FEDERAL REGISTER

Area Code 202 Phone 962-8626

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration (mail address National Archives Building, Washington, D.C. 20408), pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., Ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The Federal Register will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15 per year, payable in advance. The charge for individual copies varies in proportion to the size of the issue (15 cents for the first 80 pages and 5 cents for each additional group of 40 pages, as actually bound). Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended. The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of books and pocket supplements are listed in the first Federal Register issue of each month.

List of CFR Parts Affected

(Codification Guide)

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears at the end of each issue beginning with the second issue of the month.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1967, and specifies how they are affected.

[Valencia Orange Reg. 218]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

§ 908.518 Valencia Orange Regulation 218.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Valenica oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on August 31, 1967.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period September 3, 1967, through September 9, 1967, are hereby fixed as follows:

(i) District 1: 102,000 cartons;

(ii) District 2: 498,000 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said amended marketing agreement and order.

[Lemon Reg. 283]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.583 Lemon Regulation 283.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on August 29, 1967.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period September 3, 1967, through September 9, 1967, are hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 209,250 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

[Tokay Grape Reg. 5]

PART 926—TOKAY GRAPES GROWN IN SAN JOAQUIN COUNTY, CALIF.

Limitation of Shipments

Findings. (1) Pursuant to the marketing agreement, as amended, and Order

No. 926, as amended (7 CFR Part 926), regulating the handling of Tokay grapes grown in San Joaquin County, Calif., effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations of the Industry Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of Tokay grapes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rulemaking procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than September 2, 1967. A reasonable determination as to the supply of, and the demand for, Tokay grapes must await the development of the crop and adequate information thereon was not available to the Industry Committee until August 28, 1967; recommendation as to the need for, and the extent of, limitation of shipments was made at the meeting of said committee on August 28, 1967, after consideration of all available information relative to the supply and demand conditions for such grapes, at which time the recommendations and supporting information were transmitted to the Department, and made available to growers and handlers; shipments of the current crop of such grapes are expected to begin on or about September 2, 1967, and this section should be applicable to all shipments of such grapes in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

§ 926.306 **Tokay Grape Regulation 5.**

(a) *Order.* (1) During the period beginning September 2, 1967, through December 31, 1967, no shipper shall ship:

(i) Any Tokay grapes, grown in the production area, which do not meet the grade and size specifications of U.S. No. 1 Table Grapes and the following additional requirements: Each bunch shall be well colored and, of the 25 percent, by count, of the berries of each bunch which are attached to the lower part of the main stem, including laterals, at least 30 percent, by count, shall be fairly well colored; or

(ii) Any container of Tokay grapes, grown in the production area, unless such container bears in plain letters and figures on one outside end a Federal-State Inspection Service lot stamp number showing that such grapes have been inspected in accordance with the established grade set forth in this section.

(2) *Definitions.* As used herein, the terms "handler," "shipper," "ship," and "production area" shall have the same meaning as when used in the amended marketing agreement and order; "U.S. No. 1 Table Grapes," "well colored," and "fairly well colored" shall have the same meaning as when used in the U.S. Standards for Table Grapes (§§ 51.880–51.911 of this title).

PART 989—RAISINS PRODUCED FROM GRAPES GROWN IN CALIFORNIA

Order Amending Order, as Amended, Regulating Handling

Correction

In F.R. Doc. 67-9987, appearing in the issue for Thursday, August 24, 1967, at page 12157, make the following change: In § 989.66(b)(1), that part of the second sentence which precedes the word "*Provided*", should read "Such handler shall store such reserve tonnage raisins in natural condition without addition of moisture and in such manner as will maintain the raisins in the same condition as when he acquired them, except for normal and natural deterioration and shrinkage, and except for loss through fire, acts of God or other conditions beyond the handler's control:".

Title 12—BANKS AND BANKING

Chapter VI—Farm Credit Administration

SUBCHAPTER A—ADMINISTRATIVE PROVISIONS

PART 604—INFORMATION AND RECORDS

Part 604 of Chapter VI of Title 12 of the Code of Federal Regulations is amended by designating §§ 604.1–604.10 as Subpart A—Information and Records Generally, by changing the reference to "a general agent's office" in the first sentence of § 604.1(a) to "an office of joint services", by changing the reference to "general agents" in the first sentence of § 604.5(c) to "chairmen of the presidents committees", by revising § 604.10, and by adding a new Subpart B—Availability of Records of the Farm Credit Administration, as follows:

Subpart A—Information and Records Generally

§ 604.1 **Information regarding the Farm Credit Administration and agencies under its supervision.**

(a) *FCA and bank personnel.* No officer or employee of the Farm Credit Administration, of an office of joint services or of a Federal land bank, Federal intermediate credit bank, or bank for cooperatives shall disclose information of a type not ordinarily contained in published reports or press releases regarding the Farm Credit Administration or any bank or association of the Farm Credit System or any borrowers or members thereof, except (1) to the extent necessarily involved in the performance of his official duties or (2) as authorized by §§ 604.4 to 604.8. * * *

* * * * *

§ 604.5 **Information and records regarding borrowers and applicants for loans.**

* * * * *

(c) The chairmen of the presidents committees and the presidents of the banks of the Farm Credit System may supply statistical and other impersonal information pertaining to groups of borrowers, applicants, and loans, in response to requests from any department or independent office of the Government of the United States, with the understanding that the information is requested for official use, and that it will not be published. * * *

* * * * *

§ 604.10 **Official records generally.**

The Farm Credit Administration and the several banks and associations under its supervision keep confidential the classes of records enumerated in §§ 604.2, 604.4, 604.5, and 604.8. Such records and other official records in the custody of the Farm Credit Administration may be made available as provided in Subpart B of this part. Information contained in other official records in the custody of a particular bank or association may be made available to persons directly and properly concerned upon written application to the particular bank or association. Such application must identify the specific information sought and must show how the applicant is concerned therewith. Such application with respect to official records in the custody of a particular bank or association may be granted by the chief executive officer of the bank or association in accordance with the provisions of this Subpart A.

Subpart B—Availability of Records of the Farm Credit Administration

AUTHORITY: The provisions of this Subpart B issued under sec. 17, 39 Stat. 375, as amended, sec. 2, 42 Stat. 1459, sec. 4, 46 Stat. 13, as amended, sec. 6, 47 Stat. 14, as amended; 5 U.S.C. 552; 12 U.S.C. 665, 831, 1101, 1141b.

Subpart B—Availability of Records of the Farm Credit Administration

§ 604.11 Official records of the Farm Credit Administration.

Upon request, identified records of the Farm Credit Administration shall be made available for public inspection and copying, except exempt records which includes the following:

(a) Records specifically required by Executive order to be secret;

(b) Records related solely to the internal personnel rules and practices of the Farm Credit Administration, including matters which are for the guidance of agency personnel;

(c) Records which are specifically exempted from disclosure by statute;

(d) Commercial or financial information obtained from any person or organization and privileged or confidential;

(e) Interagency or intra-agency memorandums or letters which would not be available by law to a private party in litigation in which the United States, as real party in interest on behalf of the Farm Credit Administration, is a party, or from a bank or association supervised by the Farm Credit Administration to a private party in litigation with such bank or association if such memorandums or letters are records of such bank or association;

(f) Personnel and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

(g) Investigatory files compiled for law enforcement purposes, except to the extent available by law to a private party;

(h) Records of or related to examination, operating, or condition reports of or related to the banks and associations under the supervision of the Farm Credit Administration which are prepared by, on behalf of, or for its use.

§ 604.12 Identification of records requested.

A member of the public who requests records from the Farm Credit Administration shall provide a reasonably specific description of the records sought so that such records may be located without undue search or inquiry. A record that is not identified by a reasonably specific description is not an identified record, and the request therefor may be declined.

§ 604.13 Request for records.

Requests for identified records should be directed to the Chief, Research and Information Division, Farm Credit Administration, Washington, D.C. 20578. Copies of such records may be obtained in person or by mail. Records will be available for inspection or copying during business hours on a regular business day at the offices of the Farm Credit Administration which are located in the South Agriculture Building, Washington, D.C.

§ 604.14 Service charge.

(a) The Farm Credit Administration furnishes a member of the public free of charge a reasonable quantity of information that has been printed or otherwise reproduced for the purpose of making it available to the public without charge.

(b) The Farm Credit Administration furnishes a member of the public free of charge information that is requested and is not exempt from disclosure when the information is readily available and can be furnished by the Farm Credit Administration without charge.

(c) When a request for information which may not be furnished under paragraphs (a) and (b) of this section is received, the Farm Credit Administration furnishes a copy of it at a fair and equitable fee when it is available to the public. In determining such fair and equitable fee, the Farm Credit Administration ascertains all costs necessary to recover the full cost to the Government including but not limited to, cost of employee service relating to research, reproduction, assembly, and authentication. The fee will be based on these costs and information under this paragraph will not be furnished until such fee is paid or arrangements for payment are made.

(Sec. 17, 39 Stat. 375, as amended, sec. 2, 42 Stat. 1459, sec. 4, 46 Stat. 13, as amended, sec. 6, 47 Stat. 14, as amended, 5 U.S.C. 552; 12 U.S.C. 665, 831, 1101, 1141b)

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 8371; Amdt. 39-471]

PART 39—AIRWORTHINESS DIRECTIVES

British Aircraft Corporation Model BAC 1-11 400 Series Airplanes

There have been two cases of inflight failure of the Saddle Bracket Structure located at Station 575 in the main landing gear bay on BAC 1-11 400 Series airplanes. Both failures occurred in the undercarriage "down" position and resulted in landings with one main undercarriage door open and in failures of a hydraulic pipeline causing the loss of fluid from the No. 1 hydraulic system. Investigation disclosed that the saddle bracket structures had fractured completely just inboard of the door jack attachment lug after 3,525 and 4,150 landings, respectively. Since this condition is likely to exist or develop in other airplanes of the same type design, an airworthiness directive is being issued to require periodic inspections of the main landing gear door jack attachment saddle bracket which projects on either side of the keel structure for cracks or damage and replacement of cracked or damaged brackets. The inspections may be discontinued after the incorporation of the modifications set forth in BAC 1-11 Service Bulletin Nos. 53-PM 2510 and 53-PM 3082, or FAA-approved equivalents.

In view of the possible seriousness of an inflight failure of the saddle bracket structure, a situation exists which requires immediate adoption of this regulation, and it is found that notice and public procedures hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

British Aircraft. Applies to Model BAC 1-11 400 Series airplanes.

Compliance required as indicated unless already accomplished.

To prevent failure of the Saddle Bracket Structure located at Station 575 in the main landing gear bay, accomplish the following:

(a) For airplanes with less than 3,500 landings on the effective date of this AD, within the next 350 landings after the effective date of this AD or before the accumulation of 2,350 landings, whichever is later, and thereafter at intervals not to exceed 350 landings, comply with paragraph (c). After the accumulation of 3,500 landings comply with the inspection requirements of paragraph (b).

(b) For airplanes with 3,500 or more landings on the effective date of this AD, within the next 50 landings after the effective date of this AD and thereafter at intervals not to exceed 50 landings, comply with paragraph (c).

(c) Visually inspect the portion of the main landing gear door jack attachment saddle bracket which projects on either side of the keel structure for cracks or damage in accordance with BAC 1-11 Alert Service Bulletin No. 53-A-PM 2510, Issue 2, dated June 29, 1967, or later ARB-approved issue, or an FAA-approved equivalent.

(d) Replace cracked or damaged main landing gear door jack attachment brackets with serviceable brackets of the same part number before further flight.

(e) For all airplanes, within the next 50 landings after the effective date of this AD or before the accumulation of 5,000 landings, whichever is later, replace web angles, P/N AK 27-1639, with new web angles of the same part number, or incorporate modification PM 2510 or modifications PM 2510 and PM 3082 in accordance with BAC Service Bulletin Nos. 53-PM 2510 and 53-PM 3082, respectively, or later ARB-approved issues, or an FAA-approved equivalent.

(f) The inspections required by paragraphs (a) and (b) may be discontinued after the incorporation of modification PM 2510 or modifications PM 2510 and PM 3082 or an FAA-approved equivalent in accordance with paragraph (e). If only modification PM 2510 is incorporated, within the next 14,000 landings and thereafter at intervals not to exceed 14,000 landings, replace the upper web angles, P/N AK 27-10133.

(g) For the purpose of complying with this AD, subject to acceptance by the assigned FAA maintenance inspector, the number of landings may be determined by dividing each airplane's hours' time in service by the operator's fleet average time from takeoff to landing for the airplane type.

This amendment becomes effective September 2, 1967.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958; 49 U.S.C. 1354(a), 1421, 1423)

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone and Transition Area

The purpose of these amendments to Part 71 of the Federal Aviation Regulations is to alter the Savannah, Ga., control zone and transition area.

The Savannah control zone is described in § 71.171 (32 F.R. 2071 and 32 F.R. 4307) and the Savannah transition area is described in § 71.181 (32 F.R. 2148 and 32 F.R. 4307).

In each of these descriptions, reference is made to Travis Field. Since the name of this airport has been changed to "Savannah Municipal Airport," it is necessary to amend the descriptions accordingly.

Since these amendments are editorial in nature, notice and public procedure hereon are unnecessary.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective immediately, as hereinafter set forth.

In § 71.171 (32 F.R. 2071), the Savannah, Ga., control zone (32 F.R. 4307) is amended as follows:

"* * * Travis Field * * *" is deleted wherever it appears and "* * * Savannah Municipal Airport * * *" is substituted therefor.

In § 71.181 (32 F.R. 2148), the Savannah, Ga., transition area (32 F.R. 4307) is amended as follows:

"* * * Travis Field * * *" is deleted wherever it appears and "* * * Savannah Municipal Airport * * *" is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348(a))

Issued in East Point, Ga., on August 24, 1967.

Director, Southern Region.

[Airspace Docket No. 65-WA-49]

PART 73—SPECIAL USE AIRSPACE

Alteration of Restricted Area

On November 9, 1966, a notice of proposed rule making was published in the FEDERAL REGISTER (31 F.R. 14412) stating that the Federal Aviation Agency was considering amendments to Part 73 of the Federal Aviation Regulations which would alter Restricted Areas R-2903A Jacksonville East, Fla., R-2903B Stevens Lake, Fla., R-2903C Putnam, Fla., R-2903D Jacksonville West, Fla., and R-2903E Jacksonville North, Fla.

Interested persons were afforded an opportunity to participate in the rulemaking through submission of comments. There was a large response to this notice and the majority of comments received treated this proposal and the proposal contained in Airspace Docket No. 65-WA-51 as a single proposal affecting the northeastern and north-central parts of Florida. Of 25 comments which can be identified with Airspace Docket No. 65-WA-49, 24 expressed objection or concern about possible adverse effects if actions under consideration in this docket combined with those set forth in Airspace Docket No. 65-WA-51 were processed.

As a result of the interest shown in response to the NPRM an informal airspace meeting was held in Ocala, Fla., on February 2, 1967. The major portion of the discussion centered on the airspace adjustments proposed under Airspace Docket No. 65-WA-51 and will be treated in the rulemaking action concerned with that notice. Those comments germane to this action were directed at the inconvenience caused by the need to circumnavigate existing Restricted Areas R-2903 A, B, C, D, and E. Since this meeting took place, separate action has been taken revoking Restricted Area R-2903D and reducing the dimensions of R-2903A and R-2903E, thereby providing a shorter air route between Jacksonville and the Gainesville/Ocala area. This separate action was taken under Airspace Docket No. 67-WA-13 (32 F.R. 7014) and no further action on these areas is required in this rule.

Another objection concerned the possible adverse effect the enlarged R-2903C would have on operations at Larkin Airport, Palatka, Fla. The spacing between this airport and R-2903C meets agency guidelines for airport spacing and traffic pattern airspace areas and; therefore, the spacing is considered adequate to accommodate VFR traffic patterns for aircraft in the light to heavy conventional twin engine categories. There are no instrument approach procedures for Larkin Airport.

Objections were also voiced about the reduction in the width of the air corridor between R-2903C and R-2906 (Airspace Docket No. 65-WA-51) resulting from the expansion of these two areas. The corridor under question will be 8 nautical miles wide with the city of Palatka, an east-west highway and a railroad between Palatka and Gainesville providing excellent landmarks. This, combined with navigational guidance that is available from the Gainesville VORTAC, is considered completely adequate for flight between the restricted areas.

The notice of proposed rule making considered changing the identification of R-2903B and R-2903C. The separate action taken on areas R-2903A, R-2903D, and R-2903E in Airspace Docket No. 67-WA-13 eliminates this requirement. The proposed subdivision of R-2903B will not be affected but will be handled in a letter of procedure between the using agency and the controlling agency.

In consideration of the foregoing and previous action taken under Airspace Docket No. 67-WA-13, Part 73 of the Federal Aviation Regulations (FARs), § 73.29 (32 F.R. 2303, 5769) is amended, effective October 12, 1967, as hereinafter set forth.

1. R-2903B Stevens Lake, Fla., is amended to read:

Order requiring the Nation's leading producer and distributor of phonograph records to cease lessening competition in the mail order record market by conspiring with other record manufacturers to fix or control royalties paid recording artists, costs of records, and preventing other record clubs from acquiring phonograph records of certain manufacturers on the same terms as respondent acquires such records.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondents Columbia Broadcasting System, Inc., and Columbia Record Club, Inc., and their officers, representatives, agents and employees, successors, or assigns, directly or indirectly, or through any corporate or other device, in connection with the manufacture, promotion, offering for sale, sale, and distribution of phonograph records in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

Entering into, maintaining, or continuing any contract, licensing agreement, or understanding with any other manufacturer or producer of phonograph records to:

(a) Establish, fix, or maintain the price or royalty paid by any other manufacturer or producer of phonograph records to any artist for such artist's recording services;

(b) Prevent other club operators, including potential club operators, from acquiring the phonograph records of any other manufacturer or producer on the same terms and conditions as respondents acquire such records, including but not limited to agreements which have the effect of:

i. Giving respondents the sole or exclusive right, privilege, or license to manufacture, distribute or sell through clubs phonograph records manufactured from master recordings owned or controlled by any other manufacturer or producer of phonograph records;

ii. Restricting or preventing any manufacturer or producer of phonograph records from licensing, authorizing, or consenting to the making of phonograph records from its master records by any other person for the purpose of resale by the subscription or club method of direct mail sellings

iii. Restricting or preventing any manufacturer or producer of phonograph records from selling its own records by the subscription or club method of direct mail selling;

iv. Restricting or preventing any manufacturer or producer of phonograph records from selling its records directly to any person for resale by the subscription or club method of direct mail selling.

It is further ordered, That respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with the order set forth herein.

Issued: July 25, 1967.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Inter-State Builders, Inc., et al., Cincinnati, Ohio, Docket 8624, July 28, 1967]

Order requiring a Cincinnati, Ohio, distributor of aluminum and insulated siding products to cease misrepresenting that a customer's house will be used as a model, that its salesmen are factory representatives, that its prices are reduced, and that its products are guaranteed.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondents Inter-State Builders, Inc., a corporation, and its officers, and Milton S. Gottesman, individually and as a director of said corporation, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of aluminum siding or other products, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing, directly or by implication, that the home of any of respondents' customers or prospective customers has been selected as model home to be used as a point of reference for advertising purposes;

2. Representing, directly or by implication, that any special price, allowance, discount, or commission is granted by respondents to purchasers in return for permitting the premises on which respondents' products are installed to be used for model home demonstration purposes;

3. Representing that respondents' salesmen or representatives are factory representatives, or otherwise misrepresenting the status of such salesmen or representatives;

4. Representing that respondents' salesmen or representatives are representatives of the United Gypsum Co., or representing that respondents or their representatives are affiliated with any company or organization with which they are not in fact affiliated;

5. Representing, directly or by implication, that any of respondents' products are guaranteed, unless the nature and extent of the guarantee, the identity of the guarantor and the manner in which the guarantor will perform thereunder are clearly and conspicuously disclosed; or making any direct or implied representation that any of respondents' products are guaranteed unless in each instance a written guarantee is given to the purchaser containing provisions substantially the same as those contained in such representations;

6. Representing that respondents' customers are granted any reduction in price for their products, unless the price offered constitutes a substantial reduction from the actual bona fide price at which such products had been offered for sale on a regular basis for a reasonably substantial period of time in the recent, regular course of respondents' business;

7. Misrepresenting in any manner the savings available to purchasers of respondents' merchandise;

8. Failing—

(a) To send a copy of the order by certified or registered mail to all present and future "brokers," salesmen, "contractors," and other representatives;

(b) To advise in writing all such representatives: that respondents will expect such representatives to comply with the provisions contained in the order; that said representatives will be discharged if they disobey this order; and that respondents will accept no contracts or pay any commission or other fee or allowance in connection with the procurement of which representations have been made in violation of this order;

(c) To obtain from all such representatives a signed statement acknowledging the existence of this order and agreeing to abide by it; and

(d) Prior to the acceptance of any contract, to deliver to the customer who has executed the contract a copy of the contract and a separate written statement clearly and conspicuously advising the customer (1) that no oral representation which may have been made by any salesman or representative of respondents and which is not contained in the contract is binding upon respondents; and (2) that such customer may, within a designated period which shall in no case be less than ten days after receipt of such statement from respondents, elect to cancel the contract if in executing it he has relied in whole or in part upon any oral representation not contained in the contract;

It is further ordered, That the respondent shall within sixty (60) days after service upon it of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist set forth herein.

Issued: July 28, 1967.

PART 3—STATEMENTS OF GENERAL POLICY OR INTERPRETATION

Use of Poultry Litter as Animal Feed

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 402(a) (1), (2)(C), and (3), 701(a), 52 Stat. 1046, as amended 68 Stat. 511, 72 Stat. 1784; 52 Stat. 1055; 21 U.S.C. 342 (a) (1), (2)(C), and (3), 371(a)) and under the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.120), the following new section is added to Part 3:

§ 3.59 Use of poultry litter as animal feed.

(a) Poultry rations used today generally contain drugs including antibiotic drugs used individually or in combination. The levels of drug use vary from very small quantities of antibiotic drugs for growth promotion to relatively large quantities of drugs for treatment of diseases. Consequently, poultry litter can be expected to contain drugs and antibiotic drugs or their metabolites. It is not practical to determine, or feasible to estimate, the nature and levels of the drugs and their matabolites in litter. Therefore, it is not possible to conclude that poultry litter is safe as a feed or as a component of feed for animals, nor is it possible to conclude that there will be no drug residues in the tissues and byproducts of animals fed poultry litter.

(b) Disease organisms may be transmitted from poultry to other animals through the use of poultry litter as animal feed. There are several diseases affecting poultry that can also affect cattle, hogs, and sheep as well as man. Thus such transmission of disease organisms from poultry to other animals and possibly to man constitutes a hazard to animals and to the public health.

(c) Therefore, the Food and Drug Administration has not sanctioned and does not sanction the use of poultry litter as a feed or as a component of feed for animals. Poultry litter subject to the jurisdiction of the Federal Food, Drug, and Cosmetic Act and offered for use as animal feed may be considered as adulterated within the meaning of section 402(a) (1), (2) (C), and/or (3) of the act.

(Secs. 402(a) (1), (2) (C), and (3), 701(a), 52 Stat. 1046, as amended 68 Stat. 511, 72 Stat. 1784; 52 Stat. 1055; 21 U.S.C. 342(a) (1), (2) (C), and (3), 371(a))

Dated: August 28, 1967.

J. K. KIRK,
Associate Commissioner for Compliance.

PART 8—COLOR ADDITIVES

Subpart—Provisional Regulations

PROVISIONAL LISTS OF COLOR ADDITIVES

An order was published in the FEDERAL REGISTER of July 26, 1967 (32 F.R. 10930), revising § 8.501 (a)-(f) to postpone the closing dates of provisional listings of a number of color additives. To restore the inadvertantly omitted "lakes," § 8.501 *Provisional lists of color additives* is amended, effective July 1, 1967, as follows:

1. Paragraph (a) is amended by adding to the end of the table an item reading "Lakes (FD&C) (§ 9.100 of this chapter)."

2. Paragraph (b) is amended by adding to the end of the table an item reading "Lakes (D&C) (§ 9.280 of this chapter)."

3. Paragraph (c) is amended by adding to the end of the table an item reading "Lakes (Ext. D&C) (§ 9.440 of this chapter)."

(Sec. 203(a) (2), Public Law 86-618; 74 Stat. 404; 21 U.S.C. 376, note)

Dated: August 25, 1967.

Associate Commissioner for Compliance.

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

2,4-Dichlorophenyl *p*-Nitrophenyl Ether

A petition (PP 7F0583) was filed with the Food and Drug Administration by Rohm & Haas Co., Independence Mall West, Philadelphia, Pa. 19105, requesting the establishment of tolerances for residues of the herbicide 2,4-dichlorophenyl *p*-nitrophenyl ether in or on broccoli, brussels sprouts, cabbage, cauliflower, and kohlrabi at 1 part per million. The petitioner later decreased the tolerance level requested to 0.75 part per million.

The Secretary of Agriculture has certified that this pesticide chemical is useful for the purposes for which tolerances are being established.

Based on consideration given the data submitted in the petition, and other relevant material, the Commisisoner of Food and Drugs concludes that the tolerances established by this order will protect the public health. Therefore, by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408(d) (2), 68 Stat. 512; 21 U.S.C. 346a(d) (2)) and delegated by him to the Commissioner (21 CFR 2.120), Part 120 is amended in the following respects:

1. Section 120.3(e) (4) is amended by alphabetically inserting in the list of pesticides a new item, as follows:

§ 120.3 Tolerances for related pesticide chemicals.

(e) * * *
(4) * * *

2,4-Dichlorophenyl p-nitrophenyl ether.

* * * * *

2. A new section is added to Subpart C as follows:

§ 120.223 2,4-Dichlorophenyl *p*-nitrophenyl ether; tolerances for residues.

Tolerances are established for residues of the herbicide 2,4-dichlorophenyl *p*-nitrophenyl ether in or on broccoli, brussels sprouts, cabbage, cauliflower, and kohlrabi, at 0.75 part per million.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 408(d) (2), 68 Stat. 512; 21 U.S.C. 346a(d) (2))

Dated: August 25, 1967.

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Dodine

A petition (PP 7F0577) was filed with the Food and Drug Administration by American Cyanamid Co., Post Office Box 400, Princeton, N.J. 08540, proposing the establishment of a tolerance of 5 parts per million for residues of the fungicide dodine (*n*-dodecylguanidine acetate) in or on the raw agricultural commodity peaches.

The Secretary of Agriculture has certified that this fungicide is useful for the purpose for which the tolerance is being established.

Based on consideration of the data submitted in the petition, and other relevant material, the Commissioner of Food and Drugs concludes that the tolerance established by this order will protect the public health. Therefore, by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408(d) (2), 68 Stat. 512; 21 U.S.C. 346a(d) (2)) and delegated by him to the Commissioner (21 CFR 2.120), § 120.172 is amended by revising the paragraph "5 parts per million * * *" to read as follows:

§ 120.172 Dodine; tolerances for residues.

* * * * *

5 parts per million in or on apples, cherries (sour and sweet), peaches, pears, strawberries.

* * * * *

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Trifluralin

A petition (PP 7F0586) was filed with the Food and Drug Administration by Elanco Products Co., a division of Eli Lilly and Co., Indianapolis, Ind. 46206, proposing the establishment of a tolerance of 0.05 part per million for residues of the herbicide trifluralin in or on potatoes.

The Secretary of Agriculture has certified that this pesticide chemical is useful for the purposes for which the tolerance is being established.

Based on consideration given the data submitted in the petition, and other relevant material, the Commissioner of Food and Drugs concludes that the tolerance established in this order will protect the public health. Therefore, by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)) and delegated by him to the Commissioner (21 CFR 2.120), § 120.207 is revised to read as follows to establish the subject tolerance:

§ 120.207 Trifluralin; tolerances for residues.

Tolerances are established for negligible residues of the herbicide trifluralin (α,α,α-trifluoro-2,6-dinitro-*N,N*-dipropyl-*p*-toluidine) in or on potatoes and sugar beets at 0.05 part per million.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

2,4-Bis(Isopropylamino)-6-Methylthio-s-Triazine

A petition (PP 7F0559) was filed with the Food and Drug Administration by Geigy Chemical Corp., Ardsley, N.Y. 10502, proposing the establishment of tolerances for residues of the herbicide 2,4-bis(isopropylamino)-6-methylthio-*s*-triazine in or on raw agricultural commodities as follows: 2 parts per million in or on cotton forage; and 1 part per million in or on celery, corn kernels and cobs (including field corn, sweet corn, and popcorn), corn forage and fodder (including field corn, sweet corn, and popcorn), and cottonseed. Subsequently the petitioner reduced the tolerance levels requested to those set forth below.

The Secretary of Agriculture has certified that this pesticide chemical is useful for the purposes for which the tolerances are being established.

Based on consideration of the data submitted in the petition, and other relevant material, the Commissioner of Food and Drugs concludes that the tolerances established by this order will protect the public health. Therefore, by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)) and delegated by him to the Commissioner (21 CFR 2.120), Part 120 is amended by adding the following new section to Subpart C:

§ 120.222 2,4-Bis(isopropylamino)-6-methylthio-s-triazine; tolerances for residues.

Tolerances for residues of the herbicide 2,4-bis(isopropylamino)-6-methylthio-*s*-triazine are established in or on raw agricultural commodities as follows:

1 part per million in or on cotton forage.

0.5 part per million in or on celery.

0.25 part per million in or on corn grain (includes popcorn),

fresh corn including sweet corn (kernels plus cobs with husks removed), corn forage and fodder (including field corn, sweet corn, and popcorn), and cottonseed.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

PART 121—FOOD ADDITIVES

Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

NYLON RESINS

The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 7B2174) filed by Aquitaine-Organico, Plastics Subsidiary, Societe Nationale Des Petroles D'Aquitaine, 16 Rue D'Artois, Paris 8ᵉ, France, and other relevant material, has concluded that the maximum levels of extractable fractions for Nylon 11 resins used in food-contact articles should be amended to provide for increased levels of such extractable fractions. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.120), § 121.2502(b) is amended in the table by revising the entries in the last four columns for items 5.1 and 5.2 to read as follows:

§ 121.2502 Nylon resins.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

PART 121—FOOD ADDITIVES

Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

VINYLIDENE CHORIDE COPOLYMER COATINGS FOR NYLON FILM

The Commissioner of Food and Drugs, having evaluated the data submitted in petitions (FAP 7B2063, 7B2064) filed by Morton Chemical Co., Div. of Morton International, Inc., 110 North Wacker Drive, Chicago, Ill. 60606, and other relevant material, has concluded that the food additive regulations should be amended to provide for the use of methacrylic acid and methyl acrylate as components of vinylidene chloride copolymers used in coatings on nylon film intended for food-contact use. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)) and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.120), § 121.2599(b) is revised to read as follows:

§ 121.2599 Vinylidene chloride copolymer coatings for nylon film.

* * * * *

(b) The coatings are prepared from vinylidene chloride copolymers produced by copolymerizing vinylidene chloride with one or more of the monomers acrylonitrile, ethyl acrylate, methacrylic acid, and methyl acrylate. The finished copolymers contain at least 50 weight percent of polymer units derived from vinlyidene chloride. Finished vinylidene chloride copolymer coatings containing polymer units derived from methyl acrylate and/or methacrylic acid are limited to use in contact with nonalcholic foods having a pH above 5.0.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

Miscellaneous Amendments

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357) and delegated by him to the Commissioner of Food and Drugs (21 CFR 2.120), the antibiotic drug regulations are amended as follows to effect minor technical and editorial changes:

1. In § 141a.113 *Clemizole penicillin G*, paragraph (c) is amended by changing "use 1.0 milligram" to read "use 1.0 milliliter".

2. In § 141c.266 *Demethylchlortetracycline hydrochloride tablets*, paragraph (a) is amended in the second sentence by changing "of demethylchlortetracycline that" to read "of demethylchlortetracycline hydrochloride that".

3. In § 146c.263 *Demethylchlortetracycline-nystatin for oral suspension*, paragraph (a) is amended by deleting the word "hydrochloride" the first place that it occurs.

4. In § 148j.2 *Calcium novobiocin*, paragraph (b)(4) is amended by changing "solution" to read "suspension".

5. In § 148o.3 *Paromomycin sulfate syrup*, paragraph (b)(1) is amended by changing "point" to read "concentration".

6. In § 148r.4 *Tyrothricin cream*, paragraph (b) is amended by changing "25 milliliters of 80 percent ethyl alcohol" in two places to read "20 milliliters of 80 percent ethyl alcohol", and by changing "10-milliliter volumetric flask" to read "100-milliliter volumetric flask".

7. In § 148x.1 *Lincomycin hydrochloride monohydrate*, paragraph (b)(1)(vii) is amended by changing "incubated for 10 to 18 hours" to read "incubated for 16 to 18 hours".

The changes effected by this order are merely of a minor technical or editorial nature; therefore, notice and public procedure and delayed effective date are not prerequisites to this promulgation.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER.

MISCELLANEOUS AMENDMENTS TO CHAPTER

The following miscellaneous amendments have been made to this chapter:

SUBCHAPTER D—RENTAL HOUSING INSURANCE

PART 207—MULTIFAMILY HOUSING MORTAGE INSURANCE

Subpart A—Eligibility Requirements

In § 207.32 paragraph (b) is amended to read as follows:

§ 207.32 Eligibility of refinancing transactions.

* * * * *

(b) Where the mortgage to be refinanced is one of several insured mortgages covering properties which are part of a single development and the proceeds of the refinanced mortgage are to be applied to the delinquent indebtedness of one or more of the insured mortgages in such development, the principal amount of the new mortgage shall not exceed the original principal amount of the existing insured mortgage. For purposes of this paragraph, single development shall mean adjacent properties owned by the same mortgagor or an affiliate mortgagor, as determined by the Commissioner.

(Sec. 211, 52 Stat. 23; 12 U.S.C. 1715b. Interprets or applies sec. 207, 52 Stat. 16, as amended; 12 U.S.C. 1713)

SUBCHAPTER G—HOUSING FOR MODERATE INCOME AND DISPLACED FAMILIES

PART 221—LOW COST AND MODERATE INCOME MORTGAGE INSURANCE

Subpart A—Eligibility Requirements—Low Cost Homes

In § 221.60 paragraph (c)(3) is amended to read as follows:

§ 221.60 Eligibility requirements for low income purchasers.

* * * * *

(c) * * *

(3) It shall be limited to a term not exceeding the term of the project mortgage remaining at the time of the purchase.

Section 221.542 is amended by adding a new paragraph (c) to read as follows:

§ 221.542 Assurance of completion.

* * * * *

(c) The provisions in paragraphs (a) and (b) of this section shall not apply to the rehabilitation of eight or less dwelling units by a rehabilitation sales mortgagor.

Title 32—NATIONAL DEFENSE

Chapter I—Office of the Secretary of Defense

SUBCHAPTER E—DEFENSE CONTRACTING

PART 168—MANAGEMENT AND CONTROL OF ENGINEERING AND TECHNICAL SERVICES

The Deputy Secretary of Defense approved the following:

AUTHORITY: The provisions of this Part 168 issued under Title 5 U.S.C. 301, and Title 5 U.S.C. 552.

§ 168.1 Purpose.

This part establishes Department of Defense policies and criteria for the management, programming, use, administration, and reporting of engineering and technical services, in consonance with the policies contained in DoD Directive 3232.1, "Department of Defense Maintenance Engineering Program," November 3, 1955, and DoD Directive 4151.1, "Policies Governing the Use of Commercial and Military Resources for Maintenance of Military Materiel," July 28, 1960.[1]

§ 168.2 Applicability and scope.

The provisions of this part apply to the Military Departments and Defense Agencies (hereafter referred to collectively as DoD components), and cover those engineering and technical services which are defined in § 168.3, and engineering and technical services furnished to foreign Governments and international organizations under the Military Assistance Program.

[1] Filed as part of original; single copies available at The Naval Supply Depot, 5801 Tabor Avenue, Philadelphia, Pa. 19120, Attention: Code 300.

§ 168.3 Definitions.

(a) *Engineering and technical services.* Those services which provide advice, instruction and training in the installation, operation and maintenance of weapons, equipment and systems used by DoD components. These services are provided by qualified DoD military and civilian personnel, and by employees of commercial or industrial companies.

(b) *DoD engineering and technical services specialists.* DoD military and civilian personnel technically qualified to provide advice, instruction and training in the installation, operation and maintenance of DoD weapons, equipment, and systems.

(c) *Contractor engineering and technical services.* Those services performed by commercial or industrial companies which provide advice, instruction and training to DoD personnel in the installation, operation and maintenance of DoD weapons, equipment and systems. These services include transmitting the knowledge necessary to develop among these DoD personnel the technical skill capability required for installing, maintaining and operating such equipment in a high state of military readiness. Contractor Engineering and Technical Services consist of:

(1) *Contract plant services (CPS).* Those engineering and technical services provided to DoD personnel by a manufacturer of military equipment or components. These services are provided in the plants and facilities of the manufacturer by trained and qualified engineers and technicians employed by the manufacturer. The specialized skills, knowledge, experience and technical data of the manufacturer are contracted for by DoD components for the purposes of acquiring system and component knowledge, training and training aid programs, and other essential engineering and technical services relating directly to the development among DoD personnel of the technical skills capability required for installing, maintaining, and operating such equipment.

(2) *Contract field services (CFS).* Those engineering and technical services provided to DoD personnel by commercial or industrial companies on site at defense locations by trained and qualified engineers and technicians. CFS personnel must possess specialized knowledge, experience and skills, or have access to information covering the installation, operation and maintenance of DoD weapons equipment and systems. Contractors providing field service personnel must have adequate staff, finances, and organization and technical capability to assure the economical and competent performance of their contracts.

(3) *Field service representative (FSR).* An Employee of a manufacturer of military equipment or components who provides a liaison or advisory service between his company and the military users of his company's equipment or components. This service is an important element in providing a technical communication

channel between the producer and the military field user.

§ 168.4 Background.

The introduction into inventory of new and complex weapons, equipment and systems with special operational capabilities and peculiar technical characteristics requires the transmittal of technical know-how from producer to DoD personnel and the continuation of technical support and communication between the producer and user for a period of time until the user becomes capable of maintaining and operating the equipments and systems. The period of time is dependent upon such factors as: (a) The advancement in technical design; (b) stability of design; (c) changes in the operational mission or concept; and (d) the time between development, systems analysis, training program development, production and deployment. This period of time covers the design phase, the fabrication phase, the test phase and the postdelivery phase of weapons systems and equipment introduction.

§ 168.5 Policy.

(a) *General.* (1) DoD components will achieve in-house self-sufficiency as early as possible in the installation, operation, and maintenance of their weapons, equipment, and systems. Where the use of CPS is required in order to achieve this, the CPS should normally be utilized prior to delivery of the weapons, equipment and systems into defense inventory. The procurement of CPS will be subjected to continuing review and control to insure that it is limited to the minimum needed to achieve and assure effective and dependable self-sufficiency, in-house capability, and military readiness.

(2) When required, engineering and technical services will be provided to DoD users of weapons, equipment and systems on site, primarily through DoD personnel (DoD Engineering and Technical Services Specialists). Each DoD component will continue its conduct of plans and programs to assure that the knowledge, training and skill capability of its Engineering and Technical Services Specialists is properly maintained and advanced to meet projected changes in weapons, equipment and systems.

(3) Services by FSR personnel may be provided as necessary to assure adequate advice or liaison between manufacturers and the field users of their products. FSR personnel providing these services will be accredited by the DoD components receiving their services, and their activities will be administered as provided in § 168.6.

(b) *Use of CFS.* (1) Contract Field Services (CFS) will be utilized only where necessary for accomplishment of a military mission, and where satisfactory provision of services by DoD personnel is not practicable. In these cases, the use of CFS by DoD components is limited to a period not exceeding 12 months after they achieve operational readiness of their particular weapons, equipment or systems which require the use of CFS. Exceptions to this 12-month limitation may be granted by the Secretary of a Military Department or the Director of a Defense Agency, or by their designees.

(2) Contract Field Services will be utilized only when one of the following conditions prevails:

(i) The complexity of new weapons, equipment and systems, or modified equipment, which utilizes innovations in design or fabrication is such that in-plant training and acquisition of engineering knowledge has not been adequate, and a period of on-site CFS indoctrination and training of DoD personnel is needed to assure that proficiency in installation, operation and maintenance is sufficient to meet readiness standards.

(ii) During or subsequent to the introduction of the equipment or system, an urgent requirement develops for additional reliability evaluation, training of maintenance which cannot be supplied by DoD personnel or CPS.

(3) Contract Field Services will be (i) procured through a separate service contract, or (ii) included as an identifiable line item within an end item procurement contract. Personnel performing services under these contracts will be under the supervision, direction, and control of their company. Contracts covering CFS will show the man-months and cost of these services and will outline the work to be performed.

(c) *Limitations on use of CFS.* (1) Contract Field Services personnel providing engineering and technical services shall not be:

(i) Placed in positions where they are appointed or employed by a Federal officer, or are under the supervision, direction, or evaluation of a Federal officer, military or civilian.

(ii) Placed in a policy making position.

(iii) Placed in a position of command, supervision, administration, or control over DoD military or civilian personnel, or personnel of other contractors, or become a part of the Government organization.

(iv) Used for the purpose of avoiding manpower ceilings or other personnel rules and regulations of DoD or the Civil Service Commission.

(2) In the event unusual requirements involving essential mission accomplishment necessitate exceptions to one or more of the elements of this paragraph (c) request for an exception on an individual case basis may be made to the Assistant Secretary of Defense (Manpower), who is authorized to determine, after consultation with representatives of the Civil Service Commission, whether an exception may be granted for an interim period.

§ 168.6 Administration.

(a) The requirements for and the use of CPS, CFS, and DoD Engineering and Technical Services Specialists; and the number of accredited FSR personnel will be reviewed not less than semiannually at Military Department or Defense Agency headquarters level to:

(1) Insure proper use of contractor services in conjunction with DoD military and civilian personnel, and to assure adequate work effectiveness and contract performance.

(2) Assess the achievements of military readiness standards for equipment installation, operation, and maintenance.

(3) Insure adequacy of the technical communication channel between the producer and DoD field users of military equipment.

(4) Identify requirements in relation to the updated Five Year Force Structure and immediate needs.

(5) Determine need for any change in policy or procedures.

(6) Provide data for semiannual reports.

(b) Before directing the procurement of CFS, each DoD component will ascertain whether DoD Engineering and Technical Services Specialists in other DoD components can be made available to provide the necessary services, in order to prevent unwarranted duplication.

(c) Requirements computations and programing for Engineering and Technical Services will be expressed in terms of man-months and in dollar costs.

(d) DoD components will reflect the policies outlined in this Part in functional areas using engineering and technical services, as defined herein, including R&D support activities and the Military Assistance Program.

(e) Data required in support of budget estimates will provide for separate identification of the requirements for Contractor Engineering and Technical Services.

(f) Management, policy direction, and control over engineering and technical services will be exercised through the existing management structures of the Office of the Secretary of Defense and other DoD components. However, a single existing office at the headquarters level of Millitary Departments or Defense Agencies will be assigned the responsibility for coordinating and maintaining cognizance over all engineering and technical services used, including CPS, CFS, and FSR. This responsibility will involve:

(1) Insuring that requirements for DoD and Contractor Engineering and Technical Services personnel are considered in the aggregate and also as complements of each other.

(2) Coordinating requests for funds and manpower spaces for Engineering and Technical Services to insure optimum utilization of contractor and in-house effort.

(g) Procurement of Contractor Engineering and Technical Services will conform to the Armed Services Procurement Regulation, Subchapter A hereof, and will be subject to the following additional provisions:

(1) Procurement will be covered by contracts showing man-months and dollar costs for services, or will be included as identifiable line items (showing man-months and dollar costs) for services in end item procurement contracts.

(2) Definitive specifications for Contractor Engineering and Technical Services procured will be included in the Invitations to Bids and Requests for Proposals, and in the contracts covering these services.

(h) Failure and reliability analysis and data flow systems may be accomplished when required by use of contracts with specifications defining the tasks to be performed.

(i) CFS and FSR personnel, although under the control of their companies, will be subject to the administrative and security regulations of the defense location on which they are working. Arrangements for the security, logistic support and other matters for CFS and accredited FSR personnel will be carried out in conformity with the procedures specified below:

(1) *Security Clearances.* Security clearances will be processed in accordance with DoD Regulation 5220.22R, "DoD Industrial Security Regulation," March 1, 1965,[3] and DoD components will be responsible for insuring that all security requirements are met.

(2) *Identification.* Identification for CFS personnel and accredited FSR personnel will be provided by the standard identification and privilege card, DD Form 1173, in accordance with 32 CFR 68. When required, these personnel will also be provided with the identification credentials specified by the Geneva Conventions in accordance with DoD Instruction 1000.1, "Issuance of Identity Cards Required by the Geneva Conventions," December 31, 1964.[3]

(3) *Logistic Support.* CFS personnel, and accredited FSR personnel performing services at the request or with the concurrence of a DoD component, will be provided logistic support overseas in accordance with DoD Directive 4000.6, "Policy on Logistics Support of U.S. Non-Government, Non-Military Agencies and Individuals in Overseas Military Commands," March 15, 1956.[3] In the United States, CFS personnel and accredited FSR personnel will be authorized BOQ or VOQ accommodations, as appropriate, together with local transportation and messing equivalent to those afforded a commissioned officer. Contract arrangements will take into consideration the availability of these services in overseas and U.S. areas. It must be recognized that FSR personnel have an obligation to render services for their company's products. In order to derive the maximum benefit from this type of technical service, DoD components will grant sufficient latitude in the provision of logistic support, consistent with security requirements, to permit accredited FSR personnel to carry out effectively their responsibilities to both DoD and their company.

(4) *Travel and Transportation.* The provisions of 32 CFR 171 and Joint Travel Regulations, Volume 2, issued July 1, 1965, "Travel Allowances for DoD Civilian Employees," will be used as general guidelines in relation to matters of travel, transportation, and allowances for CFS personnel. Accredited FSR personnel may be provided Government transportation when necessary in support of military requirements. Contract arrangements will take into consideration any Government transportation services provided.

§ 168.7 Reports.

On April 15 and October 15 of each year, a report of the man-months of contract field services and costs therefor which were used during the preceding 6-month periods ending December 31 and June 30, respectively, will be submitted in accordance with § 168.8. The initial report shall cover the 6-month period ending December 31, 1965, and will be due on April 15, 1966, and semiannually thereafter. The reporting requirements of this Part have been assigned Report Control Symbol DD–I&L(SA) 690.

Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

Chapter 5B—Public Buildings Service, General Services Administration

MISCELLANEOUS AMENDMENTS TO CHAPTER

The following materials set forth miscellaneous amendments to various parts of Chapter 5B relating to distribution of bidding documents, preaward conferences, and forms used in construction contracting.

PART 5B-2—PROCUREMENT BY FORMAL ADVERTISING

The table of contents for Part 5B-2 is revised to add two entries, as follows:

Subpart 5B-2.2—Solicitation of Bids

Section 5B-2.201-81 is added, as follows:

§ 5B-2.201-81 Distribution of bidding documents.

(a) Distribution to principal subcontractors.

Principal subcontractors may be furnished bidding documents upon request, in writing, as provided in the GSA Overprint of Standard Form 20. If copies are not available, applicants shall be informed where they may be reviewed during regular office hours.

Subpart 5B-2.4—Opening of Bids and Award of Contract

Section 5B-2.407-72 is added, as follows:

§ 5B-2.407-72 Equal employment opportunity preaward conferences.

Prior to award of all construction and repair and improvement contracts in excess of $100,000, equal employment opportunity preaward conferences must be held with the prime contractor and his designated subcontractors. At the time of the conference, the contracting officer will request that an affirmative action program be submitted by the prime contractor as to how he will fulfill his contractual responsibility in the furtherance of equal employment opportunity, required in his contract and his contracts with subcontrators, with special emphasis on recruitment sources.

Subpart 101-27.4—Elimination of Items From Inventory

Correction

In F.R. Doc. 67-10013, published at page 12400, in the issue dated Friday, August 25, 1967, the note in § 101-27.405 is corrected to read as follows:

§ 101-27.405 Criteria for elimination.

* * * * *

NOTE: Except for the low dollar infrequently ordered item, which requires a higher minimum, an item should be discontinued from stock if the number of requests for it is less than twice its order frequency under EOQ. For example, an item ordered six times per year under EOQ should have at least 12 requests per year to continue stockage. For 11 requests, it would cost less to order each time it was requested.

11 orders at $5 per order	$55
Under EOQ:	
6 orders at $5 per order	$30
Holding cost (equal to ordering cost)	30

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

PART 32—HUNTING

Salton Sea National Wildlife Refuge, Calif.

The following special regulations are issued and are effective on date of publication in the FEDERAL REGISTER.

CALIFORNIA

SALTON SEA NATIONAL WILDLIFE REFUGE

§ 32.12 Special regulations; migratory game birds; for individual wildlife refuge areas.

Public hunting of mourning and white-winged doves on the Salton Sea National Wildlife Refuge, Calif., is permitted from September 2, through October 11, 1967, only on the area designated by signs as open to hunting. This open area, comprising 800 acres, is delineated on maps available at refuge headquarters and from the Regional Director, Bureau of Sport Fisheries and Wildlife, 730 Northeast Pacific, Portland, Oreg. 97208.

Hunting shall be in accordance with all applicable State and Federal regulations subject to the following special condition:

A Federal permit is not required to enter the public hunting area, but hunters must obtain a State permit issued at the Wister Game Management Area, 5 miles northeast of Niland, Calif., on Highway 111, or by advance reservation obtained from the State Fish and Game Department, Sacramento, Calif., before hunting on the area.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through October 11, 1967.

PAUL T. QUICK,
Regional Director, Bureau of Sport Fisheries and Wildlife.

PART 32—HUNTING

White River National Wildlife Refuge, Ark.

The following special regulations are issued and are effective on date of publication in the FEDERAL REGISTER.

§ 32.32 Special regulations; big game; for individual wildlife refuge areas.

ARKANSAS

WHITE RIVER NATIONAL WILDLIFE REFUGE

Public hunting of white-tailed deer on the White River National Wildlife Refuge, Ark., is permitted only on the area designated by signs as open to hunting. This open area, comprising 84,300 acres, is delineated on a map available at the refuge headquarters and from the Regional Director, Bureau of Sport Fisheries and Wildlife, 809 Peachtree-Seventh Building, Atlanta, Ga. 30323. Hunting shall be in accordance with all applicable State regulations covering the hunting of white-tailed deer subject to the following conditions:

(1) Species permitted to be taken: White-tailed deer, bobcat, and feral hogs.

(2) Open season: November 21, 22, 24, and 25, 1967.

(3) Total bag limits: One deer of either sex, no limit on hogs and bobcats.

(4) Shooting from White River Levee and all roads used by vehicles is prohibited. Dogs and horses are prohibited.

(5) Deer killed on the refuge must be tagged immediately upon possession with the refuge tag and State tag and checked out by officers at one of the designated check stations.

(6) Hunting camps may be set up after 12 noon on the date preceding the hunt at designated sites only and must be removed by dark on the last day of the hunt. Fires outside of campsites are prohibited. Littering campsites and refuge road rights-of-way is prohibited.

(7) Boats are not allowed in refuge lakes during these hunts.

(8) Hunters may not return to hunt hogs or bobcats after they have killed a deer.

(9) A Federal permit is required to enter the public hunting area. A $2 user fee will be charged. Permits will be issued on a first come, first served basis beginning on October 16, until November 9, 1967. There will be 3,000 issued for the first hunt and 4,000 for the second hunt. Permits may be obtained either in person or by mail addressed to the Refuge Manager, Post Office Box 308, De Witt, Ark. 72042.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through November 25, 1967.

§ 32.22 **Special regulations; upland game; for individual wildlife refuge areas.**

ARKANSAS

WHITE RIVER NATIONAL WILDLIFE REFUGE

Public hunting of wild turkey, bobcat, and feral hogs on the White River National Wildlife Refuge, Ark., is permitted only on the area designated by signs as open to hunting. This open area, comprising 56,000 acres, is delineated on a map available at the refuge headquarters and from the Regional Director, Bureau of Sport Fisheries and Wildlife, 809 Peachtree-Seventh Building, Atlanta, Ga. 30323. Hunting shall be in accordance with all applicable State regulations covering the hunting of wild turkey, bobcat, and feral hogs subject to the following conditions:

(1) Open season: November 3 and 4, 1967.

(2) Total bag limits: One turkey of either sex, no limit on bobcats or hogs.

(3) Shooting from boats, vehicles, or from along roadways used by vehicles is prohibited. Shooting hours are from one-half hour before sunrise to one-half hour after sunset.

(4) Turkeys killed on the refuge must be tagged immediately upon possession with the refuge tag and checked out by officers at one of the designated check stations.

(5) Hunting camps may be set up after 12 noon on the date preceding the hunt at designated sites only and must be removed by dark on the last day of the hunt. Fires outside camping areas are prohibited.

(6) Boats are not allowed in refuge lakes during this hunt.

(7) A Federal permit is required to enter the public hunting areas. A $2 user fee will be charged. Applications for permits may be submitted in person or by mail from September 5, until September 30, 1967, to the Refuge Manager, Post Office Box 308, De Witt, Ark. 72042. Successful applicants will be selected by an impartial drawing.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through November 4, 1967.

PART 32—HUNTING

Tennessee and Hatchie National Wildlife Refuges, Tenn.

On page 11224 of the FEDERAL REGISTER of August 2, 1967, there was published a notice of a proposed amendment to 50 CFR 32.11 and 32.21. The purpose of this amendment is to provide public hunting of migratory game birds and upland game on certain areas of the National Wildlife Refuge System as legislatively permitted.

Interested persons were given 30 days in which to submit written comments, suggestions, or objections with respect to the proposed amendment. No comments, suggestions, or objections have been received. The proposed amendment is hereby adopted without change.

Since this amendment benefits the public by relieving existing restrictions on hunting, it shall become effective upon publication in the FEDERAL REGISTER. (sec. 10, 45 Stat. 1224; 16 U.S.C. 715i; sec. 4, 80 Stat. 927; 16 U.S.C. 668dd).

PART 32—HUNTING

Hatchie National Wildlife Refuge, Tenn.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER.

§ 32.22 **Special regulations; upland game; for individual wildlife refuge areas.**

TENNESSEE

HATCHIE NATIONAL WILDLIFE REFUGE

The public hunting of squirrel on the Hatchie National Wildlife Refuge is permitted on the areas designated by signs as open to hunting. This comprises the east and west units.

Hunting shall be in accordance with all State and Federal regulations and subject to the following special conditions:

(1) The open season is September 1 through 30.

(2) The hunting of crows, gray foxes, bobcats, and feral hogs without limit is permitted during the hunt.

(3) Only shotguns incapable of holding more than three shells are permitted.

(4) Dogs are prohibited.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally, which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through September 30, 1967.

TENNESSEE

HATCHIE NATIONAL WILDLIFE REFUGE

The public hunting of raccoons on the Hatchie National Wildlife Refuge is permitted on the areas designated by signs as open to hunting. This comprises the east and west units.

Hunting shall be in accordance with all State and Federal regulations and subject to the following special conditions:

(1) The open season is October 15 through 24.

(2) Hunting hours shall be from 7 p.m. to midnight.

(3) No axes, saws, or other cutting implements will be permitted.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally, which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through October 24, 1967.

DEPARTMENT OF THE INTERIOR

National Park Service

[36 CFR Part 7]

MOUNT RAINIER NATIONAL PARK, WASH.

Fishing, Weight Limits on Vehicles; Mountain Climbing; Elimination of Duplicated Material

Notice is hereby given that pursuant to the authority contained in section 3 of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 3), 245 DM-I (27 F.R. 6395), National Park Service Order No. 34 (31 F.R. 4255), Regional Director, Western Region Order No. 4 (31 F.R. 5577), as amended, it is proposed to revise § 7.5 of Title 36 of the Code of Federal Regulations as set forth below. The purpose of this revision is to delete material which is duplicated in the General Regulations contained in Parts 1 through 6 of this chapter, or which is no longer necessary; to raise the limit of weights of vehicles permitted on park roads when a permit is obtained from the Superintendent; to include in the Special Regulations restrictions on mountain climbing within Mount Rainier National Park; and to bring up-to-date the fishing regulations.

It is the policy of the Department of the Interior, whenever practicable, to afford the public an opportunity to participate in the rule making process. Accordingly, interested persons may submit written comments, suggestions, or objections with respect to the proposed revision to the Superintendent, Mount Rainer National Park, Longmire, Wash. 98397, within 30 days of the date of publication of this notice in the FEDERAL REGISTER.

(5 U.S.C. 553; 39 Stat. 535; 16 U.S.C. 3)

Section 7.5 is revised to read as follows:

§ 7.5 Mount Rainier National Park.

(a) *Fishing.* (1) Fishing in lakes shall be from July 4 to October 31 inclusive.

(2) The following waters are closed to fishing:

(i) Tipsoo Lake.

(ii) Shadow Lake.

(iii) Klickitat Creek above the White River Entrance water supply intake.

(iv) Laughing Water Creek above the Ohanapecosh water supply intake.

(v) Frozen Lake.

(vi) Ipsut Creek above the Ipsut Creek campground water supply intake.

(vii) Reflection Lakes.

(3) The Ohanapecosh River and its tributaries are closed to all fishing except fly fishing. The use of bait and other lures is prohibited.

(4) Possession of more than 1 day's catch by any person at any time is prohibited.

(5) There shall be no minimum size limit on fish that may be retained.

(b) *Limitation on load and weight of vehicles.* Any vehicle, except buses, having a gross weight in excess of 8,000 pounds is prohibited from using park roads without a permit from the Superintendent, except that vehicles used in connection with the operation of the park or by authorized park concessioners are not required to have a permit.

(c) *Mountain climbing.* (1) Mountain climbing is prohibited except when a permit has been issued by the Superintendent.

(2) The Superintendent shall not grant permission under subparagraph (1) of this paragraph until he is satisfied that all members of the party are properly clothed, equipped, and shod, are qualified physically and through previous experience to make the climb, and that necessary supplies are carried.

(3) No person will be permitted to start or continue a solo climb on Mount Rainier.

(4) Persons climbing will report to the nearest ranger station upon return from the climb.

JOHN A. TOWNSLEY,
Superintendent,
Mount Rainier National Park.

GORGONZOLA CHEESE

Identity Standard; Proposed Revision of Mold Designation

Notice is given that the Commissioner of Food and Drugs, on his own initiative, proposes that the standard of identity for gorgonzola cheese (21 CFR 19.567) be amended to update the requirement regarding addition of spores of the mold *Penicillium glaucum* to the mixed curds and whey that are placed in forms during the cheese making.

Available information indicates that *Penicillium glaucum* is no longer recognized as a separate species of the genus *Penicillium* and that no mold culture bearing this name is available to cheesemakers. The mold used for flavoring gorgonzola cheese is now recognized to be of the species *Penicillium roqueforti.*

Accordingly, it is proposed that § 19.567 *Gorgonzola cheese; identify; label statement of optional ingredients* be amended by changing the sixth sentence of paragraph (b) to read "While being placed in forms, spores of the mold *Penicillium roqueforti* are added."

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919, 72 Stat. 948; 21 U.S.C. 341, 371) and in accordance with the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.120), all interested persons are invited to submit their views in writing, preferably in quintuplicate, regarding this proposal. Such views and comments should be addressed to the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, within 60 days following the date of publication of this notice in the FEDERAL REGISTER, and may be accompanied by a memorandum or brief in support thereof.

CANNED ASPARAGUS

Proposal To Amend Standard To Permit Optional Use of Stannous Chloride

Notice is given that the P. J. Ritter Co., Bridgeton, N.J. 08302, has submitted a petition proposing that the standard of identity for canned vegetables other than those specifically regulated (21 CFR 51.990) be amended to provide for the use of stannous chloride in an amount not to exceed 20 parts per million, calculated as tin (Sn), in glass pack asparagus when inert lids are used.

Currently, § 51.990(c)(9) permits the addition of only 15 parts per million of stannous chloride, calculated as tin (Sn), in canned asparagus packed in glass containers.

Grounds set forth in the petition in support of the proposal are that tin-plated lids are insufficiently available and that 15 parts per million of stannous chloride is inadequate to promote retention of green color in asparagus packed in glass containers with lids lined with an inert material.

Therefore, it is proposed that § 51.990(c)(9) be revised to permit the addition of stannous chloride as described above.

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919, 72 Stat. 948; 21 U.S.C. 341, 371) and in accordance with the authority delegated to the Commissioner of Food and Drugs by the Secretary of

Health, Education, and Welfare (21 CFR 2.120), all interested persons are invited to submit their views in writing, preferably in quintuplicate, regarding this proposal. CONTROL ZONE AND TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amendments to Part 71 of the Federal Aviation Regulations which would alter the controlled airspace in the Eugene, Oreg., terminal area.

Interested persons may participate in the proposed rule-making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Director, Western Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, 5651 West Manchester Avenue, Post Office Box 90007, Airport Station, Los Angeles, Calif. 90009. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendments. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposals contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the office of the Regional Counsel, Federal Aviation Administration, 5651 West Manchester Avenue, Los Angeles, Calif. 90045.

A new VOR/DME approach procedure is proposed for Mahlon-Sweet Airport, Eugene, Oreg. The proposed procedure will be developed on a counterclockwise 14 NM DME arc from the Eugene VORTAC 204°M (224°T) radial to a final approach course of 152°M (172°T). As a result of the proposed approach procedure, it will be necessary to alter the Eugene, Oreg., control zone and transition area.

An additional control zone extension is required to protect that portion of the instrument approach procedure conducted below 1,000 feet above the surface.

Additional 700 foot transition areas are required to provide controlled airspace for those portions of the approach during descent from 1,500 feet to 700 feet above the surface, and the missed approach procedure during climb from 700 feet to 1,200 feet above the surface.

The additional 1,200 foot transition area will provide controlled airspace for those portions of the approach procedures conducted at or above 1,500 feet above the surface.

In consideration of the foregoing, the FAA proposes the following airspace actions:

In § 71.171 (32 F.R. 2092) the Eugene, Oreg., control zone, as amended in (32 F.R. 7124), is again amended to read as follows:

EUGENE, OREG.

Within a 5-mile radius of Mahlon-Sweet Field (latitude 44°07'25" N., longitude 123°13'05" W.); within 2 miles each side of the Eugene VORTAC 007° radial, extending from the 5-mile radius zone to 8 miles north of the VORTAC, and within 2 miles each side of the Eugene VORTAC 172° radial, extending from the 5-mile radius zone to 8.5 miles south of the VORTAC.

In § 71.181 (32 F.R. 2183) the Eugene, Oreg., transition area is amended to read as follows:

EUGENE, OREG.

That airspace extending upward from 700 feet above the surface within 2 miles east and 8 miles west of the Eugene VORTAC 007° radial, extending from the VORTAC to 14 miles north of the VORTAC; within 2 miles southeast and 3 miles northwest of the Eugene VORTAC 030° radial, extending from the VORTAC to 13 miles northeast of the VORTAC; within 2 miles each side of the Eugene VORTAC 272° radial, extending from the VORTAC to 12 miles west of the VORTAC, and that airspace southwest of Eugene bounded on the east by a line 2 miles east of and parallel to the Eugene VORTAC 172° radial, on the south by an arc of an 18-mile radius circle centered on the Eugene VORTAC, on the northwest by a line 2 miles northwest of and parallel to the Eugene VORTAC 224° radial, and on the north by an arc of a 5-mile radius circle centered on Mahlon-Sweet Field (latitude 44°07'25" N., longitude 123°13'05" W.); that airspace extending upward from 1,200 feet above the surface within 5 miles each side of the Eugene VORTAC 272° radial, extending from the VORTAC to V-27; within 16 miles west and 10 miles east of the Eugene VORTAC 015° and 195° radials, extending from 26 miles north to 22 miles south of the VORTAC; within 6 miles east and 9 miles west of the Eugene VORTAC 172° radial, extending from the VORTAC to 39 miles south of the VORTAC, and that airspace southwest of Eugene bounded on the southeast by the northwest edge of V-121, on the northwest by the southeast edge of V-287, and on the north by a line 5 miles south of and parallel to the Eugene VORTAC 272° radial.

These amendments are proposed under the authority of section 307(a) of the Federal Aviation Act of 1958, as amended (72 Stat. 749; 49 U.S.C. 1348).

Issued in Los Angeles, Calif., on August 24, 1967.

[14 CFR Part 91]

[Docket No. 8367; Notice 67-39]

AIRCRAFT SPEED

Notice of Proposed Rule Making

The Federal Aviation Administration is considering amending Part 91 of the Federal Aviation Regulations by adding a new section to prescribe a maximum permissible airspeed for all aircraft operating below 10,000 feet mean sea level (MSL).

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the regulatory docket number or notice number and be submitted in duplicate to the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, D.C. 20590. All communications received on or before October 30, 1967, will be considered by the Administrator before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments will be available, before and after the closing date for comment, in the Rules Docket for examination by interested persons.

Present speed regulations apply only to aircraft operating in the vicinity of an airport. Arriving aircraft are limited to an indicated airspeed of 250 knots when below 10,000 feet MSL and within 30 miles of the destination airport. When operating within an airport traffic area, all turbine-powered aircraft are limited to an airspeed of 200 knots and all reciprocating engine aircraft are limited to an airspeed of 156 knots. These speed limits apply unless a higher minimum airspeed is required in order to maintain safe maneuverability or is required by the normal operating procedures of a military service.

Although high aircraft speeds are typical of high altitude operations, speed is not exclusively a high altitude problem. As new high-performance aircraft are introduced, aircraft speeds are constantly increasing at all altitudes. This, together with the steady increase in the overall volume of air traffic, is causing a significant rise in the possibilities of mid-air collisions. In a "see and avoid" environment, the ability to avoid collision is dependent on the time available for the pilot to take evasive action after sighting a converging aircraft. This time, in turn, is directly related to the distance at which the aircraft is sighted and the closure speed of the aircraft.

where flight operations are permitted on a see and avoid basis in congested airspace, and in visibility as low as 3 miles, airspeeds must be limited if an acceptable standard of safety is to be maintained. It is therefore proposed to establish 250 knots as the maximum permissible indicated airspeed for all aircraft operating below 10,000 feet MSL. Exceptions would be provided where required by the operational characteristics of the aircraft concerned.

Numerous studies have been made in recent years of the inadequacies of the "see and avoid" concept of aircraft separation. These studies have proved that the most pertinent factor to be considered in connection with the mid-air collision problem is the pilot's physiological limitations. Without assistance in the form of traffic advisory service or a pilot warning device, a pilot will usually fail to sight another airplane on a collision course until within about 2 miles. Additionally, it has been determined that, after sighting another aircraft, a minimum of about 10 seconds is required for a pilot to determine that a collision is imminent, make a decision as to proper evasive action, and make the necessary course or altitude change. In a "head on" situation with true airspeeds of 288 miles per hour (250 knots) and a closing speed of 576 miles per hour, approximately 12 seconds would be available to avoid traffic sighted at a distance of 2 miles. At indicated airspeeds of 288 miles per hour, this time will often be reduced to 10 seconds or less since the true airspeed will frequently be substantially higher than the indicated airspeed. Therefore, establishment of a maximum speed will result in a more realistic "see and avoid" environment in that airspace where the traffic congestion and potential for collision is greatest.

In addition, the proposed rule would promote a safer and more efficient utilization of controlled airspace. The vast majority of VFR traffic and about half of the total IFR traffic normally operate below 10,000 feet MSL. Under the proposed rule, it is believed that many high speed aircraft would choose to operate at higher altitudes in the interest of optimum performance and economy, resulting in a degree of segregation by aircraft speed which would benefit the air traffic control system.

Performance characteristics of the great majority of aircraft in use today permit climbs and descents at 250 knots or less indicated airspeed with little loss in efficiency during that portion of the flight conducted below 10,000 feet MSL. However, there may be situations where operation at a higher airspeed is necessary in the interest of safety. Certain military tactical aircraft, for example, may not be operated safely at this airspeed because of loss of maneuverability or because of the need to maintain a high power setting to sustain aircraft auxiliary systems. In recognition of the unique operational requirements of such aircraft the proposed rule would permit a higher minimum airspeed when required in the interest of operational safety.

In the matter of military high speed low level operations, as well as certain flight test activities which must be conducted below 10,000 feet and at speeds in excess of 250 knots, it is envisioned that these operations would be authorized on an individual basis. In this way, a degree of control can be exercised over these operations to maintain an acceptable level of safety.

The need for additional collision prevention measures at altitudes of 10,000 feet and above is also recognized, and the agency is considering the issuance of separate regulatory proposals with respect to safety for high performance aircraft at these altitudes.

In consideration of the foregoing, it is proposed to amend Part 91 of the FARs as follows:

1. By adding the following new section following § 91.69:

§ 91.70 Aircraft speed.

(a) No person may operate an aircraft below 10,000 feet MSL at an indicated airspeed of more than 250 knots (288 m.p.h.).

(b) Unless otherwise authorized or required by ATC, no person may operate an aircraft within an airport traffic area at an indicated airspeed of more than—

(1) In the case of a reciprocating engine aircraft, 156 knots (180 m.p.h.); or

(2) In the case of a turbine-powered aircraft, 200 knots (230 m.p.h.).

However, if the minimum safe airspeed for any particular operation is greater than the maximum speed prescribed in this section, the aircraft may be operated at that minimum speed.

§ 91.85 [Amended]

2. By rescinding paragraph (c) of § 91.85 and the flush paragraph following thereafter.

These amendments are proposed under the authority of sections 307 and 313 of the Federal Aviation Act of 1958 (49 U.S.C. 1348, 1354).

Issued in Washington, D.C., on August 28, 1967.

WILLIAM E. MORGAN,
Acting Director, Air Traffic Service.

CIVIL SERVICE COMMISSION

[5 CFR Part 890]

FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM

Notice of Proposed Rule Making

Notice is hereby given that under authority of section 8913 of title 5, United States Code, it is proposed to amend Part 890 of Title 5 of the Code of Federal Regulations as hereinafter set forth.

The amendments to §§ 890.301(1–1), 890.303(c), and 890.303(e) are proposed to become effective upon publication in the FEDERAL REGISTER after expiration of this 30-day notice of proposed rule making. The other amendments are proposed to become effective on January 1, 1968.

Interested persons may submit written comments, objections, or suggestions to the U.S. Civil Service Commission, Bureau of Retirement and Insurance, Washington, D.C. 20415, within 30 days of the date of publication of this notice of proposed rule making in the FEDERAL REGISTER.

Subparagraphs (1) and (8) of § 890.101 (a) are proposed to be amended to read as follows:

§ 890.101 Definitions; time computations.

(a) In this part:

(1) Terms defined by section 8901 of title 5, United States Code, have the meanings there set forth.

* * * * *

(8) "Pay period" means the biweekly pay period established pursuant to section 5504 of title 5, United States Code, for the employees to whom that section applies, the regular pay period for employees not covered by that section; and the period for which a single installment of annuity is customarily paid for annuitants.

* * * * *

Subparagraphs (1), (4), and (6) of paragraph (a) of § 890.201 and paragraph (b) of § 890.201 are proposed to be amended to read as follows:

§ 890.201 Minimum standards for health benefits plans.

(a) To be qualified to be approved by the Commission, a health benefits plan shall:

(1) Comply with Chapter 89 of title 5, United States Code, and this part, as amended from time to time.

* * * * *

(4) Provide for conversion to a contract for health benefits regularly offered by the carrier, or an appropriate affiliate, for group conversion purposes, which shall be guaranteed renewable, subject to such amendments as apply to all contracts of this class, except that it may be canceled for fraud, over-insurance, or nonpayment of periodic charges. A carrier shall permit conversion within the time allowed by the temporary extensions of coverage provided under § 890.-401 for each employee, annuitant, and member of family entitled to convert. When an employing office gives an employee written notice of his privilege of conversion, the carrier shall permit conversion at any time before (i) 15 days after the date of notice or (ii) 75 days after his enrollment is terminated, whichever is earlier. When the Commission requests an extension of time for conversion because of delayed determination of ineligibility for immediate annuity, the carrier shall permit conversion until the date specified by the Commission in its request for extension. On conversion, the contract becomes effective as of the day following the last day of the temporary extension, and the employee, annuitant, or member of the family, as the case may

be, shall pay the entire cost thereof directly to the carrier. The nongroup contract may not deny or delay any benefit covered by the contract for a person converting from a plan approved under this part except to the extent that benefits are continued under the health benefits plan from which he converts.

* * * * *

(6) Provide a standard rate structure which contains, for each option, one standard individual rate, and one standard family rate.

* * * * *

(b) To be qualified to be approved by the Commission, a health benefits plan shall not:

(1) Deny a covered person a benefit provided by the plan for a service performed on or after the effective date of coverage solely because of a preexisting physical or mental condition.

(2) Require a waiting period for any covered person for benefits which it provides.

(3) Have more than two options.

(4) Have an initiation, service, enrollment, or other fee or charge in addition to the rate charged for the plan, except that a comprehensive medical plan may impose an additional charge to be paid directly by the employee or annuitant for certain medical supplies and services, if the supplies and services on which additional charges are imposed are clearly set forth in advance and are applicable to all employees and annuitants. This subparagraph does not apply to charges for membership in employee organizations sponsoring or underwriting plans.

(5) Subparagraphs (1) and (2) of this paragraph do not preclude a plan offering benefits for dentistry or cosmetic surgery, or both, limited to conditions arising after the effective date of coverage.

(6) Subparagraphs (1) and (2) of this paragraph do not preclude a plan, with the approval of the Commission, from limiting benefits for services performed for a person who, on the effective date of enrollment or change of enrollment, is confined in a hospital or other institution so long as the person is continuously confined therein. In the previous sentence, the term, "continuously confined" means one or more periods of confinement without a break of 31 consecutive days between actual confinements except that a carrier, by agreement with the Commission, may provide that a shorter break terminates a continuous confinement. However, benefits for a person hospitalized on the effective date of enrollment may not be limited:

(i) If the enrollment or change is because of discontinuance of his former health benefits plan, in whole or in part, or

(ii) If the change of enrollment is pursuant to an order of the Bureau of Retirement and Insurance, or

(iii) If the services are provided for injuries suffered in an accident which occurred, or for an illness first diagnosed or treated, after the date an employee's or annuitant's employing office received a registration to change the covering enrollment from one plan or option to another.

The introductory paragraph of § 890.202 is proposed to be amended to read as follows:

§ 890.202 Minimum standards for health benefits carriers.

The carrier of an approved health benefits plan must meet the requirements of Chapter 89 of title 5, United States Code, and the following requirements:

* * * * *

Section 890.301 is proposed to be amended by revoking subparagraph (d)(2) and by introducing a new paragraph (l-1) between paragraphs (l) and (m) to read as follows:

§ 890.301 Opportunities to register to enroll and change enrollment.

* * * * *

(d) * * *

(2) [Revoked]

* * * * *

(l-1) *On becoming eligible for benefits under Title XVIII of the Social Security Act.* An enrolled employee or annuitant may register, at any time after the employee or his spouse becomes eligible for benefits under Title XVIII of the Social Security Act, to change his enrollment from high option to low option within the same plan.

* * * * *

Paragraphs (c) and (e) of § 890.303 are proposed to be amended to read as follows:

§ 890.303 Continuation of enrollment.

* * * * *

(c) *On death.* The enrollment of a deceased employee or annuitant who is enrolled for self and family is transferred automatically to his eligible survivor annuitants. The enrollment is considered to be that of the survivor annuitant from whose annuity all or the greatest portion of the withholding for health benefits is made. It covers members of the family of the deceased employee or annuitant. A spouse who remarries before attaining age 60 is not a member of the family of the deceased employee or annuitant.

* * * * *

(e) *In nonpay status.* (1) Except as provided in section 406 (b), (c) of Public Law 89-504 in regard to an employee on leave without pay to serve as a full-time officer or employee of an employee organization, the enrollment of an employee continues without cost to the employee while he is in nonpay status for up to 365 days. The 365 days' nonpay status may be continuous or broken by periods of less than 4 consecutive months in pay status. If an employee has at least 4 consecutive months in pay status after a period of nonpay status he is entitled to begin the 365 days' continuation of enrollment anew. For the purposes of this paragraph, 4 consecutive months in pay status means any 4-month period during which the employee is in pay status for at least part of each pay period.

(2) However, in the case of an employee having a career-conditional or career appointment, or appointed under Schedule B of Part 213 of this chapter, who is employed under a cooperative work-study program of at least 1 year's duration which requires the employee to be in pay status during not less than one-third of the total time required for completion of the program, his enrollment continues without cost to him while he is in nonpay status so long as he is participating in the program.

Paragraph (c) of § 890.306 is proposed to be revoked.

§ 890.306 Effective dates.

* * * * *

(c) [Revoked]

* * * * *

Paragraph (c) of § 890.503 is proposed to be amended by amending subparagraphs (2) and (3) and adding subparagraph (4) to read as follows:

§ 890.503 Reserves.

* * * * *

(c)(1) * * *

(2) Except as provided by subparagraphs (3) and (4) of this paragraph, when, as of the end of a contract period, the total of all the reserves held by a carrier for the plan amounts to less than the total of the last 5 months' subscription charges paid from the fund to the carrier for the plan, the carrier is entitled to payment from the contingency reserve of the lesser of: An amount equal to the difference between the total of the last 5 months' subscription charges paid from the fund to the carrier for the plan and the total of the reserves held by the carrier for the plan, or an amount equal to the excess, if any, of the contingency reserve over the preferred minimum balance. The Commission shall authorize this payment after receipt of the accounting report for the contract period. The carrier shall credit the amount so paid to the special reserve for the plan.

(3) If more than 50 percent of the enrollees in a carrier's experience-rated plan are stationed at posts of duty outside the United States, its possessions, and the Commonwealth of Puerto Rico, when the special reserve held by the carrier for the plan at the end of a contract period amounts to less than one/sixth of the last year's subscription charges paid from the fund to the carrier for the plan, the carrier is entitled to payment from the contingency reserve of the lesser of: An amount equal to the difference between one/sixth of the last year's subscription charges paid from the fund to the carrier for the plan and the total of the special reserve held by the carrier for the plan, or an amount equal to the excess, if any, of the contingency reserve over the preferred minimum balance. The Commission shall authorize this payment after receipt of the account report for the contract period. The carrier shall credit the amount so paid to the special reserve for the plan.

(4) The Commission may, by agreement with the carrier, approve community rating for a group-practice plan.

If the contingency reserve of the carrier of a community rated plan exceeds the preferred minimum balance, the carrier may request the Commission to pay a portion of the reserve not greater than the excess of the contingency reserve over the preferred minimum balance. The carrier shall state the reason for the request. The Commission will decide whether to allow the request in whole or in part and will advise the plan of its decision.

RETIRED FEDERAL EMPLOYEES HEALTH BENEFITS

Eligibility

Notice is hereby given that under authority of section 9, 74 Stat. 851, it is proposed to amend Part 891 of Title 5 of the Code of Federal Regulations as hereinafter set forth.

The amendments are proposed to become effective upon publication in the FEDERAL REGISTER after expiration of this 30-day notice of proposed rule making.

Interested persons may submit written comments, objections, or suggestions to the U.S. Civil Service Commission, Bureau of Retirement and Insurance, Washington, D.C. 20415, within 30 days of the date of publication of this notice of proposed rule making in the FEDERAL REGISTER.

Paragraphs (c) and (e) of § 891.103 are proposed to be amended to read as follows:

§ 891.103 Eligibility.

* * * * *

(c) *Survivors entitled to annuity.* A survivor who is entitled to annuity is eligible for the benefits provided by this part if he is:

(1) In receipt of immediate annuity as the survivor of (i) an employee who died before his first pay period beginning after June 30, 1960; or (ii) a retired employee whose annuity began to accrue before his first pay period beginning after June 30, 1960;

(2) The survivor of (i) an employee who had at least 5 years' creditable service, (ii) a former employee who retired having at least 12 years' creditable service and received an immediate annuity, or (iii) a former employee who retired under a disability provision of his retirement system; and

(3) Not receiving annuity as the survivor of a person who at the time of the retirement or death, as the case may be, on which annuity is based, was an employee of the Tennessee Valley Authority or of any corporation under the jurisdiction of the Farm Credit Administration of which corporation any member of the board of directors was elected or appointed by private interests, or was a noncitizen having a permanent-duty station outside the several States and the District of Columbia.

* * * * *

(e) *Family members entitled to compensation.* A member of a family who is receiving compensation is eligible for the benefits provided by this part if he is—

(1) A survivor beneficiary of (i) an employee who completed 5 years of service and died as a result of injury or illness which is compensable under the Federal Employees' Compensation Act and which was sustained or contracted before his first pay period beginning after June 30, 1960, or (ii) a former employee who was separated after having completed at least 5 years of service and who died while receiving monthly compensation under the act on account of injury sustained or illness contracted before his first pay period beginning after June 30, 1960, and who has been held by the Secretary of Labor to have been unable to return to duty; and

(2) Not receiving compensation as the survivor of a person who at the time of sustaining the injury or contracting the illness, as the case may be, on which compensation is based, was an employee of the Tennessee Valley Authority or of any corporation under the jurisdiction of the Farm Credit Administration of which corporation any member of the board of directors was elected or appointed by private interests, or was a noncitizen having a permanent-duty station outside the several States and the District of Columbia.

CALIFORNIA

Notice of Proposed Withdrawal and Reservation of Lands

AUGUST 29, 1967.

The Bureau of Indian Affairs, U.S. Department of the Interior, has filed an application, Serial Number S 785, for the proposed withdrawal of the lands described below, in aid of legislation, subject to valid existing rights, from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, for an addition to the Washoe Indian Reservation so that the Washoe Indians of Alpine County will have a land base on which to establish housing for tribal members.

For a period of 30 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, U.S. Department of the Interior, Room 4201, U.S. Courthouse and Federal Building, 650 Capitol Mall, Sacramento, Calif. 95814.

The Department's regulations (43 CFR 2311.1-3(c)) provide that the authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demand for the lands and their resources. He will also undertake negotiations with the applicant agency with the view of adjusting the application to reduce the area to the minimum essential to meet the applicant's needs, to provide for the maximum concurrent utilization of the lands for purposes other than the applicant's, and to reach agreement on the concurrent management of the lands and their resources.

The authorized officer will also prepare a report for consideration by the Secretary of the Interior who will determine whether or not the lands will be withdrawn as requested by the applicant agency.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

If circumstances warrant, a public hearing will be held at a convenient time and place, which will be announced.

The lands involved in the application are:

MOUNT DIABLO MERIDIAN

T. 12 N., R. 19 E.,
Sec. 36, lots 5, 6, 9 and that unpatented portion of lot 7 lying within the NW¼SW¼.

The areas described aggregate approximately 105 acres in Alpine County.

This material further amends the material appearing at 30 F.R. 2041 of February 13, 1965; 31 F.R. 4169 of March 9, 1966; 32 F.R. 12126; and 32 F.R. 12128 of August 23, 1967.

The designation "Organization and Function Supplement to Department Order 182" is changed to "Department Order 182-B."

Department Order 182-B of February 1, 1965, is hereby further amended as follows:

1. A new section 10 is added to read:

SEC. 10. *Field activities.*

.01 Field activities of the Bureau of International Commerce are carried out by:

a. Field Offices of the Office of Field Services, Department of Commerce, which are located in the principal cities of the United States and Puerto Rico. Each Feld Office provides business firms with information and other assistance on international trade, including advice and information on foreign markets for U.S. products and services; trade and investment opportunities abroad; intentions of foreign governments to procure American products; availability of Government financing aids to exporters; provisions of U.S. and foreign trade quotas; tariffs and foreign exchange regulations and procedures; obtaining export and import licenses; export and import statistics; and economic data on foreign countries and foreign commercial enterprises.

b. An Export Control Field Investigations Office, located in New York, N.Y., which investigates possible violations of export control regulations under the Export Control Act of 1949 as amended and extended.

c. An Exhibits Transportation Section, located in New York, N.Y., which is responsible for the warehousing and shipping of materials for U.S. exhibits at overseas trade fairs and trade centers.

.02 Field Offices of the Office of Field Services, Department of Commerce, are listed in Appendix A to Department Order 168-B, "Office of Field Services."

2. Existing sections 10 and 11 are renumbered as sections 11 and 12, respectively.

Date of issuance: August 18, 1967.

Effective date: August 18, 1967.

Dated: August 28, 1967.

CIVIL AERONAUTICS BOARD

[Docket No. 16349; Order No. E-25610]

DOMESTIC SERVICE MAIL RATE INVESTIGATION

Order

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 28th day of August 1967.

A full public hearing having been held in the above-entitled proceeding and the Board, upon consideration of the record, having issued its opinion containing its findings, conclusions, and decision, which is attached hereto and made a part hereof,

It is ordered, That:

(1) Trans Caribbean Airways, Inc., be and it hereby is made a party to this proceeding.

(2) The fair and reasonable rates of compensation to be paid by the Postmaster General on and after January 1, 1967, for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith to:

American Airlines, Inc.
Continental Air Lines, Inc.
Eastern Air Lines, Inc.
National Airlines, Inc.
Northeast Airlines, Inc.
United Air Lines, Inc.
Airlift International, Inc.
The Flying Tiger Line, Inc.
The Slick Corp.
Allegheny Airlines, Inc.
Bonanza Air Lines, Inc.
Central Airlines, Inc.
Frontier Airlines, Inc.
Lake Central Airlines, Inc.
Mohawk Airlines, Inc.
North Central Airlines, Inc.
Ozark Air Lines, Inc.
Pacific Air Lines, Inc.
Piedmont Aviation, Inc.
Southern Airways, Inc.
Trans-Texas Airways, Inc.
West Coast Airlines, Inc.

for operations over their entire systems as constituted on or subsequent to January 1, 1967, and

Braniff Airways, Inc.
Delta Air Lines, Inc.
Northwest Airlines, Inc.
Pan American World Airways, Inc.
Trans Caribbean Airways, Inc.
Trans World Airlines, Inc.
Western Air Lines, Inc.

for operations over their routes within the 48 contiguous States and the District of Columbia insofar as authorized under certificates for interstate air transportation, and over their routes between points within the 48 contiguous States and the District of Columbia, on the one hand, and on the other, Honolulu, Hawaii, Mexico City, Mexico, Monterrey, Mexico, Acapulco, Mexico, San Juan, P.R., points in the Virgin Islands, and terminal points in Canada, which are in effect on or subsequent to January 1, 1967, shall be computed by obtaining the sum of (1) the linehaul charges, and (2) the terminal charges, computed as follows:

1. *Linehaul charges.* The linehaul charge shall be the product of the mail ton-miles times the linehaul rate of 24 cents per mail ton-mile. The mail ton-miles for each shipment shall be computed by using the nonstop great-circle miles between the station of origin and station of destination for each shipment as the standard mileage between such points.

In the case of any community served through more than one airport, the provisions of this formula shall be applied as if the community were served by only one airport and that airport shall be the one having the greatest total number of scheduled departures of domestic flights during the month of May preceding the commencement of each fiscal year by air carriers certificated to transport mail; *Provided, however*, That in any case where one of the multiairports other than the controlling airport has a flight (or flights) which would produce a shorter distance to a given point, if the mileage for such flight (or flights) were computed from the controlling airport, than the flights actually serving the controlling airport, the standard mileage shall be computed as if such flight (or flights) serves the controlling airport.

2. *Terminal charges.* (a) The terminal charge for each shipment of mail shall be the product of the pounds of mail in each shipment times the terminal rate per pound set forth below for the station of origin of the mail shipment:

Station of origin	*Terminal rate per pound (cents)*
Class X	2.34
Class Y	4.68
Class Z	9.36

(b) The stations included in each of the foregoing station classes shall be as specified in the appendix hereto,[1a] provided, however, that any station not listed in said appendix shall be classified as a Class Z station.

(c) At any time, the Board upon its own initiative may institute a proceeding, and any party may make application to the Board for change in the classification of any station, without disturbing the overall rate and rate structure, on the ground that the total revenue tons enplaned at the station in question during the most recent 12-month period preceding the filing of such application bring the station within a different class

[1a] Filed as part of the original document.

based upon the classification set forth in the note below.[1] Such application will not be regarded as reopening the rate provided that it raises only the factual question as to the total tons enplaned at the particular station and does not challenge the limits of the station classifications provided for herein.

Applications provided for above shall be clearly entitled "Application for Change in Classification of Station," shall contain a clear and concise statement of the requested classification change and the facts upon which such request is based, and shall in all other respects conform to the applicable requirements of the rules of practice. Any order changing a station classification shall take effect as of the first day of the first postal accounting period following the filing of the application, unless the application is filed on the first day of a postal accounting period in which event the order shall be effective as of the date of filing of the application.

3. *Definitions.* As used herein "station (or point) of origin" means the station at which the carrier first enplanes the mail shipment after receipt thereof from the Post Office Department or its representatives, from another ratemaking division of the same carrier, the operations of which division are not encompassed herein, or from another carrier; and "station (or point) of destination" means the station at which the carrier deplanes the mail shipment for delivery to the Post Office Department or its representatives, to a separate ratemaking division of the same carrier, the operations of which division are not encompassed herein, or to another carrier. When a mail shipment is transported between domestic (including terminal points in Canada) and international or overseas points (excluding terminal points in Canada) of a carrier, the entire system of which is encompassed herein, the last scheduled station in the domestic operations (including terminal points in Canada) departed on the way to the international or overseas destination and the first scheduled station in the domestic operations (including terminal points in Canada) entered on the way from the international or overseas orgination shall be considered both a "station (or point) of destination" and a "station (or point) of origin" even though the mail does not pass through the airport mail facility at such station. Each interchange point on a through flight of two or more carriers flown pursuant to an interchange agreement shall not be considered as a separate point of origin and destination. Except as otherwise stated above, a point at which a mail shipment is transferred from one flight to another flight of the same carrier shall not be considered as a point of origin or point of destination for such shipment.

4. *Equalization of rates.* (a) Any carrier or, pursuant to agreement, any two or more carriers providing service on an interline or interchange basis, may by notice, elect to transport mail, including Latin American, transatlantic or transpacific mail dispatched from an international exchange office[2] and subject to other rate orders, between stated points served by such carrier or carriers at a reduced rate equal to the rate then in effect for such service between such points by any other carrier or carriers.

(b) In the case of equalization of rates by agreement pursuant to (a) above, the agreement shall provide for the proration of the mail compensation by the participating carriers on the basis of the relative compensation which would otherwise be payable to each carrier in the absence of the provisions of paragraph (a).

(c) In the absence of an agreement among carriers, pursuant to (a) above, for equalization of rates for interline shipments, including Latin American, transatlantic or transpacific shipments dispatched from an international exchange office and subject to other rate orders, between a stated pair of points, any carrier (or two or more carriers jointly) may, by notice, elect to receive as its portion of the total compensation for each such shipment the amount remaining after subtracting from such total compensation the compensation due the other carrier or carriers involved (nonelecting carriers). Such total compensation shall be computed on the basis of the lowest rate then in effect for service between the stated pair of points for any carrier or carriers. The compensation due the nonelecting carrier or carriers shall be determined on the basis of all the provisions of this formula.

In those instances where two or more carriers elect to receive payment under this provision, the total payment due such carriers shall be prorated by them on the basis of the relative compensation which would otherwise be payable to each carrier in the absence of the provisions of this paragraph.

(d) In the event that any carrier is unable to enter into an agreement with any other carrier to transport mail, including Latin American, transatlantic or transpacific mail dispatched from an international exchange office and subject to other rate orders, between any stated points at a reduced rate pursuant to paragraphs (a) and (b) and elects initially to accept compensation as provided in paragraph (c), it may file an application with the Board requesting it to determine and fix a different method of apportioning the total compensation for each such shipment of mail between the participating carriers. In reviewing such applications, the Board will consider, among other pertinent factors, the need for the proposed service, the historical participation of the electing carrier or carriers in the transportation of mail between such stated points, the amount of absorption required, and the grounds for refusal by the carrier or carriers to enter into an equalization agreement. After hearing the carriers concerned, either orally or in writing, in those cases where it deems such action appropriate the Board will by order prescribe the method for apportioning the total compensation between such carriers, but in no event shall the carrier or carriers refusing to enter into an agreement to equalize compensation be required to accept less than the compensation which would have been payable if the service were performed under voluntary agreement pursuant to paragraphs (a) and (b).

(e) An original and three copies of each notice of election and agreement and an original and 19 copies of each application, under the preceding paragraph 4(d) shall be filed with the Board and a copy thereof shall be served upon the Postmaster General and each carrier providing service between the stated points. Such notices shall contain a complete description of the reduced charge being established, the routing over which it applies, and how it is constructed and shall similarly describe the charge being equalized with. Applications filed pursuant to paragraph 4(d) shall not be deemed to reopen the mail rates or rate structure prescribed herein. All notices and agreements outstanding under Orders E-9284, E-9630, and E-22512, as of December 31, 1966, shall continue in effect under this order until canceled as provided herein.

Any rate established pursuant to paragraph (a), (b), or (c) shall be effective for the electing carrier or carriers as of the date of filing of the notice required by such paragraphs, or such later date as may be specified in the notice, until said election is terminated: *Provided, however,* That in no event shall any such rates be effective prior to January 1, 1967. Elections may be terminated by any electing carrier upon 10 days' notice filed with the Board, as aforesaid, and served upon the Postmaster General and each carrier providing service between the stated points.

Applications filed pursuant to paragraph 4(d) shall conform generally to the provisions of the rules of practice governing the filing of petitions in mail rate cases. Within 7 days after the application is served, any party may file an answer in support of or in opposition to the application together with any documentary material upon which it relies. Any order upon such application pursuant to paragraph (d) shall be effective no earlier than the date of filing of the application with the Board, provided that in no event shall any such

FEDERAL MARITIME COMMISSION

[Independent Ocean Freight Forwarder License No. 1057]

ACE FREIGHT FORWARDERS, INC.

Order of Revocation

Whereas, on July 26, 1967, the New Hampshire Insurance Co. notified the Commission that Independent Ocean Freight Forwarder Surety Bond No. 873005 underwritten in behalf of Ace Freight Forwarders, Inc., 4551 Northwest 36th Street, Miami Springs, Fla. 33166, would be canceled effective August 25, 1967, and;

Whereas, Ace Freight Forwarders, Inc., was notified that unless a new surety bond was submitted to this Commission on or before August 25, 1967, its Independent Ocean Freight Forwarder License No. 1057 would be revoked effective that date, pursuant to General Order 4, Amendment 12 (46 CFR 510.9) and;

Whereas, Ace Freight Forwarders, Inc., has failed to submit a valid surety bond to comply with the above Commission rule.

Now, therefore, pursuant to General Order 4, Amendment 12 (46 CFR 510.9):

It is ordered, That the Independent Ocean Freight Forwarder License No. 1057 of Ace Freight Forwarders, Inc., be and is hereby revoked, effective August 25, 1967.

It is further ordered, That Independent Ocean Freight Forwarder License No. 1057 be returned to the Commission for cancellation.

It is further ordered, That a copy of this order be published in the FEDERAL REGISTER and served on the licensee.

DOMESTIC COMMUNICATIONS SATELLITE FACILITIES BY NONGOVERNMENTAL ENTITIES

Order Regarding Filing of Further Comments

In the matter of establishment of domestic communications satellite facilities by nongovernmental entities, Docket No. 16495.

The Commission, having before it a petition filed August 14, 1967, by the Ford Foundation, requesting leave to file further comments in the above-captioned proceeding;

It appearing that the Communications Satellite Corporation (Comsat) in its reply comments herein due April 3, 1967, proposed a pilot demonstration program for a domestic communication satellite system;

That the proposal was elaborated in a further filing by Comsat on July 26, 1967, in response to an inquiry by the Commission;

That the Ford Foundation wishes to comment on the pilot demonstration program suggested by Comsat;

That the Ford Foundation has been a participant in this proceeding, filing comments at all appropriate and assigned times and proposing an approach to the establishment of domestic satellites different from that proposed by Comsat;

That the comments which the Ford Foundation and others may desire to make may be of assistance to the Commission but that due and timely execution of our functions require that such comments be filed no later than September 18, 1967.

It is ordered, Pursuant to § 1.46 of the Commission's rules and regulations, that further comments herein, directed to the proposal of a pilot demonstration program, may be filed by any interested party on or before September 18, 1967.

Adopted: August 28, 1967.

Released: August 29, 1967.

Take notice that each of the Applicants listed herein has filed an application or petition pursuant to section 7 of the Natural Gas Act for authorization to sell natural gas in interstate commerce or to abandon service heretofore authorized as described herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before September 15, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on all applications in which no protest or petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a protest or petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given: *Provided, however*, That pursuant to § 2.56, Part 2, Statement of General Policy and Interpretations, Chapter I of Title 18 of the Code of Federal Regulations, as amended, all permanent certificates of public convenience and necessity granting applications, filed after April 15, 1965, without further notice, will contain a condition precluding any filing of an increased rate at a price in excess of that designated for the particular area of production for the period prescribed therein unless at the time of filing such certificate application, or within the time fixed herein for the filing of protests or petitions to intervene the Applicant indicates in writing that it is unwilling to accept such a condition. In the event Applicant is unwilling to accept such condition the application will be set for formal hearing.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

GORDON M. GRANT,
Secretary.

SUPERIOR OIL CO. ET AL.

Order Providing for Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund[1]

AUGUST 24, 1967.

The Respondents named herein have filed proposed changes in rates and charges of currently effective rate schedules for sales of natural gas under Commission jurisdiction, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act: *Provided, however,* That the supplements to the rate schedules filed by Respondents, as set forth herein, shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order Respondents shall each execute and file under its above-designated docket number with the Secretary of the Commission its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved. Unless Respondents are advised to the contrary within 15 days after the filing of their respective agreements and undertakings, such agreements and undertakings shall be deemed to have been accepted.

(C) Until otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before October 16, 1967.

By the Commission.

[SEAL] GORDON M. GRANT, *Secretary.*

[4] Tax reimbursement increase.
[5] Pressure base is 14.65 p.s.i.a.
[6] Subject to upward and downward B.t.u. adjustment.
[7] Subject to an upward B.t.u. adjustment for gas which is not processed.
[8] Subject to a downward B.t.u. adjustment from 1,000 B.t.u.'s per cubic foot. Buyer will pay an additional 0.5 cent per Mcf for gas exceeding 1,000 B.t.u.'s per cubic foot. Present B.t.u. content is 1,050 B.t.u.'s per cubic foot.
[9] Subject to a downward B.t.u. adjustment.

All of the producers herein request an effective date of July 1, 1967, the date that the increased Oklahoma Excise Tax became effective, for their proposed rate increases. Good cause has not been shown for waiving the 30-day notice requirement provided in section 4(d) of the Natural Gas Act to permit an earlier effective date for the producers' rate filings and such requests are denied.

The producers' proposed increased rates and charges exceed the applicable 11.0 cents per Mcf area increased rate ceiling for the Oklahoma Panhandle and Oklahoma "Other" Area as announced in the Commission's Statement of General Policy No. 61-1, as amended (18 CFR Ch. I, Part 2, section 2.56). Since the proposed increases relate to tax reimbursement resulting from the increase in Oklahoma Excise Tax, it is appropriate to suspend them for only one day.

BUTTONWOOD CAPITAL CORP.

Notice of Filing of Application for Order Declaring Company Has Ceased To Be an Investment Company

AUGUST 29, 1967.

Notice is hereby given that Buttonwood Capital Corp. ("Applicant") 430 Park Avenue, New York, N.Y. 10022, a Delaware corporation registered as a closed-end nondiversified management investment company under the Investment Company Act of 1940 ("Act"), has filed an application pursuant to section 8(f) of the Act for an order declaring that Applicant has ceased to be an investment company as defined in the Act. All interested persons are referred to the application on file with the Commission for a statement of Applicant's representations which are summarized below.

Applicant represents that its shareholders, at a special meeting held on February 3, 1967, adopted a plan of liquidation and dissolution; that on February 6, 1967, a certificate of dissolution was issued by the Secretary of State; and that it is now fully and finally liquidated and dissolved, its total assets being distributed pro rata to its shareholders.

Section 8(f) of the Act provides in pertinent part that when the Commission, upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order, and that upon the effectiveness of such order, the registration of such company shall cease to be in effect.

Notice is further given that any interested person may, not later than September 18, 1967, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address set forth above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0–5 of the rules and regulations promulgated under the Act, an order disposing of the matter may be issued by the Commission upon the basis of information stated in said application, unless an order for hearing upon this matter shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

INSTITUTIONAL EXCHANGE FUND, INC.

Notice of Filing of Application for Order Declaring Company Has Ceased To Be an Investment Company

AUGUST 29, 1967.

Notice is hereby given that Institutional Exchange Fund, Inc. ("applicant"), 50 Broadway, New York, N.Y., a Delaware corporation registered as a diversified, open-end investment company under the Investment Company Act of 1940 ("Act"), has filed an application pursuant to section 8(f) of the Act for an order declaring that applicant has ceased to be an investment company as defined in the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

Applicant is to be dissolved under state law and its single security holder has consented to such dissolution.

Section 8(f) of the Act provides, in pertinent part, that when the Commission, on application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order, which may be made upon appropriate conditions necessary for the protection of investors, and upon the taking effect of such order the registration of such company shall cease to be in effect.

Notice is further given that any interested person may, not later than September 18, 1967, at 5:30 p.m. submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0–5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).
