Title 3—THE PRESIDENT

Proclamation 3483

FIRE PREVENTION WEEK, 1962

By the President of the United States of America

A Proclamation

WHEREAS experience has revealed the great value of effective community fire prevention programs in conserving our national treasures of life and property; and

WHEREAS increased fire losses during the past year demand an immediate awareness on the part of the public of the need for, and value of, exercising greater care and responsibility in avoiding destructive fires and for participating in community fire prevention programs and related activities:

NOW, THEREFORE, I, JOHN F. KENNEDY, President of the United States of America, do hereby designate the week beginning October 7, 1962, as Fire Prevention Week.

I bid all citizens to join in actively promoting the fire prevention and control efforts of their respective community fire departments, and I especially invoke the wholehearted support of State and local governments, the Chamber of Commerce of the United States, the American National Red Cross, and other labor, business, farm, and professional organizations, as well as schools, civic groups, and public information agencies, in observing Fire Prevention Week and in enlisting the public as active participants in fire prevention efforts. I also direct the appropriate Federal agencies to assist in this effort to reduce the shameful waste caused by preventable fires.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this eighteenth day of July in the year of our Lord nineteen hundred and sixty-two,
[SEAL] and of the Independence of the United States of America the one hundred and eighty-seventh.

JOHN F. KENNEDY

By the President:

DEAN RUSK,
Secretary of State.

Subpart—1962 Crop Peanut Price Support Program

Correction

In F.R. Doc. 62-6812, appearing at page 6583 of the issue for Thursday, July 12, 1962, the following corrections are made:

1. Section 446.1425(i) should read as follows:

(1) Section 446.1426(i) should read as producer may be set off against any payment which would otherwise be due the producer under any agricultural program administered by the Secretary of Agriculture or any other payments which are due or may become due the producer from CCC or any other agency of the United States.

2. In the tabular matter of § 446.1434 (d) (2), third line, "Southwest Spanish Type—0.07" should read "Southeast Spanish Type—0.07".

Title 7—AGRICULTURE

Subtitle A—Office of the Secretary of Agriculture

[Amdt. 3]

PART 7—AGRICULTURAL STABILIZATION AND CONSERVATION COMMITTEES

Subpart—Selection and Functions of Agricultural Stabilization and Conservation County and Community Committees

By virtue of the authority vested in the Secretary of Agriculture by the Soil Conservation and Domestic Allotment Act of 1936, as amended, the regulations in this subpart published in the FEDERAL REGISTER of March 23, 1961 (26 F.R. 2451), June 22, 1961 (26 F.R. 5555),

and April 25, 1962 (27 F.R. 3911) are amended to reduce the period from 90 to 30 days for filing notice of appeal from removal from office or employment or disqualification for future office or employment. The regulations in this subpart are, therefore, amended as follows:

1. In § 7.30 the last sentence is amended to read, "Notice of such appeals must be filed within 30 days of the date the notice of removal, disqualification, or decision is mailed to any such person."

(Sec. 4, 49 Stat. 164, as amended; 16 U.S.C. 590d. Interpret or apply sec. 8, 49 Stat. 1149, as amended; 16 U.S.C. 590h)

Effective on publication in the FEDERAL REGISTER.

Signed at Washington, D.C., on July 18, 1962.

ORVILLE L. FREEMAN,
Secretary.

Chapter I—Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 27—COTTON CLASSIFICATION UNDER COTTON FUTURES LEGISLATION

Phoenix, Arizona, Designated as Bona Fide Spot Cotton Market

On June 27, 1962, a notice of rule making was published in the FEDERAL REGISTER (27 F.R. 6047) regarding the proposed amendment of § 27.93 of the Regulations for Cotton Classification under Cotton Futures Legislation to designate Phoenix, Arizona as a bona fide spot cotton market.

After consideration of all relevant matters presented, § 27.93 of said regulations is hereby amended to read as follows, pursuant to authority contained in sections 4862 and 4863 of the Internal Revenue Code of 1954 (68A Stat. 581, 582; 26 U.S.C. 4862, 4863):

§ 27.93. Bona fide spot markets.

The following markets have been determined, after investigation, and are hereby designated to be bona fide spot markets within the meaning of the act:

Atlanta, Ga.	Houston, Tex.
Augusta, Ga.	Little Rock, Ark.
Charleston, S.C.	Lubbock, Tex.
Dallas, Tex.	Memphis, Tenn.
Fresno, Calif.	Montgomery, Ala.
Galveston, Tex.	New Orleans, La.
Greenville, S.C.	Phoenix, Ariz.
Greenwood, Miss.	

(Secs. 4862, 4863, 68A Stat. 581, 582; 26 U.S.C. 4862, 4863)

Effective date. The foregoing amendment shall become effective August 1, 1962. The notice of rule making published in the FEDERAL REGISTER (27 F.R. 6047) proposed that the amendment would be made effective August 1, 1962. No objections to this proposed effective date were received. The Phoenix, Arizona Cotton Exchange has already made

arrangements to furnish cotton price quotations to the Department. These quotations will be published and disseminated by the Department resulting in benefits to cotton producers, buyers, and others handling cotton from this large cotton producing area. It is important that publication of these quotations begin on August 1, 1962, as this is the beginning of the 1962 cotton marketing year. Therefore, under section 4 of the Administrative Procedure Act (5 U.S.C. 1003) good cause is found for making the amendment effective less than 30 days after publication in the *FEDERAL REGISTER*.

Dated: July 17, 1962.

G. R. GRANGE,
Deputy Administrator,
Marketing Services.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Valencia Orange Reg. 22]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

§ 908.322 Valencia Orange Regulation 22.

(a) *Findings*. (1) Pursuant to the marketing agreement and Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said marketing agreement and order, as amended, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the *FEDERAL REGISTER* (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an op-

portunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on July 19, 1962.

(b) *Order*. (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a.m., P.s.t., July 22, 1962, and ending at 12:01 a.m., P.s.t., July 29, 1962, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
 - (ii) District 2: 450,000 cartons;
 - (iii) District 3: Unlimited movement.
- (2) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said marketing agreement and order, as amended.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: July 20, 1962.

Deputy Director, Fruit and
Vegetable Division, Agricultural
Marketing Service.

[Lemon Reg. 31]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.331 Lemon Regulation 31.

(a) *Findings*. (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the *FEDERAL REGISTER* (5 U.S.C.

1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on July 17, 1962.

(b) *Order*. (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period beginning at 12:01 a.m., P.s.t., July 22, 1962, and ending at 12:01 a.m., P.s.t., July 29, 1962, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
 - (ii) District 2: 325,500 cartons;
 - (iii) District 3: Unlimited movement.
- (2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

[Lime Order 3, Amdt. 1]

PART 911—LIMES GROWN IN FLORIDA

Quality and Size

(a) *Finding*. (1) Pursuant to the marketing agreement, as amended, and Order No. 911, as amended (7 CFR Part 911), regulating the handling of limes grown in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations of the

Florida Lime Administrative Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of limes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public-rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) in that the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than July 23, 1962. Shipments of Florida limes are currently regulated pursuant to Lime Regulation 3 (27 F.R. 6491) and, unless sooner terminated, will continue to be so regulated until April 30, 1963; determinations as to the need for, and extent of, continued regulation of Florida lime shipments must await the development of the crop and the availability of information on the demand for such fruit; the recommendations and supporting information for regulation of lime shipments subsequent to July 23, 1962, and in the manner herein provided, were promptly submitted to the Department after an open meeting of the Florida Lime Administrative Committee on July 17, 1962, held to consider recommendations for regulation; the provisions of this amendment are identical with the aforesaid recommendations of the committee, and information concerning such provisions has been disseminated among handlers of Florida limes; it is necessary, in order to effectuate the declared policy of the act, to make this amendment effective as hereinafter set forth; and compliance with this amendment will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

(b) It is, therefore, ordered that the provisions of paragraph (b) (2) (ii) of § 911.304 (Lime Order 3; 27 F.R. 6491) are hereby amended to read as follows:

(ii) Any limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) which do not grade at least U.S. No. 1, Mixed Color; or

(c) The provisions of this amendment shall become effective at 12:01 a.m., e.s.t., July 23, 1962.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: July 18, 1962.

[Lime Reg. No. 1, Amdt. 2]

PART 944—FRUITS; IMPORT REGULATIONS

Limes

Pursuant to the provisions of section 8e of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), the provisions of paragraph (a) of § 944.200 (Lime Regulation 1; 27 F.R. 3797, 5734) are hereby amended to read as follows:

(a) On and after 12:01 a.m., e.s.t., July 26, 1962, the importation into the United States of any limes is prohibited unless such limes are inspected and meet the following requirements:

(1) Such limes of the group known as true limes (also known as Mexican, West Indian, and Key limes and by other synonyms) meet the requirements of at least U.S. No. 2 grade for Persian (Tahiti) limes, except as to color;

(2) Such limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) grade at least U.S. No. 1, Mixed Color; and

(3) Such limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) are of a size not smaller than 1 7/8 inches in diameter; *Provided*, That not to exceed 10 percent, by count, of the limes in any container may fail to meet this requirement.

It is hereby found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective time of this amendment beyond that hereinafter specified (5 U.S.C. 1001-1011) in that (a) the requirements of this amended import regulation are imposed pursuant to section 8e of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), which makes such regulation mandatory; (b) such regulation imposes the same restrictions being made applicable to domestic shipments of limes under Amendment 1 to Lime Regulation 3 (§ 911.304), which becomes effective July 23, 1962; (c) compliance with this amended import regulation will not require any special preparation which cannot be completed by the effective time hereof; (d) notice hereof in excess of 3 days, the minimum that is prescribed by said section 8e, is given with respect to such regulation; and (e) such notice is hereby determined, under the circumstances, to be reasonable.

PART 958—ONIONS GROWN IN CERTAIN DESIGNATED COUNTIES IN IDAHO AND MALHEUR COUNTY, OREG.

Limitation of Shipments

Findings. (a) Pursuant to Marketing Agreement No. 130 and Order No. 958 (7 CFR Part 958), regulating the handling of onions grown in the production area defined therein, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of recommendations and information submitted by the Idaho-Eastern Oregon Onion Committee, established pursuant to the said marketing agreement and order, and other available information, it is hereby found that the limitation of shipments hereinafter set forth, will tend to maintain orderly marketing conditions and increase returns to producers.

(b) It is hereby found that it is impracticable and contrary to the public interest to give preliminary notice, and engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 1001-1011) in that (1) shipments of 1962 crop onions grown in the production area will begin on or about the effective date specified herein, (2) to maximize benefits to producers, this regulation should apply to all such shipments during the effective period, (3) producers and handlers have operated under this marketing order program since 1957, so special preparation on the part of handlers is not required, and (4) information regarding the committee's recommendation has been made available to producers and handlers in the production area.

§ 958.307 Limitation of shipments.

During the period from July 23, 1962, through June 30, 1963, no person shall handle any lot of onions unless such onions meet the requirements of paragraph (a) of this section, or unless such onions are handled in accordance with paragraphs (b) or (c) of this section.

(a) *Minimum grade and size requirements.*—(1) *Grade.* All varieties—U.S. No. 2 grade.

(2) *Size.* Yellow varieties—2 inches minimum diameter.

(b) *Special purpose shipments.* The minimum grade and size requirements set forth in paragraph (a) of this section and the inspection and assessment requirements of this part shall not be applicable to shipments of onions for any of the following purposes:

- (1) Planting;
- (2) Livestock feed; and
- (3) Charity.

(c) *Minimum quantity exception.* Each handler may ship up to, but not to exceed, one ton of onions any day without regard to the inspection and assessment requirements of this part, but this exception shall not apply to any portion of a shipment that exceeds one ton of onions.

(d) *Definitions.* The term "U.S. No. 2" shall have the same meaning as when

used in the United States Standards for Onions (§§ 51.2830 to 51.2850 of this title). Other terms used in this section shall have the same meaning as when used in Marketing Agreement No. 130 and this part.

Title 12—BANKS AND BANKING

Chapter I—Bureau of the Comptroller of the Currency, Department of the Treasury

PART 1—INVESTMENT SECURITIES REGULATION

Eligibility of Specific Bond Issues for Purchase by National Banks

Part 1, Chapter I, Title 12, of the Code of Federal Regulations of the United States of America is hereby amended by adding new § 1.13 as follows:

§ 1.13 The Music Center Lease Company, Los Angeles, California.

(a) *Request.* (1) The Comptroller of the Currency has been asked to rule on the eligibility of \$13,730,000 Leasehold Mortgage Bonds of The Music Center Lease Company, Los Angeles, California, for investment by national banks under the provisions of Paragraph Seventh, 12 U.S.C. 24.

(b) *Opinion.* (1) The Music Center Lease Company is a nonprofit corporation acting for Los Angeles County and is not a municipal authority. Its property, assets, profits and net revenues are irrevocably dedicated to Los Angeles County except that all of its net revenues will be used first to discharge its bonds, debentures or other evidences of indebtedness.

(2) The County of Los Angeles owns certain property in the Civic Center Area of downtown Los Angeles which it has leased to The Music Center Lease Company for a period of 30 years. The Lease Company will construct, in accordance with plans and specifications furnished by the County, a pavilion and related facilities which it will lease to the County for a period of 30 years. The pavilion and facilities are for the use of the public as an auditorium, opera house, music hall and center. The cost of construction is estimated to be about \$18,850,000. The Lease Company proposes to issue \$13,730,000 in Leasehold Mortgage Bonds to finance the construction of the pavilion and facilities. It is expected that contributions estimated at \$6,000,000 will provide the remainder of the financing. The bonds will have serial maturities beginning with \$300,000 due in 1965 and gradually increasing to

\$825,000 in 1991, the final maturity. These bonds have not been publicly offered but will be sold on a private placement basis. There has been no registration with the Securities and Exchange Commission. Internal Revenue Service has ruled that the interest on these bonds is exempt from Federal taxes.

(3) The basic security supporting the bonds is the lease to the County for the use of the pavilion. The pavilion is expected to be completed by November 1, 1964. Upon completion, the County will begin to make payments in the amount of \$845,000 per year. These payments should be sufficient to cover the principal and interest on the bonds until their maturity. The bonds are further secured by all buildings, improvements, machinery, etc., constructed on or placed on the land which is involved.

(4) These securities are not exempt from the limitations and restrictions of 12 U.S.C. 24. They are not special revenue obligations of a state, municipal government, or duly constituted authority thereof, and thus do not fall within the exception for such securities contained in § 1.2(c). They must, therefore, meet the requirements contained in either paragraph (a) or (b) of § 1.2 in order to be eligible to be purchased for investment by national banks.

(5) Paragraph (a) of § 1.2 provides that in order to constitute an "investment security" within the meaning of Paragraph Seventh, 12 U.S.C. 24, the security must be a marketable obligation, saleable under ordinary circumstances with reasonable promptness at a fair value and, (1) a public distribution of such securities must have been provided for or made in a manner to protect or insure the marketability of the issue; or (ii) other existing securities of the obligor must have such a public distribution as to protect or insure the marketability of the issue under consideration.

(6) Paragraph (b) of § 1.2 provides that in the case of securities which do not meet the requirements of paragraph (a) of § 1.2 but which are issued by established commercial or industrial businesses or enterprises that can demonstrate the ability to service such securities, the debt evidenced thereby must mature not later than ten years after date of issuance, be sound and secure, and 75 percent of the principal must be extinguished by maturity date by substantial periodic payments.

(7) The securities under consideration will be sold on a private placement basis; there will be no public distribution. There are no other obligations of the issuer. The issuer cannot be considered to be an established commercial enterprise. Although it probably can demonstrate ability to service the debt which will be amortized to maturity, the final maturity in 1991, exceeds the maximum of ten years permissible under § 1.2(b).

(c) *Ruling.* We conclude that the subject bonds fail to meet the requirements of this part and accordingly are not "investment securities" within the meaning of 12 U.S.C. 24 and are not

eligible for investment by national banks. There is, however, no legal prohibition against their being accepted by national banks as collateral for loans.

Dated: July 17, 1962.

Comptroller of the Currency.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Agency

[Regulatory Docket No. 1293; Supp. 14]

PART 20—PILOT AND INSTRUCTOR CERTIFICATES

Class Ratings on Multijet Airplanes With Engines in Fuselage

Section 20.120-2 of the manual material related to Part 20 of the Civil Air Regulations expresses a policy of the Administrator to the effect that an airplane with multiple jet engines in the fuselage or wing roots will be considered as an "airplane single-engine land (or sea)" for the purpose of issuing aircraft ratings under § 20.120. This restriction applied to the issuance of aircraft ratings to applicants seeking certificates or ratings on the basis of military competence obtained in such airplanes. It was adopted because there were no civil airplanes having a multiengine center-thrust configuration similar to the military for which a comparable multiengine rating could be issued. Moreover, experience obtained in such airplanes was not considered adequate for an unrestricted multiengine rating because the failure of one engine of such airplanes does not require the use of multiengine flight control techniques to maintain control of the airplane.

Civil airplanes having multiple engines in center-thrust configuration have been certificated recently. Therefore, the policy expressed by § 20.120-2 is obsolete and is hereby deleted to permit the issuance of a multiengine rating with appropriate restrictions to applicants whose multiengine qualifications are limited to airplanes having a multiengine center-thrust configuration.

Since this regulatory action relieves a restriction and imposes no additional burden on any person, notice and public procedure hereon are unnecessary, and it may be made effective on less than 30 days' notice.

In consideration of the foregoing, Part 20 of the Civil Air Regulations (14 CFR Part 20) is hereby amended by deleting § 20.120-2, effective July 21, 1962.

(Secs. 313(a), 601, 602; 72 Stat. 752, 775, 776; 49 U.S.C. 1354, 1421, 1422)

**PART 46—SCHEDULED AIR CARRIER
HELICOPTER CERTIFICATION AND
OPERATION RULES****Flight Crewmember Qualifications**

The Federal Aviation Agency published as a notice of proposed rule making (26 F.R. 8464) and circulated as Civil Air Regulations Draft Release No. 61-18 dated August 31, 1961, a proposal to amend Part 46 of the Civil Air Regulations with respect to the recency of experience required for helicopter pilots and the maintenance of pilot route and heliport qualifications.

Written comments were received from interested groups both endorsing and opposing the proposal. The Air Transport Association was strongly in favor of the proposal and recommended immediate implementation. The Air Line Pilots Association, however, opposed any relaxing of the requirements and firmly recommended more stringent requirements for pilot route qualification when serving in night operations.

Draft Release 61-18 proposed to extend the present 30-day recency of experience provision to 90 days. When Part 46 was originally adopted, the 30-day recency of experience provision was considered essential to safety since helicopter air transportation was a new industry without any appreciable background of experience to draw upon. However, since that time, acceptable operating practices have been developed, training programs have been established, and additional helicopter experience has been gained.

Helicopter operations are primarily short-haul operations requiring a great many takeoffs and landings. These numerous takeoffs and landings provide the pilot with a wide variation of operational experience. They also serve to develop to a very high degree the particular skills and techniques which are necessary to accomplish these maneuvers. It is reasonable to assume, therefore, that these highly developed skills and techniques will not deteriorate to an unsatisfactory degree if not utilized during a time interval as short as 90 days. In addition, this extension of time for pilot recency of experience will bring Part 46 in line with Parts 40, 41, and 42 in that these parts require a minimum of 3 takeoffs and landings in each 90-day period to maintain pilot recency of experience requirements.

The draft release also proposed to relax the existing provisions contained in § 46.301 by requiring that only pilots in command accomplish simulated one-engine-inoperative landings periodically. After due consideration of this proposal and in light of the comments received, it has been determined that an adequate level of safety can only be maintained if all pilots scheduled to serve in helicopter air transportation periodically accomplish simulated one-engine-inoperative landings. Helicopter operations are normally conducted at relatively low altitudes. As a result of this type of operation, the time interval for executing an engine-inoperative landing is very limited.

This very limited time interval dictates that both of the pilots in two-pilot crews be proficient in executing this emergency maneuver since the two-pilot-crew concept has developed the acceptable practice of alternating pilot duties other than the function of command. Furthermore, it is imperative that the pilot serving as second in command on helicopters requiring two pilots be qualified to assume command of the helicopter in the event of sudden incapacitation of the pilot in command. As defined in Part 7 of the Civil Air Regulations, Rotorcraft Airworthiness; Transport Categories, "An autorotative landing is any landing of a rotorcraft in which the entire maneuver is accomplished without the application of power to the rotor." In the case of single-engine helicopters, the loss of operation of the engine results in an autorotative landing, but in the case of multiengine helicopters, the loss of operation of one engine does not result in an autorotative landing. However, in both single-engine and multiengine helicopters, the autorotative or one-engine-inoperative landing is an emergency maneuver which requires periodic practice to retain pilot proficiency. In view of the above, it is determined essential to safety to require any pilot scheduled by an air carrier to serve as a pilot in helicopter air transportation to accomplish at least 2 simulated one-engine-inoperative or autorotative landings every 90 days.

Relative to the proposal contained in the draft release to relax the existing requirement for a simulated one-engine-inoperative landing at night, it has been determined that safety would be impaired if such a proposal were adopted. As stated above, helicopter operations are normally conducted at low altitudes. At night, at these low altitudes, it becomes more difficult to distinguish terrain features and judge distance accurately against a background of both stationary and moving surface lights. Furthermore, although some of the heliports are illuminated with lighting specifically designed for heliports, other lights in the vicinity may distort the lighting contrast and produce indefinite silhouettes of the surrounding buildings in close proximity to the helicopter on its final approach and landing. Therefore, unless a pilot has had recent helicopter night landing experience, this distortion of light contrast and lack of clearly defined terrain features may impair his judgment of distance and may affect his depth perception, thus making a one-engine-inoperative or autorotative landing at night most difficult. Accordingly, pilots engaged in helicopter operations at night should be experienced in performing this emergency maneuver at night. In view of the above and in conjunction with comments received, it is determined to be in the interest of safety to continue the present requirement that at least one of the 2 one-engine-inoperative or autorotative landings required each 90 days be performed during the hours of darkness if the pilot is scheduled to fly in night helicopter air transportation.

It was determined that the phrase "within the preceding 90 days" contained in § 46.303(c) was unnecessary because of the requirement in § 46.304 that a pilot who has been absent from a route or a heliport on the route for a period in excess of 3 months must comply with all the provisions of § 46.303(c) before acting as pilot in command on that route. Therefore, the phrase is being deleted.

The 30-day requirement presently contained in § 46.304(b) is being changed to 3 months to conform with the original route and heliport qualifications inasmuch as the maintenance of these qualifications should not be more stringent than the original qualifications. The present rule requires that all pilots serving in night operations maintain or reestablish route and heliport qualifications during daylight hours. While it was proposed to relax this requirement so as to be applicable only in the case of passenger-carrying operations, such a requirement is also considered essential to safety for all night operations. Obstructions, and changes occurring to such obstructions, along the route and on the approaches to heliports on the route are equally important to all helicopter pilots serving as pilot in command in all night operations. These obstructions and any changes occurring thereto can best be observed during daylight hours. Accordingly, a periodic daylight flight will insure that each pilot in command serving in night operations is continually familiar with the location and size of such obstructions. In view of the above and in consideration of the comments received, each pilot utilized as pilot in command in night operations will be required to make at least one trip during daylight hours every 3 months as pilot or other member of a flight crew between terminals into which he is scheduled to fly.

Interested persons have been afforded an opportunity to participate in the making of this regulation (26 F.R. 8464), and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, Part 46 of the Civil Air Regulations (14 CFR Part 46, as amended) is hereby amended as follows, effective August 21, 1962:

1. By amending § 46.301 to read as follows:

§ 46.301 Pilot recent experience.

No air carrier shall schedule a pilot to serve as a pilot in scheduled air transportation unless within the preceding 90 days he has made at least 3 takeoffs and at least 3 landings in a helicopter of the particular type on which he is to serve; 2 of these landings shall be made from approaches with a simulated one-engine-inoperative condition in multiengine helicopters, or, in autorotation in single-engine helicopters; and, if the pilot is scheduled to serve in night air transportation, at least 1 of the 2 simulated one-engine-inoperative or autorotative landings shall have been made during hours of darkness.

2. By amending § 46.303(c) to read as follows:

§ 46.303 Pilot route and heliport qualification requirements.

(c) Each such pilot shall make an entry as a member of the flight crew at each heliport into which he is to fly. The entry shall include a landing and takeoff under day HVR weather conditions to permit the qualifying pilot to observe the heliport, surrounding terrain, and any obstructions to landings and takeoffs. The qualifying pilot shall occupy a seat in the pilot compartment and shall be accompanied by a pilot qualified at the heliport.

3. By amending § 46.304 to read as follows:

§ 46.304 Maintenance and reestablishment of pilot route and heliport qualifications for particular trips.

(a) To maintain pilot route and heliport qualifications, each pilot being utilized as pilot in command shall have made, within the preceding 3-month period, at least one trip, as pilot or other member of a flight crew, between the terminals into which he is scheduled to fly. In order to maintain qualification for night operations, this trip must have been made during the hours of daylight.

(b) In order to reestablish pilot route and heliport qualifications after absence from a route or a heliport thereon for a period in excess of 3 months, a pilot shall comply with the provisions of § 46.303. (Secs. 313(a), 601, 604, 605; 72 Stat. 752, 775, 778; 49 U.S.C. 1354, 1421, 1424, 1425)

In the Matter of Hans Bros., Inc., a Corporation, and Max Hans and Harry Hans, Individually and as Officers of Said Corporation and Jack Hans, Individually and as Office Manager of the Said Corporation

Order requiring New York City furriers to cease violating the Fur Products Labeling Act by failing to disclose on labels and invoices the names of animals producing the fur in certain fur products; failing to disclose on invoices the country of origin of imported furs; setting forth on invoices the name of an animal other than that which produced a fur, such as "lynx-dyed fox"; and furnishing false guarantees that certain of their fur products were not misbranded, falsely invoiced, or falsely advertised.

The order to cease and desist is as follows:

It is ordered, That Hans Bros., Inc., a corporation, and Max Hans and Harry Hans, individually and as officers of said corporation, and Jack Hans, individually and as office manager of the said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction, manufacture for introduction, or the sale, advertising or offering for sale in commerce, or the transportation or distribution in commerce of fur products or in connection with the sale, manufacture for sale, advertising, offering for sale, transportation or distribution of fur products which have been made in whole or in part of fur which has been shipped and received in commerce as "commerce", "fur" and "fur product" are defined in the Fur Products Labeling Act do forthwith cease and desist from:

1. Misbranding fur products by:

A. Failing to affix labels to fur products showing in words and figures plainly legible all the information required to be disclosed by each of the subsections of section 4(2) of the Fur Products Labeling Act.

2. Falsely or deceptively invoicing fur products by:

A. Failing to furnish to purchasers of fur products invoices showing all the information required to be disclosed by each of the subsections of section 5(b)(1) of the Fur Products Labeling Act.

B. Setting forth on invoices pertaining to fur products the name or names of any animal or animals other than the name of the animal producing the fur contained in the fur product as specified in the Fur Products Name Guide and as prescribed under the rules and regulations.

3. Furnishing false guarantees that fur or fur products are not misbranded, falsely advertised or falsely invoiced under the provisions of the Fur Products Labeling Act, when there is reason to believe that such fur or fur products so falsely guaranteed may be introduced into or sold, transported or distributed in commerce.

By "Decision of the Commission", etc., report of compliance was required as follows:

4. Representing that by purchasing their freezer-food plan purchasers can purchase their food requirements and a freezer for the same or less money than they have been paying for food alone;
5. Representing that purchasers of their freezer-food plan can save enough money on the purchase of food to pay for a freezer;
6. Misrepresenting in any manner the savings realized by respondents' customers;
7. Representing, by failure to disclose or otherwise, that purchasers' installment contracts are financed or carried by respondents or that they will not be

sold or discounted to others, when respondents themselves do not finance or carry such contracts, or when respondents sell or discount such contracts to others;

8. Obtaining purchasers' signatures on sales contracts which contracts do not at that time contain all of the terms or conditions of sale.

It is further ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

Issued: March 13, 1962.

By the Commission.

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Further Extensions of Effective Date of Statute

The Commissioner of Food and Drugs, pursuant to the authority provided in Public Law 87-19 (75 Stat. 42) and delegated to him by the Secretary of Health, Education, and Welfare (25 F.R. 8625), hereby orders that § 120.37 of the pesticide regulations be amended by changing the items listed to read as follows:

§ 120.37 Further extensions of effective date of Public Law 86-139 as it affects section 408 of the Federal Food, Drug, and Cosmetic Act.

* * * * *

Product	Specified uses or restrictions	Effective date of statute extended to—

Sodium chlorate with added sodium metaborate.	On rice and sorghum (milo) as a desiccant.....	July 1, 1963
Sodium salt of beta-naphthoxyacetic acid.....	On pineapples to delay maturation.....	July 1, 1963
2,4,5-Trichlorophenoxyacetic acid or its butyl ester.	On grapefruit to increase size and control fruit drop..	Do.
* * *	* * *	* * *

Notice and public procedure and delayed effective date are not necessary prerequisites to the promulgation of this order, and I so find, since extensions of time under certain conditions, for the effective date of the Mematocide, Plant Regulator, Defoliant, and Desiccant Amendment as it affects section 408 of the Federal Food, Drug, and Cosmetic Act were contemplated as a relief of restrictions on the agricultural industry.

Effective date. This order shall be effective on the date of signature.

PART 121—FOOD ADDITIVES

Subpart A—Definitions and Procedural and Interpretative Regulations

FURTHER EXTENSION OF EFFECTIVE DATE OF STATUTE FOR CERTAIN SPECIFIED FOOD ADDITIVES

The Commissioner of Food and Drugs, pursuant to the authority provided in the Federal Food, Drug, and Cosmetic Act (sec. 6(c), Public Law 87-19; 72 Stat. 1788, as amended 75 Stat. 42; 21 U.S.C., note under sec. 342) and delegated to him by the Secretary of Health,

Education, and Welfare (25 F.R. 8625), hereby orders that § 121.91 of the food additive regulations (21 CFR 121.91) be amended as set forth below:

1. Section 121.91 is amended by changing the items listed to read as set forth below and by deleting the item "Pigment yellow 35 * * *" (26 F.R. 8508) because this is now combined with "Cadmium zinc sulfide * * *".

PART 121—FOOD ADDITIVES

Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

SLIMICIDES

The Commissioner of Food and Drugs, having evaluated the data submitted in a petition filed by Onyx Chemical Corporation, 190 Warren Street, Jersey City 2, New Jersey, and other relevant material, has concluded that § 121.2505 of the food additive regulations should be amended as hereinafter provided, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409 (c) (1), 72 Stat. 1786; 21 U.S.C. 348(c) (1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (25 F.R. 8625).

Paragraph (c) is amended by changing the item "N-Alkyl (C₁₂-C₁₈) dimethylbenzyl ammonium chloride" in the tabulation to read "n-Alkyl (C₁₂-C₁₈) dimethyl benzyl ammonium chloride."

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. This order shall be effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 409(c) (1), 72 Stat. 1786; 21 U.S.C. 348(c) (1))

Dated: July 17, 1962.

Title 36—PARKS, FORESTS, AND MEMORIALS

Chapter II—Forest Service, Department of Agriculture

PART 271—USE OF "SMOKEY BEAR" SYMBOL

Part 271, Chapter II of Title 36 of the Code of Federal Regulations is revised to read as follows:

Sec.
271.1 Definitions.
271.2 Use of official campaign materials.

- Sec.
271.3 Public service use.
271.4 Commercial license.
271.5 Unauthorized use.
271.6 Review of licenses.
271.7 Power to revoke.
271.8 Consultation with Association of State Foresters and the Advertising Council

AUTHORITY: §§271.1 to 271.8 issued under 66 Stat. 92, 18 U.S.C. 711.

§ 271.1 Definitions.

(a) The term "Smokey Bear" as used in the regulations in this part means the character "Smokey Bear" originated by the Forest Service of the United States Department of Agriculture in cooperation with the Association of State Foresters and The Advertising Council, or any facsimile thereof, or the name "Smokey Bear," or any name or designation sufficiently similar as to suggest the character "Smokey Bear".

(b) The term "Chief" means the Chief of the Forest Service, United States Department of Agriculture, or person designated to act for him.

(c) The term "Association of State Foresters" means the national organization of State Foresters.

(d) The term "The Advertising Council" is the Advertising Council, Inc., organized under the laws of the State of New York.

§ 271.2 Use of official campaign materials.

Official Cooperative Forest Fire Prevention materials may be used without express approval where such use is solely for the purpose of increasing public information regarding forest fire prevention.

§ 271.3 Public service use.

The Chief may authorize the use of "Smokey Bear" for non-commercial educational purposes, without charge, when such use is essentially as a public service, and will, in his judgment, contribute to public information and education concerning the prevention of forest fires.

§ 271.4 Commercial license.

(a) The Chief may authorize the commercial manufacture, importation, reproduction, or use of "Smokey Bear" upon the following findings:

(1) That the use to which the article or published material involving Smokey Bear is to be put shall contribute to public information concerning the prevention of forest fires.

(2) That the proposed use is consistent with the status of Smokey Bear as the symbol of forest fire prevention and does not in any way detract from such status.

(3) That a use or royalty charge which is reasonably related to the commercial enterprise has been established.

(b) Such other conditions shall be included as the Chief deems necessary in particular cases.

§ 271.5 Unauthorized use.

The manufacture, importation, reproduction or use of "Smokey Bear," except as provided under §§ 271.2, 271.3, or 271.4, is unauthorized.

§ 271.6 Review of licenses.

The Chief will cooperate with the Association of State Foresters and the

Advertising Council, and for this purpose may review with these organizations from time to time the nature and status of licenses granted under these regulations in this part.

§ 271.7 Power to revoke.

It is the intention of the regulations in this part that the Chief, in exercising the authorities delegated hereunder, will at all times consider the primary purpose of fostering public information in the prevention of forest fires. All authorities and licenses granted under the regulations in this part shall be subject to abrogation by the Chief at any time he finds that the use involved is injurious to the purpose of forest fire prevention, is offensive to decency or good taste, or for similar reasons in addition to any other limitations and terms contained in the licenses.

§ 271.8 Consultation with Association of State Foresters and the Advertising Council.

These regulations in this part have been issued after consultation with the Association of State Foresters and the Advertising Council.

It is the purpose of this change in the regulations to prevent the importation of unauthorized Smokey Bear items manufactured or reproduced outside the United States. It is, therefore, to the benefit of authorized Smokey Bear licenses and to the public that these regulations be made effective at the earliest practicable date. Accordingly, pursuant to the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238), it is found upon good cause that notice and public procedure on this amendment are impracticable, unnecessary, and contrary to the public interest, and good cause is found for making these regulations effective less than thirty days after publication.

The foregoing regulations shall supersede the regulation issued by the Secretary effective July 22, 1952, and become effective on the 21st day of July 1962.

Done at Washington, D.C., this 17th day of July 1962.

ORVILLE L. FREEMAN,
Secretary.

Title 41—PUBLIC CONTRACTS

Chapter 1—Federal Procurement Regulations

MISCELLANEOUS AMENDMENTS TO CHAPTER

Chapter 1 of Title 41 is amended as set forth below:

PART 1-1—GENERAL

Subpart 1-1.6—Debarred and Ineligible Bidders

1. Section 1-1.603(c) is amended by adding subparagraphs (10) and (11) to read as follows:

§ 1-1.603 Bases for debarment and ineligible list entry.

- * * * * *
- (c) * * *
- (10) Federal Civil Defense Act of 1950 (50 App. U.S.C. 2281(i)).
- (11) Area Redevelopment Act of 1961 (42 U.S.C. 2518).

Suppart 1-1.8—Labor Surplus Area Concerns

2. Paragraph (e) of the Notice of Labor Surplus Area Set Aside, set forth in § 1.1804-2(c), Long-form notice, is amended by revising the second sentence thereof. As so amended, paragraph (e) of the Notice reads as follows:

§ 1-1.804-2 Notice to bidders or offerors.

- * * * * *
- (c) Long-form notice. * * *

NOTICE OF LABOR SURPLUS AREA SET ASIDE

* * * * *

(e) Identification of Areas of Performance. Each bidder desiring to be considered for award as a labor surplus area concern on the set-aside portion of this procurement shall identify in his bid the geographical areas in which he proposes to perform, or cause to be performed, a substantial proportion of the production of the contract. If the Department of Labor classification of any such area changes after the bidder has submitted his bid, the bidder may change the areas in which he proposes to perform: Provided, That he so notifies the Contracting Officer before award of the set-aside portion. Priority for negotiation will be based upon the labor surplus classification of the designated production areas as of the time of the proposed award.

3. Section 1-1.807(b) is amended to provide for the submission of negative reports. As so amended, the text reads as follows:

§ 1-1.807 Report on preference procurement in labor surplus areas.

- * * * * *

(b) Frequency and due date. Reports shall be prepared quarterly and submitted, in triplicate, to the General Services Administration, Office of Finance and Administration, General Services Building, Washington 25, D.C., within 45 work days after the close of each calendar quarter. Agencies having no reportable procurement during any report period shall submit negative reports.

Subpart 1-1.10—Publicizing Procurement Actions

4. Subpart 1-1.10 is revised to read as follows:

§ 1-1.1001 General policy.

Proposed procurements which offer competitive opportunities for prospective prime contractors or subcontractors shall be publicized as prescribed in this Subpart 1-1.10, to increase competition, thus assisting small business and labor surplus area concerns and broadening industry participation in Government procurement programs.

§ 1-1.1002 Availability of invitations for bids and requests for proposals.

A reasonable number of copies of each invitation for bids and request for pro-

posals publicized in the Department of Commerce Synopsis (see § 1-1.1003-1), including specifications and other pertinent information, shall be maintained by the issuing office. To the extent such unclassified invitations for bids and requests for proposals are available, they shall be provided to manufacturers, construction contractors, and regular dealers and to others having a legitimate interest therein, such as publishers, trade associations, procurement information services and others who disseminate information concerning invitations for bids and requests for proposals; otherwise the procuring activity may limit the availability of invitations for bids and requests for proposals to perusal at the issuing office.

§ 1-1.1003 Synopses of proposed procurements.

§ 1-1.1003-1 Department of Commerce Synopsis.

(a) The "Commerce Business Daily, Synopsis of U.S. Government Proposed Procurement, Sales and Contract Awards," informally known as "Department of Commerce Synopsis" or "Synopsis," is published daily, except Saturdays, Sundays, and holidays, by the U.S. Department of Commerce, Chicago, Illinois. Section 8, Public Law 87-305, approved September 26, 1961, empowers the Secretary of Commerce to obtain notice of certain proposed procurement actions from any Federal department, establishment, or agency engaged in procurement of supplies and services in the United States; and to publicize such notices in the Department of Commerce Synopsis immediately after the necessity for the procurement is established.

(b) The primary purpose of the Department of Commerce Synopsis is to provide industry with information concerning current Government contracting and subcontracting opportunities, including information as to the identity and location of Government contracting offices and prime contractors having current or potential need for certain types of products or services.

(c) The Department of Commerce Synopsis is available on an annual subscription basis, and subscriptions can be entered at any Department of Commerce office. Complimentary subscriptions are available to participating Government activities upon request.

(d) Procurement agencies shall develop procedures for assuring that proposed procurements are publicized in the Synopsis as required by this section 1-1.1003.

§ 1-1.1003-2 General requirements.

(a) In accordance with section 8 of Public Law 87-305, all proposed defense procurement actions of \$10,000 and above, and all proposed civilian agency procurement actions of \$5,000 and above, will be publicized promptly in the Department of Commerce Synopsis, except that the following need not be so publicized:

(1) Procurements of a classified nature where the information necessary to be included or referenced in the solicitation (invitation for bids or request for proposals) is in itself of a classified nature and the public disclosure of this information would violate security requirements. All other classified procurements shall be published in the Synopsis if sufficient information of an unclassified nature can be provided in the solicitation to enable a prospective contractor to submit a bid or proposal;

(2) Procurements of perishable subsistence;

(3) Procurements which are for utility services and the procuring agency in accordance with applicable law has predetermined the utility concern to whom the award will be made;

(4) Procurements which are of such unusual and compelling emergency that the Government would be seriously injured if bids or offers were permitted to be made more than 15 calendar days after issuance of the invitation for bids or request for proposals or the date of transmittal of the synopsis, whichever is earlier;

(5) Procurements which are made by an order placed under an existing contract;

(6) Procurements which are made from another Government department or agency, or a mandatory source of supply;

(7) Procurements which are for personal or professional services;

(8) Procurements which are for services from educational institutions;

(9) Procurements in which only foreign sources are to be solicited; or

(10) Procurements for which it is determined in writing by the procuring agency, with the concurrence of the Administrator of the Small Business Administration, that advance publicity is not appropriate or reasonable.

The term "defense procurement actions," as used in this § 1-1.1003-2, shall apply only to procurements made by the Department of Defense.

(b) The dollar amount specified in § 1-1.1003-2(a) is not a prohibition against publicizing procurements below that amount where it is determined that such publication would be advantageous to industry or to the Government.

§ 1-1.1003-3 Research and development.

In order that potential sources may learn of research and development programs, advance notices of the Government's interest in a specific research and development field shall be published in the Synopsis in accordance with § 1-1.1003-7(b) (9) so as to give such sources adequate opportunity to submit information for evaluation of their research and development capabilities, except where security considerations prohibit such publication. Each specific procurement of research and development projects shall be publicized in the Synopsis unless one of the exceptions in § 1-1.1003-2 is applicable or unless an advance notice of the Government's requirements in the particular field, published in the Synopsis in accordance with § 1-1.1003-7(b) (9), has been sufficiently specific to permit potential sources to request solicitations for the procurement.

§ 1-1.1003-4 Synopses of subcontract opportunities.

Prime contractors and subcontractors should be encouraged to use the Synopsis to publicize opportunities in the field of subcontracting stemming from Government business. Prime contractors and their subcontractors will be advised to mail subcontract information directly to the U.S. Department of Commerce, Administrative Service Office, Room 1300, 433 West Van Buren Street, Chicago 7, Illinois, in format ready for printing.

§ 1-1.1003-5 Pre-invitation notices.

Where pre-invitation notices are used (see § 1-2.205-4), the preinvitation information shall be included in the Synopsis. The information need not be republished in the Synopsis when the invitation for bids concerned is subsequently issued.

§ 1-1.1003-6 Time of publicizing.

To allow concerns which are not on current bidders lists ample time to prepare bids or proposals, procuring activities should, when feasible, publicize proposed procurements before issuance of invitations for bids and requests for proposals. Prompt reporting is particularly important when a short time for submitting bids or proposals is involved.

§ 1-1.1003-7 Preparation and transmittal.

(a) Procuring activities shall transmit synopses of proposed procurements as follows:

(1) When teletypewriter service is available, synopses shall be forwarded as frequently as practical each day via teletypewriter covering invitations for bids and requests for proposals or quotations issued on that day, or at the earliest practical time prior to the issuance of such invitations and requests as is deemed appropriate, to the following address: Synopsis, U.S. Department of Commerce, Administrative Service Office, Chicago, Illinois.

(2) When teletypewriter service is not available, synopses normally shall be sent by airmail or ordinary mail, whichever is considered more expeditious, addressed as follows: U.S. Department of Commerce, Administrative Service Office, 433 West Van Buren Street, Chicago 7, Illinois. This address should be used also when commercial telegraph facilities are used.

(b) Each Synopsis message shall be prepared as described below:

(1) *Spacing.* Lines of the text shall be double spaced, not exceeding 69 typewritten spaces in length.

(2) *Numbering.* The first line of the message text should include a "transmittal number" for ready identification and reference purposes. Messages normally will be numbered consecutively by the reporting activity, using a new series of transmittal numbers starting with number one at the beginning of each calendar year.

(3) *Contracting office address.* Beginning with the second line of the text, state the name and location of the contracting office. Abbreviations should not be used except for the name of the State.

The address may include an attention phrase directed to an official by name or title.

(4) *Description of supplies or services being procured.* Item descriptions will begin in narrative paragraph form, double spaced, with each line commencing at the left-hand margin. The description should be concise, but sufficiently detailed to permit understanding by interested parties. Commonly used names of procurement items, basic materials from which fabricated, general sizes or dimensions, citations of specification or drawing numbers, Federal stock numbers, quantities, units of measure, invitation for bid or request for proposal numbers, opening dates, place of delivery, and other pertinent data shall be included. Only standard, commonly understood abbreviations may be used. For purposes of clarity, two hyphens should be used instead of commas to separate quantities, purchase reference numbers, opening dates, etc. Copies of the Commerce Business Daily should be used as a guide in preparing copy in proper format.

(5) *Several items on one invitation for bids or request for proposals.* Where several items having the same procurement reference number and the same time for receipt of bids or proposals are reported, the description should be preceded by a blanket statement such as "The following described items are to be procured under Invitation for Bids (or Request for Proposals) No. -----, Opening Date -----."

(6) *Qualified products.* If the procurement item is covered by one or more specifications requiring qualification testing and approval, and such requirement has not been waived, the notation "QPL" shall be inserted immediately following the specification number.

(7) *Term contracts or indefinite quantities.* If the quantity is indefinite, the description should so state and, where applicable, include information as to the duration of the contract period.

(8) *Procurements involving set-asides.* If the proposed procurement involves a small business set-aside or labor surplus area set-aside, the Synopsis message should—

(i) Where there is a 100 percent small business set-aside, state that "The proposed procurement(s) listed herein is (are) totally set aside for small business." Separate messages should be sent covering those proposed procurements which involve 100 percent small business set-asides to facilitate publication in the Notice to Small Firms section of the Synopsis.

(ii) Where there is a partial small business or labor surplus area set-aside, state that "An additional quantity of

(Insert number of units and description) is being reserved for -----

(Insert "small business" or "labor surplus area" as appropriate)

concerns under a partial set-aside determination."

(9) *Research and development item.* Notices which invite the submission of information as to research and development capabilities in specific fields of interest shall be headed "RESEARCH AND DEVELOPMENT SOURCES SOUGHT." This shall be followed by a statement similar to the following: "Firms having research and development capabilities in the field of ----- and

(Be specific)

whose facilities and personnel include -----
(Describe in substantial detail minimum facilities and personnel required)

are invited to submit complete information to the procuring office listed above. Information furnished should include the total number of employees and professional qualifications of scientists, engineers, and technical personnel; a description of general and special facilities; an outline of previous projects; a statement regarding industrial security clearance, if previously granted; and other available descriptive literature. This is not a request for a proposal."

§ 1-1.1004 Synopses of contract awards.

Awards of all unclassified contracts to be performed in whole or in part within the United States, exceeding \$25,000 in amount, shall be published in the Synopsis. This dollar amount is not a prohibition against publicizing smaller awards where it is determined that such publication would be advantageous to industry or to the Government.

§ 1-1.1004-1 Preparation and transmittal.

(a) Procuring activities shall prepare information concerning contract awards in the same format, and forward single copies thereof to the same mailing address, as prescribed in § 1-1.1003-7(a) for synopses of proposed procurements. The information shall be sent by airmail or ordinary mail, whichever is considered more expeditious, before the close of business at the end of each week to U.S. Department of Commerce, Administrative Service Office, Room 1300, 433 West Van Buren Street, Chicago 7, Illinois.

(b) The synopses of contract awards shall be typed double space and contain the following information:

(1) Name and address of the procuring office.

(2) A clear and concise description of the property or services being procured, such description to be followed by the contract number and, in parenthesis, by the applicable number of the invitation for bids or request for proposals.

(3) Quantity and dollar amount of each item.

(4) Name and full address of the contractor.

(5) When requested by the prime contractor, a statement of the industries, crafts, processes, or component items in or for which subcontracts are available and subcontractors are desired, together with the general area, if any, indicated by the prime contractor, such as Southeast States, West Coast, New England.

(Sec. 8, 75 Stat. 668; 15 U.S.C. 637(e))

PART 1-2—PROCUREMENT BY FORMAL ADVERTISING

Subpart 1-2.2—Solicitation of Bids

In § 1-2.201(a), subparagraph (24) is amended to read as follows:

Chapter 9—Atomic Energy Commission

PART 9-15—CONTRACT COST PRINCIPLES AND PROCEDURES

Subpart 9-15.50—Cost Principles and Procedures

COMPENSATION FOR PERSONAL SERVICES

In Subpart 9-15.50, § 9-15.5010-14 is revised as follows:

§ 9-15.5010-14 Compensation for personal services.

(a) *General.* (1) Compensation for personal services includes all remuneration paid currently or accrued, in whatever form and whether paid immediately or deferred, for services rendered by employees of the contractor during the period of contract performance. It includes, but is not limited to, salaries, wages, directors' and executive committee members' fees, bonuses (including stock bonuses), incentive awards, employee stock options, employee insurance, fringe benefits, and contributions to pension, annuity, and management employee incentive compensation plans. It does not include an employer's contributions to incentive compensation plans for the purpose of establishing a reserve for the payment of incentive compensation for services to be performed in the future. Except as otherwise specifically provided in this § 9-15.5010-14, such costs are to be treated as allowable to the extent that the total compensation of individual employees is reasonable for the services rendered and they are not in excess of those costs which are allowable by the Internal Revenue Code and regulations thereunder. Suitable provisions should be inserted in contracts to incorporate the principles of this subpart.

Compensation is reasonable to the extent that the total amount paid or accrued is commensurate with compensation paid under the contractor's established policy or conforms generally to compensation paid by other firms of the same size, in the same industry, or in the same geographic area, for similar services. Applying the criteria set forth in § 9-15.5010-14(l), the Contracting Officer should make a precontract determination, or in appropriate circumstances prior to renewal or extension of an expiring cost-type contract or sub-contract a determination, that the prior practice of the company produces reasonable amounts of total compensation, and the contract should provide that total compensation in excess of these levels would be unallowable unless subsequently approved as reasonable by the Contracting Officer; the contract should also provide that any subsequent change in the over-all compensation plan or in the administration of the plan must have prior approval in order that the test of reasonableness not be left to retrospective audit.

(3) Compensation in lieu of salary for services rendered by partners and sole proprietors will be allowed to the extent

that it is reasonable and does not constitute a distribution of profits.

(4) In addition to the general requirements set forth in (1) through (3) above, certain forms of compensation are subject to further requirements as specified in (b) through (k) and (m) below.

(b) *Prior review and approval of compensation paid individual employees.* Except as provided in § 9-15.5010-14(m), it is the general policy of AEC that determinations as to the compensation to be paid individual employees will normally be left to the judgment of contractors subject to the limitations of AEC approved salary schedules, contractor classifications systems, incentive compensation plans, and other plans providing compensation in the form of fringe benefits and allowances. In certain circumstances, other than that described in § 9-15.5010-14(m) the contract may require that compensation actions involving key personnel be submitted for prior review and approval. The necessity for such prior review and approval and the compensation level at which such contractual requirements may be imposed is left to the judgment of the Contracting Officer. Among the circumstances taken into account by the Contracting Officer in determining the need, if any, for such prior review and approval are the following:

(1) Where a general review reveals amounts or types of compensation which appear unreasonable or otherwise out of line.

(2) Because of lack of experience with a contractor or other reasons, it is believed necessary or prudent to evaluate the compensation of key personnel in the light of their performance on the contract work.

(3) Where necessary to assure the maintenance of an orderly relationship between compensation paid the contractor's key personnel and the compensation paid key personnel with comparable responsibility employed by other AEC contractors.

(4) The contractor's classification practices may not be sufficiently definitive to provide assurance as to the validity or reasonableness of salaries or other forms of compensation proposed.

(5) Other contract situations calling for special consideration and possible limitations as to allowability for contract cost purposes such as may be present under the following circumstances:

(i) Compensation to owners of closely held corporations, partners, sole proprietors, or members of the immediate families thereof, or to persons who are contractually committed to acquire a substantial financial interest in the contractor's enterprise. Determination should be made that such compensation is reasonable for the actual personal services rendered rather than a distribution of profits.

(ii) Any change in a contractor's compensation policy resulting in a substantial increase in the contractor's level of compensation, particularly when it was concurrent with an increase in the ratio of Government contracts to other business, or any change in the treatment of

allowability of specific types of compensation due to changes in Government policy.

(iii) The contractor's business is such that his compensation levels are not subject to the restraints normally occurring in the conduct of competitive business. (See §§ 9-15.5010-14(l) (1) (ii) and 9-15.5010-14(l) (2) (ii) below.)

(c) *Salaries and wages.* Salaries and wages for current services include gross compensation paid to employees in the form of cash, products, or services, and are to be treated as allowable. However, premiums for overtime, extra-pay shifts, and multishift work are to be treated as allowable to the extent approved by the Contracting Officer.

(d) *Bonuses and incentive compensation.* Bonuses and incentive compensation paid to employees other than those whose pay is directly reimbursed will not be made allowable in on-site construction, architect-engineer, and operating contracts where home office general and administrative expense is unallowable.

(e) *Cash bonuses and incentive compensation.* Incentive compensation for management employees, cash bonuses, suggestion awards, safety awards, and incentive compensation based on production, cost reduction or efficient performance, are to be treated as allowable to the extent that the contractor's overall compensation plan is determined to be reasonable and such costs are paid or accrued pursuant to an agreement entered into in good faith between the contractor and the employees before the services were rendered, or pursuant to an established plan followed by the contractor so consistently as to imply, in effect, an agreement to make such payment (but see § 9-15.5006). In determining reasonableness, it will be necessary to take into account not only bonuses and incentive compensation payments charged directly to the contract but also payments charged indirectly to the contract through overhead. Bonuses, awards, and incentive compensation when any of them are deferred are to be treated as allowable to the extent provided in (h) below.

(f) *Bonuses and incentive compensation paid in stock.* Costs of bonuses and incentive compensation paid in the stock of the contractor or of an affiliate are to be treated as allowable to the extent set forth in (e) above (including the incorporation of the principles of paragraph (h) below for deferred bonuses and incentive compensation), subject to the following additional requirements:

(1) Valuation placed on the stock transferred shall be the fair market value at the time of transfer, determined upon the most objective basis available; and

(2) Accruals for the cost of stock prior to the issuance of such stock to the employees shall be subject to adjustment according to the possibilities that the employees will not receive such stock and their interest in the accruals will be forfeited.

Such costs otherwise allowable are to be made subject to adjustment according to the principles set forth in (h) (3) below. (But see § 9-15.5006.)

(g) *Stock options.* The cost of options to employees to purchase stock of the contractor or of an affiliate is to be made unallowable.

(h) *Deferred compensation.* (1) As used herein, deferred compensation includes all remuneration, in whatever form, for which the employee is not paid until after the lapse of a stated period of years or the occurrence of other events as provided in the plans, except that it does not include normal end of accounting period accruals. It includes (i) contributions to pension, annuity, stock bonuses, and profit sharing plans, (ii) contributions to disability, withdrawal, insurance, survivorship, and similar benefit plans, and (iii) other deferred compensation, whether paid in cash or in stock.

(2) Deferred compensation is to be treated as allowable to the extent that (i) except for past service pension and retirements costs, it is for services rendered during the contract period; (ii) it represents, together with all other compensation, a reasonable over-all compensation plan; (iii) it is paid pursuant to an agreement entered into in good faith between the contractor and employees before the services are rendered, or pursuant to an established plan followed by the contractor so consistently as to imply, in effect, an agreement to make such payments; and (iv) for a plan which is subject to approval by the Internal Revenue Service, it falls within the criteria and standards of the Internal Revenue Code and the regulations of the Internal Revenue Service. (But see § 9-15.5006.)

(3) For determining the allowable cost of deferred compensation, contractual provision shall be made for appropriate adjustments for credits or gains, including those arising out of both normal and abnormal employee turnover, or any other contingencies that can result in a forfeiture by employees of such deferred compensation. Adjustments shall be made only for forfeitures which directly or indirectly inure to the benefit of the contractor; forfeitures which inure to the benefit of other employees covered by a deferred compensation plan with no reduction in the contractor's costs will not normally give rise to adjustment in contract costs. Adjustments for normal employee turnover shall be based on the contractor's experience and on foreseeable prospects, and shall be reflected in the amount of cost currently allowable. Such adjustments will be unnecessary to the extent that the contractor can demonstrate that his contributions take into account normal forfeitures. Adjustments for possible future abnormal forfeitures shall be effected according to the following rules:

(i) Abnormal forfeitures that are foreseeable and which can be currently evaluated with reasonable accuracy, by actuarial or other sound computation, shall be reflected by an adjustment of current costs otherwise allowable; and

(ii) Abnormal forfeitures, not within (i) above, may be made the subject of agreement between the Government and the contractor either as to an equitable adjustment or a method of determining such adjustment.

(4) In determining whether deferred compensation is for services rendered during the contract period or is for future services, consideration shall be given to conditions imposed upon eventual payment, such as, requirements of continued employment, consultation after retirement, and covenants not to compete.

(i) *Fringe benefits.* Fringe benefits are allowances and service provided by the contractor to his employees as compensation in addition to regular wages and salaries. Costs of fringe benefits, such as pay for vacations, holidays, sick leave, military leave, employee insurance, pension and retirement plans, and supplemental unemployment benefit plans are to be treated as allowable to the extent required by law, employer-employee agreement, established policy of the contractor or as otherwise provided in the contract and provided such fringe benefits meet the following conditions:

(1) The benefits contribute to the performance of contract work and are appropriate for reimbursement from public funds;

(2) Such benefit plans as exist in the contractor's private operations that are inconsistent with AEC published requirements are appropriately modified or disallowed;

(3) Employee benefit plans especially established to meet the particular needs of the contract are in conformity with published AEC policy and standards;

(4) Appropriate controls under the contract are established to assure that employees on contract work are treated no more or no less favorably than employees in the contractor's private operation except to the extent that (2) and (3) immediately above apply;

(5) To the fullest extent possible, definite limitations or terminal points are established for each of the various benefit plans, so that AEC's full liability with respect thereto are established under the contract; and

(6) AEC has access to all information necessary to complete understanding of the means of computing or determining the extent of the benefits afforded under the various benefit plans.

(j) *Severance pay.* See § 9-15.5010-8.

(k) *Training and education expenses.* See § 9-7.5006-9(d) (8) (v), § 9-7.5006-10 (8) (v), and § 9-7.5006-12(d) (8) (v).

(l) *Criteria for determining reasonableness of compensation.* In general, AEC cost-type contract work is conducted either at AEC-owned facilities or at the site of the contractor's normal operations. Accordingly, the Contracting Officer's responsibilities for review and control of compensation plans and schedules will vary with the particular factual circumstances under which the contract work is performed.

(1) *Work performed at AEC-owned facilities.* The AEC has a special responsibility to assure that the personnel practices of AEC-owned contractor-operated facilities reflect the best experience of American industry consistent with the judicious expenditure of public funds. In authorizing contractor personnel expenditures the general objectives are: to establish a clear understanding and record as to the bases upon

which such expenditures will be allowed; minimize paper work and avoid unnecessary duplication of effort; and provide AEC with information necessary for review and audit functions. To accomplish these objectives, the Contracting Officer is responsible for negotiating a personnel appendix to the contract which will either extend to the contract operation the applicable policies and practices uniformly applied by the contractor in his private operations (subject to appropriate AEC prescribed limitations and controls) or establish especially for the AEC operation compensation plans and schedules to govern personnel expenditures under the contract.

(i) *Extending private plant schedules to the AEC facility.* Many AEC production and research and development facilities are operated by organizations which have substantial private operations. In these cases the influence upon compensation schedules in the private operations will normally insure close alignment with the market. Under these circumstances it will ordinarily be desirable to extend the private plant schedules to the AEC work subject to the following conditions:

(a) Initial review confirms that the contractor employs consistent and effective procedures for maintaining alignment with the market;

(b) Salary classifications are orderly and definitive permitting post review and evaluation of alignment between AEC and private operations; and

(c) The contract stipulates that compensation schedules will be established, adjusted and administered in the same manner on the AEC work as on private work and that no differentials will be established except with the prior approval of the Contracting Officer.

(ii) *Establishing schedules specifically for the AEC work.* It will be necessary to establish salary schedules and other compensation plans specifically for the AEC work when one or more of the following circumstances prevail: the contractor has no substantial private operations, but is organized to perform the AEC work; the private plant's schedules are not sufficiently definitive, or otherwise fail to meet acceptable standards; or the AEC work is so different in character and environment from the private work as to present differing requirements and problems. In such cases it is important that the Contracting Officer reach a clear understanding on an outside base of reference for the establishment and adjustment of compensation schedules to permit the maintenance of competitive levels on a planned and systematic basis. The usual and preferred method of establishing such a base of reference is through the use of compensation surveys which the contractor conducts or participates in. Compensation schedules may be related to the findings of such surveys in accordance with the following principles and requirements:

(a) The scope of the surveys should be sufficiently comprehensive both as to area and number of participants to permit a representative finding;

(b) Compensation schedules should be so related to the survey findings as to result in a competitive position with respect to generally comparable industry; and

(c) Adjustments based on survey findings will be made with the prior approval of the Contracting Officer or in accordance with definitive procedures, approved by the Contracting Officer, covering the survey data to be used and the means of relating compensation levels to survey findings.

(2) *AEC work performed at site of contractor's normal operations.* Cost-type contracts may provide for the work to be performed at the site where the contractor conducts his usual commercial or academic activities. In these circumstances it is normally desirable that employees engaged on the AEC work be compensated on the same bases as those engaged in the contractor's other work. However, the Contracting Officer's responsibilities for review and contractual control of compensation schedules will differ according to whether or not the amount of private work performed at the facility is substantial in relation to the amount of the AEC or other cost-type Government work.

(i) When the amount of the private work is substantial in relation to the AEC or other Government cost-type work. The private work will be considered substantial when the nature and the amount of the work and the extent of the private investment at the site is such as to make clear that the contractor has a substantial long term interest in the economical conduct of the operation. In these circumstances the Contracting Officer will not ordinarily require that wage and salary structure, benefit plans and other items of employee compensation be set forth in the contract or appendix thereto, nor that changes therein made applicable to the facility as a whole be subject to prior AEC review and approval. Contracts of this nature should contain a provision requiring that wages, salaries, benefits and allowances be the same on the AEC as on the other work performed by the contractor at the site and prohibiting the establishment of any special conditions on the AEC work except as required by applicable law or as approved in writing in advance by the Contracting Officer including the right to obtain from the contractor such information on employee compensation practices as the Contracting Officer may require.

(ii) When the amount of the private work is not substantial in relation to the AEC work. The private work will not be considered substantial when the facility is wholly or largely supported by public funds under cost-type contract work with AEC or other Government agencies. Under these circumstances, the considerations as to AEC review and approval set forth in § 9-15.5010-14(1) (i) above will apply. Careful initial review should be made and steps taken to insure that unwarranted increases in compensation will not be made at public expense. This will require that changes in compensation schedules be subject to prior Contracting Officer approval or in accordance with preapproved criteria set

forth in a personnel appendix, and may also require coordination with other Government agencies having contracts for work to be performed at the facility.

(m) *Compensation of \$25,000 Per Annum or More.* The contract shall provide for the prior approval by the Contracting Officer of the cost of compensating an individual contractor employee at an annual rate of total compensation of \$25,000 or more, if such employee's base salary is directly reimbursed under the contract. For purposes of determining necessity for such prior approval under this § 9-15.5010-14(m), such total compensation includes only the employee's base salary and bonus and incentive compensation, and does not include the other elements of compensation covered in § 9-15.5010-14(a). In making his determination as to the allowability of such total compensation, however, the Contracting Officer shall apply the principles of § 9-15.5010-14(a), § 9-15.5010-14(e), and § 9-15.5010-14(f), and other subsections of this § 9-15.5010-14, taking into account the criteria set forth in § 9-15.5010-14(1).

SUBCHAPTER 5—RIGHTS-OF-WAY

[Circular No. 2084]

PART 244—RIGHTS-OF-WAY OTHER THAN FOR RAILROAD PURPOSES AND FOR LOGGING ROADS ON THE OREGON AND CALIFORNIA AND COOS BAY REVESTED LANDS

Subpart G—Rights-of-Way and Material Sites of Highways Under Title 23, United States Code

On page 3714 of the *FEDERAL REGISTER* of April 29, 1961, there was published a notice and text of a proposed Subpart G revision of Part 244 of Title 43, Code of Federal Regulations. The purpose of this revision is to conform the regulations with the provisions of Title 23, supra, to provide uniform rules and procedures for grants under sections 107 and 317 of Title 23, including where appropriate, the grant of control of access to the highway from and to federally owned lands and to revise certain procedural details.

Interested persons were given 30 days within which to submit written comments, suggestions, or objections with respect to the proposed revision. Comments received were carefully studied and the proposed regulations are hereby adopted with the following changes and are set forth below.

1. As the functions of the Secretary of Commerce with respect to highway rights-of-way have been delegated to the Bureau of Public Roads;

(a) In paragraph (b) of § 244.55 the words "Department of Commerce" have been deleted and the words "authorized officer of the Bureau of Public Roads," have been inserted, and the words "by the Secretary of Commerce or his delegate" have been deleted;

(b) In paragraph (c) of § 244.55, the words "the Department of Commerce" have been deleted and the words "authorized officer of the Bureau of Public Roads" have been added.

2. In order to clarify the intent of the regulations, the words "terms of the grant or" have been inserted after the word "where" in subparagraph (1) of paragraph (a) of § 244.56.

3. In order to remind applicants of the need for coordination between highway and resource management programs, footnote 28 to paragraph (a) of § 244.55 has been added. This amendment shall become effective at the beginning of the 30th calendar day following the date of this publication in the *FEDERAL REGISTER*.

Subpart G—Rights-of-Way and Material Sites for Highways Under Title 23, United States Code²⁵

Sec.
244.54 Statutory authority.
244.55 Application; grants.
244.56 Additional rights-of-way within highway rights-of-way.

AUTHORITY: §§ 244.54 to 244.56 issued under 5 U.S.C. 22; 43 U.S.C. 2, 1201, 1371.

§ 244.54 Statutory authority.

(a) Title 23, United States Code, section 107, paragraph (d), provides that whenever rights-of-way, including control of access, on the National System of Interstate and Defense Highways are required over lands or interests in lands owned by the United States, the Secretary of Commerce may make such arrangements with the agency having jurisdiction over such lands as may be necessary to give the State or other person constructing the projects on such lands adequate rights-of-way and control of access thereto from adjoining lands. It directs any such agency to cooperate with the Secretary of Commerce in this connection.

(b) Title 23, United States Code, section 317, provides that:

(1) If the Secretary of Commerce determines that any part of the lands or interests in lands owned by the United

²⁵ In addition to the material under this heading, the general regulations under Subpart A of this part should be consulted.

States is reasonably necessary for the right-of-way of any highway constructed on the Federal-aid primary system, the Federal-aid secondary system and the National System of Interstate and Defense Highways, or under Title 23, United States Code, Chapter 2, or as a source of materials for the construction or maintenance of any such highway adjacent to such lands or interests in lands, the Secretary of Commerce shall file with the Secretary of the Department supervising the administration of such lands or interests in lands a map showing the portion of such lands or interests in lands which it is desired to appropriate.

(2) If within a period of four months after such filing the Secretary of such Department shall not have certified to the Secretary of Commerce that the proposed appropriation of such land or material is contrary to the public interest or inconsistent with the purposes for which such lands or materials have been reserved, or shall have agreed to the appropriation and transfer under conditions which he deems necessary for the adequate protection and utilization of the reserve, then such lands and materials may be appropriated and transferred to the State highway department, or its nominee, for such purposes and subject to the conditions so specified.²⁶

(3) If at any time the need for any such lands or materials for such purposes shall no longer exist, notice of the fact shall be given by the State highway department to the Secretary of Commerce and such lands or materials shall immediately revert to the control of the Secretary of the Department from which they had been appropriated.²⁷

(a) Except where an application involves lands wholly within an Indian reservation, applications for rights-of-way and material sites under Title 23, United States Code, for lands under the jurisdiction of the Department of the Interior, with the maps required by paragraph (a) of § 244.6, shall be filed by the appropriate State highway department in the manner prescribed by § 244.3 of this part. Applications for lands wholly within an Indian reservation shall be filed in the Office of the superintendent of the Bureau of Indian Affairs agency which has jurisdiction over the lands, or for lands for which there is no agency, in the office of the Area Director who has jurisdiction over the lands. Applications for lands outside of the jurisdiction of the Department of the Interior shall be filed pursuant to the rules or regulations of the

Department or agency having jurisdiction over the lands.²⁸

(b) The appropriate State highway department will forward a copy of each application and map filed with the Department of the Interior to the authorized officer of the Bureau of Public Roads for a determination whether the lands and interests in lands are necessary for the purposes of Title 23, United States Code.

(c) After receipt of such determination that the lands or interests in lands under application are reasonably necessary for the purposes of Title 23, United States Code, the authorized officer of the Bureau of Land Management will notify the applicant and the authorized officer of the Bureau of Public Roads either (1) that the approval of the application would be contrary to the public interest or inconsistent with the purposes for which the lands or materials have been reserved or (2) that he proposes to grant the right-of-way under the regulations of this part, subject to said regulations and to such conditions which he indicates in his notice.

(d) Grants of rights-of-way under Title 23, United States Code, by the authorized officer of the Bureau of Land Management will be made to the appropriate State highway department or to its nominee and based upon considerations of adequate protection and utilization of Federal lands and interests in lands will be subject to (1) all the pertinent regulations of this part except those which the authorized officer, upon formal request of the applicant may modify or dispense with, in whole or in part, upon a finding that it is in the public interest and in conformity with the purposes of Title 23, United States Code, and (2) any conditions which he deems necessary. Grants of highway rights-of-way under this subpart may include an appropriation and release to the State or its nominee of all rights of the United States, as owner of underlying and abutting lands, to cross over or gain access to the highway from its lands crossed by or abutting the right-of-way, subject to such terms and conditions and for such duration as the authorized officer of the Bureau of Land Management deems appropriate.

§ 244.56 Additional rights-of-way within highway rights-of-way.

(a) No application under the regulations of this part is required for a right-of-way within the limits of a highway right-of-way granted pursuant to Title 23, United States Code, for facilities usual to a highway, except (1) where

²⁶ When the lands involved are under the jurisdiction of the Department of the Interior an applicant will be expected, at the earliest possible date prior to the filing of an application, to consult with the local officials of the Bureau or Office having jurisdiction over the lands to ascertain whether or not the use of appropriation of the lands for right-of-way purposes is consistent with the management program and to agree to such measures as may be necessary to maintain program values. Failure to do so may lead to an unresolvable conflict of interest and necessitate disallowance of the application.

terms of the grant or a provision of law specifically requires the filing of an application for a right-of-way, (2) where the right-of-way is for electric transmission facilities which are designed for operation at a nominal voltage of 33 KV or above or for conversion to such operation, or (3) where the right-of-way is for oil or gas pipelines which are part of a pipeline crossing other public lands, or if not part of such a pipeline, which are more than two miles long. When an application is not required under the provisions of this paragraph, qualified persons may appropriate rights-of-way for such usual highway facilities with the consent of the holder of the highway right-of-way, which holder will be responsible for compliance with § 244.9 in connection with the construction and maintenance of such facilities.

(b) Except as modified by paragraph (a) of this section, rights-of-way within the limits of a highway right-of-way granted pursuant to Title 23, United States Code, and applications for such rights-of-way, are subject to all the regulations of this part pertaining to such rights-of-way.

²⁶ By decision of the Secretary, Nevada Department of Highways, A.24151, September 1945, it was held that the law imports discretion and indicates no intent to vest in the State a right at the end of the four months' period without further action by the Department having jurisdiction. It was held further that the interest transferred under the statute is merely a right-of-way or right to take materials and that the Government may reserve the right to dispose of leasable minerals.

²⁷ Notice by the State highway departments, that the need for the land or material no longer exists may be given directly to the Bureau which granted the rights.

WASHINGTON

Power Site Restoration No. 580; Power Site Cancellation No. 167; Revoking Certain Power Withdrawals; Opening Lands Under Section 24 of Federal Power Act

By virtue of the authority vested in the President by section 1 of the act of June 25, 1910 (36 Stat. 847; 43 U.S.C. 141), and pursuant to Executive Order No. 10355 of May 26, 1952, and by virtue of the authority contained in the act of March 3, 1879 (20 Stat. 394; 43 U.S.C. 31), and in section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U.S.C. 818), as amended, and pursuant to the determination of the Federal Power Commission docketed as DA-165-Washington, it is ordered as follows:

1. The Executive orders of October 29, 1910, October 8, 1914, and June 30, 1916, establishing Power Site Reserves Nos. 158, 457, and 534, respectively, and the departmental orders of January 23, 1926, and December 10, 1926, creating Power Site Classifications Nos. 126 and 159, respectively, are hereby revoked so far as they affect the following described lands:

WILLAMETTE MERIDIAN

T. 39 N., R. 5 E.,
 Sec. 2, lot 11.
 T. 30 N., R. 7 E.,
 Sec. 10, SE $\frac{1}{4}$ SE $\frac{1}{4}$;
 Sec. 11, SW $\frac{1}{4}$ SW $\frac{1}{4}$.
 T. 32 N., R. 9 E.,
 Sec. 24, lots 5, 8, 13, and 14.
 T. 33 N., R. 11 E.,
 Sec. 30, lots 3, 6, 7, 8, 9, 10, and NW $\frac{1}{4}$ SE $\frac{1}{4}$.
 T. 26 N., R. 12 W.,
 Sec. 4, lot 12;
 Sec. 5, lot 10;
 Sec. 8, lots 1 and 2.
 T. 26 N., R. 13 W.,
 Sec. 23, lots 1 and 4.

The areas described aggregate 716.32 acres. Some of the lands are patented. A portion has been previously restored subject to section 24 of the Federal Power Act. As to these, the effect of this order, therefore, is to relieve the lands of the limitation prescribed by section 24.

2. In DA-165-Washington, the Federal Power Commission determined that the value of the following described lands will not be injured or destroyed for purposes of power development by location, entry, or selection under the public land laws, subject to the provisions of section 24 of the Federal Power Act, as amended, and subject to the prior rights of the licensee for Project No. 2071 and its successors to use said land for project purposes as contemplated in the license issued for the project:

WILLAMETTE MERIDIAN

T. 6 N., R. 4 E.,
 Sec. 21, NE $\frac{1}{4}$.

Containing approximately 160 acres.

3. The lands are located in western Washington. Some are situate on the south bank of the Nooksack River, 18 miles northeast of the City of Bellingham; some on the east bank of the Suak River near Darrington, and others adjacent to the Hoh River on the Olympic

Peninsula, about 26 miles south of the town of Forks.

4. Until 10:00 a.m. on January 16, 1963, the State of Washington shall have (1) a preferred right of application to select the public lands in accordance with subsection (c) of section 2 of the act of August 27, 1958 (72 Stat. 928; 43 U.S.C. 851, 852), and (2) a preferred right to apply for the reservation to it or to any of its political subdivisions under any statute or regulation applicable thereto of any of the lands required for a right-of-way for a public highway or as a source of materials for the construction and maintenance of such highways, in accordance with the provisions of section 24 of the Federal Power Act.

5. This order shall not otherwise be effective to change the status of the lands until 10:00 a.m. on January 16, 1963. At that time the said lands shall be open to the operation of the public land laws generally, subject to valid existing rights and equitable claims, the requirements of applicable law, rules and regulations and the provisions of any existing withdrawals.

6. The lands have been open to applications and offers under the mineral leasing laws, and to location under the United States mining laws subject to the provisions of the act of August 11, 1955 (69 Stat. 682; 30 U.S.C. 621). The lands in Project 2071 shall be open to mining location, subject to the stipulations prescribed by the Commission in its determination, beginning at 10:00 a.m., on January 16, 1963.

7. Any disposals of the lands described in paragraph 2 of this order shall be subject to the provisions of section 24 of the Federal Power Act, supra, and to the prior rights specified by the Federal Power Commission in its determination.

Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Spokane, Washington.

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

Containing 650.50 acres.

2. The lands shall not be used for any purposes which might at any time render them unsuitable or dangerous for use under the public land laws by reason of unexploded ordnance or noxious substances.

3. The lands may be made available to the California National Guard for the uses specified herein, but such permission to use shall not carry with it any interest in the lands or their resources.

4. The Department of the Interior shall retain jurisdiction of the mineral and vegetative resources of the lands and may issue mineral leases and grazing permits or leases and make disposals of mineral and vegetative materials to the extent that such use is not inconsistent with the purposes of this withdrawal.

5. Authority to change the use specified by this order or to grant rights to others to use the lands, including grants of leases, licenses, easements and rights-of-way but excluding permits revocable at will, is reserved to the Secretary of the Interior or his delegate.

Title 46—SHIPPING

Chapter IV—Federal Maritime Commission

SUBCHAPTER B—REGULATIONS AFFECTING MAR- ITIME CARRIERS AND RELATED ACTIVITIES

[General Order 5]

PART 511—REPORTS BY COMMON CARRIERS BY WATER IN THE DO- MESTIC OFFSHORE TRADES

Filing of Semi-annual Financial Reports for 1962

Pursuant to the authority of section 43 of the Shipping Act, 1916 (75 Stat. 766), and section 4 of the Administrative Procedure Act, 5 U.S.C. 1003, the Federal Maritime Commission hereby amends its General Order No. 5, 46 CFR Part 511 (27 F.R. 695).

The purpose of this amendment is to dispense with the filing of semi-annual financial reports for the year 1962 presently required by General Order No. 5. This amendment to General Order No. 5 grants an exemption from a rule requiring semi-annual reports for the year 1962 and the Commission is of

the opinion that public procedure is unnecessary in this matter, since the proposed amendment is in the interest, and for the benefit, of the common carriers subject to that order.

Therefore, pursuant to the authority of section 4(a) of the Administrative Procedure Act, no notice of proposed rulemaking will be published.

Furthermore, pursuant to the authority of section 4(c) of the Administrative Procedure Act and section 7 of the Federal Register Act, 44 U.S.C. 307, the following amendment is to become effective upon publication in the FEDERAL REGISTER.

Sections 511.2, 511.3, and 511.4 are hereby amended to read as follows:

§ 511.2 Filing by operators of self-propelled vessels.

All persons engaged in the operation of self-propelled vessels in the common carriage of persons or property in the domestic offshore trades (except persons engaged in intrastate operations in Alaska and Hawaii), and required by the Intercoastal Shipping Act, 1933, as amended, to file tariffs with the Federal Maritime Commission, shall execute and file with the Secretary, Federal Maritime Commission, the joint report presently referred to as the Maritime Administration Form MA-172 and the Interstate Commerce Commission Form M for the years 1961 and 1962 and then semi-annually for each year thereafter.

§ 511.3 Filing by operators of vessels other than self-propelled.

All persons engaged in the operation of vessels, other than self-propelled, in

the common carriage of persons or property in the domestic offshore trades (except persons engaged in intrastate operations in Alaska and Hawaii), and required by the Intercoastal Shipping Act, 1933, as amended, to file tariffs with the Federal Maritime Commission, shall execute and file with the Secretary, Federal Maritime Commission, the report presently referred to as the Interstate Commerce Commission Form K-A for the years 1961 and 1962 and then semi-annually for each year thereafter.

§ 511.4 Time for filing.

For any fiscal year ending after June 30, 1961, and prior to the publication of this part, the persons concerned shall file the first annual statement covering that year within 120 days of the publication of this part. For any fiscal year ending after January 24, 1962, but prior to July 1, 1962, the person concerned shall file the first annual statement covering that year within 120 days after the end of that fiscal year. After the filing of the second annual statement, each person concerned is required to file a semiannual statement within 90 days of the close of the first six months of each fiscal year and an annual statement within 120 days of the close of each fiscal year.

Dated: July 10, 1962.

By order of the Federal Maritime Commission.

Secretary.

MILK IN RIO GRANDE VALLEY MARKETING AREA

Notice of Proposed Suspension of Certain Provision of the Order

Notice is hereby given that, pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), the suspension of certain provision of the order regulating the handling of milk in the Rio Grande Valley marketing area is being considered.

The provision proposed to be suspended is § 1138.7(b) (1), relating to the number of days during a month milk of a producer may be diverted.

The Dairy Farmers Association has requested that the provision which limits the number of days of milk production of a producer which may be claimed as diverted be suspended for July 1962. The cooperative association claims handlers have refused to accept milk from member producers to the extent that it is impossible to market all of the association milk to pool plants and to nonpool plants under the diversion limitation.

All persons who desire to submit written data, views, or arguments in connection with the proposed suspension should deliver the same to the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington 25, D.C., not later than three (3) days from the date of publication of this notice in the FEDERAL REGISTER. All documents filed should be in quadruplicate.

Signed at Washington, D.C., on July 18, 1962.

[14 CFR Part 241]

REPORTING ON ACCOUNTING MACHINE PUNCHED CARDS OR MAGNETIC TAPES FOR CERTIFICATED ROUTE AIR CARRIERS

Supplemental Notice of Proposed Rule Making

JULY 18, 1962.

By circulation of a notice of proposed rule making, EDR-41, dated May 31, 1962 (27 F.R. 5268), the Board gave notice that it had under consideration several proposed amendments to Part 241 of the Economic Regulations which would provide for the submission of punched cards or magnetic tapes as a supplement to the Form 41 reports.

In its notice, the Board requested interested persons to submit comments. Certain comments urge that the problems of implementing the notice be worked out between the carriers and the Board on a cooperative basis and suggest that the procedures not be formalized until after the detailed techniques have been fully developed and proved.

The Board has decided not to formalize the notice of rule making at this time in order to afford the carriers an opportunity to develop in cooperation with the Board's staff detailed techniques for use as a basis of a regulation to be issued later. With the voluntary cooperation of the carriers during this interim period, it will not be necessary for the Board to take formal action relative to the above notice until completion of the experimental period. However, the Board stands ready to finalize its original notice in this proceeding if such action should become necessary. We will therefore temporarily defer further procedural steps in this proceeding.

By the Civil Aeronautics Board.

Secretary.

[Regulatory Docket No. 1294]

AIRWORTHINESS DIRECTIVES

Notice of Proposed Rule Making

Pursuant to the authority delegated to me by the Administrator (14 CFR Part 405), notice is hereby given that the Federal Aviation Agency has under consideration a proposal to amend Part 507 of the regulations of the Administrator to include an airworthiness directive requiring modification of the aileron override spring assembly of General Dynamics/Convair Models 22, 22M, and 30 Series aircraft to prevent jamming in the compressed position.

Interested persons may participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Docket Section of the Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington 25, D.C. All communications received on or before August 21, 1962, will be considered by the Administrator before taking action on the proposed rule. The proposals contained in this notice may be changed in light of comments received. All comments submitted will be available in the Docket Section for examination by interested persons at any time. This proposal will not be given further distribution as a draft release.

This amendment is proposed under the authority of Sections 313(a), 601 and 603 of the Federal Aviation Act of 1958 (72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423).

In consideration of the foregoing, it is proposed to amend § 507.10(a) of Part 507 (14 CFR Part 507), by adding the following airworthiness directive:

GENERAL DYNAMICS/CONVAIR. Applies to all Models 22, 22M and 30 Series aircraft. Compliance required within the next 350 hours' time in service from the effective date of this AD, unless already accomplished.

To prevent the aileron override spring from jamming in the compressed position if full opposition loads are applied to the lateral control system, the aileron override spring assembly shall be modified to incorporate a stop in accordance with General Dynamics/Convair Service Bulletins A27-56, A27-25, or A27-26 for the Models 22, 22M, or 30, respectively, or in accordance with an FAA engineering approved equivalent.

(General Dynamics/Convair Alert Service Bulletin A27-56 for the Model 22, A27-25 for the Model 22M, and A27-26 for the Model 30 cover this same subject.)

Issued in Washington, D.C., on July 16, 1962.

AIRWORTHINESS DIRECTIVES

Notice of Proposed Rule Making

Pursuant to the authority delegated to me by the Administrator, (14 CFR Part 405), notice is hereby given that the Federal Aviation Agency has under consideration a proposal to amend Part 507 of the regulations of the Administrator to include an airworthiness directive requiring inspection of the landing gear on Sud Aviation Caravelle SE-210 Model VI-R aircraft.

Interested persons may participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Docket Section of the Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington 25, D.C. All communications received on or before August 21, 1962, will be considered by the Administrator before taking action on the proposed rule. The proposals contained in this notice may be changed in light of comments received. All comments submitted will be available in the Docket Section for examination by interested persons at any time. This proposal will not be given further distribution as a draft release.

This amendment is proposed under the authority of Sections 313(a), 601 and 603 of the Federal Aviation Act of 1958 (72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423).

In consideration of the foregoing, it is proposed to amend § 507.10(a) of Part 507 (14 CFR Part 507), by adding the following airworthiness directive:

SUD AVIATION. Applies to all Model SE-210 Caravelle VI-R aircraft.

Compliance required as indicated.

To preclude possible collapse of the landing gear due to failure of the main landing gear hinge shaft, accomplish the following:

(a) Unless already accomplished:

(1) Aircraft which have accumulated 1,175 or less landings as of the effective date of this AD shall be inspected in accordance with paragraph (b) prior to accumulation of 1,200 landings.

(2) Aircraft which have accumulated more than 1,175 landings as of the effective date of this AD shall be inspected in accordance with (b) within the next 25 landings after the effective date of this AD.

(b) (1) Remove landing gear from aircraft and inspect for cracks or evidence of impact in critical areas noted in figures 1-5 of Sud Service Alert Bulletin 5-08 dated March 20, 1962. Perform magnetic particle inspection or FAA approved equivalent on the parts listed below.

(i) Main landing gear hinge shaft, P/N 210.41.10.309 or 210.41.10.620.

(ii) Hinge shaft forward attachment nut, P/N 210.41.11.312 or 210.41.10.312.

(iii) Adjustable brace strut end fittings, P/N 210.41.11.302 or 210.41.10.613.

(iv) Fixed brace strut end fittings, P/N 210.41.11.303 or 210.41.10.612.

(v) RH aft support fitting, P/N 210.41.11.311 or 210.41.10.025.

(vi) LH aft support fitting, P/N 210.41.11.310 or 210.41.10.010.

(2) Round the edges of spherical-face washer P/N 41.10.313 in accordance with Sud Service Alert Bulletin 5-08 dated March 20, 1962.

(c) The inspection required in paragraph (b) shall be repeated for P/N's 210.41.11.302 or 210.41.10.613, 210.41.11.303 or 210.41.10.612, 210.41.11.311 or 210.41.10.025, and 210.41.11.310 or 210.41.10.010 prior to accumulation of 2,400 landings after the initial inspection, and each 2,400 landings thereafter.

(d) Parts showing evidence of cracks or evidence of impact in critical areas noted in figures 1-5 of Sud Service Alert Bulletin 5-08 dated March 20, 1962, shall be replaced prior to further flight. Replacement parts shall be inspected in accordance with (b) prior to the accumulation of 1,200 landings. Replacement parts listed in (c) shall be re-inspected in accordance with (b) prior to the accumulation of 2,400 landings after the initial inspection and each 2,400 landings thereafter.

(e) P/N's 210.41.10.309 or 210.41.10.620, and 210.41.11.312 or 210.41.10.312 shall be withdrawn from service prior to the accumulation of 2,300 landings. Replacement parts shall be inspected in accordance with (b) prior to the accumulations of 1,200 landings.

NOTE: It will be necessary for operators to maintain a record of landings in order to ascertain compliance with the AD. If past records are unavailable, the number of landings prior to the effective date of this AD may be estimated.

(f) This AD shall not apply when Sud Modifications 1048, 1049, and 1050 or FAA approved equivalent modifications are incorporated.

(g) Upon request of the operator, an FAA maintenance inspector subject to prior approval of the Chief, Engineering and Manufacturing Branch, International Division, Washington, D.C., may adjust the repetitive inspection intervals specified in this Airworthiness Directive to permit compliance at an established inspection period of the operator if the request contains substantiating data to justify the increase for such operator.

(Sud Service Alert Bulletin 5-08 dated March 20, 1962, covers the same subject.)

Issued in Washington, D.C., on July 16, 1962.

G. S. MOORE,
Acting Director,
Flight Standards Service.

[Regulatory Docket No. 1296]

AIRWORTHINESS DIRECTIVES

Notice of Proposed Rule Making

Pursuant to the authority delegated to me by the Administrator (14 CFR Part 405), notice is hereby given that the Federal Aviation Agency has under consideration a proposal to amend Part 507 of the regulations of the Administrator to include an airworthiness directive requiring modification or replacement of certain Mareco Model 15-1 safety belt assemblies. Service experience has shown that the buckle locking cam becomes disengaged when tension on the belt assembly is relieved and will not relock upon application of tension to the belt assembly. Investigation revealed that these difficulties were only in belts manufactured in the third and fourth quarters of 1959 and the first and second quarters of 1960.

Interested persons may participate in the making of the proposed rule by sub-

mitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Docket Section of the Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington 25, D.C. All communications received on or before August 21, 1962, will be considered by the Administrator before taking action on the proposed rule. The proposals contained in this notice may be changed in light of comments received. All comments submitted will be available, in the Docket Section for examination by interested persons at any time. This proposal will not be given further distribution as a draft release.

This amendment is proposed under the authority of sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423).

In consideration of the foregoing, it is proposed to amend § 507.10(a) of Part 507 (14 CFR Part 507), by adding the following airworthiness directive:

MARECO SAFETY BELTS. Applies to all aircraft equipped with Mareco Model 15-1 safety belts which are identified on the manufacturer's identification label on the safety belt as being manufactured in the third and fourth quarters of 1959 and the first and second quarters of 1960.

Compliance required within the next 100 hours' time in service after the effective date of this AD.

Service difficulties with the Mareco Model 15-1 safety belt assemblies have occurred wherein the buckle locking cam became disengaged when tension on the belt assembly was relieved and would not reengage upon application of tension to the belt assembly due to the cam spring slipping from its retention slot. Therefore, the following is required:

Replace Mareco Model 15-1 safety belts manufactured in the third and fourth quarters of 1959 and the first and second quarters of 1960, or modify with an FAA approved modification to prevent the slipping of the cam spring from its retaining end slot and to correct the misalignment between the cam and buckle frame. When an FAA approved modification is made, the buckle frame shall be permanently marked "MOD." followed by the date of modification.

Issued in Washington, D.C., on July 16, 1962.

G. S. MOORE,
Acting Director,
Flight Standards Service.

FEDERAL AIRWAYS AND CONTROLLED AIRSPACE

Proposed Alteration of Federal Airways and Associated Control Areas

Pursuant to the authority delegated to me by the Administrator (14 CFR 409.13), notice is hereby given that the Federal Aviation Agency is considering amendments to §§ 600.6082, 601.6082, 600.6055, and 601.6055 of the regulations of the Administrator, the substance of which is stated below.

VOR Federal airway No. 82 presently extends from Minneapolis, Minn., via

Farmington, Minn., Rochester, Minn., to Nodine, Minn. The Federal Aviation Agency has under consideration the extension of V-82 and its associated control areas from Minneapolis via a VORTAC to be installed at Brainerd, Minn., thence via a VORTAC to be installed at Bemidji, Minn., to Grand Forks, N. Dak. The VORTAC for Brainerd will be located at latitude 46°20'55" N., longitude 94°01'35" W. The Bemidji VORTAC will be located at latitude 47°34'30" N., longitude 95°01'13" W. Both facilities will be commissioned approximately by January 1, 1963. VOR Federal airway No. 55 extends in part from Stevens Point, Wis. to Eau Claire, Wis. It is proposed to extend V-55 and its associated control areas from Eau Claire via Grantsburg, Wis., to the new Brainerd facility.

The extension of V-82 from Minneapolis via these two new facilities to Grand Forks would provide an airway with the associated air traffic control service for the air carrier serving Brainerd and Bemidji from Minneapolis to Grand Forks. The extension of V-55 from Eau Claire to Brainerd in conjunction with V-82 would provide a bypass route around the Minneapolis terminal area. Additionally, the proposed segment of V-55 from Eau Claire to Grantsburg will provide a bypass route around Minneapolis for traffic from Duluth, Minn.

The control areas associated with these airway segments would extend upward from 700 feet above the surface. Separate actions would be initiated to implement on an area basis Amendment 60-21 to Part 60 of the Civil Air Regulations.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Assistant Administrator, Central Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City 10, Mo. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C., on July 17, 1962.

CLIFFORD P. BURTON,
Chief, Airspace Utilization Division.

[Ex Parte No. 171]

INSTALLATION, INSPECTION, MAINTENANCE AND REPAIR OF SYSTEMS, DEVICES, AND APPLIANCES

Notice of Proposed Rule Making

Rules, standards, and instructions for installation, inspection, maintenance, and repair of automatic block signal systems, interlocking, traffic control systems, automatic train stop, train control, and cab signal systems, and other similar appliances, methods, and systems.

It appearing that on May 25, 1962, a notice of proposed rule making was entered in this proceeding giving notice of the institution by the Interstate Commerce Commission, on its own motion, under authority of section 25 of the Interstate Commerce Act, as amended, (49 CFR Part 26), of an investigation for the purpose of revising, amending, and modifying certain Rules, Standards, and Instructions, in this proceeding, as particularly set forth in the said notice of May 25, 1962.

It further appearing that the said notice of May 25, 1962, called for the submission of views, arguments, or suggestions on or before August 1, 1962.

It further appearing that by petition filed July 3, 1962, the Railway Labor Executives Association seeks an extension of time to September 22, 1962, within which to file its views, arguments, or suggestions.

And it further appearing that good cause has been shown for an extension of time within which to file views, arguments, or suggestions, and that an extension of time until September 22, 1962, is both reasonable and adequate and may appropriately be granted.

It is ordered, That the time within which any interested party or person may file written views, arguments, or suggestions in this proceeding be, and it is hereby, extended to and including September 22, 1962.

Dated at Washington, D.C., this 12th day of July A.D., 1962.

By the Commission, Commissioner Tuggle.

RAILROAD RETIREMENT BOARD

[20 CFR Ch. II]

COORDINATION ALLOWANCES, DISMISSAL ALLOWANCES, AND SIMILAR PAYMENTS

Notice of Continuance of Hearing

The Railroad Retirement Board, pursuant to sections 5 and 12 of the Railroad Unemployment Insurance Act, Part 319 of its regulations under that Act (20 CFR, Part 319), section 10 of the Railroad Retirement Act, and §§ 250.7-250.15 of its regulations under that Act (20 CFR 250.7-250.15), has ordered (Board Order 61-185, November 22, 1961) that a hearing be held for the purpose of determining whether coordination allowances under the Washington Agreement, dismissal allowances under the Oklahoma Conditions and Burlington Conditions, and similar payments, are "pay for time lost", "remuneration", and "compensation" under the Railroad Unemployment Insurance Act (45 U.S.C. 351-367) and the Railroad Retirement Act (45 U.S.C. 215-228z-1); whether the Chicago and North Western Railway Company, the Texas and New Orleans Railroad Company, the Lehigh Valley Railroad Company, the Baltimore and Ohio Railroad Company, and other railroads, should report such allowances as "compensation", and should pay contributions under section 8 of the Railroad Unemployment Insurance Act and make reimbursements to the Board under section 2(f) of that Act with respect to such allowances; and whether individuals are entitled to benefits under the Acts upon the basis of such allowances.

A hearing in this matter was held before Mr. David M. Goldman, the Examiner appointed by the Board, on June 27, 1962, following due notice to interested parties (see 27 F.R. 5748), and after certain proceedings the hearing was recessed.

Notice is hereby given that the hearing will be continued on Wednesday, August 15, 1962, at 9:30 a.m., c.d.s.t., in the Board Room on the 8th floor, at 844 North Rush Street, Chicago, Illinois, before the Examiner.

All parties properly interested may participate in the hearing and will be afforded an opportunity to present evidence and to make arguments before the Examiner.

The hearing is being held upon the following questions:

(a) Are coordination allowances under the Washington Agreement, dismissal allowances under the Burlington Conditions and Oklahoma Conditions, and similar payments, "pay for time lost", "remuneration", and "compensation" as those terms are defined in the Railroad Retirement Act and the Railroad Unemployment Insurance Act?

(b) Should the railroads heretofore mentioned, and others, report such payments as compensation, and pay contributions and make section 2(f) re-

imbursements to the Board with respect to them?

(c) Are individuals entitled to benefits under the Acts upon the basis of such payments?

(d) Any other question or questions the settlement of which may appear to the Examiner to be essential to the conclusive determination of the controversies which have arisen between the Board and certain employers regarding the treatment of the payments under the Acts.

Any interested parties, other than those already participating, desiring to enter an appearance and present evidence or argument, or both, should inform the Examiner to that effect, by letter or otherwise, at least two days prior to the hearing.

DAVID M. GOLDMAN,
Examiner.

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Part 230]

[Release 33-4511]

REGISTRATION OF SECURITIES BY FOREIGN ISSUERS

Notice of Proposed Rule Making

Notice is hereby given that the Securities and Exchange Commission has under consideration two proposed new rules under the Securities Act of 1933 relating to the registration of securities by foreign issuers other than foreign governments.

I. Section 6(a) of the Securities Act requires that where a registrant is a foreign or territorial person, the registration statement shall be signed by its duly authorized representative in the United States. This signature is in addition to the signatures required where the registrant is a domestic issuer. Under section 11 of the Act, an authorized representative may be liable to persons purchasing the securities offered pursuant to the registration statement. In order for this provision to operate effectively for the protection of investors, it is essential that the authorized representative be a person having a reasonable degree of responsibility. In the past, efforts have been made to meet the requirement that the registration statement be signed by an authorized representative in the United States by organizing a dummy corporation solely for that purpose. Other devices may similarly be used to evade the intent and purpose of the requirement.

The proposed new § 230.402a (Rule 402A) would require that where the registrant is a foreign person other than a foreign government, the authorized representative in the United States shall meet certain qualifications designed to insure that there may be in this country a person against whom investors may have recourse in appropriate cases. The text of the proposed rule follows:

§ 230.402a Authorized representatives of foreign issuers.

(a) If the registrant is a foreign person other than a foreign government, its duly authorized representative in the United States who signs the registration statement pursuant to section 6(a) of the Act shall meet the following qualifications and shall state immediately preceding his signature to the registration statement that he meets such requirements:

(1) Such representative shall be a broker or dealer registered with the Commission pursuant to section 15(b) of the Securities Exchange Act of 1934 and, if the securities to be registered are to be offered through underwriters, such representatives shall be named in the registration statement as the underwriter, or one of the underwriters, of such securities.

(2) If such representative is a natural person, he shall be an adult person who is a citizen and resident of the United States, has been such a citizen and resident for at least the last five years and has his principal business operations or employment in the United States.

(3) If such representative is a corporation or an unincorporated trust, association or joint stock company, it shall be incorporated or organized under the laws of a State or Territory of the United States or the District of Columbia, shall have its principal business operations in the United States and shall have been engaged in business in the United States for at least the last five years.

(4) If such representative is a partnership, it shall be formed under the laws of a State or Territory of the United States or the District of Columbia, shall have its principal business operations in the United States, shall have been engaged in business in the United States for at least the last five years and at least a majority of its general partners shall be citizens and residents of the United States.

(5) No person shall be qualified to serve as an authorized representative if such person or any director, officer, general partner or parent of such person (i) has been convicted of any felony or other offense punishable by death or imprisonment for a term exceeding one year, (ii) is subject to any order, judgment or decree of any court of competent jurisdiction temporarily or permanently enjoining or restraining him from engaging in or continuing any conduct or practice involving any aspect of the securities business, (iii) is subject to any order of the Commission which restricts him from engaging in any conduct or practice involving any aspect of the securities business, (iv) is suspended or has been expelled from membership in a national security dealers association or a national securities exchange for conduct inconsistent with just and equitable principles of trade, or (v) has been declared a bankrupt, or made an assignment for the benefit of creditors, within the last five years.

(b) Any person named in a registration statement which has become effective as the duly authorized representative of a foreign issuer, other than a

foreign government or political subdivision thereof, shall be deemed to continue to act in such capacity until an amendment to the registration statement naming another qualified duly authorized representative has become effective: *Provided*, That, the naming of another authorized representative shall not operate to relieve the person previously named from any liability incurred prior to the effective date of the amendment naming his successor.

(c) If at any time there is no duly authorized representative upon whom any notice required by section 8 of the Act may be served, such notice shall be sent to or served on the issuer at its last address of record filed with the Commission.

II. The proposed new § 230.440 (Rule 440) would require that where the registrant, any of its directors or officers, any selling security holder or any underwriter is a nonresident (other than a foreign government or a political subdivision thereof) it shall furnish to the Commission a consent and power of attorney authorizing the Commission to accept service of process in connection with civil actions arising out of the offering or sale of the registered securities. The purpose of this rule is to make it easier for purchasers of the registered securities to obtain service of process upon foreign issuers and their insiders in connection with civil actions instituted in the courts in this country. The text of the proposed rule follows:

§ 230.440 Consent by certain foreign persons to service of process.

(a) If the registrant, any of its directors or officers, any person for whose account any of the securities to be registered are to be offered, or any underwriter of such securities, is not a resident of the United States, each such nonresident person (other than a foreign government or a political subdivision thereof) shall at the time the registration statement is filed, furnish to the Commission in a form prescribed by or acceptable to it, a written irrevocable consent and power of attorney which—

(1) Designates the Securities and Exchange Commission as an agent upon whom may be served any process, pleading or other papers in any civil suit or action brought against such issuer in any court in any place subject to the jurisdiction of the United States where the cause of action (i) accrues on or after the effective date of this rule, and (ii) arises out of any offering made or purported to be made pursuant to such registration statement or any purchase or sale of any security in connection therewith; and

(2) Stipulates and agrees with respect to any such civil suit or action that (i) the laws of the United States shall control; (ii) any appropriate court of the United States or any political subdivision thereof shall have jurisdiction over such civil suit or action; (iii) any such civil suit or action may be commenced by the service of process upon the Commission and the forwarding of a copy thereof as provided in paragraph (b) of this rule; and (iv) that the service as aforesaid of any such

PROPOSED RULE MAKING

process, pleadings or other papers upon the Commission shall be taken and held in all courts to be as valid and binding as if due personal service thereof had been made.

(b) Service of any process, pleadings or other papers on the Commission under this rule shall be made by delivering the requisite number of copies thereof to the Secretary of the Commission or to such other person as the Commission may authorize to act in its behalf. Whenever any process, pleadings or other papers as aforesaid are served upon the Commission, it shall promptly forward a copy thereof by registered mail to the issuer and to its duly authorized representative at their addresses set forth in the registration statement. The Commission shall be furnished a sufficient number of copies for such purpose, and one copy for its files.

NOTE: Forms 3-A, 4-A, 5-A, and 6-A (listed and described, 17 CFR 239.92, 239.93, 239.94, and 239.95) prescribed for use in connection with § 230.262 (Rule 262 of Regulation A) may be used with appropriate changes for the consents and powers of attorney required by § 230.440 until such time as the Commission shall prescribe other forms therefor.

All interested persons are invited to submit their views and comments on the proposed rules, in writing, to the Securities and Exchange Commission, Washington 25, D.C., on or before August 17, 1962. Except where it is requested that such communications not be disclosed, they will be considered available for public inspection.

By the Commission.

ORVAL L. DuBois,
Secretary.

IDENTIFICATION OF CARCASSES OF CERTAIN HUMANELY SLAUGHTERED LIVESTOCK

Supplemental List of Humane Slaughterers

Pursuant to section 4 of the Act of August 27, 1958 (7 U.S.C. 1904) and the statement of policy thereunder in 9 CFR Part 181.1 the following table lists additional establishments operated under Federal inspection under the Meat Inspection Act (21 U.S.C. 71 et seq.) which have been officially reported as humanely slaughtering and handling the species of livestock respectively designated for such establishments in the table. This list

supplements the list previously published under the Act (27 F.R. 6637) for June and represents those establishments and species which were reported too late to be included in the earlier list or which have come into compliance with respect to species indicated since the completion of the reports on which the earlier list was based. The establishment number given with the name of the establishment is branded on each carcass of livestock inspected at that establishment. The table should not be understood to indicate that all species of livestock slaughtered at a listed establishment are slaughtered and handled by humane methods unless all species are listed for that establishment in the table. Nor should the table be understood to indicate that the affiliates of any listed establishment use only humane methods:

Agricultural Stabilization and Conservation Service WHEAT

Rescission of Date for Referendum on Marketing Quotas 1963-64 and Request for Comment on New Date

By notice issued June 26, 1962, published in the FEDERAL REGISTER on July 4, 1962 (27 F.R. 6341), the Secretary, pursuant to and in accordance with section 336 of the Agricultural Adjustment Act of 1938, as amended, designated July 24,

1962, as the date on which the referendum to determine whether farmers who will be subject to the national marketing quota for wheat proclaimed for the marketing year beginning July 1, 1963 (27 F.R. 6314) will be held. Such date was the latest which could be designated under the statute.

Public Law 87-540 approved July 19, 1962, provides that notwithstanding the provisions of section 336 of said Act, the referendum with respect to the national marketing quota for wheat for the marketing year beginning July 1, 1963, may

be conducted not later than August 31, 1962. Section 362 of the Agricultural Adjustment Act of 1938, as amended, requires that notice of the farm acreage allotment for any commodity established for each farm shown by the records of the county committee to be entitled to such allotment shall insofar as practicable be mailed to the farm operator in sufficient time to be received prior to the date of the referendum. Legislation is pending in the Congress which if enacted would affect the sizes of farm wheat acreage allotments for the 1963 crop (to which the national marketing quota for the 1963-64 marketing year is applicable) and eligibility to vote in the referendum. In view of these considerations, the previously announced designation of July 24, 1962, as the date for holding the referendum is hereby rescinded. Consideration of the date for holding the referendum is now being given and such date will be announced a reasonable time in advance thereof. Prior to determination of such date, consideration will be given to any data, views, or recommendations pertaining thereto which are submitted in writing to the Director, Grain Division, Agricultural Stabilization and Conservation Service, United States Department of Agriculture, Washington 25, D.C., which are postmarked not later than seven days from the date of publication of this notice in the FEDERAL REGISTER.

In view of the limited time between the enactment of Public Law 87-540 and the date previously announced for the referendum, it is hereby found that compliance with the notice provisions of section 4 of the Administrative Procedure Act (5 U.S.C. 1003) with respect to the rescission of such date is impracticable and contrary to the public interest and such rescission shall become effective as provided herein.

Effective date: Upon filing with the Director, Office of the Federal Register.

Issued at Washington, D.C., this 20th day of July 1962.

ORVILLE L. FREEMAN,
Secretary.

Office of the Secretary COMMODITY CREDIT CORPORATION

Organization and Functions; Delegations of Authority

I. General. The Commodity Credit Corporation Charter Act on June 29, 1948 (15 U.S.C. 714) established the Commodity Credit Corporation (hereinafter referred to as CCC), effective July 1, 1948, under a permanent Federal Charter, as an agency and instrumentality of the United States within the

United States Department of Agriculture, subject to the general supervision and direction of the Secretary of Agriculture. Originally, CCC had been incorporated under the laws of the State of Delaware, pursuant to section 2(a) of the National Industrial Recovery Act of June 16, 1933, and Executive Order 6340 of October 16, 1933. The principal office of CCC is at the United States Department of Agriculture, Washington 25, D.C.

A. *Stock and borrowing power.* CCC has a capital stock of \$100,000,000 which is subscribed by the United States, and has authority to borrow, with the approval of the Secretary of the Treasury, not to exceed an amount fixed by law.

II. *Organization*—A. *Board of Directors.* The Board of Directors consists of seven members. The Secretary of Agriculture is an ex officio director and serves as Chairman of the Board of Directors. The President of the United States, by and with the consent and advice of the Senate, appoints the remaining members of the Board of Directors.

B. *Advisory Board.* An advisory board of five members is appointed by the President of the United States to survey the general policies of CCC and the operation of its programs and to advise the Secretary of Agriculture with respect thereto. Not more than three members may belong to the same political party. The advisory board meets at least every 90 days.

C. *Officers.* The Under Secretary of Agriculture is President of CCC and the following Agricultural Stabilization and Conservation Service (hereinafter referred to as ASCS) and Foreign Agricultural Service (hereinafter referred to as FAS) officials are ex officio officers of the CCC: The Administrator, ASCS, Executive Vice President, CCC; the Administrator, FAS, Vice President, CCC; the Associate Administrator, ASCS, Vice President, CCC; the Deputy Administrator, Price and Production, ASCS, Vice President, CCC; the Deputy Administrator, State and County Operations, ASCS, Vice President, CCC; the Deputy Administrator, Management, ASCS, Vice President, CCC; the Executive Assistant to the Administrator, ASCS, Secretary, CCC; Director of Fiscal Division, ASCS, Controller, CCC; Deputy Director in Charge of Finance, Fiscal Division, ASCS, Treasurer, CCC; and Deputy Director in Charge of Accounting, Fiscal Division, ASCS, Chief Accountant, CCC. The Directors of Divisions and Commodity Officers of ASCS are ex officio Contracting Officers of the CCC.

D. *Management.* The management of CCC is vested in its Board of Directors, subject to the general supervision and direction of the Secretary. The President of CCC is Vice Chairman of the Board and performs such other duties as the Secretary or the Board may prescribe. The Executive Vice President is the chief executive officer of CCC. His authority, together with that of the other Vice Presidents, is set forth in section IV hereof. Activities of CCC, approved by its Board of Directors and

the Secretary of Agriculture, are generally carried out through the facilities and personnel of ASCS and FAS of the Department. From time to time services of other agencies of the United States Department of Agriculture may be utilized in certain operations or programs. The Directors of the Divisions and Commodity Offices of ASCS serve as executives of CCC in general charge of the activities carried out through their respective Divisions or Offices.

E. *The Contract Disputes Board.* The members of the Contract Disputes Board for CCC are appointed by the Board of Directors of CCC with the approval of the Secretary of Agriculture. The Contract Disputes Board has jurisdiction to act for and on behalf of CCC and its officers (a) to consider and determine appeals by claimants on contract claims against CCC involving doubtful or disputed questions of fact or law where settlement or adjustment cannot otherwise be effected under established policies and procedures, (b) upon request of the Executive Vice President or other officer of CCC, to exercise the authority of the Executive Vice President or other officer in connection with (1) any contract claim by or against CCC, including settlement and adjustment of any such claims, and (2) the suspension or debarment of any contractor, and (c) to act for the head of the agency or for any other officer of CCC to whom appeals may be taken from findings of fact by a contracting officer under any contract disputes provision which provides a method for final and conclusive determination of disputed questions of fact. The decisions of the Contract Disputes Board on all matters falling within its jurisdiction are final for administrative purposes within the United States Department of Agriculture. The names of such members and information with respect to their authority may be obtained from the Secretary, CCC.

III. *Functions*—A. *General.* Under its corporate charter (15 U.S.C. 714-714p) and in accordance with specific statutes, where applicable, and its annual budget programs submitted to and approved by Congress, CCC engages in buying, selling, lending, and other activities with respect to agricultural commodities, their products, food, feeds, and fibers, for the purpose of stabilizing, supporting, and protecting farm income and prices; assisting in the maintenance of balanced and adequate supplies of such commodities; and facilitating their orderly distribution. The Corporation also makes available materials and facilities required in connection with the production and marketing of such commodities.

B. *Types of programs.* The following types of programs are conducted by CCC:

1. *Price Support Program.* Price support operations are carried out under the CCC's charter powers and in conformity with specific statutes where applicable, such as the Agricultural Act of 1949 as amended (7 U.S.C. 1421 et seq.), the National Wool Act of 1954, as amended (7 U.S.C. 1781 et seq.) and section 125 of the Agricultural Act of 1956 (7 U.S.C. 1813). Price support of various agri-

cultural commodities is made available through loans, purchase agreements, purchases, and other operations, and, in the case of wool and mohair, through incentive payments based on marketings. Commodities acquired by the Corporation in its price support operations are disposed of through sales, barter, and exchanges, and donation, in conformity with specific statutes, where applicable, such as sections 202, 407, and 416 of the Agricultural Act of 1949, as amended, the Agricultural Trade Development and Assistance Act of 1954 (P.L. 480), as amended, and other applicable legislation.

2. *Supply and Foreign Purchase Program.* This program is carried out under the authority contained in the CCC's charter, particularly sections 5 (b) and (c) thereof. CCC procures foods, agricultural commodities, their products, and related materials to supply the requirements of Government agencies, foreign governments, and relief and rehabilitation agencies, and to meet domestic requirements. Foods, agricultural commodities, and their products are procured or aid is given in their procurement to facilitate distribution or to meet anticipated requirements during periods of short supply.

3. *Storage Facilities Program.* This program is carried out under the authority contained in the CCC's charter, particularly sections 4(h), 4(m), and 5 (a) and (b). CCC may (a) purchase and maintain (in storage deficient areas) granaries and equipment for care and storage of grain owned or controlled by CCC; (b) make loans for the construction or expansion of farm storage facilities; (c) provide storage-use guarantees to encourage the construction of commercial storage facilities; and (d) undertake other operations necessary to provide storage adequate to carry out CCC's programs.

4. *Commodity Export Program.* This program is carried out under the authority contained in the CCC's charter, particularly sections 5(d) and 5(f), and in accordance with specific statutes where applicable, such as sections 407 and 416 of the Agricultural Act of 1949, as amended (7 U.S.C. 1427, 1431), the International Wheat Agreement Act of 1949, as amended (7 U.S.C. 1641, et seq.), the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1691 et seq.), Title I of the Agricultural Act of 1954 (7 U.S.C. 1741 et seq.), and Title II of the Agricultural Act of 1956 (7 U.S.C. 1851 et seq.). CCC promotes the export of agricultural commodities and products through sales, barter, payments, and other operations.

5. *Special Milk Program.* This program is carried out under the authority of sections 5(g) of CCC's charter and P.L. 85-478, as amended (7 U.S.C. 1446 note), which authorizes the use of specified amounts of CCC funds to increase the consumption of fluid milk by children in nonprofit schools of high-school grade and under and in nonprofit nursery schools, child-care centers, settlement houses, summer camps, and similar nonprofit institutions devoted to the care and training of children.

6. *Special Activities.* These activities are carried out under the authority of section 5(g) of CCC's charter and specific statutory authorizations or directives with respect thereto. Examples of such activities are the International Wheat Agreement program, sales of surplus agricultural commodities for foreign currencies under Title I of P.L. 480, long-term supply contracts under Title IV of P.L. 480, and the transfer of CCC grain to the Department of Interior for migratory waterfowl feed.

IV. *Delegations of authority—A. General.* All authorities and responsibilities relating to CCC shall be exercised (i) pursuant to authorizations contained in dockets or resolutions approved by the Board of Directors and the Secretary of Agriculture, (ii) in accordance with the by-laws of CCC,¹ and (iii) within the confines of administrative and functional areas of jurisdiction. (See organizational statements for the Department of Agriculture (19 F.R. 74 as amended by 26 F.R. 8403) and for Agricultural Stabilization and Conservation Service (27 F.R. 4523).)

B. *Authority of Vice Presidents, CCC.* Pursuant to the by-laws of CCC, the Vice Presidents of the CCC hold office ex officio by virtue of their positions in the ASCS and FAS. The Vice Presidents and their authority are as follows:

1. *Executive Vice President:*

The Executive Vice President, who is the Administrator, ASCS, except as provided in paragraph 2 below, has general supervision and direction of the preparation of policies and programs for submission to the Board, of the administration of the policies and programs approved by the Board of Directors, and of the day-to-day conduct of the business of CCC and of its officers and employees.

2. The Vice President who is Administrator, FAS, has responsibility for preparation for submission by the Executive Vice President to the Board of policies and programs for (i) export sales and subsidies, except those pertaining to the International Wheat Agreement, and (ii) barter involving export of agricultural commodities in exchange for strategic and other approved materials. He also has responsibility for the administration under policies and programs approved by the Board of those operations which are carried out through facilities and personnel of the FAS. He also performs such special duties and exercises such powers as may be prescribed from time to time by the Secretary of Agriculture, the Board, or the President of the Corporation.

3. *Other Vice Presidents:*

(a) The other Vice Presidents assist the President and the Executive Vice President in the performance of their duties and exercise of their powers to

such extent as the President or the Executive Vice President shall prescribe, and shall perform such special duties and exercise such powers as may be prescribed from time to time by the Secretary of Agriculture, the Board, or the President of the Corporation.

(b) The Vice Presidents are authorized in the discharge of their responsibilities, subject to the general supervision and direction of the Executive Vice President, to establish and interpret policies, institute activities and operations, execute documents, issue instructions and orders, and perform any other necessary actions which are in accordance with the by-laws and programs and policies adopted by the Board of Directors.

C. *Authority of Directors of Divisions and Commodity Offices of ASCS.* The Directors of Divisions and Commodity Offices of ASCS are in general charge of the activities of CCC carried out through their respective Divisions and Offices.

D. *Acting capacity.* The person occupying, in an acting capacity, the office of any person designated ex officio by the bylaws of the CCC as an officer of CCC, acts as such officer during his occupancy of such office.

E. *Authority to execute contracts.* Contracts of CCC relating to any of its activities may be executed in its name by the Secretary of Agriculture or the President of CCC. The Vice Presidents, the Controller, the Treasurer, the Directors of the Divisions and Commodity Offices of ASCS may execute contracts relating to the activities of CCC for which they are respectively responsible. The Executive Vice President, and subject to the written approval of the appointment by the Executive Vice President, the Vice Presidents, the Controller, the Directors of the Divisions and Commodity Offices of ASCS may appoint, by written instrument or instruments, such Contracting Officers as they deem necessary, who may, to the extent authorized by such instrument or instruments, execute contracts in the name of CCC. The names of such officers and information with respect to their authority may be obtained from the appropriate Director or the Secretary of CCC, U.S. Department of Agriculture, Washington 25, D.C.

F. *Authority to settle claims.* The Executive Vice President, CCC, and the Vice President, CCC, who is Deputy Administrator, Price and Production, ASCS, may settle and adjust claims in controversy by or against CCC and their designees may carry out such responsibilities with respect to the settlement and adjustment of claims as may be delegated to them. The Directors of Divisions and Commodity Offices of ASCS may settle and adjust any claim arising out of activities under their jurisdiction not in excess of the face amount of \$20,000 or in excess of such amount with the approval of the Executive Vice President or Vice President, CCC, who is Deputy Administrator, Price and Production, ASCS. The State Executive Directors of ASCS State Offices may settle and adjust any claim

arising out of CCC activities under their jurisdiction not in excess of the face amount of \$5,000 or in excess of such amount with the approval of the Executive Vice President or Vice President, CCC, who is Deputy Administrator, Price and Production, ASCS. Authorized claims officers may carry out such responsibilities with respect to settlement and adjustment of claims as may be delegated to such claims officers. The names of such officers and information with respect to their authority may be obtained from the Secretary, CCC.

V. *Availability of Records and Information—A. Records.*

1. Records pertaining to CCC activities classified under the Security Regulations of the U.S. Department of Agriculture shall be handled in accordance with such regulations. Records not so classified shall be handled as set forth in 2 and 3 below.

2. Dockets proposed for submission to the Board of Directors and dockets approved by the Board of Directors, together with supporting documents and approved resolutions, are classified "Administratively Confidential" for a specified period depending upon the nature thereof. While so classified, such records will be made available to persons outside the U.S. Department of Agriculture only upon specific authorization by the Board of Directors or written approval by the President, CCC, or Secretary of Agriculture. After the "Administratively Confidential" classification has been removed, such records are available for examination to anyone having an interest therein. Such access is in a designated office or offices within the U.S. Department of Agriculture where such records are maintained as a matter of public record. Copies of such records are not available for distribution.

3. Under the Administrative Regulations of the Department (1 AR 536b(3)) minutes of meetings of the Board of Directors, CCC (except resolutions extracted therefrom), are administratively confidential and are not subject to examination except in the performance of official duties. Resolutions, other than those approving dockets, and the records of Divisions and Offices of the Department pertaining to CCC activities, including those maintained in field offices, will be made available to persons properly and directly concerned upon request to the agency handling the activity.

B. *Information.* Any person desiring information or to make submittals or requests with respect to CCC activity should address the Director of the Division or Office through which such activity is carried out, or the Secretary of CCC, U.S. Department of Agriculture, Washington 25, D.C.

VI. *Prior authorizations and delegations.* The statement of Organization, Functions and Delegations of Authority of CCC issued January 18, 1961 (26 F.R. 375), is hereby superseded. All sub-delegations of authority relating to any function covered by such superseded statement or by this statement shall remain in effect except as they are inconsistent herewith or are hereafter amended or revoked. Nothing herein

¹ The bylaws adopted June 30, 1961, are set forth at 26 F.R. 8321. Subsequent amendments thereto will be published in the FEDERAL REGISTER. This statement of authority shall not be construed as waiving any restrictions, limitations, or requirements stated in the specific delegation of authority or imposed in governing policies, rules, regulations or procedures.

shall affect the validity of any action heretofore taken under previous delegations or subdelegations of authority or assignment of functions.

Done at Washington, D.C., this 18th day of July 1962.

ORVILLE L. FREEMAN,
Secretary of Agriculture.

DEPARTMENT OF LABOR

Wage and Hour Division

CERTIFICATES AUTHORIZING EMPLOYMENT OF FULL-TIME STUDENTS WORKING OUTSIDE OF SCHOOL HOURS IN RETAIL OR SERVICE ESTABLISHMENTS AT SPECIAL MINIMUM WAGES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended, 29 U.S.C. 201 et seq.), the regulations on employment of full-time students (29 CFR Part 519), and Administrative Order No. 561 (27 F.R. 4001) the establishments listed in this notice have been issued special certificates authorizing the employment of full-time students working outside of school hours at hourly wage rates lower than the minimum wage rates otherwise applicable under section 6 of the Act. The effective and expiration dates, type of establishment and total number of employees of the establishment are as indicated below.

The following certificates were issued pursuant to 29 CFR 519.6 (c) and (g) providing for an allowance not to exceed the proportion of the total number of hours worked by full-time students at rates below \$1.00 an hour to the total number of hours worked by all employees in the establishment during the base period, or 10 percent, whichever is lesser, in occupations of the same general classes in which the establishment employed full-time students at wages below \$1.00 an hour in the base period. Pursuant to § 519.6(b) of the regulation, the minimum certificate rates are not less than 85 percent of the minimum applicable under section 6 of the Fair Labor Standards Act.

Each certificate has been issued upon the representations of the employer which, among other things, were that employment of full-time students at special minimum rates is necessary to prevent curtailment of opportunities for employment, and the hiring of full-time students at special minimum rates will not tend to displace full-time employees. The certificates may be annulled or withdrawn, as indicated therein, in the manner provided in Part 528 of Title 29 of the Code of Federal Regulations. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of 29 CFR 519.9.

Signed at Washington, D.C., this 13th day of July 1962.

FEDERAL POWER COMMISSION

[Docket No. G-18419 etc.]

AMERICAN LOUISIANA PIPE LINE CO. AND MICHIGAN WISCONSIN PIPE LINE CO.

Order Fixing Date for Oral Argument

JULY 16, 1962.

American Louisiana Pipe Line Company, Docket No. G-18419; Michigan Wisconsin Pipe Line Company, Docket No. G-12292, G-17512 and RP60-9.

By order issued October 21, 1961, herein, the Commission stated (1) that the stipulation appearing at pages 17 to 37 of the hearing transcript of these proceedings as modified by that order of October 21, 1961, "is a reasonable settlement of these rate proceedings" and (2) because of the positions of the Public Service Commission of Wisconsin and the State of Wisconsin "with respect to the rate of return for the so-called 'locked-in' proceedings (Docket Nos. G-12292 and G-17512) and the positions of Michigan Gas with respect to rate of return generally, we believe that this issue should be considered by us after receiving briefs and hearing oral argument of all parties to this proceeding who wish to be heard thereon. At the same time, all parties who wish to do so may present their contentions in brief and by oral argument on the point raised by Michigan Public Service Commission regarding the tax treatment of tax reserve account related to accelerated depreciation." The order also set December 15, 1961, as the due date of such briefs and provided that "oral argument will be heard by the Commission, on a date to be hereafter fixed."

The Commission finds: It is appropriate and in the public interest that the parties be given opportunity to present oral argument before the Commission as contemplated by the aforementioned order of October 21, 1961.

The Commission orders:

(A) Oral argument shall be held before the Commission at 10:00 a.m., e.s.t., on August 3, 1962 in the Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., respecting the rate-of-return issue as hereinabove set out.

(B) Each party to this proceeding desiring to participate in the oral argument shall advise the Secretary of the Commission on or before July 23, 1962 to that effect and shall state the amount of time it desires to have allocated for its argument. Parties having similar interests are urged to select one spokesman to argue their contentions and thus prevent repetitious arguments.

By the Commission.

JOSEPH H. GUTRIE,
Secretary.

[Docket No. CP62-274]

CITIES SERVICE GAS CO.

Notice of Application and Date of Hearing

JULY 17, 1962.

Take notice that on May 24, 1962, Cities Service Gas Company (Applicant), P.O. Box 1995, Oklahoma City, Oklahoma, filed in Docket No. CP62-274 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain facilities and the sale and delivery of natural gas to The Gas Service Company (Gas Company) for resale and distribution in and about the City of Crane, Missouri, all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicant proposes to tap its existing Saginaw-Springfield 16-inch pipeline and construct a meter setting and appurtenant regulator equipment in Christian County, Missouri.

The application shows the following estimated peak day and annual requirements for Crane:

Mcf at 14.73 psia		
Year:	Peak day	Annual
First.....	289	17,757
Second.....	449	40,758
Third.....	574	54,199

The proposed sale by Applicant to Gas Company will be made under the former's FPC Gas Rate Schedules F-2, C-2, and I-2.

The application shows the estimated cost of the proposed facilities to be \$3,450, which cost will be financed from treasury cash.

Gas Company will construct and operate a gas distribution system in Crane. Gas Company has been granted a franchise by Crane and a certificate of convenience and necessity by The Public Service Commission of Missouri.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on August 27, 1962, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance

with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 15, 1962. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

JOSEPH H. GUTRIDE,
Secretary.

FEDERAL RESERVE SYSTEM

MARINE CORP.

Order for Public Hearing

In the matter of the application of The Marine Corporation, Milwaukee, Wisconsin, pursuant to section 3(a) (2) of the Bank Holding Company Act of 1956.

On June 20, 1962, there was published in the FEDERAL REGISTER (27 F.R. 5828) a notice of receipt by the Board of Governors of an application filed pursuant to section 3(a) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842 (a)), by The Marine Corporation, Milwaukee, Wisconsin, for the Board's prior approval of the acquisition by applicant of 80 percent or more of the voting shares of the Beloit State Bank, Beloit, Wisconsin.

Pursuant to section 3(b) of the said Act (12 U.S.C. 1842(b)), the Board is required to notify the appropriate Federal or State supervisory authority of the filing of the application; to allow 30 days for the submission of views and recommendations by such authority; and if, within such 30-day period, the said authority disapproves the application in writing, to schedule a hearing on the application.

Notice of receipt of the subject application was duly given to the Commissioner of Banks for the State of Wisconsin, and 30 days allowed for the submission of his views and recommendations.

The Board has received, within the statutory 30-day period, a letter from the Commissioner of Banks for the State of Wisconsin, recommending that the application be denied. Accordingly,

It is hereby ordered, That, pursuant to section 3(b) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(b)) and § 222.4(f) of the Board's Regulation Y (12 CFR 222.4(f)), a public hearing with respect to this application be held commencing August 14, 1962, at 10 a.m., at the Federal Reserve Bank, Chicago, Illinois, before a duly designated hearing examiner, such hearing to be conducted in accordance with the Board's Rules of Practice for Formal Hearings (12 CFR Part 263).

It is further ordered, That the following matters will be the subject of consideration at said hearing, without prejudice to the designation of additional related matters and questions upon further examination: (1) The financial history and condition of the company and the banks concerned; (2) the prospects

of said company and banks; (3) the character of their management; (4) the convenience, needs, and welfare of the communities and area concerned; and (5) whether or not the effect of such acquisition would be to expand the size or extent of the bank holding company system involved beyond limits consistent with adequate and sound banking, the public interest, and the preservation of competition in the field of banking.

It is further ordered, That any person desiring to give testimony in these proceedings should file with the Secretary, Board of Governors of the Federal Reserve System, Washington 25, D.C., on or before August 6, 1962, a written request containing a statement of the nature of the petitioner's interest in the proceedings, a summary of the matters concerning which petitioner wishes to give testimony, and the names and identity of witnesses who will be offered. Such requests will be presented to the designated hearing examiner for his determination, and persons submitting them will be notified of his decision.

Dated at Washington, D.C., this 18th day of July 1962.

By order of the Board of Governors.

[SEAL] MERRITT SHERMAN,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-3842]

BLACK BEAR INDUSTRIES, INC.

Order Summarily Suspending Trading

JULY 17, 1962.

The common stock, par value 15 cents a share, of Black Bear Industries, Inc. (formerly Black Bear Consolidated Mining Co.), being listed and registered on the San Francisco Mining Exchange, a national securities exchange; and

The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on such Exchange and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion further that such suspension is necessary in order to prevent fraudulent, deceptive, or manipulative acts or practices, with the result that it will be unlawful under section 15(c) (2) of the Securities Exchange Act of 1934 and the Commission's Rule 15c2-2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of such security, otherwise than on a national securities exchange;

It is ordered, Pursuant to section 19(a) (4) of the Securities Exchange Act of 1934 that trading in said security on the San Francisco Mining Exchange be summarily suspended in order to prevent fraudulent, deceptive or manipulative

acts or practices, this order to be effective for a period of ten (10) days, July 18, 1962, to July 27, 1962, both dates inclusive.

By the Commission.
