated Control Areas and Reporting Points

The purpose of these amendments to §§ 600.6022, 600.6242, 600.6425, 601.6242 and 601.7001 of the Regulations of the Administrator is to alter low altitude VOR Federal airways No. 22, No. 242 and No. 425, their associated control areas and designated reporting points in the vicinity of Mobile, Ala.

Victor 22 is designated in part from New Orleans, La., to Pensacola, Fla., via the Brookley AFB, Ala., VOR. Victor 242 is designated from Mobile to the Brookley AFB VOR. Victor 425 is designated from the Brookley AFB VOR to Axis, Ala. The Brookley AFB VOR is a designated reporting point.

The Federal Aviation Agency is commissioning a new VOR approximately April 15, 1962, at latitude 30°36'45" N., longitude 88°03'20" W. This site is approximately one and one-half miles southeast of the Brookley AFB VOR. The Federal Aviation Agency is taking action herein to realign Victors 22, 242, and 425 via the new facility in lieu of the Brookley AFB VOR. The control areas associated with Victors 22 and 425 are so designated that they will automatically conform to the altered airways. However, it is necessary to amend § 601.6242 to delete reference to "AFB" in the caption. Action is also taken herein to designate the new facility as a reporting point in lieu of the Brookley AFB VOR.

Since these alterations are minor or procedural in nature and impose no additional burden on any person, notice and public procedure hereon are unnecessary. However, since it is necessary that sufficient time be allowed to permit appropriate changes to be made on aeronautical charts, this amendment will become effective more than 30 days after publication.

In consideration of the foregoing and pursuant to the authority delegated to me by the administrator (25 F.R. 12582) the following actions are taken:

§ 600.6022 [Amendment]

1. In the text of § 600.6022 (14 CFR 600.6022) "From the New Orleans, La., omnirange station via the intersection of the New Orleans omnirange 085° and the Brookley AFB omnirange 238° radials; Brookley AFB, Ala., terminal omnirange station; Pensacola (Saufley

¹ New.

Field), Fla., omnirange station;" is deleted and "From the New Orleans, La., VORTAC via the New Orleans VORTAC 085° and the Brookley, Ala., VOR 240° radials; Brookley VOR; Pensacola (Saulsfield Field), Fla., VOR;" is substituted therefor.

2. Section 600.6242 (14 CFR 600.6242) is amended to read:

§ 600.6242 VOR Federal airway No. 242 (Mobile, Ala., to Brookley, Ala.).

From the Mobile, Ala., VORTAC to the Brookley, Ala., VOR.

3. Section 600.6425 (14 CFR 600.6425) is amended to read:

§ 600.6425 VOR Federal airway No. 425 (Brookley, Ala., to Axis, Ala.).

From the Brookley, Ala., VOR to the INT of the Brookley VOR 357° and the Mobile, Ala., VORTAC 044° radials.

§ 601.6242 [Amendment]

4. In the caption of § 601.6242 (14 CFR 601.6242) "to Brookley AFB, Ala." is deleted and "to Brookley, Ala." is substituted therefor.

§ 601.7001 [Amendment]

5. In the text of § 601.7001 (14 CFR 601.7001) "Brookley AFB, Ala., omnirange station." is deleted and "Brookley, Ala., VOR." is substituted therefor.

These amendments shall become effective 0001 e.s.t. May 31, 1962.

(Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

Issued in Washington, D.C., on April 5, 1962.

D. D. THOMAS,
Director, Air Traffic Service.

[F.R. Doc. 62-3524; Filed, Apr. 11, 1962; 8:45 a.m.]

Title 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 200—ORGANIZATION; CONDUCT AND ETHICS; AND INFORMATION AND REQUESTS

Directory of Companies Required To File Annual Reports

The Securities and Exchange Commission has published a directory of companies required to file annual reports with the Commission. The list of companies is presented alphabetically and classified by industry groups.

The directory covers 3,999 issuers of securities which, as of July 1961, were required to file annual reports pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934, which apply to an issuer that has securities listed on a national securities exchange, or made a public offering of securities registered under the Securities Act of 1933 and has a certain minimum amount of securities outstanding.

Copies may be purchased from the Superintendent of Documents, U.S. Gov-

ernment Printing Office, Washington, D.C., price \$1.25 per copy. In addition, copies of the directory are available for public inspection at the Central Office and the Regional and Branch Offices of the Commission.

Accordingly, the Commission amends § 200.80 of Title 17 of the Code of Federal Regulations, effective upon publication, to include a description of the directory. The text of the Commission's action follows.

Appendix C of § 200.80 is amended by adding to the end thereto, under the heading of periodicals, the following description paragraph:

Directory of Companies Filing Annual Reports With the Securities and Exchange Commission Under the Securities Exchange Act of 1934. Published annually. Lists companies alphabetically and classified by industry groups according to the Standard Industrial Classification Manual of the Bureau of the Budget.

(Secs. 19, 23, 48 Stat. 85, 901, as amended, 15 U.S.C. 77s, 77w)

Since this amendment relates only to matters of agency procedure and practice, the Commission deems that the public notice and other rule-making procedures provided in section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U.S.C. 1003) are unnecessary.

[SEAL]

ORVAL L. DuBois,
Secretary.

MARCH 28, 1962.

[F.R. Doc. 62-3544; Filed, Apr. 11, 1962; 8:47 a.m.]

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 121—FOOD ADDITIVES

Subpart D—Food Additives Permitted in Food for Human Consumption

TERPENE RESIN

The Commissioner of Food and Drugs, having evaluated the data submitted in a petition filed by Lederle Laboratories, Division of American Cyanamid Company, Pearl River, New York, and other relevant material, has concluded that the following regulation should issue to provide for the safe use of terpene resin, consisting of polymers of beta-pinene as an internal coating of capsules and as a coating agent on powders of ascorbic acid and salts of ascorbic acid. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409 (c) (1), 72 Stat. 1786; 21 U.S.C. 348(c) (1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (25 F.R. 8625), Part 121 is amended by adding to Subpart D the following new section:

§ 121.1077 Terpene resin.

The food additive terpene resin may be safely used in accordance with the following prescribed conditions:

(a) The food additive is the beta-pinene polymer obtained by polymerizing terpene hydrocarbons derived from wood. It has a softening point of 112° C.-118° C., as determined by ASTM method E-28-51T.

(b) It is used or intended for use as follows:

(1) As a moisture barrier on soft gelatin capsules in an amount not to exceed 0.07 percent of the weight of the capsule.

(2) As a moisture barrier on powders of ascorbic acid or its salts in an amount not to exceed 7.0 percent of the weight of the powder.

Any person who will be adversely affected by the foregoing order may within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. This order shall be effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 409(c) (1), 72 Stat. 1786; 21 U.S.C. 348(c) (1))

Dated: April 5, 1962.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

SUBCHAPTER C—DRUGS

PART 164—CERTIFICATION OF BATCHES OF DRUGS COMPOSED WHOLLY OR PARTLY OF INSULIN

Definitions and Interpretations of Terms

Pursuant to section 506 of the Federal Food, Drug, and Cosmetic Act (sec. 506, 55 Stat. 851; 21 U.S.C. 356) and under the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (25 F.R. 8625): *It is ordered*, That the insulin regulations (21 CFR Part 164.1) be amended as follows:

Section 164.1(o) is amended by changing the words "Insulin Branch" and "by § 164.3(a)" to read "Insulin Section" and "by § 164.3 (a) and (c)," respectively. As amended, paragraph (o) reads as follows:

§ 164.1 Definitions and interpretations of terms.

(o) The Director of the Bureau of Biological and Physical Sciences, the Di-

rector of the Division of Pharmacology, and the Chief and Acting Chief of the Insulin Section of the Division of Pharmacology are authorized to exercise the functions and duties of the Commissioner under the regulations in this part insofar as such duties and functions involve the certification of batches of drugs containing insulin as contemplated by § 164.3 (a) and (c) or approval of the use of materials as contemplated by § 164.2 (j) and (k).

Notice and public procedure and delayed effective date are not necessary prerequisites to the promulgation of this order, and I so find, since the changes are merely editorial in nature and are made to effect consistency in existing regulations.

Effective date. This order is effective on the date of publication in the *FEDERAL REGISTER*.

(Sec. 506, 55 Stat. 851; 21 U.S.C. 356)

Dated: April 5, 1962.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

Title 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 603—FABRIC AND LEATHER GLOVE INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to section 5 and paragraph (C) of proviso (1) of subsection 6(c) of the Fair Labor Standards Act of 1938 (52 Stat. 1062, as amended; 29 U.S.C. 205; 75 Stat. 68), the Secretary of Labor by Administrative Order No. 560 (27 F.R. 666) appointed and convened Review Committee No. 3-A, and referred to it and duly noticed a hearing on the question of the minimum rate or rates of wages to be paid under above cited paragraph (C) of proviso (1) of subsection 6(c) of the Act in lieu of those provided under paragraph (A) of proviso (1) to employees in the fabric and leather glove industry in Puerto Rico, as that industry is defined in Administrative Order No. 560.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee filed with the Administrator a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by sections 6 and 8 of the Fair Labor Standards Act of 1938 (75 Stat. 69; 52 Stat. 1064, as amended; 29 U.S.C. 208), Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and General Order No. 45-A (15 F.R. 3290) of the Secretary of Labor, the recommendations of the committee are hereby published in this order revising 29 CFR 603.2 effective June 2, 1962, to read as follows:

§ 603.2 Wage rates.

(a) Wages at a rate of not less than 28 cents an hour shall be paid under section 6(c), proviso (1) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the hand-sewing on fabric gloves classification of the fabric and leather glove industry in Puerto Rico, who in any workweek is engaged in commerce or in the production of goods for commerce, and this classification shall be defined as the operations of hand-sewing, hand-embroidering, hand-embellishing, ornamental hand-stitching, hand-drawing of threads, and similar hand operations involving decorative effects on fabric gloves (gloves or mittens manufactured from woven or knitted fabric), except mending, repairing, sewing of labels, tacking, and similar operations on fabric gloves that are wholly or chiefly machine-sewn.

(b) Wages at a rate of not less than 44 cents an hour shall be paid under section 6(c), proviso (1) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the hand-sewing on leather gloves classification of the fabric and leather glove industry in Puerto Rico, who in any workweek is engaged in commerce or in the production of goods for commerce, and this classification shall be defined as the operations of hand-sewing, hand-embroidering, hand-embellishing, ornamental hand-stitching, hand-drawing of threads, and similar hand operations involving decorative effects on leather gloves (gloves or mittens manufactured from leather or from leather in combination with other material), except mending, repairing, sewing of labels, tacking, and similar operations on leather gloves that are wholly or chiefly machine-sewn.

(c) Wages at a rate of not less than 65 cents an hour shall be paid under section 6(c), proviso (1) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the other operations on hand-sewn gloves classification of the fabric and leather glove industry in Puerto Rico, who in any workweek is engaged in commerce or in the production of goods for commerce, and this classification shall be defined as all operations on hand-sewn gloves (gloves or mittens manufactured primarily by a hand-sewing process), except operations included in the hand-sewing on fabric gloves classification and the hand-sewing on leather gloves classification, as defined herein.

(d) Wages at a rate of not less than 88 cents an hour shall be paid under section 6(c), proviso (1) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the machine operations and the cutting, laying-off, pressing, sizing, banding, and packaging of machine-sewn leather gloves classification of the fabric and leather glove industry in Puerto Rico, who in any workweek is engaged in commerce or in the production of goods for commerce, and this classification shall be defined as machine sewing, other operations per-

formed by machine, and the cutting, laying-off, pressing, sizing, banding, and packaging of leather gloves which are primarily machine-sewn (gloves or mittens made of leather and/or leather in combination with another material, provided that the full palm or full back be leather).

(e) Wages at a rate of not less than 90 cents an hour shall be paid under section 6(c), proviso (1) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the machine operations and the cutting, laying-off, pressing, sizing, banding, and packaging of machine-sewn gloves classification (except leather) of the fabric and leather glove industry in Puerto Rico, who in any workweek is engaged in commerce or in the production of goods for commerce, and this classification shall be defined as machine-sewing, other operations performed by machine, and cutting, laying-off, pressing, sizing, banding, and packaging of primarily machine-sewn gloves, except leather gloves.

(f) Wages at a rate of not less than 84 cents an hour shall be paid under section 6(c), proviso (1) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the other operations on machine-sewn gloves classification of the fabric and leather glove industry in Puerto Rico, who in any workweek is engaged in commerce or in the production of goods for commerce, and this classification shall be defined as all operations on machine-sewn gloves (gloves or mittens manufactured primarily by a machine-sewing process), except operations included in the hand-sewing on fabric gloves classification, the hand-sewing on leather gloves classification, the machine operations and the cutting, laying-off, pressing, sizing, banding, and packaging of machine-sewn leather gloves classification, and the machine operations and the cutting, laying-off, pressing, sizing, banding, and packaging of machine-sewn gloves classification (except leather).

(g) Wages at a rate of not less than 70 cents an hour shall be paid under section 6(c), proviso (2) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the fabric and leather glove new coverage classification of the fabric and leather glove industry in Puerto Rico, who in any workweek is employed in an enterprise engaged in commerce or in the production of goods for commerce, and this classification shall be defined as all activities of employees covered by section 6 of the Act, only by reason of the Fair Labor Standards Amendments of 1961 in the fabric and leather glove industry in Puerto Rico.

(52 Stat. 1064, as amended; 29 U.S.C. 208; 75 Stat. 69)

Signed at Washington, D.C., this 5th day of April 1962.

CLARENCE T. LUNDQUIST,
Administrator.

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

PART 33—SPORT FISHING

Deer Flat National Wildlife Refuge, Idaho

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER.

§ 33.5 Special regulations; sport fishing; for individual wildlife refuge areas.

IDAHO

DEER FLAT NATIONAL WILDLIFE REFUGE

Sport fishing on the Deer Flat National Wildlife Refuge, Idaho, is permitted only on the areas designed by signs as open to fishing. This open area, comprising 9,500 acres or 90 percent of the total area of the refuge, is delineated on a map available at the refuge headquarters and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, 1002 Northeast Holladay Street, Portland 8, Oreg.

Sport fishing is subject to the following conditions:

(a) Species permitted to be taken: Black bass, crappie, perch, catfish, bullheads and other minor species permitted under State regulations.

(b) Open season: Upper one-third of Lake Lowell open from April 15, 1962, through June 30, 1962. Lower two-thirds of Lake open to fishing year round. *Provided, however,* That the public hunting area shall be closed to fishing during the migratory waterfowl hunting season.

(c) Daily creel limits: Black bass, 12 fish; crappie and perch, no limit; catfish and bullheads, 100 fish in the aggregate but not to exceed 50 pounds and 1 fish. Other creel limits for minor species are as prescribed for state regulations.

(d) Methods of fishing:

1. Tackle: Line or pole and line in hand only may be used.

2. Bait: The use of live fish for bait is prohibited.

3. Boats: Boats with motors may be used for fishing as follows: On lower two-thirds of Lowell Lake from April 25 to September 30. Boats without motors may be used on lower two-thirds of Lake throughout fishing season. No boats with motors allowed on upper one-third of Lake at any time. Boats without motors permitted on upper one-third of Lake from April 15 through June 30, 1962.

(e) Other provisions:

1. The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33.

2. A Federal permit is not required to enter the public fishing area.

3. The provisions of this special regulation are effective to April 1, 1963.

PAUL T. QUICK,
Regional Director, Bureau of
Sport Fisheries and Wildlife.

APRIL 5, 1962.

Title 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 202—ANCHORAGE REGULATIONS

PART 203—BRIDGE REGULATIONS

Newport Bay Harbor, Calif. and Buffalo Bayou, Tex.

1. Pursuant to the provisions of section 1 of an Act of Congress approved April 22, 1940 (54 Stat. 150; 33 U.S.C. 180), § 202.95 establishing and governing the use and navigation of anchorages in Newport Bay Harbor, California, is hereby amended revoking paragraphs (m) and (o) effective on publication in the FEDERAL REGISTER since the areas are not being used as anchorages, as follows:

§ 202.95 Newport Bay Harbor, Calif.

* * * * *

(m) Area A-13 [Revoked]

* * * * *

(o) Area B-2 [Revoked]

[Regs., Mar 29, 1962, 285/112 (Newport Bay Harbor, Calif.)—ENG CW-ON] (Sec. 1, 54 Stat. 150; 33 U.S.C. 180)

2. Pursuant to the provisions of section 5 of the River and Harbor Act of August 18, 1894 (28 Stat. 362; 33 U.S.C. 499), § 203.245 is hereby amended with respect to paragraph (j) by revising subparagraph (30) to govern the operation of certain bridges over Buffalo Bayou, Texas, effective 30 days after publication in the FEDERAL REGISTER, as follows:

§ 203.245 Navigable waters discharging into the Atlantic Ocean south of and including Chesapeake Bay and into the Gulf of Mexico, except the Mississippi River and its tributaries and outlets; bridges where the constant attendance of draw tenders is not required.

* * * * *

(j) Waterways discharging into Gulf of Mexico west of Mississippi River. * * *

(30) Buffalo Bayou, Tex.: (i) Texas and New Orleans Railroad Company bridge at the head of Houston Turning Basin, Houston, and drawbridges upstream therefrom to, but not including, the Houston Belt & Terminal Railway Company bridge near Shiloh Street, Houston. At least 24 hours advance notice required.

(ii) Houston Belt & Terminal Railway Company bridges near Shiloh Street and at Mary Street, Houston. The draws

need not be opened for the passage of vessels and paragraphs (b) to (e), of this section shall not apply to these bridges.

[Regs., March 28, 1962, 285/112 (Buffalo Bayou, Tex.)—ENG CW-ON] (Sec. 5, 28 Stat. 362; 33 U.S.C. 499)

J. C. LAMBERT,
Major General, U.S. Army,
The Adjutant General.

[F.R. Doc. 62-3522; Filed, Apr. 11, 1962; 8:45 a.m.]

Title 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 2650]

[Fairbanks 027632]

[1169180]

ALASKA

Withdrawing Lands for Use of United States Coast Guard for an Aid to Navigation Facility; Partly Revoking Executive Order No. 4223 of May 11, 1925

By virtue of the authority vested in the President, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Subject to valid existing rights the following described lands are hereby withdrawn from all forms of appropriation under the public land laws, including the mining laws, and reserved for use of the United States Coast Guard as an aid to navigation facility:

POINT SPENCER

All land north of 65°10' N., on Point Spencer in northwestern Alaska more particularly described as follows:

Beginning at the northernmost tip of Point Spencer at approximate latitude 65°15'40" N. and longitude 166°50'40" W.; thence by metes and bounds—

Southwesterly, 46,200 feet along the western coast of Point Spencer to a point on line of latitude 65°10' N.;

East, 2,970 feet across Point Spencer to the eastern coast of Point Spencer;

Northeasterly and northerly, 47,520 feet along the eastern coast of Point Spencer to the point of beginning.

Containing approximately 2,648 acres.

2. Executive Order No. 4223 of May 11, 1925, which withdrew lands for use of the Department of Commerce for lighthouse purposes is hereby revoked so far as it affects any of the lands described in paragraph 1 of this order.

3. The United States Coast Guard may issue permits revocable at will for authorized use of the lands withdrawn by paragraph 1 of this order; but authority to change the use specified by this order or to grant rights to others to use the lands, including grants of leases, licenses, easements and rights-of-way is reserved to the Secretary of the Interior or his authorized delegate, provided that no grants will be made under this authority

without the approval of an authorized officer of the United States Coast Guard.

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

APRIL 6, 1962.

[F.R. Doc. 62-3532; Filed, Apr. 11, 1962;
8:46 a.m.]

[Public Land Order 2642]

[Fairbanks 024760]

ALASKA

Withdrawing Lands for Use of Federal Aviation Agency as an Air Navigation Facility

By virtue of the authority vested in the Secretary of the Interior by section 4 of the act of May 24, 1928 (45 Stat. 728; 49 U.S.C. 214), it is ordered as follows:

Subject to valid existing rights, the following described public lands in Alaska are hereby withdrawn from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, and reserved for use of the Federal Aviation Agency in the maintenance of air-navigation facilities:

NOME AREA

From the center point of the site, which lies S. 8°52' E., 1,848.90 feet from the center point of the center range tower, U.S.C. & G.S. "Nome, CAA radio range, 1944", and also lies S. 3°01' E., 1,399.08 feet, more or less, from Corner No. 10 of the Washington Claim, U.S.M.S. 1208, go N. 19°20' E., 300.00 feet to the point of beginning; thence—

S. 70°40' E., 1,300 feet; S. 19°20' W., 600 feet; N. 70°40' W., 2,500 feet, approximately, to the easterly edge of the road to the radio range; northerly, 620 feet, approximately, along said easterly side of the road; S. 70°40' E., 1,100 feet, approximately, to the point of beginning.

The tract described contains 33.9 acres.

The Department of the Interior shall retain jurisdiction of the mineral and vegetative resources of the lands.

The Federal Aviation Agency may issue permits revocable at will for authorized use of the lands included in this order; but authority to change the use specified by this order or to grant rights to others to use the lands, including grants of leases, licenses, easements and rights-of-way is reserved to the Secretary of the Interior or his authorized delegate, provided that no grants will be made under this authority without the approval of an authorized officer of the Federal Aviation Agency.

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

APRIL 6, 1962.

[Public Land Order 2644]

[Arizona 031173]

ARIZONA

Withdrawing Lands for Use of the Bureau of Reclamation

By virtue of the authority contained in section 3 of the act of June 17, 1902 (32

Stat. 388; 43 U.S.C. 416), it is ordered as follows:

1. Subject to valid existing rights, the following described public lands are hereby withdrawn in the first form from all forms of appropriation under the public land laws and reserved for use of the Bureau of Reclamation, Department of the Interior, for front and levee work in the control and maintenance of the Colorado River:

GILA AND SALT RIVER MERIDIAN

T. 2 S., R. 23 W.,
Sec. 6, lot 8;
Sec. 7, lot 5.

Containing 11.80 acres.

2. The lands shall be administered by the Bureau of Land Management under applicable public land laws until such time as they or any portion thereof are needed for purposes specified in paragraph 1 of this order.

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

APRIL 6, 1962.

[Public Land Order 2649]

[88120]

CALIFORNIA

Excluding Lands From Los Padres National Forest; Amending Public Land Order No. 2615 of February 16, 1962

By virtue of the authority vested in the President by the Act of June 4, 1897 (30 Stat. 34, 36; 16 U.S.C. 473), and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. The following-described lands are hereby excluded from the Los Padres National Forest and the boundaries of the said forest are adjusted accordingly.

MOUNT DIABLO MERIDIAN

T. 23 S., R. 5 E.,
Sec. 24, that part lying in the drainage area of San Miguel Creek.

The lands were transferred from the Department of Agriculture to the Department of the Army under provisions of the Act of July 25, 1956 (70 Stat. 656), and are a part of the Hunter-Liggett Military Reservation.

2. Public Land Order No. 2615 of February 16, 1962, is amended to the extent necessary to make clear that the land descriptions in Paragraph 1 of the order, in the Los Padres National Forest, are referable to the Mount Diablo Meridian.

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

April 6, 1962.

8:46 a.m.]

[Public Land Order 2645]

[Colorado 068370]

COLORADO

Revoking Reclamation Withdrawal

By virtue of the authority contained in section 3 of the act of June 17, 1902 (32 Stat. 388; 43 U.S.C. 416), it is ordered as follows:

The departmental order of May 23, 1946, so far as it withdrew the following described lands for reclamation purposes in connection with the Gunnison-Arkansas Project, now the Curecanti Unit of the Colorado River Storage Project, is hereby revoked:

NEW MEXICO PRINCIPAL MERIDIAN

T. 46 N., R. 3 W.,
Sec. 3, lots 3, 4, and SW $\frac{1}{4}$ NW $\frac{1}{4}$.
T. 47 N., R. 3 W.,
Sec. 16, S $\frac{1}{2}$ SW $\frac{1}{4}$;
Sec. 17, SE $\frac{1}{4}$ SE $\frac{1}{4}$.
T. 49 N., R. 3 W.,
Sec. 31, NE $\frac{1}{4}$ NW $\frac{1}{4}$;
Sec. 34, NW $\frac{1}{4}$ NW $\frac{1}{4}$.
T. 46 N., R. 4 W.,
Sec. 36, NW $\frac{1}{4}$ SE $\frac{1}{4}$.
T. 48 N., R. 4 W.,
Sec. 5, lot 14.
T. 48 N., R. 5 W.,
Sec. 1, lots 33, 34, 38, 39, 40, and 41.
T. 48 N., R. 6 W.,
Sec. 8, SW $\frac{1}{4}$ SW $\frac{1}{4}$.

The areas described total in the aggregate 574.96 acres of patented lands.

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

APRIL 6, 1962.

[F.R. Doc. 62-3536; Filed, Apr. 11, 1962;

[Public Land Order 2646]

COLORADO AND WYOMING

Revoking Certain Reclamation Withdrawals

By virtue of the authority contained in section 3 of the act of June 17, 1902 (32 Stat. 388; 43 U.S.C. 416), it is ordered as follows:

1. The departmental orders of July 2, 1902, July 25, 1908, February 7, 1941, and the orders of the Bureau of Reclamation of October 19, 1956, and May 8, 1951, concurred in by the Bureau of Land Management on January 4, 1957, and February 28, 1952, respectively, and any other order or orders reserving public lands for reclamation purposes under the provisions of the act of June 17, 1902, supra, are hereby revoked so far as they affect the following described lands:

COLORADO

a. [Colorado 069948]

NEW MEXICO PRINCIPAL MERIDIAN

Mancos Project

T. 37 N., R. 13 W.,
Sec. 36, NW $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, and W $\frac{1}{2}$ SW $\frac{1}{4}$.

b. [Colorado 069947]

UTE PRINCIPAL MERIDIAN

Colorado River Storage Project

T. 4 S., R. 3.,
Sec. 33, SW $\frac{1}{4}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SE $\frac{1}{4}$.

c. [Colorado 069946]

UTE PRINCIPAL MERIDIAN

Grand Valley Project

T. 2 N., R. 3 W.,
Sec. 29, NE $\frac{1}{4}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$.

WYOMING

d. [Wyoming 080869 and 061402]

SIXTH PRINCIPAL MERIDIAN

La Barge Project

T. 29 N., R. 111 W.,
Sec. 17, SW $\frac{1}{4}$ SW $\frac{1}{4}$.
T. 26 N., R. 112 W.,
Sec. 6, lot 2.

The areas described including the public and nonpublic lands, aggregate 446.30 acres, of which the lands described in 1c. and 1d., above, are public lands.

2. Until 10:00 a.m. on October 5, 1962, the States of Colorado and Wyoming shall have a preferred right of application to select the public lands within their respective borders, released from withdrawal by this order, in accordance with subsection (c) of section 2 of the act of August 27, 1958 (72 Stat. 928; 43 U.S.C. 851, 852).

3. Beginning at 10:00 a.m. on October 5, 1962, the lands shall be subject to operation of the public land laws generally, including the mining laws, subject to valid existing rights and equitable claims, the provisions of any existing withdrawals, and the requirements of applicable law, rules and regulations. The lands have been open to applications and offers under the mineral leasing laws.

Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Denver, Colorado, or Cheyenne, Wyoming, as appropriate.

JOHN A. CARVER, Jr.,

Assistant Secretary of the Interior.

NEVADA

Partly Revoking Reclamation Withdrawals (Newlands Project)

By virtue of the authority contained in section 3 of the act of June 17, 1902 (32 Stat. 388; 43 U.S.C. 416), it is ordered as follows:

1. The departmental orders of July 2, 1902, and August 26, 1902, and any other order or orders withdrawing lands for reclamation purposes under authority of the act of June 17, 1902, are hereby revoked so far as they affect the following described lands:

MOUNT DIABLO MERIDIAN

T. 19 N., R. 20 E.,
Sec. 12, N $\frac{1}{2}$ S $\frac{1}{2}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$.

Aggregating 200 acres.

2. The lands are hereby restored to the operation of the public land laws, effective at 10:00 a.m. on May 12, 1962, subject to any valid existing rights, the requirements of applicable law, rules and regulations, and the provisions of any existing withdrawals.

Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Reno, Nevada.

JOHN A. CARVER, Jr.,

Assistant Secretary of the Interior.

[Public Land Order 2641]

OREGON

Revoking Certain Forest Service Administrative Site Withdrawals

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. The departmental order of October 5, 1908, as amended by the departmental order of July 26, 1909, and the departmental order of May 17, 1933, so far as they withdrew the following described lands for use of the Forest Service, Department of Agriculture, as administrative sites, are hereby revoked, as indicated:

a. Order of October 5, 1908:

[Oregon 09900]

WILLAMETTE MERIDIAN

FREMONT NATIONAL FOREST

Thomas Creek Ranger Station Administrative Site

T. 37 S., R. 18 E.,
Sec. 35, W $\frac{1}{2}$ NW $\frac{1}{4}$.

b. Order of May 17, 1933:

[Oregon 010257]

WILLAMETTE MERIDIAN

Burnt Peak Lookout Station

T. 32 S., R. 1 E.,
Sec. 35, SE $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$.

The areas described aggregate approximately 90 acres, of which the lands in (a) above are national forest lands in the Fremont National Forest, and those in (b) are revested Oregon and California Railroad grant lands.

2. At 10:00 a.m. on May 12, 1962, the lands shall be open to such forms of disposition as may by law be made of national forest and revested Oregon and California Railroad grant lands, subject to valid existing rights and the provisions of existing withdrawals.

JOHN A. CARVER, Jr.,

Assistant Secretary of the Interior.

[Public Land Order 2648]

[Utah 010084]

UTAH

Amending Public Land Order No. 1775 of January 13, 1959

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Subject to valid existing rights, the following-described lands in the National Forests indicated are hereby withdrawn from prospecting, location, entry, and purchase under the United States mining laws, in aid of programs of the Forest Service, Department of Agriculture, for use of the surface in connection with administrative sites and recreation areas established by Public Land Order No. 1775 of January 13, 1959:

DIXIE NATIONAL FOREST

SALT LAKE MERIDIAN

Cow Puncher Administrative Site

T. 32 S., R. 2 E., unsurveyed,
Sec. 35, W $\frac{1}{2}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$.

Upper Valley Administrative Site

T. 36 S., R. 1 W., unsurveyed,
Sec. 1, S $\frac{1}{2}$ NE $\frac{1}{4}$ SE $\frac{1}{4}$.

Pine Lake Recreation Area

T. 35 S., R. 1 W.,
Sec. 19, W $\frac{1}{2}$ W $\frac{1}{2}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$.T. 35 S., R. 2 W.,
Sec. 24, E $\frac{1}{2}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, and N $\frac{1}{2}$ N $\frac{1}{2}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$.

Navajo Lake Recreation Area

T. 38 S., R. 9 W.,
Sec. 2, SE $\frac{1}{4}$.

2. Public Land Order No. 1775 of January 13, 1959, reserving national forest lands for use of the Forest Service is hereby revoked so far as it affects the following-described lands:

DIXIE NATIONAL FOREST

SALT LAKE MERIDIAN

Cow Puncher Administrative Site

T. 32 S., R. 2 E.,
Sec. 35, W $\frac{1}{2}$ NE $\frac{1}{4}$ SE $\frac{1}{4}$.

Upper Valley Administrative Site

T. 36 S., R. 1 W.,
Sec. 1, S $\frac{1}{2}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$.

Pine Lake Recreation Area

T. 35 S., R. 1 W.,
Sec. 24, E $\frac{1}{2}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, N $\frac{1}{2}$ N $\frac{1}{2}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$.T. 35 S., R. 2 W.,
Sec. 19, W $\frac{1}{2}$ W $\frac{1}{2}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$.

3. In Public Land Order No. 1775 as published in the FEDERAL REGISTER of January 17, 1959, the description of the lands in Sec. 21, T. 2 N., R. 4 W., Uintah Special Meridian, a part of the Yellowstone Administrative Site, in the Ashley National Forest, reading "S $\frac{1}{2}$ SE $\frac{1}{4}$ ", is corrected to read "S $\frac{1}{2}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$ ".

4. At 10:00 a.m. on May 12, 1962, the lands described in Paragraph 2 of this order shall be open to such forms of disposition as may by law be made of national forest lands, subject to valid exist-

ing rights and the provisions of existing withdrawals.

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

[Public Land Order 2643]

WYOMING

Withdrawing Lands for Various Public Uses

By virtue of the authority vested in the President, and pursuant to Executive Order No. 10355 of May 26, 1952, and by virtue of the authority contained in section 3 of the act of June 17, 1902 (32 Stat. 388; 43 U.S.C. 416), and section 4 of the act of May 24, 1928 (45 Stat. 729; 49 U.S.C. 214), it is ordered as follows:

1. Subject to valid existing rights, the following described public lands are hereby withdrawn and reserved as hereafter indicated:

a. In the first form, from all forms of appropriation under the public land laws, including the mining but not the mineral leasing laws, for use of the Bureau of Reclamation, Department of the Interior, in connection with the Yellowstone Reservoir, Missouri River Basin Project:

[Wyoming 0150181]

SIXTH PRINCIPAL MERIDIAN

T. 57 N., R. 94 W.,
Sec. 6, lots 1, 2, and SE $\frac{1}{4}$ NE $\frac{1}{4}$.
T. 58 N., R. 94 W.,
Sec. 31, W $\frac{1}{2}$ SE $\frac{1}{4}$.

Containing 200.60 acres.

The lands shall be administered by the Bureau of Land Management under applicable public land laws until such time as they or any portion thereof are needed for project works or irrigation purposes.

b. From all forms of appropriation under the public land laws, including the mining laws, for use of the Federal Aviation Agency in the maintenance of an air navigation facility:

[Wyoming 075803]

SIXTH PRINCIPAL MERIDIAN

T. 22 N., R. 88 W.,
Sec. 10, SW $\frac{1}{4}$ SW $\frac{1}{4}$.

Containing 40 acres.

2. Subject to valid existing rights, the minerals in the following described national forest lands in the Medicine Bow National Forest, are hereby withdrawn from prospecting, location, entry and purchase under the mining laws of the United States in aid of programs of the Forest Service, Department of Agriculture, for utilization of the surface as a natural area:

[Wyoming 074121]

SIXTH PRINCIPAL MERIDIAN

Snowy Range Natural Area

T. 16 N., R. 79 W.,
Sec. 13, S $\frac{1}{2}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, and W $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$;
Sec. 14, S $\frac{1}{2}$ SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$, and S $\frac{1}{2}$;
Sec. 15, NE $\frac{1}{4}$ NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$ SE $\frac{1}{4}$, and SE $\frac{1}{4}$ SE $\frac{1}{4}$;
Sec. 22, NE $\frac{1}{4}$ NE $\frac{1}{4}$;

Sec. 23, NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$, and NW $\frac{1}{4}$ NW $\frac{1}{4}$;
Sec. 24, NW $\frac{1}{4}$.

Containing approximately 980 acres.

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

Proposed Rule Making

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 908]

HANDLING OF VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Notice of Proposed Rule Making With Respect to Approval of Expenses and Fixing of Rate of Assessment for the 1961-62 Fiscal Year

Consideration is being given to the following proposals submitted by the Valencia Orange Administrative Committee, established under the marketing agreement and Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), as the agency to administer the terms and provisions thereof: (1) That expenses not to exceed \$175,000 will be necessarily incurred during the fiscal year November 1, 1961, through October 31, 1962, for the maintenance and functioning of the committee established under the aforesaid marketing agreement and order, as amended, and (2) that there be fixed, as the share of such expenses which each handler who first handles oranges shall pay during the fiscal year in accordance with the aforesaid marketing agreement and order, as amended, the rate of assessment of eleven mills (\$.011) per carton of oranges handled by such handler as the first handler thereof during such fiscal year.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals should file the same with the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Room 2077, South Building, Washington 25, D.C., not later than the 10th day after the publication of this notice in the FEDERAL REGISTER. All documents should be filed in quadruplicate.

As used herein, "handle," "handler," "oranges," "fiscal year," and "carton" shall have the same meaning as is given to each such term in said marketing agreement and order, as amended.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: April 6, 1962.

[7 CFR Part 987]

HANDLING OF DOMESTIC DATES PRODUCED OR PACKED IN A DESIGNATED AREA OF CALIFORNIA

Proposed Establishment of Container Regulation

Consideration is being given to a proposal to establish container regulation for whole or pitted Deglet Noor, Zahidi and Khadrawy varieties of dates. The proposed regulation, based on the unanimous recommendation of the Date Administrative Committee and other available information, would be established in accordance with the provisions of Marketing Agreement No. 127, as amended, and Order No. 987, as amended (originally issued as Order No. 103; 7 CFR Part 987) regulating the handling of domestic dates produced or packed in a designated area of California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

Consideration will be given to any written data, views, or arguments pertaining to the proposal which are received by the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D.C., not later than the eighth day after the date of publication of this notice in the FEDERAL REGISTER.

The proposed regulation, hereinafter set forth, would restrict the use of plastic containers for packaging and handling such dates to those having specified net weight capacities. It is designed to prevent the introduction and use of plastic containers having net weight capacities differing from those now in use and thus avoid increased packing costs and confusion in pricing.

The proposal is as follows:

§ 987.501 Container regulation.

(a) No handler shall package and handle any whole or pitted Deglet Noor, Zahidi or Khadrawy varieties of dates in plastic containers, other than bags and master shipping containers, unless the net weight capacity for dates in the container is more than two pounds or: (1) For whole dates, either 12 ounces or one pound eight ounces; and (2) for pitted dates, either 10 ounces or one pound eight ounces. Whole or pitted dates of such varieties packed in other than plastic containers may be handled without regard to the net weight capacity. For the purposes of this regulation, plastic container means any container of any shape made from a plastic and in which dates

are packed without the use of cardboard boats, trays, or other stiffening material.

Dated: April 9, 1962.

FLOYD F. HEDLUND,
*Director, Fruit and Vegetable
Division, Agricultural Marketing
Service.*

Agricultural Research Service

[7 CFR Part 319]

FOREIGN COTTON AND COVERS

Proposed Amendment of Regulations

Notice is hereby given under section 4 of the Administrative Procedure Act (5 U.S.C. 1003) that the Administrator of the Agricultural Research Service, pursuant to sections 5, 7, and 9 of the Plant Quarantine Act of 1912, as amended (7 U.S.C. 159, 160, 162), is considering amending §§ 319.8-1, 319.8-3, 319.8-5, 319.8-8, 319.8-9(b), 319.8-10(a), and §§ 319.8-11 through 319.8-15, in 7 CFR, Part 319, Subpart "Foreign Cotton and Covers," as amended (7 CFR 319.8-1, 319.8-3, 319.8-5, 319.8-8, 319.8-9(b), 319.8-10(a), and 319.8-11 through 319.8-15), in the following respects:

A. In § 319.8-1 amend paragraphs (p), (r), and (aa), and add paragraphs (dd) and (ee), respectively, to read as follows:

§ 319.8-1 Definitions.

(p) *Approved areas of Mexico.* Any areas of Mexico, other than those described in paragraphs (q) and (r) of this section, which are designated by the Director as areas in which cotton and cotton products are produced and handled under conditions comparable to those under which like cotton and cotton products are produced and handled in the generally infested pink bollworm regulated area in the United States.

(r) *Northwest Mexico.* All of the State of Baja California, Mexico, and that part of the State of Sonora, Mexico, lying between San Luis Mesa and the Colorado River.

(aa) *Inspector.* A properly identified employee of the U.S. Department of Agriculture or other person authorized by the Department to enforce the provisions of the Plant Quarantine Act.

(dd) *Pink bollworm regulated area; generally infested pink bollworm regulated area.* The pink bollworm regulated area consists of those States or parts thereof designated as regulated area in Administrative Instructions issued under § 301.52-2 of this chapter. The generally infested pink bollworm regulated area is

that part of the regulated area designated as generally infested in the said Administrative Instructions.

(ee) *Approved mill or plant.* A mill or plant operating under a signed agreement with the Division required for approval of a mill or plant as specified in § 319.8-8(a) (2).

B. Amend § 319.8-3 to read as follows:

§ 319.8-3 Refusal and cancellation of permits.

(a) Permits for entry from the West Coast of Mexico as authorized in § 319.8-12 of lint, linters, waste, cottonseed, and cottonseed hulls may be refused and existing permits cancelled by the Director if he has determined that the pink bollworm is present in the West Coast of Mexico or in Northwest Mexico, or that other conditions exist therein that would increase the hazard of pest introduction into the United States.

(b) Permits for entry from Northwest Mexico as authorized in § 319.8-13 of lint, linters, waste, cottonseed, cottonseed hulls, and covers that have been used for cotton, may be refused and existing permits cancelled by the Director if he has determined that the pink bollworm is present in Northwest Mexico or in the West Coast of Mexico, or that other conditions exist therein that would increase the hazard of pest introduction into the United States.

C. Amend § 319.8-5 to read as follows:

§ 319.8-5 Marking of containers.

Every bale or other container of cotton lint, linters, waste, or covers imported or offered for entry shall be plainly marked or tagged with a bale number or other mark to distinguish it from other bales or containers of similar material. Bales of lint, linters, and waste from approved areas of Mexico, the West Coast of Mexico, or Northwest Mexico shall be tagged or otherwise marked to show the gin or mill of origin unless they are immediately exported.

D. In § 319.8-8 amend paragraphs (a) (1) (iii) and (b) (1) (iii); add a new paragraph (b) (1) (iv); and amend paragraph (b) (2).

§ 319.8-8 Lint, linters, and waste.

(a) *Compressed to high density.* (1)

(iii) Such lint, linters, and waste compressed to high density arriving at a port in the State of California where there are no approved fumigation facilities may be entered for immediate transportation in bond via an all-water route if available, otherwise by overland transportation in van-type trucks or box cars after approved surface treatment, or under such other conditions as may be deemed necessary and are prescribed by the inspector, to (a) any port where approved fumigation facilities are available, there to receive the required vacuum fumigation before release, or (b) to an approved mill or plant for utilization.

(b) *Uncompressed or compressed.* (1) ***

(iii) Compressed lint, linters, and waste arriving at a port in the State of

California where there are no approved fumigation facilities may be entered for immediate transportation in bond by an all-water route if available, otherwise by overland transportation in van-type trucks or box cars after approved surface treatment, or under such other conditions as may be deemed necessary and are prescribed by the inspector, to any port in California or any northern port where approved fumigation facilities are available, there to receive the required vacuum fumigation before release, or to any northern port for movement to an approved mill or plant for utilization.

(iv) Uncompressed lint, linters, and waste arriving at a port in the State of California where there are no approved fumigation facilities may be entered for immediate transportation in bond by an all-water route to any port in California or any northern port where approved fumigation facilities are available, there to receive the required vacuum fumigation before release, or to a northern port for movement to an approved mill or plant for utilization.

(2) Entry without vacuum fumigation will be authorized for compressed lint, linters, and waste, and for uncompressed waste derived from cotton milled in countries that do not produce cotton,⁴ arriving at a northern port, subject to movement to an approved mill or plant.

E. Amend § 319.8-9(b) to read as follows:

§ 319.8-9 Hull fiber and gin trash.

* * * * *
(b) Gin trash may be imported only under the provisions of § 319.8-20.

F. Amend § 319.8-10(a) to read as follows:

§ 319.8-10 Covers.

(a) Entry of covers (including bags, slit bags, and parts of bags) which have been used as containers for cotton grown or processed in countries other than the United States may be authorized either (1) through a Mexican border port named in the permit for vacuum fumigation by an approved method in that part of the United States within the generally infested pink bollworm regulated area; or (2) through a northern port or a port in the State of California subject to vacuum fumigation by an approved method or without vacuum fumigation when the covers are to be moved to an approved mill or plant for utilization. When such covers are forwarded from a northern port to a mill or plant in California for utilization, or from a California port to another California or northern port for vacuum fumigation thereat or for movement to a mill or plant for utilization such movement shall be made by an all-water route unless the bales are compressed to a

⁴ For the purposes of this subpart the following countries are considered to be those in which cotton is not produced: Austria, Belgium, Canada, Denmark, Republic of Ireland (Eire), Finland, France, Germany, (both East and West), Great Britain and Northern Ireland (United Kingdom), Iceland, Liechtenstein, Luxembourg, Netherlands, Norway, Portugal, Sweden, and Switzerland.

density of 20 pounds or more per cubic foot in which case the bales may be moved overland in van-type trucks or box cars if all-water transportation is not available. Such overland movement may be made only after approved surface treatment or under such other conditions as may be deemed necessary and are prescribed by the inspector. When such covers arrive at a port other than a northern, California, or Mexican border port they will be required to be transported therefrom immediately in bond by an all-water route to a northern or California port where approved vacuum fumigation facilities are available for vacuum fumigation thereat by an approved method or for forwarding therefrom to an approved mill or plant for utilization.

G. Amend the center title "Other Conditions Applicable to Cotton and Covers from Mexico," preceding § 319.8-11, to read "Special Conditions for the Entry of Cotton and Covers from Mexico."

H. Amend § 319.8-11 to read as follows:

§ 319.8-11 From approved areas of Mexico.

(a) Entry of lint, linters, and waste (including gin and oil mill wastes) which were derived from cotton grown in, and which were produced and handled only in approved areas of Mexico⁷ may be authorized through Mexican Border ports in Texas named in the permits (1) for movement into the generally infested pink bollworm regulated area such products becoming subject immediately upon release by the inspector to the requirements, in § 301.52 of this chapter, applicable to like products originating in the pink bollworm regulated area, or (2) for movement to an approved mill or plant for utilization, or (3) for movement to New Orleans for immediate vacuum fumigation.

(b) Entry of cottonseed or cottonseed hulls in bulk, or in covers that are new or which have not been used previously to contain cotton or unmanufactured cotton products, may be authorized through Mexican Border ports in Texas named in the permits, for movement into the generally infested pink bollworm regulated area when certified by an inspector as having been produced in an approved area and handled subsequently in a manner satisfactory to the inspector. Upon arrival in the generally infested pink bollworm regulated area such cottonseed or cottonseed hulls will be released from further plant quarantine entry requirements and shall become subject immediately to the requirements in § 301.52 of this chapter.

I. Amend § 319.8-12 to read as follows:

§ 319.8-12 From the West Coast of Mexico.

Contingent upon continued freedom of the West Coast of Mexico and of Northwest Mexico from infestations of the

⁷ See § 319.8-1(p) for definition of "Approved areas of Mexico." These are within that part of Mexico not included in the "West Coast of Mexico" (§ 319.8-1(q)) or "Northwest Mexico" (§ 319.8-1(r)).

pink bollworm, entry of the following products may be authorized under permit subject to inspection to determine freedom from hazardous plant pest conditions:

- (a) Compressed lint and linters.
- (b) Uncompressed lint and linters for movement into the generally infested pink bollworm regulated area, movement thereafter to be in accordance with § 301.52 of this chapter.
- (c) Compressed or uncompressed cotton waste for movement under bond to Fabens, Texas, for vacuum fumigation after which it will be released from further plant quarantine entry requirements.
- (d) Cottonseed when certified by an inspector as having been treated, stored, and transported in a manner satisfactory to the Director.
- (e) Untreated, non-certified cottonseed contained in new bags for movement by special manifest to any destination in the generally infested pink bollworm regulated area, movement thereafter to be in accordance with § 301.52 of this chapter.
- (f) Cottonseed hulls when certified by an inspector as having been treated, stored, and transported in a manner satisfactory to the Director.
- (g) Any cotton products for movement through Mexican border ports in Texas directly into the generally infested pink bollworm regulated area, movement thereafter to be in accordance with § 301.52 of this chapter.

J. Amend § 319.8-13 to read as follows:
§ 319.8-13 From Northwest Mexico.

Contingent upon continued freedom of Northwest Mexico and of the West Coast of Mexico from infestations of the pink bollworm and other plant pest conditions that would increase risk of pest introduction into the United States with importations authorized under this section, entry of the following products may be authorized under permit subject to inspection upon arrival to determine freedom from hazardous plant pest conditions:

- (a) Lint, linters, and waste.
- (b) Cottonseed.
- (c) Cottonseed hulls.
- (d) Covers that have been used for cotton only.

K. Delete the present §§ 319.8-14 and 319.8-15, and substitute therefor a new § 319.8-14 to read as follows:

§ 319.8-14 Mexican cotton and covers not otherwise enterable.

Mexican cotton and covers not enterable under § 319.8-11, 319.8-12, or 319.8-13 may be entered in accordance with §§ 319.8-6 to 319.8-10 and §§ 319.8-16 to 319.8-20 insofar as said sections are applicable.

L. Amend the redesignated § 319.8-17(c) and (f) to read, respectively, as follows:

§ 319.8-17 Importation for exportation, and importation for transportation and exportation; storage.

- (c) Entry under permit of lint, linters, or waste compressed to high density will

be authorized for purposes of storage in the north pending exportation, fumigation, or utilization in an approved mill or plant provided the owner or operator of such proposed storage place has executed an agreement with the Division similar to those required for mills or plants to utilize lint, linters, and waste as specified in § 319.8-8(a)(2), and provided further that (1) inspectors are available to supervise the storage, (2) the bales of material to be stored are free from surface contamination, (3) the material is kept segregated from other cotton and covers in a manner satisfactory to the inspector, and (4) that waste is collected and disposed of in a manner satisfactory to the inspector.

(f) Entry of uncompressed lint, linters, and waste from Mexico may be authorized at ports named in the permit for exportation at ports within the generally infested pink bollworm regulated area or for transportation and exportation via rail to Canada under such conditions and over such routes as may be specified in the permit.

(Sec. 9, 37 Stat. 318; 7 U.S.C. 162. Interpret or apply secs. 5, 7, 37 Stat. 316, 317, as amended; 7 U.S.C. 159, 160)

The proposed amendments would adapt quarantine procedures to changes in commercial and regulatory practices that have taken place since the regulations were last revised. One situation that appears to warrant some of the proposed amendments involves the development of the port of Ensenada, in the State of Baja California, Mexico. Opening of this new port has resulted in changes in the method of transportation and exportation of Mexican cotton. Another amendment would recognize the extension to additional areas of cooperative United States-Mexican supervision of gins in the pink bollworm infested area of Mexico. Also, the frequent unavailability of all-water transportation from ports of entry in California to other ports makes it appear desirable that the quarantine be adjusted to allow surface transportation of imported cotton and covers under suitable safeguards. Another proposed amendment provides for storage of imported cotton in the north pending exportation, fumigation, or supervised utilization.

All persons who desire to submit written data, views, or arguments in connection with these proposals should file the same with the Director of the Plant Quarantine Division, Agricultural Research Service, U.S. Department of Agriculture, Washington 25, D.C., within 30 days after the date of the publication of this notice in the FEDERAL REGISTER.

Done at Washington, D.C., this 6th day of April 1962.

[SEAL] M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

19 CFR Part 74]

SCABIES IN SHEEP

Notice of Proposed Rule Making

Notice is hereby given in accordance with section 4 of the Administrative Procedure Act (5 U.S.C. 1003) that, pursuant to the provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, and the Act of March 3, 1905, as amended (21 U.S.C. 111-113, 115, 117, 120, 121, 123-126), it is proposed to amend § 74.3(a)(7) of Part 74, Subchapter C, Chapter I, Title 9, Code of Federal Regulations, to read as follows:

§ 74.3 Designation of eradication areas.

(a) * * *

(7) The following Counties in Michigan: Alcona, Alger, Alpena, Antrim, Baraga, Benzie, Charlevoix, Cheboygan, Chippewa, Crawford, Delta, Dickinson, Emmet, Gogebic, Grand Traverse, Houghton, Iron, Kalkaska, Keweenaw, Leelanau, Luce, Mackinac, Manistee, Marquette, Menominee, Missaukee, Montmorency, Ontonagon, Oscoda, Otsego, Presque Isle, Roscommon, Schoolcraft, and Wexford.

The proposed amendment would add nineteen additional Counties in the State of Michigan to the eradication areas since the cooperative sheep scabies eradication program is now being conducted in such counties.

Any person who wishes to submit written data, views, or arguments concerning the proposed amendment may do so by filing them with the Director, Animal Disease Eradication Division, Agricultural Research Service, United States Department of Agriculture, Washington 25, D.C., within 45 days after publication of this notice in the FEDERAL REGISTER.

Done at Washington, D.C., this 6th day of April 1962.

M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

[47 CFR Part 1]

[Docket No. 14507]

ESTABLISHMENT OF FEES FOR COMMISSION'S LICENSING AND REGULATORY ACTIVITIES

Order Extending Time for Filing Comments

The Commission has before it for consideration a request from the American Radio Relay League, Inc. to extend the time for filing comments in the above proceeding to May 16, 1962, and to extend the time for filing reply comments to June 16, 1962.

It appearing, that the American Radio Relay League, Inc. has more than 80,000 licensed amateur radio operators as members and that the League proposes to file substantive comments in this proceeding which will include comments forwarded to it by its members; and

It further appearing, that there is insufficient time to enable the members to submit their comments to the League and for the League to analyze them and prepare its comments for submission to the Commission by April 16, 1962; and

It further appearing, that the inclusion of the above-mentioned comments for consideration in this proceeding would be in the public interest;

It is ordered, This 6th day of April 1962, pursuant to section 0.322(b) of the Commission's Statement of Organization, Delegations of Authority and Other Information, That the time for filing comments in this proceeding is extended to May 16, 1962, and the time for filing reply comments is extended to June 16, 1962.

Released: April 9, 1962.

FEDERAL AVIATION AGENCY

[14 CFR Part 600]

[Airspace Docket No. 62-SO-6]

FEDERAL AIRWAY

Proposed Alteration

Pursuant to the authority delegated to me by the Administrator (14 CFR 409.-

13), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 600.1519 of the regulations of the Administrator, the substance of which is stated below.

Intermediate altitude VOR Federal airway No. 1519 is designated in part from the Cross City, Fla., VOR as a 16-mile wide airway via the intersection of the Cross City VOR 333° and the Tallahassee, Fla., VOR 090° True radials to the intersection of the Albany, Ga., VOR 152° and the Marianna, Fla., VOR 058° True radials; thence as a 10-mile wide airway to the Albany VOR.

The Federal Aviation Agency has under consideration alteration of this segment of Victor 1519. It is proposed to realign Victor 1519 from the Cross City VOR as a 16-mile wide airway via the intersection of the Cross City VOR 333° and the Tallahassee VOR 090° True radials to the intersection of the Albany VOR 153° and the Marianna VOR 058° True radials; thence as a 10-mile wide airway to the Albany VOR. This alteration would align this airway segment direct between Cross City and Albany.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Assistant Administrator, Southern Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, 52 Fairlie Street, Atlanta 3, Georgia. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room C-226, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C., on April 6, 1962.

CLIFFORD P. BURTON,
Acting Chief,
Airspace Utilization Division.

Notices

DEPARTMENT OF THE TREASURY

Office of the Secretary

[Dept. Circular; Public Debt Series No. 8-62]

3% PERCENT TREASURY BONDS OF 1968

Offering of Bonds

APRIL 9, 1962.

I. *Offering of bonds.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par and accrued interest, from the people of the United States for bonds of the United States, designated 3¾ percent Treasury Bonds of 1968. The amount of the offering under this circular is \$1,000,000,000, or thereabouts. In addition to the amount offered for public subscription, Secretary of the Treasury reserves the right to allot up to \$100,000,000 of these bonds to Government Investment Accounts. The books will be open only on April 9, 1962, for the receipt of subscriptions for this issue.

II. *Description of bonds.* 1. The bonds will be dated April 18, 1962, and will bear interest from that date at the rate of 3¾ percent per annum, payable on a semiannual basis on August 15, 1962, and thereafter on February 15 and August 15 in each year until the principal amount becomes payable. They will mature August 15, 1968, and will not be subject to call for redemption prior to maturity.

2. The income derived from the bonds is subject to all taxes imposed under the Internal Revenue Code of 1954. The bonds are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The bonds will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer bonds with interest coupons attached, and bonds registered as to principal and interest, will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Provision will be made for the interchange of bonds of different denominations and of coupon and registered bonds, and for the transfer of registered bonds, under rules and regulations prescribed by the Secretary of the Treasury.

5. The bonds will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States bonds.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington 25, D.C. Only the

Federal Reserve Banks and the Treasury Department are authorized to act as official agencies. Commercial banks, which for this purpose are defined as banks accepting demand deposits, may submit subscriptions for account of customers provided the names of the customers are set forth in such subscriptions. Others than commercial banks will not be permitted to enter subscriptions except for their own account. Subscriptions from commercial banks for their own account will be restricted in each case to an amount not exceeding 5 percent of the combined amount of time and savings deposits, including time certificates of deposit, or 25 percent of the combined capital, surplus and undivided profits, of the subscribing bank, whichever is greater. Subscriptions from banking institutions generally for their own account and from States, political subdivisions or instrumentalities thereof, public pension and retirement and other public funds, and dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, will be received without deposit. Subscriptions from all others must be accompanied by payment of 25 percent of the amount of bonds applied for, not subject to withdrawal until after allotment. Following allotment, any portion of the 25 percent payment in excess of 25 percent of the amount of bonds allotted may be released upon the request of the subscribers.

2. All subscribers are required to agree not to purchase or to sell, or to make any agreements with respect to the purchase or sale or other disposition of any bonds of this issue, until after midnight April 9, 1962.

3. Commercial banks in submitting subscriptions will be required to certify that they have no beneficial interest in any of the subscriptions they enter for the account of their customers, and that their customers have no beneficial interest in the banks' subscriptions for their own account.

4. The Secretary of the Treasury reserves the right to reject or reduce any subscription, to allot less than the amount of bonds applied for, and to make different percentage allotments to various classes of subscribers; and any action he may take in these respects shall be final. The basis of the allotment will be publicly announced, and allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment at par and accrued interest, if any, for bonds allotted hereunder must be made or completed on or before April 18, 1962, or on later allotment. In every case where payment is not so completed, the payment with application up to 25 percent of the amount of bonds allotted shall,

upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States. Any qualified depository will be permitted to make payment by credit in its Treasury Tax and Loan Account for bonds allotted to it for itself and its customers up to any amount for which it shall be qualified in excess of existing deposits, when so notified by the Federal Reserve Bank of its District.

V. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for bonds allotted, to make delivery of bonds on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive bonds.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[Order No. 2863]

DIRECTOR, BUREAU OF MINES

Delegation of Authority To Negotiate a Contract To Develop a Specialized Experimental Research System

APRIL 5, 1962.

SEC. 1. *Delegation.* The Director, Bureau of Mines is authorized, subject to the provisions of section 2 of this Order, to exercise the authority delegated by the Administrator of General Services to the Secretary of the Interior (24 F.R. 1921), to negotiate under section 302(c) (10) of the Federal Property and Administrative Services Act of 1949, as amended (41 U.S.C., 252 et seq.), a contract to develop a specialized experimental research system that will involve (1) making precise electrical measurements related to certain physical properties, (2) automatically logging the observations in digital form, (3) carrying out preliminary data reduction by on-line (real time) digital computer, and (4) controlling the sequence of observations automatically from the computer.

SEC. 2. *Exercise of authority.* The authority delegated by section 1 of this Order shall be exercised in accordance with the applicable limitations in the

Federal Property and Administrative Services Act of 1949, as amended, and in accordance with applicable policies, procedures and controls prescribed by the General Services Administration and the Department of the Interior. The authority delegated by this Order does not include authority to make advance payments under section 305 of the Act.

Sec. 3. Redlegation. The Director, Bureau of Mines may, in writing, redelegate or authorize redelegation of the authority granted in section 1 of this Order to a subordinate official or employee. The redelegation of this authority shall be published in the **FEDERAL REGISTER**.

DEPARTMENT OF COMMERCE

Maritime Administration

TRADE ROUTE NO. 15-B; U.S. GULF/ SOUTH AND EAST AFRICA

Notice of Conclusions and Determinations Regarding Essentiality and United States Flag Service Requirements

Notice is hereby given that on April 4, 1962, the Maritime Administrator, acting pursuant to section 211 of the Merchant Marine Act, 1936, as amended, found and determined the essentiality and United States flag service requirements of United States foreign Trade Route No. 15-B and ordered that the following conclusions and determinations reached by the Maritime Administrator with respect to said Trade Route be published in the **FEDERAL REGISTER**:

Trade Route No. 15-B as described below is affirmed as an essential foreign

trade route of the United States: Between United States Gulf ports (Key West to Mexican Border) and ports in South and East Africa from the southern border of Angola to Cape Guardafui in the Somali Republic, including the islands of Ascension and St. Helena in the South Atlantic and the Malagasy Republic and adjacent islands in the Indian Ocean not east of 60° East Longitude.

The following U.S. flag freight service and ship requirements are found and determined to be essential for operation on the route: United States flag sailing requirements for service on Trade Route No. 15-B are approximately two freighter sailings per month. For interim operation pending replacement thereof C-2 and Victory type freight ships are suitable for operation on the route.

Dated: April 4, 1962.

By order of the Maritime Administrator.

JAMES S. DAWSON, Jr.,
Secretary.

NUCLEAR DAMAGE RULE

Notice of Prehearing Conference

In the matter of the investigation of a tariff liability rule which absolves air carriers from liability for nuclear and radiation damage regardless of cause.

Notice is hereby given that a prehearing conference in the above-entitled matter is assigned to be held on May 1, 1962, at 10 a.m., e.d.s.t., in Room 911, Universal Building, Connecticut and Florida Avenues NW., Washington, D.C., before Examiner Milton H. Shapiro.

In order to facilitate conduct of the conference interested parties are instructed to submit to the examiner and other parties on or before April 20, 1962, (1) motions pertaining to the scope of the proceeding; (2) proposed statements of issues; (3) proposed stipulations; (4) requests for information; (5) statements of positions of parties; and (6) proposed procedural dates. Answers to motions should be submitted on or before April 27, 1962.

Dated at Washington, D.C., April 9, 1962.

[SEAL] FRANCIS W. BROWN,
Chief Examiner.

[Docket No. CP62-206]

**SOUTH TEXAS NATURAL GAS
GATHERING CO.****Notice of Application and Date of
Hearing**

APRIL 6, 1962.

Take notice that on February 28, 1962, South Texas Natural Gas Gathering Company (Applicant), Petroleum Tower, Corpus Christi, Tex., filed in Docket No. CP62-206 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of field facilities to enable Applicant to take into its certificated main pipeline system natural gas which will be purchased from producers in the general area of Applicant's existing transmission system from time to time during the calendar year 1962 at a total cost not to exceed \$500,000, with no single project to exceed a cost of \$50,000, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The purpose of this "budget-type" proposal is to augment Applicant's ability to act with reasonable dispatch in contracting for, and in connecting to its pipeline system, new supplies of natural gas adjacent to said system.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 9, 1962, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before April 30, 1962. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of intermediate decision procedure in cases where a request therefor is made.

JOSEPH H. GUTRIDE,
Secretary.[F.R. Doc. 62-3526; Filed, Apr. 11, 1962;

[Docket No. CP62-217]

TEXAS GAS TRANSMISSION CORP.**Notice of Application and Date of
Hearing**

APRIL 6, 1962.

Take notice that on March 16, 1962, Texas Gas Transmission Corporation (Applicant), P.O. Box 1160, Owensboro, Ky., filed in Docket No. CP62-217 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of field facilities to enable Applicant to take into its certificated main pipeline system natural gas which will be purchased from producers in the general area of Applicant's existing transmission system from time to time during the 12-month period commencing May 30, 1962, at a total cost not to exceed \$3,000,000, with no single project to exceed a cost of \$500,000, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The purpose of this "budget-type" proposal is to augment Applicant's ability to act with reasonable dispatch in securing by contract and connecting to its pipeline system new supplies of natural gas in various producing areas generally coextensive with said system.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 9, 1962, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application; *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before April 30, 1962. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of intermediate decision procedure in cases where a request therefor is made.

[Docket No. CP62-197]

ALABAMA-TENNESSEE NATURAL GAS CO.**Notice of Application and Date of Hearing**

APRIL 9, 1962.

Take notice that on February 20, 1962, Alabama-Tennessee Natural Gas Company (Applicant), P.O. Box 380, Florence, Ala., filed in Docket No. CP62-197 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the installation and operation of an additional 350 horsepower compressor unit on a standby basis in its Decatur Compressor Station in Limestone County, Alabama, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The application states that in the event of a breakdown of the existing single compressor unit in the Decatur Compressor Station, the proposed facilities will insure continuity of service for those customers of Applicant located east of the compressor station.

The application further states that no additional supply of natural gas is required and that no increase in the peak day deliverability of Applicant's system is contemplated by the installation of the subject facilities.

The proposed facilities are estimated to cost \$105,000, which will be financed from funds on hand or cash generated from internal sources.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 10, 1962, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before April 30, 1962. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the inter-

mediate decision procedure in cases where a request therefor is made.

[Docket No. CP62-44]

TEXAS EASTERN TRANSMISSION CORP. ET AL.**Notice of Application and Date of Hearing**

APRIL 9, 1962.

Texas Eastern Transmission Corporation and William E. Snee, Orville Eberly, Robert E. Eberly, and L. N. Murray, Docket No. CP62-44.

Take notice that on August 21, 1961, as supplemented on December 18, 1961, Texas Eastern Transmission Corporation (Texas Eastern), Memorial Professional Building, Houston 1, Tex., and William E. Snee, Orville Eberly, Robert E. Eberly and L. N. Murray (Snee, et al.) (sometimes hereinafter referred to jointly as Applicants) filed pursuant to section 7 of the Natural Gas Act a joint application for: (a) permission and approval for the abandonment by Snee, et al., of the sale of natural gas to Cumberland and Allegheny Gas Company (C & A) from Accident Field, Garrett County, Md.; (b) a certificate of public convenience and necessity authorizing Texas Eastern to acquire by purchase from Snee, et al., the latter's leasehold interests, together with appurtenant facilities, in the Accident Field; and (c) a certificate of public convenience and necessity authorizing the sale by Texas Eastern to C & A of up to 4,000,000 Mcf per year of natural gas from the Accident Field for a period ending May 1, 1964.

The subject proposals are more fully set forth in the joint application, as supplemented, on file with the Commission and open to public inspection.

The application shows that Snee, et al., presently sell gas from the Accident Field to C & A under contracts, dated September 13, 1953, and November 26, 1954. The application shows further that Texas Eastern desires to acquire the Accident Field for ultimate development as a gas storage field, which project will be the subject of a future application. The application indicates that, upon the consummation of the sale, Snee, et al., will abandon the sale of gas to C & A from the subject field, and Texas Eastern will commence the sale of natural gas to C & A in the same volumes and at the same price (27.5 cents per Mcf) as provided in the contracts between C & A and Snee, et al., for a period ending May 1, 1964. The maximum deliveries are to be no more than 4,000,000 Mcf per year. Texas Eastern and C & A have entered into an agreement for such service on such terms.

C & A states that it has agreed to such arrangement because it anticipates the development of other gas supply in acre-

age bordering the Accident Field and from other nearby sources.

Texas Eastern will pay \$11,006,000 as of January 1, 1961, for the interest of Snee, et al., in the Accident Field; this price will be reduced by an amount equivalent to the value of the gas sold to C & A between January 1, 1961, and the date of consummation of the subject transaction. Texas Eastern will finance the cost from cash on hand or from proceeds secured under revolving credit agreements with certain banks.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 10, 1962, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such joint application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before April 30, 1962. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

JOSEPH H. GUTRIDE,
Secretary.

[Docket No. CP62-95]

UNITED GAS PIPE LINE CO.**Notice of Application and Date of Hearing**

APRIL 9, 1962.

Take notice that on October 12, 1961, as supplemented on January 18, 1962, United Gas Pipe Line Company (Applicant), 1525 Fairfield Avenue, Shreveport, La., filed in Docket No. CP62-95 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of a side tap, positive sales meter station, 0.0047 mile of 2-inch pipe line, and appurtenant facilities on its 16-inch Latex-Beaumont pipeline in Shelby County, Texas, and the sale and delivery of natural gas to Farmers Natural Gas

Company (Farmers) for resale and distribution in and about Shelbyville, Texas, all as more fully set forth in the application, as supplemented, which is on file with the Commission and open to public inspection.

Farmers estimates the gas requirements of Shelbyville as follows:

	Volumes in Mcf	
	1st year	3d year
Annual requirements.....	11,951	13,619
Peak day requirements.....	161	169

Farmers proposes to construct and operate the necessary distribution system in Shelbyville, a regulator station, and approximately 5.5 miles of 2-inch pipeline to connect the distribution system to Applicant's main line. The estimated cost of Farmers' proposed project is \$44,950.

The cost of the facilities which Applicant proposes to construct is estimated to be \$2,851, to be financed from current working funds. The service to Farmers would be rendered under Applicant's presently effective rates on file with the Commission.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 10, 1962, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before April 30, 1962. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

JOSEPH H. GUTRIDE,
Secretary.

The public convenience and necessity require that these matters be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 8, 1962, at 9:30 a.m., e.d.s.t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such applications: *Provided, however*, That the Commission may after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before April 27, 1962. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made: *Provided, further*, If a protest, petition to intervene, or notice of intervention be timely filed

in any of the above dockets, the above hearing date as to that docket will be vacated and a new date for hearing will be fixed as provided in § 1.20(m) (2) of the rules of practice and procedure.

JOSEPH H. GUTRIDE,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-3842]

BLACK BEAR INDUSTRIES, INC.

Order Summarily Suspending Trading

APRIL 6, 1962.

In the matter of trading on the San Francisco Mining Exchange in the common stock, par value 15 cents a share of Black Bear Industries, Inc. (formerly Black Bear Consolidated Mining Co.), File No. 1-3842.

The common stock, par value 15 cents a share, of Black Bear Industries, Inc. (formerly Black Bear Consolidated Mining Co.) being listed and registered on the San Francisco Mining Exchange, a national securities exchange; and

The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on such Exchange and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion further that such suspension is necessary in order to prevent fraudulent, deceptive or manipulative acts or practices, with the result that it will be unlawful under section 15(c) (2) of the Securities Exchange Act of 1934 and the Commission's Rule 15c2-2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of such security, otherwise than on a national securities exchange;

It is ordered, Pursuant to section 19 (a) (4) of the Securities Exchange Act of 1934 that trading in said security on the San Francisco Mining Exchange be summarily suspended in order to prevent fraudulent, deceptive or manipulative acts or practices, this order to be effective for a period of ten (10) days, April 9, 1962, to April 18, 1962, both dates inclusive.

By the Commission.

[SEAL] ORVAL L. DuBOIS,
Secretary.

[File No. 2-13063]

HUBSHMAN FACTORS CORP.

Notice of Application for Exemption

APRIL 6, 1962.

Notice is hereby given that Hubshman Factors Corporation, a New York cor-

poration (applicant) has filed an application pursuant to Rule 15d-20 of the general rules and regulations under the Securities Exchange Act of 1934 (act) (17 CFR 240.15d-20) for an order exempting it from the operation of section 15(d) of the Act with respect to the duty to file any reports required by that Section and the rules and regulations thereunder.

Rule 15d-20 permits the Commission upon application and subject to appropriate terms and conditions, to exempt an issuer from the duty to file annual and other periodic reports if the Commission finds that all of the applicant's outstanding securities are held of record, as therein defined, that the number of such record holders does not exceed 50 persons and that the filing of such reports is not necessary in the public interest or for the protection of investors.

The Corporation in its application states that:

1. The Corporation had 480,000 shares of Class A stock outstanding, all of which are owned by Automatic Canteen Company except 3570 shares of treasury stock and 3357 shares owned by 24 stockholders.

2. Automatic Canteen Company also owns 100 percent of the outstanding Class B stock comprising 420,000 shares.

3. The filing by the Corporation of reports pursuant to section 15(d) of the Act and the rules and regulations thereunder is not necessary in the public interest or for the protection of its stockholders.

The Corporation in its application has undertaken that Automatic Canteen Company will furnish the 24 stockholders of Hubshman with an annual report issued by Automatic Canteen Company of America, containing a separate financial statement of Hubshman Factors certified to by an independent public accountant, consisting of a balance sheet and statement of income and retained earnings, or in the event that Automatic Canteen Company of America shall, at any time, in said annual report of Automatic Canteen Company of America, consolidate financial statements of Hubshman Factors with that of any other entity a separate financial report certified to by an independent public accountant, consisting of a balance sheet and a statement of income and retained earnings of Hubshman Factors Corporation will be furnished.

Notice is further given that an order granting the application upon such terms and conditions as the Commission may deem necessary or appropriate may be issued by the Commission at any time on or after April 23, 1962, unless prior thereto a hearing is ordered by the Commission. Any interested persons may not later than April 20, 1962, at 5:30 p.m., submit to the Commission in writing his views or any additional facts bearing upon the application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed Secretary, Securities and Exchange Commission, Washington 25, D.C., and should state briefly the nature of the interest of the person submitting such information or
