SUBCHAPTER B—FARM MARKETING QUOTAS AND ACREAGE ALLOTMENTS

[Amdt. 5]

PART 730—RICE

Subpart—Rice Marketing Quota Regulations for 1958 and Subsequent Crop Years

MISCELLANEOUS AMENDMENTS

The amendments herein are issued pursuant to and in accordance with the Agricultural Adjustment Act of 1938, as amended.

The first amendment is for the purpose of making it clear that in determining farm normal yields of rice the adjustments provided for on account of drought, flood, insect pests, plant disease, or other uncontrollable natural cause are applicable both to yields based on reliable records and to appraised yields. As presently written the adjustments appear to apply to appraised yields only.

The second amendment is for the purpose of issuing regulations which require generally that the classes and grades of rice stored for the purpose of avoiding or postponing a marketing quota penalty be representative of the quantity of rice produced by the producer on the farm who is storing such farm marketing excess.

The third amendment is for the purpose of making it clear that warehouse receipts may be accepted in escrow by the county office manager covering the farm marketing excess when a lien is held by another party against the producer's entire crop.

The fourth amendment authorizes the issuance of a marketing card or marketing certificate to a producer in a producer State who the county or State committee has reason to believe has not been engaged in the production of rice on a farm and whose allocation to such farm of his producer allotment may be subject to recall under § 730.1021(e) if the producer deposits in escrow the amount of penalty which will be determined if such recall is made, or stores the farm marketing excess of rice to postpone or avoid payment of such penalty in accordance with regulations, pending the holding of the formal hearing under § 730.1021(e). If such producer is found by the county or State committee at such hearing to have been engaged in the production of rice on the farm the funds in escrow will be refunded or the amount of rice stored to postpone or avoid such penalty will be released to the producer. Issuance of this amendment will promote the orderly

marketing of rice by enabling producers who so guarantee payment of the penalty to secure for themselves and all other producers on the farm marketing cards or marketing certificates by which they may market their rice without waiting until the formal hearing under § 730.1021(e) has been held.

Since farmers in producer States are now in the process of harvesting their 1962 crop of rice these amendments are needed immediately in connection with the orderly marketing of such crops, and it is hereby found that with respect to these amendments compliance with the notice, procedure, and effective date provisions of the Administrative Procedure Act (5 U.S.C. 1003) is impracticable and contrary to the public interest and these amendments shall become effective upon filing with the Director, Office of the Federal Register.

§ 730.953 [Amendment]

1. Section 730.953 is amended by deleting from paragraph (c) the second and third sentences thereof and including the context of these sentences into a new paragraph (d) to read as follows:

(d) *Adjustments for uncontrollable natural causes.* If on account of drought, flood, insect pests, plant disease, or other uncontrollable natural cause, the yield determined under paragraph (b) or (c) of this section for any year of such 5-year period is less than 75 per centum of the average, 75 per centum of such average shall be substituted therefor in calculating the normal yield per acre for the farm. If, on account of abnormally favorable weather conditions, the yield for any year of such period is in excess of 125 per centum of the average, 125 per centum of such average shall be substituted therefor in calculating the normal yield per acre for the farm.

§ 730.980 [Amendment]

2. Section 730.980(a) is amended (a) by changing the title to read as follows: "(a) *Amount, type and grade of rice to be stored*" and

(b) by adding the following new sentence at the end thereof: "The amount of rice so stored shall be of those classes and grades which are representative of the entire quantity of rice produced on the farm, as determined by the county committee, except that if the rice produced on the farm consists of two or more classes or varieties of rice which mature and are harvested at different and distinct times and the producer stores the excess rice from the class or variety first harvested prior to the harvest of the remaining types or varieties, the stored amount shall be representative of the class or variety first harvested, as determined by the county committee: *Provided*, That if an individual producer on the farm stores the entire marketing excess determined for the farm, or his pro rata share of such

farm marketing excess as determined under § 730.975(c), the rice so stored shall be representative of the classes and grades produced on the farm by him, as determined by the county committee."

3. Section 730.980(c) is amended by adding the following new sentences at the end thereof: "A warehouse receipt covering a farm marketing excess or any pro rata share of a farm marketing excess may be accepted in escrow in accordance with this paragraph even though a lien is held by another party against the producer's entire crop. Upon notice of foreclosure proceedings to enforce the lien, the county office manager shall advise the lien holder and the purchaser of the rice at the foreclosure sale that penalty shall become due and payable upon the sale of the rice and of the purchaser's liability to collect and remit the penalty."

4. A new § 730.966 is added to read as follows:

§ 730.966 Issuance of marketing card or marketing certificate after guarantee of penalty.

Notwithstanding any other provision of the regulations in this part, upon request of any producer on a farm on which there is a producer who the county or State committee has reason to believe has not been engaged in the production of rice on such farm, marketing cards or marketing certificates, whichever are appropriate under §§ 730.967 and 730.968, will be issued to the producers on such farm upon the deposit of funds with the county office manager sufficient to pay the penalty on the farm marketing excess which may be determined for the farm if the allocation to the farm of such producer's allotment is recalled after hearing provided by § 730.1021(e) of the rice acreage allotment regulations in this part, or if the payment of such penalty is secured by storage of such farm marketing excess in accordance with the regulations in this part. If pursuant to the hearing held pursuant to § 730.1021(e) the producer is found not to have been engaged in the production of rice on such farm and the allocation of his producer allotment to such farm is recalled, the funds so deposited in escrow will be applied to payment of the penalty found to be due and the rice so stored will be considered as rice stored to postpone or avoid payment of the penalty; and if the producer is found to have been engaged in the production of rice on the farm, the funds deposited in escrow will be returned to the producer making such deposit and any rice stored to secure payment of the penalty, together with any bond given in connection herewith, will be released to the producer storing the rice.

Chapter VIII—Agricultural Stabilization and Conservation Service (Sugar), Department of Agriculture

SUBCHAPTER I—DETERMINATION OF PRICES

[Sugar Determination 871.15]

PART 871—SUGAR BEETS

Fair and Reasonable Prices, 1962 Crop

Pursuant to the provisions of section 301(c)(2) of the Sugar Act of 1948, as amended by the act approved July 13, 1962 (herein referred to as "act"), after investigation and due consideration of evidence presented at public hearings held in October and December of 1961, the following determination is hereby issued.

§ 871.15 Fair and reasonable prices for the 1962 crop of sugar beets.

A producer of sugar beets who is also a processor of sugar beets (herein referred to as "processor") shall have paid, or contracted to pay for all sugar beets of the 1962 crop grown by other producers and processed by him, in accordance with the following requirements:

(a) *Purchase agreements.* (1) The price for all sugar beets delivered by a producer and processed by a processor in regions other than the Imperial Valley, California, shall be not less than that required to be paid pursuant to the 1962-crop sugar beet purchase contract between the processor and the producer for sugar beets processed from the acreage specified in such contract.

(2) The price for sugar beets in Imperial Valley, California, shall be not less than that required to be paid pursuant to the 1962 crop sugar beet purchase contract which may be negotiated between the processor and the producer unless the price for sugar beets in Imperial Valley, California, is determined by an amendment to this determination prior to March 31, 1963.

(3) If the processor, in determining the net proceeds pursuant to the contract, makes a deduction from the gross sales price of sugar for factory-site bulk sugar storage facilities owned by the processor, such deduction shall be limited to amortization of such facilities, including improvements, over a reasonable period, interest at prevailing rates on the unrecovered cost, taxes, insurance, maintenance, and operating costs properly applicable thereto. After the cost of the facilities, including improvements, have been fully recovered such deduction shall be limited to taxes, insurance, maintenance, and operating costs properly applicable thereto.

(4) In determining the net proceeds pursuant to the contract, the gross sales price per 100 pounds to be applicable to sugar sold to an affiliate company or other affiliate business entity, or to sugar used by the processor during the settlement period, shall be not less than the weighted average quoted basis price, less customary allowances, and plus appropriate prepaids and package differentials which would have been applicable to such sugar had it been marketed to non-affiliated purchasers.

(b) *Reporting requirements.* The processor shall submit to the Director, Sugar Division, Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture, Washington 25, D.C., within 60 days after the close of the sales period specified in the sugar beet purchase contract an itemized statement, for each settlement district, certified by an independent accountant showing the computation of "net proceeds" or "net returns" as provided in such contract, such statement to be in substantially the form as that contained in Schedule A attached hereto and made a part hereof: *Provided*, That, if the processor markets sugar to an affiliate company or other affiliate business entity or if the processor uses any beet sugar, the weighted average gross sales price for each category, the marketing expenses applicable to each, and the net proceeds derived therefrom shall be reported in substantially the form shown on Schedule A-1 attached hereto and made a part hereof, to supplement the information submitted in accordance with Schedule A: *Provided further*, That, if the processor in determining net proceeds makes a deduction for factory-site bulk sugar storage facilities owned by the processor, the total cost of such facilities, including improvements, the amount of the deduction and the expenses used in determining such deduction shall be reported in substantially the form shown on Schedule A-2 attached hereto and made a part hereof, to supplement the information submitted in accordance with Schedule A.

(c) *Subterfuge.* The processor shall not reduce returns to producers below those determined in accordance with the requirements of this section through any subterfuge or device whatsoever.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination establishes the fair and reasonable price requirements which must be met, as one of the conditions for payment under the act, by a producer who processes sugar beets of the 1962 crop grown by other producers.

(b) *Requirements of the act.* Section 301(c)(2) of the act provides that the producer on the farm who is also, directly or indirectly, a processor of sugar beets or sugarcane, as may be determined by the Secretary, shall have paid, or contracted to pay under either purchase or toll agreements, for any sugar beets or sugarcane grown by other producers and processed by him at rates not less than those that may be determined by the Secretary to be fair and reasonable after

investigation and due notice and opportunity for public hearing.

(c) *1962 fair price determination.* This determination provides that in regions other than Imperial Valley, California, a processor shall be deemed to have complied with the fair price provisions of the act if he has paid, or contracted to pay, a price for all sugar beets processed not less than the price determined pursuant to the applicable 1962-crop purchase contract with producers for sugar beets processed from the acreage specified in such contract. The price for 1962-crop sugar beets in Imperial Valley, California, shall be that determined pursuant to purchase contracts which may be negotiated between the processor and producers unless such price is deemed to be inequitable or a contract is not negotiated. Other provisions of the 1961-crop determination are continued substantially unchanged.

At the public hearing held at Sacramento, California, on October 7, 1961, the witness for the California Beet Growers Association again recommended that the Department make a thorough study of all phases of grower-processor contractual relations, including consideration for a basis of determining payments for beets other than net selling price. He also recommended that the determination provide that charges and credits to the net selling price for sugar be spelled out to assure uniform treatment of these items by all processors; and that each processor be required to furnish to its growers a certification by a certified public accountant setting forth in detail the manner in which the net selling price was computed. The witness also testified that his association was opposed in principle to grower participation in the cost of financing bulk sugar facilities which are a capital asset of the processor. The representative of the Holly Sugar Corporation stated that changes in its 1962 Northern California contract included a provision for a deduction, as a marketing expense, of 3 cents per hundredweight of sugar sold during the settlement period in the event the processor decided to construct bulk sugar storage bins in California; that such deduction would be made until the aggregate amount deducted equalled the cost of the bins including interest, taxes, insurance, and maintenance costs properly applicable thereto, and, thereafter, a deduction would be made for the costs incurred for taxes, insurance, and maintenance of such bins. The representative of the American Crystal Sugar Company stated that although it had no plans for the construction of mill site storage bins for bulk sugar there was a possibility it might want to construct such storage facilities in the future. The representatives for Holly and American Crystal each stated that arrangements with growers apart from their contracts include the payment of hauling allowances to growers and a 3 cent per net ton charge to growers for the hauling of dirt in screenings away from the company beet dumps. The representative of the Union Sugar Division, Consolidated Foods Corporation, stated that the changes in its 1962-crop coastal contract

In the Imperial Valley (California) the 1962 crop will not be planted to sugar beets until the fall of 1962 and the purchase contracts are not now available for examination. When such contracts for this region are received by the Department, they will be examined to determine whether the terms and conditions provide for an equitable sharing relationship. If the pricing provisions are found to be fair and reasonable, no amendment to this determination will be required. However, if any of the contracts do not provide for an equitable sharing of returns, or if contracts are not

§ 984.0 Findings and determinations.

(a) *Previous findings and determinations.* The findings and determinations hereinafter set forth are supplementary, and in addition, to the findings and determinations which were made in connection with the issuance of the order and of the previously issued amendments thereto; and all of the said previous findings and determinations are hereby ratified and affirmed except insofar as such previous findings and determinations may be in conflict with the findings and determinations set forth herein. (For prior findings and determinations see 13 F.R. 4344, 19 F.R. 4214, 20 F.R. 5387, 22 F.R. 7885 and 22 F.R. 8775.)

(b) *Findings upon the basis of the hearing record.* Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674), and the applicable rules of practice and procedure, as amended (7 CFR Part 900), a public hearing was held in San Fran-

cisco, California, on April 5, 1962, on a proposed amendment of the amended marketing agreement and order (7 CFR Part 984), regulating the handling of walnuts grown in California, Oregon and Washington. On the basis of the evidence adduced at the hearing, and the record thereof, it is found that:

(1) The order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The order, as amended, and as hereby further amended, regulates the handling of walnuts grown in California, Oregon and Washington in the same manner as, and is applicable only to persons in the respective classes of industrial or commercial activity specified in, the marketing agreement and order upon which hearings have been held;

(3) The order, as amended, and as hereby further amended, is limited in its application to the smallest regional production area which is practicable, consistently with carrying out the declared policy of the act and issuance of several orders applicable to subdivisions of the area of production would not effectively carry out the declared policy of the act;

(4) The order, as amended, and as hereby further amended, prescribes, so far as is practicable, such different terms applicable to different parts of the production area as are necessary to give due recognition to differences in the production and marketing of the walnuts covered thereby; and

(5) All handling of walnuts as defined in the order is in the current of interstate or foreign commerce, or directly burdens, obstructs or affects such commerce.

(c) *Additional findings.* It is hereby further found that good cause exists for not postponing the effective time of this order beyond the time of its publication in the FEDERAL REGISTER (5 U.S.C. 1003 (c)) because: (1) Regulations for the 1962-63 marketing year should be considered before harvest which will soon begin and such regulations should be arrived at pursuant to the marketing order under which they will be administered; and (2) delayed application hereof would have an unfavorable effect on regulated persons in that they would have to adjust their marketing plans and operations to accommodate program changes after handling of the 1962 walnut crop had begun.

(d) *Determinations.* It is hereby determined that:

(1) The "Amended Marketing Agreement Regulating the Handling of Walnuts Grown in California, Oregon, and Washington", upon which the aforesaid public hearing was held, has been signed by handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping walnuts covered by this order) who, during the period August 1, 1961, through June 30, 1962, handled not less than 50 percent of the volume of such walnuts covered by said order; and

(2) The issuance of this order is favored or approved by at least two-thirds

of the producers who participated in a referendum on the question of its approval and who, during the representative period (August 1, 1961, through June 30, 1962) were engaged within the area of production specified in this order, in the production of walnuts for market.

It is, therefore, ordered, That, on and after the effective time hereof, all handling of walnuts grown in California, Oregon, and Washington shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid order, as amended, and as hereby further amended as follows:

DEFINITIONS

§ 984.1 Secretary.

"Secretary" means the Secretary of Agriculture of the United States, or any other officer or employee of the United States Department of Agriculture who is, or who may be, authorized to perform the duties of the Secretary of Agriculture of the United States.

§ 984.2 Act.

"Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.)

§ 984.3 Person.

"Person" means an individual, partnership, corporation, association, or any other business unit.

§ 984.4 Area of production.

"Area of production" means the States of California, Oregon, and Washington, of which the State of California shall be District 1, and the States of Oregon and Washington District 2.

§ 984.5 Grower.

"Grower" is synonymous with "producer" and means any person engaged in a proprietary capacity in the commercial production of walnuts.

§ 984.6 Board.

"Board" means the Walnut Control Board established pursuant to § 984.35.

§ 984.7 Marketing year.

"Marketing year" means the twelve months from August 1 to the following July 31, both inclusive.

§ 984.8 Walnuts.

"Walnuts" means only walnuts of the "English" (*Juglans regia*) varieties grown in the States of California, Oregon, and Washington.

§ 984.9 Inshell walnuts.

"Inshell walnuts" means walnuts the kernels of which are contained in the shell.

§ 984.10 Shelled walnuts.

"Shelled walnuts" means walnut kernels after the shells are removed.

§ 984.11 Merchantable walnuts.

(a) *Inshell.* "Merchantable inshell walnuts" means all inshell walnuts meeting the minimum grade and size regulations set forth in § 984.50.

(b) *Shelled.* "Merchantable shelled walnuts" means all shelled walnuts meeting the minimum grade and size regulations effective pursuant to § 984.50.

§ 984.12 Substandard walnuts.

"Substandard walnuts" means all walnuts (whether inshell or shelled) the kernels of which do not meet the minimum standard prescribed for merchantable shelled walnuts.

§ 984.13 To handle.

"To handle" means to sell, consign, transport or ship (except as a common or contract carrier of walnuts owned by another person), or in any other way to put walnuts, inshell or shelled, in the current of commerce either within the area of production, or from such area to any point outside thereof, or for a manufacturer or retailer within the area of production to purchase directly from a grower: Except, that the term "to handle" shall not include sales and deliveries within the area of production by growers to handlers, or the authorized disposition of merchantable restricted, surplus, or substandard walnuts.

§ 984.14 Handler.

"Handler" means any person who handles inshell or shelled walnuts.

§ 984.15 To pack.

"To pack" means to bleach, clean, grade, or otherwise prepare walnuts for market as inshell walnuts.

§ 984.16 Packer.

"Packer" means any person who is engaged in the business of packing walnuts or has walnuts packed for his account and handles them as inshell walnuts, categorized as either:

(a) *Cooperative packer*, meaning any packer which is a cooperative marketing association of growers regardless of where or under what laws it may be organized; or

(b) *Independent packer*, meaning any packer who is not a cooperative packer.

§ 984.17 Pack.

"Pack" means a specific commercial classification according to size, internal quality, and external appearance and condition, of merchantable inshell walnuts, packed in accordance with the pack specifications prescribed pursuant to § 984.50.

§ 984.18 Sheller.

"Sheller" means any person who is engaged in the business of shelling walnuts or has walnuts shelled for his account and handles them as shelled walnuts.

§ 984.19 Manufacturer.

"Manufacturer" means any person who uses walnuts in the production of bakery goods, ice cream, candy, or other food products, except walnut oil.

§ 984.20 Kernelweight.

"Kernelweight" means the total weight of the kernels in a quantity of walnuts regardless of their quality.

§ 984.21 Handler carryover.

"Handler carryover," as of any date, means:

(a) *Inshell.* All merchantable inshell walnuts (except those held in satisfaction of control obligations) wherever located, then held by a handler or for his account (whether or not sold), plus the estimated quantity of merchantable inshell walnuts in lots then held by a handler for packing as merchantable inshell walnuts;

(b) *Shelled.* All merchantable shelled walnuts (except those held as surplus) wherever located, then held by a handler or for his account (whether or not sold), plus the estimated quantity of merchantable shelled walnuts to be produced from inshell and shelled walnuts then held by a handler.

§ 984.22 Trade demand.

(a) *Inshell.* The quantity of merchantable inshell walnuts which the trade will acquire from all handlers during a marketing year for distribution in the United States, Puerto Rico, and the Canal Zone.

(b) *Shelled.* The quantity of merchantable shelled walnuts which the trade will acquire from all handlers during a marketing year for distribution in the United States, Puerto Rico, and the Canal Zone.

(c) *Inclusion of Canada and Cuba in trade demand.* Whenever there is reasonable probability that distribution of inshell and shelled walnuts may be made to the trade in either Canada or Cuba at prices reasonably comparable with prices received in the United States, either or both may be included in the trade demand.

§ 984.23 Free walnuts.

"Free walnuts" means those inshell walnuts which are included in the free percentage established by the Secretary pursuant to § 984.49.

§ 984.24 Restricted walnuts.

"Restricted walnuts" means those inshell walnuts which are withheld in satisfaction of a restricted obligation arising from application of a restricted percentage.

§ 984.25 Marketable walnuts.

"Marketable walnuts" means those walnuts, inshell or shelled, which are included in the marketable percentage established by the Secretary pursuant to § 984.49.

§ 984.26 Surplus walnuts.

"Surplus walnuts" means those inshell or shelled walnuts which are withheld in satisfaction of a surplus obligation arising from application of a surplus percentage.

§ 984.27 Allocation percentage.

"Allocation percentage" means the quotient, expressed as a percentage with applied accuracy to the nearest pound, that results from dividing the restricted percentage by the free percentage.

§ 984.28 Diversion percentage.

"Diversion percentage" means the quotient, expressed as a percentage with ap-

plied accuracy to the nearest pound, that results from dividing the surplus percentage by the marketable percentage.

§ 984.29 Control percentages.

"Control percentages" means free, restricted, marketable, and surplus percentages established by the Secretary pursuant to § 984.49.

§ 984.30 Control obligations.

"Control obligations" means the quantity of walnuts each handler must withhold to meet the restricted or the surplus percentage established by the Secretary pursuant to § 984.49.

§ 984.31 Part and subpart.

"Part" means the order regulating the handling of walnuts grown in California, Oregon, and Washington, and all rules, regulations, and supplementary orders issued thereunder. This order regulating the handling of walnuts grown in California, Oregon, and Washington shall be a "subpart" of such part.

ADMINISTRATIVE BODY

§ 984.35 Walnut Control Board.

(a) A Walnut Control Board is hereby established, consisting of ten members, selected by the Secretary, each of whom shall have an alternate nominated and selected in the same way and with the same qualifications as the member. One member and one alternate member shall be selected by the Secretary from nominees submitted by each of the following groups or from among other eligible persons belonging to such groups:

(1) The cooperative packers doing business within the State of California;

(2) The independent packers doing business within the State of California;

(3) The group of cooperative packers or independent packers doing business within the State of California, who, during the preceding marketing year, handled more than 50 percent of the merchantable inshell walnuts handled by packers located within the State of California;

(4) Walnut growers whose orchards are located in California and who market their walnuts through cooperative packers;

(5) All other walnut growers whose orchards are located in California;

(6) Walnut growers whose orchards are located in California and whose walnuts were marketed during the preceding marketing year through the packer group specified in subparagraph (3) of this paragraph;

(7) Walnut packers whose plants are located within the States of Oregon or Washington;

(8) Walnut growers whose orchards are located within the States of Oregon or Washington;

(9) Walnut shellers within the area of production who are handlers but who are not packers.

(b) The tenth member shall be selected after the selection of the nine members from the above specified groups and after opportunity for such nine members to nominate the tenth member.

§ 984.36 Term of office.

The term of office of Board members and alternate members shall be for a period of two years ending on June 30 of odd-numbered years, but they shall serve until their respective successors are selected and have qualified.

§ 984.37 Nominations.

(a) Each of the nine groups specified in § 984.35 may nominate one person as member and one person as alternate, and the nine members selected to represent such groups may nominate by majority vote one person as member and one person as alternate for the tenth member position. Nominations for each group of handlers shall be submitted on ballots mailed by the Board to all handlers in such groups. Nominations on behalf of growers who market their walnuts through cooperative handlers shall be submitted on ballots cast by each such handler for its growers. Except, that growers in group 8 shall vote individually. Nominations on behalf of growers in groups 5 (and 6 when group 7 represents independent packers) and 8 shall be submitted after ballot by such growers pursuant to announcements by press releases of the Board to the principal papers in the walnut producing area in California, Oregon, and Washington. Such releases shall provide pertinent voting information, including the names of the candidates and the locations where ballots may be obtained. The ballots shall be accompanied by full instructions as to their marking and mailing and shall include the names of the incumbents who are willing to continue serving on the Board and such other candidates as may be proposed pursuant to methods established by the Board, with the approval of the Secretary. All packer votes shall be weighted by the quantity (rounded upward to the nearest whole ton) of merchantable inshell walnuts handled by each packer during the preceding marketing year and all grower votes shall be given equal weight. Sheller votes shall be weighted by the quantity of merchantable shelled walnuts handled by each sheller during the preceding marketing year. The packer, sheller, or grower receiving the highest vote for each position shall be the nominee.

(b) Nominations received in the foregoing manner by the Board shall be reported to the Secretary on or before June 15 of each odd-numbered year, together with a certified summary of the results of the nominations. If the Board fails to report nominations to the Secretary in the manner herein specified by June 15 of any such year, the Secretary may select the members without nomination. If nominations for the tenth member are not submitted by August 1 of any such year, the Secretary may select such member without nomination.

§ 984.38 Eligibility.

No person, other than the tenth member and alternate, shall be selected or continue to serve on the Board more

than 30 days after he ceases to be a member of or employed by a member of the group he represents.

§ 984.39 Qualify by acceptance.

Each person selected by the Secretary as a member or alternate of the Board shall, prior to serving; qualify by filing with the Secretary a written acceptance as soon as practicable after being notified of such selection.

§ 984.40 Alternates.

(a) An alternate for a member of the Board shall act in the place and stead of such member in his absence or in the event of his death, removal, resignation, or disqualification, until a successor for his unexpired term has been selected and has qualified.

(b) In the event any member of the Board and his alternate are both unable to attend a meeting of the Board, any alternate for any other member representing the same group as the absent member may serve in the place of the absent member, or in the event such other alternate cannot attend, or there is no such other alternate, such member, or in the event of his disability or a vacancy, his alternate may designate, subject to the disapproval of the Secretary, a temporary substitute to attend such meeting. At such meeting such temporary substitute may act in the place of such member. For the purposes of this paragraph, a cooperative handler group and a cooperative grower group in the same state shall be considered the same group.

§ 984.41 Vacancy.

Any vacancy occasioned by the removal, resignation, disqualification, or death of any member or alternate, or any need to select a successor through failure of any person selected as a member or alternate member to qualify, shall be recognized by the Board causing a nomination to be made by the appropriate group and certifying to the Secretary a new nominee within 60 calendar days.

§ 984.42 Expenses.

The members of the Board shall serve without compensation, but shall be allowed their necessary expenses.

§ 984.43 Powers.

The Board shall have the following powers:

(a) To administer the provisions of this part in accordance with its terms;

(b) To make rules and regulations to effectuate the terms and provisions of this part;

(c) To receive, investigate, and report to the Secretary complaints of violations of this part; and

(d) To recommend to the Secretary amendments to this part.

§ 984.44 Duties.

The duties of the Board shall be as follows:

(a) To act as intermediary between the Secretary and any handler or grower;

(b) To keep minute books and records which will clearly reflect all of its acts

and transactions, and such minute books and records shall at any time be subject to the examination of the Secretary;

(c) To furnish to the Secretary a complete report of all meetings and such other available information as he may request;

(d) To appoint such employees as it may deem necessary and to determine the salaries, define the duties, and fix the bonds of such employees;

(e) To cause the books of the Board to be audited by one or more competent public accountants at least once for each marketing year and at such other times as the Board deems necessary or as the Secretary may request, and to file with the Secretary three copies of all audit reports made;

(f) To investigate the growing, shipping and marketing conditions with respect to walnuts and to assemble data in connection therewith;

(g) To investigate compliance with the provisions of this part; and

(h) To recommend rules and regulations for the purpose of administering this subpart.

§ 984.45 Procedure.

(a) The members of the Board shall select a chairman from their membership, and shall select such other officers and adopt such rules for the conduct of Board business as they deem advisable. The Board shall give the Secretary the same notice of its meetings as is given to members of the Board.

(b) All decisions of the Board, except where otherwise specifically provided, shall be by majority vote of the members present. A quorum of six members shall be required for the conduct of Board business.

(c) The Board may vote by mail or telegram upon due notice to all members. When any proposition is submitted for voting by one of such methods, one dissenting vote or failure of a member or alternate to vote, shall prevent its adoption until submitted to a meeting of the Board.

RESEARCH AND DEVELOPMENT

§ 984.46 Research and development.

The Board, with the approval of the Secretary, may establish or provide for the establishment of marketing research and development projects designed to assist, improve, or promote marketing, distribution, and consumption of walnuts, the expense of such projects to be paid from funds collected pursuant to § 984.69.

MARKETING POLICY

§ 984.48 Marketing estimates and recommendations.

(a) Each marketing year prior to September 20, the Board shall hold a meeting for the purpose of recommending to the Secretary a marketing policy for such year. Such recommendation shall be adopted by the affirmative vote of at least six members of the Board and shall include the following:

(1) Its estimate of the orchard-run production in each district for the marketing year;

(2) Its estimate of the quantity of merchantable inshell walnuts likely to be produced and be available for inshell use during such year, expressed in pounds, inshell weight, and kernel weight;

(3) Its estimate of merchantable inshell walnut handler carryover as of August 1, expressed in pounds, inshell weight, and kernel weight;

(4) Its estimate of merchantable inshell walnut trade demand for such year, taking into consideration trade carryover at the beginning and end of the year, imports, prices, prospective shelled walnut market conditions, and other factors affecting inshell trade demand during such year, expressed in pounds, inshell weight, and kernel weight;

(5) Its recommendation for inshell walnut handler carryover on July 31 of such year expressed in pounds, inshell weight, and kernel weight;

(6) Its estimate of merchantable shelled walnut production during such marketing year;

(7) Its estimate of merchantable shelled walnut handler carryover as of August 1;

(8) Its estimate of merchantable shelled walnut trade demand, taking into consideration trade carryover, at the beginning and end of the year, imports, prices, and other factors affecting shelled walnut trade demand;

(9) Its recommendation for shelled walnut handler carryover on July 31 of such year;

(10) Its recommendation as to the merchantable free and restricted percentages to be fixed for inshell walnuts produced in each district. In recognition of differences in production and marketing, the Board shall recommend that the restricted percentage in District 2 be one-half of the percentage in District 1;

(11) Its recommendation as to the marketable and surplus percentages to be fixed for walnuts produced in each district. In recognition of differences in production and marketing, the Board shall recommend that the surplus percentage in District 2 be one-half of the percentage in District 1; and

(12) Its recommendation as to grade and size regulations.

§ 984.49 Control percentages.

(a) *Free and restricted percentages.* Whenever the Secretary finds on the basis of the Board's recommendations or other information that limiting the quantity of merchantable inshell walnuts which may be handled during a marketing year would tend to effectuate the declared policy of the Act, he shall establish for District 1 a free percentage to prescribe the portion of such walnuts which may be handled as inshell walnuts and a restricted percentage to prescribe the portion that must be withheld from such handling and similarly for District 2 except that the restricted percentage shall be one-half that of District 1.

(b) *Marketable and surplus percentages.* Whenever the Secretary finds on the basis of the Board's recommendations or other information that limiting the quantity of merchantable inshell and shelled walnuts which may be handled

during a marketing year would tend to effectuate the declared policy of the Act, he shall establish for District 1 a marketable percentage to prescribe the portion of such walnuts which may be handled in normal markets and a surplus percentage to prescribe the portion that must be withheld from handling in such markets and similarly for District 2 except that the surplus percentage shall be one-half that of District 1.

(c) *Revision of percentages.* In the same manner, at any time prior to February 15 of the marketing year, the Board may recommend that the marketable and free percentages be increased and the surplus and restricted percentages decreased. On the basis of the Board's recommendation or other information, the Secretary may establish revised control percentages. Upon revision, all control obligations theretofore accrued on walnuts handled or declared for handling during such year on the basis of previously effective percentages shall be adjusted accordingly.

QUALITY CONTROL

§ 984.50 Grade and size regulations.

(a) *Minimum standards for inshell walnuts.* No handler shall handle inshell walnuts unless such walnuts are equal to or better than the requirements of U.S. No. 3 grade and baby size as defined in the then effective United States Standards for Walnuts (*Juglans regia*) in the Shell. This minimum standard may be modified by the Secretary on the basis of a Board recommendation or other information.

(b) *Minimum standard for shelled walnuts.* No handler shall handle shelled walnuts unless such walnuts are equal to or better than the requirements of the U.S. Commercial grade as defined in the then effective United States Standards for Shelled Walnuts (*Juglans regia*) and the minimum size shall be pieces not more than 5 percent of which will pass through a round opening $\frac{3}{4}$ inch in diameter. This minimum standard may be modified by the Secretary on the basis of a Board recommendation or other information.

(c) *Effective period.* The minimum standards established pursuant to paragraphs (a) and (b) of this section and the provisions of this part relating to the administration thereof, shall continue in effect irrespective of whether the season average price for walnuts is above the parity level specified in section 2(1) of the Act.

(d) *Additional grade and size regulations.* The Board may recommend to the Secretary additional grade and size regulations in the form of more restrictive minimum standards than those specified in this section, or pack specifications as to grades and sizes that may be handled. Different regulations may be recommended for each district when necessary due to significant differences in the quality of walnuts produced in each district. If the Secretary finds, on the basis of such recommendation or other information, that additional grade and size regulations for a district would tend to effectuate the declared policy of

the Act, he shall establish such regulations.

(e) *Minimum requirements for surplus.* The Board, with the approval of the Secretary, may specify the minimum kernel content and related requirements for any lot of walnuts acceptable in satisfaction of a surplus obligation: *Provided*, That surplus walnuts exported must meet the requirements of paragraph (a) of this section, if inshell, or paragraph (b) of this section, if shelled.

§ 984.51 Inspection and certification of inshell and shelled walnuts.

(a) Before or upon handling or withholding any walnuts, each handler, at his own expense, shall cause such walnuts to be inspected and certified as meeting the then effective grade and size regulations or the quality requirements for walnuts withheld, by the inspection service designated, with approval of the Secretary, by the Board. Each certificate shall show the identity of the handler, the quantity of walnuts, the date of inspection, and for inshell walnuts, the kernelweight, and the grade and size of such walnuts as set forth in the United States Standards for Walnuts in the Shell. Certificates covering surplus shelled walnuts for export shall also show the grade, size, and color of such walnuts as set forth in the United States Standards for Shelled Walnuts. The Board may prescribe such additional information to be shown on the inspection certificates as it deems necessary for the proper administration of this part. Handlers shall cause a copy of each certificate issued by the inspection service to be furnished to the Board.

(b) Upon inspection, all certified walnuts shall be identified by seals, stamps, or other means of identification prescribed by the Board and affixed to the container by the handler under the supervision of the Board or a designated inspector and such identification shall not be altered or removed except as directed by the Board. The Board may, with the approval of the Secretary, prescribe such other requirements as may be necessary to insure adequate identification of such certified walnuts.

(c) Whenever the Board determines that the length of time in storage or conditions of storage of any lot of walnuts which has been previously inspected have been or are such as normally to cause deterioration, such lot of walnuts shall be reinspected at the handler's expense and recertified as merchantable prior to shipment.

§ 984.52 Processing of shelled walnuts.

(a) No handler shall slice, chop, grind, or in any manner change the form of shelled walnuts unless such walnuts have been certified as merchantable or as suitable for processing pursuant to paragraph (b) of this section. The Board shall establish such procedures as are necessary to insure that all such walnuts are inspected and certified prior to any such processing.

(b) Any lot of shelled walnuts which, upon inspection, fails to meet the minimum standard effective pursuant to § 984.50 solely due to excess shriveling may be certified for processing provided

that the total amount of shrivel does not exceed 20 percent, by weight, of the lot. All such walnuts must be reinspected after processing and shall be certified as merchantable if the processed material meets the effective minimum standard. The provisions of this paragraph may be modified by the Secretary, upon recommendation of the Board or other information.

CONTROLLED WALNUTS

§ 984.54 Withholding obligation.

(a) *Restricted obligation.* No handler shall handle inshell walnuts unless prior to or upon shipment thereof (or purchase if applicable), he has withheld a quantity, by weight, of certified merchantable inshell walnuts equal to the allocation percentage of the inshell walnuts handled or declared for handling by him: *Provided*, That such withholding may be temporarily deferred pursuant to the bonding provisions of § 984.57 and that the Board, with the approval of the Secretary, may modify the merchantable requirements for walnuts withheld for shelling.

(b) *Surplus obligation.* No handler shall handle walnuts unless prior to or upon shipment thereof (or purchase if applicable) he has withheld a quantity of walnuts meeting the requirements of § 984.50(e) and having a certified kernelweight equal to the diversion percentage of the kernelweight of all inshell walnuts handled or declared for handling and the actual net weight of all shelled walnuts handled or declared for handling by him: *Provided*, That such withholding may be temporarily deferred pursuant to the bonding provisions of § 984.57.

(c) Walnuts withheld as surplus shall be set aside and thereafter held for the account of the Board at the expense of the handler and, from the date of withholding, shall be available for inspection during reasonable business hours by the Board or its designees. Such walnuts shall be stored in such manner as to maintain them in the same condition as when certified for surplus, except for loss through conditions beyond the handler's control. Upon demand of the Board, they shall be delivered to the Board f.o.b. rail car or truck at handlers' warehouse or point of storage. All such surplus walnuts so withheld by the handler shall be at the time of withholding placed by the handler, at his own expense, in suitable containers, which may be prescribed by the Board and identified by appropriate seals, stamps, or other means of identification to be furnished by the Board and to be affixed to the containers by the handler under the direction or supervision of the Board or a designated inspector.

(d) The requirement for withholding a quantity of walnuts pursuant to paragraphs (a) and (b) of this section shall be the restricted and surplus obligations, respectively. The control obligations applicable to the district of production shall apply to any walnuts transferred to the other district prior to handling. Merchantable walnuts handled in accordance with the provisions of this subpart shall be deemed to be such handler's quota fixed by the Sec-

retary within the meaning of section 8a(5) of the act.

(e) Any handler may at any time prior to the end of the marketing year satisfy his control obligations with respect to a specified quantity of certified merchantable walnuts which he then owns and has on hand and on which he declares to the Board his intention to handle, by withholding a quantity of walnuts sufficient to meet the obligations on the walnuts so declared for handling. Such declared quantity, if not handled, and the applicable withholding may be canceled by the handler prior to the end of the marketing year.

(f) Any handler withholding restricted or surplus walnuts in excess of his respective obligations may have excess walnuts of his choice freed from withholding by complying with such procedures as the Board may require to insure compliance with his obligations and identification of the remaining walnuts withheld. Similarly, he may exchange other eligible walnuts for walnuts withheld.

§ 984.55 Interhandler transfers.

(a) Within the area of production inshell walnuts other than free walnuts may be sold or delivered by one handler to another for packing or shelling and the receiving packer or sheller shall comply with the regulations made effective pursuant to this part with respect to such walnuts.

(b) A handler may, for the purposes of meeting his control obligations, acquire walnuts from another handler, and any assessments, control obligations, and inspection requirements with respect to walnuts so transferred shall be waived insofar as the seller is concerned. The Board, with the approval of the Secretary, may establish methods and procedures including necessary reports for such transfers.

(c) Except as provided in paragraphs (a) and (b) of this section, whenever transfers of walnuts are made from one handler to another, the first handler thereof shall comply with all of the regulations effective pursuant to this part.

§ 984.56 Deferment of withholding.

(a) *General.* Compliance by any handler with the requirements of § 984.54 as to the time during the marketing year when restricted and surplus walnuts shall be withheld may be deferred to any date desired by the handler up to December 31 for restricted and March 31 for surplus obligations. Such deferment shall be granted only upon the execution and delivery by such handler to the Board of a written undertaking that on or prior to the dates specified he will have fully satisfied his control obligations.

(b) *Filing of bond.* Such undertaking shall be secured by a commercial surety bond or a personal bond with surety to be filed with, and acceptable to, the Board in the amount stated in paragraph (c) of this section, conditioned upon full compliance with such undertaking. The amount of the bond for deferment of compliance with a restricted or surplus obligation shall be the total weight of the applicable obligation multiplied by

the applicable bonding rate. The cost of the bond shall be borne by the handler.

(c) *Bonding rates*—(1) *Establishment.* The bonding rate for restricted walnuts shall be the price per pound for bulk pack, U.S. No. 2, medium size inshell walnuts, f.o.b. shipping point, and for surplus walnuts the price per pound for bulk U.S. Commercial grade light amber halves and pieces, f.o.b. shipping point as determined by the Board to be prevailing at the time bonding rates are established, which shall be not later than October 15 of any marketing year in which control percentages are recommended to the Secretary.

(2) *Effective period.* The bonding rates established for any marketing year shall continue in effect after the end of such marketing year until such bonding rates are modified. After bonding rates are established for the new marketing year, the new rates shall be applicable and any bonds theretofore given for that marketing year shall be adjusted to the new rates.

(d) *Disposition of bond collections.* (1) Any sums collected through default of a handler on his bond shall be used by the Board to purchase from handlers walnuts not to exceed the total quantity of default referable to such bond or that represented by the sums collected, whichever is lesser. The Board shall at all times purchase the lowest priced walnuts offered.

(2) Any unexpended sums, which have been collected by the Board through default of a handler on his bond, remaining in the possession of the Board at the end of a marketing year shall be used to reimburse the Board for its expenses, including administrative and other costs, incurred in the collection of such sums and in the purchase of walnuts. Any balance remaining after reimbursement of such expenses shall be returned to the defaulting handler.

(3) Walnuts purchased as provided for in this section shall be turned over to the defaulting handler for restricted or surplus disposition, as appropriate. If the quantity of walnuts represented by the bond collection cannot be purchased, the Board shall distribute any unexpended sum collected, after deducting necessary expenses, to all handlers on the basis of their respective inshell handlings with respect to a restricted obligation default or total handlings, kernelweight basis, with respect to a surplus obligation default.

(e) *Satisfaction of control obligations.* Collection by the Board upon any bond filed pursuant to the provisions of this section shall be deemed a satisfaction of the control obligations represented by such collection and the handler shall be credited on his control obligation with that quantity of walnuts represented by the bond sums collected on account of such default.

DISPOSITION OF CONTROLLED WALNUTS

§ 984.60 Shelling restricted walnuts.

(a) Any handler may shell restricted walnuts which he has withheld pursuant § 984.54 or deliver them for shelling to another handler or an authorized sheller (i.e., a person other than a handler).

(b) Any person within the area of production who desires to become an authorized sheller may submit an application to the Board. Such authorization shall be granted to the applicants for a period of one year upon submission to the Board of an agreement, in writing, to:

(1) Shell restricted walnuts within the area of production or deliver them as inshell walnuts only to another authorized sheller for shelling;

(2) Comply fully with all requirements of this part, applicable to the shelling of walnuts;

(3) Permit such audits and inspections as the Board may require to determine compliance with provisions of this part; and

(4) Make such reports, certified to the Board and the Secretary as to their correctness, as the Board may require.

§ 984.61 Export.

(a) Sale or shipment of merchantable restricted and merchantable surplus walnuts in export to destination outside of the United States, Puerto Rico, and the Canal Zone, and Canada and Cuba when included in the trade demand, shall be made only by the Board. The Board shall be obligated to export only such quantities for which it is able to find satisfactory outlets. Any handler may be designated an agent of the Board under such terms and conditions as the Board may specify for export sales. Proceeds of any export sales made by the Board after deducting all expenses actually and necessarily incurred shall be paid to the handler withholding the walnuts.

(b) The respective kernelweights of restricted and surplus walnuts so exported shall be credited against the applicable withholding obligations of the withholding handler. Upon a handler's written request during a marketing year, the Board shall transfer any part or all of such handler's exports in excess of his withholding obligations to such other handlers as he may designate.

§ 984.62 Surplus pool.

(a) Surplus walnuts which are not disposed of pursuant to § 984.61 shall be pooled not later than August 31 of the next marketing year and shall be disposed of by the Board upon the best terms and highest prices obtainable consistent with the ultimate complete disposition of surplus, subject to the following conditions:

(1) No such surplus walnuts shall be sold in the United States, Puerto Rico, or the Canal Zone, other than to Government agencies or to charitable institutions for charitable purposes or for diversion into walnut oil, poultry or animal feed, or such other uses as the Board finds to be non-competitive with normal markets and with proper safeguards in each case to prevent such walnuts thereafter entering the channels of trade in such normal markets.

(2) The Board shall not accept delivery of any surplus walnuts for pooling and disposition prior to making a determination on or before December 15 of any marketing year as to the percentage of a handler's withholding obli-

gation which may be accepted for pooling and disposition prior to February 15 of such year.

(b) *Disposition of proceeds from sales of pooled surplus.* Expenses incurred by the Board in receiving, handling, holding, and disposing of the pooled surplus walnuts shall be charged against the proceeds of the sales of such surplus walnuts. The remaining proceeds from the disposition of pooled surplus walnuts shall be distributed by the Board to handlers in proportion to their contribution thereto, measured in kernel weight.

(c) *Surplus pool credits.* Upon a handler's written request during a marketing year, the Board shall transfer any part or all of a handler's surplus pool credits in excess of his surplus withholding obligation to such other handler as he may designate.

§ 984.63 Storage facilities.

The Board may rent and operate, or arrange for the use of facilities for storage and handling of surplus walnuts withheld.

§ 984.64 Disposition of substandard walnuts.

Substandard walnuts may be disposed of only for manufacture into oil, livestock feed, or for such other uses as the Board determines to be noncompetitive with existing normal markets for walnuts and with proper safeguards to prevent such walnuts from thereafter entering the channels of trade in such normal markets.

§ 984.65 Compliance.

Except as provided in this subpart, no person shall handle walnuts, inshell or shelled, during any marketing year in which this subpart and any regulations issued by the Secretary hereunder are in effect, unless such person has previously met the obligations imposed by each such regulation and the provisions of this subpart.

§ 984.66 Assistance of Board in meeting control obligations.

The Board, on written request, may assist handlers in accounting for their control obligations and may aid any handler in acquiring walnuts to meet any deficiency in a handler's control obligation, or in accounting for and disposing of walnuts withheld.

§ 984.67 Exemptions.

(a) *Exemption from volume regulations.* Control percentages shall not apply to lots of merchantable inshell walnuts which are of Mammoth size or larger as defined in the then effective United States Standards for Walnuts in the Shell, or to such quantities as the Board may, with the approval of the Secretary, prescribe.

(b) *Exemptions from assessments, quality, and volume regulations*—(1) *Sales by growers direct to consumers.* Any walnut grower may handle walnuts of his own production free of the regulatory and assessment provisions of this part if he sells such walnuts in the area of production directly to consumers under the following types of exemptions:

(i) At roadside stands and farmers' markets;

(ii) In quantities not exceeding an aggregate of 500 pounds of inshell walnuts or 200 pounds of shelled walnuts during any marketing year (at locations other than those specified in subdivision (i) of this subparagraph); and

(iii) If shipped by parcel post or express in quantities not exceeding 10 pounds of inshell walnuts or 4 pounds of shelled walnuts to any one consumer in any one calendar day.

(2) *Green walnuts.* Walnuts which are green and which are so immature that they cannot be used for drying and sale as dried walnuts may be handled without regard to the provisions of this part.

(3) *Noncompetitive outlets.* Any person may handle walnuts, free of the provisions of this part, for use by charitable institutions, relief agencies, governmental agencies for school lunch programs, and diversion to animal feed or oil manufacture pursuant to an authorized governmental diversion program.

(c) *Rules and modifications.* The Board may establish, with the approval of the Secretary, such rules, regulations and safeguards and such modifications as will promote the objectives of this subpart.

EXPENSES AND ASSESSMENTS

§ 984.68 Expenses.

The Board is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by it during each marketing year for the maintenance and functioning of the Board, and for such other purposes as the Secretary may, pursuant to this part, determine to be appropriate. Such expenses shall be allocated between inshell and shelled walnuts handled or declared for handling on the basis of the estimated costs of the respective operations. The Board shall file a proposed budget of expenses and rates of assessment for inshell and shelled walnuts with the Secretary as soon as practicable after the beginning of each marketing year.

§ 984.69 Assessments.

(a) *Requirement for payment.* Each handler shall pay to the Board, on demand, his pro rata share of the expenses authorized by the Secretary for each marketing year. Each handler's pro rata share shall be the rate of assessment per pound for inshell or shelled walnuts fixed by the Secretary times the respective quantity of merchantable inshell or shelled walnuts he has handled or declared for handling. At any time during or after a marketing year the Secretary may increase the assessment rates as necessary to cover authorized expenses and each handler's pro rata share shall be adjusted accordingly.

(b) *Surplus walnut pool expenses.* The Board is authorized temporary use of funds derived from assessments collected pursuant to paragraph (a) of this section to defray expenses incurred in disposing of surplus walnuts pooled. All such expenses shall be deducted from the proceeds obtained by the Board from

the sale or other disposal of pooled surplus walnuts.

(c) *Refunds.* At the end of a marketing year, funds in excess of the marketing year's expenses shall be refunded to handlers from whom collected and each handler's share of such excess funds shall be the amount of assessments he has paid in excess of his pro rata share of the actual expenses of the Board. Excess funds may be used temporarily by the Board to defray expenses of the subsequent marketing year: *Provided*, That each handler's share of such excess shall be made available to him by the Board within five months after the end of the year.

(d) *Termination.* Any money collected from assessments hereunder and remaining unexpended in the possession of the Board upon termination of this part shall be distributed in such manner as the Secretary may direct.

REPORTS, BOOKS, AND OTHER RECORDS

§ 984.71 Reports of handler carryover.

Each handler, on or before August 15 and January 15 of each marketing year, shall file with the Board a written report of his handler carryover of inshell and shelled walnuts as of August 1 and January 1 on such forms as the Board may prescribe.

§ 984.72 Reports of merchantable walnuts handled.

Each handler who handles merchantable walnuts, inshell or shelled, at any time during a marketing year shall submit to the Board in such form and at such intervals as the Board may prescribe, reports showing the quantity so handled and such other information pertinent thereto as the Board may specify.

§ 984.73 Reports of disposition of controlled walnuts.

Each handler who disposes of restricted or surplus walnuts shall submit to the Board in such form and at such intervals as the Board may prescribe reports showing the quantity so disposed of and such other information pertinent thereto as the Board may specify.

§ 984.74 Reports of interdistrict shipments of walnuts.

Any shipments of walnuts between District 1 and District 2 for sale or delivery to a handler shall be reported to the Board by the receiving handler, upon receipt, on forms prescribed by the Board, showing the net weight of each shipment and such other information pertinent thereto as the Board may specify.

§ 984.75 Reports of disposition of substandard walnuts.

Each handler shall submit, in such form and at such intervals as the Board may determine, reports of (a) his production and holdings of substandard walnuts and (b) the disposition of all substandard walnuts, including all deliveries of such walnuts to any other person, showing the quantity, lot, date, name and address of the person to whom delivered, the approved use and such

other information pertaining thereto as the Board may specify.

§ 984.76 Other reports.

Upon request of the Board, made with the approval of the Secretary, each handler shall furnish to the Board in such manner and at such times as it prescribes (in addition to such other reports as are specifically provided for herein) such other information as will enable the Board to perform its duties and exercise its powers hereunder.

§ 984.77 Verification of reports.

For the purpose of checking and verifying reports filed by handlers or the operations of handlers under the provisions of this part, the Board, through its duly authorized agents shall have access to any handler's premises wherein walnuts may be held by such handler and, at any time during reasonable business hours, shall be permitted to inspect any walnuts so held by such handler and any and all records of the handler with respect to the holding or disposition of all walnuts which may have been disposed of by such handler, including records with respect to acquisitions, packing, shelling, and shipment of both inshell and shelled walnuts, as applicable. Each handler shall furnish all labor necessary to facilitate such inspections as the Board may make of such handler's holdings of any walnuts. Each handler shall store all restricted and surplus walnuts held by him in such manner as to facilitate inspection and shall maintain adequate storage records which will permit accurate identification with respect to inspection certificates of respective lots and of all such walnuts held or disposed of theretofore.

§ 984.78 Certification of reports.

All reports submitted to the Board as required in this part shall be certified to the Secretary and the Board as to the completeness and correctness of the information contained therein.

§ 984.79 Confidential information.

All reports and records submitted by handlers to the Board, which include data or information constituting a trade secret or disclosing the trade position, or financial condition or business operations of the handler shall be kept in custody of one or more employees of the Board and shall be disclosed to no person except the Secretary.

§ 984.80 Books and other records.

Each handler shall maintain such records of walnuts received, held and disposed of by him as may be prescribed by the Board for the purpose of performing its functions under this subpart. Such books and records shall be retained and be available for examination by authorized representatives of the Board and the Secretary for a period of two years after the end of the marketing year in which the recorded transactions are completed.

MISCELLANEOUS PROVISIONS

§ 984.83 Rights of the Secretary.

The members and alternates of the Board and any agent or employee ap-

pointed or employed by the Board, shall be subject to removal or suspension by the Secretary, at his discretion, at any time. Each and every decision, determination, or other act of the Board shall be subject to the continuing right of the Secretary to disapprove of the same at any time, and upon such disapproval, shall be deemed null and void.

§ 984.84 Personal liability.

No member or alternate of the Board nor any employee or agent thereof shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any handler or any person for errors in judgment, mistakes, or other acts either of commission or omission, as such member, alternate, employee or agent, except for acts of dishonesty.

§ 984.85 Separability.

If any provision of this subpart is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder hereof or the applicability thereof to any other person, circumstance, or thing shall not be affected thereby.

§ 984.86 Derogation.

Nothing contained in this subpart is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers granted by the act or otherwise, or in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 984.87 Duration of immunities.

The benefits, privileges, and immunities conferred upon any person by virtue of this subpart shall cease upon the termination hereof except with respect to acts done under and during the existence hereof.

§ 984.88 Agents.

The Secretary may, by a designation in writing, name any person, including any officer or employee of the Government, or name any subdivision of the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this subpart.

§ 984.89 Effective time and termination.

(a) *Effective time.* The provisions of this subpart shall become effective at such time as the Secretary may declare above his signature attached to this subpart, and shall continue in force until terminated in one of the ways herein-after specified.

(b) *Termination.* (1) The Secretary may, at any time, terminate the provisions of this subpart by giving at least one day's notice by means of a press release or in any other manner which he may determine.

(2) The Secretary may terminate or suspend the operation of any or all of the provisions of this subpart, whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(3) The Secretary shall terminate the provisions of this subpart at the end of any marketing year whenever he finds that such termination is favored by a majority of the producers of walnuts who during the preceding marketing year have been engaged in the production for market of walnuts in the States of California, Oregon, and Washington: *Provided*, That such majority have during such period produced for market more than 50 percent of the volume of such walnuts produced for market within said States, but such termination shall be effected only if announced on or before July 1 of the then current marketing year.

(4) The provisions of this subpart shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

(c) *Proceedings after termination.*

(1) Upon the termination of the provisions of this subpart, the members of the Board then functioning shall continue as joint trustees, for the purpose of liquidating the affairs of the Board, of all funds and property then in the possession or under the control of the Board, including claims for any funds unpaid or property not delivered at the time of such termination. Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(2) Said trustees shall continue in such capacity until discharged by the Secretary; shall from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the Board and the joint trustees to such person as the Secretary may direct; and shall, upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all of the funds, property, and claims vested in the Board or the joint trustees pursuant hereto.

(3) Any person to whom funds, property or claims have been transferred or delivered by the Board or its members, pursuant to this section, shall be subject to the same obligation imposed upon the members of the said Board and upon said joint trustees.

§ 984.90 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart or any regulation issued under this subpart, or (b) release or extinguish any violation of this subpart or of any regulation issued under this subpart, or (c) affect or impair any rights or remedies of the Secretary or of any other person, with respect to any such violation.

Dated, September 10, 1962, to become effective upon publication in the FEDERAL REGISTER.

JOHN P. DUNCAN, Jr.,
Assistant Secretary.

Title 14—AERONAUTICS AND SPACE

Chapter III—Federal Aviation Agency

SUBCHAPTER C—AIRCRAFT REGULATIONS

[Reg. Docket No. 1365; Amdt. 483]

PART 507—AIRWORTHINESS DIRECTIVES

Vertol Model 107—II Helicopters

Pursuant to the authority delegated to me by the Administrator (25 F.R. 6489), an airworthiness directive was adopted on August 24, 1962, and made effective immediately because of the safety emergency involved as to all known United States operators of Vertol Model 107-II helicopters. The directive requires inspection of all blade sockets and rotor pitch housing and replacement of any cracked parts, as well as retirement from service parts which have accumulated 350 or more hours' time in service.

Since it was found that immediate corrective action was required in the interest of safety, notice and public procedure thereon were impracticable and contrary to the public interest and good cause existed for making the airworthiness directive effective immediately as to all known U.S. operators of Vertol Model 107-II helicopters by individual telegrams dated August 24, 1962. These conditions still exist and the airworthiness directive is hereby published in the FEDERAL REGISTER as an amendment to § 507.10(a) of Part 507 (14 CFR Part 507), to make it effective as to all persons:

VERTOL. Applies to all Model 107-II helicopters.

Compliance required as indicated.

As a result of a fatigue failure in service of the rotor pitch housing accomplish the following:

(a) Unless already accomplished within the last 30 hours' time in service, prior to further flight inspect all blade socket P/N's 42R1043-7 and -8 in the eight lug areas and rotor pitch housing P/N's 107R2553-1, -2, -3, -4, -5, and -6, in the four lug areas which have accumulated 260 or more hours' time in service using magnetic particle inspection method or FAA approved equivalent. To accomplish the inspection, remove rotor blades and rotor hub pitch bearing assemblies. This inspection shall be repeated at intervals not to exceed 30 hours' time in service since the last inspection.

(b) Parts which have accumulated less than 260 hours' time in service shall be inspected in accordance with (a) upon the accumulation of 260 hours' time in service.

(c) A daily visual inspection for cracks in the lug areas shall be conducted. This may be accomplished without disassembly from the helicopter.

(d) If any cracks are found, the parts must be replaced prior to further flight.

(e) Parts which have accumulated 350 or more hours' time in service must be retired from service.

This amendment shall become effective upon publication in the **FEDERAL REGISTER** for all persons except those to whom it was made effective immediately by telegram dated August 24, 1962.

SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Airspace Docket No. 62-WE-95]

PART 601—DESIGNATION OF CONTROLLED AIRSPACE, REPORTING POINTS, POSITIVE CONTROL ROUTE SEGMENTS, AND POSITIVE CONTROL AREAS

Alteration of Control Zone

The purpose of this amendment to § 601.2420 of the regulations of the Administrator is to alter the time of designation of the Santa Monica, Calif., control zone.

The Santa Monica control zone is presently designated as a full-time control zone. However, the Santa Monica Airport Traffic Control Tower, which provides the weather reporting and communications service within the control zone, operates only during the hours from 0700 to 2300 hours, local time, daily. Therefore, action is taken herein to reduce the time of designation of the control zone to coincide with the hours of operation of the control tower.

Since the change effected by this amendment is less restrictive in nature than present requirements, and imposes no additional burden on any person, notice and public procedure hereon are unnecessary and it may be made effective immediately.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (25 F.R. 12582), § 601.2420 (14 CFR 601.2420) is amended to read:

§ 601.2420 Santa Monica, Calif., control zone.

Within a 3-mile radius of the Santa Monica Municipal Airport (lat. 34°00'57" N., long. 118°27'00" W.), excluding the portion subtended by a chord drawn between the points of INT of the Santa Monica 3-mile radius zone with the Los Angeles, Calif., control zone (§ 601.2179) 5-mile radius zone. This control zone shall be effective from 0700 to 2300 hours, local time, daily.

This amendment shall become effective upon the date of publication in the **FEDERAL REGISTER**.

(Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

Issued in Washington, D.C., on September 6, 1962.

Chief, Airspace Utilization Division.

PART 601—DESIGNATION OF CONTROLLED AIRSPACE, REPORTING POINTS, POSITIVE CONTROL ROUTE SEGMENTS, AND POSITIVE CONTROL AREAS

Revocation of Control Zone

The purpose of this amendment to Part 601 of the regulations of the Administrator is to revoke the Dubois, Idaho, control zone.

The Flight Service Station at Dubois has been decommissioned and the weather observation service formerly provided by the Flight Service Station is no longer available. Therefore, the Federal Aviation Agency has determined that the Dubois control zone is no longer justified as an assignment of controlled airspace and action is taken herein to revoke the Dubois control zone.

Since the change effected by this amendment is less restrictive in nature than the present requirements, and imposes no additional burden on any person, notice and public procedure hereon are unnecessary and it may be made effective immediately.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (25 F.R. 12582), § 601.1983 (14 CFR 601.1983) is amended by deleting the following:

Dubois, Idaho: Dubois intermediate field.

This amendment shall become effective upon the date of publication in the **FEDERAL REGISTER**.

(Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

Issued in Washington, D.C., on September 6, 1962.

Title 32A—NATIONAL DEFENSE, APPENDIX

Chapter VII—Under Secretary of Commerce for Transportation

T-1 (AMENDED)—SHIPPING RESTRICTIONS; SUBGROUP A, HONG KONG, MACAO, CUBA AND REPUBLIC OF THE CONGO

Transportation Order T-1 (15 F.R. 8777, Dec. 8, 1950), as amended (26 F.R. 2711, March 31, 1961; 26 F.R. 5927, July 1, 1961), is hereby amended to read as follows.

This order as amended is found necessary and appropriate to promote the national defense and is issued pursuant to the authority granted by section 101 of

the Defense Production Act of 1950, as amended. Consultation with industry in advance of the issuance of this order has been rendered impracticable by the need for immediate issuance.

Sec.

1. Prohibited transportation and discharge.
2. Applications for adjustment or exceptions.
3. Reports.
4. Records.
5. Defense against claims for damages.
6. Violations.

AUTHORITY: Secs. 1 to 6 issued under sec. 704, 64 Stat. 816, as amended; 50 U.S.C. App. 2154, as amended; Interpret or apply secs. 101, 705, 64 Stat. 799, as amended; 50 U.S.C. App. 2071; E.O. 10480, 18 F.R. 4939, 3 CFR, 1953 Supp.

Section 1. Prohibited transportation and discharge.

(a) No person shall transport in any ship documented under the laws of the United States or in any aircraft registered under the laws of the United States any commodity at the time on the Positive List (as amended from time to time) of the Comprehensive Export Schedule of the Bureau of International Programs, Department of Commerce (15 CFR Parts 368-399), any article designated as arms, ammunition, and implements of war in the United States Munitions List (22 CFR Parts 121-128), or any commodity, including fissionable materials controlled for export under the Atomic Energy Act of 1954 (10 CFR Parts 40 and 50), to any destination at the time in Subgroup A of the Comprehensive Export Schedule (15 CFR 371.3(a)), to Hong Kong, Macao, or Cuba, and no person shall discharge from any such ship or any such aircraft any such commodity or article at any such port or place or at any other port or place in transit to any such destination, unless a validated export license under the Export Control Act of 1949, as amended, under section 414 of the Mutual Security Act of 1954, as amended, or under the Atomic Energy Act of 1954, as amended, has been obtained for the shipment, or unless authorization for the shipment has been obtained from the Under Secretary for Transportation. This prohibition applies to the owner of the ship or aircraft, the master of the ship or aircraft, or any other officer, employee or agent of the owner of the ship or aircraft who participates in the transportation. The consular officers of the United States are furnished with current information as to commodities on the Positive List and will advise whether commodities are currently on that List.

(b) No person shall transport in any ship documented under the laws of the United States or in any aircraft registered under the laws of the United States any arms, ammunition or implements of war; aircraft and aircraft engines and parts; automotive vehicles of military design; motor trucks and chassis and special purpose vehicles, commercial, of 10,000 pounds or under gross vehicle weight, and having front and rear axle drive, new or used; and bayonets if he knows or has reason to believe that said commodity or article is destined directly

or indirectly for the Republic of the Congo, and no person shall discharge from any such ship or any such aircraft any such commodity or article at any port or place or at any other port or place in transit to any such destination, or within the Republic of the Congo, unless a validated export license under the Export Control Act of 1949, as amended, or under section 414 of the Mutual Security Act of 1954, as amended, has been obtained for the shipment, or unless authorization for the shipment has been obtained from the Under Secretary for Transportation. This prohibition applies to the owner of the ship or aircraft, and any other officer, employee or agent of the owner of the ship or aircraft who participates in the transportation.

Sec. 2. Applications for adjustment or exceptions.

Any person affected by any provisions of this order may file an application for an adjustment or exception upon the ground that such provision works an exceptional hardship upon him, not suffered by others, or that its enforcement against him would not be in the interest of the national defense program. Such an application may be made by letter or telegram addressed to the Under Secretary for Transportation, Washington 25, D.C., reference T-1. If authorization is requested, any such application should specify in detail the material to be shipped, the name and address of the shipper and of the recipient of the shipment, the ports or places from which and to which the shipment is being made and the use to which the material shipped will be put. The application should also specify in detail the facts which support the applicant's claim for an exception.

Sec. 3. Reports.

Persons subject to this order shall submit such reports to the Under Secretary for Transportation as he shall require, subject to the terms of the Federal Reports Act.

Sec. 4. Records.

Each person participating in any transaction covered by this order shall retain in his possession, for at least two years, records of shipments in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

Sec. 5. Defense against claims for damages.

No person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with this order or any provision thereof, notwithstanding that this order or such provision shall thereafter be declared by judicial or other competent authority to be invalid.

Sec. 6. Violations.

Any person who wilfully violates any provisions of this order or wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person, denying him the privileges generally accorded under this order.

This order shall be effective on the date of its publication in the FEDERAL REGISTER.

LUTHER H. HODGES,
Secretary of Commerce.

Chapter I—Interstate Commerce Commission

SUBCHAPTER B—CARRIERS BY MOTOR VEHICLE

[Ex Parte No. MC-40]

PART 193—PARTS AND ACCESSORIES NECESSARY FOR SAFE OPERATIONS

PART 195—HOURS OF SERVICE OF DRIVERS

Coupling Devices and Towing Methods, Driveaway-Towaway Operations

At a session of the Interstate Commerce Commission, Motor Carrier Board No. 2, held at its office in Washington, D.C., on the 30th day of August A.D. 1962.

The matters of parts and accessories necessary for safe operation and hours of service of drivers under the Motor Carrier Safety Regulations prescribed by order April 14, 1952, as amended, being under consideration; and

It appearing that amendment of paragraphs (a) and (c) of § 193.17 of the Code of Federal Regulations (49 CFR 193.71 (a) and (c)) relating to coupling devices and towing methods, driveaway-towaway operations, is warranted, and good cause appearing therefor;

It further appearing that a petition has been filed on behalf of National Automobile Transporters Association, Howard Sober, Inc., Fleet Carrier Corp., Fugate and Girton Driveaway, Inc., Kenosha Auto Transport Corp., Commercial Carriers, Inc., Insured Transporters, Inc., and Truckaway Corp., dated August 10, 1961, requesting that § 193.71 of the Code of Federal Regulations be amended;

It further appearing, that this amendment which will permit, under certain conditions, a motor vehicle to be full mounted on motor vehicles being towed by means of a double saddle mount, is a relaxation of presently prescribed requirements and therefore, pursuant to section 4(a) of the Administrative Procedure Act (60 Stat. 237, 5 U.S.C. 1003)

for good cause it is found that notice of proposed rule making is unnecessary;

It further appearing that by petition dated September 16, 1961, Howard Sober, Inc., has requested the Commission to modify, revise, or suspend from its Motor Carrier Safety Regulations, §§ 193.30, 193.78, 193.65(k), 195.2(a) and 195.8(2) of Title 49, Code of Federal Regulations, or otherwise amend said sections;

Upon consideration of the record, and of the said petitions, and good cause appearing therefor:

It is ordered, That the petition dated September 16, 1961, filed by Howard Sober, Inc., concerning §§ 193.30, 193.78, 193.65(k), 195.2(a), and 195.8(2) of Title 49, Code of Federal Regulations be, and it is hereby denied, for the reason that the petition states no adequate justification for the relief sought, and that the requirements for safe operation of commercial vehicles justify retention of the existing requirements until further justification and facts warrant further consideration.

It is ordered, That paragraphs (a) and (c) of § 193.71 of the Code of Federal Regulations (49 CFR 193.71 (a) and (c)) be, and they are hereby, amended to read as follows:

§ 193.71 Coupling devices and towing methods, driveaway-towaway operations.

(a) *Number in combination*. No more than 2 saddle-mounts may be used in any combination. No more than one motor vehicle shall be towed by tow-bar.

(c) *Carrying vehicles on towed vehicles*. No full-mounted motor vehicle shall be towed by a tow-bar. No motor vehicle shall be full-mounted on a motor vehicle towed by means of a saddle-mount unless the center line of the king pin or equivalent means of attachment of such towed vehicle shall be so located on the towing vehicle that the relationship to the rear axle or axles results in proper distribution of the total gross weight of the vehicles and does not unduly interfere with the steering, braking, or maneuvering of the towing motor vehicle, or otherwise contribute to the unsafe operation of the vehicles comprising the combination; and unless a perpendicular to the ground from the center of gravity of the full-mounted vehicles lies forward of the center line of the rear axle of the saddle-mounted vehicle. If a motor vehicle towed by means of a saddle-mount has any vehicle full-mounted on it, such saddle-mounted vehicle shall at all times while so loaded have effective brakes acting on those wheels which are in contact with the roadway.

(Sec. 204, 49 Stat. 546, as amended, 49 U.S.C. 304)

Is is further ordered, That this order shall become effective on the date of service of this order and shall continue in effect until further order of the Commission.

It is further ordered, That except to the extent that § 193.71 (a) and (c) of the Code of Federal Regulations is modified by this order, the above mentioned petitions are hereby denied.

And it is further ordered, That notice of this order shall be given to the general public by depositing a copy thereof in the office of the Secretary of the Interstate Commerce Commission, Washington, D.C., and by filing a copy thereof with the Director, Office of the Federal Register.

By the Commission, Motor Carrier Board No. 2.

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

PART 32—HUNTING

Big Lake National Wildlife Refuge, Arkansas, and St. Marks National Wildlife Refuge, Florida

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER.

§ 32.22 Special regulations; upland game; for individual wildlife refuge areas.

ARKANSAS

BIG LAKE NATIONAL WILDLIFE REFUGE

Public hunting of raccoon on the Big Lake National Wildlife Refuge, Arkansas is permitted only on the area designated by signs as open to hunting. This open area, comprising 2,300 acres or 25 percent of the total area of the refuge, is delineated on a map available at the refuge headquarters and from the Regional Director, Bureau of Sport Fisheries and Wildlife, 809 Peachtree-Seventh Building, Atlanta 23, Georgia. Hunting shall be subject to the following conditions:

- (a) Species permitted to be taken: Raccoon.
- (b) Open season: November 20, 1962 through November 29, 1962.
- (c) Daily bag limits: No limit.
- (d) Methods of hunting:
 - (1) Dogs may be used while hunting raccoons, but must be licensed in accordance with State regulations.
 - (2) Only .22 caliber rimfire weapons will be permitted.
 - (3) Hunting shall take place only between the hours of 5:00 p.m. and 5:00 a.m.
 - (4) Cutting or setting fires to trees prohibited.
 - (5) Warming fires permitted, but must be extinguished before leaving.

(1) The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32.

(2) A Federal permit is required to enter the public hunting area. Permits are free and may be obtained at the Big

Lake Refuge Headquarters, Monday through Friday, between the hours of 8:00 a.m. and 5:00 p.m.

(3) The provisions of this special regulation are effective to November 30, 1962.

ARKANSAS

BIG LAKE NATIONAL WILDLIFE REFUGE

Public hunting of squirrel on the Big Lake National Wildlife Refuge is permitted only on the area designated by signs as open to hunting. This open area, comprising 3,300 acres or 33 percent of the total area of the refuge, is delineated on a map available at the refuge headquarters and from the Regional Director, Bureau of Sport Fisheries and Wildlife, 809 Peachtree-Seventh Building, Atlanta 23, Georgia. Hunting shall be subject to the following conditions:

- (a) Species permitted to be taken: Squirrel.
- (b) Open season: October 3, 1962 through October 8, 1962. One-half hour before sunrise to sunset.

- (d) Methods of hunting:
 - (1) Shotgun only.
 - (2) Dogs—prohibited.
 - (3) Cutting or setting fires to trees prohibited.
 - (4) Warming or other fires prohibited.
 - (e) Other provisions:

(1) The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32.

(2) A Federal permit is required to enter the public hunting area. Permits are free and may be obtained from the Big Lake Refuge Headquarters, Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m.

(3) The provisions of this special regulation are effective to October 9, 1962.

FLORIDA

ST. MARKS NATIONAL WILDLIFE REFUGE

Public hunting of upland game on the St. Marks National Wildlife Refuge, Florida is permitted only on the area designated by signs as open to hunting. This open area, comprising 1,800 acres or 3 percent of the total area of the refuge, is delineated on a map available at the refuge headquarters and from the Regional Director, Bureau of Sport Fisheries and Wildlife, 809 Peachtree-Seventh Building, Atlanta 23, Georgia. Hunting shall be subject to the following conditions:

- (a) Species permitted to be taken: Turkey, quail, squirrel, and rabbit.
- (b) Open season: November 17, 1962 through January 6, 1963.
- (c) Daily bag limits: Turkey—2, either sex, 3 per season; quail—10; squirrel—10 gray and 2 fox; rabbits—no limit.
- (d) Methods of hunting:
 - (1) Weapons: Rifle and shotgun.
 - (2) Dogs permitted for the hunting of squirrel, rabbit, and quail.
 - (e) Other provisions:

(1) The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge

areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32.

(2) No camping permitted within the hunting area.

(3) The St. Marks area is managed in conjunction with the State's Aucilla Game Management Area. Hunters will be charged a hunting fee for the season by the State for hunting on the Management Area which will include the privilege of entering the refuge hunting area.

(4) A Federal permit is not required to enter the public hunting area; however, the State permit as sold to hunters by the Florida Game and Fresh Water Commission will be required as a permit to enter the St. Marks Refuge hunting area.

(5) The provisions of this special regulation are effective to January 7, 1963.

Proposed Rule Making

FEDERAL AVIATION AGENCY

[14 CFR Parts 161 [New], 574]

[Reg. Docket No. 1380; Draft Release No. 62-41]

FEDERAL AIRPORTS IN ALASKA [NEW]

Notice of Proposed Rule Making

Notice is hereby given that there is under consideration a proposal to amend Chapter I of Title 14 of the Code of Federal Regulations by adding a Part 161 [New].

Interested persons are invited to submit such written data, views, or comments as they may desire. Communications should be submitted to the Docket Section of the Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington 25, D.C. All communications received before November 9, 1962, will be considered before taking action on the proposal. The proposal may be changed in the light of comments received. All written comments submitted will be available for examination by interested persons, both during and after the comment period, in the Docket Section. Copies of all comments received may be examined at the Regional Office of the Federal Aviation Agency, Hill Building, Area 8K, 632 Sixth Avenue, Anchorage, Alaska.

Under section 10 of the International Aviation Facilities Act (49 U.S.C. 1158) the Administrator of the FAA is authorized to make just and reasonable charges for aeronautical services at certain airports, including United States owned airports in Alaska. At the present time, however, no charge is made for the use of the airports in Alaska operated by the FAA, other than landing and parking fees at the Federal Civil Airport at Cold Bay, an alternate international terminal. Due to the increased activity at many of the airports operated in Alaska by the FAA and the increase in the cost of operating and maintaining the facilities, it is considered necessary to adopt a new part establishing general rules and landing and parking charges for all airports in Alaska which are owned by the United States and are operated and maintained by the FAA.

The Bureau of the Budget, acting in behalf of the President, issued Circular No. A-25 on September 23, 1959. That circular sets forth general policies for developing an equitable and uniform system of charges for certain Government services and property. It provides that a reasonable charge be made for any Federal activity which conveys special benefits to the recipient above and beyond those which accrue to the public at large, and that this charge should cover the total cost of the service, unless payment of the full costs would not be in the interest of the program. The charges

provided for in this part are in accord with Circular No. A-25.

In arriving at these charges the Agency took into consideration the cost to the United States of maintaining airports throughout Alaska, the reasonableness of the charge in relation to the benefit derived, and whether the imposition of a landing and parking fee was in the interest of developing and maintaining a sound civil aviation program. After considering these factors, it has been determined that, although it would not be feasible to pass the total costs of maintaining these facilities on to the users, the charges proposed should represent a satisfactory balance between the costs of maintaining the facilities and the aircraft operators' ability to pay.

With certain exceptions, a landing charge of 30 cents per 1,000 pounds will be charged at Cold Bay Airport and 25 cents at all other airports for each aircraft of more than 6,000 pounds maximum certificated takeoff weight, and a parking charge will be made for all aircraft utilizing airport property, the amount depending upon the weight of the airplane. These charges are considered to be within the ability of civil aviation to pay, although they will only partially compensate for the cost to the United States of maintaining and operating the airports involved. Based on the ability of civil aviation to pay full charges, the level of charges may be revised at a later date to recover a larger portion of the total costs of maintaining and operating these airports.

In addition to providing for user charges, this amendment provides certain general motor vehicle, safety, and enforcement provisions applicable to the airports and for which there is no adequate provision in other applicable State or Federal laws or regulations. At the present time, the airports are operating under administratively prescribed rules without uniformity. The rules set forth in the new part will simplify administration of the airports and avoid future confusion and inconsistencies.

In order to avoid its issuance, and then immediate reissuance in a recodified form, this amendment is issued as a part of the program of the Federal Aviation Agency to recodify its regulatory material. In the FEDERAL REGISTER for August 9, 1962 (27 F.R. 7908), this Agency published a notice of proposed rule making for a proposed Subchapter I—Airports [New], in Chapter I of Title 14. There was included in the subchapter a proposed Part 161 [New] that prescribed landing and parking charges at the Cold Bay, Alaska, Airport. However, in view of the necessity for prescribing a regulation setting forth basic rules and regulations, and covering charges, for all United States airports in Alaska, this proposal replaces the proposed Part 161 [New] that was published as a part of the proposed Subchapter I

and repeals current Part 574 of the regulations of the Administrator. The remainder of the new Subchapter I—Airports [New] is not affected by this notice.

The definitions in Part 1—Definitions and Abbreviations [New] apply to the new Part 161.

This amendment is proposed under the authority of section 10 of the International Aviation Facilities Act (49 U.S.C. 1158) and section 313(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a)).

Issued in Washington, D.C., on September 10, 1962.

HAROLD W. GRANT,
Acting Administrator.

|--------|------------|

Subpart A—General

§ 161.1 Applicability.

(a) This part prescribes the rules governing the use of airports in Alaska that are owned by the United States and operated by the Federal Aviation Agency (in this part referred to as the "Airport").

(b) The Airport or Station Manager (in this part referred to as the "Manager") of any airport covered by this part may, subject to the approval of the Assistant Administrator, Alaskan Region, FAA, issue such orders and instructions as are necessary for administering this part.

§ 161.3 Loading, unloading, and parking of aircraft.

No person may load, unload, or park an aircraft in any area on an airport other than that prescribed by the Man-

ager or that prescribed in a contract between the United States and the person concerned. The Manager may, without liability for any damages resulting to the aircraft from the removal, move any aircraft that is parked in violation of this section.

§ 161.5 Disabled aircraft.

The owner of an aircraft or part thereof that is disabled on an airport shall have it promptly moved from any area in which it would impede the operation of other aircraft, unless he is required to delay it pending investigation of an accident. If the owner does not remove it within a reasonable time, the Manager may remove it at the owners expense and without liability for additional damages resulting from the removal.

§ 161.7 Taxiing rules.

(a) Each person who taxis an aircraft on an airport must do so in accordance with taxiing patterns prescribed, for the particular runway in use.

(b) No person may run an engine of an aircraft parked on an airport in a manner that damages any other aircraft or property, or that blows paper, dust, or other material across a taxiway or runway.

(c) No person may move an aircraft on an airport in a careless or reckless manner.

(d) No person may start or run an engine in an aircraft on an airport unless there is a competent person in the aircraft at its controls, and unless blocks have been placed in front of the wheels, or the aircraft has adequate parking brakes.

§ 161.9 Sanitation.

No person may dispose of sewage, garbage, refuse, paper, or other material on an airport except in a receptacle provided for that purpose.

§ 161.11 Weapons and explosive materials.

No person except an employee of a municipal or State government, an air carrier, or of the United States, who is authorized to carry firearms, may carry or possess any loaded weapon or concealed firearm, or any explosive or inflammable material, on any airport unless he has the permission of the Manager.

Subpart B—Fire Hazards and Fueling Operations

§ 161.21 Open-flame operations.

No person may conduct an open-flame operation on an airport without the specific permission of the Manager.

§ 161.23 Storage.

(a) No person may store or stock material or equipment on an airport in a manner that constitutes a fire hazard.

(b) No person may keep or store any flammable liquid or other similar material on the airport except in a room or area approved for that storage by the Manager.

§ 161.25 Smoking.

No person may smoke on the apron of an airport, in any hangar or shop

on an airport, or in any other place on an airport where smoking is specifically prohibited by the Manager.

§ 161.27 Fueling operations.

(a) No person may fuel or defuel an aircraft on an airport while—

(1) Its engine is running or is being warmed by applying external heat;

(2) It is in a hangar or enclosed space; or

(3) It is within 50 feet of any hangar or other building on the airport.

(b) No person may smoke, light a match, or use a flame or spark producing object within 100 feet of an aircraft that is being fueled or defueled on an airport.

(c) No person may operate a radio transmitter or receiver, or switch electrical appliances on or off, in an aircraft on an airport, while it is being fueled or defueled.

(d) During the fueling of an aircraft, on an airport, the dispensing apparatus and the aircraft must both be grounded to a point of zero electrical potential.

(e) Each person engaged in fueling or defueling, on an airport, shall exercise care to prevent the overflow of fuel, and must have readily accessible and adequate fire extinguishers.

(f) During the fueling or defueling of an aircraft, on an airport, no person may use any material that is likely to cause a spark or be a source of ignition, or start the engine if there is any gasoline on the ground underneath it.

(h) Each hose, funnel, or appurtenance used in fueling or defueling an aircraft on an airport must be maintained in a safe, sound, and non-leaking condition and must be properly grounded to prevent ignition of volatile liquids.

Subpart C—Motor Vehicle Rules

§ 161.31 General.

(a) Pursuant to section 13 of Title 18, United States Code, except as otherwise provided in this part, the laws of the State of Alaska relating to the operation of motor vehicles on the public highways thereof, apply to the operation of motor vehicles on an airport.

(b) Except under special directions by an authorized employee of the airport, each person who operates a motor vehicle on an airport shall operate it under the general rules prescribed by the Manager, this part, and applicable laws.

§ 161.33 Motorized equipment.

No person may operate a motor vehicle on the landing areas, aprons, or ramps of an airport except in accordance with the rules prescribed by the Manager or applicable laws regulating the operation of such a vehicle.

§ 161.35 Parking.

(a) No person may park a motor vehicle on an airport except in an area specifically designated for parking and in a manner prescribed by the Manager.

(b) No person may abandon a motor vehicle on an airport, or park a motor vehicle on it for a period longer than 72 hours without the specific approval of the Manager.

§ 161.37 Buses.

No person operating a motor bus for hire may load or unload passengers at

an airport at a place other than that designated by the Manager.

§ 161.39 Moving of vehicles.

The Manager may tow away or otherwise move any motor vehicle on an airport if it is parked in violation of the regulations of the airport and the Manager determines that it is a nuisance or hazard. The Manager may charge the owner or operator of the vehicle a reasonable amount for the moving service.

Subpart D—Charges

§ 161.41 Landing charges.

(a) Except as provided in paragraphs (b) and (c) of this section, the charge for each landing of an aircraft at an airport is 25 cents for each 1,000 pounds of its maximum certificated takeoff weight (rounded to the nearest 1,000). The minimum charge is \$1.00.

(b) At the Cold Bay, Alaska, Airport the charge for each landing is 30 cents for each 1,000 pounds of maximum certificated takeoff weight.

(c) There is no landing charge for—

(1) Public aircraft;

(2) An aircraft engaged in a test flight, not including a survey or proving run;

(3) An aircraft compelled to return after takeoff; or

(4) An aircraft, operated for personal use without remuneration, whose maximum certificated takeoff weight is 6,000 pounds or less.

§ 161.43 Parking charges.

(a) The charge for parking an aircraft of 6,000 pounds maximum certificated takeoff weight, or less, at an airport is as follows:

Period of time:	Charge
Each day, or fraction thereof.....	\$1.00
Each week.....	3.00
Each month.....	6.00

(b) The charge for parking an aircraft of more than 6,000 pounds maximum certificated takeoff weight, at an airport to which this part applies, is as follows:

Period of time:	Charge for each 1,000 pounds (rounded to the nearest 1,000)
Each day, or fraction thereof..... ¹	\$0.10
Each week.....	0.50
Each month.....	1.50

¹ Minimum charge \$1.00.

(c) Charges for the parking of aircraft under this section begin six hours after the aircraft lands at the Airport.

§ 161.45 Charges for aircraft based at an airport.

The Assistant Administrator of the FAA Alaskan Region may fix such fair and reasonable landing and parking charges for aircraft based at an airport as he considers necessary, without regard to §§ 161.41 and 161.43.

§ 161.47 Payment of charges.

(a) Each person who uses facilities at an airport and each person to whom storage, repairs, supplies, or other services, are furnished by the FAA at an airport, shall, before leaving the airport, pay the applicable charges to the Manager concerned. The user shall pay the

charges in cash, unless he has arranged with the Assistant Administrator of the FAA Alaskan Region, or the Manager concerned, to pay the charges in some other manner.

(b) The pilot of each aircraft whose owner or lessee does not have a contract with the FAA for the aircraft to use an airport shall, immediately upon arriving at that airport, register at the airport office.

Subpart E—Enforcement

§ 161.51 Penalties.

(a) Each person who willfully and knowingly violates a rule prescribed in this part, or an order or instruction issued under this part, is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$500, or imprisoned for not more than six months, or both.

(b) In addition to the penalties prescribed in paragraph (a) of this section, the Manager concerned may have any person removed or ejected from the airport, if that person willfully and knowingly violates a rule prescribed in this part, an order or instruction issued under this part, or any applicable State or Federal law.

MILK IN SOUTHERN MICHIGAN MARKETING AREA

Notice of Proposed Suspension of Certain Provisions of the Order

Notice is hereby given that, pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), the suspension of certain provisions of the order regulating the handling of milk in the Southern Michigan marketing area is being considered.

The provisions proposed to be suspended for the months of October 1962 through March 1963 are:

- (1) Section 1040.16(a) (3) (i), and
- (2) All of § 1040.16(a) (3) (ii) except "45 percent".

Suspension of the above pooling provisions for the months of October 1962 through March 1963 is requested pending the results of a hearing held in October 1961, at which consideration was given to the pooling provisions of the order.

The proposed suspension is requested because of a changed seasonality of production, and current production increases relative to Class I sales. These changed marketing conditions, it is stated, are making it increasingly difficult for some distributing pool plants to meet the pooling provisions provided in the order and such difficulty is likely to be aggravated during the forthcoming months of October 1962 through March 1963.

All persons who desire to submit written data, views, or arguments in connection with the proposed suspension should file the same with the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington 25, D.C., not later than three days from the date of publication of this notice in the FEDERAL REGISTER. All documents filed should be in quadruplicate.

Signed at Washington, D.C., on September 7, 1962.

Deputy Administrator, Price and
Production, Agricultural Stabilization and Conservation
Service.

PARTS AND ACCESSORIES NECESSARY FOR SAFE OPERATION

Parking Brakes and Brake Performance; Notice of Proposed Rule Making

At a session of the Interstate Commerce Commission, Motor Carrier Board No. 2, held at its office in Washington, D.C., on the 30th day of August, A.D. 1962.

The matter of parts and accessories necessary for safe operation under the Motor Carrier Safety Regulations prescribed by order of April 14, 1952, as amended, being under consideration; and

It appearing, That continuing study and investigation has established facts which warrant some amendment of §§ 193.41 and 193.52 of the Code of Federal Regulations (49 CFR 193.41, 193.52) relating to parking brakes and brake performance; and good cause appearing therefore;

It is ordered, That pursuant to section 4(a) of the Administrative Procedure Act (60 Stat. 237, 5 U.S.C. 1003), notice is hereby given of the Commission's proposal to amend § 193.41 *Parking brakes*, and § 193.52 *Brake performance* of the Motor Carrier Safety Regulations, adopted April 14, 1952, as amended (49 CFR Part 193), by substituting the following rules in lieu of the rules now in effect.

§ 193.41 Parking brakes.

(a) Every singly driven motor vehicle and every combination of motor vehicles shall at all times be equipped with a parking brake or brakes adequate to hold the vehicle or combination on any grade on which it is operated, under any condition of loading, on a surface free from ice or snow.

(b) The parking brake or brakes shall at all times be capable of being applied in conformance with the requirements of paragraph (a) of this section by the driver's muscular effort, by spring action,

or by other energy, provided that if such other energy is used, it shall be derived from a source which is isolated from any energy on which the service brake system depends. The operation of the parking brake may be assisted by the service brakes or other source of power provided that failure of the service brakes or other power assisting mechanism will not prevent the parking brake from being applied in conformance with the foregoing requirements.

(c) The parking brake or brakes, shall be so designed, constructed, and maintained that when once applied they shall remain in the applied condition with the required effectiveness despite exhaustion of any source of energy or leakage of any kind, and so that they cannot be released unless adequate energy is available to make immediate further application with the required effectiveness.

§ 193.52 Brake performance.

(a) Every motor vehicle and combination of vehicles, at all times and under all conditions of loading, upon application of the service brake, shall be capable of:

(1) Developing a braking force that is not less than the percentage of its gross weight tabulated in paragraph (b) of this section for its classification.

(2) Decelerating to a stop from not more than twenty miles per hour at not less than the feet per second tabulated in paragraph (b) of this section for its classification, and

(3) Stopping from a speed of twenty miles per hour in not more than the distance tabulated in paragraph (b) of this section for its classification, such distance to be measured from the point at which movement of the service brake pedal or control begins.

Tests for deceleration and stopping distance shall be made on a substantially level, dry, smooth, hard surface that is free from loose material.

(b) Classification of vehicles:

	Braking force as a percentage of gross vehicle or combination weight	Deceleration in feet per second	Brake system application and braking distance in feet from an initial speed of 20 m.p.h.
	Percent		
(1) Passenger vehicles with a seating capacity of 10 people or less including driver, not having a manufacturer's gross weight rating.....	52.8	17	25
(2) Single unit vehicles with a manufacturer's gross weight rating of 10,000 pounds or less.....	43.5	14	30
(3) Single unit vehicles with a manufacturer's gross weight rating of more than 10,000 pounds.....	43.5	14	40
(4) Combinations of a two-axle towing vehicle and a trailer with a gross weight of 3,000 pounds or less.....	43.5	14	40
(5) Buses, regardless of the number of axles, not having a manufacturer's gross weight rating.....	43.5	14	40
(6) All combinations of vehicles in driveway or tow-away operations.....	43.5	14	40
(7) All other vehicles and combinations of vehicles.....	43.5	14	50

PROPOSED RULE MAKING

Prior to final adoption of such regulations, consideration will be given to any written statements containing data, views, or arguments concerning the subject matter hereof which are submitted on or before October 15, 1962. No oral hearing is contemplated and any request for oral hearing shall be supported by an explanation as to why the evidence to be presented cannot reasonably be submitted in written form. One original signed copy and 4 additional copies of such written statements containing data, views, or arguments shall be submitted in accordance with the Commission's general rules of practice.

Notice of this proceeding shall be given to motor carriers, other persons of interest, and to the general public by depositing a copy of this notice in the office of the Secretary of the Interstate Commerce Commission, Washington, D.C., and by filing a copy thereof with the Director, Office of the Federal Register.

(Sec. 204, 49 Stat. 546, as amended; 49 U.S.C. 304)

By the Commission, Motor Carrier Board No. 2.

ARIZONA

Notice of Proposed Withdrawal and Reservation of Lands

The Bureau of Sport Fisheries and Wildlife, Department of the Interior, has filed an application, Serial Number Arizona 031029 for the withdrawal of the lands described below, from all forms of appropriation under the public land laws, including the general mining but not the mineral leasing laws, subject to existing valid claims and existing withdrawals.

The applicant desires the land for inclusion as part of the Cibola National Wildlife Refuge to preserve and enhance ancestral waterfowl wintering grounds.

For a period of thirty days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, 3022 Federal Building, Phoenix 25, Arizona.

If circumstances warrant it a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

National Park Service

[Order 3, Amdt. 8]

NATIONAL PARK SERVICE SUPER-INTENDENTS ET AL.

Delegation of Authority

Order No. 3, issued February 17, 1956 (21 F.R. 1494), is amended by changing the regional designation references in sections 1, 1(a), 4, and 5 from Region Two to Midwest Region; by withdrawal of sections 1(h), 2(i), and 3(o) pertaining to the inspection of properties transferred to state and local agencies for park, recreation, and historic monument purposes pursuant to the Act of June 10, 1948, (62 Stat. 350), in view of the limitation contained in 245 DM 1.2A(3); by changing section 4 so that it applies to the Assistant Regional Director (Administration) rather than to the Regional Administrative Officer and raises the contract authority from \$100,000 to \$200,000; and by changing section 5 so as to apply to the Regional Chief, Division of Property Management and General Services, rather than to the Regional Procurement and Property Management Officer. Amendments are as follows:

SECTION 1. The National Park Service superintendents in the Midwest Region whose positions are allocated to Civil Service grades GS-14 and above, in the administration, operation, and development of the areas under their supervision, are authorized to exercise all of the authority now or hereafter delegated to the Regional Director by the Director, except with respect to the following matters:

(a) Appointments and status changes involving personnel in GS-14 and higher grades; however, appointments and status changes involving grade GS-13 must be submitted to the Midwest Regional Office for review before being finalized.

Section 1(h) shall be deleted.

Section 2(i) shall be deleted.

Section 3(o) shall be deleted.

Sec. 4. Assistant Regional Director (Administration). The Assistant Regional Director (Administration) may execute and approve contracts not in excess of \$200,000 for construction, supplies, equipment, and services. This authority may be exercised by the Assistant Regional Director (Administration) in behalf of any office or area for which the Midwest Regional Office serves as the field finance office.

Sec. 5. Regional Chief, Division of Property Management and General Services. The Regional Chief, Division of Property Management and General Services may execute and approve contracts not in excess of \$50,000 for construction, supplies, equipment, and services. This authority may be exercised by the Regional Chief, Division of Property Management and General

Services in behalf of any office or area for which the Midwest Regional Office serves as the field finance office.

(National Park Service Order No. 14 (19 F.R. 8824); 39 Stat. 535; 16 U.S.C., sec. 2. Region Two Order No. 3 (21 F.R. 1494))

Dated: August 23, 1962.

**Order After Further Prehearing
Conference**

In re applications of Thomas S. Land and Bryan Davidson d/b as Salem Broadcasting Company (WJBD), Salem, Illinois, Docket No. 14635; File No. BP-14073; Donald E. Condee and Ned M. Webber d/b as Leader Broadcasting Co., Edwardsville, Illinois, Docket No. 14636, File No. BP-14530; for construction permits.

During a further prehearing conference on the above-entitled matter held September 7, 1962, it became apparent that new procedural understandings and dates had to be established and the date for the commencement of the hearing postponed. Accordingly, for reasons detailed in the transcript of the September 7 proceedings: *It is ordered*, This 7th day of September 1962:

(1) That the hearing, which is presently scheduled to commence at 10 a.m., September 19, 1962, at the Commission's offices, Washington, D.C., is hereby rescheduled to commence on Tuesday, October 16, 1962, at the same time and place;

(2) That by October 1, 1962, applicant "Leader" will provide copies of its engineering exhibits in support of its showing under the new issue added by the Review Board's order of August 8, 1962, to the consulting engineers and counsel of the opposing parties (and the Hearing Examiner) by mailing same (air-mail, special delivery) to the Bureau's counsel and staff engineer, the Hearing Examiner and the other lawyers and personally delivering same to the consulting engineers concerned;

(3) That by October 8, 1962, the parties will exchange corrected engineering exhibits pertaining to the originally designated hearing issues among themselves, with one copy of each to the Hearing Examiner;

(4) That exhibits pertaining to rebuttal of the material to be furnished earlier (see above) by "Leader" under the newly added issue, and the measurement data "Leader" has provided, will be exchanged by October 10, with one copy of each to the Hearing Examiner;

(5) That the consulting radio engineers will confer with Bureau's staff en-

gineer not later than October 4, 1962, with a view to ironing out differences among them so as to expedite the progress of the hearing;

(6) That the pertinent specific biographical data of the respective consulting radio engineers deemed to qualify them to provide the specific evidence they are proffering under the specific issues in this proceeding will be reduced to writing and submitted in exhibit form, such exhibits to be exchanged by October 10; and

(7) That the transcript of the prehearing conference proceedings of September 7 is incorporated herein by reference and will guide the parties on any otherwise doubtful points.

Released: September 10, 1962.

**Notice of Agreements Filed for
Approval**

Notice is hereby given that the following described agreements have been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916 (39 Stat. 733, 75 Stat. 763; 46 U.S.C. 814):

Agreement 3103-19, between the member lines of the Japan-Atlantic and Gulf Freight Conference, modifies the approved agreement of that Conference (Agreement 3103, as amended) in the trade from Japan, Korea and Okinawa to U.S. Atlantic and Gulf ports. This modification provides that new members of the conference, in addition to executing a counterpart of Agreement 3103, as amended, as required for admission to membership therein, shall also execute a counterpart of Agreement 8600, the joint agreement between this conference and the Trans-Pacific Freight Conference of Japan.

Agreement 7787-2, proposes to amend joint service Agreement 7787, as amended, between the carriers comprising the Federal-New Zealand Lines, a joint service (7786, as amended), and the carriers comprising Ellerman and Bucknall Associated Lines, a joint service (7788), operating under the name of American-Australian Steamship Lines, to include Blue Star Line, Limited, as a party thereto. The basic agreement provides for the establishment and maintenance of a joint cargo and limited passenger service in the trade from the United States Atlantic and Gulf ports to ports in Australia (including Tasmania), New Zealand, Cook Islands, Fiji Islands, New Caledonia, Australian Mandated New Guinea, New Hebrides, Norfolk Island, British Samoa, Solomon

Islands, Tahiti, Thursday Island, Tonga Islands, and Gilbert and Ellice Islands.

Agreement 7996-2, between the carriers comprising the American & Australian Steamship Lines, a joint service (Agreement 7787, as amended) and the carriers comprising the Port and Associated Lines, a joint service (Agreement 7791), is an amendment to a sailing agreement in the trade from New York to Australia and New Zealand (Agreement 7796, as amended). The purpose of this amendment is to provide for the participation of Blue Star Line, Ltd., in Agreement 7996, as amended, as a party to the American & Australian Steamship Line joint service Agreement 7787, as amended.

Agreement 8848, between United States Lines Company and P. Bork Shipping A/S, covers a through billing arrangement in the trade from ports in the Portland, Maine/Key West Florida range of the United States to Copenhagen, Denmark, with transshipment at London, England.

Agreement 8974, between American Mail Line, Ltd. and Everett Orient Line, Inc., covers a through billing arrangement on cargo from ports in Washington, Oregon and Alaska to ports of Calcutta, Chalna, Chittagong, Vizagapatam, and Rangoon, via ports in Japan, Hong Kong, or Singapore.

Agreement 8987, between the carriers comprising the M.A.N.Z. Line joint service (operating under approved joint service Agreement 7814) and Sea-Land Service, Inc., Puerto Rican Division, covers a through billing arrangement in the trade from ports in the Commonwealth of Australia (including Tasmania), the Dominion of New Zealand, Cook Islands, Fiji Islands, New Caledonia, Australian Mandated New Guinea, New Hebrides, Norfolk Island, British Samoa, Solomon Islands, Tahiti, Thursday Island, Tonga Islands, and Gilbert and Ellice Islands to Puerto Rico, with transshipment at New York.

Agreement 8993, between Grace Line, Inc., and Alcoa Steamship Company, Inc., covers a through billing arrangement in the trade from Colombia (Atlantic Coast), Venezuela, Netherlands Antilles, Jamaica (BWI), and Haiti to Puerto Rico, with transshipment at New York and Baltimore.

Interested parties may inspect these agreements and obtain copies thereof at the Bureau of Foreign Regulation, Federal Maritime Commission, Washington D.C., and may submit within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to any of these agreements and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: September 7, 1962.

By order of the Federal Maritime Commission.

THOMAS LISI,
Secretary.

MEMBER LINES OF U.S. GREAT LAKES-BORDEAUX/HAMBURG RANGE EASTBOUND AND WESTBOUND CONFERENCES

Notice of Agreements Filed for Approval

Notice is hereby given that the following described agreements have been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916 (39 Stat. 733, 75 Stat. 763; 46 U.S.C. 814):

Agreement 7820-7, between the member lines of the United States Great Lakes-Bordeaux/Hamburg Range Eastbound Conference, modifies the basic agreement of that Conference (7820, as amended), which covers the trade eastbound from Great Lakes ports of the United States to ports in Continental Europe within the Bordeaux/Hamburg range; and

Agreement 7830-7, between the member lines of the United States Great Lakes-Bordeaux/Hamburg Range Westbound Conference, modifies the basic agreement of that Conference (7830, as amended), which covers the trade westbound from ports in Continental Europe within the Bordeaux/Hamburg range to Great Lakes ports of the United States.

The purpose of these modifications is to provide (1) for an exception to the filing with the Commission of rates quoted by the Conference of rates on cargo loaded and carried in bulk without mark or count; and (2) for the agreement of only two-thirds of the conference members in establishing and altering rates for the carriage of commodities.

Interested parties may inspect these agreements and obtain copies thereof at the Bureau of Foreign Regulation, Federal Maritime Commission, Washington, D.C., and may submit within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to either of these agreements and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: September 7, 1962.

By order of the Federal Maritime Commission.

THOMAS LISI,
Secretary.

IDENTIFICATION OF CARCASSES OF CERTAIN HUMANELY SLAUGHTERED LIVESTOCK

Pursuant to section 4 of the Act of August 27, 1958 (7 U.S.C. 1904), and the statement of policy thereunder in 9 CFR Part 181 the following table lists the establishments operated under Federal inspection under the Meat Inspection Act (21 U.S.C. 71 et seq.) which were officially reported on August 1, 1962, as hu-

manely slaughtering and handling on that date the species of livestock respectively designated for such establishments in the table. Establishments reported after August 1, as using humane methods on August 1 or a later date in August, will be listed in a supplemental list. Previously published lists represented establishments reported in July or August as humanely slaughtering and handling the designated species of livestock on July 1 or some later date in July 1962 (27 F.R. 8045, 8499 and 8958). The

establishment number given with the name of the establishment is branded on each carcass of livestock inspected at that establishment. The table should not be understood to indicate that all species of livestock slaughtered at a listed establishment are slaughtered and handled by humane methods unless all species are listed for that establishment in the table. Nor should the table be understood to indicate that the affiliates of any listed establishment use only humane methods:

Each learner certificate has been issued upon the representations of the employer which, among other things, were that employment of learners at special minimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be annulled or withdrawn, as indicated therein, in the manner provided in Part 528 of Title 29 of the Code of Federal Regulations. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of 29 CFR 522.9.

Signed at Washington, D.C., this 6th day of September 1962.

ROBERT G. GRONEWALD,
Authorized Representative
of the Administrator.
