Title 7—Agriculture

CHAPTER III—ANIMAL AND PLANT HEALTH INSPECTION SERVICE, DEPARTMENT OF AGRICULTURE

PART 354—OVERTIME SERVICES RELATING TO IMPORTS AND EXPORTS

Commuted Traveltime Allowances

● The purpose of this document is to amend the list of commuted traveltime allowances for agricultural inspection services relating to imports and exports and to consolidate all existing amendments into one list. ●

This amendment amends the list of commuted traveltime allowances, 7 CFR 354, Overtime Services Relating to Imports and Exports, and consolidates all existing amendments into one list for the convenience of the user. This amendment deletes reference to Harrisburg International Airport, Pennsylvania, when served from Schuylkill Haven. Harrisburg International Airport is now also served from the additional points of Allentown and Williamsport. In addition, the traveltime allowance has been increased for Harrisburg International Airport, Pennsylvania, served from University Park from 4 to 5 hours. Since the last amendment (November 2, 1975, 40 FR 53993), commuted traveltimes have been established for additional points. Therefore, Altus Air Force Base, Oklahoma, served from Hobart and Elk City; Port of Catoosa and Tulsa International Airport, Oklahoma, served from Muskogee; and Tinker Air Force Base and Will Rogers World Airport, Oklahoma, within the Metropolitan area, have been added. The State of Oklahoma is listed for the first time.

Pursuant to the authority conferred upon the Deputy Administrator, Plant Protection and Quarantine Programs, by 7 CFR 354.1 (37 FR 28464, 28477, as amended; 38 FR 19141) the administrative instructions appearing at 7 CFR 354.2, as amended, February 3, March 20, May 1, May 6, July 22, September 8, September 22, and November 20, 1975 (40 FR 4897, 12646, 19828, 19633, 30621, 41513, 43479, and 53993) prescribing the commuted traveltime that shall be included in each period of overtime or holiday duty are revised to read as follows:

§ 354.2 Administrative instructions prescribing commuted traveltime.

Each period of overtime and holiday duty, as defined in § 354.1 shall, in addition, include a commuted traveltime period for the respective areas in which employees are located, if such travel is performed solely on account of overtime or holiday service. The prescribed commuted traveltime periods are set forth below:

Temporary detail:			
Any inspection point to which an employee may be temporarily detailed.		1	

These commuted traveltime periods have been established as nearly as may be practicable to cover the time necessarily spent in reporting to and returning from the place at which the employee performs such overtime or holiday duty when such travel is performed solely on account of such overtime or holiday duty. Such establishment depends upon facts within the knowledge of the Animal and Plant Health Inspection Service.

It is to the benefit of the public that these instructions be made effective at the earliest practicable date. Accordingly, pursuant to 5 U.S.C. 553, it is found upon good cause that notice and public procedure on these instructions are impracticable, unnecessary, and contrary to the public interest, and good cause is found for making them effective less than 30 days after publication in the FEDERAL REGISTER.

Effective date. The foregoing revision shall become effective upon February 10, 1976, when it shall supersede 7 CFR 354.2, as amended, February 3, March 20, May 1, May 6, July 22, September 8, September 22, and November 20, 1975, (40 FR 4897, 12646, 19828, 19633, 30621, 41513, 43479, and 53993).

Done at Washington, D.C., this 2d day of February 1976.

T. G. DARLING,
Acting Deputy Administrator, Plant Protection and Quarantine Programs.

Title 13—Business Credit and Assistance

CHAPTER I—SMALL BUSINESS ADMINISTRATION

[Rev. 13, Amdt. 10]

PART 121—SMALL BUSINESS SIZE STANDARDS

Definition of Small Special Trade Contractor (Construction) for Purpose of Obtaining a Small Business Administration Loan

On August 19, 1975, there was published in the FEDERAL REGISTER (40 FR 36148) a notice that the Small Business Administration proposed to increase the definitions of a small special trade contractor for the purpose of bidding on Government procurements and obtaining an SBA loan.

On November 3, 1975, after consideration of all comment on the proposal, the Small Business Administration amended the definitions for the purpose of bidding on Government procurements (40 FR 51033). However, because of certain administrative problems, we announced that we were taking a further look at the proposed increases for the purpose of SBA loanmaking.

A solution has been found for the administrative problems to which reference was made, and it has been determined that the new standards proposed for the purpose of SBA loanmaking should be adopted forthwith. Revised standards for the Surety Bond Guarantee Program will be proposed in the near future.

Accordingly Part 121, Chapter I, Title 13 of the Code of Federal Regulations, is hereby amended by revising Schedule I to read as follows:

SCHEDULE I.—*Annual receipts size standards for concerns primarily engaged in construction (special trade contractors)*

Industry or subindustry code	Industry, subindustry, or class of products	Annual sales size standard (maximum, in millions)
1711	Plumbing, heating (except electric), and air-conditioning	$5
1721	Painting, paper hanging, and decorating	5
1731	Electrical work	5
1741	Masonry, stone setting, and other stonework	5
1742	Plastering, drywall, acoustical, and insulating work	5
1743	Terrazzo, tile, marble, and mosaic work	5
1751	Carpentering and flooring	5
1752	Floor laying and other floorwork, not elsewhere classified	5
1761	Roofing and sheet metal work	5
1771	Concrete work	5
1781	Water well drilling	5
1791	Structural steel erection	5
1793	Glass and glazing work	5
1794	Excavating and foundation work	5
1795	Wrecking and demolition work	5
1796	Installation or erection of building equipment, not elsewhere classified	5
1799	Specialtr ade contractors, not elsewhere classified	5

Effective date. This amendment shall become effective on February 10, 1976.

Title 26—Internal Revenue

CHAPTER I—INTERNAL REVENUE SERVICE, DEPARTMENT OF THE TREASURY

SUBCHAPTER A—INCOME TAX

[T.D. 7398]

PART 3—CAPITAL CONSTRUCTION FUND

Merchant Marine and Fisheries Capital Construction Funds

Correction

NOTE: FR Doc. 76-2476 was published at 41 FR 4257, January 29, 1976. Part of the text was inadvertently omitted, for the convenience of the user the document is republished in its entirety.

Under the Merchant Marine Act of 1970, an owner or lessor of an eligible vessel may, pursuant to an agreement with the Department of Commerce, establish a capital construction fund. Generally, a vessel is eligible if it is constructed and documented in the United States and operated in the foreign or domestic commerce of the United States or in the fisheries of the United States. The owner or lessor may then deposit into the fund certain amounts representing taxable income from such eligible vessel, depreciation on such vessel, net proceeds from the disposition of such vessel, and earnings on amounts held in the fund. Taxation is deferred on amounts deposited into the fund. Taxation is also deferred on amounts withdrawn from the fund to the extent they are used to purchase, construct, or retire indebtedness on a "qualified" vessel. A vessel is "qualified" if it is constructed and documented in the United States and operated by the person maintaining the fund in United States foreign, Great Lakes, or noncontiguous domestic trade or in the fisheries of the United States. The basis of the qualified vessel is reduced to reflect the amount of tax deferred funds used to purchase, construct, or retire indebtedness on such vessel.

On June 15, 1972, a document was published in the FEDERAL REGISTER (37 FR 11877) proposing to prescribe the rules for determining the income tax liability of any person a party to an agreement with the Secretary of Commerce establishing a capital construction fund. All comments with respect to the proposed rules were given due consideration.

A. As a result of comments received, the following changes in the rules are made in addition to language changes for clarification:

1. Section 3.2(a)(2) has been changed to provide that amounts deposited into the fund (under a particular subceiling), which are later determined to be in excess of the amount which is permitted to be deposited under § 3.2(a)(1), need not be treated as either totally deposited into the fund (under another available subceiling) or totally repaid to the party, but may be apportioned between the two alternatives. Also, the changed rules provide that an overdeposit for one year may be treated as a deposit in the first subsequent taxable year in which a subceiling becomes available. In order to clarify the notice language which treated excess amounts that were withdrawn from the fund by the party as if no deposit and withdrawal had been made, general rules have been added to provide that, whenever a correction is made for an overdeposit, proper adjustment has to be made to all items affected by such overdeposit. However, difficult tracing problems may be avoided under a new rule which permits the party to take a repayment in lieu to making such correction, as long as such repayment can be made from the same accounts into which the overdeposit was made. Finally, language has been added to make it clear that earnings generated by amounts overdeposited will be included in the party's gross income. A formula has been established to allocate to the overdeposit a proper share of the earnings of the fund for the period of the overdeposit.

2. Section 3.2(a)(3) and (4), which is reserved and is the subject of an additional notice of proposed rule making published elsewhere in today's FEDERAL REGISTER, deals with an underdeposit caused by an audit adjustment and the requirements for making a deficiency deposit.

3. Revised § 3.2(b)(1) provides that the term "taxable income attributable to the operation of agreement vessels" can be determined either by aggregating the separately computed taxable incomes of each of the vessels in the fleet or, as suggested by a comment to the proposed regulations, by determining the net taxable income of the fleet in the aggregate. The comments explained that the new alternative, in which loss vessels are taken into account in the computation of such taxable income, is compatible with many present accounting systems.

4. Section 3.2(b)(2)(iii) deals with the case of a party which uses its own, or leased, agreement vessels to transport its own products. In response to a written suggestion, language has been added to make it clear that in such cases gross income attributable to such vessel operations are to be determined by applying section 482 of the Code as if the party transporting the product and the owner of the product were different, but related, persons.

5. Section 3.2(c), which is reserved and is the subject of an additional notice of proposed rule making published elsewhere in today's FEDERAL REGISTER, deals with net proceeds from transactions with respect to agreement vessels.

6. Revised § 3.2(d) makes it clear that earnings on amounts in the fund belong to the party and are required to be included in his gross income unless deposited into the fund. A rule was also added to make it clear that fund earnings include a ratable monthly portion of original issue discount on certain indebtedness held by the fund. A corresponding change has been made in § 3.3(b)(2)(ii)(*b*) to increase the basis of such indebtedness by the amount of the original issue discount so included in earnings. Finally, new subparagraph (3) was added to paragraph (d) to provide a rule with respect to the holding period of fund assets.

7. Section 3.2(g) provides, in effect, that the deposit of nonmoney property into the fund is not a taxable event if the election prescribed in subparagraph (2) is made. The requirement that the party recognize gain on such property in the year in which the fund disposes of that property is included in this document and is also included, as part of a more expansive rule, in a notice of proposed rule making published elsewhere in today's FEDERAL REGISTER. Also, a parenthetical sentence was added containing a cross-reference to the more precise Department of Commerce regulations as to the type of property which may be deposited into the fund. Finally, the terms "fund property," referring to property subject to an election under subparagraph (2) while held in the fund, and "nonfund property," referring to such property when withdrawn from the fund, were introduced for greater clarity.

8. Section 3.3(b)(2)(i)(*b*), which is reserved and is the subject of an additional notice of proposed rule making published elsewhere in today's FEDERAL REGISTER, deals with a special rule for determining the basis of property received by a party in exchange for a vessel in certain situations.

9. Section 3.3(b)(4), dealing with the date of deposits, has been changed by providing that deposits are considered as being made on the date on which they were actually made, rather than the earlier deemed date previously provided. Changes were also made to incorporate the changes made in the temporary regulations (§ 3.1 of 26 CFR Part 3) governing agreements and fund deposits since the time these proposed rules were prescribed.

10. Section 3.3(c), which is reserved and is the subject of an additional notice of proposed rule making published elsewhere in today's FEDERAL REGISTER, deals with the determination of earnings and profits.

11. Revised § 3.3(d) makes it clear that, while amounts held in the fund are not to be taken into account in computing the accumulated taxable income of the party for purposes of the accumulated earnings tax, such amounts can be taken into account in determining whether amounts accumulated outside the fund are being accumulated for the reasonable needs of the business.

12. Revised § 3.3(f) makes it clear that the minimum tax does not apply to capital gains which are deposited into the fund, but may apply to a nonqualified withdrawal made out of the capital gain account.

13. Revised § 3.3(i) makes it clear that this provision applies to the per-country limitation, as well as the overall limitation, on the foreign tax credit.

14. Revised § 3.5(a) expands the definition of the term "acquisition", for which qualified withdrawals may be made, to include any acquisition to the extent the basis of the property acquired in the hands of the transferee is its cost, and to include expenditures by a lessee where such expenditures are subject to depreciation (or amortization) deductions under the Code. Section 3.5 (a)(3)(iii), which is reserved and is the subject of an additional notice of proposed rule making published elsewhere in today's FEDERAL REGISTER, deals with a definition of the term "acquisition" which includes certain purchases of stock of a corporation which owns a vessel.

15. Revised § 3.6(d) changes the 6-month depreciation convention to require that reductions in basis resulting from payments made at any time during the second half of a taxable year are considered to be effective on the first day of the succeeding taxable year. Also, a rule is added whereby the party is permitted to ignore the depreciation convention and is allowed to reduce the basis of property on the day such payments are actually made.

16. Section 3.6(e), which is reserved and is the subject of an additional notice of proposed rule making published elsewhere in today's FEDERAL REGISTER, deals with the ordinary income treatment of gain from the disposition of property acquired with qualified withdrawals.

17. Section 3.8, which is reserved and is the subject of an additional notice of proposed rule making published elsewhere in today's FEDERAL REGISTER, deals with the tax treatment of the fund on certain corporate reorganizations and changes in partnerships, and certain transfers of capital construction funds on death.

18. Section 3.9, dealing with consolidated returns, was reserved in the June 15, 1972, notice (37 FR 11877), and is also reserved herein and will be the subject of an additional notice of proposed rule making sometime in the future.

B. As a result of a 1973 amendment (Pub. L. 93-116; 87 Stat. 421) of the Merchant Marine Act, 1936 (46 U.S.C. 1101), as amended by section 21 of the Merchant Marine Act of 1970 (84 Stat. 1031), conforming changes are made to § 3.0 and the historical note at the end of § 3.0.

ADOPTION OF AMENDMENTS TO THE REGULATIONS

On Thursday, June 15, 1972, a notice of proposed rule making was published in the FEDERAL REGISTER (37 FR 11877) in order to conform the Capital Construction Fund Regulations (26 CFR Part 3) to the amendments of the Merchant Marine Act, 1936 (46 U.S.C. 1101), as amended by section 21 of the Merchant Marine Act of 1970 (84 Stat. 1031). After consideration of all such relevant matters as were presented by interested persons regarding the rules proposed, the amendment of the regulations as proposed in such notice is hereby adopted, subject to the changes set forth below, except that §§ 3.2 (a) (3), (4), and (c), 3.3 (b)(2)(1)(*b*) and (c), 3.5(a)(3)(iii), 3.6(e), and 3.8 are withdrawn and proposed regulations in lieu thereof are published in today's FEDERAL REGISTER, and except that § 3.3(j), which was reserved on the June 15, 1972, notice, has been withdrawn.

Section 3.3(b)(4) of the regulations hereby adopted supersedes those provisions of § 3.1 (temporary regulations concerning execution of agreements and deposits made in a capital construction fund) of this chapter which were prescribed by T.D. 7156 (Dec. 30, 1971), as amended by T.D. 7219 (Nov. 10, 1972) and T.D. 7341 (Jan. 7, 1975).

The Capital Construction Fund Regulations, as set forth in the appendix to the notice of proposed rule making appear in the FEDERAL REGISTER for Thursday, June 15, 1972 (37 FR 11877), are amended, effective for taxable years beginning after December 31, 1969, as follows:

PARAGRAPH 1. Section 3.0 is revised as follows:

1. Section 607(k)(8) (ii) and (iii) is changed by deleting (iii) and revising (ii) to read "trade from any point in Alaska, Hawaii, Puerto Rico, and such territories and possessions to any other point in Alaska, Hawaii, Puerto Rico, and such territories and possessions.", and

2. The historical note at the end of § 3.0 is changed.

The revised historical note reads as set forth below.

[Sec. 607, Merchant Marine Act, 1936, 46 U.S.C. 1177, as amended by sec. 21(a), Merchant Marine Act of 1970 (84 Stat. 1026); Act of Oct. 1, 1973 (Pub. L. 93-116, 87 Stat. 421)]

2. The words "or constructively" appearing in the last sentence of paragraph (b) are deleted,

3. The second sentence of paragraph (c)(3) is changed by deleting "amount of the withdrawal exceeds" and inserting "aggregate amount of such withdrawal from the ordinary income account and capital gain account would cause a basis reduction in excess of" in lieu thereof,

4. The term "and (3)" is added immediately after the term "section 1016 (a)(2)" in the last sentence of paragraph (c)(3), and

5. Paragraphs (d) and (e) are changed.

These revised provisions read as set forth below.

PAR. 7. Section 3.7 is revised as follows:

1. The second sentence of paragraph (c) is changed by deleting "or constructively deposited" and inserting "deposited or deemed deposited in accordance with this part" in lieu thereof,

2. The words "or constructively" appearing in the last sentence of paragraph (c) are deleted,

3. A new sentence is added at the end of paragraph (c),

4. The only sentence of paragraph (d)(2) is changed by deleting "realized" and inserting "recognized" in lieu thereof,

5. The first and second sentences of paragraph (e)(1) are changed by deleting "the provisions" and inserting "paragraph (d)" in lieu thereof,

6. The second sentence of paragraph (e)(1) is changed by deleting "tax under such section" and inserting "additions to tax under such sections" in lieu thereof,

7. The fifth sentence of paragraph (e)(1) is changed by deleting "section" and inserting "paragraph" in lieu thereof, and

8. Paragraph (f) is changed.

These revised and added provisions read as set forth below.

PAR. 8. Section 3.8 is revised to read as set forth below.

PAR. 9. Section 3.10 is amended by revising the last sentence of paragraph (b) to read as set forth below.

(This Treasury decision is issued under the authority contained in section 607 of the Merchant Marine Act, 1936 (46 U.S.C. 1177) as amended by section 21 (a) of the Merchant Marine Act of 1970 (84 Stat. 1026), and under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).)

DONALD C. ALEXANDER,
Commissioner of Internal Revenue.

Approved: January 23, 1976.

CHARLES M. WALKER,
Assistant Secretary Treasury.

WILLIAM C. BREWER, Jr.,
Acting Administrator, National Oceanic and Atmospheric Administration.

ROBERT J. BLACKWELL,
Assistant Secretary of Commerce for Maritime Affairs.

§ 3.0 Statutory provisons; section 607, Merchant Marine Act, 1936, as amended.

SEC. 607 (a) Agreement Rules.

Any citizen of the United States owning or leasing one or more eligible vessels (as defined in subsection (k)(1)) may enter into an agreement with the Secretary of Commerce under, and as provided in, this section to establish a capital construction fund (hereinafter in this section referred to as the "fund") with respect to any or all of such vessels. Any agreement entered into under this section shall be for the purpose of providing replacement vessels, additional vessels, or reconstructed vessels, built in the United States and documented under the laws of the United States for operation in the United States foreign, Great Lakes, or noncontiguous domestic trade or in the fisheries of the United States and shall provide for the deposit in the fund of the amounts agreed upon as necessary or appropriate to provide for qualified withdrawals under subsection (f). The deposits in the fund, and all withdrawals from the fund, whether qualified or nonqualified, shall be subject to such conditions and requirements as the Secretary of Commerce may by regulations prescribe or are set forth in such agreement; except that the Secretary of Commerce may not require any person to deposit in the fund for any taxable year more than 50 percent of that portion of such person's taxable income for such year (computed in the manner provided in subsection (b)(1)(A)) which is attributable to the operation of the agreement vessels.

(b) Ceiling on Deposits.

(1) The amount deposited under subsection (a) in the fund for any taxable year shall not exceed the sum of:

(A) That portion of the taxable income of the owner or lessee for such year (computed as provided in chapter 1 of the Internal Revenue Code of 1954 but without regard to the carryback of any net operating loss or net capital loss and without regard to this section) which is attributable to the operation of the agreement vessels in the foreign or domestic commerce of the United States or in the fisheries of the United States.

(B) The amount allowable as a deduction under section 167 of the Internal Revenue Code of 1954 for such year with respect to the agreement vessels,

(C) If the transaction is not taken into account for purposes of subparagraph (A), the net proceeds (as defined in joint regulations) from (i) the sale or other disposition of any agreement vessel, or (ii) insurance or indemnity attributable to any agreement vessel, and

(D) The receipts from the investment or reinvestment of amounts held in such fund.

(2) In the case of a lessee, the maximum amount which may be deposited with respect to an agreement vessel by reason of paragraph (1)(B) for any period shall be reduced by any amount which, under an agreement entered into under this section, the owner is required or permitted to deposit for such period with repsect to such vessel by reason of paragraph (1)(B).

(3) For purposes of paragraph (1), the term "agreement vessel" includes barges and containers which are part of the complement of such vessel and which are provided for in the agreement.

(c) Requirements as to Investments.

Amounts in any fund established under this section shall be kept in the depository or depositories specified in the agreement and shall be subject to such trustee and other fiduciary requirements as may be specified by the Secretary of Commerce. They may be invested only in interest-bearing securities approved by the Secretary of Commerce; except that, if the Secretary of Commerce consents thereto, an agreed percentage (not in excess of 60 percent) of the assets of the fund may be invested in the stock of domestic corporations. Such stock must be currently fully listed and registered on an exchange registered with the Securities and Exchange Commission as a national securities exchange, and must be stock which would be acquired by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and the preservation of their capital. If at any time the fair market value of the stock in the fund is more than the agreed percentage of the assets in the fund, any subsequent investment of amounts deposited in the fund, and any subsequent withdrawal from the fund, shall be made in such a way as to tend to restore the fund to a situation in which the fair market value of the stock does not exceed such agreed percentage. For purposes of this subsection, if the common stock of a corporation meets the requirements of this subsection and if the preferred stock of such corporation would meet such requirements but for the fact that it cannot be listed and registered as required because it is nonvoting stock, such preferred stock shall be treated as meeting the requirements of this subsection.

(d) Nontaxability for Deposits.

(1) For purposes of the Internal Revenue Code of 1954—

(A) Taxable income (determined without regard to this section) for the taxable year shall be reduced by an amount equal to the amount deposited for the taxable year out of amounts referred to in subsection (b)(1)(A).

(B) Gain from a transaction referred to in subsection (b)(1)(C) shall not be taken into account if an amount equal to the net proceeds (as defined in joint regulations) from such transaction is deposited in the fund,

(C) The earnings (including gains and losses) from the investment and reinvestment of amounts held in the fund shall not be taken into account,

(D) The earnings and profits of any corporation (within the meaning of section 316 of such Code) shall be determined without regard to this section, and

(E) In applying the tax imposed by section 531 of such Code (relating to the accumulated earnings tax), amounts while held in the fund shall not be taken into account.

(2) Paragraph (1) shall apply with respect to any amount only if such amount is deposited in the fund pursuant to the agreement and not later than the time provided in joint regulations.

(e) Establishment of Accounts.

For purposes of this section—

(1) Within the fund established pursuant to this section three accounts shall be maintained:

(A) The capital account,

(B) The capital gain account, and

(C) The ordinary income account.

(2) The capital account shall consist of—

(A) Amounts referred to in subsection (b)(1)(B),

(B) Amounts referred to in subsection (b)(1)(C) other than that portion thereof which represents gain not taken into account by reason of subsection (d)(1)(B),

(C) 85 percent of any dividend received by the fund with respect to which the person maintaining the fund would (but for subsection (d)(1)(C)) be allowed a deduction under section 243 of the Internal Revenue Code of 1954, and

(D) Interest income exempt from taxation under section 103 of such Code.

(3) The capital gain account shall consist of—

(A) Amounts representing capital gains on assets held for more than 6 months and referred to in subsection (b)(1)(C) or (b)(1)(D), reduced by—

(B) Amounts representing capital losses on assets held in the fund for more than 6 months.

(4) The ordinary income account shall consist of—

(A) Amounts referred to in subsection (b)(1)(A),

(B) (i) Amounts representing capital gains on assets held for 6 months or less and referred to in subsection (b)(1)(C) or (b)(1)(D), reduced by—

(ii) Amounts representing capital losses on assets held in the fund for 6 months or less,

(C) Interest (not including any tax-exempt interest referred to in paragraph (2)(D)) and other ordinary income (not including any dividend referred to in subparagraph (E)) received on assets held in the fund,

(D) Ordinary income from a transaction described in subsection (b)(1)(C), and

(E) 15 percent of any dividend referred to in paragraph (2)(C).

(5) Except on termination of a fund, capital losses referred to in paragraph (3)(B) or in paragraph (4)(B)(ii) shall be allowed only as an offset to gains referred to in paragraph (3)(A) or (4)(B)(i), respectively.

(f) Purposes of Qualified Withdrawals.

(1) A qualified withdrawal from the fund is one made in accordance with the terms of the agreement but only if it is for:

(A) The acquisition, construction, or reconstruction of a qualified vessel,

(B) The acquisition, construction, or reconstruction of barges and containers which are part of the complement of a qualified vessel, or

(C) The payment of the principal on indebtedness incurred in connection with the acquisition, construction or reconstruction

of a qualified vessel or a barge or container which is part of the complement of a qualified vessel.

Except to the extent provided in regulations prescribed by the Secretary of Commerce, subparagraph (B), and so much of subparagraph (C) as relates only to barges and containers, shall apply only with respect to barges and containers constructed in the United States.

(2) Under joint regulations, if the Secretary of Commerce determines that any substantial obligation under any agreement is not being fulfilled, he may, after notice and opportunity for hearing to the person maintaining the fund, treat the entire fund or any portion thereof as an amount withdrawn from the fund in a nonqualified withdrawal.

(g) Tax Treatment of Qualified Withdrawals.

(1) Any qualified withdrawal from a fund shall be treated—

(A) First as made out of the capital account.

(B) Second as made out of the capital gain account, and

(C) Third as made out of the ordinary income account.

(2) If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the ordinary income account, the basis of such vessel, barge, or container shall be reduced by an amount equal to such portion.

(3) If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the capital gain account, the basis of such vessel, barge, or container shall be reduced by an amount equal to—

(A) Five-eighths of such portion, in the case of a corporation (other than an electing small business corporation, as defined in section 1371 of the Internal Revenue Code of 1954), or

(B) One-half of such portion, in the case of any other person.

(4) If any portion of a qualified withdrawal to pay the principal on any indebtness is made out of the ordinary income account or the capital gain account, then an amount equal to the aggregate reduction which would be required by paragraphs (2) and (3) if this were a qualified withdrawal for a purpose described in such paragraphs shall be applied, in the order provided in joint regulations, to reduce the basis of vessels, barges, and containers owned by the person maintaining the fund. Any amount of a withdrawal remaining after the application of the preceding sentence shall be treated as a nonqualified withdrawal.

(5) If any property the basis of which was reduced under paragraph (2), (3), or (4) is disposed of, any gain realized on such disposition, to the extent it does not exceed the aggregate reduction in the basis of such property under such paragraphs, shall be treated as an amount referred to in subsection (h)(3)(A) which was withdrawn on the date of such disposition. Subject to such conditions and requirements as may be provided in joint regulations, the preceding sentence shall not apply to a disposition where there is a redeposit in an amount determined under joint regulations which will, insofar as practicable, restore the fund to the position it was in before the withdrawal.

(h) Tax Treatment of Nonqualified Withdrawals.

(1) Except as provided in subsection (i), any withdrawal from a fund which is not a qualified withdrawal shall be treated as a nonqualified withdrawal.

(2) Any nonqualified withdrawal from a fund shall be treated—

(A) First as made out of the ordinary income account,

(B) Second as made out of the capital gain account, and

(C) Third as made out of the capital account.

For purposes of this section, items withdrawn from any account shall be treated as withdrawn on a first-in-first-out basis; except that (i) any nonqualified withdrawal for research, development, and design expenses incident to new and advanced ship design, machinery and equipment, and (ii) any amount treated as a nonqualified withdrawal under the second sentence of subsection (g)(4), shall be treated as withdrawn on a last-in-first-out basis.

(3) For purposes of the Internal Revenue Code of 1954—

(A) Any amount referred to in paragraph (2)(A) shall be included in income as an item of ordinary income for the taxable year in which the withdrawal is made.

(B) Any amount referred to in paragraph (2)(B) shall be included in income for the taxable year in which the withdrawal is made as an item of gain realized during such year from the disposition of an asset held for more than 6 months, and

(C) For the period on or before the last date prescribed for payment of tax for the taxable year in which this withdrawal is made—

(i) No interest shall be payable under section 6601 of such Code and no addition to the tax shall be payable under section 6651 of such Code,

(ii) Interest on the amount of the additional tax attributable to any item referred to in subparagraph (A) or (B) shall be paid at the applicable rate (as defined in paragraph (4)) from the last date prescribed for payment of the tax for the taxable year for which such item was deposited in the fund, and

(iii) No interest shall be payable on amounts referred to in clauses (i) and (ii) of paragraph (2) or in the case of any nonqualified withdrawal arising from the application of the recapture provision of section 606(5) of the Merchant Marine Act of 1936 as in effect on December 31, 1969.

(4) For purposes of paragraph (3)(C)(ii), the applicable rate of interest for any nonqualified withdrawal—

(A) Made in a taxable year beginning in 1970 or 1971 is 8 percent, or

(B) Made in a taxable year beginning after 1971, shall be determined and published jointly by the Secretary of the Treasury and the Secretary of Commerce and shall bear a relationship to 8 percent which the Secretaries determine under joint regulations to be comparable to the relationship which the money rates and investment yields for the calendar year immediately preceding the beginning of the taxable year bear to the money rates and investment yields for the calendar year 1970.

(i) Certain Corporate Reorganizations and Changes in Partnerships.

Under joint regulations—

(1) A transfer of a fund from one person to another person in a transaction to which section 381 of the Internal Revenue Code of 1954 applies may be treated as if such transaction did not constitute a nonqualified withdrawal, and

(2) A similar rule shall be applied in the case of a continuation of a partnership (within the meaning of subchapter K of such Code).

(j) Treatment of Existing Funds.

(1) Any person who was maintaining a fund or funds (hereinafter in this subsection referred to as "old fund") under this section (as in effect before the enactment of this subsection) may elect to continue such old fund but—

(A) May not hold moneys in the old fund beyond the expiration date provided in the agreement under which such old fund is maintained (determined without regard to any extension or renewal entered into after April 14, 1970),

(B) May not simultaneously maintain such old fund and a new fund established under this section, and

(C) If he enters into an agreement under this section to establish a new fund, may agree to the extension of such agreement to some or all of the amounts in the old fund.

(2) In the case of any extension of an agreement pursuant to paragraph (1)(C), each item in the old fund to be transferred shall be transferred in a nontaxable transaction to the appropriate account in the new fund established under this section. For purposes of subsection (h)(3)(C), the date of the deposit of any item so transferred shall be July 1, 1971, or the date of the deposit in the old fund, whichever is the later.

(k) Definitions.

For purposes of this section—

(1) The term "eligible vessel" means any vessel—

(A) Constructed in the United States and, if reconstructed, reconstructed in the United States,

(B) Documented under the laws of the United States, and

(C) Operated in the foreign or domestic commerce of the United States or in the fisheries of the United States.

Any vessel which (i) was constructed outside of the United States but documented under the laws of the United States on April 15, 1970, or (ii) constructed outside the United States for use in the United States foreign trade pursuant to a contract entered into before April 15, 1970, shall be treated as satisfying the requirements of subparagraph (A) of this paragraph and the requirements of subparagraph (A) of paragraph (2).

(2) The term "qualified vessel" means any vessel—

(A) Constructed in the United States and, if reconstructed, reconstructed in the United States,

(B) Documented under the laws of the United States, and

(C) Which the person maintaining the fund agrees with the Secretary of Commerce will be operated in the United States foreign, Great Lakes, or noncontiguous domestic trade or in the fisheries of the United States.

(3) The term "agreement vessel" means any eligible vessel or qualified vessel which is subject to an agreement entered into under this section.

(4) The term "United States," when used in a geographical sense, means the continental United States including Alaska, Hawaii, and Puerto Rico.

(5) The term "United States foreign trade" includes (but is not limited to) those areas in domestic trade in which a vessel built with construction-differential subsidy is permitted to operate under the first sentence of section 506 of this Act.

(6) The term "joint regulations" means regulations prescribed under subsection (l).

(7) The term "vessel" includes cargo handling equipment which the Secretary of Commerce determines is intended for use primarily on the vessel. The term "vessel" also includes an ocean-going towing vessel or an ocean-going barge or comparable towing vessel or barge operated on the Great Lakes.

(8) The term "noncontiguous trade" means (i) trade between the contiguous forty-eight States on the one hand and Alaska, Hawaii, Puerto Rico and the insular territories and possessions of the United States on the other hand, and (ii) trade from any point in Alaska, Hawaii, Puerto Rico, and such territories and possessions to any other point in Alaska, Hawaii, Puerto Rico, and such territories and possessions.

(l) Records; Reports; Changes in Regulations.

Each person maintaining a fund under this section shall keep such records and shall make such reports as the Secretary of Commerce or the Secretary of the Treasury shall require. The Secretary of the Treasury and the Secretary of Commerce shall jointly prescribe all rules and regulations, not inconsistent with the foregoing provisions of this section, as may be necessary or appropriate to the determination of tax liability under this section. If, after an agreement has been entered into under this section, a change is made either in the joint regulations or in the regulations prescribed by the Secretary of Commerce under this section which could have a substantial effect on the rights or obligations of any person maintaining a fund under this section, such person may terminate such agreement.

§ 3.1 Scope of section 607 of the Act and the regulations in this part.

(a) *In general.* The regulations prescribed in this part provide rules for determining the income tax liability of any person a party to an agreement with the Secretary of Commerce establishing a capital construction fund (for purposes of this part referred to as the "fund") authorized by section 607 of the Merchant Marine Act, 1936, as amended (for purposes of this part referred to as the "Act"). With respect to such parties, section 607 of the Act in general provides for the nontaxability of certain deposits of money or other property into the fund out of earnings or gains realized from the operation of vessels covered in an agreement, gains realized from the sale or other disposition of agreement vessels or proceeds from insurance for indemnification for loss of agreement vessels, earnings from the investment or reinvestment of amounts held in a fund, and gains with respect to amounts or deposits in the fund. Transitional rules are also provided for the treatment of "old funds" existing on or before the effective date of the Merchant Marine Act of 1970 (see § 3.10).

(b) *Cross references.* For rules relating to eligibility for a fund, deposits, and withdrawals and other aspects, see the regulations prescribed by the Secretary of Commerce in titles 46 (Merchant Marine) and 50 (Fisheries) of the Code of Federal Regulations.

(c) *Code.* For purposes of this part, the term "Code" means the Internal Revenue Code of 1954, as amended.

§ 3.2 Ceiling on deposits.

(a) *In general*—(1) *Total ceiling.* Section 607(b) of the Act provides a ceiling on the amount which may be deposited by a party for a taxable year pursuant to an agreement. The amount which a party may deposit into a fund may not exceed the sum of the following subceilings:

(i) The lower of (*a*) the taxable income (if any) of the party for such year (computed as provided in chapter 1 of the Code but without regard to the carryback of any net operating loss or net capital loss and without regard to section 607 of the Act) or (*b*) taxable income (if any) of such party for such year attributable under paragraph (b) of this section to the operation of agreement vessels (as defined in paragraph (f) of this section) in the foreign or domestic commerce of the United States or in the fisheries of the United States (see section 607(b)(1)(A) of the Act).

(ii) Amounts allowable as a deduction under section 167 of the Code for such year with respect to the agreement vessels (see section 607(b)(1)(B) of the Act),

(iii) The net proceeds (if not included in subdivision (i) of this paragraph) from (*a*) the sale or other disposition of any agreement vessels or (*b*) insurance or indemnity attributable to any agreement vessels (see section 607(b)(1)(C) of the Act and paragraph (c) of this section), and

(iv) Earnings and gains from the investment or reinvestment of amounts held in such fund (see section 607(b)(1)(D) of the Act and paragraphs (d) and (g) of this section).

(2) *Overdeposits.* (i) If for any taxable year an amount is deposited into the fund under a subceiling computed under subparagraph (1) of this paragraph which is in excess of the amount of such subceiling for such year, then at the party's option such excess (or any portion thereof) may—

(*a*) Be treated as a deposit into the fund for that taxable year under another available subceiling, or

(*b*) Be treated as not having been deposited for the taxable year and thus, at the party's option, may be disposed of either by it being—

(*1*) Treated as a deposit into the fund under any subceiling available in the first subsequent taxable year in which a subceiling is available, in which case such amount shall be deemed to have been deposited on the first day of such subsequent taxable year, or

(*2*) Repaid to the party from the fund.

(ii) (*a*) When a correction is made for an overdeposit, proper adjustment shall be made with respect to all items for all taxable years affected by the overdeposit, such as, for example, amounts in each account described in § 3.4, treatment of nonqualified withdrawals, the consequences of qualified withdrawals and the treatment of losses realized or treated as realized by the fund. Thus, for example, if the party chooses to have the fund repay to him the amount of an overdeposit, amounts in each account, basis of assets, and any affected item will be determined as though no deposit and repayment had been made. Accordingly, in such a case, if there are insufficient amounts in an account to cover a repayment of an overdeposit (as determined before correcting the overdeposit), and the party had applied the proceeds of a qualified withdrawal from such account towards the purchase of a qualified vessel (within the meaning of § 3.11(a)(2)), then such account and the basis of the vessel shall be adjusted as of the time such withdrawal was made and proceeds were applied, and repayment shall be made from such account as adjusted. If a party chooses to treat the amount of an overdeposit as a deposit under a subceiling for a subsequent year, similar adjustments to affected items shall be made. If the amount of a withdrawal would have exceeded the amount in the fund (determined after adjusting all affected amounts by reason of correcting the overdeposit), the withdrawal to the extent of such excess shall be treated as a repayment made at the time the withdrawal was made.

(*b*) If the accounts (as defined in § 3.4) that were increased by reason of excessive deposits contain sufficient amounts at the time the overdeposit is discovered to repay the party, the party may, at his option, demand repayment of such excessive deposits from such accounts in lieu of making the adjustments required by (*a*) of this subdivision (ii).

(iii) During the period beginning with the day after the date an overdeposit was actually made and ending with the date it was disposed of in accordance with subdivision (i)(*b*) of this subparagraph, there shall be included in the party's gross income for each taxable year the earnings attributed to any amount of overdeposit on hand during such a year. The earnings attributable to any amount of overdeposit on hand during a taxable year shall be an amount equal to the product of—

(*a*) The average daily earnings for each one dollar in the fund (as determined in subdivision (iv) of this subparagraph),

(*b*) The amount of overdeposit (as determined in subdivision (vi) of this subparagraph), and

(*c*) The number of days during the taxable year the overdeposit existed.

(iv) For purposes of subdivision (iii)(*a*) of this subparagraph, the average daily earnings for each dollar in the fund shall be determined by dividing the total earnings of the fund for the taxable year by the sum of the products of—

(*a*) Any amount on hand during the taxable year (determined under subdivision (v) of this subparagraph), and

(*b*) The number of days during the taxable year such amount was on hand in the fund.

(v) For purposes of this subparagraph—

(*a*) An amount on hand in the fund or an overdeposit shall not be treated as on hand on the day deposited but shall be treated as on hand on the day withdrawn, and

(*b*) The fair market value of such amounts on hand for purposes of this subparagraph shall be determined as provided in § 20.2031-2 of the Estate Tax Regulations of this chapter but without applying the blockage and other special rules contained in paragraph (e) thereof.

(vi) For purposes of subdivision (iii)(*b*) of this subparagraph, the amount of overdeposit on hand at any time is an amount equal to—

(*a*) The amount deposited into the fund under a subceiling computed under subparagraph (1) of this paragraph which is in excess of the amount of such subceiling, less

(*b*) The sum of—

(*1*) Amounts described in (*a*) of this subdivision (vi) treated as a deposit

under another subceiling for the taxable year pursuant to subdivision (i) of this subparagraph,

(2) Amounts described in (*a*) of this subdivision (vi) disposed of (or treated as disposed of) in accordance with subdivision (i) or (ii) of this subparagraph prior to such time.

(vii) To the extent earnings attributed under subdivision (iii) of this subparagraph represent a deposit for any taxable year in excess of the subceiling described in subparagraph (1)(iv) of this paragraph for receipts from the investment or reinvestment of amounts held in the fund, such attributed earnings shall be subject to the rules of this subparagraph for overdeposits.

(3) *Underdeposit caused by audit adjustment.* [Reserved]

(4) *Requirements for deficiency deposits.* [Reserved]

(b) *Taxable income attributable to the operation of an agreement vessel*—(1) *In general.* For purposes of this section, taxable income attributable to the operation of an agreement vessel means the amount, if any, by which the gross income of a party for the taxable year from the operation of an agreement vessel (as defined in paragraph (f) of this section) exceeds the allowable deductions allocable to such operation (as determined under subparagraph (3) of this paragraph). The term "taxable income attributable to the operation of the agreement vessels" means the sum of the amounts described in the preceding sentence separately computed with respect to each agreement vessel (or share therein) or, at the party's option, computed in the aggregate.

(2) *Gross income.* (i) Gross income from the operation of agreement vessels means the sum of the revenues which are derived during the taxable year from the following:

(*a*) Revenues derived from the transportation of passengers, freight, or mail in such vessels, including amounts from contracts for the charter of such vessels to others, from operating differential subsidies, from collections in accordance with pooling agreements and from insurance or indemnity net proceeds relating to the loss of income attributable to such agreement vessels.

(*b*) Revenues derived from the operation of agreement vessels relating to commercial fishing activities, including the transportation of fish, support activities for fishing vessels, charters for commercial fishing, and insurance or indemnity net proceeds relating to the loss of income attributable to such agreement vessels.

(*c*) Revenues from the rental, lease, or use by others of terminal facilities, revenues from cargo handling operations and tug and lighter operations, and revenues from other services or operations which are incidental and directly related to the operation of an agreement vessel. Thus, for example, agency fees, commissions, and brokerage fees derived by the party at his place of business for effecting transactions for services incidental and directly related to shipping for the accounts of other persons are includible in gross income from the operation of agreement vessels where the transaction is of a kind customarily consummated by the party for his own account at such place of business.

(*d*) Dividends, interest, and gains derived from assets set aside and reasonably retained to meet regularly occurring obligations relating to the shipping or fishing business directly connected with the agreement vessel which obligations cannot at all times be met from the current revenues of the business because of layups or repairs, special surveys, fluctuations in the business, and reasonably forseeable strikes (whether or not a strike actually occurs), and security amounts retained by reason of participation in conferences, pooling agreements, or similar agreements.

(ii) The items of gross income described in subdivision (i) (*c*) and (*d*) of this subparagraph shall be considered to be derived from the operations of a particular agreement vessel in the same proportion that the sum of the items of gross income described in subdivision (i) (*a*) and (*b*) of this subparagraph which are derived from the operations of such agreement vessel bears to the party's total gross income for the taxable year from operations described in subdivision (i) (*a*) and (*b*) of this subparagraph.

(iii) In the case of a party who uses his own or leased agreement vessels to transport his own products, the gross income attributable to such vessel operations is an amount determined to be an arm's length charge for such transportation. The arm's length charge shall be determined by applying the principles of section 482 of the Code and the regulations thereunder as if the party transporting the product and the owner of the product were not the same person but were controlled taxpayers within the meaning of § 1.482–1(a)(4) of the Income Tax Regulations of this chapter. Gross income attributable to the operation of agreement vessels does not include amounts for which the party is allowed a deduction for percentage depletion under sections 611 and 613 of the Code.

(3) *Deductions.* From the gross income attributable to the operation of an agreement vessel or vessels as determined under subpargaraph (2) of this paragraph, there shall be deducted, in accordance with the principles of § 1.861–8 of the Income Tax Regulations of this chapter, the expenses, losses, and other deductions definitely related and therefore allocated and apportioned thereto and a ratable part of any expenses, losses, or other deductions which are not definitely related to any gross income of the party. Thus, for example, if a party has gross income attributable to the operation of an agreement vessel and other gross income and has a particular deduction definitely related to both types of gross income, such deduction must be apportioned between the two types of gross income on a reasonable basis in determining the taxable income attributable to the operation of the agreement vessel.

(4) *Net operating and capital loss deductions.* The taxable income of a party attributable to the operation of agreement vessels shall be computed without regard to the carryback of any net operating loss deduction allowed by section 172 of the Code, the carryback of any net capital loss deduction allowed by sectios 165(f) of the Code, or any reduction in taxable income allowed by section 607 of the Act.

(5) *Method of accounting.* Taxable income must be computed under the method of accounting which the party uses for Federal income tax purposes. Such method may include a method of reporting whereby items of revenue and expense properly allocable to voyages in progress at the end of any accounting period are eliminated from the computation of taxable income for such accounting period and taken into account in the accounting period in which the voyage is completed.

(c) *Net proceeds from transactions with respect to agreement vessels.* [Reserved]

(d) *Earnings and gains from the investment or reinvestment of amounts held in a fund*—(1) *In general.* (i) Earnings and gains received or accrued by a party from the investment or reinvestment of assets in a fund is the total amount of any interest or dividends received or accrued, and gains realized, by the party with respect to assets deposited in, or purchased with amounts deposited in, such fund. Such earnings and gains are therefore required to be included in the gross income of the party unless such amount, or a portion thereof, is not taken into account under section 607(d)(1)(C) of the Act and § 3.3(b)(2)(ii) by reason of a deposit or deemed deposit into the fund. For rules relating to receipts from the sale or other disposition of nonmoney deposits into the fund, see paragraph (g) of this section.

(ii) Earnings received or accrued by a party from investment or reinvestment of assets in a fund include the ratable monthly portion of original issue discount included in gross income pursuant to section 1232(a)(3) of the Code. Such ratable monthly portion shall be deemed to be deposited into the ordinary income account of the fund, but an actual deposit representing such ratable monthly portion shall not be made. For basis of a bond or other evidence of indebtedness issued at a discount, see § 3.3(b)(2)(ii)(*b*).

(2) *Gain realized.* (i) The gain realized with respect to assets in the fund is the excess of the amount realized (as defined in section 1001(b) of the Code and the regulations thereunder) by the fund on the sale or other disposition of a fund asset over its adjusted basis (as defined in section 1011 of the Code) to the fund. For the adjusted basis of nonmoney deposits, see paragraph (g) of this section.

(ii) Property purchased by the fund (including property considered under

paragraph (g)(1)(iii) of this section as purchased by the fund) which is withdrawn from the fund in a qualified withdrawal (as defined in § 3.5) is treated as a disposition to which subdivision (i) of this subparagraph applies. For purposes of determining the amount by which the balance within a particular account will be reduced in the manner provided in § 3.6(b) (relating to order of application of qualified withdrawals against accounts) and for purposes of determining the reduction in basis of a vessel, barge, or container (or share therein) pursuant to § 3.6(c), the value of the property is its fair market value on the day of the qualified withdrawal.

(3) *Holding Period.* Except as provided in paragraph (g) of this section, the holding period of fund assets shall be determined under section 1223 of the Code.

(e) *Leased vessels.* In the case of a party who is a lessee of an agreement vessel, the maximum amount which such lessee may deposit with respect to any agreement vessel by reason of section 607(b)(1)(B) of the Act and paragraph (a)(1)(ii) of this section (relating to depreciation allowable) for any period shall be reduced by the amount (if any) which, under an agreement entered into under section 607 of the Act, the owner is required or permitted to deposit for such period with respect to such vessel by reason of section 607(b)(1)(B) of the Act and paragraph (a)(1)(ii) of this section. The amount of depreciation depositable by the lessee under this paragraph is the amount of depreciation deductible by the lessor on its income tax return, reduced by the amount described in the preceding sentence or the amount set forth in the agreement, whichever is lower.

(f) *Definition of agreement vessel.* For purposes of this section, the term "agreement vessel" (as defined in § 3.11(a)(3) and 46 CFR § 390.6) includes barges and containers which are the complement of an agreement vessel and which are provided for in the agreements, agreement vessels which have been contracted for or are in the process of construction, and any shares in an agreement vessel. Solely for purposes of this section, a party is considered to have a "share" in an agreement vessel if he has a right to use the vessel to generate income from its use whether or not the party would be considered as having a proprietary interest in the vessel for purposes of State or Federal law. Thus, a partner may enter into an agreement with respect to his share of the vessel owned by the partnership and he may make deposits of his distributive share of the sum of the four subceilings described in paragraph (a)(1) of this section. Notwithstanding the provisions of subchapter K of the Code (relating to the taxation of partners and partnerships), the Internal Revenue Service will recognize, solely for the purposes of applying this part, an agreement by an owner of a share in an agreement vessel even though the "share" arrangement is a partnership for purposes of the Code.

(g) *Special rules for nonmoney deposits and withdrawals*—(1) *In general.* (i) Deposits may be made in the form of money or property of the type permitted to be deposited under the agreement. (For rules relating to the types of property which may be deposited into the fund, see 46 CFR § 390.7(d), and 50 CFR § 259.) For purposes of this paragraph, the term "property" does not include money.

(ii) Whether or not the election provided for in subparagraph (2) of this paragraph is made—

(*a*) The amount of any property deposit, and the fund's basis for property deposited in the fund, is the fair market value of the property at the time deposited, and

(*b*) The fund's holding period for the property begins on the day after the deposit is made.

(iii) Unless such an election is made, deposits of property into a fund are considered to be a sale at fair market value of the property, a deposit of cash equal to such fair market value, and a purchase by the fund of such property for cash. Thus, in the absence of the election, the difference between the fair market value of such property deposited and its adjusted basis shall be taken into account as gain or loss for purposes of computing the party's income tax liability for the year of deposit.

(iv) For fund's basis and holding period of assets purchased by the fund, see paragraph (d)(2) and (3) of this section.

(2) *Election not to treat deposits of property other than money as a sale or exchange at the time of deposit.* A party may elect to treat a deposit of property as if no sale or other taxable event had occurred on the date of deposit. If such election is made, in the taxable year the fund disposes of the property, the party shall recognize as gain or loss the amount he would have recognized on the day the property was deposited into the fund had the election not been made. The party's holding period with respect to such property shall not include the period of time such property was held by the fund. The election shall be made by a statement to that effect, attached to the party's Federal income tax return for the taxable year to which the deposit relates, or, if such return is filed before such deposit is made, attached to the party's return for the taxable year during which the deposit is actually made.

(3) *Effect of qualified withdrawal of property deposited pursuant to election.* If property deposited into a fund, with respect to which an election under subparagraph (2) of this paragraph is made, is withdrawn from the fund in a qualified withdrawal (as defined in § 3.5) such withdrawal is treated as a disposition of such property resulting in recognition by the party of gain or loss (if any) as provided in subparagraph (2) of this paragraph with respect to nonfund property. In addition, such withdrawal is treated as a disposition of such property by the fund resulting in recognition of gain or loss by the party with respect to fund property to the extent the fair market value of the property on the date of withdrawal is greater or less (as the case may be) than the adjusted basis of the property to the fund on such date. For purposes of determining the amount by which the balance within a particular account will be reduced in the manner provided in § 3.6(b) (relating to order of application of qualified withdrawals against accounts) and for purposes of determining the reduction in basis of a vessel, barge, or container (or share therein) pursuant to § 3.6(c), the value of the property is its fair market value on the day of the qualified withdrawal. For rules relating to the effect of a qualified withdrawal of property purchased by the fund (including deposited property considered under subparagraph (1)(iii) of this paragraph as purchased by the fund), see paragraph (d)(2)(ii) of this section.

(4) *Effect of nonqualified withdrawal of property deposited pursuant to election.* If property deposited into a fund with respect to which an election under subparagraph (2) of this paragraph is made, is withdrawn from the fund in a nonqualified withdrawal (as defined in § 3.7(b)), no gain or loss is to be recognized by the party with respect to fund property or nonfund property but an amount equal to the adjusted basis of the property to the fund is to be treated as a nonqualified withdrawal. Thus, such amount is to be applied against the various accounts in the manner provided in § 3.7(c), such amount is to be taken into account in computing the party's taxable income as provided in § 3.7(d), and such amount is to be subject to interest to the extent provided for in § 3.7(e). In the case of withdrawals to which this subparagraph applies, the adjusted basis of the property in the hands of the party is the adjusted basis on the date of deposit, increased or decreased by the adjustments made to such property while held in the fund, and in determining the period for which the party has held the property there shall be included, in addition to the period the fund held the property, the period for which the party held the property before the date of deposit of the property into the fund. For rules relating to the basis and holding period of property purchased by the fund (including deposited property considered under subparagraph (1)(ii) of this paragraph as purchased by the fund) and withdrawn in a nonqualified withdrawal see § 3.7(f).

(5) *Examples.* The provisions of this paragraph are illustrated by the following examples:

Example (1). X Corporation, which uses the calendar year as its taxable year, maintains a fund described in § 3.1. X's taxable income (determined without regard to section 607 of the Act) is $100,000, of which $80,000 is taxable income attributable to the operation of agreement vessels (as determined under paragraph (b)(1) of this section). Under the agreement, X is required to deposit into the fund all earnings and gains received from the investment or reinvestment of amounts held in the fund, an amount equal to the net proceeds from transactions referred to in § 3.2(c), and an amount equal to 50 percent of its earnings attributable to the operation of

agreement vessels provided that such 50 percent does not exceed X's taxable income from all sources for the year of deposit. The agreement permits X to make voluntary deposits of amounts equal to 100 percent of its earnings attributable to the operation of agreement vessels, subject to the limitation with respect to taxable income from all sources. The agreement also provides that deposits attributable to such earnings may be in the form of cash or other property. On March 15, 1973, X deposits, with respect to its 1972 earnings attributable to the operation of agreement vessels, stock with a fair market value at the time of deposit of $80,000 and an adjusted basis to X of $10,000. Such deposit represents agreement vessel income of $80,000. At the time of deposit, such stock had been held by X for a period exceeding 6 months. X does not elect under subparagraph (2) of this paragraph to defer recognition of the gain. Accordingly, under subparagraph (1)(iii) of this paragraph, the deposit is treated as a deposit of $80,000 and X realizes a long-term capital gain of $70,000 on March 15, 1973.

Example (2). The facts are the same as in example (1), except that X elects in accordance with subparagraph (2) of this paragraph not to treat the deposit as a sale or exchange. On July 1, 1974, the fund sells the stock for $85,000. The basis to the fund of the stock is $80,000 (see subparagraph (1)(ii)(*a*) of this paragraph). With respect to nonfund property, X recognizes $70,000 of long-term capital gain on the sale includible in its gross income for 1974. With respect to fund property, X realizes $5,000 of long-term capital gain (the difference between the amount received by the fund on the sale of the stock, $85,000, and the basis to the fund of the stock, $80,000), an amount equal to which is required to be deposited into the fund with respect to 1974, as a gain from the investment or reinvestment of amounts held in the fund. Since the fund held the stock for a period exceeding 6 months, the $5,000 is allocated to the fund's capital gain account under § 3.4(c).

Example (3). The facts are the same as in example (2), except that the fund sells the stock on July 1, 1974, for $75,000. As the basis to the fund of the stock is $80,000, with respect to fund property, X realizes a long-term capital loss on the sale (the difference between the amount received by the fund on the sale of the stock, $75,000, and the basis to the fund of the stock, $80,000), of $5,000, an amount equal to which is required to be charged against the fund's capital gain account under § 3.4(e). Under subparagraph (2) of this paragraph, X recognizes $70,000 of long-term capital gain with respect to nonfund property on the sale which is includible in its gross income for 1974.

Example (4). The facts are the same as in example (2), except that on July 1, 1974, X makes a qualified withdrawal (as defined in § 3.5(a)) of the stock and uses it to pay indebtedness pursuant to § 3.5(b). On the disposition by X considered to occur under subparagraph (3) of this paragraph on the qualified withdrawal, X recognizes $70,000 of long-term capital gain with respect to nonfund property, which is includible in its gross income for 1974, and a long-term capital gain of $5,000 with respect to fund property, an amount equal to which is allocated to the fund's capital gain account under § 3.4(c). The fund is treated as having a qualified withdrawal of an amount equal to the fair market value of the stock on the day of withdrawal, $85,000 (see subparagraph (3) of this paragraph). In addition, $85,000 is applied against the various accounts in the order provided in § 3.6(b). The basis of the vessel with respect to which the indebtedness was incurred is to be reduced as provided in § 3.6(c).

Example (5). The facts are the same as in example (2), except that X withdraws the stock from the fund in a nonqualified withdrawal (as defined in § 3.7(b)). Under subparagraph (4) of this paragraph, X recognizes no gain or loss with respect to fund or nonfund property on such withdrawal. An amount equal to the basis of the stock to the fund ($80,000) is applied against the various accounts in the order provided in § 3.7(c), and is taken into account in computing X's taxable income for 1974 as provided in § 3.7(d). In addition, X must pay interest on the withdrawal as provided in § 3.7(e). The basis to X of the stock is $10,000 notwithstanding the fact that the fair market value of such stock was $85,000 on the day of withdrawal (see subparagraph (4) of this paragraph).

§ 3.3 Nontaxibility of deposits.

(a) *In general.* Section 607(d) of the Act sets forth the rules concerning the income tax effects of deposits made with respect to ceilings described in section 607(b) and § 3.2. The specific treatment of deposits with respect to each of the subceilings is set forth in paragraph (b) of this section.

(b) *Treatment of deposits*—(1) *Earnings of agreement vessels.* Section 607(d)(1)(A) of the Act provides that taxable income of the party (determined without regard to section 607 of the Act) shall be reduced by an amount equal to the amount deposited for the taxable year out of amounts referred to in section 607(b)(1)(A) of the Act and § 3.2(a)(1)(i). For computation of the foreign tax credit, see paragraph (i) of this section.

(2) *Net proceeds from agreement vessels and fund earnings.* (i)(a) Section 607(d)(1)(B) provides that gain from a transaction referred to in section 607(b)(1)(C) of the Act and § 3.2(a)(1)(iii) (relating to ceilings on deposits of net proceeds from the sale or other disposition of agreement vessels) is not to be taken into account for purposes of the Code if an amount equal to the net proceeds from transactions referred to in such sections is deposited in the fund. Such gain is to be excluded from gross income of the party for the taxable year to which such deposit relates. Thus, the gain will not be taken into account in applying section 1231 of the Code for the year to which the deposit relates.

(*b*) [Reserved]

(ii)(*a*) Section 607(d)(1)(C) of the Act provides that the earnings (including gains and losses) from the investment and reinvestment of amounts held in the fund and referred to in section 607(b)(1)(D) of the Act and § 3.2(a)(1)(iv) shall not be taken into account for purposes of the Code if an amount equal to such earnings is deposited into the fund. Such earnings are to be excluded from the gross income of the party for the taxable year to which such deposit relates.

(*b*) However, for purposes of the basis adjustment under section 1232(a)(3)(E) of the Code, the ratable monthly portion of original issue discount included in gross income shall be determined without regard to section 607(d)(1)(C) of the Act.

(iii) In determining the tax liability of a party to whom subparagraph (1) of this paragraph applies, taxable income, determined after application of subparagraph (1) of this paragraph, is in effect reduced by the portion of deposits which represent gain or earnings respectively referred to in subdivision (i) or (ii) of this subparagraph. The excess, if any, of such portion over taxable income determined after application of subparagraph (1) of this paragraph is taken into account in computing the net operating loss (under section 172 of the Code) for the taxable year to which such deposits relate.

(3) *Time for making deposits.* (i) This section applies with respect to an amount only if such amount is deposited in the fund pursuant to the agreement and not later than the time provided in subdivision (ii), (iii), or (iv) of this subparagraph for the making of such deposit or the date the Secretary of Commerce provides, whichever is earlier.

(ii) Except as provided in subdivision (iii) or (iv) of this subparagraph, a deposit may be made not later than the last day prescribed by law (including extensions thereof) for filing the party's Federal income tax return for the taxable year to which such deposit relates.

(iii) If the party is a subsidized operator under an operating-differential subsidy contract, and does not receive on or before the 59th day preceding such last day, payment of all or part of the accrued opertaing-differential subsidy payable for the taxable year, the party may deposit an amount equivalent to the unpaid accrued operating-differential subsidy on or before the 60th day after receipt of payment of the accrued operating-differential subsidy.

(iv) A deposit pursuant to § 3.2(a)(3)(i) (relating to underdeposits caused by audit adjustments) must be made on or before the date prescribed for such a deposit in § 3.2(a)(4).

(4) *Date of deposits.* (i) Except as otherwise provided in subdivisions (ii) and (iii) of this subparagraph (with respect to taxable years beginning after December 31, 1969, and prior to January 1, 1972), in § 3.2(a)(2)(i), or in § 3.-10(b), deposits made in a fund within the time specified in subparagraph (3) of this paragraph are deemed to have been made on the date of actual deposit.

(ii) (*a*) For taxable years beginning after December 31, 1969, and prior to January 1, 1971, where an application for a fund is filed by a taxpayer prior to January 1, 1972, and an agreement is executed and entered into by the taxpayer prior to March 1, 1972,

(*b*) For taxable years beginning after December 31, 1970, and prior to January 1, 1972, where an application for a fund is filed by a taxpayer prior to January 1, 1973, and an agreement is executed and entered into by the taxpayer prior to March 1, 1973, and

(*c*) For taxable years beginning after December 31, 1971, and prior to January 1, 1975, where an agreement is executed and entered into by the taxpayer on or prior to the due date, with extensions, for the filing of his Federal income tax return for such taxable year, deposits in a fund which are made within 60 days after the date of execution of

the agreement, or on or before the due date, with extensions thereof, for the filing of his Federal income tax return for such taxable year or years, whichever date shall be later, shall be deemed to have been made on the date of the actual deposit or as of the close of business of the last regular business day of each such taxable year or years to which such deposits relate, whichever day is earlier.

(iii) Notwithstanding subdivision (ii) of this subparagraph, for taxable years beginning after December 31, 1970, and ending prior to January 1, 1972, deposits made later than the last date permitted under subdivision (ii) but on or before January 9, 1973, in a fund pursuant to an agreement with the Secretary of Commerce, acting by and through the Administrator of the National Oceanic and Atmospheric Administration, shall be deemed to have been made on the date of the actual deposit or as of the close of business of the last regular business day of such taxable year, whichever is earlier.

(c) *Determination of earnings and profits.* [Reserved]

(d) *Accumulated earnings tax.* As provided in section 607(d)(1)(E) of the Act amounts, while held in the fund, are not to be taken into account in computing the "accumulated taxable income" of the party within the meaning of section 531 of the Code. Amounts while held in the fund are considered held for the purpose of acquiring, constructing, or reconstructing a qualified vessel or barges and containers which are part of the complement of a qualified vessel or the payment of the principal on indebtedness incurred in connection with any such acquisition, construction, or reconstruction. Thus, for example, if the reasonable needs of the business (within the meaning of section 537 of the Code) justify a greater amount of accumulation for providing replacement vessels than can be satisfied out of the fund, such greater amount accumulated outside of the fund shall be considered to be accumulated for the reasonable needs of the business. For a further example, although amounts in the fund are not taken into account in applying the tax imposed by section 531 of the Code, to the extent there are amounts in a fund to provide for replacing a vessel, amounts accumulated outside of the fund to replace the same vessel are not considered to be accumulated for the reasonable needs of the business.

(e) *Nonapplicability of section 1231.* If an amount equivalent to gain from a transaction referred to in section 607(b)(1)(C) of the Act and § 3.2(c)(1) and (5) is deposited into the fund and, therefore, such gain is not taken into account in computing gross income under the provisions of paragraph (b)(2) of this section, then such gain will not be taken into account for purposes of the computations under section 1231 of the Code.

(f) *Deposits of capital gains.* In respect of capital gains which are not included in the gross income of the party by virtue of a deposit to which section 607(d) of the Act and this section apply, the following provisions of the Code do not apply: the minimum tax for tax preferences imposed by section 56 of the Code; the alternative tax imposed by section 1201 of the Code on the excess of the party's net long-term capital gain over his net short-term capital loss; and, in the case of a taxpayer other than a cor- the amount of such excess. However, section 1202 of the Code of 50 percent of the amount of such excess. However, section 56 may apply upon a nonqualified withdrawal with respect to amounts treated under § 3.7(d)(2) as being made out of the capital gain account.

(g) *Deposits of dividends.* The deduction provided by section 243 of the Code (relating to the deductions for dividends from a domestic corporation received by a corporation) shall not apply in respect of dividends (earned on assets held in the fund) which are deposited into a fund, and which, by virtue of such deposits and the provisions of section 607(d) of the Act and this section, are not included in the gross income of the party.

(h) *Presumption of validity of deposit.* All amounts deposited in the fund shall be presumed to have been deposited pursuant to an agreement unless, after an examination of the facts upon the request of the Commissioner of Internal Revenue or his delegate, the Secretary of Commerce determines otherwise. The Commissioner or his delegate will request such a determination where there is a substantial question as to whether a deposit is made in accordance with an agreement.

(i) *Special rules for application of the foreign tax credit*—(1) *In general.* For purposes of computing the limitation under section 904 of the Code on the amount of the credit provided by section 901 of the Code (relating to the foreign tax credit), the party's taxable income from any source without the United States and the party's entire taxable income are to be determined after application of section 607(d) of the Act. Thus, amounts deposited for the taxable year with respect to amounts referred to in section 607(b)(1)(A) of the Act and § 3.2(a)(1)(i) (relating to taxable income attributable to the operation of agreement vessels) shall be treated as a deduction in arriving at the party's taxable income from sources without the United States (subject to the apportionment rules and subparagraph (2) of this paragraph) and the party's entire taxable income for the taxable year. Amounts deposited with respect to gain described in section 607(d)(1)(B) of the Act and § 3.2(c) (relating to net proceeds from the sale or other disposition of an agreement vessel and net proceeds from insurance or indemnity) and amounts deposited with respect to earnings described in section 607(d)(1)(C) of the Act and paragraph (b)(2)(ii) (relating to earnings from the investment and reinvestment of amounts held in a fund) of this section are not taken into account for purposes of the Code and hence are not included in the party's taxable income from sources without the United States or in the party's entire taxable income for purposes of this paragraph.

(2) *Apportionment of taxable income attributable to agreement vessels.* For purposes of computing the overall limitation under section 904(a)(2) of the Code the amount of the deposit made with respect to taxable income attributable to agreement vessels pursuant to § 3.2(a)(1)(i) which is allocable to sources without the United States is the total amount of such deposit multipled by a fraction the numerator of which is the gross income from sources without the United States from the operation of agreement vessels and the denominator of which is the total gross income from the operation of agreement vessels computed as provided in § 3.2(b)(2). For purposes of this paragraph, gross income from sources without the United States attributable to the operation of agreement vessels is to be determined under sections 61 through 863 of the Code and under the taxpayer's usual method of accounting provided such method is reasonable and in keeping with sound accounting practice. Any computation under the per-country limitation of section 904(a)(1) shall be made in the manner consistent with the provisions of the preceding sentences of this subparagraph.

§ 3.4 Establishment of accounts.

(a) *In general.* Section 607(e)(1) of the Act requires that three bookkeeping or memorandum accounts are to be established and maintained within the fund: The capital account, the capital gain account, and the ordinary income account. Deposits of the amounts under the subceilings in section 607(b) of the Act and § 3.2 are allocated among the accounts under section 607(e) of the Act and this section.

(b) *Capital account.* The capital account shall consist of:

(1) Amounts referred to in section 607(b)(1)(B) of the Act and § 3.2(a)(1)(ii) (relating to deposits for depreciation),

(2) Amounts referred to in section 607(b)(1)(C) of the Act and § 3.2(a)(1)(iii) (relating to deposits of net proceds from the sale or other disposition of agreement vessels) other than that portion thereof which represents gain not taken into account for purposes of computing gross income by reason of section 607(d)(1)(B) of the Act and § 3.3(b)(2) (relating to nontaxability of gain from the sale or other disposition of an agreement vessel),

(3) Amounts representing 85 percent of any dividend received by the fund with respect to which the party would, but for section 607(d)(1)(C) of the Act and § 3.3(b)(2)(ii) (relating to nontaxability of deposits of earnings from investment and reinvestment of amounts held in a fund), be allowed a deduction under section 243 of the Code, and

(4) Amounts received by the fund representing interest income which is exempt from taxation under section 103 of the Code.

(c) *Capital gain account.* The capital gain account shall consist of amounts

which represent the excess of (1) deposits of long-term capital gains on property referred to in section 607(b)(1)(C) and (D) of the Act and § 3.2(a)(1)(iii) and (iv) (relating respectively to certain agreement vessels and fund assets), over (2) amounts representing losses from the sale or exchange of assets held in the fund for more than 6 months (for purposes of this section referred to as "long-term capital losses"). For purposes of this paragraph and paragraph (d)(2) of this section, an agreement vessel disposed of at a gain shall be treated as a capital asset to the extent that gain thereon is not treated as ordinary income, including gain which is ordinary income under section 607(g)(5) of the Act (relating to treatment of gain on disposition of a vessel with a reduced basis) and § 3.6(e) or under section 1245 of the Code (relating to gain from disposition of certain depreciable property). For provisions relating to the treatment of short-term capital gains on certain transactions involving agreement vessels or realized by the fund, see paragraph (d) of this section. For rules relating to the treatment of capital losses on assets held in the fund, see paragraph (e) of this section.

(d) *Ordinary income account.* The ordinary income account shall consist of:

(1) Amounts referred to in section 607(b)(1)(A) of the Act and § 3.2(a)(1)(i) (relating to taxable income attributable to the operation of an agreement vessel),

(2) Amounts representing (i) deposits of gains from the sale or exchange of capital assets held for 6 months or less (for purposes of this section referred to as "short-term capital gains") referred to in section 607(b)(1)(C) or (D) of the Act and § 3.2(a)(1)(iii) and (iv) (relating respectively to certain agreement vessels and fund assets), reduced by (ii) amounts representing losses from the sale or exchange of capital assets held in the fund for 6 months or less (for purposes of this section referred to as "short-term capital losses"). For rules relating to the treatment of certain agreement vessels as capital assets, see paragraph (c) of this section,

(3) Amounts representing interest (not including any tax-exempt interest referred to in section 607(e)(2)(D) of the Act and paragraph (b)(4) of this section) and other ordinary income received on assets held in the fund (not including any dividend referred to in section 607(e)(2)(C) of the Act and subparagraph (5) of this paragraph),

(4) Amounts representing ordinary income from a transaction (involving certain net proceeds with respect to an agreement vessel) described in section 607(b)(1)(C) of the Act and § 3.2(a)(1)(iii), including gain which is ordinary income under section 607(g)(5) of the Act and § 3.6(e) (relating to treatment of gain on the disposition of a vessel with a reduced basis) or under section 1245 of the Code (relating to gain from disposition of certain depreciable property), and

(5) Fifteen percent of any dividend referred to in section 607(e)(2)(C) of the Act and paragraph (b)(3) of this section received on any assets held in the fund.

(e) *Limitation on deduction for capital losses on assets held in a fund.* Except on termination of a fund, long-term (and short-term) capital losses on assets held in a fund shall be allowed only as an offset to long-term (and short-term) capital gains on assets held in the fund, but only if such gains are deposited into the fund, and shall not be allowed as an offset to any capital gains on assets not held in the fund. The net long-term capital loss of the fund for the taxable year shall reduce the earliest long-term capital gains in the capital gain account at the beginning of the taxable year and the next short-term capital loss for the taxable year shall reduce the earliest short-term capital gains remaining in the ordinary income account at the beginning of the taxable year. Any such losses that are in excess of the capital gains in the respective accounts shall reduce capital gains deposited into the respective accounts in subsequent years (without regard to section 1212, relating to capital loss carrybacks and carryovers). On termination of a fund, any net long-term capital loss in the capital gain account and any net short-term capital loss remaining in the ordinary income account is to be taken into account for purposes of computing the party's taxable income for the year of termination as a long-term or short-term (as the case may be) capital loss recognized in the year the fund is terminated. With respect to the determination of the basis to a fund of assets held in such fund, see § 3.2(g).

§ 3.5 Qualified withdrawals.

(a) *In general.* (1) A qualified withdrawal is one made from the fund during the taxable year which is in accordance with section 607(f)(1) of the Act, the agreement, and with regulations prescribed by the Secretary of Commerce and which is for the acquisition, construction, or reconstruction of a qualified vessel (as defined in § 3.11(a)(2)) or barges and containers which are part of the complement of a qualified vessel (or shares in such vessels, barges, and containers), or for the payment of the principal of indebtedness incurred in connection with the acquisition construction, or reconstruction of such qualified vessel (or a barge or container which is part of the complement of a qualified vessel).

(2) For purposes of this section the term "share" is used to reflect an interest in a vessel and means a proprietary interest in a vessel such as, for example, that which results from joint ownership. Accordingly, a share within the meaning of § 3.2(f) (relating to the definition of "agreement vessel" for the purpose of making deposits) will not necessarily be sufficient to be treated as a share within the meaning of this section.

(3) For purposes of this section, the term "acquisition" means any of the following:

(i) Any acquisition, but only to the extent the basis of the property acquired in the hands of the transferee is its cost. Thus, for example, if a party transfers a vessel and $1 million in an exchange for another vessel which qualifies for nonrecognition of gain or loss under section 1031(a) of the Code (relating to like-kind exchange), there is an acquisition to the extent of $1 million.

(ii) With respect to a lessee's interest in a vessel, expenditures which result in increasing the amounts with respect to which a deduction for depreciation (or amortization in lieu thereof) is allowable.

(iii) [Reserved]

(b) *Payments on indebtedness.* Payments on indebtedness may constitute qualified withdrawals only if the party shows to the satisfaction of the Secretary of Commerce a direct connection between incurring the indebtedness and the acquisition, construction, or reconstruction of a qualified vessel or its complement of barges and containers whether or not the indebtedness is secured by the vessel or its complement of barges and containers. The fact that an indebtedness is secured by an interest in a qualified vessel, barge, or container is insufficient by itself to demonstrate the necessary connection.

(c) *Payments to related persons.* Notwithstanding paragraph (a) of this section, payments from a fund to a person owned or controlled directly or indirectly by the same interests as the party within the meaning of section 482 of the Code and the regulations thereunder are not to be treated as qualified withdrawals unless the party demonstrates to the satisfaction of the Secretary of Commerce that no part of such payment constitutes a dividend, a return of capital, or a contribution to capital under the Code.

(d) *Treatment of fund upon failure to fulfill obligations.* Section 607(f)(2) of the Act provides that if the Secretary of Commerce determines that any substantial obligation under the agreement is not being fulfilled, he may, after notice and opportunity for hearing to the party, treat the entire fund, or any portion thereof, as having been withdrawn as a nonqualified withdrawal. In determining whether a party has breached a substantial obligation under the agreement, the Secretary will consider among other things, (1) the effect of the party's action or omission upon his ability to carry out the purposes of the fund and for which qualified withdrawals are permitted under section 607(f)(1) of the Act, and (2) whether the party has made material misrepresentations in connection with the agreement or has failed to disclose material information. For the income tax treatment of nonqualified withdrawals, see § 3.7.

§ 3.6 Tax treatment of qualified withdrawals.

(a) *In general.* Section 607(g) of the Act and this section provide rules for the income tax treatment of qualified withdrawals including the income tax treatment on the disposition of assets acquired with fund amounts.

(b) *Order of application of qualified withdrawals against accounts.* A qualified withdrawal from a fund shall be treated as being made: first, out of the capital account; second out of the capital

gain account; and third, out of the ordinary income account. Such withdrawals will reduce the balance within a particular account on a first-in-first-out basis, the earliest qualified withdrawals reducing the items within an account in the order in which they were actually deposited or deemed deposited in accordance with this part. The date funds are actually withdrawn from the fund determines the time at which withdrawals are considered to be made.

(c) *Reduction of basis.* (1) If any portion of a qualified withdrawal for the acquisition, construction, or reconstruction of a vessel, barge, or container (or share therein) is made out of the ordinary income account, the basis of such vessel, barge, or container (or share therein) shall be reduced by an amount equal to such portion.

(2) If any portion of a qualified withdrawal for the acquisition, construction, or reconstruction of a vessel, barge, or container (or share therein) is made out of the capital gain account, the basis of such vessel, barge, or container (or share therein) shall be reduced by an amount equal to—

(i) Five-eighths of such portion, in the case of a corporation (other than an electing small business corporation, as defined in section 1371 of the Code), or

(ii) One-half of such portion, in the case of any other person.

(3) If any portion of a qualified withdrawal to pay the principal of an indebtedness is made out of the ordinary income account or the capital gain account, then the basis of the vessel, barge, or container (or share therein) with respect to which such indebtedness was incurred is reduced in the manner provided by subparagraphs (1) and (2) of this paragraph. If the aggregate amount of such withdrawal from the ordinary income account and capital gain account would cause a basis reduction in excess of the party's basis in such vessel, barge, or container (or share therein), the excess is applied against the basis of other vessels, barges, or containers (or shares therein) owned by the party at the time of withdrawal in the following order: (i) Vessels, barges, or containers (or shares therein) which were the subject of qualified withdrawals in the order in which they were acquired, constructed, or reconstructed; (ii) agreement vessels (as defined in section 607(k)(3) of the Act and § 3.11(a)(3)) and barges and containers which are part of the complement of an agreement vessel (or shares therein) which were not the subject of qualified withdrawals, in the order in which such vessels, bargers, or containers (or shares therein) were acquired by the party; and (iii) other vessels, barges, and containers (or shares therein), in the order in which they were acquired by the party. Any amount of a withdrawal remaining after the application of this subparagraph is to be treated as a nonqualified withdrawal. If the indebtedness was incurred to acquire two or more vessels, barges, or containers (or shares therein), then the basis reduction in such vessels, barges, or containers (or shares therein) is to be made pro rata in proportion to the adjusted basis of such vessels, barges, or containers (or shares therein) computed, however, without regard to this section and adjustments under section 1016(a)(2) and (3) of the Code for depreciation or amortization.

(d) *Basis for depreciation.* For purposes of determining the allowance for depreciation under section 167 of the Code in respect of any property which has been acquired, constructed, or reconstructed from qualified withdrawals, the adjusted basis for determining gain on such property is determined after applying paragraph (c) of this section. In the case of reductions in the basis of any property resulting from the application of paragraph (c)(3) of this section, the party may adopt a method of accounting whereby (1) payments shall reduce the basis of the property on the day such payments are actually made, or (2) payments made at any time during the first half of the party's taxable year shall reduce the basis of the property on the first day of the taxable year, and payments made at any time during the second half of the party's taxable year shall reduce the basis of the property on the first day of the succeeding taxable year. For requirements respecting the change of methods of accounting, see § 1.446–1(e)(3) of the Income Tax Regulations of this chapter.

(e) *Ordinary income treatment of gain from disposition of property acquired with qualified withdrawals.* [Reserved]

§ 3.7 Tax treatment of nonqualified withdrawals.

(a) *In general.* Section 607(h) of the Act provides rules for the tax treatment of nonqualified withdrawals, including rules for adjustments to the various accounts of the fund, the inclusion of amounts in income, and the payment of interest with respect to such amounts.

(b) *Nonqualified withdrawals defined.* Except as provided in section 607 of the Act and § 3.8 (relating to certain corporate reorganizations, changes in partnerships, and transfers by reason of death), any withdrawal from a fund which is not a qualified withdrawal shall be treated as a nonqualified withdrawal which is subject to tax in accordance with section 607(h) of the Act and the provisions of this section. Examples of nonqualified withdrawals are amounts remaining in a fund upon termination of the fund, and withdrawals which are treated as nonqualified withdrawals under section 607(f)(2) of the Act and § 3.5(d) (relating to failure by a party to fulfill substantial obligation under agreement) or under the second sentence of section 607(g)(4) of the Act and § 3.6(c)(3) (relating to payments against indebtedness in excess of basis).

(c) *Order of application of nonqualified withdrawals against deposits.* A nonqualified withdrawal from a fund shall be treated as being made: First, out of the ordinary income account; second, out of the capital gain account; and third, out of the capital account. Such withdrawals will reduce the balance within a particular account on a first-in-first-out basis, the earliest nonqualified withdrawals reducing the items within an account in the order in which they were actually deposited or deemed deposited in accordance with this part. Nonqualified withdrawals for research, development, and design expenses incident to new and advanced ship design, machinery, and equipment, and any amount treated as a nonqualified withdrawal under the second sentence of section 607(g)(4) of the Act and § 3.6(c)(3), shall be applied against the deposits within a particular account on a last-in-first-out basis. The date funds are actually withdrawn from the fund determines the time at which withdrawals are considered to be made. For special rules concerning the withdrawal of contingent deposits of net proceeds from the installment sale of an agreement vessel, see § 3.2(c)(6).

(d) *Inclusion in income.* (1) Any portion of a nonqualified withdrawal which, under paragraph (c) of this section, is treated as being made out of the ordinary income account is to be included in gross income as an item of ordinary income for the taxable year in which the withdrawal is made.

(2) Any portion of a nonqualified withdrawal which, under paragraph (c) of this section, is treated as being made out of the capital gain account is to be included in income as an item of long-term capital gain recognized during the taxable year in which the withdrawal is made.

(3) For effect upon a party's taxable income of capital losses remaining in a fund upon the termination of a fund (which, under paragraph (b) of this section, is treated as a nonqualified withdrawal of amounts remaining in the fund), see § 3.4(e).

(e) *Interest.* (1) For the period on or before the last date prescribed by law, including extensions thereof, for filing the party's Federal income tax return for the taxable year during which a nonqualified withdrawal is made, no interest shall be payable under section 6601 of the Code in respect of the tax on any item which is included in gross income under paragraph (d) of this section, and no addition to such tax for such period shall be payable under section 6651 of the Code. In lieu of the interest and additions to tax under such sections, simple interest on the amount of the tax attributable to any item included in gross income under paragraph (d) of this section is to be paid at the rate of interest determined for the year of withdrawal under subparagraph (2) of this paragraph. Such interest is to be charged for the period from the last date prescribed for payment of tax for the taxable year for which such item was deposited in the fund to the last date for payment of tax for the taxable year in which the withdrawal is made. Both dates are to be determined without regard to any extensions of time for payment. Interest

determined under this paragraph which is paid within the taxable year shall be allowed as a deduction for such year under section 163 of the Code. However, such interest is to be treated as part of the party's tax for the year of withdrawal for purposes of collection and in determining any interest or additions to tax for the year of withdrawal under section 6601 or 6651, respectively, of the Code.

(2) For purposes of section 607(h)(3)(C)(ii) of the Act, and for purposes of certain dispositions of vessels constructed, reconstructed, or acquired with qualified withdrawals described in § 3.6(e), the applicable rate of interest for any nonqualified withdrawal—

(i) Made in a taxable year beginning in 1970 and 1971 is 8 percent.

(ii) Made in a taxable year beginning after 1971, the rate for such year as determined and published jointly by the Secretary of the Treasury or his delegate and the Secretary of Commerce. Such rate shall bear a relationship to 8 percent which the Secretaries determine to be comparable to the relationship which the money rates and investment yields for the calendar year immediately preceding the beginning of the taxable year bear to the money rates and investment yields for the calendar year 1970. The determination of the applicable rate for any such taxable year will be computed by multiplying 8 percent by the ratio which (*a*) the average yield on 5-year Treasury securities for the calendar year immediately preceding the beginning of such taxable year, bears to (*b*) the average yield on 5-year Treasury securities for the calendar year 1970. The applicable rate so determined shall be computed to the nearest one-hundredth of 1 percent. If such a determination and publication is made, the latest published percentage shall apply for any taxable year beginning in the calendar year with respect to which publication is made.

(3) No interest shall be payable in respect of taxes on amounts referred to in section 607(h)(2)(i) and (ii) of the Act (relating to withdrawals for research and development and payments against indebtedness in excess of basis) or in the case of any nonqualified withdrawal arising from the application of the recapture provision of section 606(5) of the Merchant Marine Act, 1936, as in effect on December 31, 1969.

(f) *Basis and holding period in the case of property purchased by the fund or considered purchased by the fund.* In the case of a nonqualified withdrawal of property other than money which was purchased by the fund (including deposited property considered under § 3.2(g)(1)(ii) as purchased by the fund), the adjusted basis of the property in the hands of the party is its adjusted basis to the fund on the day of the withdrawal. In determining the period for which the taxpayer has held the property withdrawn in a nonqualified withdrawal, there shall be included only the period beginning with the date on which the withdrawal occurred. For basis and holding period in the case of nonqualified withdrawals of property other than money deposited into the fund, see § 3.2(g)(4).

§ 3.8 Certain corporate reorganizations and changes in partnerships, and certain transfers on death.

[Reserved]

§ 3.9 Consolidated returns. [Reserved]

§ 3.10 Transitional rules for existing funds.

(a) *In general.* Section 607(j) of the Act provides that any person who was maintaining a fund or funds under section 607 of the Merchant Marine Act, 1936, prior to its amendment by the Merchant Marine Act of 1970 (for purposes of this part referred to as "old fund") may continue to maintain such old fund in the same manner as under prior law subject to the limitations contained in section 607(j) of the Act. Thus, a party may not simultaneously maintain such old fund and a new fund established under the Act.

(b) *Extension of agreement to new fund.* If a person enters into an agreement under the Act to establish a new fund, he may agree to the extension of such agreement to some or all of the amounts in the old fund and transfer the amounts in the old fund to which the agreement is to apply from the old fund to the new fund. If an agreement to establish a new fund is extended to amounts from an old fund, each item in the old fund to which such agreement applies shall be considered to be transferred to the appropriate account in the manner provided for in § 3.8(d) in the new fund in a nontaxable transaction which is in accordance with the provisions of the agreement under which such old fund was maintained. For purposes of determining the amount of interest under section 607(h)(3)(C) of the Act and § 3.7(e), the date of deposit of any item so transferred shall be deemed to be July 1, 1971, or the date of the deposit in the old fund, whichever is the later.

§ 3.11 Definitions.

(a) As used in the regulations in this part and as defined in section 607(k) of the Act—

(1) The term "eligible vessel" means any vessel—

(i) Constructed in the United States, and if reconstructed, reconstructed in the United States.

(ii) Documented under the laws of the United States, and

(iii) Operated in the foreign or domestic commerce of the United States or in the fisheries of the United States.

Any vessel which was constructed outside of the United States but documented under the laws of the United States on April 15, 1970, or constructed outside the United States for use in the U.S. foreign trade pursuant to a contract entered into before April 15, 1970, shall be treated as satisfying the requirements of subdivision (i) of this subparagraph and the requirements of subparagraph (2)(i) of this section.

(2) The term "qualified vessel" means any vessel—

(i) Constructed in the United States and, if reconstructed, reconstructed in the United States,

(ii) Documented under the laws of the United States, and

(iii) Which the person maintaining the fund agrees with the Secretary of Commerce will be operated in the U.S. foreign, Great Lakes, or noncontiguous domestic trade or in the fisheries of the United States.

(3) The term "agreement vessel" means any eligible vessel or qualified vessel which is subject to an agreement entered into under section 607 of the Act.

(4) The term "vessel" includes cargo handling equipment which the Secretary of Commerce determines is intended for use primarily on the vessel. The term "vessel" also includes an ocean-going towing vessel or an ocean-going barge or comparable towing vessel or barge operated in the Great Lakes.

(b) Insofar as the computation and collection of taxes are concerned, other terms used in the regulations in this part, except as otherwise provided in the Act or this part, have the same meaning as in the Code and the regulations thereunder.

Title 32—National Defense

CHAPTER I—OFFICE OF SECRETARY OF DEFENSE

SUBCHAPTER M—MISCELLANEOUS

PART 216—IDENTIFICATION OF INSTITUTIONS OF HIGHER LEARNING THAT BAR RECRUITING PERSONNEL FROM THEIR PREMISES

On page 52734 of the FEDERAL REGISTER of November 12, 1975, there was published a notice of proposed regulatory development to implement section 606 of the Department of Defense Appropriations Authorization Act 1973, Pub. L. 92-436, which provides that no funds appropriated by the Department of Defense may be used at an institution of higher learning if the Secretary of Defense or his designee determines that recruiting personnel of any of the Armed Forces are banned by policy from the institution's premises.

Interested persons were given 30 days in which to submit comments, suggestions, or objections regarding the proposed regulations.

No comments or objections have been received and the proposed regulations are hereby adopted without change and are set forth below.

Effective date: January 1, 1976.

MAURICE W. ROCHE,
Director, Correspondence and Directives, OASD (Comptroller).

FEBRUARY 4, 1976.

Part 216 is added to 32 CFR to read as set forth below:

Sec.
216.1 Purpose.
216.2 Applicability.
216.3 Policy.
216.4 Responsibilities.
216.5 Guidelines and procedures for identifying institutions of higher learning that bar military recruiters from their premises.
216.6 Reports.
216.7 Effective date and implementation.

AUTHORITY: Sec. 606, Pub. L. 92-436, 86 Stat. 734 (Sept. 26, 1973)

§ 216.1 Purpose.

This part incorporates procedures for the identification of institutions of higher learning which bar recruiting personnel from their premises.

§ 216.2 Applicability.

The provisions of this part apply to the Military Departments.

§ 216.3 Policy.

(a) Subsection (a), section 606 of Pub. L. 92-436[1] provides that no funds appropriated for the Department of Defense may be used at any institution of higher learning if the Secretary of Defense or his designee determines that recruiting personnel of any of the Armed Forces are barred by policy from the institution's premises. Exceptions may be made for: (1) Cases where the Secretary of the Service concerned certifies to the Congress in writing that a specific course of instruction is not available at any other institution of higher learning and furnishes to the Congress the reasons why such course of instruction is of vital importance to the security of the United States (subsection (a), section 606, Pub. L. 92-436; and (2) research and development funds if the Secretary of Defense, or his designee, determines that the expenditure is a continuation or a renewal of a previous program with such institution which is likely to make a significant contribution to the Defense effort (subsection (b), section 606, Pub. L. 92-436.)

(b) Subsection (c), section 606, Pub. L. 92-436, requires the Secretaries of the Military Departments to furnish to the Secretary of Defense, or his designee, the names of any institutions which they have found to be affected by the prohibitions stated in Pub. L. 92-436.

§ 216.4 Responsibilities.

(a) The Assistant Secretary of Defense (Manpower and Reserve Affairs) is hereby designated as the official responsible for determining that recruiting personnel are being barred from the premises of institutions of higher learning as prescribed in Pub. L. 92-436. This determination will be based upon the official evaluation of the reports prepared by the Secretaries of the Military Departments.

(b) The Director of Defense Research and Engineering is hereby designated as the official responsible for determining whether the expenditure of research and development funds for research and development in an institution which has been found to bar recruiters is likely to make a significant contribution to the Defense effort as provided in Pub. L. 92-436, section 606(b).

(c) The Secretaries of the Military Departments will be responsible for the preparation of the reports required by section 606(c) of Pub. L. 92-436 and § 216.5, in accordance with the guidelines set forth in this section of this part; and for making the exceptions to policy where the specific course of instruction is not available elsewhere, as prescribed in § 216.3(a).

§ 216.5 Guidelines and procedures for identifying institutions of higher learning that bar military recruiters from their premises.

(a) *Criteria.* An institution will be reported as "barring recruiting personnel" when it has been determined that military recruiters are not permitted to conduct recruiting activities any place on campus at the time of the report, as a matter of the stated or effective policy of the institution. In making this determination:

(1) The stated policy barring on-campus recruiting should be in writing by an appropriate official. If written confirmation is not obtainable, verbal policy statements will suffice when attributed to an appropriate official.

(2) It will be considered that the institution is in effect barring military recruitment if:

(i) Repeated requests to schedule and accomplish recruiting visits have been unsuccessful, or

(ii) The institution has indefinitely suspended recruiting visits.

(3) A rule of reason will be followed in applying paragraph (a)(2)(ii) of this section. The following are examples of institutions which will not be considered as barring on-campus recruiting:

(i) An institution, unable to schedule recruiting visits in the past academic period because of student disturbances, or whose student body is on vacation at the time of the report, which states its intention to permit recruiting in the coming academic period.

(ii) An institution which follows a policy of permitting visits to its campus by any potential employer, public or private, only in response to an expression of student or faculty interest and which carries out such policy in good faith without discrimination against military recruitment.

(iii) An institution which has a policy of not permitting job recruiting by an employer on its campus, but which does permit recruiting by all employers (including military recruiters) at some other location.

(b) *Coverage.* The report is to be limited to institutions of higher learning normally visited by recruiters. It should be based on:

(1) Experience with these institutions in the past academic semester or period and on any subsequent information received from the institution as to its policies and intentions in the event these are in doubt.

(2) Experience with institutions visited by recruiters since the close of the past academic period in connection with normal recruiting activities.

It is not intended that a survey be made of all institutions of higher learning for purposes of this report, but rather that the report be limited to experience obtained as a result of normal recruiting visits and on any further information furnished by the institution in connection therewith.

(c) *Procedures.* (1) Recruiters will continue to observe the long standing policy of accommodating to the institution's preferences as to times and places for scheduling on-campus recruiting.

(2) Where an appropriate official of the institution has previously informed recruiting officials, verbally or in writing, that the policy of the institution is not to permit military recruiting on campus, or in the event of repeated inability to schedule recruiting visits, or when there is reason to believe that the institution has indefinitely suspended recruiting visits, written clarification as to the present policy will be sought by a letter of inquiry addressed to the head of the institution from the headquarters level of the Recruiting Service. The prototype letter of inquiry, enclosure—1, should be followed to the maximum extent possible.

(3) Based on responses to the letters of inquiry and on such other evidence as is appropriate and consistent with the criteria in paragraph (c)(1) of this section, the Secretary of each Military Department will furnish the Assistant Secretary of Defense (Manpower and Reserve Affairs) the names of any institutions of higher learning which bar military recruiting personnel from their premises or property at the time of the report. Full documentation should be furnished for each institution named, including the institution's formal response to the letter of inquiry.

§ 216.6 Reports.

The Secretaries of the Military Departments will submit a separate report for each of the Military Services to the Assistant Secretary of Defense (Manpower and Reserve Affairs) each January 31st and June 30th listing the names of any institution of higher learning which the Secretaries have determined on such dates are affected by the prohibitions of section 606 of Pub. L. 92-436. The basis for each listing must be included in the report. The reporting requirement has been assigned Report Control Symbol DD-M(SA) 1386.

§ 216.7 Effective date and implementation.

This part is effective immediately. Two copies of implementing regulations shall be forwarded to the Assistant Secretary of Defense (Manpower and Reserve Affairs) within 60 days.

CHAPTER X—INTERSTATE COMMERCE COMMISSION

SUBCHAPTER A—GENERAL RULES AND REGULATIONS

[S.O. 1229]

PART 1033—CAR SERVICE

Wolfeboro Rail Road Co. Authorized To Operate Over Certain Tracks Owned by State of New Hampshire

At a session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 4th day of February 1976.

It appearing, that the Boston and Maine Corporation, Robert W. Meserve and Benjamin H. Lacy, Trustees (B&M), in Finance Docket No. 26604 has requested authority to abandon its line between Concord, New Hampshire, and Lincoln, New Hampshire; that the State of New Hampshire in a Declaration of Taking, filed in the Superior Court of Merrimack County on October 30, 1975, has taken title to this line; that the State of New Hampshire has designated the Wolfeboro Rail Road Company (WLFB) as the operator of these lines; that the WLFB has consented to operate these lines pending action of the Commission on the application of the WLFB for approval of the extended contract; that many shippers are solely dependent upon continued operation of the aforementioned lines for essential railroad service; that the operation by the WLFB over the aforementioned tracks owned by the State of New Hampshire is necessary in the interest of the public and the commerce of the people; that notice and public procedure herein are impracticable and contrary to the public interest; and that good cause exists for making this order effective upon less than thirty days' notice.

It is ordered, That:

§ 1033.1229 **Service Order No. 1229.**

(a) *Wolfeboro Rail Road Company authorized to operate over certain tracks owned by the State of New Hampshire.* The Wolfeboro Rail Road Company (WLFB) be, and it is hereby authorized to operate over tracks owned by the State of New Hampshire and acquired from the Boston and Maine Corporation, Robert W. Meserve and Benjamin H. Lacy, Trustees (B&M) extending from Concord, New Hampshire, to Lincoln, New Hampshire, a distance of approximately 71.8 miles, and to operate over certain B&M tracks in Concord necessary to the assembling or break-up of trains operated by the WLFB, pending disposition of application of the WLFB for permanent authority.

(b) *Application.* The provisions of this order shall apply to intrastate, interstate, and foreign traffic.

(c) *Rates applicable.* Inasmuch as this operation by the WLFB over tracks presently operated by the B&M and over tracks of the B&M is deemed to be due to carrier's disability, the rates applicable to traffic moved over these lines shall be the rates applicable to traffic routed to, from, or via these lines which were formerly in effect on such traffic when routed via the B&M, until tariffs naming rates and routes specifically applicable via the WLFB become effective.

(d) In transporting traffic over these lines the WLFB and all other common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic. Divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(e) *Effective date.* This order shall become effective at 12:01 a.m., February 6, 1976.

(f) *Expiration date.* The provisions of this order shall expire at 11:59 p.m., August 31, 1976, unless otherwise modified, changed, or suspended by order of this Commission.

(Secs. 1, 12, 15, 17(2), 24 Stat. 379, 383, 384, as amended; 49 U.S.C. 1, 12, 15, and 17(2). Interprets or applies Secs. 1(10–17), 15(4), and 17(2), 40 Stat. 101, as amended 54 Stat. 911; (49 U.S.C. 1(10–17), 15(4), 17(2)))

It is further ordered, That copies of this order shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and car hire agreement under the terms of that agreement and upon the American Short Line Railroad Association; and that notice of this order shall be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board.

[SEAL] ROBERT L. OSWALD,
Secretary.

Title 21—Food and Drugs

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

[Docket No. 75N-0342]

PART 8—COLOR ADDITIVES

PART 9—COLOR CERTIFICATION

Termination of Provisional Listing and Certification of FD&C Red No. 2

The Food and Drug Administration (FDA) is cancelling all certificates and terminating the provisional listing and certification, and hence the approval, of the color additive FD&C Red No. 2, effective January 28, 1976.

Section 8.501 (21 CFR 8.501) of the color additive regulations designates those color additives that are provisionally listed, pursuant to section 203(b) of the transitional provisions of the Color Additive Amendments of 1960 (Title II, Pub. L. 86-618, 74 Stat. 404-407 (21 U.S.C. 376 note)), on an interim basis pending completion of scientific investigations needed for determinations as to permanent listing in accordance with section 706 of the Federal Food, Drug, and Cosmetic Act (sec. 706, 74 Stat. 399-403 (21 U.S.C. 376)).

The color additive FD&C Red No. 2 has been in use for over 68 years, having been included under its common name "amaranth" among 7 colors originally approved for use in food, drugs, and cosmetics through issuance on July 13, 1907, of Food Inspection Decision 76 by the Board of Food and Drug Inspection, Department of Agriculture. FD&C Red No. 2 is provisionally listed under § 8.501(a) for food, drug, and cosmetic use and is subject to certification under § 9.61 (21 CFR 9.61).

Under section 706 of the act, revised by the Color Additive Amendments of 1960, a color additive may be approved only if data establish that it is safe under its permitted conditions of use. However, the transitional provisions of those amendments provide for provisional listing of color additives in use in 1960 for a period of time necessary to complete the scientific investigations to establish their safety. Under this procedure FD&C Red No. 2 has been provisionally listed since 1960.

Over many years, numerous studies have been conducted with FD&C Red No. 2 for the purpose of establishing the safety of the color. Acute and chronic studies conducted in laboratory animals during the 1960's revealed no significant adverse effects as a result of oral feeding or dermal application of FD&C Red No. 2. However, no studies capable of demonstrating the effects of the color additive on animal reproduction has been reported prior to 1970.

In that year public concern about the possible potential for harm from FD&C Red No. 2 was triggered by publication in the scientific literature of the results of two studies by Russian investigators, which assertedly implicated amaranth as a test material capable of carcinogenic and adverse reproductive effects in test animals. Although questions remain as to the chemical equivalence to FD&C Red No. 2 of the amaranth used by the Russian investigators, their results pointed up the absence of data related to reproductive physiology. Thus, FDA required industrial sponsors to provide reproductive studies for all provisionally listed colors, including FD&C Red No. 2. In addition, at the request of the Joint Food and Agriculture Organization/World Health Organization Expert Committee on Food Additives, FDA initiated a long-term chronic animal feeding study that included in utero exposure to FD&C Red No. 2.

Because of the widspread use of FD&C Red No. 2 and the persistent questions about its safety, at least in the public's mind, FDA decided to refer this study and all of the other studies that have

been presented in support of the color additive's safety to the agency's newly established Toxicology Advisory Committee. The committee, composed of distinguished experts in toxicology and related disciplines, met on November 20 and 21, 1975, to consider the data. Several members expressed an opinion that there appeared to be no immediate cause for concern and that the continued use of FD&C Red No. 2 did not pose a hazard to public health. However, all of the members of the advisory committee expressed reservations about reaching a final conclusion on the safety of the color additive before they had completed examination of the data. The committee specifically called for: (1) confirmatory pathologic diagnosis of animal tissue slides taken from the chronic study recently completed by FDA, as well as those from the earlier studies, if available; (2) a biostatistical analysis of the data derived from FDA's own recent chronic feeding study of FD&C Red No. 2; and (3) a detailed analysis of the chemical composition of the color additive as currently marketed.

Results of the biostatistical analysis have been reported by Dr. David W. Gaylor, principal biological statistician with the Food and Drug Administration's National Center for Toxicological Research in Arkansas, a member of the Toxicology Advisory Committee. In a December 31, 1975 memorandum to the committee, Dr. Gaylor concluded: "Based on the pathological findings of the recent study, it appears that feeding FD&C Red No. 2 at a high dosage results in a statistically significant increase in a variety of malignant neoplasms among aged Osborne-Mendel female rats." A working group of scientists from FDA, the National Cancer Institute, and the committee has evaluated Dr. Gaylor's memorandum and accepted the statistical principles of his analysis. No evaluation of his conclusions by the full committee has yet been made, however, pending confirmation of the pathology findings.

FDA's recent chronic study was flawed because the integrity of the test dose was not maintained, and the degree and extent of autolysis of tissue makes pathological evaluation difficult. Consequently, the working group advised, and the Commissioner agrees, that the study cannot demonstrate the safety of FD&C Red No. 2. Because of the existing uncertainties about the safety of the color additive, the Commissioner concludes that the adverse implications of the FDA study cannot be ignored. In light of continuing public concern and the serious new questions about carcinogenesis raised by Dr. Gaylor's analysis, the Commissioner concludes that a study adequate to dispel all such questions must be performed before the color additive can be demonstrated to be safe as required by the act.

Under the transitional provisions of the Color Additive Amendments of 1960, continued provisional listing of a color additive is appropriate only when studies in progress or under evaluation are capable of demonstrating the safety of the color additive involved. Because no study is available to resolve the uncertainties concerning the safety of FD&C Red No. 2, the Commissioner therefore concludes that, under the statute, continued provisional listing is no longer appropriate.

The current "closing date" for continued use of FD&C Red No. 2 was postponed to September 30, 1976 by a regulation published in the FEDERAL REGISTER of January 5, 1976 (41 FR 754). This postponement was based on the assumption that the studies being evaluated could establish the safety of the color additive. Since it has now become clear that the studies cannot satisfactorily resolve this issue, the Commissioner finds that the basis for the postponement no longer exists and hereby terminates the postponement of the closing date in accordance with section 203(a)(2) of the transitional provisions of the Color Additive Amendments of 1960. Also, under section 203(d)(1)(E) of the amendments, the Commissioner concludes that the provisional listing of FD&C Red No. 2 should be terminated because such action is necessary to protect the public health, in that questions have been raised about the safety of the color additive and the available data do not permit a determination of safety.

All certificates heretofore issued for batches of FD&C Red No. 2 are hereby cancelled, effective January 28, 1976. After January 28, 1976, adding FD&C Red No. 2 to any food, drug, or cosmetic will cause such product to be adulterated within the meaning of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.) and subject to regulatory action. This prohibition applies to the use of straight colors, lakes, and mixtures of straight colors with ingredients functioning only as diluents. The Commissioner concludes that the protection of the public health does not require the recall from the market of food, drugs, and cosmetics containing the color additive, or the destruction of products in preparation to which the color additive has already been added.

This action applies to externally applied products as well as to those intended for ingestion, and to pet food and animal feed as well as to human food.

Manufacturers of new drugs and new animal drugs (including certifiable antibiotics for animal use) containing FD&C Red No. 2 may either delete the color additive or substitute a different color in accordance with the provisions of § 314.8(d)(3) and (e) or § 514.8(d)(3) and (e), as appropriate (21 CFR 314.8(d)(3) and (e), 514.8(d)(3) and (e)). The applicant shall submit data providing the new composition and showing that the change in composition does not interfere with any assay or other control procedures used in manufacturing the drug, or that the assay and other control procedures have been revised to make them adequate. Also, the applicant shall submit data available to establish the stability of the revised formulation, or if the data are too limited to support a conclusion that the drug will retain its declared potency for a reasonable marketing period, a commitment to test the stability of marketed batches at reasonable intervals, to submit the data as they become available, and to recall from the market any batch found to fall outside the approved specifications for the drug.

The Commissioner is aware that supplies of alternative color additives may be difficult to obtain immediately. Consequently, food and drug labeling stating that the product contains "artificial color" because of the prior inclusion of FD&C Red No. 2 may continue to be used with uncolored product during the time necessary to obtain supplies of alternative color ingredients or until the current supplies of labeling are used, whichever occurs first.

The Commissioner has carefully considered the environmental effects of this action and, because the action would not significantly affect the quality of the human environment, has concluded that an environmental impact statement is not required. A copy of the FDA environmental assessment, together with copies of the other documents mentioned above, are on file with the Hearing Clerk, Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20852. Because this action is final—not proposed—an inflation impact evaluation under Executive Order 11821 (p. 203 of 3A CFR, 1975 Compilation) is not required.

Published elsewhere in this issue of the FEDERAL REGISTER is a notice terminating the rule making proceeding to establish temporary tolerances for the use of FD&C Red No. 2 in food, ingested drugs, and ingested cosmetics, which was begun on July 4, 1972 (37 FR 13181).

Therefore, under the transitional provisions of the Color Additive Amendments of 1960 (Title II, Pub. L. 86-618, 74 Stat. 404-407 (21 U.S.C. 376 note)) and under authority delegated to the Commissioner (21 CFR 2.120), Parts 8 and 9 of Chapter I of Title 21 of the Code of Federal Regulations are amended as follows:

1. Part 8 is amended:

§ 8.501 [Amended]

a. In paragraph (a) of § 8.501 *Provisional lists of color additives* the entry for FD&C Red No. 2 is deleted.

b. In § 8.502, new paragraph (f) is added to read as follows:

§ 8.502 Termination of provisional listings of color additives.

* * * * *

(f) *FD&C Red No. 2.* The Commissioner of Food and Drugs, in order to protect the public health, hereby terminates the provisional listing of FD&C Red No. 2 for use in food, drugs, and cosmetics.

c. In § 8.510, new paragraph (j) is added to read as follows:

§ 8.510 Cancellation of certificates.

* * * * *

(j)(1) Certificates issued for FD&C Red No. 2 and all mixtures containing this color additive are cancelled and have no effect after January 28, 1976, and use

of this color additive in the manufacture of food, drugs, or cosmetics after this date will result in adulteration.

(2) The Commissioner finds, on the basis of the scientific evidence before him, that no action has to be taken to remove from the market food, drugs, and cosmetics containing the color additive.

§ 9.61 [Revoked]

2. Part 9 is amended by revoking § 9.61 *FD&C Red No. 2.*

Notice and public procedure are not necessary prerequisites to the promulgation of this order because section 203 (d) (2) of Pub. L. 86–618 so provides.

Effective date. These regulations become effective February 10, 1976.

(Title II, Pub. L. 86–618, 74 Stat. 404–407 (21 U.S.C. 376 note).)

Dated: January 23, 1976.

A. M. SCHMIDT,
Commissioner of Food and Drugs.

proposed rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF THE TREASURY

United States Customs Service

[19 CFR Part 177]

ADMINISTRATIVE RULINGS

Proposed Change in the Tariff Classification of Bobbins

Notice is hereby given under the authority of section 177.10 of the Customs Regulations (19 CFR 177.10) that the Customs Service is reviewing the tariff classification of bobbins (parallel tubes) composed of paper impregnated with plastic. If this change of practice is adopted, it will result in a higher rate of duty for such merchandise.

Under an established and uniform practice, importations of bobbins (parallel tubes) composed of paper impregnated with plastic have been classified under the provision for Tubes, of paper, commonly used for holding thread or yarn: Parallel, in item 256.65, Tariff Schedules of the United States (TSUS), and dutible at the rate of 0.2 cent per pound plus 4 percent ad valorem.

These articles meet the definition for reinforced plastics found in Schedule 7, Part 12, Subpart A, Headnote 2(ii), TSUS. Accordingly, the Customs Service proposes to classify them under the provision for other articles not specially provided for wholly or almost wholly of reinforced plastics, in item 770.10, TSUS, with duty at the rate of 10 cents per pound plus 8.5 percent ad valorem.

Consideration will be given to any relevant data, views, or arguments pertaining to the correct classification of this merchandise which are submitted in writing to the Commissioner of Customs, Attention Classification and Value Division, Washington, D.C. 20229, not later than April 12, 1976.

Written material or suggestions submitted will be available for public inspection in accordance with section 103.8(b), Customs Regulations (19 CFR 103.8(b)), at the Classification and Value Division, Headquarters, United States Customs Service, Washington, D.C., during regular business hours. [7 CFR Part 230]

NONFOOD ASSISTANCE PROGRAM

Proposed Rulemaking

Notice is hereby given that the Food and Nutrition Service, U.S. Department of Agriculture, proposes to redesignate and amend the regulations governing the Nonfood Assistance Program to implement the requirements of Pub. L. 94-105 and to improve program effectiveness and efficiency. The Nonfood Assistance Program regulations are to be revised in the following areas:

(1) Eligible schools with a food service may be designated as "especially needy" by the State agency or FNSRO where applicable, and therefore will be eligible for 100 percent assistance.

(2) The reserve of funds, to assist schools without a food service program and schools without the facilities to prepare or receive hot meals, has been changed from 50 percent to 33⅓ percent of the funds appropriated.

(3) After the fiscal year ending June 30, 1976, 33⅓ percent of the funds appropriated shall be apportioned among the States on the basis of the ratio of the number of children in each State enrolled in schools without a food service and in schools without facilities to prepare or receive hot meals to the number of children in all States enrolled in schools without a food service and in schools without the facilities to prepare or receive hot meals.

(4) Reserved funds returned after a reapportionment may be further apportioned among the States for use in all eligible schools, whether with or without a food service.

(5) The Nonfood Assistance Program is extended to the Trust Territory of the Pacific Islands.

(6) Other revisions, definitions, and additions required for clarification and to improve program effectiveness and efficiency are included.

(7) Standards for the selection of an eligible school for participation have been expanded to require submission of justification of the need for such assistance, including consideration of the financial ability of the school to acquire needed food service equipment.

(8) Provisions with respect to procurement and property management, pursuant to Federal Management Circular 74-7 (36 CFR Part 256) have been included. Applicable procurement and property management provisions will also apply to nonprofit private schools and institutions.

Comments, suggestions, or objections are invited. In order to be assured of being considered, such comments should be delivered to William G. Boling, Manager, Child Nutrition Programs, Food and Nutrition Service, U.S. Department of Agriculture, Washington, D.C. 20250, not later than March 10, 1976. Communications should identify the regulations, section and paragraph on which comments, etc., are offered. All written submissions received pursuant to this notice will be made available for public inspection at the Office of the Manager, Child Nutrition Programs, during the regular business hours (8:30 a.m. to 5:00 p.m.) (7 CFR 1.27(b)).

The proposed regulations for the Nonfood Assistance Program are amended as follows:

AUTHORITY: Secs. 5, 10, Public Law 89-642, 80 Stat. 887, 889 (42 U.S.C. 1774, 1779).

§ 230.1 General purpose and scope.

Section 5 of the Child Nutrition Act of 1966, as amended, authorizes the payment of funds to States to assist them to supply schools drawing attendance from areas in which poor economic conditions exist with equipment, other than real property, for the storage, preparation, transportation, and serving of food, to enable them to establish, maintain and expand school food service programs. This part announces the policies and prescribes the regulations necessary to carry out this purpose.

§ 230.2 Definitions.

For the purpose of this part the term:

(a) "Acquisition cost" means the act invoice price of unexpendable and ex-

pendable personal property acquired by purchase. This property may include attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it was acquired. Ancillary charges such as taxes, duty, protective intransit insurance, freight, or installation may also be included.

(b) "Act" mean the Child Nutrition Act of 1966, as amended.

(c) "Breakfast" means a meal served to a school child at the beginning of the child's day at school which meets the requirements of the School Breakfast Program (7 CFR Part 220).

(d) "Child" means a person under 21 chronological years of age, or a student of high school grade or under as defined by the State educational agency.

(e) "CND" means the Child Nutrition Division of the Food and Nutrition Service of the U.S. Department of Agriculture.

(f) "Department" means the U.S. Department of Agriculture.

(g) "Equipment" means articles and facilities, other than land or buildings, used for the receiving, storage, preparation, transportation or serving of food.

(h) "Especially needy school" means a school in which the School Food Authority does not have access to sufficient resources to contribute towards any portion of the matching requirement of this part, and at least the majority of students enrolled are eligible for free or reduced price meals.

(i) "Expendable personal property" means all tangible personal property other than nonexpendable personal property.

(j) "Fiscal year" means the period of 12 calendar months beginning with July 1, 1975, and ending with June 30, 1976, the period beginning July 1, 1976, and ending September 30, 1976, and the period of 12 calendar months beginning with October 1, 1976, and each October 1 of any calendar year thereafter and ending with September 30 of the following calendar year.

(k) "FMC 74–7" means Federal Management Circular 74–7, the General Services Administration Circular which establishes uniform standards for the administration of grants-in-aid to State and local governments, including school districts (34 CFR Part 256).

(l) "FNS" means the Food and Nutrition Service of the U.S. Department of Agriculture.

(m) "FNSRO" means the appropriate Food and Nutrition Service Regional Office of the Food and Nutrition Service of the U.S. Department of Agriculture.

(n) "Lunch" means a meal served which meets the lunch pattern for specified age groups of children designated in § 210.10 of Part 210.

(o) "National School Lunch Program" means the program authorized by the National School Lunch Act (7 CFR Part 210).

(p) "Needy children" mean children from families meeting the family size income standards for free or reduced price meals established by a State or FNSRO pursuant to Part 245 of this chapter.

(q) "Nonexpendable personal property" means tangible personal property having a useful life of more than one year and acquisition cost of $300 or more per unit. The State agency may use its own definition of nonexpendable personal property provided that such definitions would at least include all tangible personal property as defined above.

(r) "Nonprofit private school" means a nonpublic school that is exempt from income tax under section 501(c)(3) of the Internal Revenue Code of 1954, as amended.

(s) "OA" means the Office of Audit of the Department.

(t) "OI" means the Office of Investigation of the Department.

(u) "Personal property" means property of any kind except real property. It may be tangible—having physical existence—or intangible—having no physical existence, such as patents, inventions, and copyrights.

(v) "Program" means the Nonfood Assistance program authorized by section 5 of the Child Nutrition Act of 1966, as amended.

(w) "Real property" means land, land improvements, structures and appurtenances thereto.

(x) "Reimbursement" means financial assistance paid or payable to eligible schools for food service equipment. The term "reimbursement" also includes financial assistance made available through advances of Program funds to eligible schools.

(y) "School" means (1) An educational unit of high school grade or under operating under public or nonprofit private ownership in a single building or complex of buildings. The term "high school grade or under" includes classes of preprimary grade which do not participate in the Child Care Food Program, when they are conducted in a school having classes of primary or higher grade, or when they are recognized as a part of the educational system in the State, regardless of whether such preprimary grade classes are conducted in a school having classes of primary or higher grade. (2) With the exception of residential summer camps which are eligible to participate in the Summer Food Service Program for Children and private foster homes, any public or nonprofit private child care institution which (a) maintains children in residence, (b) operates principally for the care of children, and (c) if private, is licensed as a residential child care institution by the State or a subordinate level of government. The term "child care institution" includes, but is not limited to: homes for the mentally retarded, emotionally disturbed, and unmarried mothers and their infants; orphanages; temporary shelters for abused children and for runaway children; hospitals for the long-term care of chronically ill children; and juvenile detention centers. (3) With respect to the Commonwealth of Puerto Rico, nonprofit child care centers certified as such by the Governor of Puerto Rico.

(z) "School Breakfast Program" means the program authorized by section 4 of the Child Nutrition Act of 1966, as amended.

(aa) "School Food Authority" means the governing body which is responsible for the administration of one or more schools and which has the legal authority to operate a lunch or breakfast program therein. The term "School Food Authority" also includes a nonprofit agency or organizations to which such governing body has delegated authority to operate the lunch or breakfast program in schools under its jurisdiction, provided the governing body retains the responsibility to comply with Program regulations.

(bb) "School without a food service" means a school in which children do not presently have or have not had for at least one year, reasonable access to a school food service facility capable of preparing or receiving hot meals meeting requirements of the National School Lunch Program or the School Breakfast Program.

(cc) "School without facilities to prepare or receive hot meals" means a school that lacks facilities or does not have reasonable access to facilities capable of preparing or receiving hot meals meeting requirements of the National School Lunch Program or the School Breakfast Program.

(dd) "Secretary" means the Secretary of Agriculture.

(ee) "State" means any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Trust Territory of the Pacific Islands.

(ff) "State agency" means the State educational agency or such other agency of the State as has been designated by the Governor or other appropriate executive or legislative authority of the State and approved by the Department to administer the National School Lunch Program or the School Breakfast Program in schools.

(gg) "State educational agency" means, as the State legislature may determine, (1) the chief State school officer (such as the State superintendent of Public Instruction, Commissioner of Education, or similar officer), or (2) a board of education controlling the State department of education.

§ 230.3 Administration of the Program.

(a) Within the Department, FNS shall act on behalf of the Department in the administration of the Program. Within FNS, CND shall be responsible for administration of the Program.

(b) Within the States, responsibility for the administration of the Program shall be in the State agency, except that FNSRO shall administer the Program in nonprofit private schools of any State where the State agency is not permitted by law to disburse Federal funds paid to it under the Act to nonprofit private

schools. References in this part to "FNSRO where applicable" are to FNSRO as the agency administering the Program in nonprofit private schools.

(c) Each State agency desiring to take part in the Program shall enter into a written agreement with the Department for the administration of the Program in the State in accordance with the provisions of this part. The agreement shall cover the operation of the Program during a period which shall not extend beyond the end of the fiscal year in which the agreement became effective unless the agreement is extended for succeeding fiscal years at the option of the Department.

§ 230.4 Apportionment of funds to States.

(a) Of the Federal funds appropriated for nonfood assistance under the Act, 66⅔ percent shall be apportioned among the States during each fiscal year on the basis of the ratio that the number of lunches, meeting the meal requirements set forth in § 210.10 of this chapter and served in each State in the latest preceding fiscal year for which the Secretary determines data are available at the time such funds are apportioned, bears to the total number of such lunches served in all States in such preceding fiscal year.

(b) For the fiscal year ending June 30, 1976, 33⅓ percent of the funds appropriated for nonfood assistance under the Act shall be apportioned among the States on the basis of the ratio of the number of children in each State enrolled in schools without a food service to the number of children in all States enrolled in schools without a food service.

(c) For each fiscal year, after the fiscal year ending June 30, 1976, 33⅓ percent of the funds appropriated for nonfood assistance under the Act shall be apportioned among the States on the basis of the ratio of the number of children in each State, enrolled in schools without a food service and in schools without the facilities to prepare or receive hot meals, to the number of children in all States enrolled in schools without a food service and in schools without the facilities to prepare or receive hot meals.

(d) If any State agency, or FNSRO where applicable, cannot use all the funds apportioned to it under paragraph (a), (b), or (c) of this section, it shall release such funds to the Department for further apportionment among the remaining States, in the manner and for the purpose of the respective initial apportionment: *Provided, however,* That no further apportionment shall be made if the Department determines that the amount of such funds is too small to make a further apportionment. If funds apportioned under paragraph (b) or (c) remain unused after such further apportionment, they shall immediately be reapportioned under the provisions of paragraph (a) of this sections to assist schools with a food service program and with the facilities to prepare or receive hot meals.

(e) A share of the Program funds apportioned to any State in accordance with paragraph (a), (b), or (c) of this section shall be withheld by FNS for the nonprofit private schools of that State if the State agency is prohibited by law from administering the Program with respect to such schools. The amount withheld from the funds apportioned under paragraph (a) shall bear the same ratio to such apportioned funds as the number of lunches, meeting the requirements of § 210.10 of Part 210 of this chapter and served in nonprofit private schools in such State in the latest preceding fiscal year for which the Secretary determines data are available at the time such funds are withheld, bears to the total number of such lunches served in all schools within such State in such preceding fiscal year. The amount withheld under paragraph (b) of this section for fiscal year 1976 shall bear the same ratio to such funds as the number of children, enrolled in such State in nonprofit private schools without a food service, bears to the total number of children enrolled in all schools withhout a food service in such State in such fiscal year. For each fiscal year, after the fiscal year ending June 30, 1976, the amount withhold under paragraph (c) of this section shall bear the same ratio to such funds as the number of children, enrolled in such State in nonprofit private schools without a food service and without the facilities to prepare or receive hot meals, bears to the total number of children enrolled in such State in such fiscal year, in all schools without a food service and without the facilities to prepare or receive hot meals.

§ 230.5 Multiyear funding.

If, in any fiscal year, the amount of funds made available under § 230.4 of this part to any State agency, or FNSRO where applicable, is insufficient to pay the entire amount of funds requested and justified in the application of a School Food Authority, the State agency, or FNSRO where applicable, may approve the entire amount justified on condition that such amount will be paid to the School Food Authority, to the extent that sufficient funds are available therefor, over a period not to exceed three consecutive years beginning with the fiscal year in which the application was approved.

§ 230.6 Method of payment to States.

Funds to be paid to any State for the Program shall be made available by means of Letters of Credit issued by FNS in favor of the State agency. The State agency shall: (a) obtain funds needed for reimbursement to School Food Authorities through presentation by designated State officials of a Payment Voucher or Letter of Credit (Treasury Form GFO 7578) in accordance with procedures prescribed by FNS and approved by the U.S. Treasury Department; (b) draw only such funds as are needed to pay claims certified for payment; and (c) use such funds without delay for the purpose for which withdrawn.

§ 230.7 Matching of funds.

(a) During any fiscal year, payments made by FNS to each State agency and payments made by FNSRO to the School Food Authority of any nonprofit private school shall be upon the condition that at least one fourth of the costs of the equipment acquired shall be borne from sources within the State: *Provided, however,* That payments used to assist schools which are determined by the State agency or FNSRO to be especially needy need not be so matched. Payments made by FNS to a State agency may be matched either by the respective recipient School Food Authorities or from other State or local sources and payments made by FNSRO to a nonprofit private School Food Authority may be matched either by the recipient School Food Authority or from other funds available to nonprofit private schools within the State.

(b) Funds from sources within the State shall include any source of State or local funds other than Federal grants.

(c) It shall be the responsibility of the State agency, or FNSRO where applicable, to determine whether the requirements for financing from sources within the State are being met. In the event it appears that such requirements will not be met, the State agency, or FNSRO where applicable, shall take corrective action to assure compliance.

§ 230.8 Use of funds.

Federal funds made available for the Program shall be used in accordance with the provisions of this part to reimburse the School Food Authorities of schools which draw attendance from areas in which poor economic conditions exist, and which have no equipment or grossly inadequate equipment to conduct a school food service, in connection with the cost of purchase or rental of equipment to establish, maintain, and expand school food service: *Provided, however,* That, with the approval of FNS, any State agency, or FNSRO where applicable, may reserve for use in carrying out special development projects an amount equal to not more than one percent of the sum of the Federal funds initially apportioned to it for any fiscal year for the Program. Funds apportioned under paragraph (a) of § 230.4 of this part may be used to reimburse School Food Authorities of all eligible schools, funds apportioned under paragraph (b) of § 230.4 of this part may be used to reimburse School Food Authorities of schools without a food service and funds apportioned under paragraph (c) of § 230.4 of this part may be used to reimburse School Food Authorities of schools without a food service and schools without the facilities to prepare or receive hot meals.

§ 230.9 Requirements for participation.

(a) The School Food Authority shall make written application to the State agency, or FNSRO where applicable, for any school which it desires to participate

in the Program. Applications shall include information in sufficient detail to ensure that the school is eligible for assistance under § 230.8 of this part, and to ascertain the amount of financial assistance required.

(b) A school which draws attendance from areas in which poor economic conditions exist and which has no equipment or grossly inadequate equipment to operate a school food service under the National School Lunch Program or the School Breakfast Program shall be selected for participation in the Program on the basis of: (1) the financial ability and the relative need of such school for assistance in acquiring adequate equipment, determined on the basis of the information supplied for that school and for other schools in the applications submitted; and (2) the amount of funds available to the State agency, or FNSRO where applicable. State agencies, or FNSRO where applicable, have a positive obligation to inform the School Food Authorities having jurisdiction over any such school of the Program, and, to the extent that funds are available, to work with such School Food Authorities to plan for the acquisition of any equipment needed to operate a school food service under the National School Lunch Program or the School Breakfast Program.

(c) The School Food Authority of each school selected for participation shall enter into a written agreement with the State agency, or FNSRO where applicable. The School Food Authority shall agree to: (1) Participate in the School Breakfast Program or the National School Lunch Program, or both; and (2) maintain full and accurate records to account for the receipt and use of all funds received under the Program.

§ 230.10 Reimbursement payments.

The amount of the reimbursement payment to any School Food Authority shall not exceed the total cost of the equipment acquired, including transportation and installation charges. The total amount of the reimbursement payments made to School Food Authorities in each State, other than School Food Authorities of schools which are determined to be especially needy, shall not exceed three-fourths of the total cost, based on a statewide average, of the equipment acquired by such School Food Authorities, including transportation and installation charges.

§ 230.11 Claims for reimbursement.

Each State agency, or FNSRO where applicable, shall require School Food Authorities to submit claims for reimbursement which shall include data in sufficient detail to justify the amounts claimed and to enable the State to provide the information needed for reports and records required under § 230.12 of this part.

§ 230.12 Special responsibilities.

(a) Each State agency shall submit information on Program operations on a form provided by FNS, and shall maintain current accounting records of Program operations which will adequately identify fund authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income. The records may be kept in their original form or on microfilm, and shall be retained for a period of three years after the date of the submission of the final Financial Status Report, except that (1) if audit findings have not been resolved, the records shall be retained beyond the three year period as long as required for the resolution of the issues raised by the audit; and (2) records for nonexpendable property acquired with Program funds shall be retained for three years after its final disposition.

(b) Each State agency shall report information on the use of Program funds to FNS on a Financial Status Report form provided by FNS. Reports shall continue to be submitted on a regular basis after the end of the fiscal year to which they pertain until all unpaid obligations have been liquidated, at which time the report reflecting the liquidation of all such unpaid obligations should be marked "Final" and submission discontinued for that fiscal year.

(c) Each State agency shall promptly investigate complaints received or irregularities noted in connection with the operation of the Program, and shall take appropriate action to correct any irregularities. State agencies shall maintain on file evidence on such investigations and actions. FNS or OI shall make investigations at the request of the State agency or where FNS or OI determines investigations are appropriate.

(d) Each State agency shall release to FNS any Federal funds made available to it under the Act which are unobligated at the end of each fiscal year. Release of funds by the State agency shall be made as soon as practicable, but in no event later than 30 days following demand by FNSRO and shall be reflected by a related adjustment in the State agency's Letter of Credit.

(e) Each State agency or FNSRO where applicable shall:

(1) Provide consultive, technical, and managerial personnel to administer the Program, monitor performance, and measure progress toward achieving Program goals, as specified in the State Plan of Child Nutrition Operations provided for under § 210.4a of the regulations governing the National School Lunch Program (7 CFR Part 210). In order to meet the minimum criteria for approval, the portion of the State Plan which deals with Program assistance shall include: (i) objectives, (ii) reasons for the establishment of the objectives, (iii) methods to be used to accomplish the objectives, and (iv) evaluation methods to be used in determining if the objectives are being met.

(2) Visit the participating schools to ensure compliance with Program regulations and with the Department's nondiscrimination regulations (Part 15 of this title) issued under Title VI of the Civil Rights Act of 1964.

(3) Maintain documentation of such assistance on file.

(f) Each State agency shall adequately safeguard all Program assets and assure that they are used for authorized purposes.

(g) Each State agency shall establish a system of accounting under which School Food Authorities shall report the information required in this part to enable the State agency, or FNSRO where applicable, to administer the Program, monitor performance, and measure progress toward Program goals.

(h) Each State agency shall require compliance by School Food Authorities with applicable provisions of this part.

§ 230.13 Claims against School Food Authorities.

(a) State agencies shall disallow any portion of a claim, and recover any payment from Program funds made to a School Food Authority, that is not properly payable under this part. State agencies may use their own procedures to disallow claims and recover overpayments already made.

(b) State agencies may refer to CND through FNSRO for a determination of any action they propose to take under this section.

(c) State agencies shall maintain all records pertaining to action taken under this section. Such records shall be retained for a period of three years after the end of the fiscal year to which they pertain.

(d) If CND does not concur with a State agency's action in paying a claim, or in failing to collect an overpayment, CND shall assert a claim against the State agency for the amount of such claim or overpayment. In all such cases, the State agency shall have full opportunity to submit to CND evidence or information concerning the action taken. If, in the determination of CND, the State agency's action was unwarranted, the State agency shall promptly pay, from sources other than Program funds, to FNS the amount of the claim or overpayment.

(e) Amounts recovered by State agencies from School Food Authority may be utilized, first, to make payments to School Food Authorities for the purpose of the Program during the fiscal year for which the funds were initially available, and, second, to repay any State funds expended in the reimbursement of claims under the Program and not otherwise repaid. Any amounts recovered which are not so utilized shall be returned to FNS in accordance with the requirements of § 230.12(d) of this part.

(f) With respect to School Food Authorities of schools in which the Program is administered by FNSRO, when FNSRO disallows a claim or a portion of a claim, or makes a demand for refund of an alleged overpayment, it shall notify the School Food Authority of the reasons for such disallowance or demand and the School Food Authority shall have full opportunity to submit evidence or to file reclaims for any amounts disallowed or demanded in the same manner as that afforded to School Food Authorities of schools in which the Program is administered by State agencies.

§ 230.14 Management evaluations and audits.

(a) Each State agency, or FNSRO where applicable, shall provide for audits of the funds and operations of the Program at the State and School Food Authority levels to be made with reasonable frequency, but, beginning in fiscal year 1978, not less frequently than once every two years. The audits shall determine the fiscal integrity of financial transactions and reports, and the compliance with applicable laws and regulations and with the administrative requirements set forth in Attachment G of Federal Management Circular 74–7 (34 CFR Part 256). Audits may be made by State agency internal auditors, by State Auditors General, by State Controllers, or by other comparable State audit groups, or by Certified Public Accountants or State licensed public accountants.

(b) Each State agency shall develop a plan for the conduct of audits which shall be incorporated into the State plan of Child Nutrition Operation provided for under § 210.4a of the National School Lunch Program regulations. The plan shall: (1) state the frequency of audits of State agency and School Food Authorities and delineate the positive action to be taken during fiscal years 1976 and 1977 to achieve audit frequency of not less than once every two years by the beginning of fiscal year 1978; (2) provide a description of the State organization in adequate detail to demonstrate the independence of the audit organization; and (3) provide a systematic method to assure timely and appropriate resolution of audit findings and recommendations.

(c) While OA shall rely to the fullest extent feasible upon State sponsored audits, it shall, whenever considered necessary, (1) make audits on a statewide basis, (2) perform on-site test audits, and (3) review audit reports and related working papers of audits performed by or for State agencies.

(d) Use of audit guides available from OA is encouraged. When these guides are utilized, OA will coordinate its audits with State sponsored audits to form a network of integovernmental audit systems.

(e) Each State agency shall provide FNS with full opportunity to conduct management evaluations (including visits to schools) of all operations of the State agency under the Program and shall provide OA with full opportunity to conduct audits (including visits to schools) of all operations of the State agency under the Program. Each State agency shall make available its records, including records of the receipt and expenditure of funds under the Program, upon a reasonable request by FNS or OA. OA shall also have the right to make audits of the records and operations of any school.

§ 230.15 Procurement standards.

(a) This section provides standards for use by State agencies in establishing procedures for the procurement of supplies, equipment, and services with Program funds for use in the Program. These standards will be applicable at the School Food Authority level effective July 1, 1977. These standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal law and Executive Orders. State agencies or School Food Authorities may use their own procurement regulations which reflect applicable State and local law, rules, and regulations, provided that procurement adheres to the standards set forth in this section.

(b) The standards contained in this section do not relieve the State agency or School Food Authority of the responsibilities arising under its contracts. The State agency or School Food Authority is the responsible authority regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into under the Program. This includes, but is not limited to: disputes, claims, protests of award, source evaluation, or other matters of a contractual nature. Matters concerning violation of law are to be referred to the State or Federal authority that has proper jurisdiction.

(c) The State agency or School Food Authority shall maintain a code or standard of conduct which shall govern the performance of its officers, employees, or agents in contracting with and expending Program funds. The State agency's or School Food Authority's officers, employees, or agents shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or potential contractors. To the extent permissible under State law, rules, or regulations, such standards shall provide for appropriate penalties, sanctions, or other disciplinary actions to be applied for violatons of such standards either by the State agency's or School Food Authority's officers, employees, or agents, or by contractors or their agents.

(d) All procurement transactions of the State agency or School Food Authority, regardless of whether negotiated or advertised and without regard to dollar value, shall be conducted in a manner so as to provide maximum open and free competition. The State agency or School Food Authority should be alert to organizational conflicts of interest or noncompetitive practices among contractors which may restrict or eliminate competition or otherwise restrain trade.

(e) The State agency or School Food Authority shall establish procurement procedures which comply with the provisions of this section.

(f) Proposed procurement actions shall be reviewed by appropriate officials of the State agency or School Food Authority to avoid purchasing unnecessary or duplicative items. Where appropriate, an analysis shall be made of lease and purchase alternatives to determine which would be the most economical, practical procurement.

(g) Invitations for bids or requests for proposals shall be based upon a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. "Brand name or equal" description may be used as a means to define the performance or other salient requirements of a procurement and, when so used, the specific features of the named brand which must be met by offerors should be clearly specified.

(h) Positive efforts shall be made by the State agency or School Food Authority to utilize small business and minority-owned business sources of supplies and services. Such efforts should allow these sources the maximum feasible opportunity to compete for procurements to be made with Program funds.

(i) The type of procuring instruments used (e.g., fixed-price contracts, cost reimbursable contracts, purchase orders, incentive contracts, etc.) shall be appropriate for the particular procurement and for promoting the best interest of the Program. The "cost-plus-a-percentage-of-cost" method of contracting shall not be used.

(j) Formal advertising, with adequate purchase description, sealed bids, and public openings shall be the required method of procurement unless negotiation pursuant to subparagraph 4 of this paragraph is necessary to accomplish sound procurement. However, procurements of $10,000 or less need not be so advertised unless otherwise required by State law or regulations. When formal advertising is employed:

(1) The awards shall be made to the responsible bidder whose bid is responsive to the invitation and is most advantageous to the State agency or School Food Authority, price and other factors considered. Factors such as discounts, transportation costs, and taxes may be considered in determining the lowest bid.

(2) Invitations for bids shall clearly set forth all requirements which the bidder must fulfill in order for his bid to be evaluated by the State agency or School Food Authority.

(3) Any or all bids may be rejected when it is in the State agency's or School Food Authority's interest to do so, and such rejections are in accordance with applicable State and local law, rules, and regulations.

(4) Procurements may be negotiated by the State agency or School Food Authority if it is not practicable or feasible to use formal advertising. Notwithstanding the existence of cricumstances justifying negotiations, competition shall be obtained to the maximum extent practicable. Generally, procurements may be negotiated if one or more of the following conditions prevail:

(i) The public exigency will not permit the delay incident to advertising;

(ii) The material or service to be procured is available from only one person or firm; all contemplated sole soure procurements where the aggregate expenditure is expected to exceed $5,000 shall be referred to the State agency, or FNSRO where applicable, for prior approval;

(iii) The aggregate amount involved does not exceed $10,000;

(iv) The contract is for personal or professional services, or for any service to be rendered by a university, college, or other educational institution;

(v) No acceptable bids have been received after formal advertising;

(vi) The purchases are for materials or services where the prices are established by law, for technical items or equipment requiring standardization and interchangeability of parts with existing equipment, for experimental, developmental or research work, for supplies purchased for authorized resale, and for technical or specialized supplies requiring substantial initial investment for manufacture; or

(vii) Negotiation is otherwise authorized by law, rules, or regulations.

(k) Contracts shall be made by State agencies or School Food Authorities only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of a proposed procurement. Consideration shall be given to such matters as contractor integrity, record of past performance, financial and technical resources, and accessibility to other necessay resources.

(l) The procurement records or files of State agencies or School Food Authorities for negotiated purchases in amounts in excess of $10,000 shally provide at least the following pertinent information: (1) justification for the use of negotiation in lieu of advertising, (2) contractor selection, (3) the basis for the cost or price negotiated.

(m) A system for contract administration shall be maintained by the State agency or School Food Authority to assure contractor compliance with terms, conditions, and specifications of the contract or order, and to assure adequate and timely follow-up of all purchases.

(n) The State agency or School Food Authority shall include provisions to define a sound and complete agreement in all contracts which it awards when the contract costs are to be borne by Program funds.

(o) In awarding contracts the State agency or School Food Authority must comply with the following requirements:

(1) The State agency's or School Food Authority's contract shall contain contractual provisions or conditions which will allow for administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and shall provide for such sanctions and penalties as may be appropriate.

(2) All contracts awarded by State agencies or School Food Authorities in excess of $10,000 shall contain suitable provisions for termination by the State agency or School Food Authority including the manner by which it will be effected and the basis for settlement. In addition, such contracts shall set forth the conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(3) Where applicable, all contracts awarded by State agencies or School Food Authorities in excess of $2,500 which involve the employment of mechanics or laborers shall include a provision for compliance with section 103 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5). Under section 103 of the Contract Work Hours and Safety Standards Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard workday of 8 hours and a standard workweek of 40 hours. Work in excess of the standard workday or workweek is permissible provided that the worker is compensated at a rate of not less than 1½ times the basic rate of pay for all hours worked in excess of 8 hours in any calendar day or 40 hours in the workweek. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market or contacts for transportation.

(4) Contracts awarded by State agencies or School Food Authorities, the principal purpose of which is to create, develop, or improve products, processes or methods, or for exploration into fields which directly concern public health, safety, or welfare, or contracts in the field of science or technology in which there has been little significant experience outside of work funded by Federal assistance, shall contain a notice to the effect that matters regarding rights to inventions, and materials generated under the contract or agreement are subject to the regulations issued by the Department. The contractor shall be advised as to the source of additional information regarding these matters.

(5) All negotiated contracts (except those of $10,000 or less) awarded by State agencies or School Food Authorities shall include a provision to the effect that the State agency or School Food Authority, the Department, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the contractor which are directly pertinent to the Program for the purpose of making audit, examination, excerpts, and transcriptions.

(6) Contracts in excess of $100,000 shall contain a provision which requires compliance with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act of 1970, as amended (42 U.S.C. 1857b et seq.). Suspected violations shall be reported by the State agency or School Food Authority in writing to the Regional Office of the United States Environmental Protection Agency, with a copy to the Department.

(p) State agencies or School Food Authorities shall observe their regular requirements and practices with respect to bonding and insurance.

§ 230.16 Property management requirements.

(a) *General purpose and scope.* This section prescribes policies and procedures governing title, use, and disposition of personal property obtained by the State agency for eligible schools, whose cost was borne in whole or in part with Program funds. This section applies when the State agency is acting in the capacity of a School Food Authority, and when the property is obtained for use in the food service operation in schools participating in any Program authorized under the National School Lunch Act or Child Nutrition Act. The procedures contained herein also shall be followed by School Food Authorities beginning July 1, 1977. State agencies and School Food Authorities may follow their own property management policies and procedures provided they observe the requirements of this section.

(b) *Nonexpendable personal property.* The following requirements shall be observed in the acquisition, use and disposition of nonexpendable personal property:

(1) *Title.* When nonexpendable personal property is acquired by a State agency or by a School Food Authority, in whole or in part with Program funds, title shall be vested in the State agency or School Food Authority, as applicable.

(2) *Use.* The State agency or School Food Authority shall retain such property in the Program as long as there is a need for such property to accomplish the purpose of the Program.

(3) *Disposition—Public school property.* When there is no longer a need for such property to accomplish the purpose of the program for which it was acquired, the State agency or School Food Authority shall use the property in connection with any Federal program it administers. Priority shall be given to Federal programs administered by the Department over the programs administered by other Federal agencies. Approval from the Department or State agency, as applicable, must be obtained by the State agency or the School Food Authority prior to using equipment purchased with Program funds for programs of other Federal agencies. When the State agency or School Food Authority no longer has need for such property in any of its federally assisted programs, the property may be used for the State agency's or School Food Authority's own official activities. In such situations, the State agency or School Food Authority may use the property without reimbursement to the Department, or State agency as applicable, or sell the property and retain the proceeds if the property had an acquisition cost of less than $500 per unit and has been used 4 years or more. In the case of other property, the State agency or School Food Authority may retain the property for its own use, provided that a fair compensation is made to the Department or State agency, as applicable, for the Federal share of the property. The amount of compensation

shall be computed by applying the percentage of Federal participation in the cost of the property to the current fair market value of the property. If the State agency or School Food Authority has no need for the property, disposition shall be made as follows:

(i) Except for property having an acquisition cost of less than $500 per unit which has been used for 4 years or more, the State agency or School Food Authority shall sell property having an acquisition cost of $1,000 or less per unit and reimburse the Department or State agency, as applicable, in accordance with subparagraph (ii) of this paragraph.

(ii) If the property had an acquisition cost of over $1,000 per unit, the State agency or School Food Authority shall request disposition instructions from the Department or State agency, as applicable. If the Department or State agency, as applicable, has no need for the property, the availability of the property shall be reported to the General Services Administration by the Department to determine whether a requirement for the property exists in other Federal programs. The Department or State agency, as applicable, will issue instructions to the State agency or School Food Authority within 120 days following the receipt of the request. If the State agency or School Food Authority is instructed to ship the property elsewhere, the State agency or School Food Authority shall be reimbursed by the Department or State agency, as applicable, with an amount which is computed by applying the percentage of the State agency's or School Food Authority's participation in the cost of the property to the current fair market value of the property, plus any shipping or interim storage costs incurred. If the State agency or School Food Authority is instructed to otherwise dispose of the property, the State agency or School Food Authority will be reimbursed by the Department or State agency, as applicable, for the costs incurred in the disposition. If disposition instructions are not issued within 120 days after reporting, the State agency or School Food Authority shall sell the property and reimburse the Department or State agency, as applicable, an amount which is computed by applying the percentage of Federal participation in the cost of the property to the sales proceeds. Further, the State agency or School Food Authority may be permitted to retain $100 or 10 percent of the proceeds, whichever is greater, for the State agency's or School Food Authority's selling and handling expenses.

(iii) When the Department or State agency, as applicable, determines that nonexpendable personal property with an acquisition cost of $1,000 or more and financed solely with Program funds is unique, or difficult or costly to replace, the Department or State agency, as applicable, may reserve the right to require the State agency or School Food Authority to transfer title to the property to the Department or State agency, as applicable, or to a third party subject to the following provisions:

(A) The right to require the transfer of title may be reserved only by means of an express special condition in the grant or contract, or, if approval for the acquisition of the property is given after the grant is awarded, by means of a written stipulation at the time the approval is given.

(B) The property shall be appropriately identified in the award document or otherwise made known to the State agency, or FNSRO where applicable.

(C) The Department or State agency, as applicable, shall not exercise this right until the State Agency or School Food Authority no longer needs the property in the program for which it was acquired. That need will be deemed to end on the date of completion or termination of such program unless the State agency or School Food Authority continues to conduct the program after that date and demonstrates to the Department or State agency, as applicable, a continued need for the property in the program.

(D) The Department or State agency, as applicable, shall issue disposition instructions within 120 days after the completion of the need for the property. If instructions are not issued within such 120-day period, the Department's or State agency's right shall lapse, and the State agency or School Food Authority shall apply the applicable standards contained in paragraphs (b)(3)(i) and (b)(3)(ii) of this section.

(E) The State agency or School Food Authority shall be entitled to reimbursement for any shipping and interim storage costs it incurs pursuant to the Department's or State agency's disposition instructions.

(4) *Disposition—Private school property.* When there is no longer a need for personal property to accomplish the purpose of the program for which it was acquired, a School Food Authority of a nonprofit private school shall transfer it with the approval of the State agency or FNSRO, where applicable, to another School Food Authority of a nonprofit private school participating in any program authorized by the Child Nutrition Act of 1966, as amended, or the National School Lunch Act, or to any other school participating in any of the programs authorized by such Acts. Failing either of these dispositions, that part of such equipment financed with Federal funds, or the residual value thereof, shall revert to the United States. Such reversion shall be effected in accordance with instructions from the State agency, or FNSRO where applicable.

(5) *Property management standards.* State agency or School Food Authority property management standards for nonexpendable personal property shall also include the following procedural requirements:

(i) Property records shall be maintained accurately and shall provide for: (A) a description of the property; (B) manufacturer's serial number or other identification number; (C) acquisition date and cost; (D) source of the property; (E) percentage of Program funds used in the purchase of the property; (F) location, use, and condition of the property; and (G) ultimate disposition data including sales price or the method used to determine current fair market value if the State agency or School Food Authority reimburses the Department or State agency, as applicable, for its share.

(ii) A physical inventory of property shall be taken and the results reconciled with the property records at least once every 2 years to verify the existence, current utilization, and continued need for the property.

(iii) A control system shall be in effect to ensure adequate safeguards to prevent loss, damage, or the theft of the property. Any loss, damage, or the theft of nonexpendable property shall be investigated and fully documented. The State agency, or School Food Authority shall be responsible for replacing or repairing (with funds of such State agency or School Food Authority) property which is lost, damaged, or destroyed due to the negligence of the State agency or School Food Authority.

(iv) Adequate maintenance procedures, recommended by the manufacturer, shall be implemented to keep the property in good condition.

(v) Proper sales procedures shall be established for unneeded property which would provide for competition to the extent practicable and result in the highest possible return.

(c) *Expendable personal property.* The State Agency or School Food Authority may at its option either retain or sell items of expendable personal property, not acquired for private school use, when no longer needed for any federally sponsored activity (including activities sponsored by other Federal agencies). Expendable personal property acquired for private schools shall be disposed of in accordance with the provisions of paragraph (b)(4) of this section. Compensation to the Department or State agency, as applicable, is required if the aggregate fair market value of all of those items acquired under the grant or contract exceeds $500 when no longer needed for any federally sponsored activity. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original property to the current fair market value of items retained and to the sales proceeds of items sold.

(d) *Intangible personal property.*

(1) *Patents and inventions.* If any program activity produces patents, patent rights, processes or inventions in the course of work aided by the Department, such fact shall be promptly and fully reported to the Department or State agency, as applicable. Unless there is prior agreement between the State agency and the Department on disposition of such items, the Department shall determine whether protection of such invention or discovery will be sought and how the rights in the invention or discovery—including rights under any patent issued

thereon—shall be disposed of and administered in order to protect the public interest consistent with "Government Patent Policy" (President's Memorandum for Heads of Executive Departments and Agencies, August 23, 1971), and "Statement of Government Patent Policy" (36 FR 16889).

(2) *Copyrights.* When a program activity results in a book or other copyrightable material, the author or State agency or School Food Authority is free to copyright the work, but the Department reserves a royalty-free, nonexclusive and irrevocable license to reproduce, publish or otherwise use and to authorize others to use the work for government purposes.

(e) *Publications.* Any publication or presentation resulting from or primarily related to Federal financial assistance shall contain the following acknowledgement: The activity which is the subject of this report was supported in whole or in part by the U.S. Department of Agriculture, Food and Nutrition Service. However, the opinions expressed herein do not necessarily reflect the position or policy of the U.S. Department of Agriculture, and no official endorsement by the U.S. Department of Agriculture should be inferred.

§ 230.17 Prohibitions.

(a) In carrying out the provisions of this part, neither the Department nor the State shall impose any requirements with respect to teaching personnel, curriculum, instructions, methods of instruction, and materials of instruction in any school as a condition for participation in the Program.

(b) The value of assistance to children under the Program shall not be considered to be income or resources for any purposes under any Federal or State laws, including, but not limited to, laws relating to taxation, welfare, and public assistance programs.

§ 230.18 Other provisions.

(a) *General.* Grant closeout procedures for the Program shall be in accordance with Attachment L of Federal Management Circular 74–7 of (34 CFR Part 256).

(b) *Termination for cause.* FNS may terminate a State agency's or School Food Authority's participation in the Program, in whole or in part, whenever it is determined that the State agency or School Food Authority has failed to comply with the conditions of the Program. FNS shall promptly notify the State agency or School Food Authority in writing of the termination and the reasons for the termination, together with the effective date. When the Program has been terminated for cause, any payments made to the State agency or School Food Authority or any recoveries by FNS from the State agency shall be in accordance with the legal rights and liabilities of the parties.

(c) *Termination for convenience.* FNS or the State agency may terminate a State agency's or School Food Authority's participation in the Program, in whole or in part, when both parties agree that the continuation of the Program would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated. The State agency or School Food Authority shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. FNS shall allow full credit to the State agency or School Food Authority for the Federal share of noncancellable obligations properly incurred by the State agency or School Food Authority prior to termination.

(d) *State requirements.* Nothing contained in this part shall prevent the State agency from imposing additional requirements for participation in the Program which are not inconsistent with the provisions of this part.

§ 230.19 Program information.

School Food Authorities desiring information concerning the Program should write to their State educational agency or to the appropriate Food and Nutrition Service Regional Office, as indicated below:

(a) In the States of Delaware, District of Columbia, Maryland, New Jersey, New York, Pennsylvania, Puerto Rico, Virginia, Virgin Islands, and West Virginia: Mid-Atlantic Regional Office, FNS, U.S. Department of Agriculture, 729 Alexander Road, Princeton, New Jersey 08550.

(b) In the States of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont: New England Regional Office, FNS, U.S. Department of Agriculture, 34 Third Avenue, Burlington, Massachusetts 01803.

(c) In the States of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, and Tennessee: Southeast Regional Office, FNS, U.S. Department of Agriculture, 1100 Spring Street, NW., Atlanta, Georgia 30309.

(d) In the States of Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, Ohio, and Wisconsin: Midwest Regional Office, FNS, U.S. Department of Agriculture, 536 South Clark Street, Chicago, Illinois 60605.

(e) In the States of Arkansas, Colorado, Louisiana, Montana, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, Utah, and Wyoming: West-Central Regional Office, FNS, U.S. Department of Agriculture, 1100 Commerce Street, Room 5–D–22, Dallas, Texas 75202.

(f) In the States of Alaska, American Samoa, Arizona, California, Guam, Hawaii, Idaho, Nevada, Oregon, Trust Territory of the Pacific Islands, and Washington: Western Regional Office, FNS, U.S. Department of Agriculture, 550 Kearny Street, Room 400, San Francisco, California 94108.

Color Additive FD&C Red No. 2

Withdrawal of Proposal and Termination of Rule Making Proceeding

The Food and Drug Administration is withdrawing a proposal published in the FEDERAL REGISTER of July 4, 1972 (37 FR 13181), to establish a regulation under § 8.503 *Temporary tolerances* (21 CFR 8.503) prescribing temporary tolerances for the safe use of FD&C Red No. 2 in foods, ingested drugs, and lipsticks.

Published elsewhere in this issue of the FEDERAL REGISTER are regulations terminating the provisional listing and certification of the color additive FD&C Red No. 2. These regulations render further consideration of the proposed temporary tolerances unnecessary. Accordingly, the Commissioner hereby withdraws the proposal published on July 4, 1972, and terminates the rule making proceeding begun by that proposal.

This action is taken pursuant to the transitional provisions of Title II of the Color Additive Amendments of 1960 (sec. 203, 74 Stat. 404–407 (21 U.S.C. 376 note)) and under the authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120).

Commissioner of Food and Drugs.

CONSUMER PRODUCT SAFETY COMMISSION

[21 CFR Part 191]

CERTAIN VACUUM BOTTLES INTENDED FOR USE BY CHILDREN

Withdrawal of Proposed Rulemaking

The purpose of this notice is to announce that the Consumer Product Safety Commission has taken action to with-

draw a proposal to ban from sale in interstate commerce certain vacuum bottles equipped with glass fillers with labeled capacity of 16 ounces or less that are intended for use by children and do not pass an accompanying proposed test method.

The proposal was published in the FEDERAL REGISTER of April 13, 1973 (38 FR 9311), by the Commissioner of Food and Drugs under authority exercised by the Commissioner at that time under sections 2(f)(1)(D), 2(q)(1)(A), 2(s), and 3(e)(1) of the Federal Hazardous Substances Act (74 Stat. 372, 374, 375 as amended 80 Stat. 1304–1305, 83 Stat. 187–189; 15 U.S.C. 1261, 1262) and by a delegation of authority from the Secretary of Health, Education, and Welfare (21 CFR 2.120).

On May 14, 1973, authority to issue regulations implementing the Federal Hazardous Substances Act was transferred to the Consumer Product Safety Commission by section 30(a) of the Consumer Product Safety Act (16 U.S.C. 2079(a)). Accordingly, the Commission is taking this action to withdraw the proposal.

The proposed regulations contained provisions to ban any vacuum bottle with a glass filler and a labeled capacity of 16 ounces or less intended for use by children and not designed and constructed to pass the proposed test method. The proposal did not apply to vacuum bottles intended for adult use and labeled as such. The test method provided for a drop test for the vacuum bottle while filled with water to check for breakage and glass content in the liquid.

In response to the proposal, comments were received from two manufacturers and a trade association. All the comments raised the issue of the degree of risk of injury associated with these vacuum bottles and contended that the annual injuries occurring to children were not sufficient to justify promulgation of the proposed regulations.

The Commission staff reported 12 cases involving vacuum bottles during 1974. A review of 11 in-depth investigations conducted between November 1965 and April 1975 revealed that five victims were children under 12 years of age. The injuries sustained were scald burns, resulting from spilling liquid, none of which required hospitalization. Only one of the injuries could involve injury from a product defect. The other cases involved human behavior patterns. In addition, the three domestic firms which produce glass-lined vacuum bottles label their products to indicate that they are not recommended for children. There is also increased production of plastic foam bottles for children instead of glass-lined bottles. Recent sampling of vacuum bottles in retail stores confirm that glass vacuum bottles are not marketed for children and that where they are offered for sale, they carry a label saying they are not intended for use by children.

Therefore, the Commission has concluded that the combination of voluntary changes made by manufacturers and the use of labeling have sufficiently reduced the risk of the injury to children so that a regulation in this area is no longer necessary. Accordingly, notice is given that the proposed rulemaking of April 13, 1973 (38 FR 9311) regarding vacuum bottles is hereby withdrawn.

Dated: February 4, 1976.

SADYE E. DUNN,
Secretary, Consumer Product Safety Commission.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 73]

[Docket No. 20693; FCC 76-72]

TELEVISION BROADCAST SIGNAL FOR CAPTIONING FOR THE DEAF

Vertical Blanking Interval

In the matter of amendment of Subpart E, Part 73, of the Commission's rules and regulations, to Reserve Line 21 of the Vertical Blanking Interval of the Television Broadcast Signal for Captioning for the Deaf, Docket No. 20693, RM-2616.

1. The Commission has before it a Petition for rulemaking filed by the Public Broadcasting Service (PBS) (RM-2616), requesting amendment of Subpart E of Part 73 of the Commission's rules and regulations to provide that Line 21, Field 1, and the available half of Line 21, Field 2, of the television vertical blanking interval be reserved for the transmission of captioning information for the deaf.[1]

2. PBS, citing statistics showing that there are at least 13.4 million persons in the United States with hearing impairments severe enough to prevent their enjoyment and use of radio broadcasting and the aural portion of television broadcasting, states that it has developed a system for transmitting information in the television vertical blanking interval which can be decoded into visual captions on specially equipped television receivers. The advantage of this system, PBS notes, is that the captions are not visible on normal receivers and thus do not interfere with the viewing of persons with normal hearing. PBS proposes that Line 21 of the vertical blanking interval (Field 1 and the available half of Field 2) be reserved for the transmission of captioning information and related signals.

3. The captioning system proposed by PBS was initially developed by the National Bureau of Standards (NBS) with a view toward the transmission of time and standard frequency data along with other information, which could include captioning for the deaf. Subsequent study, in which PBS participated, was undertaken by the National Association of Broadcasters (NAB) Engineering Advisory Committee and the Joint Committee on Intersociety Coordination (JCIC). The PBS petition also describes independent study by PBS and its member stations, starting with a special temporary authorization to Station WETA-TV, Washington, D.C., on June 28, 1972, and continuing through later STA's, the latest of which was issued to PBS on April 3, 1975, and continues until February 28, 1976.

4. PBS' experimental program has involved two captioning systems: the Line 21 system which is the subject of PBS' instant petition and an alternative system developed by Hazeltine Research, Inc. (HRI), which does not use the verticle blanking interval but instead uses a submerged interleaved subcarrier within the active portion of the video signal. In its petition for rulemaking, PBS reports that it prefers the Line 21 system to the HRI system, because the problems with the Line 21 system appear easier to solve.

5. According to PBS, the principal problem with the Line 21 system arises where there are multipath signals ("ghosting"). To solve this problem, PBS proposes to include a special reference pulse signal as part of its transmission.[2] Problems with the HRI system, on the other hand, arise in connection with certain types of picture information and time base instability on many low cost helical videotape recorders; and these problems are not easily solved. Thus, PBS concludes, at least at present, the Line 21 system is preferred.

6. From a practical point of view, PBS states that the time is ripe for adoption of rules for captioning, because of overwhelming acceptance by hearing impaired viewers who have seen captioned programs on an experimental basis, and because PBS' experimental program has demonstrated the practicability of a regular captioning system.[3] A "mini-computer" or "micro-processor" has been developed to allow captions to be encoded on videotape at a reasonably low operating cost and with a capital investment which could be as low as $25,000 to $50,000. Tentative conclusions have been drawn as to how fast captions may be presented on the screen and still be com-

[1] As appendices to its Petition, PBS offers a number of statements, reports, and engineering studies, prepared by persons or organizations dealing with the problems of the hearing impaired, or by the PBS engineering staff in support of (1) the widespread need for special assistance for those television viewers with hearing difficulties, (2) the general acceptability to such viewers of the captioning format and procedure it has developed, and (3) the choice of the technical parameters of its proposed system for transmitting captioning data.

[2] PBS points out that the reference pulse signal has possible future application in improving picture performance as well as in the working of the captioning system. However, it would appear that this signal has been tested, up to the present time, only in the laboratory, and there may be some question as to its full effectiveness in correcting multipath effects in actual operation, even for the comparatively simple data transmission wave form employed for captioning. It remains to be demonstrated whether it will be at all helpful in minimizing the effect of "ghosting" in complex picture transmission.

[3] PBS appends to its petition a report by Gallaudet College, which serves the hearing impaired, presenting the results of the experimental program.

prehended by viewers. A data system for captioning, using the basic ASCII code for letters and symbols has been developed.[4]

7. The JCIC Ad Hoc Committee on Television Broadcast Ancillary Signals (AHCTBAS), an industry group created to study the various ways in which the television signal may be employed to transmit information, in addition to that required for picture formation, and to make recommendations to the Commission concerning the effective development of this capability, filed a "Statement Relating to RM–2616." The matters discussed are summarized below. The Commission's Rules presently limit ancillary signal transmissions to lines 17–20, inclusive, of the vertical blanking interval, although vertical blanking including but not exceeding 21 lines is permitted in television transmissions under these rules. AHCTBAS points to an unresolved problem which would be created by the incorporation of 21 lines of vertical blanking in videotaped program material, as would be necessary to accommodate captioning information under the PBS proposal, namely, that if such material, before transmission, is fed through a field synchronizer of a type in general use by the broadcasting industry, it may emerge with 21½ lines of vertical blanking, and thus may be transmitted only in violation of the rules. A competent industry technical committee has this problem presently under consideration.[5]

8. Without taking a stand in the matter, AHCTBAS raises for consideration the question of whether, by the restriction of data transmission in this instance to a particular function, captioning, and for a particular purpose, primarily to provide a service for the hearing-impaired, the market created for decoders may be insufficiently large to permit volume production, with lower unit costs. High prices, in turn, would discourage extensive investment in decoders. The extent of availability of captioned programs, it notes, also will affect the demand for decoders. In this connection, it suggests that the PBS estimates of the cost of captioning programs may seriously understate the expense of performing this function in a commercial environment.

9. In the matter of efficiency of use of the limited space in the vertical interval, AHCTBAS postulates that a high capacity alphanumeric data system, available for information transmission for a number of purposes, including captioning for the hearing-impaired, might more efficiently exploit the vertical interval space available for television ancillary signals. Such a system also might be more economicaly viable than a restricted use system such as proposed by PBS. However, AHCTBAS discerns no present interest in such a multi-use system for this country, and, at this point in its studies, is unable to offer concrete recommendations on the most efficient overall plan for the utilization of vertical interval capacity for ancillary signal transmission.

10. CBS, Inc. and Eastman Kodak Company have filed pleadings urging that the Commission delay acting on the PBS petition. They take the position that further industry study of the PBS proposal is needed before sufficient data are available for the Commission to make a determination as to whether the proposal is not only feasible but whether it is the best method of providing television service to the segment of the population that it is intended to serve. Eastman additionally urges that such further study should include an effort to achieve international coordination in development of this innovative service.

11. The Commission has long been interested in the promotion of procedures and facilities which, for television viewers with impaired hearing, will make available, in visual form, information normally carried on the aural channel. Of first importance is the visual presentation of information of an emergency nature; of lesser, but of nevertheless great value, is information necessary to the full enjoyment of general television programming. See "The Use of Telecasts to Inform and Alert Viewers with Impaired Hearing," 26 F.C.C. 2d 917 (1970).

12. A proposal for mandatory "open" captioning of emergency information (which, by its very nature, should be made available to all persons with hearing difficulties, not only to those whose television receivers are equipped with decoders) is the subject of a concurrent rule making proceeding in Docket No. 20659.[6] The PBS proposal offers a fully developed technical system by which captioning can be provided with a much broader range of programming to those hearing impaired persons willing to invest in decoders, without, in any way, interfering with the viewing of the much larger audience not needing this aid. We believe the public interest requires that we promptly consider the adoption of rule amendments which would make possible its utilization.[7]

13. We believe PBS has made a reasoned choice of the data transmission system which it proposes for captioning, and unless compelling arguments are offered for the employment of the HRI or other system for this purpose by parties to this proceeding, we believe the vertical interval system should be employed. Also, except for the field synchronizer problem cited by AHCTBAS, which we assume is subject to resolution, line 21 appears to be the logical position in the vertical interval for the captioning service. In any further development of the interval for ancillary signal use, some changes in present line and field assignments may become necessary. The captioning service is the only one of the several uses of the interval involving the public, which in the course of time may invest heavily in decoders. While this circumstance would make infeasible any later plan to change its position in the vertical interval, its location at the edge of this interval makes its involvement in any future changes of line and field assignments unlikely.

14. PBS has proposed amendments of our rules with respect to this matter and, in slightly modified form, they are set forth in the Appendix as our proposal.

15. The proposed rules state that line 21 "shall be made available for use by a program related data signal," which would be used to provide the "visual depiction of information simultaneously being presented on the aural channel." The employment of the proposed system would be confined to the provision of visual captions of accompanying aural material (thus precluding the possible use of the system as a separate channel for transmitting information unrelated to the program). This aspect of the proposal raises several questions critical to satisfactory resolution of the proceeding. Should scarce vertical interval space be used to serve the limited purpose advanced in the proposal? What are the prospects for accommodating shared use of line 21? If sharing is feasible, should captioning be made a priority use? What foreseeable uses for the vertical interval would be precluded by adoption of the proposal? Is current use of the vertical interval extravagant, i.e., may some of the current vertical interval signals satisfactorily serve their intended function using less vertical interval space than at present? To what extent are potential users of the information carrying capability of vertical interval signals interested in exploiting this technology? Comments addressing these questions are solicited.

16. The technical format of the transmitted captioning signal is prescribed by the proposed rules, which would appear necessary to permit the standardization

[4] PBS estimates that, after original investment, the cost of captioning a one-hour program would be somewhat less than $1,000, which, it points out, is a very small percentage of total programming cost.

[5] The practical dimensions of this problem are not clear. PBS has suggested, informally, that it is not major, and is subject to appropriate corrective action, such as it took, during its tests, with respect to individual processing amplifiers which were originally incapable of accommodating the line 21 captioning signal.

[6] See Notice of Proposed Rule Making in Docket No. 20659, 40 FR 60080 (1975).

[7] In taking early action on the instant petition, we are not ignoring the pendency of the petition (RM–2108) of the National Bureau of Standards accepted for filing on January 5, 1973, for rulemaking to authorize the transmission of NBS controlled time and frequency information on line 21 in the vertical interval, which has been held without action up until this time. Briefly, this proposal presents substantial policy and statutory problems which remain unresolved. Although the instant petition seeks to employ, for closed captioning for the hearing-impaired, the same portion of the vertical blanking interval on which NBS contemplates the transmission of time and frequency signals, we do not believe that in now responding favorably to the PBS petition we necessarily preclude possible future implementation of the NBS proposal, if it were found to be in the public interest. In such circumstances, sharing of line 21, or the accommodation of time and frequency transmissions in some other portion of the vertical interval might be considered.

of the basic encoding/decoding system and to insure that the signal format will be such as to cause no direct degradation of picture or sound. However, beyond this, the satisfactory functioning of the captioning system would seem to depend, to a considerable degree, on the manner of caption presentation, e.g., letter size, writing speed, characters/line, duration of captions, etc., all of which are primarily controlled by the design of the decoder. PBS, through extensive testing, has developed what it believes to be optimum values for many of these parameters. While PBS does not suggest, and we do not presently believe that the Commission should attempt to establish, rules with respect to these aspects of captioning (the enforcement of which could well require the development of a type acceptance program for decoders), comment is requested on the desirability and practicability of incorporating appropriate standards of this nature into our rules.

17. PBS, in its petition, included estimated cost figures for encoding and decoding captioning information. As indicated in paragraph 6 and footnote 4 herein, encoding is estimated to require a capital investment of some $25,000 to $50,000 and the cost of captioning a one hour program should be on the order of $1,000. Decoders, in quantity, may cost about $100. Parties are invited to discuss these cost estimates, particularly in regard to their impact upon anticipated actual use of the service.

18. It is to be recognized that the proposal herein does not look toward adoption of rules which would make captioning obligatory. Under the circumstances, the reservation of line 21 exclusively for captioning may not be justified if, in practice, little use is made of the line for this purpose. We, therefore, invite interested parties to discuss, in the light of economic and other pertinent factors, any matters concerning the application of captioning to programs in general and ultimate use of the captioning system.

19. Pursuant to applicable procedures set forth in § 1.415 of the Commission's rules, interested persons may file comments on or before March 10, 1976, and reply comments on or before March 24, 1976. All relevant and timely comments and reply comments will be considered by the Commission before final action is taken in this proceeding. In reaching its decision in this proceeding, the Commission may also take into account other relevant information before it, in addition to the specific comments invited by this Notice.

20. In accordance with the provisions of § 1.419 of the rules, an original and 11 copies of all comments, replies, pleadings, briefs, and other documents shall be furnished the Commission. All filings made in this proceeding will be made available for examination by interested parties during regular business hours in the Commission's Public Reference Room at its headquarters, 1919 M Street NW., Washington, D.C.

Adopted: January 28, 1976.

Released: February 5, 1976.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
Secretary.

1. It is proposed to amend § 73.681 to include the following definition at the appropriate alphabetical place:

§ 73.681 Definitions.

* * * * *

Program related data signal. A signal, consisting of a series of pulses representing data, which is transmitted simultaneously with and directly related to the accompanying television program.

* * * * *

2. It is proposed to amend § 73.682(a) (22) and (23) by redesignating them as § 73.682(a) (23) and (24), respectively, and adding a new § 73.682(a) (22) which reads as follows:

§ 73.682 Transmission standards and changes.

* * * * *

(a) * * *

(22) All of Line 21, Field 1 and the first half of Line 21, Field 2 may be used for the transmission of a program related data signal. The data signal shall be restricted to the visual depiction of information simultaneously being presented on the aural channel. The signal will conform to the format described in Figure 17a of § 73.699 and may be transmitted during all periods of regular station operation.

(i) A reference pulse for a decoder associated adaptive multipath equalizer filter will replace the data signal every eighth frame. The reference pulse is described in Figure 17b of § 73.699.

(ii) A decoder test signal consisting of data representing a repeating series of alphanumeric characters may be transmitted at times when no program related data is being transmitted.

(iii) A framing code to be used by the data decoder may be transmitted during the first half of Line 21, Field 2 when data, reference pulse and test signals are present. See Figure 17c of § 73.699 for a description of the framing code.

(iv) The data signal shall be coded using a non-return-to-zero (NRZ) format and shall employ standard ASCII 7 bit plus parity character codes.

(v) The data signal shall cause no significant degradation to any portion of the visual signal nor produce emissions outside the authorized television channel.

* * * * *

3. Conforming editorial amendments to other rule sections, as appropriate, would be adopted.

§ 73.699 [Amended]

4. It is proposed to add a new Figure 17 to § 73.699.

SMALL BUSINESS SIZE STANDARDS

Definition of Small Business for Purpose of Surety Bond Guarantee Assistance

Currently, the small business size standard applicable to a small general contractor (construction) for the purpose of surety bond guarantee assistance is annual receipts (preceding fiscal year) or average annual receipts (for preceding 3 fiscal years) not exceeding $2 million. For such purposes, a specialty trade contractor (construction) is small if its annual receipts or average annual receipts do not exceed the maximum dollar limitation applicable to its industry ($1 or $2 million, depending on the industry) for the purpose of obtaining a Small Business Administration business loan.

On November 3, 1975, the Small Business Administration proposed to increase the SBA loan size standards for all of the specialty trade (construction) industries to $5 million. Thereafter, it was noted that, because the surety bond guarantee program utilized the SBA loan program size standards for the specialty trade (construction) industries, adoption of the proposed new loan standard would have the unintended effect of increasing the surety bond program standards for specialty trade contractors from $1 million or $2 million to $5 million, thus making the surety bond standard for special trade (construction) industries considerably higher than the surety bond standard for general contractors, obviously an unrealistic situation.

Under the above circumstance, it is proposed to amend the definition of a small business construction concern for the purpose of surety bond guarantee assistance by deleting the proviso therein, which provides for use of the loan standards in Schedule I. Further, because it has been concluded that somewhat larger construction concerns now need surety bond guarantee assistance, it is proposed to adopt a $3.5 million standard for application to all the construction industries.

Specifically, it is proposed to revise the definition to read as follows:

§ 121.3–15 Definition of small business for the purpose of surety bond guarantee assistance.

A small business concern, for the purpose of surety bond guarantee assistance, is a concern that qualifies as a small business under § 121.3–10, with the following exception:

(a) *Construction.* Any construction concern is small if its annual receipts for its preceding fiscal year, or its average annual receipts for its preceding 3 fiscal years, do not exceed $3.5 million.

Interested parties may file with the Small Business Administration on or before March 11, 1976, written statements of facts, opinions, or arguments concerning the proposal.

All correspondence shall be adressed to:

[Docket No. H-033]

OCCUPATIONAL EXPOSURE TO ASBESTOS

Extension of Time To File Comments on Proposed Revision

On October 9, 1975, notice was published in the FEDERAL REGISTER (40 FR

47652) of a proposed revision of the occupational safety and health standard for exposure to asbestos, pursuant to the authority in sections 6(b) and 8(c) of the Occupational Safety and Health Act of 1970 (84 Stat. 1593, 1599; 29 U.S.C. 655, 657) and 29 CFR Part 1911. Interested persons were given until December 8, 1975, to submit written data, views, and arguments regarding the proposed revision and to file objections thereto.

Subsequently, in response to requests for additional time OSHA extended the comment period to February 9, 1976. OSHA also published an addendum of corrections to the proposed standard, and technical references thereto. Public notice of both actions appeared in the FEDERAL REGISTER on December 17, 1975 (40 FR 58457). Since the publication of this notice, OSHA has received additional requests to further extend the comment period. In summary, these requests, were premised upon: a desire to complete ongoing studies evaluating specific medical effects and exposure of workers to asbestos; the need to compile data with respect to the economic impact and other costs on affected industries; and the need to develop a fuller assessment of the technological feasibility of the standard as proposed.

After careful review of these requests, OSHA has determined that it would be in the public interest to further extend the comment period so that the results of any studies completed might be included in the agency's evaluation. OSHA further believes that public scrutiny of such studies prior to hearings could be useful with respect to developing a comprehensive record upon which a final rule will be based. Therefore, notice is hereby given that the period for submitting written data, views and arguments, as well as for the filing of objections and requests for an informal hearing on the proposed revision of the standard on asbestos, is extended from February 9, 1976, to April 9, 1976. As originally directed, such material must be submitted in quadruplicate to the Docket Officer, Docket H–033, U.S. Department of Labor, Room N–3620, 3rd and Constitution Avenue NW., Washington, D.C. 20210 (Telephone 202/523–9076). The data, views, and arguments will be available for public inspection and copying at the above address. All written submissions received will be made a part of the record. In all other respects, the terms of the original notice remain in effect.

Signed at Washington, D.C., this 4th day of February 1976.

DEFENSE SCIENCE BOARD TASK FORCE ON SURFACE NAVAL WARFARE

Advisory Committee Meeting

The Defense Science Board Task Force on Surface Naval Warfare will meet in closed session on 4–5 March 1976. The mission of the Defense Science Board is to advise the Secretary of Defense and the Director of Defense Research and Engineering on overall research and engineering to provide long range guidance in these areas to the Department of Defense.

The Task Force will undertake a review of the adequacy and direction of U.S. Navy programs in surface offensive operations in the face of continuing increases in Soviet capabilities in naval weapons, command and control, and out-of-area operations. The Task Force will concentrate first on U.S. programs in tactical surface engagements to help assure that our R&D investments yield the greatest improvement in our total force capabilities, when deployed in quantities we can afford. Classified details of U.S. and Soviet systems will be reviewed.

In accordance with Section 10(d) of Appendix I, Title 5, United States Code, it has been determined that this Task Force meeting concerns matters listed in Section 552(b) of Title 5 of the United States Code, specifically Subparagraph (1) thereof, and that accordingly this meeting will be closed to the public.

DEPARTMENT OF DEFENSE WAGE COMMITTEE

Closed Meetings

Pursuant to the provisions of section 10 of Pub. L. 92–463, the Federal Advisory Committee Act, effective January 5, 1973, notice is hereby given that a meeting of the Department of Defense Wage Committee will be held on Tuesday, March 2, 1976; Tuesday March 9, 1976; Tuesday, March 16, 1976; Tuesday, March 23, 1976; and Tuesday, March 30, 1976 at 9:45 a.m. in Room 1E–801, The Pentagon, Washington, D.C.

The Committee's primary responsibility is to consider and submit recommendations to the Assistant Secretary of Defense (Manpower and Reserve Affairs) concerning all matters involved in the development and authorization of wage schedules for Federal prevailing rate employees pursuant to Pub. L. 92–392. At this meeting, the Committee will consider wage survey specifications, wage survey data, local wage survey committee reports and recommendations, and wage schedules derived therefrom.

Under the provisions of section 10(d) of Pub. L. 92–463, the Federal Advisory Committee Act, meetings may be closed to the public when they are concerned with matters listed in section 552(b) of Title 5, United States Code. Two of the matters so listed are those related solely to the internal personnel rules and practices of an agency. (5 U.S.C. 552(b)(2)), and those involving trade secrets and commercial or financial information obtained from a person and privileged or confidential (5 U.S.C. 552(b)(4).

Accordingly, the Deputy Assistant Secretary of Defense (Civilian Personnel Policy) hereby determines that this meeting will be closed to the public because the matters considered are related to the internal rules and practices of the Department of Defense (5 U.S.C. 552(b)(2)), and the detailed wage data considered by the Committee during its meetings have been obtained from officials of private establishments with a guarantee that the data will be held in confidence (5 U.S.C. 552(b)(4)).

However, members of the public who may wish to do so are invited to submit material in writing to the Chairman concerning matters believed to be deserving of the Committee's attention. Additional information concerning this meeting may be obtained by contacting the Chairman, Department of Defense Wage Committee, Room 3D281, The Pentagon, Washington, D.C.

DEPARTMENT OF THE INTERIOR

Geological Survey

GULF OF MEXICO AND THE PACIFIC

Disposal of Outer Continental Shelf Royalty Oil

The Small Business Administration published in the FEDERAL REGISTER on October 30, 1975, its revised regulations relating to Small Business Size Standards (13 CFR 121). The effective date of said amendment was October 30, 1975, provided that, for the purposes of Government procurement or sales, it would apply only to procurements or sales for which the invitation for bid or requests for proposals were issued 30 days or more after such date. On November 14, 1975, the Geological Survey published a notice in the FEDERAL REGISTER, an invitation to eligible small refiners for applications for Outer Continental Shelf royalty which would be accepted until December 1, 1975. This notice was subsequently supplemented by a notice published in the FEDERAL REGISTER on January 2, 1976, which, among other things, extended the acceptance date of applications to January 15, 1976. It was stated in the notice of November 14, 1975, that the eligibility of small refiners would be determined in accordance with the rules of the Small Business Administration in effect as of February 1, 1976.

It has been determined that the applications for royalty oil filed pursuant to the notices of November 14, 1975, and January 2, 1976, cannot be in accordance with the amended regulations of the Small Business Administration which will be in effect at the time contracts are entered into for royalty oil. Therefore, since it was the intent of the Geological Survey that the amended regulations of the Small Business Administration would apply, it becomes necessary to

rescind the notices of November 14, 1975, and January 2, 1976.

All small refiners who are eligible under the amended Small Business Administration regulations which were effective as of October 30, 1975, are hereby invited to submit applications for the purchase of Government royalty oil produced from the Gulf of Mexico and Pacific Outer Continental Shelves. Applications previously filed in response to the FEDERAL REGISTER notices published November 14, 1975, and January 2, 1976, will not be considered as having been filed pursuant to this invitation. Therefore, eligible refiners who previously filed applications must file new applications. Applications from eligible small refiners will be accepted through February 23, 1976. All applications filed during this period will be considered as being simultaneously filed.

All existing contracts for OCS royalty oil produced from the Gulf of Mexico and Pacific OCS are extended to May 1, 1976.

It is anticipated the requests for royalty oil will exceed the volume that will be available for sale. Therefore, a subsequent notice will be published in the FEDERAL REGISTER covering the allocation procedure, bonding requirements, and term of contract. Comments will be solicited.

A small refiner is defined in 30 CFR 225a.2(a) as:

(a) "Small Refiner" means an owner of an existing refinery or refineries (including refineries not in operation) who qualifies as a small business concern under the rules of the Small Business Administration and who is unable to purchase in the open market an adequate supply of crude oil to meet the needs of existing refinery capacities. Evidence of ownership must be provided.

The eligibility of small refiners will be determined in accordance with the rules of the Small Business Administraton.

In accordance with Part 225a.6, the following information should be furnished with each application for royalty oil:

A. 1. Name and address.

2. Location of refinery or refineries.

3. Affiliation or association with any other refiner of oil or diversified company. Specify exact affiliation or association.

4. Total number of employees, including those employed by affiliated or associated companies.

B. 1. Capacity of each refinery.

2. Crude oil currently available from production or by purchase in the open market, broken down by source, amount and type or grade into the following categories:

a. From applicant's own and controlled production. Include information on any current sales of owner or controlled production.

b. By purchases under firm contracts running six months or more.

c. From day-to-day spot purchases or other arrangements, including royalty oil taken in other areas under 30 CFR 225 and 225a.

d. From crude oil imported by allocation under the mandatory imports program: include details of current exchange agreements connected with such import allocations and any information concerning the disposition of any unused import allocations.

C. 1. Minimum amount and grade of additional crude oil needed to meet existing refinery commitments or existing refinery capacity. Specify amount and grade.

2. Name of fields which, you believe, offer a potential source of crude oil supply.

D. A tabulation, for the last 12 months of operation, of the amount and grade of crude oil refined each month, and kind and amount of the principal finished products.

E. A self-certification that the refinery is a small business concern in accordance with the appropriate guidelines of the Small Business Administration, Title 13 of the Code of Federal Regulations, Part 121.3–9. Said self-certification must be notarized.

F. Copies of certified letters which offer to purchase oil from all major suppliers operating in the vicinity of the refinery and the fields where royalty oil is requested, and enclosed copies of the replies to these letters. Also, any other evidence that may be available of efforts made to purchase needed oil in the open market.

A drawing will be held at a place and date to be established later for the purpose of determining preferential selection of delivery points and leases for royalty oil from the Gulf of Mexico OCS.

Applications for the purchase of royalty oil from leases in the Gulf of Mexico OCS should be submitted to the Oil and Gas Supervisor—Production Control, United States Geological Survey, P.O. Box 7944, Metairie, Louisiana 70011. Applications for the purchase of royalty oil from leases in the Pacific OCS should be submitted to the Oil and Gas Supervisor, United States Geological Survey, 7744 Federal Building, 300 N. Los Angeles Street, Los Angeles, California 90012.

WASHOE TRIBE OF NEVADA AND CALIFORNIA

Ordinance Legalizing the Introduction, Possession, Use and Consumption of Alcoholic Beverages

FEBRUARY 3, 1976.

In accordance with authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs by 230 DM 2 and in accordance with the Act of August 15, 1953 Pub. L. 277, 83rd Congress, 1st Session (67 Stat. 586), I certify that the following ordinance relating to the application of the Federal Indian Liquor Laws relative to the Washoe Tribe of Nevada and California, was adopted August 5, 1975 by the Washoe Tribal Council which has jurisdiction over the area of Indian country included in the Ordinance, reading as follows:

Be it enacted by the Tribal Council of the Washoe Tribe of Nevada and California, pursuant to the authority vested in it by Article VI, section 1(f) of the Constitution of the Washoe Tribe of Nevada and California that the introduction, possession, use and consumption of alcoholic beverages shall be lawful within the exterior boundaries of those lands in the State of Nevada under the territorial jurisdiction of the Washoe Tribe of Nevada and California.

Provided, That such introduction, possession, use and consumption shall be in accordance with the following:

Section 1. It shall be unlawful to sell alcoholic beverages by the bottle, can or package;

SEC. 2. It shall be unlawful to use or consume any alcoholic beverages in a motor vehicle while such vehicle is being driven;

SEC. 3. It shall be unlawful to possess any open bottle, can, package, or container of alcoholic beverage in the passenger compartment of a motor vehicle when such vehicle is being driven;

SEC. 4. It shall be unlawful for any person actually under the influence of alcoholic beverages to possess, use or consume alcoholic beverages;

SEC. 5. It shall be unlawful for any person to furnish any alcoholic beverage to any person under the age of twenty-one (21) or to leave or to deposit any alcoholic beverages with the intent that the alcoholic beverages shall be procured by any person under the age of twenty-one (21) years;

SEC. 6. It shall be unlawful for any person under the age of twenty-one (21) years of age to introduce, possess, use or consume alcoholic beverages;

SEC. 7. Any Indian who violates any of the provisions of this ordinance shall be deemed guilty of an offense and upon conviction thereof shall be punished by a fine of not more than $50 or by imprisonment of not more than ten (10) days or both such fine and imprisonment: *Provided; however*, That any person under the age of eighteen (18) years may, in the discretion of the judge, be treated as a juvenile and have the charge(s) disposed of pursuant to 25 CFR 11.36.

SEC. 8. All ordinances, resolutions or acts that have previously been enacted by the Washoe Tribal Council which are in conflict with any provision of this Ordinance are hereby repealed.

NATIONAL CAPITAL MEMORIAL ADVISORY COMMITTEE

Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act that a meeting of the National Capital Memorial Advisory Committee will be held at 1:30 p.m. on Monday, March 1, 1976, in Room 234 at the National Capital Parks Headquarters, 1100 Ohio Drive SW., Washington, D.C. 20242.

The Committee was established for the purpose of preparing and recommending to the Secretary board criteria, guidelines, and policies for memorializing persons and events on Federal lands in the National Capital Region (as defined in the National Capital Planning Act of 1952, as amended) through the media of monuments, memorials, and statues.

It is to examine each memorial proposal for adequacy and appropriateness, make recommendations to the Secretary with respect to site location on Federal land in the National Capital Region and to serve as an information focal point for those seeking to erect memorials on Federal land in the National Capital Region.

The members of the Committee are as follows:

Mr. Gary Everhardt, Chairman, Director, National Park Service, Washington, D.C.
Mr. George M. White, Architect of the Capitol, Washington, D.C.
General Mark W. Clark, Chairman, American Battle Monuments Commission, Washington, D.C.
Mr. J. Carter Brown, Chairman, Fine Arts Commission, Washington, D.C.
Mr. David Childs, Chairman, National Capital Planning Commission, Washington, D.C.
Honorable Walter E. Washington, Mayor of the District of Columbia, Washington, D.C.
Mr. Nicholas Panuzio, Commissioner, Public Buildings Service, Washington, D.C.

The purpose of this meeting is to consider:

1. H.R. 7711.—"To authorize the construction and maintenance of the General Draza Mihailovich Monument in Washington, District of Columbia, in recognition of the role he played in saving the lives of approximamately five hundred United States airmen in Yugoslavia during World War II."
2. Pub. L. 93-384.—"To authorize the erection of a monument to the dead of the First Infantry Division, United States Forces in Vietnam."
3. The placing of a memorial plaque at a proposed fountain site on The Ellipse.

The meeting will be open to the public. Any person may file with the Committee a written statement concerning the matters to be discussed. Persons who wish to file a written statement or who want further information concerning the meeting may contact Mr. Richard L. Stanton, Associate Director, Cooperative Activities, National Capital Parks, at area code 202-426-6715. Minutes of the meeting will be available for public inspection and copying two weeks after the meeting at the Office of National Capital Parks, Room 208, 1100 Ohio Drive SW., Washington, D.C.

Dated: January 28, 1976.

J. L. DUNNING,
Acting Director,
National Capital Parks.

SANDY CREEK WATERSHED PROJECT, TEXAS

Availability of Final Environmental Impact Statement

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; Part 1500 of the Council on Environmental Quality Guidelines (38 FR 20550, August 1, 1973); and Part 650 of the Soil Conservation Service Guidelines (39 FR 19650, June 3, 1974); the Soil Conservation Service, U.S. Department of Agriculture, has prepared a final environmental impact statement (EIS) for the Sandy Creek Watershed Project, Jasper County, Texas, USDA-SCS-EIS-WS-(ADM)-75-3(F)-TX.

The EIS concerns a plan for watershed protection and flood prevention. The planned works of improvement provide for conservation land treatment, 6 floodwater retarding structures, and 2.9 miles of modified floodway.

The final EIS has been filed with the Council on Environmental Quality.

A limited supply is available at the following location to fill single copy requests:

SOUTH TYGER RIVER WATERSHED PROJECT, SOUTH CAROLINA

Availability of Final Environmental Impact Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969; Part 1500 of the Council on Environmental Quality Guidelines (38 FR 20550, August 1, 1973); and Part 650 of the Soil Conservation Service Guidelines (39 FR 19650, June 3, 1974); the Soil Conservation Service, U.S. Department of Agriculture, has prepared a final environmental impact statement (EIS) for the South Tyger River Watershed project, Greenville County, South Carolina, USDA-SCS-EIS-WS-(ADM)-76-1(F)-SC.

The EIS concerns a revised plan for watershed protection, flood prevention, municipal and industrial water storage, recreation water storage, and recreation development. The remaining planned works of improvement include conservation land treatment measures supplemented by two floodwater retarding structures; one multipurpose structure for flood prevention, municipal and industrial water supply and recreation water storage; and recreation facilities. The recreation development will provide 53,000 visitor-days of recreation annually.

The final EIS has been filed with the Council on Environmental Quality.

WILLOW CREEK WATERSHED PROJECT, TEXAS

Availability of Negative Declaration

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Soil Conservation Service Guidelines (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Willow Creek Watershed project, Runnels and Tom Green Counties, Texas.

The environmental assessment of this federal action indicates that the project will not create significant adverse local, regional, or national impacts on the environment and that no significant controversy is associated with the project.

As a result of these findings, Mr. George C. Marks, State Conservationist, Soil Conservation Service, USDA, First National Bank Building, Temple, Texas 76501, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The project concerns a plan for installing conservation land treatment measures and two floodwater retarding structures in the Willow Creek Watershed, Runnels and Tom Green Counties, Texas.

The environmental assessment file is available for inspection during regular working hours at the following location:

Soil Conservation Service, USDA, First National Bank Building, Temple, Texas 76501.

A limited number of copies of the negative declaration is available from the same address to fill single copy requests.

No administrative action on implementation of the proposal will be taken on or before February 25, 1976.

[Docket No. S-472, Sub. 1]

PYRAMID SUGAR TRANSPORT, INC.

Amended Notice of Application

Notice of Application for Pyramid Sugar Transport, Inc., identified as Docket No. S-472, was published in the FEDERAL REGISTER on October 30, 1975 (40 FR 50554). Such Notice indicated that Pyramid Sugar Transport, Inc., had filed an application dated October 10, 1975, with the Maritime Subsidy Board (the Board) pursuant to Title VI of the Merchant Marine Act, 1936, as amended (the Act), for an operating-differential subsidy contract, to expire December 31, 1975, unless further extended, to operate the M/V *Sugar Islander* in the carriage of export bulk raw and processed agricultural commodities in the foreign commerce of the United States (U.S.) from ports in the U.S. to ports in the Union of Soviet Socialist Republics (U.S.S.R.). Dry bulk cargo may be carried from U.S.S.R. and other foreign ports inbound to U.S. ports during voyages subsidized for carriage of export bulk raw and processed agricultural commodities to the U.S.S.R.

The application was not approved prior to December 31, 1975, which precluded an extension. Such Notice is now being republished to delete the passage "to expire December 31, 1975, unless further extended" and inserting in place thereof, "to expire December 31, 1976".

Full details concerning the U.S.-U.S.S.R export bulk raw and processed agricultural commodities subsidy program, including terms, conditions and restrictions upon both the subsidized operators and vessels, appear in Title 46 of the Code of Federal Regulations, Part 294.

For purposes of section 605(c) of the Act, it should be assumed that, should the Board grant the requested approval, the vessel named above will engage in the described trade, on a full-time basis, during the indicated time period. Under such approval, each voyage must be approved for subsidy assistance prior to its commencement, and the Board will act on such request(s) as an administrative matter for which there is no requirement for further section 605(c) notice(s).

Any person having an interest in the granting of the application and who would contest a finding of the Board that the service now provided by vessels of U.S. registry for the carriage of cargoes as previously specified is inadequate, must on or before February 20, 1976, notify the Board's Secretary, in writing, of his interest and of his position, and file a petition for leave to intervene in accordance with the Board's Rules of Practice and Procedure (46 CFR Part 201). Each such statement of interest and petition to intervene shall state whether a hearing is requested under section 605(c) of the Act and, with as much specificity as possible, the facts that the intervenor would undertake to prove at such hearing.

In the event a hearing under section 605(c) of the Act is ordered to be held with respect to the subject application, the purpose of such hearing will be to receive evidence relevant to (1) whether the application herein described, with respect to the vessel to be operated in an essential service and served by citizens of the U.S., would be in addition to the existing service or services, and if so, whether the service already provided by vessels of U.S. registry is inadequate, and (2) whether in the accomplishment of the purposes and policy of the Act additional vessels should be operated thereon.

If no request for hearing and petition for leave to intervene is received within the specified time, or if the Board determines that petitions for leave to intervene filed within the specified time do not demonstrate sufficient interest to warrant a hearing, the Board will take such action as may be deemed appropriate.

[Docket No. S-480, Sub. 1]

PYRAMID SUGAR TRANSPORT, INC.

Corrected Notice of Application

Previous notice of this application with respect to written approval pursuant to section 805(a) of the Act was published in the Federal Register on January 9, 1976 (41 FR 1614). That Notice advised that any approval for operating-differential subsidy would expire on December 31, 1975, unless further extended, or until completion of voyages in progress on that date. Since no action on the application was taken prior to the end of calendar year 1975, this Notice is to advise that any approval for operating-differential subsidy will now terminate on December 31, 1976, or upon completion of the voyage in progress on that date.

The written permission requested is for the MV *Sugar Islander* to from to time continue to operate in the domestic intercoastal and coastwise service notwithstanding the fact that a voyage in the proposed service on which the vessel engaged on domestic intercoastal or coastwise trade would not be eligible for subsidy.

Any person, firm, or corporation having any interest (within the meaning of section 805(a)) in such application and desiring to be heard on issues pertinent to section 805(a) and desiring to submit comments or views concerning the applications must, by close of business on February 20, 1976, file same with the Secretary, Maritime Administration, in writing, in triplicate, together with petition for leave to intervene which shall state clearly and concisely the grounds of interest, and the alleged facts relied on for relief.

If no petitions for leave to intervene are received within the specified time or if it is determined that petitions filed do not demonstrate sufficient interest to warrant a hearing, the Maritime Administration will take such action as may be deemed appropriate.

In the event petitions regarding the relevant section 805(a) issues are received from parties with standing to be heard, a hearing will be held, the purpose of which will be to receive evidence under section 805(a) relative to whether the proposed operation (a) could result in unfair competition to any person, firm, or corporation operating exclusively in the coastwise or intercoastal service, or (b) would be prejudicial to the objects and policy of the Act relative to domestic trade operations.

Office of the Secretary

[Dept. Organization Order 10-7]

ASSISTANT SECRETARY FOR TOURISM

Organization, Function, and Delegation of Authority

This order effective January 16, 1976, supersedes the materials appearing at 39 FR 11212 of March 26, 1974 and 39 FR 27485 of July 29, 1974.

SECTION 1. PURPOSE. .01 This order prescribes the scope of authority of the Assistant Secretary for Tourism and the functions of the United States Travel Service.

.02 This revision modifies the wording of the Assistant Secretary's authority and reflects the abolition of the position of Deputy Assistant Secretary for Bicentennial Affairs (Section 2.), incorporates the provisions of a prior amendment (subparagraph 4.k.), and adds several domestic travel promotion functions (subparagraphs 4.l., m., n., o., and p.).

SEC. 2. *Status and line of authority.* .01 Pursuant to the authority vested in the Secretary by law, the United States Travel Service ("USTS") is continued as a primary operating unit of the Department of Commerce.

0.2 As provided by statute (22 U.S.C. 2124), the Assistant Secretary of Commerce for Tourism (the "Assistant Secretary"), who is appointed by the President by and with the advice and consent of the Senate, is the head of the USTS. The Assistant Secretary exercises the duties and responsibilities of the Secretary under the International Travel Act of 1961, as amended, and other authorities as delegated by this order.

.03 The Assistant Secretary shall be assisted principally by a Deputy Assistant Secretary for Tourism who is subject to the supervision of the Assistant Secretary and shall perform the functions of the Assistant Secretary in his absence.

SEC. 3. *Delegation of authority.* .01 Subject to such policies and limitations as the Secretary of Commerce may prescribe, the Assistant Secretary for Tourism is hereby delegated the authority of the Secretary of Commerce under:

a. The International Travel Act of 1961, as amended, (the "Act") (22 U.S.C. 2121 et seq.);

b. The Trade Fair Act of 1959 (19 U.S.C. 1751–1756), relating to the certification and promotion of domestic trade fairs;

c. The Act of May 27, 1970 (22 U.S.C. 2801 et seq.), relating to participation of the United States in international expositions;

d. The Acts of February 19, 1966 (Pub. L. 89–555) and October 27, 1966 (Pub. L. 89–697) regarding the Inter-American Cultural and Trade Center in Dade County, Florida ("Interama"); and

e. The Act of July 19, 1940, as amended, (54 Stat. 773; 16 U.S.C. 18–18d), relating to domestic travel promotion, as transferred by Pub. L. 93–193 (December 19, 1973).

.02 The Assistant Secretary may exercise other authorities of the Secretary as applicable to performing the functions assigned in this order.

.03 The Assistant Secretary may redelegate his authority to any employee of the United States Travel Service, subject to such conditions in the exercise of such authority as he may prescribe.

SEC. 4. Functions. The Assistant Secretary shall have primary responsibility for promoting travel to the United States by residents of foreign countries to improve the U.S. balance of payments and to promote friendly understanding and good will among peoples of foreign countries and of the United States. The Assistant Secretary shall also have primary Departmental responsibility for the formulation of tourism policy; for the promotion of travel within the United States; for the implementation of U.S. international agreements providing for the development of tourism to the United States; and coordinating the use of the facilities and services of existing agencies of the Federal Government to achieve the objectives of the International Travel Act of 1961, as amended. In carrying out these responsibilities, the Assistant Secretary shall:

a. Develop, plan and carry out a comprehensive program designed to stimulate and encourage travel to the United States for the purpose of study, culture, recreation, business and other activities;

b. Encourage the development of tourist facilities, low cost unit tours, and other arrangements within the United States for meeting the requirements of foreign visitors;

c. Foster and encourage the widest possible distribution of the benefits of travel at the cheapest rates between foreign countries and the United States consistent with sound economic principles;

d. Encourage the simplification, reduction, and elimination of barriers to travel, and the facilitation of international travel generally;

e. Collect, publish, and provide for the exchange of statistics and technical information, including schedules of meetings, fairs, and other attractions, relating to international travel and tourism;

f. Utilize the facilities and services of Federal agencies, including those in foreign countries, to the fullest extent possible;

g. Consult and cooperate with individuals, businessmen, and organizations engaged in or concerned with international travel, including local, State, Federal, and foreign governments and international agencies;

h. Obtain the advice and services of qualified professional organizations and personnel;

i. Make grants or proposals for contracts for projects designed to carry out the purposes of the Act, subject to the provisions of Sections 3(a) (5) and (6) of the Act;

j. Provide, according to such policies, standards, criteria and procedures as he may establish, incentives to travel agents and tour operators in foreign countries for the promotion of travel to the United States;

k. Conduct Commerce programs involving:

(1) Federal recognition of and participation in international expositions, and special events held in the United States;

(2) Participation in domestic and international trade fairs and exhibitions as is necessary to the performance of United States Travel Service's functions; and

(3) Participation in international expositions abroad as is necessary to the performance of USTS's functions.

l. Develop, plan, and carry out a comprehensive program to encourage, promote and develop travel within the United States, its Territories and possessions, providing such activities do not compete with the activities of private agencies;

m. Cooperate with public and private tourist, travel, and other agencies for the purpose of encouraging, promoting or developing such domestic travel;

n. Recommend contracts with private publishers for the purpose of carrying out the provisions of the Act of July 19, 1940;

o. Make charges for any publications made available to the public pursuant to the provisions of the Act of July 19, 1940; and

p. Issue such rules, and take such other actions, as may be authorized or desirable to implement the Act of July 19, 1940.

Effective date: January 16, 1976.

JOSEPH E. KASPUTYS,
Acting Assistant Secretary for Administration.

DOMESTIC AND INTERNATIONAL BUSINESS ADMINISTRATION

Organization, Function, and Delegation of Authority

This order effective January 19, 1976, awards the material appearing at 40 FR 56879 of December 19, 1975.

Department Organization Order 40–1, dated November 17, 1975, is hereby amended as shown below. The purpose of this amendment is to change the name of Office of Ombudsman for Business to Office of the Ombudsman and to reflect the addition of certain consumer affairs functions to the responsibilities of the Office.

1. In Section 8. *The Bureau of Domestic Commerce.* Paragraph 8.04 is revised to read, as follows:

".04 The Office of the Ombudsman shall serve as a focal point for business assistance, consultation and advice; receive and respond to inquiries from business and industry, the Congress, other agencies of the Government, and the public; identify and take action to clarify business concerns involving Government policies and programs; serve as the Department's contact in consumer affairs matters with other Government agencies; serve as the focal point for consumer inquiries, complaints, and requests for assistance; obtain consumer views and identify and analyze consumer input on current issues for consideration in the Department's policy formulation and decisionmaking; conduct periodic business-consumer relations seminars in conjunction with the District offices of DIBA's Office of Field Operations, and report on DIBA's consumer representation activities to the Department of Commerce Consumer Affairs Council. In carrying out its functions, the Office shall not represent, intervene on behalf of, or otherwise seek to assist business and individuals on specific matters,

cases, or issues before Federal regulatory agencies or before Federal departments exercising a regulatory function with respect thereto; nor shall it participate in, intervene in regard to, or in any way seek to influence the negotiation or renegotiation of the terms of contracts between business and the Government."

2. The title "Office of Ombudsman for Business" which appears in a box on the chart attached as Exhibit 1 to DOO 40–1 of November 17, 1975, should be changed to read "Office of the Ombudsman". A copy of the chart is on file with the original of this document with the Office of the Federal Register.

Effective date: January 19, 1976.

JOSEPH E. KASPUTYS,
Acting Assistant Secretary for Administration.

[Dept. Organization Order 45–1, Amdt. 2]

ECONOMIC DEVELOPMENT ADMINISTRATION

Organization, Function, and Delegation of Authority

This order effective December 23, 1976, further amends the materials appearing at 40 FR 5549 of February 6, 1975, and 40 FR 7111 of February 19, 1975.

Department Organization Order 45–1, dated December 24, 1974, is hereby further amended as shown below. The purpose of this amendment is to delete from the functions of the Deputy Assistant Secretary the responsibility for the direction and coordination of the Regional Offices and reserve it to the Assistant Secretary, to assign responsibility to the Office of Planning and Program Support to certify and decertify firms and communities as eligible for adjustment assistance under the Trade Act of 1974, and to assign responsibility to the Deputy Assistant Secretary for Economic Development Operations for providing financial assistance to those firms and communities certified eligible to apply or be considered for adjustment assistance under the Trade Act of 1974.

1. In Section 3. *Office of The Assistant Secretary for Economic Development*, paragraphs .01 and .02 are revised to read as follows:

".01 The Assistant Secretary directs the programs and is responsible for the conduct of all activities, including overall direction and coordination of the Regional offices, of the Economic Development Administration subject to the policies and directives prescribed by the Secretary of Commerce.

".02 The Deputy Assistant Secretary shall act as principal adviser to the Assistant Secretary in the formulation, development and definition of policy issues; serve as Executive Secretary and provide or arrange for staff support, as required, for the National Public Advisory Committee on Regional Economic Development; represent the Administration on international organizations when so designated; establish uniform overview standards and procedures to be followed by the Regional Offices' Environtal Specialists in their review of projects under sections 101 and 201 of the Act; supervise the activities of the Investigations and Inspections Staff and the Indian Program Staff; assist the Assistant Secretary in all matters affecting the Economic Development Administration; and perform the duties of the Assistant Secretary during the latter's absence."

2. In Section 4. Deputy Assistant Secretary for Economic Development Planning, the "and" is deleted at the end of subparagraph .02a.13., and added at the end of subparagraph .02a.14, and a new subparagraph .02a.15 is added to read as follows:

"15. Certify and decertify firms and communities as eligible to apply for adjustment assistance under the Trade Act of 1974 and perform those functions of the Secretary in section 264 of the Act except subsection (b) which is reserved to the Secretary."

3. In Section 5. Deputy Assistant Secretary for Economic Development Operations, the "and" is deleted at the end of subparagraph .01f. and added at the end of subparagraph .01g., and a new subparagraph .01h. is added to read as follows:

"h. Provide financial assistance to firms and communities which are certified eligible to apply or be considered for adjustment assistance under the Trade Act of 1974."

Effective date: December 23, 1975.

JOSEPH E. KASPUTYS,
Acting Assistant Secretary for Administration.

[Dept. Organization Order 20–7]

OFFICE OF ORGANIZATION AND MANAGEMENT SERVICES

Organization, Function, and Delegation of Authority

This order effective January 9, 1976, supersedes the materials appearing at 37 FR 6416 of March 29, 1972, and 40 FR 58882 of December 19, 1975.

SECTION 1. *Purpose.* .01 This order prescribes the functions and organization of the Office of Organization and Management Systems.

.02 This revision updates and revises the statement of functions of the Office (subparagraphs 3.01a. and 3.01b., and paragraph 3.02) and the Divisions (paragraphs 4.01 through 4.04); reflects the transfer of certain files and records functions to the Office of Administrative Services and Procurement (paragraph 4.01); and incorporates the amendment establishing the Information Management Division (paragraph 4.05).

SEC. 2. *Status and line of authority.* The Office of Organization and Management Systems (OOMS), a Departmental office, shall be headed by a Director, who shall report and be responsible to the Assistant Secretary for Administration. The Director shall be assisted by a Deputy Director, who shall perform the functions of the Director during the latter's absence.

SEC. 3. *Functions.* .01 Pursuant to the authority vested in the Assistant Secretary for Administration by Department Organization Order 10–5, and subject to such policies and directives as the Assistant Secretary may prescribe, the office shall:

a. Perform, on a Department-wide basis, management consulting, organizational review, management improvement, automatic data processing policy and analysis, directives management, financial systems management, information management, and related management service functions, as specified in Section 4.

b. Provide automatic data processing services for the Office of the Secretary and designated operating units.

c. Exercise such authorities of the Assistant Secretary for Administration as are implicit in and essential to carry out the functions assigned by this Order.

.02 The Director shall be the adviser to, and representative of, the Assistant Secretary for Administration for organization, management, and ADP matters, and shall serve as adviser to other Department officials with respect to these matters.

SEC. 4. *Organization.* Under the direction and supervision of the Director, assisted by the Deputy Director as determined by the Director, the functions of the Office shall be organized and carried out as provided below:

0.1 The Management Analysis Division shall plan and conduct management studies and surveys of the Department or of specific organization units or functions, as requested or approved; direct or participate in joint task force activities involving other elements of Administration or of the Department; conduct activities to promote management improvement efforts by organizations of the Department and to stimulate the use and extension of effective management tools and techniques; and, as directed, develop, and institute new or revised policies, requirements, standards, and procedures on Department-wide management and administrative matters. The Division is also responsible for analyzing proposed changes to the Department's primary organization structure and for managing the system for promulgating the Department's primary organization structure; reviewing proposed legislation and proposals within the Executive Branch involving organizational matters affecting the Department; assuring compliance with Govrnment-wide directives from the Executive Office of the President, including the assignment of responsibility for implementation; and serving as the principal staff component of the Department on directives, reports, and correspondence. The Division shall work with its counterpart organizations within the operating units to improve and coordinate the management analysis function throughout the Department.

.02 The ADP Management Division shall develop and monitor the execution

of plans, policies, and procedures for the management, acquisition, and use of automatic data processing (ADP) resources within the Department. It shall evaluate ADP systems requirements and proposed acquisitions of computer hardware, software, and services by the units of the Department and make appropriate recommendations to the Office Director; promote standard practices for computer facility management and operation, and coordinate the implementation of Federal information processing standards within the Department; develop and implement a program for computer and facility performance evaluation; and provide advice and consultation to units of the Department on computer hardware and software management and acquisition.

.03 The ADP Operations Division shall operate a central computer facility for the Office of the Secretary and for designated operating units or selected ADP applications of operating units. The Division's services shall include detailed design and programming of specific ADP applications as assigned.

.04 The Administrative Systems Divisions shall formulate policy and standards applicable to accounting matters, the coordination and integration of all administrative systems of a financial nature including those operating in an automated environment, and the development of unit costs for planning and controlling operations. The Chief of the Division serves as Chairman of the Department's Finance Council.

The Division is also responsible for reviewing accounting systems design and financial systems implementation for approval; assisting in the improvement of accounting systems; coordinating accounting practices; and providing liaison with central agencies on accounting matters and on administrative systems matters.

.05 The Information Management Division shall develop policies, procedures, standards, and relevant rules and orders to assure Department compliance with the provisions of the Freedom of Information Act as amended, the Privacy Act of 1974, and the Federal Advisory Committee Act; monitor policy compliance by units of the Department; review the units' implementation of the rules and orders; function as the focal point in coordination with the Department's Office of General Counsel for the Department's administration of the three statutes; and serve as the principal staff component of the Department on information management and committee management functions.

Effective date: January 9, 1976.

LIBBY, MCNEILL & LIBBY

Tomato Juice Deviating From Identity Standard; Temporary Permit for Market Testing

The Food and Drug Administration has issued to Libby, McNeill & Libby a temporary permit to market test tomato juice made from concentrate. This permit is effective for a period of 15 months beginning no later than May 10, 1976.

In accordance with § 10.5 (21 CFR 10.5) concerning temporary permits to facilitate market testing of foods deviating from the requirements of the standards of identity promulgated pursuant to section 401 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 341), notice is given that a temporary permit has been issued to Libby, McNeill & Libby, 200 South Michigan Ave., Chicago, IL 60604. This permit covers interstate marketing tests of tomato juice that deviates from the standard of identity prescribed in § 53.1 (21 CFR 53.1). This permit provides for the temporary marketing of 30,000 cases of 12/46-ounce-cans of the product in the States of Kansas and Missouri. The test product will be manufactured in the Libby, McNeill & Libby plant in Kokomo, Indiana. The product to be temporarily marketed has been prepared from concentrated tomato liquid, complying with the tomato paste requirements of § 53.30(a)(1) (21 CFR 53.30(a)(1)), except that water and salt are added. The finished product will be equivalent to a single strength tomato juice normally found in the marketplace.

The principal display panel of the labels will declare the product name as "Tomato Juice From Concentrate". Each of the ingredients used, except for the tomato ingredient, will be declared on the label as required by the applicable sections of Part 1 (21 CFR Part 1). The liquid complying with the requirements of § 53.30(a)(1) will be declared as "tomato concentrate".

This permit is effective for 15 months, beginning on the date the new food is introduced or caused to be introduced into interstate commerce, but no later than May 10, 1976.

Dated: February 3, 1976.

Food and Drug Administration

[Docket No. 76N-0003]

SAFETY OF CERTAIN FOOD INGREDIENTS

Opportunity for Public Hearing

The Food and Drug Administration is announcing an opportunity for public hearing on the safety of certain food ingredients to determine if they are generally recognized as safe (GRAS) or subject to a prior sanction. Requests to make oral presentations at the public hearing must be postmarked on or before March 11, 1976.

The Commissioner of Food and Drugs issued, in the FEDERAL REGISTER of July 26, 1973 (38 FR 20053), a notice advising the public that an opportunity would be provided for oral presentation of data, information, and views at public hearings to be conducted by the Select Committee on GRAS Substances of the Life Sciences Research Office, Federation of American Societies for Experimental Biology (hereinafter referred to as the Select Committee), about the safety of ingredients used in food to determine if they are generally recognized as safe (GRAS) or subject to a prior-sanction.

The Commissioner now gives notice that the Select Committee is prepared to conduct a public hearing on the following additional categories of food ingredients:

Carnauba wax
Hydrogenated fish oil
Sorbic acid and some sorbic acid salts
Tallow, hydrogenated tallow, stearic acid and calcium stearate

The public hearing will provide an opportunity, before the Select Committee reaches its final conclusions, for any interested person(s) to present scientific data, information, and views on the safety of the substances, in addition to those previously submitted in writing pursuant to notices published in the FEDERAL REGISTER of July 26, 1973 (38 FR 20051, 20053) and April 17, 1974 (39 FR 13796, 13798).

The Select Committee has reviewed all of the available data and information on the categories of food ingredients listed above and has reached one of the four following tentative conclusions on the status of each:

1. There is no evidence in the available information that demonstrates or suggests reasonable grounds to suspect a hazard to the public when it is used at levels that are now current or that might reasonably be expected in the future.

2. There is no evidence in the available information that demonstrates or suggests reasonable grounds to suspect a hazard to the public when it is used at levels that are now current and in the manner now practiced. However, it is not possible to determine, without additional data, whether a significant increase in consumption would constitute a dietary hazard.

3. While no evidence in the available information demonstrates a hazard to the public when it is used at levels that are now current and in the manner now practiced, uncertainties exist requiring that additional studies be conducted.

4. The evidence is insufficient to determine that the adverse effects reported are not deleterious to the public health when it is used at levels that are now current and in the manner now practiced.

The following table lists each ingredient, the Select Committee's tentative conclusion (keyed to the four types of conclusions listed above), and the available information on which the Select Committee reached its conclusion.

Substance	Select committee tentative conclusion	Scientific literature review: Order No.	Scientific literature review: Cost	Animal study report—order number and cost	Other information

In addition to the information contained in the documents listed in the table above, the Select Committee supplemented, where appropriate, their reviews with specific information from specialized sources as announced in a previous hearing opportunity notice published in the FEDERAL REGISTER of September 23, 1974 (39 FR 34218).

The Select Committee's tentative reports on (1) carnauba wax, (2) hydrogenated fish oil, (3) sorbic acid and some sorbic acid salts, and (4) tallow, hydrogenated tallow, stearic acid and calcium stearate are available for review in the office of the Hearing Clerk, Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20852, and also at the Public Information Office, Food and Drug Administration, Rm. 3807, 200 C St., SW., Washington, DC 20204. In addition, all reports and documents used by the Select Committee to review the ingredients are available for review in the office of the Hearing Clerk.

To schedule the public hearing, the Select Committee must be informed of the number of persons who wish to attend and the length of time requested to give their views. Accordingly, any interested person who wishes to appear at the public hearing to make an oral presentation shall so inform the Select Committee in writing, addressed to: The Select Committee on GRAS Substances, Life Sciences Research Office, Federation of American Societies for Experimental Biology, 9650 Rockville Pike, Bethesda, MD 20014. A copy of each such request shall be sent to the Hearing Clerk, address noted above, and all such requests shall be placed on public display in that office. Any such request must be postmarked on or before March 11, 1976, shall state the substance(s) on which an opportunity to present oral views is requested, and shall state how much time is requested for the presentation. As soon as possible thereafter, a notice announcing the date, time, place, and scheduled presentations for any public hearing that may be requested will be published in the FEDERAL REGISTER.

The purpose of the public hearing is to receive data, information, and views not previously available to the Select Committee about the substances listed above. Information already contained in the scientific literature reviews and in the tentative Select Committee report shall not be duplicated, although views on the interpretation of this material may be presented.

Depending on the number of requests for opportunity to make oral presentations, the Select Committee may reduce the time requested for any presentation. Due to time limitations, individuals and organizations with common interests are urged to consolidate their presentations. Any interested person may, in lieu of an oral presentation, submit written views, which shall be considered by the Select Committee. Three copies of such written views shall be addressed to the Select Committee at the address noted above, and must be postmarked not later than 10 days before the scheduled date of the hearing. A copy of any written views shall be sent to the Hearing Clerk, Food and Drug Administration, and shall be placed on public display in that office.

A public hearing will be presided over by a member of the Select Committee. Hearings will be transcribed by a reporting service, and a transcript of each hearing may be purchased directly from the reporting service and will also be placed on public display in the office of the Hearing Clerk, Food and Drug Administration.

[Docket Nos. 20567–20569; FCC 76R–29]

ALEXANDER S. KLEIN, JR. ET AL.

Memorandum Opinion and Order Enlarging Issues

In the matter of applications of Alexander S. Klein, Jr., Media, Pennsylvania, Docket No. 20567, File No. BPH–8905; Greater Media Radio Company, Media, Pennsylvania, Docket No. 20568, File No. BPH–9011; Roberts Broadcasting Corporation, Media, Pennsylvania, Docket No. 20569, File No. BPH–9156; for construction permits.

1. By Order, 40 FR 36805, published August 22, 1975, the Chief of the Broadcast Bureau, acting pursuant to delegated authority, designated the above-captioned mutually exclusive applications for consolidated hearing. Now before the Review Board is a motion to enlarge issues, filed September 8, 1975, by Greater Media Radio Company (Greater Media), requesting the addition of financial, site availability and § 1.65 issues against Roberts Broadcasting Corporation (Roberts).[1]

[1] The Board also has before it for consideration the following related pleadings: (a) Comments, filed October 6, 1975, by the Broadcast Bureau; (b) Opposition, filed October 8, 1975, by Roberts; and (c) reply, filed October 14, 1975, by Greater Media.

FINANCIAL ISSUE

2. Roberts' application reflects that it will require $320,979 to construct its proposed station and operate for one year, and that it has available a $300,000 loan from the First Pennsylvania Bank to meet these expenses.[2] In its motion Great Media cites various alleged deficiencies in Roberts' loan agreement.[3] Movant asserts that the letter of credit is deficient in that: The schedule of principal repayment is to be determined by a future contingency (cash flow projections to be prepared by an expert in the field); the amount of the required commitment fee is not specified; and the letter of credit is made subject to a loan agreement and execution of other documents satisfactory to both parties, none of which has been defined.[4] The Broadcast Bureau, in its comments, agrees that a financial issue is warranted. Specifically, the Bureau argues that Roberts should be required to identify the expert who will prepare its cash flow projections and the standards he will use in computing the schedule for principal repayments. In addition, the Bureau contends that since the loan is "subject to" certain unidentified documents, these documents must be defined before Roberts has satisfied Commission requirements.[5]

3. In opposition, Roberts avers that by its terms the bank letter constitutes a definitive commitment to provide the $300,000 loan once an operating license

[2] The balance of Roberts' expenses will be met with $29,250 in existing capital and $750 in stock subscriptions.

[3] The First Pennsylvania commitment letter provides, inter alia, that the loan will be for a term of seven years; that interest will be at two points over the Bank's moving prime; that no principal repayment will be required for two years after receipt of an operating license; and that the schedule for principal repayment and additional compensation will be determined upon receipt of cash flow projections to be done for Roberts by an expert in the field.

[4] Greater Media's final contention, that the original bank commitment letter expired by its own terms on June 25, 1975, is now moot. By Order, FCC 75M–1829, released October 24, 1975, the presiding Administrative Law Judge accepted an amendment to Roberts application which includes an updated bank letter extending the original loan commitment to September 1976.

[5] The Bureau also contends with respect to the bank's commitment letter that an inquiry into Roberts' ability to finance its operation on a continuing basis may be necessary in light of the applicant's proposed substantial deferrals of principal repayment. We note, however, that in the absence of specific evidence to the contrary, an applicant which has demonstrated its first year financial capability is presumed likely to provide service on a continuing basis. See Ultravision Broadcasting, Co., 1 FCC 2d 544, 5 RR 2d 343 (1965). The fact that an applicant has chosen to defer principal repayment does not, standing alone, constitute such evidence (see Radio Nevada, 15 FCC 2d 324, 14 RR 2d 796 (1968); Mt. Carmel Broadcasting, Co., 8 FCC 2d 1033, 10 RR 2d 931 (1967)), and we will accordingly dismiss the Bureau's contention as unsupported by sufficient allegations.

is received. Though there is no definitive schedule for principal repayment, Roberts argues that such a showing is not feasible at this time since the schedule will be predicated on cash flow projections based on the station's operating experience. As to the commitment fee, Roberts alleges that while the exact amount of the fee is still in negotiation, the bank has given a "preliminary indication" that the fee will be approximately $3,000.[6] In any event, Roberts argues that it has budgeted $16,000 to meet unitemized contingencies, and that once the amount of the fee is finalized it will be met with these funds. Additionally, although Roberts acknowledges that the bank has made its loan commitment "subject to" a loan agreement and documents satisfactory to both parties, it alleges that this arrangement is consistent with "prudent" business custom and does not obviate a finding that it has provided "reasonable assurance" of the availability of the bank loan (citing Deep South Radio, Inc., 47 FCC 2d 1045, 30 RR 2d 1474 (1974); Lamar Life Broadcasting Co., 26 FCC 2d 932, 20 RR 2d 981 (1970); Athens Broadcasting Co., 10 FCC 2d 697, 11 RR 2d 851 (1967).

4. The Review Board, on its own motion, will add a limited financial issue to determine what security, if any, will be required of Roberts for its proposed $300,000 loan.[7] Thus, though the bank indicates in its commitment letter that liens on the applicant's assets will be unnecessary, it neither specifies what form of security will be required nor indicates that the parties have agreed to forego a security requirement entirely. This failure to specify security requirements precludes a finding of reasonable assurance that the proposed loan will be available and accordingly an appropriate issue will be added. Cf. Viking Television Inc., 16 FCC 2d 1018, 15 RR 2d 954 (1969); Christian Voice of Central Ohio, 15 FCC 2d 303, 14 RR 2d 785 (1968);

5. Aside from the absence of security provisions, it is our view that the bank's commitment letter satisfies Commission requirements. Thus, though Roberts has not provided a definitive schedule for principal repayments, the bank has explicitly agreed that the repayment obligation will be determined on the basis of cash flow projections made by an expert in the field and that the payments will not accrue until two years after a license is received. Because these provisions are reasonably definite and because the bank's commitment is not contingent on a more detailed showing we can perceive no basis for further inquiry into this aspect of the proposed loan. With respect to the commitment fee, we note that the bank has given a preliminary indication that the fee will approximate $3,000, and since Roberts has demonstrated that it has $16,000 available to amortize the fee when it is finalized, we cannot assume that Roberts will be unable to meet the bank's requirements in this regard. Finally, as to movant's allegation that the bank commitment is deficient in that it is "subject to" satisfactory execution of a loan agreement and other documents, we agree with Roberts that provisions of this nature do not warrant designation of a financial issue. Since most loan commitments are not legally binding agreements, it must be presumed that binding agreements and documents will be entered into at that time the loans are actually made. Thus, as we held in Romac Baton Rouge Corp., 7 FCC 2d 468, 9 RR 2d 777 (1967), the execution of a loan agreement is primarily a matter of form rather than substance and it would make little sense to differentiate between commitment letters that are made subject to a final agreement and those which make no mention of this necessary contingency. In short, we find movant's objections to the First Pennsylvania loan commitment letter to be without foundation and consequently the designated financial issue will be limited to the question of security provisions for the applicant's proposed $300,000.

TRANSMITTER SITE AVAILABILITY

6. Greater Media contends that an appropriate issue should be added against Roberts to determine whether it has reasonable assurance of an available transmitter site. Specifically, movant first alleges that Roberts' proposed transmitter site is located on property owned by the Sisters of Saint Francis.[8] Additionally, Greater Media maintains that Roberts should be required to specify whether it intends to rent or purchase this proposed site, since it has itemized both land acquisition costs and transmitter site rental costs in its financial proposal.[9]

7. Both Roberts and the Bureau oppose addition of a site availability issue. In support of its oposition, Roberts attaches a memorandum of understanding which indicates that the Sisters of Saint Francis have agreed to lease it the property in question. The Bureau for its part maintains that there are no discrepancies in Roberts' proposal for acquiring the site, since Roberts has simply listed $6,000 as estimated studio rental and $5,040 as rental for its transmitter site.

8. The Review Board will deny the requested issue. Greater Media has failed to submit affidavits from the owners of the proposed site indicating that the property is not available for Roberts' use, and therefore movant has not adequately suported its allegations as required by § 1.229(c). See Alexander S. Klein, Jr., FCC 75R–430, released November 25, 1975, 35 RR 2d 947. Moreover, it is apparent from evidence submitted by Roberts that the Sisters of Saint Francis have agreed to lease it the property in question,[10] and in our view this showing provides the Commission with reasonable assurance that Roberts' proposed transmitter site will be available. Cf. Ken Stephens, 53 FCC 2d 383, —— RR 2d —— (1975); Harry R. Peyton, 49 FCC 2d 272, 31 RR 2d 974 (1974).

SECTION 1.65 ISSUE

9. Greater Media's final request for addition of a Rule 1.65 issue is based on an allegation that Roberts has not amended its application to disclose an acquired interest in a Paducah, Kentucky CATV franchise. Specifically, Greater Media contends that Suzanne F. Roberts, the president of Roberts Broadcasting Corporation, owns 16.7 percent of the stock of International Equity Corporation, which corporation in turn owns 38.9 percent of Comcast Corporation and wields 65.6 percent of Comcast's voting power. According to movant, Comcast received a Paducah, Kentucky CATV franchise in October 1974, but Roberts never amended its application to reflect this acquisition.[11] Therefore Greater Media argues that addition of an appropriate issue is warranated.

10. In apposition, Roberts notes initially that it has petitioned to amend its application to reflect an interest in the Paducah franchise. Moreover, according to Roberts, its failure to amend its application at an earlier date is expained by the fact that Comcast's interest in the franchise has not yet ripened into a final acquisition, and therefore Robert's interest in the franchise is not yet pertinent to these proceedings. In this regard, Roberts maintains that while Comcast has been awarded the franchise, its certificate of compliance is opposed and the Commission has not yet acted on this matter. The Bureau, in its comments, joins Roberts in arguing that its failure to list the Paduch franchise is not of decisional significance in this case, since Robert's application already reflects numerous CATV systems or franchises owned by Comcast.

11. The Review Board will not add the requested issue. The decisional significance of the Paducah, Kentucky franchise in this proceeding is not, in our view, apparent on its face [12] and movant has made

[6] In support thereof, Roberts submits the affidavits of Suzanne F. Roberts, its president.

[7] Since Greater Media did not raise the question of security for the loan until it filed its reply pleading, the Board is adding the limited issue on its own motion.

[8] In support, Greater Media attaches affidavits from Norman L. Rivers, a broadcast consultant who plotted the site, Kenneth L. Gandy, a real estate broker who identified the Sisters of Saint Francis as owners of the land, and Daniel M. Lerner, the president of Greater Media, who requested this information.

[9] Movant cites to Roberts' FCC Form 301, Section III para. 1(a), in which Roberts lists $6,000 for "acquiring land" and para. 1(b), Exhibit 6, in which the applicant lists $5,040 as transmitter site rental.

[10] Moreover, we agree with the Bureau that Roberts' financial proposal clearly indicates that it intends to lease rather than purchase its proposed transmitter site.

[11] In support of its claim Greater Media attaches Comcast's annual report for the year 1974, which reflects the acquisition of an interest in the Paducah franchise.

[12] We note in this regard that Robert's application lists twenty-nine CATV systems or franchises, other than the Paducah, Kentucky franchise, currently owned by Comcast.

no showing of its significance. Therefore, the Board is of the view that addition of a § 1.65 issue is clearly not warranted. See KOKA Broadcasting Co., 56 FCC 2d 191, 35 RR 2d 384 (1975).

12. *Accordingly, it is ordered,* That the motion to enlarge issues against application of Roberts Broadcasting Corporation, filed September 8, 1975 by Greater Media Radio Company, is dened, and

13. *It is further ordered,* That on motion of the Review Board, the issues in this proceeding are enlarged to include the following issue:

To determine what security, if any, will be required of Roberts Broadcasting Corporation for its proposed loan from the First Pennsylvania Bank, and to determine, in light thereof, whether the loan will be available to Roberts and the applicant will thereby be financially qualified to be a Commission licensee.

14. *It is further ordered,* That the burden of proceeding with the introduction of evidence and the burden of proof under the issue added herein shall be on Roberts Broadcasting Corporation.

Adopted: January 26, 1976.

Released: January 29, 1976.

[Docket No. 20598; FCC 76R-32]

ALL AMERICA CABLES AND RADIO, INC. AND COMMUNICATIONS SATELLITE CORP.

Memorandum Opinion and Order Enlarging Issues

In the matter of All America Cables and Radio, Inc., Docket No. 20598, For authority to construct a domestic Fixed Public Satellite Earth Station at Cayey, Puerto Rico, File No. 20-DSE-P-74, for authority to acquire, install and operate channelizing equipment at the Cayey, Puerto Rico earth station, File No., DS-AA-1, Communications Satellite Corporation, File No. I-P-D-5, for authority to discontinue service via the Cayey, Puerto Rico earth station and to transfer ownership to All America Cables and Radio, Inc.

1. By Memorandum Opinion and Order, FCC 75-1061, released October 3, 1975, the Commission designated for hearing three related applications—two filed by All America Cables and Radio, Inc. (AAC&R), and one filed by the Communications Satellite Corporation (COMSAT)—seeking approval of a transfer of COMSAT's ownership interest in the Cayey, Puerto Rico earth station to AAC&R and the use of that facility by AAC&R in the provision of domestic satellite services between the United States mainland and Puerto Rico. Citing its determination in its Second Report and Order, In the Matter of Establishment of Domestic Communications—Satellite Facilities by Non-Governmental Entities, 35 FCC 2d 844, 24 RR 2d 1942 (1972) (hereinafter Second Report and Order), that message telephone service to Puerto Rico, Alaska and Hawaii could best be provided by AT&T "in conjunction with the appropriate local carrier," 35 FCC 2d at 858, 24 RR 2d at 1957, and noting that the Puerto Rico Telephone Company (PRTC) rather than AAC&R now provides local telephone service within the Commonwealth of Puerto Rico, the Commission designed the following specific issues for hearing:

(1) Whether AAC&R is the appropriate local carrier to provide message telephone service between the United States mainland and Puerto Rico;

(2) If AAC&R is not found to be the appropriate local carrier, whether the public interest requires a waiver of the Commission's policy determination that message telephone service should be provided by the appropriate local carrier.

The Commission also ordered that the Administrative Law Judge appointed to preside at the hearing issue an Initial Decision at the close of the record.

2. Now before the Review Board is a motion to change and enlarge issues, filed October 28, 1975, by AAC&R.[1] In its motion AAC&R maintains that the Commission's designation Order rests upon a premise which is legally erroneous[2] and factually too narrow to permit a full assessment of the many public interest considerations raised by the AAC&R and Comsat applications. Thus, petitioner asserts, a total restructuring of the hearing issues is warranted. To this end, AAC&R proposes that the following questions be resolved in this proceeding:

(a) Is AAC&R qualified to provide interstate message telephone services via the Cayey earth station?

(b) Does the locality served by the Cayey earth station include the Virgin Islands as well as Puerto Rico?

(c) Are ITT Worldcom, RCA Global Communications, Inc., and Western Union International, Inc., qualified to provide record communications services via the Cayey earth station?

(d) If so, should their access to or participation in the Cayey earth station be on an indefeasible right of user, ownership, or other basis?

(e) Would the public interest, convenience and necessity be served by granting the applications of AAC&R, AT&T and Comsat?

3. In setting forth its proposed issues, AAC&R acknowledges that the requested relief may not lie within the Board's jurisdiction, and insofar as petitioner's proposed issues (c), (d) and in some respects (e) are concerned, the Board agrees with this assessment. This, issues (c) and (d) would permit an inquiry into the terms of appropriate access by the international record carriers to the domestic satellite facilities, a subject which the Commission expressly declined to address in its designation Order (paragraph 8) and which we cannot now add to this proceeding in the absence of a showing that the Commission acted in this regard without knowledge of all pertinent facts. See Atlantic Broadcasting Co., (WUST)), 5 FCC 2d 717, 8 RR 2d 991 (1966). Likewise, to the extent that proposed issue (e) would require consideration of AT&T's pending application to provide its share of the facilities to be used in the provision of the United States mainland—Puerto Rico service, a grant of AAC&R's request would involve consolidating this application into the instant proceeding, an action which the Board clearly lacks authority to take. See § 1.227 of the Commission's rules; Mountain City TV Co., 51 FCC 2d 1167, 33 RR 2d 239 (1975). In any event, petitioner's attempt to transform the limited inquiry contemplated by the Commission into a full-scale consideration of all aspects of the provision of domestic satellite services between the United States mainland and Puerto Rico constitutes, in our opinion, an effort to alter the basic scope of the instant proceeding, and it is well established that the Review Board cannot entertain requests of this nature. See Mountain City TV Co., supra; Trans America Broadcasting Corp., 20 FCC 2d 468, 17 RR 2d 833 (1969).

4. While the previously cited requests lie outside the Board's jurisdiction, AAC&R's proposed issues (a) and (b) are, we believe, already encompassed within the issues designated by the Commission. Thus, the question of what geographic area should be included in the "locality" to be served by the earth station (proposed issue b) and the question of whether AAC&R is qualified to serve this locality (proposed issue a) can both be resolved within the context of the two issues already specified in this proceeding—i.e. whether AAC&R is the appropriate local carrier and, if not, whether the local carrier policy should be waived in its favor. We do, however, agree with petitioner's contention that the Commission's designation Order does not include a conclusory issue, and in order to remedy this situation, we will add the remainder of its proposed issue (e) to this proceeding.

5. *Accordingly, it is ordered,* That the motion to change and enlarge issues, filed October 28, 1975, by All America Cables and Radio, Inc., is granted to the extent indicated herein and is denied in all other respects; and

6. *It is further ordered,* That the issues in this proceeding are enlarged to include the following:

1977 WORLD ADMINISTRATIVE RADIO CONFERENCE OF THE INTERNATIONAL TELECOMMUNICATION UNION

Planning of the Broadcast—Satellite Service; Correction

In the matter of an inquiry relating to the preparations for the 1977 World Administrative Radio Conference of the International Telecommunication Union for planning of the Broadcasting-Satellite Service in the 11.7–12.2 GHz band, Docket No. 20468.

1. The Second Notice of Inquiry in the instant proceeding, FCC 76-25,[1] adopted January 15, 1976, contained an error in the description of a formula on out-of-band emission limitations. The formula was meant to describe limitations on emissions as a function which relates a percentage of the authorized emission bandwidth to the distance which the emission is removed from its assigned frequency.

2. Accordingly, we are amending a portion of paragraph 28 of the Second Notice of Inquiry in Docket 20468 to correct this minor error.

3. That portion of paragraph 28 of the Notice, wherein the formula for emission limitations is presented, is modified as follows:

In any 4 KHz band, the center frequency of which is removed from the assigned frequency by—

More than 50 up to and including 250 percent of the authorized bandwidth:

$A=9+0.2(P-50)+10\log_{10}B$, but in no event less than 25 decibels (attenuation greater than 55 db is not required)

More than 250 percent of the authorized bandwidth:

$A=43+10\log_{10}$(mean output power in watts) decibels or 55 decibels, whichever is lesser

FEDERAL ENERGY ADMINISTRATION

STATE ENERGY CONSERVATION PLANS

Notice of Cancellation of Hearing

On January 27, 1976, the Federal Energy Administration (FEA) issued proposed regulations to amend Chapter II, Title 10 of the Code of Federal Regulations, by establishing Part 420 to implement a program for State energy conservation plans under Part C of Title III (42 U.S.C. 6321–6326) of the Energy Policy and Conservation Act (Pub. L. 94-163). A public hearing with respect to these amendments was scheduled for February 11, 1976, to be continued, if necessary, on February 12. In view of the lack of interest in presenting views and arguments at this hearing, it is hereby cancelled. In all other respects, the January 27 notice remains the same.

Issued in Washington, D.C., February 6, 1976.

FEDERAL TRADE COMMISSION

VIETNAM ERA VETERANS' READJUSTMENT ASSISTANCE ACT OF 1974

Agreement

Pursuant to the provisions of Pub. L. 93-508, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, the Veterans Administration (hereinafter VA) and the Federal Trade Commission (hereinafter FTC) enter into this formal Agreement for purposes of implementing the requirements of sections 1794 and 1796 of title 38, United States Code by assisting the Administrator in rendering decisions under section 1796(a).

For purposes of the Agreement the phrase "advertising, sales, or enrollment practices" shall include, but not necessarily be limited to, any method used or action taken on the part of an institution or its agents for the purpose of soliciting or encouraging enrollment in its course(s) of study whether or not such enrollment actually occurs and shall include, but not be limited to, the use of direct mail pieces, brochures, sales training materials, printed literature, films, video-tapes and audio-tapes, advertisements disseminated through print and broadcast media, tear sheets, leaflets, handbills and flyers.

[1] See 41 FR 4065, January 28, 1976.

The FTC and VA agree to the following principles and procedures.

1. a. The VA, by its officer the Director of Education and Rehabilitation Service, Department of Veterans Benefits, shall refer to the FTC those instances wherein the VA has reason to believe that an institution, as further defined herein, otherwise approved for the enrollment of eligible veterans has been or is utilizing advertising, sales, or enrollment practices of any type which are considered to be erroneous, deceptive, or misleading either by actual statement, omission or intimation or is engaging in other practices that violate provisions of chapters 34, 35 or 36 of title 38, United States Code covering similar matters. All such referrals should be directed to the Director, Bureau of Consumer Protection, FTC.

b. In making its referrals, the VA shall select those institutions of higher learning or schools offering courses not leading to a standard college degree, otherwise approved for veterans training under title 38, United States Code, which have substantial numbers of veterans enrolled in their course or courses of study and where veteran participation in the institution involves large expenditures of Federal tax dollars. Moreover, the VA shall refer to the FTC only those cases where the institution has been and continues to engage in a pattern of acts or practices that demonstrate an ongoing utilization of advertising, sales, or enrollment practices that may be erroneous, deceptive or misleading. In no case shall the VA undertake to refer any matter in which the issues raised are predominantly for the resolution of private disputes not affected with a substantial public interest.

2. In its referral, the VA shall indicate the basis for its reason to believe that the above described practices were occurring on a regular and ongoing basis and shall submit to the FTC documentary or other adequate information in support of its view. Moreover, the VA shall enclose information on the size of the institution, the number of veterans enrolled, the annual amount of veterans assistance payments made to veterans enrolled at the institution and any other data pertinent to ascertaining the impact of the school's practices on the general public.

3. The FTC shall evaluate the information referred to it by the VA and shall in its exclusive discretion, determine whether acceptance of the referral is consistent with its existing enforcement programs and resource commitments.

4. After receipt and review of the referral by the Office of the Director of the Bureau of Consumer Protection, the Director shall notify the Director of Education and Rehabilitation Service of his decision with regard to the referral. In no event shall the acceptance or rejection of the referral be construed to be a judgment by the FTC upon the merits of the matters referred and in no event shall the rejection of a referral be the sole basis upon which the VA shall determine that an institution has not violated section 1796(a) of title 38, United States Code. Nothing in this Agreement shall be construed to preclude the Administrator from otherwise rendering a decision under Section 1796(a) in those instances where the FTC has rejected a referral under this Agreement.

5. a. In those cases where the FTC has determined that acceptance of a referral is consistent with its present enforcement programs and resource commitments it shall have its staff conduct such investigation as it deems necessary of the institution in question and prepare a report detailing whether the staff has found sufficient grounds to believe that the institution utilizes advertising, sales, and enrollment practices which are erroneous, deceptive or misleading.

b. In the event that preparation of a staff report shall take more than sixty days, the FTC shall notify the VA and indicate the estimated time of completion of the report and its findings.

6. The report and findings of the staff shall be solely for the use of the Administrator in rendering his judgment under section 1796(a) of title 38, United States Code and shall not be construed to be a determination by the FTC that the institution has been or is violating Section 5 of the Federal Trade Commission Act or an order finalized thereunder.

7. The VA shall notify the FTC of the final action taken by the Administrator with regard to the alleged violation(s) of section 1796(a) by an institution.

8. The FTC shall refer to the VA all final orders entered by the Commission against institutions covered by the agreement for use by the VA in rendering judgments under section 1796(a).

9. This Agreement shall be deemed a proper agreement for the purposes of Section 1794 of title 38, United States Code and the Administrator hereby agrees to reimburse the FTC for actual expenses incurred in conducting the investigations outlined above. At the end of each quarter of each fiscal year, the FTC will report to the Administrator all actual expenses incurred in the course of each investigation and will indicate the method of timing of repayment for these expenses.

Dated: January 20, 1976.

VIETNAM ERA VETERANS' READJUSTMENT ASSISTANCE ACT OF 1974

Delegation of Authority To Accept or Reject VA Referrals

Section 1796(a) of Title 38 of the U.S. Code provides that the Veterans Administration shall not approve the enrollment of an eligible veteran or eligible person in any course offered by an institution which utilizes advertising, sales, or enrollment practices of any type which are erroneous, deceptive, or misleading either by actual statement, omission, or intimation.

Section 1796(b) requires the Administrator of the Veterans Administration to enter into an agreement with the Federal Trade Commission to implement the above.

Pursuant to the provisions of Pub. L. 93-508, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, the Veterans Administration and the Federal Trade Commission have entered into a formal agreement for the purposes of implementing the requirements of sections 1794 and 1796 of Title 38 of the U.S. Code by assisting the Administrator in rendering decisions under section 1796(a). This agreement is published elsewhere in the FEDERAL REGISTER today.

Procedures under the agreement provide for referral of cases by the Veterans Administration to the Federal Trade Commission, and preparation of reports by Federal Trade Commission staff.

Pursuant to the authority provided by Reorganization Plan No. 4 of 1961 (26 FR 6191), the Federal Trade Commission has delegated to the Director, Bureau of Consumer Protection, without the power of redelegation, the authority to accept or reject Veterans Administration referrals, with the understanding that the Commission will review the completed staff reports on such matters.

By direction of the Commission dated January 9, 1976.

CHARLES A. TOBIN,
Secretary.

SECRETARY OF THE TREASURY

Delegation of Authority

1. *Purpose.* This regulation delegates authority to the Secretary of the Treasury to appoint uniformed guards of the Department of the Treasury as United States special policemen for duty at the Federal Law Enforcement Training Center, Brunswick, Georgia.

2. *Effective date.* This delegation of authority is effective immediately.

3. *Delegation.* a. Pursuant to the authority vested in me by the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended, and the Act of June 1, 1948 (62 Stat. 281), as amended, authority is hereby delegated to the Secretary of the Treasury (1) to appoint uniformed guards as United States special policemen, (2) to make all needful rules and regulations, and (3) to annex to such rules and regulations such reasonable penalties (not to exceed those prescribed in 40 U.S.C. 318c.) as will ensure their enforcement for the protection of persons and property at the Federal Law Enforcement Training Center (formerly Glynco Naval Air Station), Brunswick, Georgia, over which the United States has concurrent legislative jurisdiction.

b. The Secretary of the Treasury may redelegate this authority to any officer or employee of the Department of the Treasury.

c. This authority shall be exercised in accordance with the limitations and requirements of the above-cited acts and the policies, procedures, and controls prescribed by the General Services Administration.

JACK ECKERD,
Administrator of General Services.

SECURITIES AND EXCHANGE COMMISSION

[Release 34-12070; File No. SR-NASD-76-1]

NATIONAL ASSOCIATION OF SECURITIES DEALERS, INC.

Proposed Rule Change; Self-Regulatory Organizations

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), as amended by Pub. L. No. 94-29, 16 (June 4, 1975) notice is hereby given that on January 30, 1976, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission a proposed rule change as follows:

STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGE

TEXT OF PROPOSED RULE CHANGE

The following is the full text of the proposed amendment to Article XV, Section 5, of the Association's By-Laws and proposed new Section 8 of Schedule A of Article III, Section 1 of the Association's By-Laws.

PROPOSED AMENDMENT TO ARTICLE XV, SECTION 5

SEC. 5 Notification by Member to Board of Termination.

No person associated with a member who is registered with the Corporation may transfer his registration or any right arising therefrom. Promptly upon, *but in no event later than thirty (30) calendar days after,* the termination of the [employment] association [by] *with* a member of a person who is registered *with it,* such member shall give written notice to the Association *on a form designated by the Board of Governors* of the termination of such [employment] association. *A member who does not submit such notification in writing within the time period prescribed shall be assessed a late filing fee as specified by the Board of Governors in Schedule A of the By-Laws.* Termination of registration (subject to section 6) of such person associated with a member shall not take effect until thirty (30) days after receipt thereof by the Board of Governors nor so long as any complaint or action is pending against a member and to which complaint or action is pending against a member and to which complaint or action such person associated with a member is also a respondent, or so long as any complaint or action is pending against such person individually or so long as any examination of the member or person associated with such member is in process. The Board of Governors, however, may in its discretion declare the resignation effective at any time.

PROPOSED NEW SECTION 8 OF SCHEDULE A OF ARTICLE III, SECTION 1 OF THE ASSOCIATION BY-LAWS

SEC. 8. *Notification of Termination Late Filing Fee:*

(a) A late filing fee of $25 shall be assessed a member who fails to submit to the Association written notification of the termination of association with it of a person who is registered with it within thirty (30) calendar days of such termination as required by Section 5 of Article XV of the By-Laws.

(b) The late filing fee prescribed by subsection (a) hereof shall accompany any delinquent written notification of termination filed with the Association.[1]

STATEMENT OF BASIS AND PURPOSE

PURPOSE OF PROPOSED RULE CHANGE

The proposed amendment to Article XV, Section 5, of the Association's By-Laws requires members to promptly file with the Association, a written notice of termination for any registered person associated with the member whose association has been terminated. The Board of Governors has determined that there is a need to effect a timely review of terminations for cause of registered persons whose activities at the firms they leave require staff investigation and where such activities may lead to District Business Conduct Committee sanctions. Existing section 5 of Article XV requires that members promptly file notices of termination for persons who are registered with the members. However, the Board is aware that such notices are not always promptly filed with the Association, and the proposed amendments to section 5 of Article XV would require all members to file with the Association a written notice of termination on a form designated by the Board of Governors no later than thirty (30) calendar days following the actual date of termination of such person by the member.

The proposed amendment to Schedule A of the By-Laws would require a $25 late filing fee to be charged a member who does not file a termination notice within the time prescribed by the proposed amendment to Section 5 of Article XV.

BASIS UNDER THE ACT FOR PROPOSED RULE CHANGE

Section 15A(b) of the Securities Exchange Act of 1934 provides an association of brokers and dealers shall not be registered as a national securities association unless the Commission determines that (2) such association is organized and has the capacity to be able

[1] SR-NASD-75-1 effective October 2, 1975 contains additions and renumbering which include the creation of a Section 7.

to carry out the purposes of the Act and to enforce compliance by its members and persons associated with its members with the provisions of the Act. Further, the rules of the association must be designed (6) to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and in general to protect investors and the public interest. The rules of the association must also provide (7) that its members and persons associated with its members shall be appropriately disciplined for violation of any provisions of the Act, the rules and regulations thereunder, or the rules of the association by the imposition of appropriate penalties.

The amendments to Article XV, Section 5 and the proposed Section 8 under Schedule A of Article III of the Association's By-Laws have been approved by the Board of Governors under authority granted to it as a means of carrying out the purposes of the Act.

COMMENTS RECEIVED FROM MEMBERS, PARTICIPANTS OR OTHERS ON PROPOSED RULE CHANGES

Twenty-one (21) comment letters were received from the membership on the proposed amendments. The names and addresses of the respondents, the dates of their letters, and a summary of the contents are as follows. Copies of the comment letters are attached to this filing as Exhibit 2.

Comments in respect to proposed amendments to art. XV, sec. 5, of the bylaws and of sec. 7 of schedule A of art. III thereunder

Name of organization/author	Date of letter	Response
1. John Hancock Distributors, Inc., Mr. George F. Scanlon, Jr., Boston, Mass.	Jan. 13, 1975	1. Believes the 15-d requirement is unreasonable as it would apply to members with large numbers of part-time representatives. 2. The proposed late filing fee appears disproportionate to other NASD fees.
2. John Hancock Mutual Life Insurance Co., Mr. John T. Longmoore, Boston, Mass.	Jan. 9, 1975	1. Believes the proposed amendments would be unfair to John Hancock and other large insurance companies because: (a) NASD licensing and reporting is centralized and there is, hence, considerable delay in transmitting information, and (b) most terminations result from the representative being unsuccessful in the life insurance field. 2. A 15-d filing requirement and a $25 fee seem unreasonable—a longer period such as 30-d and a lower late filing fee would be more appropriate. 3. Alternatively, suggests limiting the proposed filing requirement fee to only terminations-for-cause and further recommends a 30-d filing requirement in such cases (suggested alternative language is attached to their letter).
3. G. A. Horwitz & Co., Inc., Mr. Gerald A. Horwitz, Chicago, Ill.	Dec. 16, 1974	1. Suggests a central clearing for registration to alleviate paperwork.
4. CISCO of America, Inc., Mr. J. R. Korndorffer, Pensacola, Fla.	Dec. 20, 1974	1. Believes certified checks and money orders are not necessary in order to pay the late filing fee. Company checks should suffice.
5. Brooks-Hamburger Securities Co., Inc., Mr. Marvin J. Hamburger, New York, N.Y.	Dec. 18, 1974	1. Agrees with the proposed amendment. 2. Believes member's check should be allowed in payment of fee.
6. Investogenic Services, Inc., Mr. Robert D. Warner, Los Angeles, Calif.	Dec. 19, 1974	1. Believes proposals will be a hardship to members who have representatives as independent contractors and who have a timelag problem in processing applications and terminations.
7. F. L. Putnam & Co., Inc., Mr. J. Stephen Putnam, Boston, Mass.	Dec. 31, 1974	1. Supports the proposed amendments.
8. Van Kenpen Wauterleck & Brown, Inc., Mr. Robert J. Stracks, Chicago, Ill.	Dec. 27, 1974	1. Supports the proposed amendments. 2. Believes late filing fee should be allowed to be paid with company check.
9. Anchor National Financial Services, Inc., Mr. Charles Shafer, Phoenix, Ariz.	Jan. 9, 1975	1. Supports the proposed amendments.
10. 1st Investors Corp., Mr. Joseph O'Brien, New York, N.Y.	Jan. 14, 1975	1. Believes proposals could present a hardship to members with representatives which are independent contractors, especially when they verbally voluntarily terminate or fail to notify the member of their having terminated.
11. Travelers Equities Sales, Inc., Mr. H. J. Weldon, Hartford, Conn.	....do.....	1. Believes period for filing should be extended to 20 business days.
12. Bache & Co., Inc. Mr. Michael Kiey, Jr., New York, N.Y.	Jan. 21, 1975	1. Suggests period for filing should be extended to 30 days.
13. Investors Diversified Services, Inc., Mr. Kevin P. Howe, Minneapolis, Minn.	Jan. 14, 1975	1. Supports proposals but believes 15-d requirement is too restrictive in cases of voluntary terminations. 2. Suggests changing proposal to require 15-d notice for terminations-for-cause and to require prompt notice in cases of voluntary terminations. 3. Suggests allowing fee to be paid by members' ordinary checks.
14. Prudential Insurance Co. of America, Mr. M. D. Vogt, Phoenix, Ariz.	....do.....	1. Believes proposals will be a burden to their firm because of the size and decentralized nature of their sales force. 2. Terminations-for-cause in their firm constitute less than 5 pct of the 500 to 600 terminations processed each year. 3. Believes the purpose sought to be achieved by the proposals would be appropriately covered by more stringent observance of sec. 26(e) [sic] of the rules of fair practice.
15. Equitable Life Assurance Society of the United States, Mr. Neil M. DeVries, New York, N.Y.	Jan. 13, 1975	1. Believes proposals are impractical, unworkable, and exceedingly costly for a large, widely dispersed national organization such as Equitable. 2. In 1974, Equitable processed 429 termination notices (12 of which were for cause). If a late filing fee were in in effect at that time the total fees would have been in excess of $10,000 because none of the notices were filed within 15 business days.

Comments in respect to proposed amendments to art. XV, sec. 5, of the bylaws and of sec. 7 of schedule A of art. III thereunder—Continued

Name of organization/author	Date of letter	Response
16. Metropolitan Life, Mr. James J. McCormack, New York, N.Y.	Jan. 14, 1975	1. Objects to proposals as such will impose an undue hardship on many members and prevent members from conducting their own full and meaningful investigation. 2. Believes a 15-d filing requirement is too strict for a decentralized firm and suggests 60 ds. 3. Since a large number of their sales force are union members, terminations under certain circumstances must be reviewed with the Industrial Relations Department before being reported. 4. Believes a 15-d filing requirement would prevent their firm from conducting a meaningful investigation where allegations are concerned, opening up the possibility that the member would face great risk of civil litigation and financial exposure. 5. Objects to late filing fee as it appears to be clearly punitive in nature and, in any event, fee should be allowed to be paid with a company check. 6. If proposals are adopted believes they should be modified to permit members to notify NASD of a termination within time prescribed and allow member to forward details on completion of member's investigation.
17. Connecticut Mutual Life Insurance Co., Mr. Melvin E. Johnson, Hartford, Conn.	Jan. 10, 1975	1. Believes 15-d period and filing fee would be a hardship for companies such as theirs. 2. Since a small number of terminations are for-cause, they believe there is no real reason why routine terminations need be subject to such a requirement. 3. Suggests changing proposal to require a 15-d filing requirement in cases of terminations for-cause and to 60-d for routine terminations. 4. Suggests changing the world "submit" to "mail" on line 7 of the proposal. 5. Believes firms need more than 15-d to fully investigate allegations to its own satisfaction.
18. Merrill Lynch, Pierce, Fenner & Smith, Inc., Mr. E. Richard Lewis, New York, N.Y.	....do....	1. Opposes proposals as such would subject their firm to a $25 fee for every termination notice they file which approximates 1,000 or so each year. 2. Believes proposals would require their firm to file a termination notice prematurely before they can complete an investigation which may be unfair to all parties concerned and not reflective of due process.
19. Mutual of Omaha Fund Management Co., Mr. J. Paul Erickson, Omaha, Nebr.	Jan. 15, 1975	1. Believes proposed requirements (15-d filing) would be difficult to meet in certain cases because of slow mail deliveries and the failure of some R R's to give immediate notice of their resignation. 2. Suggest that 15-d period start as of the date members receive notice of person's termination.
20. Investment and Insurance Consultants, Mr. M. M. Hlavacek, El Paso, Tex.	Dec. 22, 1974	1. Supports proposal but would amend such to require: (a) Members to send the NASD a copy of the termination letter, (b) letter should state if termination was for cause, voluntary, or otherwise, (c) a fee be levied against a member who does not provide NASD with a copy of a termination notice within 24 h, and (d) former employer should not be allowed prejudice rights of terminated representatives.
21. Suncan Equity Services Co., Mr. David D. Horn, Wellesley Hills, Mass.	Dec. 26, 1974	1. Supports proposals but would like stricter controls or procedures so that member employers would know beforehand that the NASD was investigating the background of a representative.

BURDEN ON COMPETITION

The proposed amendments to Article XV, Section 5 and the related section 8 under Schedule A of Article III of the Association's By-Laws are the result of the Association's assumption of the responsibility imposed upon it by statute, i.e., to develop criteria in its rules to aid in protecting the investing public. For the purpose of complying with the requirements of the Act it is felt there is no burden placed upon competition as the result of requiring the timely reporting of termination of an employee by a member for purposes of enabling the Association to investigate the reason for such termination. Indeed, competition within the industry has increased and the protection of the public investor is increased by establishing such requirements. To the extent that any regulatory proposal may burden competition if it restricts or requires activity and establishes standards of conduct where previously there were none, the decision to allow the Association to burden competition to that extent was considered and approved by Congress. Consequently, while it is believed that no burden on competition arises from this request, should any be deemed to exist such is necessary and in furtherance of the purposes of the Act.

On or before March 16, 1976, or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the above-mentioned self-regulatory organization consents, the Commission will:

(a) By order approve such proposed rule change, or

(b) Institute proceedings to determine whether the proposed rule change should be disapproved.

Interested persons are invited to submit written data, views and arguments concerning the foregoing. Persons desiring to make written submissions should file 6 copies thereof with the Secretary of the Commission, Securities and Exchange Commission, Washington, D.C. 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street NW., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the above-mentioned self-regulatory organizations. NEW YORK STOCK EXCHANGE, INC.

Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), as amended by Pub. L. No. 94-29, 16 (June 4, 1975), notice is hereby given that on February 2, 1976, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission a proposed rule change as follows:

STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGE

The proposed rule change will (1) require that short sales on the Exchange be governed by the last sale price on the Exchange instead of the last price reported in a consolidated system, and (2) prohibit Exchange specialists from availing themselves of the exemption provided by SEC Rule 10a-1(e)(5). The text of the proposed rule change is attached as Exhibit 1.

STATEMENT OF BASIS AND PURPOSE

The basis and purpose of the proposed rule change is as follows:

PURPOSE OF PROPOSED RULE CHANGES

SEC Rule 10a-1 provides, in part, that if trades in a security registered on a national securities exchange are reported pursuant to a consolidated transaction reporting system on a real-time basis, then short sales of that security will be governed by the last sale price in that security as reported in such consolidated system. Rule 10a-1 also provides, however, that a national securities exchange may, by rule, require that the short sale of a security on such exchange be governed, instead, by the last sale price of the security on that exchange, if the exchange determines that such action is necessary or appropriate in its market in the public interest or for the protection of investors.

In addition, Rule 10a-1 provides a so-called "equalizing exemption" regarding short sales by registered specialists. This exemption allows a registered specialist to effect short sales for his own account on the exchange with which he is

registered, of any security in which he is registered, at any price equal to or above the last sale price reported for such security in a real-time consolidated transaction reporting system—even though the price at which such short sale is effected may be below the next preceding different price at which a sale of such security, regular way, was reported in a consolidated system. Rule 10a–1 also provides, however, that a national securities exchange may, by rule, prohibit its registered specialists from availing themselves of this exemption if the exchange determines that such action is necessary or appropriate in its market in the public interest or for the protection of investors.

BASIS UNDER THE ACT FOR PROPOSED RULE CHANGE

The proposed rule change is based on section 10(a) of the Securities Exchange Act of 1934 and Rule 10a–1 thereunder. Rule 10a–1(a)(2) provides that an exchange may, by rule, require that short sales of securities on the exchange be governed by the last sale price of such securities on such exchange if the exchange has determined that such action is necessary or appropriate in its market in the public interest or for the protection of investors. The Exchange has so determined because requiring short sales on the Exchange to be governed by prices reported in a consolidated system would mean that:

(1) In cases where an Exchange specialist has no position, or a "short" position, in securities in which he is registered, restrictions on sales for his own account based on consolidated system prices instead of Exchange prices could prevent his (i) fulfilling his obligation under SEC and Exchange rules to engage in a course of dealings for his own account to assist in the maintenance of fair and orderly markets, or (ii) making or maintaining a quotation for his own account at a price reasonably related to the preceding last sale on the Exchange as required by Exchange rules.

(2) An Exchange specialist could be prevented from selling short for his own account in opening a security at a price which is determined to be a fair price, if an opening trade has already been reported in the consolidated system at a higher price which would prohibit his selling short at such fair price.

(3) The price at which stock is offered on the Floor of the Exchange on behalf of a public order to sell short would be frequently changed as a result of non-Exchange transactions reported in the consolidated system. Consequently, a public investor entering an order to sell "short" would frequently lose priority to orders to sell "long" entered after his order.

(4) An NYSE Floor broker representing public orders to sell short would have the onerous responsibility of monitoring his business and satisfying his other obligations and, at the same time, being continuously aware of the last sale prices reported in the consolidated system in order to assure proper represetation of the short orders.

(5) An order which had not been exposed to the auction market on the Exchange Floor could create a price for allowable short sales on this Exchange below the current bid price on the Exchange.

Rule 10a–1(e)(5) provide that an exchange, by rule, may prohibit its registered specialists from availing themselves of the "equalizing" exemption afforded by that rule if the exchange determines that such action is necessary or appropriate in its market in the public interest or for the protection of investors. While the Exchange has determined that it is currently appropriate to so prohibit its specialists, and has therefore adopted a rule to that effect, the fact that specialists and other bona fide market makers in other markets will be able to effect short sales under circumstances denied to speicalists on this Exchange may itself prove with experience to be unacceptable.

COMMENTS RECEIVED FROM MEMBERS, PARTICIPANTS OR OTHERS ON PROPOSED RULE CHANGE

The Exchange has not formally solicited comments regarding the proposed rule change, nor has the Exchange received any unsolicited written comments from members or other interested persons.

BURDEN ON COMPETITION

Subparagraph (b) of proposed Rule 440B will prohibit registered Exchange specialists, in certain instances, from effecting a short sale in a security in which they are registered at a price, while other exchange specialists and market makers and qualified third market makers may not be so prohibited. The Exchange believes that this restriction is justified at the present time, but realizes that, as experience is gained, this prohibition may have to be reconsidered.

COMMISSION ACTION

On or before March 16, 1976, or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the abovementioned self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

Interested persons are invited to submit written data, views and arguments concerning the foregoing. Persons desiring to make written submissions should file 6 copies thereof with the Secretary of the Commission, Securities and Exchange Commission, Washington, D.C. 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street NW., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the abovementioned self-regulatory organization. All submissions should refer to the file number referenced in the caption above and should be submitted on or before March 2, 1976.

TEXT OF PROPOSED RULE CHANGE

Rule 440B

(a) No member shall, for his own account or for the account of any other person, effect on the Exchange a short sale of any security (i) below the price at which the last sale thereof, regular way, was effected on the Exchange, or (ii) at such price unless such price is above the next preceding different price at which a sale of such security, regular way, was effected on the Exchange.

(b) No specialist shall effect on the Exchange a short sale of any security in which such specialist is registered for his own account or for the account of any other person in reliance upon the exemption afforded by paragraph (e)(5) of Regulation § 240.10a–1 of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended.

* * * *Supplementary Material:*

Interpretations of Securities and Exchange Commission and New York Stock Exchange Rules.—10. The discussion of short selling regulations in the Supplementary Material of this rule relates to securities reported on a real-time basis pursuant to a consolidated transaction reporting system. Members and member organizations also should familiarize themselves with the provisions of SEC Regulation § 240.10a–1 which relate to securities that are not reported on a real-time basis pursuant to such a system, particularly paragraphs (b) and (e)(6) of the rule.

In general, SEC Regulation § 240.10a–1 prohibits any "short sale" of any security registered on, or admitted to unlisted trading privileges on, a national securities exchange, if trades in such security are reported on a real-time basis pursuant to a consolidated transactions reporting system (a "consolidated system"), (i) below the price at which the last sale thereof, regular way, was reported in such consolidated system, or (ii) at such price unless such price is above the next preceding different security, regular way, was reported in a consolidated system. However, any exchange, by rule, may base the permissibility of short sales on the last sale, regular way, effected on such exchange rather than the last sale, regular way, reported pursuant to the consolidated system.

A "short sale" is defined as (1) any sale of a security which the seller does not own; or (2) any sale which is consummated by the delivery of a security borrowed by or for the account of the seller. Thus, a sale of a security which is owned by the seller becomes a "short sale" if delivery to the purchaser is made by the use of borrowed securities. This may often be the case if the original security is not available at the place at which delivery is to be made in negotiable form. (see .14 below).

Although the term "short sale" may thus include many sales which would ordinarily be regarded as long sales, the prohibition of the general rule does not apply to (1) any person, whether a member of a non-member, selling a security which he owns and intends to deliver as soon as is possible without undue inconvenience or expense; or (2) any broker or dealer, whether or not a member or member organization, executing for an account in which it has no interest to sell order marked "long" (see .13 below). Certain additional transactions are exempted by paragraph (e) of Regulation § 240.10a–1 and the Commission is authorized to grant other exemptions under paragraph (f) of the Regulation.

Regulation § 240.10a–1 and Rule 440B apply to short sales of odd-lots as well as to short sales of round lots (except as to transactions exempted under paragraph (e) or (f) of the Regulation). Consequently, no short sale of a stock in an amount less than the unit of trading shall be effected on the Exchange unless such sale is based upon a sale, in the unit of trading, the price of which (1) is higher than the price of the last "regular way" sale on the Exchange of such stock in the unit of trading or (2) is the same as the price of such last sale and such price was higher than the last different price of a "regular way" sale on the Exchange of such stock in the unit of trading.

By virtue of Regulation § 240.10a–1(a)(2) a short sale in violation of Rule 440B is a short sale in violation of a rule or regulation under the Securities Exchange Act of 1934. Consequently, any person, including any member or any customer, who effects for his own account or for any other account any "short sale" in violation of Rule 440B may be guilty of a criminal offense.

.11 Securities subject to the rules.—The rules apply, generally speaking, to all securities dealt in upon any national securities exchange, other than U.S. Government or municipal securities.

.12 Place of transaction.—Regulation § 240.10a–1 applies to any short sale of any security reported pursuant to the consolidated transactions reporting system which is registered on or admitted to unlisted trading privileges on any national securities exchange, whether that sale takes place on an exchange or in the over-the-counter market. Rule 440B which has been adopted by the Exchange pursuant to paragraphs (a)(2) and (e)(5) of the Regulation applies, of course, only to short sales effected on the Exchange.

.13 Marking of orders: customer's written agreement regarding designation of sell orders.—Every sell order (including odd lots) in a security subject to the rule, which is executed on any exchange or by means of any instrumentality of interstate commerce, whether originated or handled by a member, must be marked to indicate whether it is "long" or "short." The abbreviation "L" or "S" may be used. A member (including any Floor broker) or any employee may mark an order "long" only if (1) the customer's account is " long" the security involved; or (2) the member or employee is informed that the seller owns the security and will deliver it as soon as is possible without undue inconvenience or expense. If a sell order is to be marked "long" pursuant to (2) above, the information prescribed therein must actually be obtained in some manner. To obviate the necessity of hurriedly obtaining the information specified in Regulation § 240.-10a–2, it is advisable for the member when he receives the order also to obtain information from the seller as to the practicability of then delivering the security. As a method of obtaining such information with respect to an order to sell, a member (including any Floor broker) may enter into any bona fide written agreement with his customer that the customer, when placing "short" sell orders, will designate them as such, and that the designation of a sell order as "long" is a representation by the customer to the member that the customer owns the security, that it is then impracticable to deliver the security to such member and that the customer will deliver it as soon as is possible without undue inconvenience or expense.

The Exchange is advised that in the opinion of the Securities and Exchange Commission's staff a member is not justified in marking a sell order "long" on the basis of an agreement with the customer that the absence of any designation of a sell order constitutes a representation by him to the member that the conditions described in Regulation § 240.10a–1(d)(2) obtain; the mere omission of any designation of the order whatsoever may not be considered as effectively conveying the required information. Therefore, in order to accomplish its purpose, namely to avoid the necessity of obtaining the required information with each individual order to sell a security "long" which is not in the customer's account, a written agreement with the customer must provide not only that all "short" sell orders will be designated as "short" but also that "long" sell orders will be specifically designated as "long." In addition, the agreement should further provide that the actual designation "long" is to be taken as a representation that the conditions specified in the rules as described above actually obtain.

For the information of members there is given below a form of written agreement which is considered by the staff of the Securities and Exchange Commission to provide a suitable method of obtaining the information required in connection with the rules under discussion. This is, of course, not the only form which a proper agreement may take but is given here merely as one example of a suitable form.

"Having in mind the rules promulgated by the Securities and Exchange Commission under Section 10(a) of the Securities Exchange Act of 1934 which you have called to our attention, we hereby undertaken and agree to designate all sell orders as either 'long' or 'short', unless the security to be delivered after sale is carried in the account for which the sale is to be effected, and that the designation by us of an order as a 'long' sell order shall be a certification by us that the security ordered to be sold is owned by the seller and that either (1) such security has been forwarded to such account or (2) it is then impracticable to deliver such security to such account, but that the seller will deliver such security to such account as soon as is possible without undue inconvenience or expense. If there is carried in the account for which the sale is to be effected a security which can be delivered in satisfaction of the sale, you are authorized and directed to deliver such security from such account.

"Will you kindly evidence your concurrence in this understanding and arrangement by signing and returning to us the enclosed carbon copy of this letter."

In the case of a member who executes selling orders for a foreign customer with whom he communicates in a code which does not employ words having normal meanings, the Exchange is informed that in the opinion of the Commission's staff it would be appropriate to include in the written agreement with such a customer, in addition to the material quoted above, the following arrangement in regard to the code, or its equivalent:

"We desire hereby also to agree with you that in addition to the meanings assigned to the respective words relating to sales on pages _____ of the _____ code book which we use in communicating with each other, said words shall, unless otherwise noted, be interpreted to include a certification by us that the security ordered to be sold is owned by the seller and that either (1) such security has been forwarded to such account or (2) it is then impracticable to deliver such security to such account, but that the seller will deliver such security to such account as soon as is possible without undue inconvenience or expense.

"For the purpose of further evidencing the additional meanings hereby assigned to the said code words, you and we will affix to the said pages of the said code book in our respective possession an appropriate endorsement or legend expressly setting forth the aforesaid additional meanings. The text of such legend is: 'In addition to the meanings assigned on this page to the respective words relating to sales, said words shall, unless otherwise noted, also mean that the security ordered to be sold is owned by the seller and that either (1) such security has

been forwarded to such account or (2) it is then impracticable to deliver such security to such account, but that the seller will deliver such security to such account as soon as is possible without undue inconvenience or expense'."

Paragraph (c) of the Securities and Exchange Commission's Regulation § 240.10a–1 provides that "No broker or dealer shall, by the use of any facility of a national securities exchange, or any means or instrumentality of interstate commerce, or of the mails, effect any sell order for a security registered on, or admitted to unlisted trading privileges on, a national securities exchange unless such order is marked either 'long' or 'short'."

Therefore, members on the Floor who receive sell orders from other members, whether in full or odd lots of stock, or in bonds are required to take particular care to see whether such orders are marked either "long" or "short," and whenever any member on the Floor receives from another member or member organization any sell order which is not marked either "long" or "short" such order should not be filled or executed but should be returned for proper marking to the member or organization from whom it was received.

.14 Ownership of securities.—A person is deemed to own a security if (1) he or his agent has title to it; or (2) he has purchased or has entered into an unconditional contract, binding on both parties, to purchase it but has not yet received it; or (3) he owns a security convertible into or exchangeable for it and has tendered such security for conversion or exchange; or (4) he has an option to purchase or acquire it and has exercised such option; or (5) he has rights or warrants to subscribe to it and has exercised such rights or warrants. He is not deemed to own a security if he owns securities convertible into or exchangeable for it but has not tendered such securities for conversion or exchange, or if he has an option or owns rights or warrants entitling him to such security, but has not exercised them.

Within the meaning of the rules a person "owns" securities only to the extent that he has a net long position in such securities. Thus, if a person maintains two accounts and is short 1000 shares of a security in one and long 1000 shares of the same security in another, any sales of such security by such person are "short sales" and are subject to the provisions of the rules.

.15 Price at which short sales may be made on the Exchange. (NOTE.—All sales and prices referred to in this paragraph '15, including the examples, relate to sales and prices on the Exchange.)—A short sale may not be made below the price of the last regular way sale, but may be made at the price of the last regular way sale, provided that the previous different regular way sale price was lower than the price of the last sale, irrespective of whether such prices were established on the same day or some earlier day. If the previous different price was higher than the price of the last sale, a short sale may be made only at a price which is higher than the price of the last sale. Therefore, a member with an order to sell short must ascertain the price of the last regular way sale and (unless the bid is above the price of such regular wac price, regardless of when the transactions occurred, in order to determine the price at which a short sale may be made. A member with an order to sell 500 shares short may either sell the entire quantity in one lot at a price permitted by the rule, or sell 500 shares in smaller lots at such price, provided no intervening sales occur which change the price basis as above described. In determining the price at which a short sale may be effected after a security goes ex-dividend, ex-right, or ex- any other distribution, all sale prices prior to the "ex" date may be reduced by the value of such distribution.

Examples.—(1) When no distribution is involved:

If the last sale was at 50 and the last previous different price was at 50⅛, a short sale may be made only at 50⅛ or above;

If the last sale was at 51½ and the previous different price was at 51⅜, a short sale may be made at 51½ or above;

If the last sale was at 52 and the previous different price was at 52¼, a short sale may be made at 52⅛ or above;

(2) When a distribution is involved:

The value of a dividend, right or other distribution may be deducted from all last sale prices made in securities prior to the "ex" date to determine the price at which a short sale in such "ex" securities may be effected. Thus, if the value of a dividend, right or other distribution was $1.50 and:

If the last sale price prior to the "ex" date was at 51½ and the previous different price was at 51⅜, by deducting the $1.50 value the last sale price would be regarded to be 50 and the previous different price to be 49⅞, a short sale may be made at 50 or above;

If the last sale price prior to the "ex" date was at 48⅝ and the previous different price was at 48¾, by deducting the $1.50 value the last sale price would be regarded to be 47⅛ and the previous different price to be 47¼, a short sale may be made at 47¼, or above;

If the last sale price prior to the "ex" date was at 53 and the previous different price was at 53¼, by deducting the $1.50 value the last sale price would be regarded to be 51½ and the previous different price to be 51¾ a short sale may be made at 51⅝ or above;

If the last sale price prior to the "ex" date was at 52¾ and the previous different price was at 52½, by deducting the $1.50 value the last sale price would be regarded to be 51¼ and the previous different price to be 51, a short sale may be made at 51¼ or more.

When a security is dealt in on two or more national securities exchanges, or on one or more national securities exchanges and in the over-the-counter market, the controlling price as to short sales on the Exchange is always the last regular way sale price on the Exchange, but the controlling price on any other national securities exchange on which the security is dealt may be the price at which the last sale thereof, regular, was reported in the consolidated transaction reporting system or the price at which the last sale thereof, regular way, was effected on such exchange, depending upon whether last sale prices of the security involved are reported in such consolidated transaction reporting system on a real-time basis and whether the other national securities exchange has adopted the rule permitted by Regulation § 240.10a–1(a) (2). The controlling price as to short sales effected in the over-the-counter market of securities subject to the short selling rules shall, if last sale prices in such security are reported pursuant to the consolidated transaction reporting system on a real-time basis, be the price at which the last sale thereof, regular way, was reported in such consolidated transaction reporting system and if last sale prices of such security are not reported pursuant to such a system, Regulation § 240.10a–1 does not apply to the short sale of such security in the over-the-counter market.

Initial sale may be short sale.—A ruling has been made by the staff of the Securities and Exchange Commission that the initial sale of a security newly listed on the Exchange may be a short sale. Subsequent sales on the Exchange at the same price may also be short sales provided there is no intervening transaction on the Exchange at a different price. Once a transaction on the Exchange at a different price takes place the regular operation of the short selling rules becomes effective.

In the case of securities dealt in at variations of less than ⅛, the price at which short sales may be made under the rules are determined by the minimum variation permitted; e.g., if a bond is dealt in at variations of 1/32, the last sale having been 100 and the previous difference price of 100$^{2}/_{32}$, a short sale may be made at or above 100$^{1}/_{32}$.

.16 "When issued" and "when distributed" securities.—The rules apply to the sale "when issued" and "when distributed" securities in the same manner as issued securities. In the case of a sale of a "when issued" or "when distributed" security, the last "regular way" sale price means the last price at which the "when issued" or "when distributed" security has sold and the "next preceding different price" means the last previous different price at which a sale of such "when issued" or "when distributed" security took place. A person is deemed to be the owner of a "when issued" or "when distributed" security if he has entered into a contract to purchase the same binding on both parties and subject only to the condition of issuance or distribution or, by virtue of his ownership of an issued security, will be entitled to receive, without the payment of consideration, the "when issued" or "when distributed" security, to the extent that he has not already disposed of such "when issued" or "when distributed" security.

.17 Covering transactions.—If on the due date of delivery of a security sold pursuant to an order marked "long," the member has not received the security from the customer, he must cover the open position unless he knows or has been informed by the seller either (1) that the security is in transit to him; or (2) that the seller owns the security, that it is then impracticable to deliver it and that it will be delivered as soon as is possible without undue inconvenience or expense. If the member has received the security at his main or branch office, or if he knows or has been informed by the seller that either (1) or (2) is the case, he may at his option either fail to deliver or make delivery with borrowed securities. If, however, he neither knows nor is informed by the seller that either of these situations exists, and has not received the security, either he must cover the transaction by buying in for "cash," for the account of the customer, the security sold, or if such buy-in for "cash" is rendered necessary by the discovery, after the sale took place, of a bona fide error, he must make application for an exemption from the provisions of Regulation § 240.10a–2(a) to the exchange upon which the sale was effected or the NASD if the sale took place in the over-the-counter market. Information concerning the method to be used in submitting requests for exemptions and the circumstances under which such requests may be favorably acted upon is contained in .19 below.

Buy-ins on the Exchange for the purpose of obviating violations of Regulation § 240.10a–2(a) are not to be sent to The Market Surveillance Division for execution, but are to be effected by the member directly or through an agent of his own choosing. If on the date when delivery upon the original contract is due, the member receives the security so bought in, or knows that it is in transit to him, he may make delivery upon the original contract with the security so received, or with borrowed securities, or may fail to make delivery thereon.

.18 Loans of securities between members.—Any broker or dealer may, without regard to the restrictions imposed by Regulation § 240.10a–2 and without inquiry as to the purpose of the loan, lend a security to another broker or dealer. The lending broker or dealer may none the less be criminally liable for a violation of the short selling rules if he knows that the borrower intends to violate such rules.

.19 Exemptions from the requirements of Regulation § 240.10a–2.—Under amended Regulation § 240.10a–2, if a broker discovers prior to delivery date that a sale was effected pursuant to an order which through error was incorrectly marked "long," the requirements of Regulation § 240.10a–2 will not apply provided the exchange on which the transaction took place or the NASD as to a sale which took place in the over-the-counter market is satisfied as to the existence of the conditions described in (i), (ii), and (iii) of Regulation § 240.10a–2(b)(2).

Members should submit all requests to the Exchange for exemptions to the Floor Directors as promptly as possible after discovery of the errors involved. Such requests may be made in writing, or by telephone or telegraph provided they are promptly confirmed in writing by the member or member organization. Out-of-town organizations may submit their requests through their New York correspondents.

In order that the Exchange may make a proper determination in each case, it is imperative that all requests contain sufficient information to indicate clearly that the conditions described in (i), (ii), and (iii) of Regulation § 240.10a–2(b)(2) actually obtain.

.20 "Short-exempt" sell orders.—The Commission's short selling rules require, in effect, that all sell orders must be marked either "long" or "short." A member may not mark a sell order "long" except in the circumstances described in paragraph (d) of Regulation § 240.10a–1. Although the Commission's short selling rules do not specifically prescribe a special marking of short selling orders which are subject to any exemption provided by paragraph (e) of Regulation § 240.10a–1, the Exchange understands that it is appropriate for a member to mark as "short exempt" any short selling order which properly comes within the provisions of clause (3), (4), (5), (6), (7), (8), (9), or (10) of paragraph (e) of Regulation § 240.10a–1.

When members or member organizations transmit for execution sell orders which are originated by their customers or themselves and which are entitled to the exemption provided by clause (3), (4), (5), (6), (7), (8), (9), or (10) of paragraph (e) of Regulation § 240.10a–1, such members and organizations should, for their own protection, make a record of the clause which is applicable to each such order and should preserve such record at the point of the origin of such order for a period of at least twelve months.

Any order which falls in any category other than the above should not be marked "short-exempt."

CONSOLIDATED NATURAL GAS CO.

Proposed Amendment to Certificate of Incorporation; Solicitation of Proxies in Connection Therewith

Notice is hereby given that Consolidated Natural Gas Company ("Consolidated"), 30 Rockefeller Plaza, New York, New York 10020, a registered holding company, has filed a declaration, and an amendment thereto, with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating Sections 6(a), 7 and 12(e) of the Act and Rules 62 and 65 promulgated thereunder as applicable to the following proposed transaction. All interested persons are referred to the amended declaration, which is summarized below, for a complete statement of the proposed transaction.

Under Article Fourth of Consolidated's Certificate of Incorporation ("Charter"), the company's common shareholders have the preemptive right to subscribe to any authorized and unissued shares of common stock, except when such shares are authorized by Consolidated's Board of Directors to be: (1) issued to finance the acquisition of operating properties or an interest therein or securities of a public utility or natural gas company; or (2) sold to or through underwriters who shall have agreed to make a prompt public reoffering thereof.

Consolidated now proposes to amend its Charter to permit its Board of Directors to issue and sell, without first making an offering to its existing common shareholders on a subscription basis, unissued shares of common stock presently or hereafter authorized to (1) any employee stock ownership plan which may be adopted by Consolidated or any of its subsidiaries whereby Consolidated would be permitted by Federal tax law to fund the plan by reducing its taxes in an amount equal to such funding; and (2) any dividend reinvestment plan, with respect to Consolidated's common stock.

Consolidated states that Article Fourth, as it is presently drawn, effectively limits the company to raising equity capital through public offerings, and limits the use of employee stock ownership plans to encourage employee savings. It is believed that the proposed amendment will provide greater flexibility in raising additional amounts of capital at an economical cost inasmuch as the dividend reinvestment and employee stock ownership plans which Consolidated intends to establish will not involve underwriting fees and because the price to be paid to Consolidated under such plans would be based on a market price not subject to the depressing effect that public offerings customarily have on share prices in the market.

Consolidated only seeks authorization to amend its Charter, in the manner set forth above, and to solicit proxies of its shareholders in connection therewith to be used at Consolidated's annual meeting of shareholders to be held on May 18, 1976. Any actual issue or sale of common stock under Consolidated's employee stock ownership or dividend reinvestment plans will be the subject of future filings with this Commission.

The fees, expenses and commissions paid or incurred in connection with the proposed transaction will total $5,300, exclusive of expenses normally incurred in printing and mailing proxy material for Consolidated's annual meeting of stockholders. It is stated that no State or Federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than February 27, 1976, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said amended de-

claration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as amended or as it may be further amended, may be permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from its rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

Secretary.

MAINE YANKEE ATOMIC POWER CO.

Proposed Issue and Sale of Demand Notes to Banks

Notice is hereby given that Maine Yankee Atomic Power Company ("Maine Yankee"), 9 Green Street, Augusta, Maine 04330, an electric utility subsidiary company of both New England Electric System and Northeast Utilities, both registered holding companies, has filed an application with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act") designating Section 6(b) of the Act and Rule 50(a)(2) promulgated thereunder as applicable to the proposed transaction. All interested persons are referred to the application, which is summarized below, for a complete statement of the proposed transaction.

Maine Yankee proposes to issue and sell up to $23,000,000 aggregate principal amount of notes ("notes") to three banks, as follows: The First National Bank of Boston, $13,000,000; New England Merchants National Bank, $5,000,000 and Manufacturers Hanover Trust Company, $5,000,000. Proceeds from the sale of the notes are to be used to (i) pay at maturity $15,000 aggregate principal amount of Maine Yankee's 7½% debentures, Series A, Due March 1, 1976, and (ii) provide working capital.

Borrowings from the First National Bank of Boston will bear interest at the prime rate in effect at that bank from time to time plus a 15% compensating balance. Borrowings from the New England Merchants National Bank will bear interest at that bank's prime rate plus a compensating balance requirement of 10% of the line of credit plus 10% of the amount borrowed under the line of credit from time to time. Borrowings from Manufacturers Hanover Trust Company will bear interest at 125% of that bank's prime rate of interest in effect from time to time, with no compensating balance requirement. The notes are to be demand notes and may be paid at any time without premium or penalty. Assuming a 6½% prime rate, the effective borrowing cost from each of the three banks would be 7.65%, 8.125% and 8.125% per annum, respectively.

It is stated that no state commission and no federal commission, other than this Commission, has jurisdiction over the proposed transaction. Fees and expenses to be incurred in connection with the proposed transaction are estimated at $3,500, including attorney's fees of $1,500.

Notice is further given that any interested person may, not later than February 26, 1976, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application, as it may be amended, may be granted as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

SOUTHERN CALIFORNIA MINORITY CAPITAL CORP.

Filing of Application for an Order Declaring That Applicant Has Ceased To Be an Investment Company

Notice is hereby given that Southern California Minority Capital Corporation ("Applicant"), 2651 South Western Avenue, Suite 303, Los Angeles, California 90018, which is a closed end, nondiversified management investment company registered under the Investment Company Act of 1940 ("Act"), has filed an application on January 20, 1976, for an order of the Commission declaring that the Applicant has ceased to be an investment company as defined in the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

Applicant states that it was incorporated in California on July 20, 1970, and that it was licensed on October 8, 1971, under the Small Business Investment Act of 1958.

Applicant represents that there are a total of 5,091 shares of its common stock issued and outstanding among 76 persons and firms; and that to the knowledge of Applicant the only person, firm or company beneficially owning more than 10% of its common stock is North American Rockwell Corporation ("North American"), which owns 650 shares or 12.77% of all issued and outstanding common stock of Applicant. Applicant further represents that to its knowledge the security holdings of North American in small business investment companies does not exceed 5% of its total assets.

Applicant states that the only preferred stock issued and outstanding is 5,000 shares of Class A preferred issued to the Small Business Administration, an agency of the United States Government.

Applicant represents that it does not presently propose to make a public offering of its securities.

Section 8(f) of the Act provides, in pertinent part, that when the Commission upon application finds that a registered investment company has ceased to be an investment company, it shall so declare by order and, upon the effectiveness of such order, the registration of such company shall cease to be in effect.

Notice is further given that any interested person may, not later than March 1, 1976 at 5:30 p.m., submit to the Commission in writing a request for a hearing on this matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address set forth above. Proof of such service (by affidavit or, in case of any attorney at law, by certificate) shall be filed contemporaneously with the request. As provided by Rule 0-5 of the Rules and Regulations promulgated under the Act, an order disposing of the application will be issued as of course

following said date unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS,
Secretary.

Office of Federal Contract Compliance Programs

FEDERAL ADVISORY COMMITTEE FOR HIGHER EDUCATION EQUAL EMPLOYMENT OPPORTUNITY PROGRAMS

Meeting

On January 28, 1976, the Secretary of Labor announced in the FEDERAL REGISTER (41 FR 4081) the establishment of the Federal Advisory Committee for Higher Education Equal Employment Opportunity Programs.

Pursuant to the Federal Advisory Committee Act (5 U.S.C. App. I, Supp. II, 1972), notice is hereby given that the above committee has been scheduled to meet at 10 A.M. on February 27, 1976, in Room S5215, New U.S. Department of Labor Building, 200 Constitution Avenue, Washington, D.C. 20210.

The Agenda calls for general discussion of the items listed below, and for the establishment of procedures for their further study:

1. Existing regulations as they apply to institutions of higher education in order to further develop policies and procedures which will result in the expansion of job opportunities for minorities and women;

2. Methods which could be employed to increase the supply of minorities and women qualified for academic employment;

3. Possible uses of internal grievance procedures to expedite resolution of equal employment issues;

4. Efforts which could be undertaken to develop improved data on availability of minorities and women for academic and other professional employment.

The meeting will be open to the public. Interested persons wishing to file documents or other material with the committee for its consideration may do so by sending them to the committee's Executive Secretary:

Mr. Leonard J. Biermann, Executive Secretary, Office of Federal Contract Compliance Programs, Federal Advisory Committee for Higher Education Equal Employment Opportunity Programs, New U.S. Department of Labor Building, Room N3402, Washington, D.C. 20210.

Signed at Washington, D.C. this 5th day of February, 1976.

LEONARD J. BIERMANN,
Executive Secretary.

Wyoming Valley Garment Co., Wilkes-Barre, Pa.; 10-14-75 to 10-13-76; 10 learners. (Men's pants)

The following plant expansion certificates were issued authorizing the number of learners indicated.

Arizona Fashions, Inc., Goodyear, AZ; 12-1-75 to 5-31-76; 20 learners for plant expansion purposes. (Men's shirts)

Wyoming Valley Garment Co., Wilkes-Barre, PA; 10-14-75 to 4-13-76; 15 learners for plant expansion purposes. (Men's pants)

The following certificates were issued under the knitted wear industry regulations (29 CFR 522.1 to 522.9, as amended and 522.30 to 522.35 as amended.)

Boonville Mfg. Corp., Boonville, IN; 11-1-75 to 10-31-76; 5 learners for normal labor turnover purposes. (Men's underwear)

Junior Form Lingerie Corp., Boswell, PA; 9-22-75 to 9-21-76; 5 percent of the total number of factory production workers for normal labor turnover purposes. (Ladies' underwear and sleepwear)

The following certificate was issued under the glove industry learner regulations (29 CFR 522.1 to 522.9, as amended and 522.60 to 522.65, as amended.

Burnham-Edina Mfg. Co., Edina, MO; 10-6-75 to 10-5-76; 5 learners for normal labor turnover purposes. (Work gloves)

The following learner certificates were issued in Puerto Rico to the companies hereinafter named. The effective and expiration dates, learner rates, occupations, learning periods, and the numbers of learners authorized to be employed are indicated.

Bayuk Caribe, Inc., Ciales, PR; 10-20-75 to 4-19-76; 20 learners for plant expansion purposes in the occupation of cigar making and packing for a learning period of 320 hours at the rates of $1.77 an hour for the first 160 hours and $1.87 an hour for the remaining 160 hours. (Tobacco)

Bayuk Caribe, Inc., Ciales, PR; 10-20-75 to 10-19-76; 15 learners for normal labor turnover purposes in the occupation of cigar making and packing for a learning period of 320 hours at the rates of $1.77 an hour for the first 160 hours and $1.87 an hour for the remaining 160 hours. (Tobacco)

Each learner certificate has been issued upon the representations of the employer which, among other things, were that employment of learners at special minimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificate may be annulled or withdrawn as indicated therein, in the manner provided in 29 CFR, Part 528. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof on or before February 25, 1976.

Signed at Washington, D.C. this 5th day of February 1976.

ARTHUR H. KORN,
Authorized Representative of the Administrator.

AUTO TERMINALS INC.

Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On January 23, 1976, the Department of Labor received a petition filed under Section 221(a) of the Trade Act of 1974 ("the Act") on behalf of the workers and former workers of the Fenton, Missouri plant, Auto Terminals Incorporated, Hamel, Illinois (TA-W-557).

Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in Section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with transportation services provided by Auto Terminals Incorporated, or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, not later than February 20, 1976.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave. NW., Washington, D.C. 20210.

Signed at Washington, D.C., this 23rd day of January 1976.

AVCO NEW IDEA FARM EQUIPMENT

Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On January 23, 1976, the Department of Labor received a petition filed under Section 221(a) of the Trade Act of 1974 ("the Act") on behalf of the workers and former workers of the Coldwater, Ohio, plant of AVCO New Idea Farm Equipment, Greenwich, Connecticut (TA-W-559).

Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in Section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with seeder spreaders produced by AVCO New Idea Farm Equipment or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, not later than February 20, 1976.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave. NW., Washington, D.C. 20210.

FOX KNAPP MFG. CO., INC.

Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On January 23, 1976, the Department of Labor received a petition filed under Section 221(a) of the Trade Act of 1974 ("the Act") on behalf of the workers and former workers of the Milton, Pennsylvania plant of Fox Knapp Mfg. Company, Inc., New York, New York (TA-W-564). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in Section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with unlined wool shirts produced by Fox Knapp Mfg. Company, Inc., or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, not later than February 20, 1976.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave. NW., Washington, D.C. 20210.

Signed at Washington, D.C., this 23rd day of January 1976.

FEDERAL POWER COMMISSION

[Project No. 2762]

CENTRAL VERMONT PUBLIC SERVICE CORP.

Application for Preliminary Permit

FEBRUARY 4, 1976.

Public notice is hereby given that an application for a preliminary permit was filed on September 24, 1975, under the

Federal Power Act (16 U.S.C. §§ 791a–825r) by the Central Vermont Public Service Corporation (Applicant) (Correspondence to: Mr. Seymour H. Robinson, Senior Vice President, Central Vermont Public Service Corporation, 77 Grove Street, Rutland, Vermont 05701) for proposed Project No. 2762, to be known as the East Georgia Hydroelectric Project, located on the Lamoille River near the Town of Georgia, in Franklin County, Vermont.

According to the application, the proposed East Georgia Project would be located on the Lamoille River, a navigable waterway of the United States, midway between Applicant's Clark Falls and Fairfax Falls hydroelectric developments, jointly licensed as Project No. 2205. The proposed project would consist of: (1) an 80-foot-high concrete gravity dam flanked by earthen abutments, with a 300-foot-long spillway controlled by a 100-foot-long and six-foot-high bascule gate and 200 feet of five-foot flashboards; (2) a semi-outdoor type powerhouse and a water intake structure, both integral with the dam, with the powerhouse containing a 10,000 kW generator and a 13,400 hp Kaplan design vertical shaft turbine to be operated at 48 feet net head; and (3) a two-mile-long transmission line extension connecting the powerhouse with Applicant's existing 34.5 kV transmission line system.

The power developed by the Project would be utilized in Applicant's distribution system to meet existing and future power needs.

A preliminary permit does not authorize construction. A permit, if issued, gives the permittee, during the term of the permit, the right of priority of application for license while the permittee undertakes the necessary studies and examinations to determine the engineering and economic feasibility of the proposed project, the market for the power, and all other necessary information for inclusion in an application for license.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 12, 1976, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR § 1.8 or § 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become a party to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules.

The application is on file with the Commission and is available for public inspection.

Secretary.

DUKE POWER CO.

Application for Disposition of Project Lands and Waters and Approval of Revised Exhibits J, K, and L

FEBRUARY 4, 1976.

Public notice is hereby given that an application was filed on September 8, 1975, and supplemented on January 7, 1976, under the Federal Power Act, 16 U.S.C. §§ 791a–825r, by Duke Power Company (Correspondence to: William L. Porter, Esq., Duke Power Company, P.O. Box 2178, Charlotte, North Carolina 28242; and Richard A. Brown, Esq., Wald, Harkrader & Ross, 1320 Nineteenth St. NW, Washington, D.C. 20036) for Commission approval of a disposition of certain lands and waters of constructed Ninety-Nine Islands Project No. 2331, located in Cherokee County, South Carolina, on the Broad River, a navigable waterway of the United States. Applicant also requests Commission approval of revised Exhibits J, K, and L.

Applicant seeks permission to remove an average of 93 cfs of water per day (maximum 122 cfs) from the Ninety-Nine Islands Project reservoir in order to meet the needs of Applicant's proposed Cherokee Nuclear Station, to be constructed on lands adjacent to the project. The average consumptive use of the project water would be 82 cfs per day (maximum 112 cfs), with the remainder returning to the river as blowdown or as waste treatment water. Thus, as a concomitant to this withdrawal, Applicant also requests permission to discharge radiological wastes into the tailrace of Project No. 2331, and cooling tower blowdown and treated waste effluent into the project reservoir.

In connection with the nuclear station, Applicant proposes to construct dams in the project reservoir to form three sub-impoundments, including an Intake Sedimentation Basin at elevation 550 feet, a Nuclear Service Water Pond at elevation 570 feet, and an Auxiliary Holding Pond at elevation 520 feet. The elevation of the normal full pool of the Ninety-Nine Islands reservoir is 511.1 feet.

A 230 kV Catawba-Shelby Tap transmission line, to be constructed as part of the Cherokee Nuclear Station facilities, would cross the reservoir of the Ninety-Nine Islands Project.

Approval of the subject application would result in the removal of 55.71 acres from the project area. Applicant requests Commission approval of revised Exhibits J, K, and L to reflect the changes in Project No. 2331.

Applicant has requested an expedited hearing on this application pursuant to the provisions of Section 1.32(b) of the Commission's Rules of Practice and Procedure, 18 CFR § 1.32(b) (1975).

Any person desiring to be heard or to make any protest with reference to said application should on or before March 29, 1976, file with the Federal Power Commission, 825 N. Capitol St. NE, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 CFR § 1.8 or § 1.10 (1975). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules. The application is on file with the Commission and is available for public inspection.

Take further notice that, pursuant to the authority contained in and conferred upon the Federal Power Commission by Sections 308 and 309 of the Federal Power Act, 16 U.S.C. § 825g and § 825h, and the Commission's Rules of Practice and Procedure, specifically Section 1.32(b), as amended by Order No. 518, a hearing on this application may be held before the Commission without further notice if no issue of substance is raised by any request to be heard, protest, or petition filed subsequent to this notice within the time required herein. If any issue of substance is so raised, further notice of hearing will be given.

Under the shortened procedure herein provided for, unless otherwise advised, it will not be necessary for Applicant to appear or be represented at the hearing before the Commission.

Secretary.

Applications for "Small Producer" Certificates [1]

FEBRUARY 4, 1976.

Take notice that each of the Applicants listed herein has filed an application pursuant to Section 7(c) of the Natural Gas Act and Section 157.40 of the Regulations thereunder for a "small producer" certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce, all as more fully set forth in the applications which are on file with the Commission and open to public inspection.

Any person desiring to be heard or to make any protest with reference to said applications should on or before March 1, 1976, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates is required by the public convenience and necessity. Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless othrewise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

[Docket No. CP73-215]

NORTHERN NATURAL GAS CO.

Petition To Amend

FEBRUARY 3, 1976.

Take notice that on January 20, 1976, Northern Natural Gas Company (Petitioner), 2223 Dodge Street, Omaha, Nebraska 68102, filed in Docket No. CP73-215 a petition to amend the order [1] issuing a certificate of public convenience and necessity in said docket pursuant to Section 7(c) of the Natural Gas Act to extend the term of the authorized sale and delivery of natural gas by Petitioner to El Paso Natural Gas Company (El Paso), all as more fully set forth in the petition to amend on file with the Commission and open to public inspection.

It is stated that Petitioner is authorized to sell and deliver to El Paso or to Warren Petroleum Company for El Paso's account, on a best-efforts basis, up to 75,000 Mcf of raw natural gas per day in the Lea County, New Mexico, production area, and that El Paso is authorized to sell and deliver to Petitioner in Lea County and in Pecos County, Texas, concurrently, on a best-efforts, quantities of gas equivalent to the residue quantities of gas attributable to the raw gas received and purchased by El Paso from Petitioner, all through January 31, 1976. Petitioner states that it continues to have available raw gas in excess of the capacity of its gathering, processing and transmission facilities and that El Paso has capacity in its gathering processing and transmission facilities in excess of that required for its own system use. It is stated that by the extension of the authorization through October 26, 1978, both Petitioner and El Paso would benefit by the higher rates of production.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before February 20, 1976, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

[1] By order accompanying the initial decision of the Presiding Administrative Law Judge issued November 6, 1975, in Docket No. CP73-215, et al. (50 FPC 1935), a certificate of public convenience and necessity was issued. No exception to the decision having been filed or review initiated by the Commission, the decision became effective on December 18, 1973, as the final decision of the Commission in accordances with Section 1.30 of the Commission's General Policy and Interpretations (18 CFR 1.30).

[Project No. 184]

PACIFIC GAS AND ELECTRIC CO.

Issuance of Annual License

FEBRUARY 4, 1976.

On February 27, 1970, Pacific Gas and Electric Company, Licensee for El Dorado Project No. 184, located in El Dorado, Alpine, and Amador Counties, California on the South Fork of the American River partially within the boundaries of El Dorado National Forest, filed an application for a new license under the Federal Power Act and Commission Regulations thereunder. Licensee also made supplemental filings on June 22, 1970, and January 22, 1971.

The license for Project No. 184 was issued effective February 23, 1922, for a period ending February 22, 1972. Since the original date of expiration, the project has been under annual license. In order to authorize the continued operation and maintenance of the project, pending completion of Commission action on Licensee's application, it is appropriate and in the public interest to issue an annual license to Pacific Gas and Electric Company for continued operation and maintenance of Project No. 184.

Take notice that an annual license is issued to Pacific Gas and Electric Company for the period February 23, 1976, to February 22, 1977, or until Federal takeover, or the issuance of a new license for the project, whichever comes first, for the continued operation and maintenance of the El Dorado Project No. 184, subject to the terms and conditions of its present license.

PANHANDLE EASTERN PIPE LINE CO. AND PAN EASTERN EXPLORATION CO.

Further Extension of Procedural Dates

FEBRUARY 3, 1976.

On January 22, 1976, Panhandle Eastern Pipe Line Company (Panhandle) filed a motion to extend the procedural dates fixed by order issued December 2, 1975, as most recently modified by notice issued January 2, 1976, in the above-designated proceeding.

On January 23, 1976, the Cities of Fulton and Macon, Missouri (Cities) responded to the above motion indicating no objection to the extension of time, but a conflict with the date selected by Panhandle for hearing.

On January 26, 1976, the Cities amended their answer to support the hearing date in Panhandle's motion.

Upon consideration, notice is hereby given that the procedural dates in the above matter are modified as follows:

Service of Company Testimony, February 12, 1976.
Service of Staff Intervenor Testimony, March 16, 1976.

SUSQUEHANNA POWER CO. AND PHILADELPHIA ELECTRIC POWER CO.

Issuance of Annual License

FEBRUARY 4, 1976.

On November 8, 1972, Susquehanna Power Company and Philadelphia Electric Power Company, Licensees for Conowingo Project No. 405, located in Harford and Cecil Counties, Maryland, and Lancaster, Montgomery, Chester and Delaware Counties, Pennsylvania, filed an application for a new license under the Federal Power Act and Commission Regulations thereunder.

The license for Project No. 405 was issued effective February 20, 1926, for a

period ending February 19, 1976. In order to authorize the continued operation and maintenance of the project, pending completion of Commission action on Licensees' application, it is appropriate and in the public interest to issue an annual license to Susquehanna Power Company and Philadelphia Electric Power Company for the continued operation and maintenance of Project No. 405.

Take notice that an annual license is issued to Susquehanna Power Company and Philadelphia Electric Power Company, for the period February 20, 1976, to February 19, 1977, or until Federal takeover, or the issuance of a new license for the project, whichever comes first, for the continued operation and maintenance of the Conowingo Project No. 405, subject to the terms and conditions of its present license.

[Docket No. CP76-237]

TENNESSEE GAS PIPELINE CO. AND COLUMBIA GULF TRANSMISSION CO.

Application

FEBRUARY 3, 1976.

Take notice that on January 19, 1976, Tennessee Gas Pipeline Company, a Division of Tenneco Inc. (Tennessee), P.O. Box 2511, Houston, Texas 77001, and Columbia Gulf Transmission Company (Columbia Gulf), P.O. Box 683, Houston, Texas 77001, jointly Applicants, filed in Docket No. CP76-237 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the exchange and/or the transportation of natural gas, all as more fully set forth in the application on file with the Commission and open to public inspection.

Tennessee requests authorization to receive and exchange and/or transport up to 25,000 Mcf per day of natural gas in the 30-inch offshore Louisiana, Eugene Island Block 349 to Ship Shoal Block 198 pipeline (Project 349), jointly owned by Tennessee, Texas Eastern Transmission Corporation, and Texas Gas Transmission Company; and Columbia Gulf requests authorization to receive and exchange and/or transport for Tennessee up to 25,000 Mcf of natural gas per day through a 30-inch pipeline, offshore Louisiana, between West Cameron Blocks 601 and 616 for which it seeks authorization in Docket No. CP75-359.[1] It is stated that Tennessee, Columbia Gulf and Columbia Gas Transmission Corporation (Columbia Gas) have entered into an exchange and transportation agreement dated December 24, 1975, which provides inter alia, for Columbia Gulf to deliver to Tennessee up to 25,000 Mcf of natural gas per day produced in the Ship Shoal Block 271-A, offshore Louisiana, for exchange and/or transportation through the Project 349 pipeline. Such gas would be purchased by Columbia Gas and transported from Ship Shoal Block 271-A to the Project 349 pipeline by Columbia Gulf. Equivalent volumes of natural gas are proposed to be redelivered by Tennessee to Columbia Gulf as exchange and/or transportation gas, into the Blue Water Project at the terminus of the Project 349 pipeline on the Ship Shoal Block 198 pipeline platform. The application states that the delivery and redelivery of such gas will not require the construction of any additional facilities. Further, the application states, gas redelivered by Tennessee for Columbia Gulf would continue to be transported by Columbia Gulf utilizing capacity presently available to Columbia Gulf in the Blue Water Project.

Pursuant to the agreement, it is also proposed that Tennessee would deliver up to 25,000 Mcf of natural gas per day for transportation and/or exchange to Columbia Gulf into Columbia Gulf's proposed pipeline between West Cameron Blocks 601 and 616 and that Columbia Gulf would redeliver equivalent volumes, as exchange and/or transportation gas, at a point of interconnection between Columbia Gulf's proposed pipeline and Tennessee's and Columbia Gulf's jointly owned facilities in West Cameron Block 601 for which authorization is sought in Docket No. CP75-262.[2]

Applicants state that the delivery of natural gas could be made pursuant to the proposed exchange and transportation agreement without concurrent deliveries of gas by the other party. In any month to the extent that the total volume of gas delivered to Tennessee's Project 349 pipeline would be greater or less than the volume of natural gas delivered to Columbia Gulf's proposed pipeline between West Cameron Blocks 601 and 616, the party receiving the greater volume of gas would charge 4.0 cents per Mcf for transporting such excess. The application notes that it is expected that deliveries from Columbia Gas' interest in Ship Shoal Block 271-A would commence prior to deliveries from Tennessee's interest in gas produced from the West Cameron Area.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 23, 1976, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

NATIONAL POWER SURVEY EXECUTIVE ADVISORY COMMITTEE AND COORDINATING COMMITTEE

Determination and Certification With Respect to Renewal

The Chairman of the Federal Power Commission has determined that renewal of the terms of the Executive Advisory

Committee and the Coordinating Committee of the National Power Survey to a date not later than June 30, 1976, is necessary in the public interest in connection with the performance of duties imposed on the Commission by law.

This notice is published pursuant to Commission General Order No. 464, issued December 19, 1972, 38 FR 1083, as amended by Commission General Order No. 464–A, issued August 2, 1974, and authorities referred to therein, 39 FR 28929. See also Office of Management and Budget, Advisory Committee Management, Circular A–63 Revised, March 27, 1974, 30 FR 12389, as amended July 19, 1974.

The Executive Advisory Committee was established by Commission order, dated August 11, 1972, 37 FR 24213, and the Coordinating Committee by order, dated November 2, 1972, 37 FR 23868. These orders refer to the Commission order issued June 29, 1972, 37 FR 13380, which announced initiation of the National Power Survey, authorized formation of advisory committees, and established procedures therefor. By order issued December 19, 1972, 37 FR 28661, the Commission amended its earlier orders to conform with the requirements of the subsequently enacted Federal Advisory Committee Act, 86 Stat. 770.

The nature and purposes of the committees to be renewed are set forth in detail in the aforementioned Commission orders by which they were initially authorized and established. As renewed, the committees would function generally as set forth in those orders for the additional period indicated above.

The continued existence of these two committees is desirable during preparation of the Commission report to assure full availability of information and comment from the Executive Advisory and Technical Advisory Committees. The Office of Management and Budget, Committee of Management Secretariat, has determined that renewal of the subject committees, as set forth above, is consistent with the requirements of the Federal Advisory Committee Act, 86 Stat. 770.

Renewal of these committees shall be reflected in appropriate Commission orders hereafter issued.

RICHARD L. DUNHAM,
Chairman.

CONTINUING INVESTIGATION OF NATURAL GAS PRODUCERS AND PRODUCING AFFILIATES

Order Granting Rehearing and Reconsideration for Purposes of Further Consideration

JANUARY 30, 1976.

Subsequent to the issuance on December 10, 1975, of Order No. 543 which requires the reporting of producer expenditures, exploration and development activity, production, reserve additions and revenues, fifteen producers filed applications for rehearing. We have determined to grant these for the limited purpose of affording us additional time for their careful consideration. Three parties, Amerada Hess Corporation, Associated Gas Distributors, and Ashland Oil, Inc. filed applications more than 30 days after issuance of Order No. 543. We have determined to grant them for the same limited purpose as the others, but we will grant them as applications for reconsideration, not as applications for rehearing. The parties which filed the above-mentioned applications are listed in Appendix A hereto.

The Commission finds. Good cause exists to grant rehearing and reconsideration in this proceeding for the limited purpose stated in the body of this order.

The Commission orders. Rehearing and reconsideration of our order issued December 10, 1975, in this proceeding is hereby granted for the limited purpose set forth above.

By the Commission.

DORCHESTER GAS PROD'JCING COMPANY, ET AL.[1]

Order Denying Requests for Stay and Vacation of Commission Order Issued January 27, 1976

JANUARY 30, 1976.

The Commission upon consideration of requests for stay and vacation of the Commission's order issued January 27, 1976, filed by Cabot Corporation on January 28 and 30, 1976, and by Dorchester Gas Producing Company on January 30, 1976, denies those requests. The current gas supply situation on Natural's system is set forth in a petition filed on January 7, 1976, in *Natural Gas Pipeline Company of America*, Docket No. CP74–254 and related pleadings recently filed with the Commission. In its petition in Docket No. CP74–254, Natural seeks emergency authorization from the Commission to permit the withdrawal of additional deliveries from its underground storage facilities to meet emergency conditions of declining gas supply caused by outages and delays experienced by gas producers, pipeline operating problems and other emergency conditions.

In telegram—orders issued January 22, and January 27, 1976, the Commission advised Natural of the availability of Section 157.22 of the Regulations under the Natural Gas Act which will permit Natural to use its storage flexibility to assist in meeting its emergency situation for a period of up to 60 days.

On January 28, 1976, the Commission issued an order in Dockets No. RP76–58–1 granting a petition for extraordinary relief from curtailment to the Northern Gravel Company of Muscatine, Iowa, which had shutdown its plant due to curtailment by Natural. Notice of Natural's curtailment is provided by telegram dated January 22, 1976, to the Commission, all of Natural's customers and interested state commissions, which advised that Natural would commence curtailment of its firm contract obligation at a level of 513,000 Mcf per day, which equates to 14.7 percent of such obligations.

On January 30, 1976, Natural filed an amended petition in Docket No. CP74–254 for emergency authorization to withdraw additional gas from underground storage. Natural states that it does not have sufficient emergency storage capability to offset its currently effective curtailment rate of 515,000 Mcf per day. It, therefore, requests the Commission to authorize emergency storage withdrawals to reduce the curtailment by approximately 300,000 Mcf per day for the months of February and March, 1976. A curtailment level of approximately 200,000 Mcf per day will be maintained throughout February and March, 1976 under those conditions.

The impact of continued curtailment throughout the remainder of the winter heating season upon ultimate consumers of Natural's deliveries is of utmost concern to the Commission. A significant consideration is the fact that Natural's customers (and the ultimate consumers served by Natural's customers) had been advised that deliveries throughout the November, 1975–March, 1976, winter heating season would be made at 100 percent of firm contract requirements. As a consequence, the industrial end-users served ultimately by deliveries from Natural may not have had adequate notice to develop alternate fuel capability and alternate fuel supplies to offset the curtailment of 200,000 Mcf per day projected by Natural for the remainder of the winter season.

Restoration of the deliveries of 70,000 Mcf per day by Dorchester would reduce this curtailment by 35 percent which is a significant amount.

The Commission will enter all further orders as may be necessary and appropriate to resolve all questions, other than

[1] The producers sales are listed in the Appendix attached hereto.

the resumption of deliveries, of the parties affected by the Commission's order of January 27, 1976. By this order, the Commission establishes a date for hearing of such questions. Natural Gas Pipeline Company of America by letter of January 30, 1976, advised that it can physically receive natural gas deliveries as of 7:00 P.M. EST, January 31, 1976, and states further that "Natural's engineers have met with representatives of Dorchester Gas Producing Company and Cabot Corporation and satisfied them that Natural can physically accept deliveries in a safe manner and that no safety hazard exists with respect to Dorchester's facilities. * * * Dorchester's motion of January 30, 1976, in raising safety questions, does so in light of a situation where Dorchester would make deliveries of wet stream gas to Natural for processing by Natural at its facilities adjacent to Dorchester's processing plant. However, following conferences among Natural, Dorchester, Cabot and Commission's Staff on January 28 and 29, 1976, in Washington, D.C. and Chicago, Illinois, Natural proposed and is now relocating its liquid extraction facilities several miles from Dorchester's plant, thereby obviating in staff's judgment the safety hazards to which Dorchester had reference.

In the interim the deliveries of natural gas by Cabot Corporation, Dorchester Gas Producing Company and others shall commence at such times as to make the receipt of such natural gas possible by 7:00 P.M. EST, January 31, 1976. By Commission order of January 27, 1976, the Commission provided in part:

In view of the foregoing, the Commission will require Dorchester, Cabot and the other producers involved here to resume jurisdictional sales to Natural within 24 hours from 5 P.M. of the date of the issuance of this order and to notify the Commission within that period that they have done so. Natural is ordered to meter the liquids contained in the gas received pursuant to this order and to maintain records with respect thereto for the purpose of enabling the Commission to determine the proper reimbursement for liquids in the event the parties are unable to agree. The parties shall advise the Commission within 30 days of the issuance of this order as to whether they have agreed upon liquid reimbursement, and, if so, the results thereof.[2]

The hearing which is provided in this matter will be set at such time as will permit the parties opportunity for further negotiation on the question of compensation for liquids extracted by Natural from the wet gas stream during the period of time within which Dorchester will rehabilitate its damaged processing plant (approximately 120 days as disclosed by Dorchester's January 30, 1976 Motion), and will permit the Oklahoma Conservation Commission opportunity to complete its February 12, 1976, hearing upon the questions of waste which Dorchester raises.

The Commission further *finds:*

It is necessary and appropriate for the purposes of the Natural Gas Act, 15 USC 717(a) *et seq.*, to order as hereinafter provided.

The Commission *orders:*

(A) Pursuant to the authority contained in any subject to the authority conferred upon the Commission by the Natural Gas Act, including particularly §§ 4, 5, 7, 14, 15 and 16 thereof and the Commission's Regulations thereunder, a public hearing shall be held commencing February 25, 1976, 10:00 A.M. (EST) in a Hearing Room of the Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, concerning matters involved and the issues presented in this matter as set forth *supra.*

(B) At the hearing provided for in Paragraph (A), *supra.*, Natural, Dorchester, Cabot and other affected parties shall advise the Commission of the status of their negotiations and the specific issues which may then yet remain for Commission resolution, and how each party would have the Commission resolve such issues.

(C) Pending the conclusion of the hearing and the Commission's resolution of the issues therein, the producers as identified in Appendix A hereto, shall resume and continue deliveries of natural gas to Natural, such deliveries to commence on or before 7:00 P.M. EST January 31, 1976.

(D) Protests, petitions to intervene and notices of intervention may be filed with the Commission in accordance with the Commission's Rules of Practice and Procedure 18 CFR Part I, on or before February 13, 1976.

(E) The Commission hereby instructs the General Counsel, Deputy General Counsel, and the Solicitor of the FPC to seek appropriate judicial enforcement of and compliance with this order and to institute legal proceedings in a Federal District Court in the event Dorchester, Cabot or any other producers involved here fail to conform to, or indicate their unwillingness to comply with, the directives of this order within the time prescribed herein.

(F) The requests of Dorchester and Cabot for Motion or Stay of the Commission's order of January 27, 1976 are denied.

(G) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[Docket No. RP76-50]

MICHIGAN-WISCONSIN PIPE LINE CO.

Order Accepting Tariff Sheets for Filing, Suspending Tariff Sheets for One Day, and Granting Interventions

JANUARY 30, 1976.

On December 29, 1975, Michigan-Wisconsin Pipe Line Company (Mich-Wisc) tendered for filing, in Docket No. RP76-50, seven tariff sheets[1] setting forth its proposed curtailment plan to be effective February 1, 1976.

Mich-Wisc states that its filing is made pursuant to the requirement of a Commission order issued October 14, 1975, in Docket No. CP74-157 and in accordance with Section 2.70 of the Commission's General Policy and Interpretations and the provisions of Part 154 of the Commission's Regulations.

The revised tariff sheets set forth new tariff provisions constituting a proposed end-use curtailment plan. The proposed plan, Mich-Wisc alleges, has been reviewed by its customers and incorporates their views. However, the proposed plan does not conform to the priorities of deliveries set forth in Section 2.78(a) of our General Policy and Interpretations and, thus, may be unjust, unreasonable, unduly discriminatory, or preferential or

[2] By Notices of the Secretary dated January 28 and 30, 1976, the time referred to above was extended to no later than 6:00 P.M. (EST) January 30, 1976.

[1] The tendered tariff sheets are designated as Second Revised Sheet No. 26 and Original Sheet Nos. 26A, 26B, 26C, 26D, 26E and 26F to Mich-Wisc's FPC Gas Tariff, Second Revised Volume No. 1.

otherwise unlawful under the Natural Gas Act. Accordingly, we will suspend the effectiveness of the proposed plan and will establish by further order the procedures for ascertaining its lawfulness.

Public notice of the proposed plan was issued on January 14, 1976, with protests and petitions to intervene due on or before January 21, 1976. Timely petitions to intervene were received from the following parties:

FirstMiss, Inc.,[2] January 16, 1976.

Michigan Gas Utilities Company, January 19, 1976.

Associated Natural Gas Company, January 19, 1976.

Lyons Gas Company Inc., January 19, 1976.

Chevron Chemical Company, January 21, 1976.

Wisconsin Gas Company, January 21, 1976.

The following petitions to intervene were received out of time:

Wisconsin Fuel and Light Company, January 22, 1976.

Ladish Company, January 22, 1976.

General Motors Corp., January 22, 1976.

FirstMiss, Inc., January 23, 1976.

Michigan Consolidated Gas Company, January 26, 1976.

Michigan Power Company, January 26, 1976.

Only General Motors Corporation (GM) petition to intervene voiced any adverse comments. GM did not request a hearing but rather, while urging a change in one of the definitions, states that in general, it supports Mich-Wisc's curtailment plan.

The Commission finds:

(1) The tariff sheets identified in footnote one above have not been shown to be lawful, and may be unjust, unreasonable, unduly discriminatory or preferential or otherwise unlawful under the Natural Gas Act.

(2) Good cause exists to accept for filing Second Revised Sheet No. 26 and Original Sheet Nos. 26A, 26B, 26C, 26D, 26E, and 26F and that these sheets be suspended as hereinafter ordered.

(3) Participation in these proceedings by all parties who have filed petitions to intervene in Docket No. RP76-50 may be in the public interest.

The Commission orders:

(A) Second Revised Sheet No. 26 and Original Sheet Nos. 26A, 26B, 26C, 26D, 26E and 26F to Mich-Wisc's FPC Gas Tariff, Second Revised Voluume No. 1 are hereby accepted for filing.

(B) Pending further Commission action, Second Revised Sheet No. 26 and Original Sheet Nos. 26A, 26B, 26C, 26D, 26E and 26F to Mich-Wisc's FPC Gas Tariff, Second Revised Volume No. 1 are hereby suspended and the use thereof deferred until February 2, 1976, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(C) the above-named petitioners are hereby permitted to intervene, subject to the Rules and Regulations of the Commission; *Provided, however,* that the participation of such intervenors shall be limited to matters affecting asserted rights and interest as specifically set forth in said petition for leave to intervene; and *Provided, further,* that the admission of said intervenors shall not be construed as recognition by the Commission that they might be aggrieved by any order or orders of the Commission in these proceedings.

By the Commission.

[Docket No. ER76-319]

PACIFIC GAS AND ELECTRIC CO.

Curing of Deficiency

JANUARY 30, 1976.

Take notice that on January 23, 1976, Pacific Gas and Electric Company (PG&E) tendered for filing certain data to cure a deficiency.

On December 2, 1975, PG&E tendered for filing a revised fuel adjustment provision within its FPC Electric Tariffs, Original Volumes Nos. 1 and 2. The Commission, by letter dated December 30, 1975, declared such filing to be deficient with respect to the requirement of revenue comparisons. The instant filing is intended to cure such deficiency.

PG&E requests that the Commission waive its prior notice requirements so as to permit the revised fuel adjustment provision to be effective as of January 1, 1976.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E. Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 17, 1976. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket No. CP76-100]

VERMONT GAS SYSTEMS, INC.

Findings and Order Authorizing the Importation of Natural Gas

JANUARY 30, 1976.

On September 24, 1975, Vermont Gas Systems, Inc. (Applicant), filed in Docket No. CP76-100 an application, as supplemented on November 5, 1975, pursuant to Section 3 of the Natural Gas Act for authorization to import volumes of natural gas daily from Canada, in addition to those volumes presently authorized to be imported daily, to meet its peak day requirements, but without an increase in the annual volumes authorized to be imported, all as more fully set forth in the application in this proceeding.

Applicant is an intrastate pipeline which transports, distributes and sells natural gas within the State of Vermont. Applicant purchases all of its natural gas from TransCanada PipeLines Limited (TransCanada) and imports said gas from Canada under authority of Commission orders in Docket Nos. CP65-142 (33 FPC 899), CP69-132 (40 FPC 1529), and CP72-38 (46 FPC1217). Presently Applicant is authorized to import up to 17,700 Mcf of gas on a peak day which is insufficient to meet its present peak day demands. Accordingly, Applicant requests authorization to increase its peak day imports by 3,000 Mcf without change in the annual import authorization of 6,460,500 Mcf of gas. The proposal would increase Applicant's peak day imports to 20,700 Mcf which corresponds to the peak day volumes that TransCanada is authorized to export for sale to Applicant.

By Applicant's estimates the proposed augmented peak day imports would provide its present and proposed customers with a competitively priced fuel, not otherwise available from United States sources, through the 1978-79 winter season. Applicant's estimates demonstrate that its need for augmented peak day gas supplies will increase annually from 400 Mcf in 1975-76, to 900 Mcf in 1976-77, to 2,000 in 1977-78, and to the full requested 3,000 Mcf in 1978-79. Pursuant to a peaking service contract with TransCanada covering the November 1 to April 15 winter seasons for 1975-76 and 1976-77, Applicant is committed to purchase the additional 400 Mcf and 900 Mcf daily quantities, respectively. Applicant is not contractually committed to purchase additional peak day volumes after 1976-77.

Thus, while TransCanada is authorized by its government to export up to an additional 3,000 Mcf of gas per peak day, Applicant is contractually assured of something less. However, Applicant indicates in its application that new peaking service contracts with TransCanada are forthcoming. Accordingly, the Commission will authorize, as requested, increased importation by Applicant of up to 3,000 Mcf of gas per peak day but only to the extent that Applicant, by supplemental filing pursuant to Section 3 of the Natural Gas Act, has demonstrated to the Commission's satisfaction contractual justification for the peak day volumes imported.

After due notice of the application by publication in the FEDERAL REGISTER on October 17, 1975 (40 FR 48732), no petition to intervene, notice of intervention or protest to the granting of the application has been filed.

[2] FirstMiss filed a Protest and Request for Suspension and Hearing which was withdrawn on January 23, 1976.

The Commission finds:

The importation of natural gas by Applicant, Vermont Gas Systems, Inc., from Canada to the United States, as hereinabove described and as set forth in the application in this proceeding, will not be inconsistent with the public interest within the meaning of Section 3 of the Natural Gas Act, provided that said importation be on the terms and conditions hereinafter set forth.

(a) Applicant shall make, keep and preserve full and complete records with respect to the additional natural gas herein authorized to be imported and shall file with the Commission annual reports showing, by months, the quantities of gas imported during the preceding calendar year, together with the volumes imported on the peak day of each month, and such other reports with respect to such importation as the Commission may deem necessary and in such form and manner as the Commission may prescribe.

(b) The authorization herein granted shall not be transferable or assignable and shall remain in effect only so long as Applicant continues the acts and operations herein authorized in accordance with the provisions of the Natural Gas Act and the requirements, rules and regulations of the Commission thereunder, and in accordance with the terms and conditions of this order.

(c) The authorization hereby granted may be modified from time to time or terminated, after opportunity for hearing, upon further order of the Commission, but in no event shall such authorization extend beyond the termination of the permit which is the subject matter in Docket No. CP65–141 (33 FPC 899).

(d) Applicant shall not, during the term of the authorization granted by this order, materially change or alter its import operations without first obtaining the permission and approval of the Commission.

(e) In the event that Applicant should abandon or permanently cease for any reason whatsoever all or any part of the instant import operation, Applicant shall forthwith notify the Commission of said fact and the reason therefor.

(f) The maximum amount of natural gas to be imported by Applicant under the instant authorization should not exceed 3,000 per day or 30,000 Mcf per season.

(g) Applicant should comply with the requirements of Section 153.8 of the Commission's Regulations under the Natural Gas Act.

The Commission orders:

(A) Authorization is granted to Applicant to import additional quantities of natural gas from Canada to the United States, as hereinabove described and as set forth in the application in this proceeding, upon the conditions herein set forth and subject to the provisions of the Natural Gas Act and the Commission's Regulations issued thereunder.

(B) The maximum amount of natural gas to be imported by Applicant under the instant authorization shall not exceed 3,000 Mcf per day or 30,000 Mcf per season during the period November 1 to April 15, each winter season and is further limited to the extent that Applicant has demonstrated to the Commission's satisfaction contractual justification for the volumes imported.

By the Commission.

FEDERAL PREVAILING RATE ADVISORY COMMITTEE

COMMITTEE MEETINGS

Pursuant to the provisions of section 10 of Pub. L. 92–463, effective January 5, 1973, notice is hereby given that meetings of the Federal Prevailing Rate Advisory Committee will be held on: Thursday, March 4, 1976; Thursday, March 11, 1976; and Thursday, March 18, 1976.

The meetings will convene at 10 a.m. and will be held in Room 5A06A, Civil Service Commission Building, 1900 E Street NW., Washington, D.C.

The committee's primary responsibility is to study the prevailing rate system and from time to time advise the Civil Service Commission thereon.

At these scheduled meetings, the committee will consider proposed plans for implementation of Pub. L. 92–392, which law establishes pay systems for Federal prevailing rate employees.

The meetings will be closed to the public on the basis of a determination under section 10(d) of the Federal Advisory Committee Act (Pub. L. 92–463) and 5 U.S.C. section 552(b)(2), that the closing is necessary in order to provide the members with the opportunity to advance proposals and counter-proposals in meaningful debate on issues related solely to the Federal Wage System with the view toward ultimately formulating advisory policy recommendations for the consideration of the Civil Service Commission.

However, members of the public who wish to do so, are invited to submit material in writing to the Chairman concerning matters felt to be deserving of the committee's attention. Additional information concerning these meetings may be obtained by contacting the Chairman, Federal Prevailing Rate Advisory Committee, Room 5451, 1900 E Street NW., Washington, D.C. 20415.

NATIONAL REGISTER OF HISTORIC PLACES

Pursuant to the National Historic Preservation Act of 1966 (80 Stat. 915, 16 U.S.C. 470) the National Park Service, Department of the Interior, has undertaken steps to implement the purposes of that act through: (1) expansion of the National Register of Historic Places, (2) initiating a program of grants-in-aid for historic preservation, and (3) adoption of procedures and criteria for furthering the Nation's historic preservation program.

It is the purpose of this notice, through publication of information and materials included herein, to apprise the public, as well as governmental agencies, associations, and all other organizations and individuals interested in historic preservation of the implementating actions that have been taken in order that there will be a greater awareness of the means by which properties of State and local historical significance may be nominated for placement in the National Register and of the criteria used in evaluating the properties. The notice includes:

(a) A reprint of the notice of final rulemaking of January 9, 1976, 41 FR 1590, with regard to procedures that have been developed concerning the operating of the National Register of Historic Places under the National Historic Preservation Act of 1966, 80 Stat. 915, U.S.C. 470 et seq. (1970 ed.). As indicated, these procedures will be effective on April 1, 1976;

(b) A reprint of the procedures developed by the Advisory Council on Historic Preservation with regard to the protection of Historic and Cultural Properties (36 CFR, Part 800), included here as a convenience to this document;

(c) A list of the properties included in the National Register of Historic Places through December 31, 1975; and

(d) A list of properties determined to be eligible for inclusion in the National Register of Historic Places through December 1975.

Title 36—Parks, Forests, and Public Property

CHAPTER I—NATIONAL PARK SERVICE, DEPARTMENT OF THE INTERIOR

PART 60—NATIONAL REGISTER OF HISTORIC PLACES

Nominations by States and Federal Agencies

On August 29, 1975, a notice of proposed rulemaking was published in the FEDERAL REGISTER (40 FR 39875) to amend Chapter I of Title 36 of the Code of Federal Regulations by adding a new Part 60 concerning the National Register of Historic Places program administered by the National Park Service, Department of the Interior.

At that time, it was explained that the purpose of the proposed rulemaking was to draw together procedures that have been developed to implement the National Historic Preservation Act of 1966, 80 Stat. 915, 16 U.S.C. 470 et seq. (1970 ed.). Specifically, this rulemaking articulates the actions taken and proposed by this Department to meet its responsibilities to "expand and maintain a national register of districts, sites, buildings, structures, and objects significant in American history, architecture, archeology, and culture" as prescribed by section 101(a)(1) of the 1966 Act.

With several exceptions, the materials contained herein represent the basic administrative approach adopted by the National Park Service after passage of the National Historic Preservation Act of 1966.

As stated in the prefatory remarks to the prior notice of proposed rulemaking, the administration of the program has evolved in the following manner. Initially, in January 1967, in order to obtain the expeditious participation of the States in the National Register program, the Secretary of the Interior sent letters to the Governors of all jurisdictions eligible to participate asking for their cooperation in the National Register program. The letter reiterated the spirit of the 1966 Act that it is the role of the Federal Government to encourage and assist the several States in expanding and accelerating their efforts to preserve examples of our historic and cultural foundations. The letter also requested each Governor to designate a representative responsible for preparing surveys, receiving grants, and working with the Department of the Interior in developing the new program.

The criteria used to evaluate properties for possible inclusion in the National Register were developed with the suggestions and recommendations of Federal and State officials and leading preservationists. They are worded in a flexible manner to provide for the diversity of resources within the Nation and are concerned with the quality of significance in American history, architecture, archeology, and culture in districts, sites, buildings, structures, and objects.

By July 1967 the first guidelines to the National Register criteria for evaluation and grants-in-aid applications, based on task force guidelines submitted in February, were formally issued by the Office of Archeology and Historic Preservation and sent to Governor-appointed State Liaison Officers (later changed to State Historic Preservation Officers) and representatives of Federal agencies. The guidelines detailed the role of the State in the National Register program, clearly stating that before any application for assistance could be considered, a State must designate in writing the State Liaison Officer who would act for the State in matters affecting this program. The guidelines further stated that no application for an acquisition or development project would be considered until the applicant had submitted and the Director had approved a statewide historic preservation plan. Statewide surveys and plans took top priority in the proposed allocation of grant funds because it was felt that surveys were essential to the expansion of the National Register and to sound statewide planning.

The concept developed during 1967 in consultation with the States contemplated the principal expansion of the National Register taking place as a direct result of statewide historical surveys conducted by the States with Federal financial aid. The main concern in these surveys was with places of State and local significance. The findings of Federal programs dealing with properties of less than national significance were made available to the States in the form of an advisory list published by the National Park Service in 1969.

In preparing the guidelines, the National Park Service coordinated closely with other Federal agencies having historic preservation responsibilities, most notably the Departments of Transportation and Housing and Urban Development, as well as with the National Trust for Historic Preservation and knowledgeable public and private authorities throughout the Nation.

The role of the State and the duties of the State Liaison Officer were first published in the FEDERAL REGISTER on February 25, 1969, 34 FR 2595 (1969), as official notice of the opportunities and restrictions and of the administrative procedures as appearing in the publication "Grants for Historic Preservation: a Guide for State Participation," which had been formally issued in July 1967. These guidelines were further amplified and refined in later written communications to the States and in such publications as "How to Complete National Register Forms" (September 1972) and "Historic Preservation Grants-in-Aid: Policies and Procedures" (June 1973). In these guidelines and procedures, the role of State and local governments in carrying out surveys and acquiring and restoring worthy properties was explained in further detail; nomination procedures, notification policy, professional staff and review board qualifications were also discussed at length. FEDERAL REGISTER notice, and incorporation by reference, of these materials has been provided each year since 1969. See, 35 FR 2495 (February 3, 1970); 36 FR 3337 (February 20, 1971); 37 FR 5467 (March 15, 1972); 38 FR 5439 (February 28, 1973); 39 FR 6476 (February 19, 1974); and, 40 FR 5333 (February 4, 1975). As indicated above, the rulemaking contained herein is based upon, and in most cases does not change, the policies and procedures that have been developed over the years as reflected in the above manuals, booklets, and publications.

Since the 1966 Act, and in accord with these previous guidelines, the National Register has grown from a listing of several hundred properties that possessed national significance to a listing of about 10,000 properties of State, local, and national significance. To ensure high professional standards among the 56 jurisdictions involved in submitting statewide surveys and nominations to the National Register, the National Park Service has required that each of the States develop expertise in the three basic disciplines of architecture, history, and archeology at the survey staff and review board level. The State plan, as called for in Title I of the act, and all nominations submitted to the National Register by a State for consideration, must first be prepared under the supervision of a full-time professional survey staff, responsible to the State Historic Preservation Officer (for-

merly known as the State Liaison Officer) and approved by a professional review board, the members of which must first be approved by the National Park Service. This system was purposely initiated in order to assure the National Register of two levels of expert professional opinion, at the State level, prior to a professional review of a nomination in the National Register office. The State survey staff has the responsibility of making the first determination of what satisfies the criteria for evaluation, which have been published in the FEDERAL REGISTER and which are applied equally across the country. The nomination is then submitted to the State review board for approval; if approved it must be signed by the State Historic Preservation Officer before it may be forwarded to the National Register for further professional review at the Federal level. The signature of the State Historic Preservation Officer on the nomination form certifies that the review board has approved the nomination and that all other applicable procedures, including notification to the property owner at least once during the nomination process, have been followed. This same approach has been continued in the rulemaking contained herein.

In the National Register office in Washington, the nomination goes through three stages. It is first stamped by date received and given technical review to be certain that all of the proper information—State Historic Preservation Officer signature, acreage, and other geographical data—is correct. From there it is transmitted to the professional review unit which consists of historians, architectural historians, and archeologists. Each nomination is reviewed individually by at least three professionals. When they concur that the property nominated is eligible for inclusion in the National Register, the nomination is forwarded to the Keeper of the National Register for review. If the Keeper concurs with the staff's recommendation, the nomination is signed and dated and sent to the Director of the Office of Archeology and Historic Preservation for additional review. If the Director concurs, the nomination is again signed and thereby is officially entered in the National Register. The National Register then notifies the State Historic Preservation Officer and the property is listed in the FEDERAL REGISTER. In this rulemaking the same procedures will be followed. In addition, the notice requirement has been clarified to include a formal opportunity for comment concerning the significance of the property under the National Register criteria for evaluation, first by the States as a part of their responsibility to provide notice to property owners at least once of the State's intent to nominate the property and then through publication in the FEDERAL REGISTER of a listing of nominations under consideration. Comments received by a State concerning the significance of a property under the National Register criteria for evaluation will be forwarded with the nomination for further consideration by the National Register of Historic Places.

In now adopting these proposed regulations, it is important to emphasize that there are a variety of other responsibilities concerning cultural resources resting with this Department that are not the subject of this rulemaking. Our earlier notice of proposed rulemaking and the regulations adopted herewith are not designed to cover the Secretary of the Interior's responsibilities under Executive Order 11593—May 13, 1971. Section 2(a) of that Executive order requires that Federal agencies locate, inventory, and nominate to the Secretary of the Interior all sites, buildings, districts, and objects under their jurisdiction or control that appear to qualify for listing in the National Register of Historic Places. Further, section 3(b) of Executive Order 11593 requires that the Secretary of the Interior develop criteria and procedures to be applied by Federal agencies in the reviews and nominations required by section 2(a).

This rulemaking articulates, inter alia, the process through which Federal agencies nominate properties under their jurisdiction or control to the National Register of Historic Places as provided by section 2(a) of Executive Order 11593. It does not detail further procedures relevant to the conduct of the inventory and identification process that is also required by section 2(a) of the Executive order. Nor does it apply to the process of referring questionable actions to the Secretary of the Interior for an opinion regarding the property's eligibility for inclusion in the National Register of Historic Places as required by section 2(b). These issues will be the subject of a subsequent rulemaking.

Interested persons have been afforded the opportunity to participate in the development of these procedures by a notice of proposed rulemaking published in the FEDERAL REGISTER on August 29, 1975 (40 FR 39875). Comments were received concerning the proposed rulemaking. All comments that were submitted were given due consideration. In general, these comments were concerned with four common issues.

There were a number of comments that expressed concern that more emphasis was not placed upon the development of procedures for several collateral programs of the Department of the Interior. It was felt that procedures for the historic preservation grant program, the development of the comprehensive statewide historic preservation plan, the Executive Order 11593 program, and the National Historic Landmark program should have been further detailed. As suggested above, however, the rulemaking adopted herewith solely concerns the nomination of properties to the National Register of Historic Places by the various State Historic Preservation Officers and by Federal agencies. Further procedures to draw together the existing practices with regard to these other programs are in preparation and will be published for comment as they become available.

A second concern was that these procedures should provide more detailed instructions to the various States with regard to the public notice requirements or, alternatively, questioned altogether the need for a public notice step at the State level. Several points need to be emphasized. First, listing in the National Register of Historic Places is a Department of the Interior decision. The nomination of a property is a proposal to the National Park Service and does not constitute listing. Second, the various States play a vital partnership role through their participation in this historic preservation program. Participation requires that a State must inventory and nominate properties to the National Register of Historic Places to be eligible for historic preservation grant assistance.

The public notice requirements of this rulemaking reflect these realities. The various States are not making final decisions concerning which properties will be listed in the National Register. They are, however, a very important professional step in the nomination process. Accordingly, these procedures require that each State solicit public comments during this process concerning the historical significance of the property, but permit a certain amount of flexibility in how this will be done.

A third comment, somewhat related to the issue of public notice, was that listing in the National Register of Historic Places could in some manner constitute a taking of a private property interest. As the rulemaking points out, however, this is not the case. At the present time, the Federal Executive is under an increasingly heavy responsibility to plan its programs objectively. The National Environmental Policy Act (NEPA) is the basic building block of this planning responsibility.

It is the basis of the National Environmental Policy Act that, prior to any major Federal action, the concerned Federal agency identify the nature of the resource and evaluate the impact of its decision on it. One element of that resource is the historic or cultural patterns that exist in an area. NEPA specifically provides that one declared National Environmental Policy is that the Nation may "preserve important historic, cultural, and natural aspects of our national heritage, and maintain, wherever possible, an environment which supports diversity and variety of individual choice." Section 101(b)(4).

Under NEPA all Federal agencies must identify the historic and cultural patterns that exist in an area that will be impacted by their programs. The National Register of Historic Places is a central tool that permits agencies to accomplish this identification process, based upon the highest quality professional judgments, without duplication of effort. The National Register identifies districts, sites, buildings, structures, and objects significant to our historic and cultural heritage. The identification of our environment—both cultural and

natural—does not constitute a taking of property interests.

A fourth concern, also related to the notice and taking issues, was that the role of the Advisory Council on Historic Preservation was not fully explained in the proposed procedures. Exception was taken to the fact that the proposed rulemaking clearly stated that the comments of the Advisory Council on Historic Preservation do not constitute a veto of another Federal agency's decisionmaking process. We believe these comments misinterpret the role of the Advisory Council on Historic Preservation. The role of the Council, in our view, is to provide comments on undertakings affecting properties on or eligible for the National Register of Historic Places. These comments are not a substitute for a Federal agency decision but rather information to be integrated into the decisionmaking process.

Changes have been incorporated in this final rulemaking both in response to the comments that were received and based upon National Park Service review. Consistent with the discussions above, however, no major changes have been necessary. The majority of the changes are as follows:

1. With regard to § 60.2(c), a reference has been added to the procedures of the Advisory Council on Historic Preservation. In addition, several changes have been made to reflect the fact that the Advisory Council comments should be considered in the decisionmaking process. These changes are responsive to the comments received concerning the role of the Advisory Council and to the discussion above. These changes also appear in § 60.12(a) which utilizes the same terminology.

2. Section 60.2(d)(1) has also been modified slightly to reflect that there may be portions of national historical areas administered by the National Park Service that are not of historic significance but that are included within the Park for administrative or other reasons.

3. Paragraph (c) of § 60.4 has been deleted because it primarily concerned the implementation of Executive Order 11593 and that is not the subject of this rulemaking.

4. Section 60.12 (c) and (d) have also been modified somewhat to reflect comments received concerning the various States responsibilities to notify property owners. The changes reinforce that listing in the National Register is a National Park Service decision but also reflect the important role that the States play in the nomination of properties. In our judgment, the State inventory and nomination process is vital to draw upon professional expertise throughout the country. Having the commenting process primarily at the State level is a logical extension of this premise. The requirement that the State's Attorney concur in the required procedures was considered somewhat overbearing and has been deleted.

5. Section 60.15 has been modified to reflect criticism that Federal agencies were not being given the same opportunity to comment on State nominations as the States were given on Federal nominations. It also reflects the request that the States be provided comments that are received by the Keeper of the National Register.

6. Section 60.16(b) has also been altered to add a new subparagraph (5) concerning the moving of properties in accord with the comments of the Advisory Council on Historic Preservation. Because this is now ore permissive than as published for comment, the change is not considered major.

7. A new § 60.17 was added concerning the removal of properties. This section restates ideas implicit in the proposed rulemaking. Comments were received, however, suggesting that a separate section should be actually included for purposes of clarification.

The National Park Service will carefully consider any comments received prior to the effective date of this rulemaking on §§ 60.17 and 60.16(b)(5), discussed immediately above, and any other changes.

The National Register of Historic Places concept was initially authorized by the Congress in section 2 of the Historic Sites Act of 1935, 49 Stat. 666, 16 U.S.C. section 461 et seq. (1970 ed.), and was begun through a series of surveys conducted by the National Park Service throughout the 1960s to locate sites of national significance. This aspect of the 1935 Act is now implemented through the National Historic Landmark program also maintained by the National Park Service. All national historic landmarks are listed in the National Register of Historic Places. Determinations of national significance are made by the Secretary of the Interior.

The National Historic Preservation Act of 1966 authorized the Secretary of the Interior to "expand and maintain" such a national register to include sites significant in American history, architecture, archeology, and culture. The management of the National Register of Historic Places program and the implementation of the applicable portions of the Historic Sites Act and the National Historic Preservation Act have been delegated to the Director of the National Park Service by the Secretary of the Interior. These delegations and the role of the National Park Service in this regard appear at Part 145 and Part 245 of the Department of the Interior Departmental Manual. This rulemaking is developed under the authority of section 2(k) of the Historic Sites Act of 1935, 16 U.S.C. 462(k) (1970 ed.), and section 101(a)(1) of the National Historic Preservation Act of 1966, 16 U.S.C. 470a(a)(1) (1970 ed.).

Accordingly, with minor changes and additions, and in consideration of the foregoing comments and the reasons given in the preamble to the proposed rulemaking of August 29, 1975, which is specifically incorporated hereto by reference, the proposed new Part 60 of Chapter I of Title 36 of the Code of Federal Regulations is hereby adopted, effective April 1, 1976, as follows:

Sec.
60.1 The National Historic Preservation Act of 1966.
60.2 Authorization and expansion of the National Register.

AUTHORITY: Sec. 2(k), 49 Stat. 666 [16 U.S.C. 462(k)]; Sec. 101(a)(1), 80 Stat. 915 [16 U.S.C. 470a(a)(1) (1970 ed.)]

§ 60.1 The National Historic Preservation Act of 1966.

In the National Historic Preservation Act of 1966, 80 Stat. 915, 16 U.S.C. 470, the Congress found and declared:

(a) That the spirit and direction of the Nation are founded upon and reflected in its historic past.

(b) That the historic and cultural foundations of the Nation should be preserved as a living part of our community life and development in order to give a sense of orientation to the American people.

(c) That, in the face of ever-increasing extensions of urban centers, highways, and residential, commercial, and industrial developments, the present governmental and nongovernmental historic preservation programs and activities are inadequate to insure future generations a genuine opportunity to appreciate and enjoy the rich heritage of our Nation; and

(d) That, although the major burdens of historic preservation have been borne and major effects initiated by private agencies and individuals, and both should continue to play a vital role, it is nevertheless necessary and appropriate for the Federal Government to accelerate its historic preservation programs and activities, to give maximum encouragement to agencies and individuals undertaking preservation by private means, and to assist State and local governments and the National Trust for Historic Preservation in the United States to expand and accelerate their historic preservation programs and activities.

§ 60.2 Authorization and expansion of the National Register.

(a) The National Historic Preservation Act of 1966, 80 Stat. 915, 16 U.S.C. 470, authorizes the Secretary of the In-

terior to expand and maintain a National Register of districts, sites, buildings, structures, and objects significant in American history, architecture, archeology, and culture. Previously, the National Register included only nationally significant properties that were historical or archeological units of the National Park System, or that had been declared eligible for designation as national historic landmarks. Because they must meet exacting criteria of national significance, such properties are few in number. The National Historic Preservation Act of 1966 provides a means for States to nominate properties of State and local significance, regardless of location within the State and whether publically or privately owned, for placement in the National Register.

(b) The National Register is an authoritative guide to be used by Federal, State, and local governments, private groups, and citizens to identify the Nation's cultural resources and to indicate what properties should be considered for protection from destruction or impairment. It is also the legal instrument to insure that registered properties affected by undertakings that are executed, licensed, or financially assisted by the Federal Government will be the subject of review and comment in accordance with section 106 of the Act. Such review and comment is the function of the Advisory Council on Historic Preservation. The Advisory Council has adopted procedures concerning, inter alia, their commenting responsibility in 36 CFR Part 800.

(c) The National Register was designed to be and is administered as a planning tool without restraint upon private property interests. Federal agencies undertaking a project having an effect on a listed property must provide the Advisory Council on Historic Preservation a reasonable opportunity to comment pursuant to 36 CFR Part 800. Having complied with this procedural requirement the Federal agency may adopt any course of action it may feel appropriate. While the Advisory Council comments must be taken into account and integrated into the decisionmaking process, the program decision rests with the agency implementing the undertaking. No requirements of any kind are imposed upon private initiative.

(d) The National Register is enlarged by:

(1) Acts of Congress and Executive orders which create areas of the National Park System administered by the National Park Service, all or portions of which may be determined to be of historic significance consistent with the intent of Congress;

(2) Properties declared by the Secretary of the Interior as eligible for designation as national historic landmarks;

(3) Nominations prepared by the States and approved by the National Park Service; and,

(4) Nominations of Federal properties prepared by Federal agencies as directed by Executive Order 11593 and approved by the National Park Service.

§ 60.3 Grants for historic preservation.

The National Historic Preservation Act also authorizes 50 percent matching grants-in-aid to the States and the National Trust for Historic Preservation. Grants to the States are authorized for comprehensive statewide historic site surveys and preservation plans and for preservation projects in accordance with approved statewide plans. With the exception of grants to the National Trust for Historic Preservation, all grants are made through the States. The State Historic Preservation Officer may then distribute the funds to other approved public and private recipients. Funds may be used for acquisition, protection, rehabilitation, restoration, and reconstruction of properties included in the National Register. For further information relating to the historic preservation grants-in-aid program, consult Chief, Division of Grants, National Park Service, U.S. Department of the Interior, Washington, D.C. 20240.

§ 60.4 Federal nominations pursuant to Executive Order 11593, "Protection and Enhancement of the Cultural Environment," May 13, 1971 (36 FR 8921, see 16 U.S.C. 470).

(a) The Executive order states that the Federal Government shall provide leadership in preserving, restoring, and maintaining the historic and cultural environment of the Nation. Federal agencies are directed to administer cultural properties under their control in a spirit of stewardship and trusteeship for future generations and to initiate measures to direct their activities in such a way that federally owned properties of historical, architectural, or archeological significance are preserved, restored, and maintained for the inspiration and benefit of the people.

(b) Section 2(a) of Executive Order 11593 provides that Federal agencies shall locate, inventory, and nominate to the Secretary of the Interior all sites, buildings, districts, and objects under their jurisdiction or control that appear to qualify for listing on the National Register of Historic Places.

(c) Additional responsibilities of Federal agencies are detailed in Executive Order 11593, the National Historic Preservation Act of 1966, the National Environmental Policy Act of 1969, the Archeology and Historic Preservation Act of 1974, procedures developed pursuant to these authorities, and other related legislation. Detailed administrative procedures for the further implementation of Executive Order 11593 are being developed to set forth inter alia criteria and procedures to be applied by Federal agencies in the review and nomination required by section 2(a).

§ 60.5 Appointment and responsibilities of the State Historic Preservation Officer.

(a) Implementation of the National Historic Preservation Act of 1966 is accomplished primarily by the State Historic Preservation Officers (formerly known as State Liaison Officers), who are responsible for administering the National Register program within their jurisdictions. These officers are appointed by the Governors of the 50 States, Guam, American Samoa, the Commonwealth of Puerto Rico, the Virgin Islands, the Trust Territory of the Pacific Islands, and the Mayor of the District of Columbia.

(b) The State Historic Preservation Officer is responsible for the development and implementation of a comprehensive State historic preservation plan, based clearly on the State's history and established in conformance with local, State, and Federal legislation and mechanisms, and approved by the Secretary of the Interior. The State Historic Preservation Officer supervises a professional staff in conducting a statewide survey of historic resources addressed to every aspect of the State's history. From this continuing inventory of historic resources, an integral part of the State historic preservation plan, the State Historic Preservation Officer should nominate properties for inclusion in the National Register. The nominated properties which are approved by the National Park Service are entered in the National Register by the Director, Office of Archeology and Historic Preservation, National Park Service.

(c) The State Historic Preservation Officer has been requested to assume certain responsiblities for compliance under section 106 of the National Historic Preservation Act as outlined by the Advisory Council on Historic Preservation in "Procedures for the Protection of Historic and Cultural Properties" (36 CFR Part 800).

(d) The following officials have been designated by their Governors to act as State Historic Preservation Officers responsible for State activities under the National Historic Preservation Act:

(e) When a new State Historic Preservation Officer is appointed by a Governor, a letter must be sent to the Director of the National Park Service providing notice of the appointment. Similar written notification must also be sent in cases involving a successor to the State Historic Preservation Officer when the original appointment was made to the *office* rather than specifically to the *individual (by name)* holding the office. The National Park Service also requires notification when the State Historic Preservation Officer delegates authorities to other parties. Changes of address, telephone number, or personnel should also be brought promptly to the attention of the National Park Service.

(f) Questions concerning authorized signatures should be addressed to the Di-

rector, Office of Archeology and Historic Preservation, National Park Service, U.S. Department of the Interior, Washington, D.C. 20240.

§ 60.6 Criteria for evaluation.

The criteria applied to evaluate properties for possible inclusion in the National Register are listed below. These criteria are worded in a manner to provide for the diversity of resources. The following criteria shall be used in evaluating properties for nomination to the National Register, by the National Park Service in reviewing nominations, and for evaluating National Register eligibility of properties affected by Federal agency undertakings.

National Register criteria for evaluation. The quality of significance in American history, architecture, archeology, and culture is present in districts, sites, buildings, structures, and objects of State and local importance that possess integrity of location, design, setting, materials, workmanship, feeling, and association, and

(a) That are associated with events that have made a significant contribution to the broad patterns of our history; or

(b) That are associated with the lives of persons significant in our past; or

(c) That embody the distinctive characteristics of a type, period, or method of construction, or that represent the work of a master, or that possess high artistic values, or that represent a significant and distinguishable entity whose components may lack individual distinction; or

(d) That have yielded, or may be likely to yield, information important in prehistory or history.

Criteria considerations. Ordinarily cemeteries, birthplaces, or graves of historical figures, properties owned by religious institutions or used for religious purposes, structures that have been moved from their original locations, reconstructed historic buildings, properties primarily commemorative in nature, and properties that have achieved significance within the past 50 years shall not be considered eligible for the National Register. However, such properties will qualify if they are integral parts of districts that do meet the criteria or if they fall within the following categories:

(a) A religious property deriving primary significance from architectural or artistic distinction or historical importance.

(b) A building or structure removed from its original location but which is significant primarily for architectural value, or which is the surviving structure most importantly associated with a historic person or event.

(c) A birthplace or grave of a historical figure of outstanding importance if there is no appropriate site or building directly associated with his productive life.

(d) A cemetery which derives its primary significance from graves of persons of transcendent importance, from age, from distinctive design features, or from association with historic events.

(e) A reconstructed building when accurately executed in a suitable environment and presented in a dignified manner as part of a restoration master plan, and when no other building or structure with the same association has survived.

(f) A property primarily commemorative in intent if design, age, tradition, or symbolic value has invested it with its own historical significance.

(g) A property achieving significance within the past 50 years if it is of exceptional importance.

§ 60.7 The State historic preservation plan.

(a) Before properties are nominated for inclusion in the National Register, a continuing statewide survey of historic, architectural, archeological, and cultural resources is undertaken. This survey may be conducted with matching funds from the grants-in-aid program of the National Park Service.

(b) The survey is the basis of a State historic preservation plan which is organized into three volumes. Volume I of this document provides a summary of the State's history and background of its preservation activities, a statement of its long-range goals, and its methods of operation. Volume II, an inventory of the State's cultural resources, identifies significant districts, sites, buildings, structures, and objects regardless of title, boundaries, or ownership so that properties which meet the criteria for evaluation can be nominated to the National Register. Volume III is the annual work program, which must be submitted annually with an apportionment warrant stating and explaining the State's request for historic preservation grants-in-aid. This volume includes a review of the past year's work, updates of volumes I and II, and plans for the next fiscal year.

(c) A State's eligibility to participate in the National Register program and the grants-in-aid program depends upon its submission of an acceptable State historic preservation plan to the National Park Service.

(d) More detailed information on the State historic preservation plan may be obtained by writing the Branch of Plans, National Register Division, National Park Service, U.S. Department of the Interior, Washington, D.C. 20240.

§ 60.8 State professional staff.

The State plan and all nominations submitted to the National Register by a State for consideration must first be prepared under the supervision of a full-time professional staff, responsible to the State Historic Preservation Officer. The staff must possess professionally recognized qualifications by education and experience in the fields of history, archeology, architecture (architectural history), and other appropriate disciplines, such as planning, as may be necessary. The credentials for each proposed staff member must be presented to the National Park Service for approval as part of the State historic preservation plan, volume III, or whenever there is a change in the composition of the staff.

§ 60.9 State Review Board.

(a) Volumes I and II of the State plan and all nominations submitted to the National Register by a State Historic Preservation Officer must first have been approved by a professional review board. The State Historic Preservation Officer must identify the proposed members of the review board and present their credentials to the National Park Service for approval in volume III of the State historic preservation plan or whenever there is a change in the composition of the board. The members of the review board may be proposed to the National Park Service either by the Governor or by the State Historic Preservation Officer.

(b) A minimum membership of five is required, including an authority in each of the following fields: history, archeology, architectural history, or architecture, and such other professional disciplines as may be appropriate (i.e. urban or regional planning). Employees of the State agency having the responsibility for survey and planning under the provisions of the act may be members of this body but may not vote on documents which they have supervised or have prepared themselves. Employees of the State agency may not fill one of the five professional positions except with special written permission of the National Park Service.

§ 60.10 Nomination forms.

All nominations to the National Register are to be made on standard National Register forms (revised October 1974) as follows:

No.	Form title	User	Color
10-300	Inventory-nomination.	State	White.
10-306	do	Federal	Blue.
10-300a	Continuation sheet.	State and Federal	White.
10-301	Property map	do	Do.
10-301a	Property photograph.	do	Do.

These forms are provided upon request to the State Historic Preservation Officers and to the participating Federal agencies by the National Park Service. For archival reasons, no other forms, photocopied or otherwise, will be accepted.

§ 60.11 Concurrent State and Federal nominations.

(a) State Historic Preservation Officers and Federal Representatives are encouraged to cooperate in locating, inventorying, evaluating, and nominating all properties possessing historical, architectural, archeological, or cultural value.

(b) When a portion of the area included in a Federal nomination is not located on land under the jurisdiction or control of the Federal agency, but is an integral part of the cultural resource, the completed nomination form should be sent to the State Historic Preservation Officer for submission to the State review board, notification to property owners, and the solicitation of written comments.

(c) If the review board approves the nomination, the form should be signed

by the State Historic Preservation Officer and returned to the Federal agency initiating the nomination along with a letter confirming that the nomination has been reviewed and approved by the State Historic Preservation Officer and the review board, that the appropriate owner or owners have been notified, and that all other State procedures have been fulfilled. Comments received by a State concerning the significance of the property should be included.

(d) Federally owned properties may be nominated by the State as well. In such cases the State Historic Preservation Officer shall notify the appropriate Federal representative in writing and, if possible, an agency official within the State before the nomination is forwarded to the National Park Service.

§ 60.12 Notification.

(a) As indicated previously in § 60.2 (c), the National Register was designed and has been implemented as a planning tool. Federal agencies that undertake a project having an effect on such a listed property must provide the Advisory Council on Historic Preservation a reasonable opportunity to comment pursuant to 36 CFR Part 800. Having complied with this requirement, the agency may adopt any course of action it may feel appropriate. While the Advisory Council comments must be taken into account and integrated into the decisionmaking process, the program decision rests with the agency implementing the undertaking. No requirements of any kind are imposed upon private initiative.

(b) The State Historic Preservation Officer concept has been developed within the various States at the urging of the Secretary of the Interior both to expand the National Register and to implement the historic preservation grants-in-aid program created by the National Historic Preservation Act of 1966, 16 U.S.C. 470 et seq. (1970 ed.). As such, this position has come to serve as a vital link between a State's participation in these programs and the National Park Service, and as a blending of State and Federal programs. This is particularly true of the identification and nomination of properties to the National Register by a State, which is required as a portion of the comprehensive statewide historic and cultural survey and a condition precedent to participation in the grants-in-aid program.

(c) The identification and nomination of historic and cultural resources, as a function that has been assumed by the various States, is essentially a State action. The nomination of a property is a proposal to the National Park Service and does not constitute listing. However, nominations received from the various States are, in the vast majority of situations, accepted by the National Park Service. Listing on the National Register is a Department of the Interior decision. As a part of the nomination process, each State is required to notify property owners in writing at least once of the State's intent to nominate a property and to allow a reasonable opportunity for the presentation of written comments concerning the property's significance prior to review board consideration. The various States are also strongly encouraged to notify appropriate county or municipal authorities and to allow them a reasonable opportunity to present written comment concerning that property's significance prior to review board consideration.

(d) In the event of a nomination of a historic district of multiple ownerships where notice to individual property owners is not practicable, each State is required to notify appropriate county or municipal authorities; to provide other means of general notice concerning the State's intent to nominate the district; and, to allow a reasonable opportunity for the presentation of written comments concerning the district's significance prior to review board consideration.

(e) State Historic Preservation Officers are required to inform property owners or appropriate local authorities, as appropriate, when properties are added to the National Register.

(f) In consultation with the State's Attorney, each State should adopt general notification procedures consistent with the considerations of this section and provide the National Register with a copy of these procedures when completed, and thereafter in the annual State historic preservation plan or whenever changes are made.

§ 60.13 Publication in the Federal Register.

(a) When a nomination is received, the National Park Service shall publish notice in the FEDERAL REGISTER that the property is being considered for listing and shall receive additional written comments concerning the significance of the property under National Register criteria for evaluation whenever possible.

(b) The National Register will notify the State Historic Preservation Officer of the listing of the property. The National Register will also place notice of listing in the FEDERAL REGISTER on a regular basis and in a cumulative edition which will appear once a year, usually in February.

§ 60.14 Other State and local programs.

State and local authorities that utilize the National Register nomination as the base for more restrictive provisions, such as halt-in-demolition provisions, must be aware that such uses of the information provided to the National Register are purely matters of State and local initiative and subject to the scope of a State's police powers. Such State and local provisions must be clearly separated from the role of the National Register as a planning tool and as the basis for participation in the historic preservation grants-in-aid program.

§ 60.15 Processing of nominations.

Nominations of properties to the National Register follow the process set forth below.

(a) Nominations by the State Historic Preservation Officer.

(1) Nomination forms (10–300) are prepared under the supervision of the State Historic Preservation Officer.

(2) Notice is provided of the intent to nominate the property and written comments are solicited. With regard to property under Federal jurisdiction or control, completed nomination forms should be submitted to the Federal representative for review and comment regarding the significance of the property. After receiving the comments of the Federal representative, or if there has been no response within 45 days, the State Historic Preservation Officer may approve the nomination and forward it to the Keeper, National Register, National Park Service, Washington, D.C. 20240. The comments of the Federal representative are appended to the nomination; or, if there are no comments, an explanation is attached.

(3) Completed nomination forms or the documentation proposed for submission on the nominations forms are submitted to the State review board for approval prior to submission to the National Register.

(4) Nomination forms approved by the State review board are reviewed by the State Historic Preservation Officer and, if approved, signed with the affirmation that all appropriate procedures have been followed.

(5) The State Historic Preservation Officer submits the completed nomination and comments received by a State concerning the significance of the property to the Keeper, National Register, National Park Service, Washington, D.C. 20240.

(6) Notice will be provided in the FEDERAL REGISTER that the nominated property is being considered for listing in the National Register of Historic Places and comments will be received whenever possible concerning the significance of the property. Copies of these written comments will be supplied to the State Historic Preservation Officer.

(7) Nominations are reviewed by the Office of Archeology and Historic Preservation to determine technical and professional sufficiency and conformance to the National Register criteria for evaluation and comments are considered.

(8) Nominations found to be technically and professionally sufficient and in conformance with the National Register criteria for evaluation will be approved by the Director, Office of Archeology and Historic Preservation, and entered in the National Register. Nominations found technically or professionally inadequate will be returned for correction and resubmission. When a property does not appear to meet the National Register criteria for evaluation, the nomination will be returned with an explanatory letter.

(b) *Nominations by a Federal agency.* (1) Nomination forms (10–306) are prepared under the supervision of the Federal Representative designated by the head of a Federal agency to fulfill agency responsibilities under Executive Order 11593.

(2) Completed nominations are submitted to the appropriate State Historic Preservation Officer for review and comment regarding the significance of the property and its eligibility for the National Register.

(3) After receiving the comments of the State Historic Preservation Officer, or if there has been no response within 45 days, the Federal Representative may approve the nomination and forward it to the Keeper, National Register, National Park Service, Washington, D.C. 20240. The comments of the State Historic Preservation Officer are appended to the nomination, or, if there are no comments, an explanation is attached. Concurrent nominations cannot be submitted, however, until the nomination has been approved by the State in accord with § 60.11, supra. Comments received by the State concerning concurrent nominations must be submitted with the nomination.

(4) Notice will be provided in the FEDERAL REGISTER that the nominated property is being considered for listing in the National Register of Historic Places and comments will be received whenever possible concerning the significance of the property. Copies of these written comments will be supplied to the Federal representative and to the State Historic Preservation Officer.

(5) Nominations are reviewed by the Office of Acheology and Historic Preservation to determine technical and professional sufficiency and conformance to the National Register criteria for evaluation and comments are considered.

(6) Nominations found to be technically and professionally sufficient and in conformance with the National Register criteria for evaluation will be approved by the Director, Office of Archeology and Historic Preservation, and entered in the National Register. Nominations found technically or professionally inadequate will be returned for correction and resubmission. When a property does not appear to meet the National Register criteria for evaluation, the nomination will be returned with an explanatory letter.

§ 60.16 Changes and revisions to properties listed in the National Register.

(a) *Boundary changes.* (1) A boundary alteration should be handled as a new property nomination supplanting the old nomination form. All forms, criteria, and procedures used in nominating a property to the National Register must be used at both the State and Federal levels. A professionally justified recommendation by the State Historic Preservation Officer or Federal Representative must be presented to the National Park Service. During this process, the property is not taken off the National Register. If the National Park Service finds the recommendation in accordance with the National Register criteria for evaluation, the change will be accepted. If the boundary change is not accepted, the old boundaries will remain.

(2) Two justifications exist for altering a boundary: Professional error in the initial nomination or loss of historic integrity. In some cases, accretion of additional significance may also be reason for altering property boundaries. No enlargement of a boundary should be recommended unless the additional area possesses previously unrecognized significance in American history, architecture, archeology, or culture. No diminution of a boundary should be recommended unless the properties being removed have lost the characteristics that endowed them with such significance and qualified them for the initial nomination. Any proposal to alter a boundary has to be documented in detail in order to avoid the necessity of an onsite inspection by National Park Service personnel. Specifically, the structures or other historic resources falling between the existing boundary and the other proposed boundary should be photographed.

(3) Attention should be given to the "Criteria for Effect," promulgated by the Advisory Council on Historic Preservation in "Procedures for the Protection of Historic and Cultural Properties" (36 CFR Part 800), for use in the application of section 106 of the National Historic Preservation Act. According to these criteria a project need not fall within the boundaries of a National Register property for an effect to exist.

(b) *Relocating properties listed in the National Register.* (1) Properties listed in the National Register should be moved only when there is no feasible alternative for preservation. When a property is moved, every effort should be made to reestablish its historic orientation, immediate setting, and general environment.

(2) If it is proposed that a structure listed in the National Register be moved and the State or Federal agency wishes the property to remain in the National Register during and after the move, the State or Federal agency must submit documentation prior to the move which should discuss:

(i) The reasons for the move;

(ii) The effect on the property's historical integrity; and

(iii) The new setting and general environment of the proposed site, including evidence that the proposed site does not possess historical significance that would be adversely affected by the intrusion of the structure.

In addition, photographs showing the proposed location must be sent along with the documentation. Any such proposal submitted by a State must be approved by the State review board and will continue to follow normal review procedures.

(3) If the National Park Service approves the proposal, the property will remain on the National Register during and after the move unless the integrity of the property is, in some unforeseen manner, destroyed. If the National Park Service does not approve the proposal, the property will be automatically deleted from the National Register when moved. If the State or Federal agency has proof that previously unrecognized significance exists, or has accrued, the State or Federal agency may resubmit a nomination for the property as outlined below.

(4) In the event that a structure is moved, deletion from the National Register will be automatic unless the above procedures are followed prior to the move. If the property has already been moved, it is the State or Federal agency's responsibility to notify the National Register. Assuming that the State or Federal agency wishes to have the structure reentered in the National Register, it must be nominated again on new forms which should discuss:

(i) The reasons for the move;

(ii) The effect on the property's historical integrity, and

(iii) The new setting and general environment, including evidence that the new site does not possess historical significance that would be adversely affected by the intrusion of the site.

In addition, new photographs showing the structure at its new location must be sent along with the revised nomination. Any such nomination submitted by a State must be approved by the State review board.

(5) Properties moved in a manner consistent with the comments of the Advisory Council on Historic Preservation, in accord with its procedures (36 CFR Part 800), are granted an exception to § 60.16 (b). Moving of properties in accord with the Advisory Council's procedures should be dealt with individually in each memorandum of agreement.

§ 60.17 Removing properties from the National Register.

(a) Properties nominated by the States or Federal agencies will be removed from the National Register only when they have ceased to meet the criteria for the National Register: when the qualities which caused them originally to be nominated have been lost or destroyed; upon proof that an error in professional judgment has been made; or, for failure to follow the procedures set forth herein. Information concerning the loss of integrity, error in judgement, or procedural error should be submitted through the appropriate State Historic Preservation Officer or Federal representative to the Keeper, National Register, National Park Service, Washington, D.C. 20240.

Title 36—Parks, Forests, and Public Property

CHAPTER VIII—ADVISORY COUNCIL ON HISTORIC PRESERVATION

PART 800—PROCEDURES FOR THE PROTECTION OF HISTORIC AND CULTURAL PROPERTIES*

Pursuant to the National Historic Preservation Act of 1966 (80 Stat. 915, 16 U.S.C. 470) and Executive Order 11593, May 13, 1971, "Protection and Enhancement of the Cultural Environment" (36 FR 8921, 16 U.S.C. 470), the Advisory Council on Historic Preservation has established Procedures for Compliance, set forth in the FEDERAL REGISTER of February 28, 1973 (38 FR 5388), to implement the purposes of those authorities. Proposed revisions to those procedures were published in the FEDERAL REGISTER of November 5, 1973 (38 FR 30464) and 30 days were allowed for public comment. Federal agencies were also solicited to consult with the Advisory Council with regard to the development of procedures for the protection of non-federally owned historic and cultural properties as required by section 1(3) of Executive Order 11593.

In response to comments received by the Advisory Council and in consultation with Federal agencies, the proposed procedures have been revised to incorporate suggestions from Federal and State agencies and private citizens. It is the purpose of this notice, through publication of revised "Procedures for the Protection of Historic and Cultural Properties," to apprise the public as well as government agencies, associations, and all other organizations and individuals interested in historic preservation, that the following procedures are hereby adopted as set forth below. The procedures will appear in the Code of Federal Regulations in Title 36, Chapter 8 at Part 800. The procedures are being codified because they affect State and local governmental agencies, private organizations, and individuals, in addition to Federal agencies, to which they are specifically directed, and because of the resultant need to make them widely and readily available.

Federal agencies are advised that the procedures set forth certain steps for agencies to follow to fulfill their obligations pursuant to section 1(3) of Executive Order 11593 and to use as a guide in the development of their required internal procedures in consultation with the Council. The Advisory Council reiterates its solicitation of Federal agencies to consult with the Council on the development of those procedures. Inquiries regarding such consultation, as well as inquiries regarding the substance of and compliance with the procedures in general, should be directed to the Executive Secretary, Advisory Council on Historic Preservation, Suite 430, 1522 K Street NW., Washington, D.C. 20005.

Effective date: January 25, 1974.

ROBERT R. GARVEY, Jr.,
Executive Director, Advisory Council on Historic Preservation.

A new Chapter VIII, Advisory Council on Historic Preservation, containing Part 800, Procedures for the Protection of Historic and Cultural Properties, is added to title 36, CFR, reading as set forth below.

AUTHORITY: Pub. L. 89-665, 80 Stat. 915, (16 U.S.C. 470); E.O. 11593, 3 CFR 1971 Comp., p. 154.

§ 800.1 Purpose and authorities.

(a) The National Historic Preservation Act of 1966 created the Advisory Council on Historic Preservation, an independent agency of the Executive branch of the Federal Government, to advise the President and Congress on matters involving historic preservation. Its members are the Secretary of the Interior, the Secretary of Housing and Urban Development, the Secretary of the Treasury, the Secretary of Commerce, the Attorney General, the Secretary of Transportation, the Secretary of Agriculture, the Administrator of the General Services Administration, the Secretary of the Smithsonian Institution, the Chairman of the National Trust for Historic Preservation, and 10 citizen members appointed by the President on the basis of their outstanding service in the field of historic preservation.

(b) The Council reviews Federal, federally assisted, and federally licensed undertakings affecting cultural properties as defined herein in accordance with the following authorities:

(1) *Section 106 of the National Historic Preservation Act.* Section 106 requires that Federal, federally assisted, and federally licensed undertakings affecting properties included in the National Register of Historic Places be submitted to the Council for review and comment prior to the approval of any such undertaking by the Federal agency.

(2) *Section 1(3) of Executive Order 11593, May 13, 1971, "Protection and Enhancement of the Cultural Environment."* Section 1(3) requires that Federal agencies, in consultation with the Council, establish procedures regarding the preservation and enhancement of non-federally owned historic and cultural properties in the execution of their plans and programs. After soliciting consultation with the Federal agencies, the Advisory Council has adopted procedures, set forth in §§ 800.3 through 800.10, to achieve this objective and Federal agencies should fulfill their responsibilities under section 1(3) by following these procedures. The Council further recommends that Federal agencies use these procedures as a guide in the development, in consultation with the Council, of their required internal procedures.

(3) *Section 2(b) of Executive Order 11593, May 13, 1971, "Protection and Enhancement of the Cultural Environment."* Federal agencies are required, by section 2(a) of the Executive Order, to locate, inventory, and nominate properties under their jurisdiction or control to the National Register. Until such processes are complete, Federal agencies must submit proposals for the transfer, sale, demolition, or substantial alteration of federally owned properties eligible for inclusion in the National Register to the Council for review and comment. Federal agencies must continue to comply with section 2(b) review requirements, even after the initial inventory is complete, when they obtain jurisdiction or control over additional properties that are eligible for inclusion in the National Register or when properties under their jurisdiction or control are found to be eligible for inclusion in the National Register subsequent to the initial inventory.

§ 800.2 Coordination with agency requirements under the National Environmental Policy Act.

Section 101(b)(4) of the National Environment Policy Act (NEPA) declares that one objective of the national environmental policy is to "preserve important historic, cultural, and natural aspects of our national heritage and maintain, wherever possible, an environment which supports diversity and variety of individual choice." In order to meet this objective, the Advisory Council instructs Federal agencies to coordinate NEPA compliance with the separate responsibilities of the National Historic Preservation Act and Executive Order 11593 to ensure that historic and cultural resources are given proper consideration in the preparation of environmental impact statements. Agency obligations pursuant to the National Historic Preservation Act and Executive Order 11593 are independent from NEPA and must be complied with even when an environmental impact statement is not required. However, where both NEPA and the National Historic Preservation Act or Executive Order 11593 are applicable, the Council on Environmental Quality, in its *Guidelines for the Preparation of Environmental Impact Statements* (40 CFR Part 1500), directs that compliance with section 102(2)(C) of NEPA should, to the extent possible, be combined with other statutory obligations—such as the National Historic Preservation Act and Executive Order 11593—to yield a single document which meets all applicable requirements. To achieve this objective, Federal agencies should undertake, to the fullest extent possible, compliance with the procedures set forth below whenever properties included in or eligible for inclusion in the National Register are involved in a project to ensure that obligations under the National Historic Preservation Act and Executive Order 11593 are fulfilled during the preparation of a draft environmental impact statement required under section 102(2)(C) of NEPA. The Advisory Council recommends that compliance with these procedures be undertaken at the earliest

stages of the environmental impact statement process to expedite review of the statement. Statements on projects affecting properties included in or eligible for inclusion in the National Register should be sent directly to the Advisory Council for review. All statements involving historic, architectural, archeological, or cultural resources, whether or not included in or eligible for inclusion in the National Register, should be submitted to the Department of Interior for review.

§ 800.3 **Definitions.**

As used in these procedures:

(a) "National Historic Preservation Act" means Public Law 89–665, approved October 15, 1966, an "Act to establish a program for the preservation of additional historic properties throughout the Nation and for other purposes," 80 Stat. 915, 16 U.S.C. 470, as amended, 84 Stat. 204 (1970) and 87 Stat. 139 (1973) hereinafter referred to as "the Act."

(b) "Executive Order" means Executive Order 11593, May 13, 1971, "Protection and Enhancement of the Cultural Environment," 36 FR 8921, 16 U.S.C. 470.

(c) "Undertaking" means any Federal action, activity, or program, or the approval, sanction, assistance, or support of any other action, activity or program, including but not limited to:

(1) Recommendations or favorable reports relating to legislation, including requests for appropriations. The requirement for following these procedures applies to both: Agency recommendations on their own proposals for legislation and agency reports on legislation initiated elsewhere. In the latter case only the agency which has primary responsibility for the subject matter involved will comply with these procedures.

(2) New and continuing projects and program activities: directly undertaken by Federal agencies; or supported in whole or in part through Federal contracts, grants, subsidies, loans, or other forms of funding assistance; or involving a Federal lease, permit, license, certificate, or other entitlement for use.

(3) The making, modification, or establishment of regulations, rules, procedures, and policy.

(d) "National Register" means the National Register of Historic Places, which is a register of districts, sites, buildings, structures, and objects, significant in American history, architecture, archeology, and culture, maintained by the Secretary of the Interior under authority of section 2(b) of the Historic Sites Act of 1935 (49 Stat. 666, 16 U.S.C. 461) and section 101(a)(1) of the National Historic Preservation Act. The National Register is published in its entirety in the FEDERAL REGISTER each year in February. Addenda are published on the first Tuesday of each month.

(e) "National Register property" means a district, site building, structure, or object included in the National Register.

(f) "Property eligible for inclusion in the National Register" means any district, site, building, structure, or object which the Secretary of the Interior determines is likely to meet the National Register Criteria. As these determinations are made, a listing is published in the FEDERAL REGISTER on the first Tuesday of each month, as a supplement to the National Register.

(g) "Decision" means the exercise of agency authority at any stage of an undertaking where alterations might be made in the undertaking to modify its impact upon historic and cultural properties.

(h) "Agency Official" means the head of the Federal agency having responsibility for the undertaking or a subordinate employee of the Federal agency to whom such authority has been delegated.

(i) "Chairman" means the Chairman of the Advisory Council on Historic Preservation, or such member designated to act in his stead.

(j) "Executive Director" means the Executive Director of the Advisory Council on Historic Preservation established by Section 205 of the Act, or his designated representative.

(k) "State Historic Preservation Officer" means the official within each State, authorized by the State at the request of the Secretary of the Interior, to act as liaison for purposes of implementing the Act, or his designated representative.

(l) "Secretary" means the Secretary of the Interior, or his designee authorized to carry out the responsibilities of the Secretary of the Interior under Executive Order 11593.

§ 800.4 **Agency procedures.**

At the earliest stage of planning or consideration of a proposed undertaking, including comprehensive or area-wide planning in which provision may be made for an undertaking or an undertaking may be proposed, the Agency Official shall take the following steps to comply with the requirements of section 106 of the National Historic Preservation Act and sections 1(3) and 2(b) of Executive Order 11593.

(a) *Identification of resources.* As early as possible and in all cases prior to agency decision concerning an undertaking, the Agency Official shall identify properties located within the area of the undertaking's potential environmental impact that are included in or eligible for inclusion in the National Register.

(1) To identify properties included in the National Register, the Agency Official shall consult the National Register, including monthly supplements.

(2) To identify properties eligible for inclusion in the National Register, the Agency Official shall, in consultation with the appropriate State Historic Preservation Officer, apply the National Register Criteria, set forth in Section 800.10, to all properties possessing historical, architectural, archeological, or cultural value located within the area of the undertaking's potential environmental impact. If the Agency Official determines that a property appears to meet the Criteria, or if it is questionable whether the Criteria are met, the Agency Official shall request, in writing, an opinion from the Secretary of the Interior respecting the property's eligibility for inclusion in the National Register. The Secretary of the Interior's opinion respecting the eligibility of a property for inclusion in the National Register shall be conclusive for the purposes of these procedures.

(b) *Determination of effect.* For each property included in or eligible for inclusion in the National Register that is located within the area of the undertaking's potential environmental impact, the Agency Official, in consultation with the State Historic Preservation Officer, shall apply the Criteria of Effect, set forth in Section 800.8, to determine whether the undertaking has an effect upon the property. Upon applying the Criteria and finding no effect, the undertaking may proceed. The Agency Official shall keep adequate documentation of a determination of no effect.

(c) *Effect established.* Upon finding that the undertaking will have any effect upon a property included in or eligible for inclusion in the National Register, the Agency Official, in consultation with the State Historic Preservation Officer, shall apply the Criteria of Adverse Effect, set forth in §800.9, to determine whether the effect of the undertaking is adverse.

(d) *Finding of no adverse effect.* Upon finding the effect not to be adverse, the Agency Official shall forward adequate documentation of the determination, including evidence of the views of the State Historic Preservation Officer, to the Executive Director for review. Unless the Executive Director notes an objection to the determination within 45 days after receipt of adequate documentation, the Agency Official may proceed with the undertaking.

(e) *Finding of adverse effect.* Upon finding the effect to be adverse or upon notification that the Executive Director does not accept a determination of no adverse effect, the Agency Official shall: (1) Request, in writing, the comments of the Advisory Council; (2) notify the State Historic Preservation Officer of this request; (3) prepare a preliminary case report; and (4) proceed with the consultation process set forth in Section 800.5.

(f) *Preliminary case report.* Upon requesting the comments of the Advisory Council, the Agency Official shall provide the Executive Director and the State Historic Preservation Officer with a preliminary case report, containing all relevant information concerning the undertaking. The Agency Official shall obtain such information and material from any applicant, grantee, or other beneficiary involved in the undertaking as may be required for the proper evaluation of the undertaking, its effects, and alternate courses of action.

§ 800.5 **Consultation process.**

(a) *Response to request for comments.* Upon receipt of a request for Advisory Council comments pursuant to Section 800.4(e), the Executive Director shall ac-

knowledge the request and shall initiate the consultation process.

(b) *On-site inspection.* At the request of the Agency Official, the State Historic Preservation Officer, or the Executive Director, the Agency Official shall conduct an on-site inspection with the Executive Director, the State Historic Preservation Officer and such other representatives of national, State, or local units of government and public and private organizations that the consulting parties deem appropriate.

(c) *Public information meeting.* At the request of the Agency Official, the State Historic Preservation Officer, or the Executive Director, the Executive Director shall conduct a meeting open to the public, where representatives of national, State, or local units of government, representatives of public or private organizations, and interested citizens can receive information and express their views on the undertaking, its effects on historic and cultural properties, and alternate courses of action. The Agency Official shall provide adequate facilities for the meeting and shall afford appropriate notice to the public in advance of the meeting.

(d) *Consideration of alternatives.* Upon review of the pending case and subsequent to any on-site inspection and any public information meeting, the Executive Director shall consult with the Agency Official and State Historic Preservation Officer to determine whether there is a feasible and prudent alternative to avoid or satisfactorily mitigate any adverse effect.

(e) *Avoidance of adverse effect.* If the Agency Official, the State Historic Preservation Officer, and the Executive Director select and unanimously agree upon a feasible and prudent alternative to avoid the adverse effect of the undertaking, they shall execute a Memorandum of Agreement acknowledging avoidance of adverse effect. This document shall be forwarded to the Chairman for review pursuant to Section 800.6(a).

(f) *Mitigation of adverse effect.* If the consulting parties are unable to unanimously agree upon a feasible and prudent alternative to avoid any adverse effect, the Executive Director shall consult with the Agency Official and the State Historic Preservation Officer to determine whether there is a feasible and prudent alternative to satisfactorily mitigate the adverse effect of the undertaking. Upon finding and unanimously agreeing to such an alternative, they shall execute a Memorandum of Agreement acknowledging satisfactory mitigation of adverse effect. This document shall be forwarded to the Chairman for review pursuant to Section 800.6(a).

(g) *Memorandum of Agreement.* It shall be the responsibility of the Executive Director to prepare each Memorandum of Agreement required under these procedures. In preparation of such a document the Executive Director may request the Agency Official to prepare a proposal for inclusion in the Memorandum, detailing actions to be taken to avoid or mitigate the adverse effect.

(h) *Failure to avoid or mitigate adverse effect.* Upon the failure of consulting parties to find and unanimously agree upon a feasible and prudent alternative to avoid or satisfactorily mitigate the adverse effect, the Executive Director shall request the Chairman to schedule the undertaking for consideration at the next Council meeting and notify the Agency Official of the request. Upon notification of the request, the Agency Official shall delay further processing of the undertaking until the Council has transmitted its comments or the Chairman has given notice that the undertaking will not be considered at a Council meeting.

§ 800.6 Council procedures.

(a) *Review of Memorandum of Agreement.* Upon receipt of a Memorandum of Agreement acknowledging avoidance of adverse effect or satisfactory mitigation of adverse effect, the Chairman shall institute a 30-day review period. Unless the Chairman shall notify the Agency Official that the matter has been placed on the agenda for consideration at a Council meeting, the memorandum shall become final: (1) Upon the expiration of the 30-day review period with no action taken; or (2) when signed by the Chairman. Memoranda duly executed in accordance with these procedures shall constitute the comments of the Advisory Council. Notice of executed Memoranda of Agreement shall be published in the FEDERAL REGISTER monthly.

(b) *Response to request for consideration at Council meeting.* Upon receipt of a request from the Executive Director for consideration of the proposed undertaking at a Council meeting, the Chairman shall determine whether or not the undertaking will be considered and notify the Agency Official of his decision. To assist the Chairman in this determination, the Agency Official and the State Historic Preservation Officer shall provide such reports and information as may be required. If the Chairman decides against consideration at a Council meeting, he will submit a written summary of the undertaking and his decision to each member of the Council. If any member of the Council notes an objection to the decision within 15 days of the Chairman's decision, the undertaking will be scheduled for consideration at a Council meeting. If the Council members have no objection, the Chairman shall notify the Agency Official at the end of the 15-day period that the undertaking may proceed.

(c) *Decision to consider the undertaking.* Upon determination that the Council will consider an undertaking, the Chairman shall: (1) Schedule the matter for consideration at a regular meeting no less than 60 days from the date the request was received, or in exceptional cases, schedule the matter for consideration in an unassembled or special meeting; (2) notify the Agency Official and the State Historic Preservation Officer of the date on which comments will be considered; and (3) authorize the Executive Director to prepare a case report

(d) *Content of the case report.* For purposes of arriving at comments, the Advisory Council prescribes that certain reports be made available to it and accepts reports and statements from other interested parties. Specific informational requirements are enumerated below. Generally, the requirements represent an explication of elaboration of principles contained in the Criteria of Effect and in the Criteria of Adverse Effect. The Council notes, however, that the Act recognizes historical and cultural resources should be preserved "as a living part of our community life and development." Consequently, in arriving at final comments, the Council considers those elements in an undertaking that have relevance beyond historical and cultural concerns. To assist it in weighing the public interest, the Council welcomes information not only bearing upon physical, sensory, or esthetic effects but also information concerning economic, social, and other benefits or detriments that will result from the undertaking.

(e) *Elements of the case report.* The report on which the Council relies for comment shall consist of:

(1) A report from the Executive Director to include a verification of the legal and historical status of the property; an assessment of the historical, architectural, archeological, or cultural significance of the property; a statement indicating the special value of features to be most affected by the undertaking; an evaluation of the total effect of the undertaking upon the property; a critical review of any known feasible and prudent alternatives and recommendations to remove or mitigate the adverse effect;

(2) A report from the Agency Official requesting comment to include a general discussion and chronology of the proposed undertaking; when appropriate, an account of the steps taken to comply with section 102(2)(A) of the National Environmental Policy Act of 1969 (83 Stat. 852, 42 U.S.C. 4321): an evaluation of the effect of the undertaking upon the property, with particular reference to the impact on the historic, architectural, archeological and cultural values; steps taken or proposed by the agency to take into account, avoid, or mitigate adverse effects of the undertaking; a thorough discussion of alternate courses of action; and, if applicable and available, a copy of the draft environmental statement prepared in compliance with section 102(2)(C) of the National Environmental Policy Act of 1969;

(3) A report from any other Federal agency having under consideration an undertaking that will concurrently or ultimately affect the property, including a general description and chronology of that undertaking and discussion of the relation between that undertaking and the undertaking being considered by the Council;

(4) A report from the State Historic Preservation Officer to include an assessment of the significance of the property; an identification of features of special value; an evaluation of the effect of the undertaking upon the property and its specific components; an evaluation of

known alternate courses of action; a discussion of present or proposed participation of State and local agencies or organizations in preserving or assisting in preserving the property; an indication of the support or opposition of units of government and public and private agencies and organizations within the State; and the recommendations of his office;

(5) A report by any applicant or potential recipient when the Council considers comments upon an application for a contract, grant, subsidy, loan, or other form of funding assistance, or an application for a Federal lease, permit, license, certificate, or other entitlement for use. Arrangements for the submission and presentation of reports by applicants or potential recipients shall be made through the Agency Official having jurisdiction in the matter; and

(6) Other pertinent reports, statements, correspondence, transcripts, minutes, and documents received by the Council from any and all parties, public or private. Reports submitted pursuant to this section should be received by the Council at least two weeks prior to a Council meeting.

(f) *Coordination of case reports and statements.* In considerations involving more than one Federal department, either directly or indirectly, the Agency Official requesting comment shall act as a coordinator in arranging for a full assessment and discussion of all interdepartmental facets of the problem and prepare a record of such coordination to be made available to the Council. At the request of the Council, the State Historic Preservation Officer shall notify appropriate governmental units and public and private organizations within the State of the pending consideration of the undertaking by the Council, and coordinate the presentation of written statements to the Council.

(g) *Council meetings.* The Council does not hold formal hearings to consider comments under these procedures. Two weeks notice shall be given, by publication in the FEDERAL REGISTER, of all meetings involving Council review of Federal undertakings in accordance with these procedures. Reports and statements will be presented to the Council in open session in accordance with a prearranged agenda. Regular meetings of the Council generally occur on the first Wednesday and Thursday of February, May, August and November.

(h) *Oral statements to the Council.* A schedule shall provide for oral statements from the Executive Director; the referring Agency Official presently or potentially involved; the applicant or potential recipient, when appropriate; the State Historic Preservation Officer; and representatives of national, State, or local units of government and public and private organizations. Parties wishing to make oral remarks shall submit written statements of position in advance to the Executive Director.

(i) *Comments by the Council.* The comments of the Council, issued after consideration of an undertaking at a Council meeting, shall take the form of a three-part statement, including an introduction, findings, and a conclusion. The statement shall include notice to the Agency Official of the report required under section 800.6(j) of these procedures. Comments shall be made to the head of the Federal Agency requesting comment or having responsibility for the undertaking. Immediately thereafter, the comments of the Council will be forwarded to the President and the Congress as a special report under authority of section 202(b) of the Act and published as soon as possible in the FEDERAL REGISTER. Comment shall be available to the public upon receipt of the comments by the head of the Federal agency.

(j) *Report of agency action in response to Council comments.* When a final decision on the undertaking is reached by the Federal Agency, the Agency Official shall submit a written report to the Council containing a description of actions taken by the Federal Agency subsequent to the Council's comments; a description of actions taken by other parties pursuant to the actions of the Federal Agency; and the ultimate effect of such actions on the property involved. The Council may request supplementary reports if the nature of the undertaking requires them.

(k) *Records of the Council.* The records of the Council shall consist of a record of the proceedings at each meeting, the case report prepared by the Executive Director, and all other reports, statements, transcripts, correspondence, and documents received.

(l) *Continuing review jurisdiction.* When the Council has commented upon an undertaking pursuant to Section 800.6 such as a comprehensive or area-wide plan that by its nature requires subsequent action by the Federal Agency, the Council will consider its comments or approval to extend only to the undertaking as reviewed. The Agency Official shall ensure that subsequent action related to the undertaking is submitted to the Council for review in accordance with § 800.4(e) of these procedures when that action is found to have an adverse effect on a property included in or eligible for inclusion in the National Register.

§ 800.7 Other powers of the Council.

(a) *Comment or report upon non-Federal undertaking.* The Council will exercise the broader advisory powers, vested by section 202(a)(1) of the Act, to recommend measures concerning a non-Federal undertaking that will adversely affect a property included in or eligible for inclusion in the National Register: (1) upon request from the President of the United States, the President of the U.S. Senate, or the Speaker of the House of Representatives, or (2) when agreed upon by a majority vote of the members of the Council.

(b) *Comment or report upon Federal undertaking in special circumstances.* The Council will exercise its authority to comment to Federal agencies in certain special situations even though written notice that an undertaking will have an effect has not been received. For example, the Council may choose to comment in situations where an objection is made to a Federal agency finding of "no effect."

§ 800.8 Criteria of effect.

A Federal, federally assisted, or federally licensed undertaking shall be considered to have an effect on a National Register property or property eligible for inclusion in the National Register (districts, sites, buildings, structures, and objects, including their settings) when any condition of the undertaking causes or may cause any change, beneficial or adverse, in the quality of the historical, architectural, archeological, or cultural character that qualifies the property under the National Register Criteria.

§ 800.9 Criteria of adverse effect.

Generally, adverse effects occur under conditions which include but are not limited to:

(a) Destruction or alteration of all or part of a property;

(b) Isolation from or alteration of its surrounding environment;

(c) Introduction of visual, audible, or atmospheric elements that are out of character with the property or alter its setting;

(d) Transfer or sale of a federally owned property without adequate conditions or restrictions regarding preservation, maintenance, or use; and

(e) Neglect of a property resulting in its deterioration or destruction.

§ 800.10 National Register criteria.

(a) "National Register Criteria" means the following criteria established by the Secretary of the Interior for use in evaluating and determining the eligibility of properties for listing in the National Register: The quality of significance in American history, architecture, archeology, and culture is present in districts, sites, buildings, structures, and objects of State and local importance that possess integrity of location, design, setting, materials, workmanship, feeling and association and:

(1) That are associated with events that have made a significant contribution to the broad patterns of our history; or

(2) That are associated with the lives of persons significant in our past; or

(3) That embody the distinctive characteristics of a type, period, or method of construction, or that represent the work of a master, or that possess high artistic values, or that represent a significant and distinguishable entity whose components may lack individual distinction; or

(4) That have yielded, or may be likely to yield, information important in prehistory or history.

(b) *Criteria considerations.* Ordinarily cemeteries, birthplaces, or graves of historical figures, properties owned by religious institutions or used for religious purposes, structures that have been moved from their original locations, reconstructed historic buildings, properties primarily commemorative in na-

ture, and properties that have achieved significance within the past 50 years shall not be considered eligible for the National Register. However, such properties will qualify if they are integral parts of districts that do meet the criteria or if they fall within the following categories:

(1) A religious property deriving primary significance from architectural or artistic distinction or historical importance;

(2) A building or structure removed from its original location but which is the surviving structure most importantly associated with a historic person or event;

(3) A birthplace or grave of a historical figure of outstanding importance if there is no appropriate site or building directly associated with his productive life;

(4) A cemetery which derives its primary significance from graves of persons of transcendent importance, from age, from distinctive design features, or from association with historic events;

(5) A reconstructed building when accurately executed in a suitable environment and presented in a dignified manner as part of a restoration master plan, and when no other building or structure with the same association has survived;

(6) A property primarily commemorative in intent if design, age tradition, or symbolic value has invested it with its own historical significance; or

(7) A property achieving significance within the past 50 years if it is of exceptional importance.

The following properties have been determined to be eligible for inclusion in the National Register. All determinations of eligibility are made at the request of the concerned Federal Agency under the authorities in section 2(b) and 1(3) of Executive Order 11593 as implemented by the Advisory Council on Historic Preservation, 36 CFR Part 800. This listing is not complete. Pursuant to the authorities discussed herein, an Agency Official shall refer any questionable actions to the Director, Office of Archeology and Historic Preservation, National Park Service, Department of the Interior, for an opinion respecting a property's eligibility for inclusion in the National Register.

Historical properties which are determined to be eligible for inclusion in the National Register of Historic Places are entitled to protection pursuant to the procedures of the Advisory Council on Historic Preservation, 36 CFR Part 800. Agencies are advised that in accord with the procedures of the Advisory Council on Historic Preservation, before an agency of the Federal Government may undertake any project which may have an effect on such a property, the Advisory Council on Historic Preservation shall be given an opportunity to comment on the proposal.

PRIVACY ACT OF 1974

Systems of Records

CIVIL AERONAUTICS BOARD
PRIVACY ACT OF 1974
Notices of Systems of Records

Docket No. 28083

Pursuant to the Privacy Act of 1974, (PL 93-579) the Civil Aeronautics Board hereby gives notice of the existence and character of three additional systems of records which it maintains and which were inadvertently overlooked when the Board adopted its Privacy Act Regulations (14 CFR Part 310a) and published notices of systems of records which it maintains (40 F.R. 40782 and 40 F.R. 45107). Public comment is invited with respect to the 'routine use' which the Board proposes to make of the within-described information, as set forth in these notices. Comments may be filed on or before March 11, 1976. addressed to the Docket Section, Civil Aeronautics Board, Washington, D.C. 20428.

February 3, 1976.

John E. Robson,
Chairman.

CAB-13

System name: Holders of CAB Reports sets - CAB.

System location: Library, Office of Facilities and Operations, 1825 Connecticut Avenue, N.W., Washington, D. C. 20428.

Categories of individuals covered by the system: CAB employees.

Categories of records in the system: 3' x 5' CAB Form 51, executed by each employee to whom CAB Reports are charged. This form contains the following information: the employee's name, reference number, and volumes that have been charged out to him.

Authority for maintenance of the system: Section 204(a) of the Federal Aviation Act, 49 U.S.C. 1324(a).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used for controlling the issuance of sets of CAB Reports to the Board's staff. Relevant records in this system of records may be referred, as a routine use, to the Department of Justice for investigating or prosecuting any violation of the Federal Aviation Act or of any regulation or order issued thereunder or any violation of any other applicable federal law or requirement. Disclosure from the record of an individual may be made to a congressional office, in response to an inquiry which such congressional office presents as being made on behalf of, and at the request of, that individual.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained in metal file drawer.

Retrievability: Maintained in alphabetical order.

Safeguards: Maintained in areas where Library personnel are present when office doors are not locked.

Retention and disposal: Each card is retained until volumes are returned or a new card is filled out.

System manager(s) and address: Librarian, Office of Facilities and Operations, 1825 Connecticut Avenue, N.W., Washington, D.C. 20428.

Notification procedure: By mailing or delivering to the Office of Secretary, Civil Aeronautics Board, 1825 Connecticut Avenue, N.W., Washington, D.C. 20428, a written request bearing the individual's return address, printed or typewritten name and signature.

Record access procedures: Same as above

Contesting record procedures: Same as above.

Record source categories: CAB employee executing form.

CAB-14

System name: Employees holding employee parking permits - CAB.

System location: Office of Facilities and Operations, Civil Aeronautics Board, 1825 Connecticut Avenue, N.W., Washington, D.C. 20428.

Categories of individuals covered by the system: CAB employees who have been assigned employee parking permits or are members of an employee carpool.

Categories of records in the system: Alphabetical listing showing the names of all CAB employees who have been assigned and currently hold employee parking permits. Also, an alphabetical listing of all CAB employees that indicates the employee carpool (if any) of which they are regularly members.

Authority for maintenance of the system: Section 204(a) of the Federal Aviation Act, 49 U.S.C. 1324(a).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used as a device for identifying and controlling the assignment of employee parking permits in the Universal Building Garage. Relevant records in this system of records may be referred, as a routine use, to the Department of Justice for investigating or prosecuting any violation of the Federal Aviation Act or of any regulation or order issued thereunder or any violation of any other applicable federal law or requirement. Disclosure from the record of an individual may be made to a congressional office, in response to an inquiry which such congressional office presents as being made on behalf of, and at the request of, that individual.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Listing of CAB employees holding parking permits maintained in a file folder, listing of all CAB employees indicating carpool membership maintained in CAB phone directory.

Retrievability: Maintained in alphabetical order, by parking permit number and by type of category of parking permit.

Safeguards: Maintained in a file folder in the Director's office where access is limited to the immediate staff of the Director, Office of Facilities and Operations.

Retention and disposal: Listings are retained until such time as a new listing is prepared, or the employee is no longer a member of a carpool.

System manager(s) and address: Director, Office of Facilities and Operations, Civil Aeronautics Board, 1825 Connecticut Avenue, N.W., Washington, D.C. 20428.

Notification procedure: By mailing or delivering to the Office of the Secretary, Civil Aeronautics Board, 1825 Connecticut Avenue, N.W., Washington, D.C. 20428, a written request bearing the individual's return address, printed or typewritten name, and signature.

Record access procedures: Same as above.

Contesting record procedures: Same as above.

Record source categories: CAB employees applying for an employee parking permit.

CAB-15

System name: Employees holding security clearances - CAB.

System location: Office of Personnel and Communications Services Section, Office of Facilities and Operations, 1825 Connecticut Avenue, N.W., Washington, D.C. 20428.

Categories of individuals covered by the system: CAB employees holding security clearances.

Categories of records in the system: CAB Form 423, Request for Authority for Access to Classified Information in duplicate. This form contains the following information: the employee's name, title, organizational unit and reference number, level of authorization requested, duration of authorization, frequency of access required, a description of the employee's duties requiring access to classified information, the location and source of classified information to be used, the names of other employees in the organizational unit currently authorized access to classified information and the level of such authorization, an endorsement by the head of the office or bureau that the employee be given access to classified information and a brief statement of the reasons therefor, and an authorization granting access to classified information and indicating the level of authorization granted. CAB Form 133, Security Briefing Statement in duplicate which contains an acknowledgment that the employee has been given a security briefing by an officer of the Board and understands his responsibilities regarding the use and transmission of classified information and material in accordance with the provisions of Executive Order 11652, the employee's name and signature, name and signature of the Board officer conducting the security briefing, and the date the form was signed by the employee and the officer conducting the briefing. CAB Form 134, Security Termination Statement in duplicate, which contains an acknowledgment that the employee has been given a security debriefing and reminded of his responsibilities under Executive Order 11652 regarding the future disclosure of classified in-

formation or material to unauthorized persons, the employee's name and signature, the name and signature of the Board officer conducting the security debriefing, and the date the form was signed by the employee and the officer conducting the debriefing.

Authority for maintenance of the system: Section 204(a) of the Federal Aviation Act, 49 U.S.C. 1324(a).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to identify CAB employees who have been granted access to classified information and material required in the performance of their work. Used to schedule security briefings at the time the employee is granted access to classified information and material as well as schedule security debriefings prior to the employee's separation from the agency or loss of his security clearance. Used to check on employee compliance with the provisions of Executive Order 11652 regarding the use of classified information and material. Relevant records in this system of records may be referred, as a routine use, to the Department of Justice for investigating or prosecuting any violation of the Federal Aviation Act or of any regulation or order issued thereunder or any violation of any other applicable federal law or requirement. Disclosure from the record of an individual may be made to a congressional office, in response to an inquiry which such congressional office presents as being made on behalf of, and at the request of, that individual.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: One copy of each form maintained in individual file folders in the Office of Personnel and the Communications Services Section.

Retrievability: Maintained in alphabetical order.

Safeguards: Maintained in a safe by the Personnel Security Officer in the Office of Personnel in an area to which access is limited to authorized Board employees, maintained in a safe inside a security vault by the Communications Services Section to which access is limited to authorized Board personnel.

Retention and disposal: Records are maintained by the Personnel Security Officer until the employee leaves the Board and then sent along with Civil Service Security information to the Civil Service Commission, where they are disposed of in accordance with Civil Service Commission procedures. Records are maintained by the Communications Services Section until the employee leaves the agency, no longer has access to classified information, or is denied access to classified information by his immediate office or the Board, and then destroyed by burning.
