DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Privacy Act of 1974; Altered System of Records

AGENCY: National Institutes of Health (NIH), HHS.

ACTION: Notification of altered system of records.

SUMMARY: In accordance with the requirements of the Privacy Act, the National Institutes of Health is publishing a notice of a proposal to alter the system of records 09-25-0165, "National Institutes of Health Loan Repayment Program HHS/NIH/OD." The main purposes of the major alteration include: (1) Addition of new programs, (2) change of the system name to 09-25-0165, "National Institutes of Health Office of Loan Repayment and Scholarship (OLRS) Records System, HHS/NIH/OD," (3) the addition of applicants, participants and individuals interested in scholarship or loan

repayment programs of the NIH to "Categories of Individuals Covered by the System;" and (4) two new and two modified routine uses to reflect the added programs.

DATES: The NIH invites interested parties to submit comments on the proposed uses on or before February 24, 2000. The NIH has sent a Report of the Altered System to the Congress and to the Office of Management and Budget (OMB) on January 19, 2000. The alteration of this system of records will be effective 40 days from the date submitted to the OMB, unless NIH receives comments which would result in a contrary determination.

ADDRESSES: Please address comments to: NIH Privacy Act Officer, 6011 Executive Boulevard, Room 601, MSC 7669, Rockville, MD 20852, (301) 496-2832. (This is not a toll-free number). Comments received will be available for inspection at this same address from 9 a.m. to 3 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Marc S. Horowitz, J.D., Director, Office of Loan Repayment and Scholarship, National Institutes of Health, 7550 Wisconsin Avenue, Room 604, Bethesda, MD 20814-9121, (800) 528-7689 (toll-free number).

SUPPLEMENTARY INFORMATION: Sections 487A-C, and E of the Public Health Service (PHS) Act (42 U.S.C. 288-1, 2, 3, and 5), as amended, authorizes the Secretary to implement and establish programs of entering into agreements with appropriately qualified health professionals under which such health professionals agree to conduct research, as employees of the NIH or to conduct research with respect to contraception or infertility as employees or affiliates of the National Institute of Child Health and Human Development (NICHD) Intramural Laboratories and NICHD Extramural sites, in consideration of the Federal Government agreeing to repay, for each year of service, not more than \$35,000 of the principal and interest of the educational loans of such health professionals. These programs include the following: (1) The NIH AIDS Research Loan Repayment Program, (2) the NIH General Research Loan Repayment Program, (3) the NIH Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds, and (4) the Contraceptive and Infertility Research Loan Repayment Program.

Section 487D of the PHS Act (42 U.S.C 288-4) authorizes a scholarship program for individuals who agree to pursue, as undergraduates, academic programs appropriate for careers in professions needed by the NIH and who

agree to serve as NIH employees in exchange for receipt of the scholarship. This program is known as the NIH Undergraduate Scholarship Program (UGSP) for Individuals from Disadvantaged Backgrounds.

The NIH is recommending this proposed major alteration to expand system coverage for three new programs: (1) The General Research Loan Repayment Program, (2) the Contraceptive and Infertility Research Loan Repayment Program, and (3) the Undergraduate Scholarship Program. The proposed name change for this system of records to "National Institutes of Health (NIH) Office of Loan Repayment and Scholarship (OLRS) Records System, HHS/NIH/OD," is recommended to reflect the addition of records authorized by Sections 487B-D of the Public Health Service Act (42 U.S.C. 288-2, 288-3, and 288-4), as added June 10, 1993, by Pub. L. 103-43. NIH is proposing to change the "Categories of Individuals Covered by the System" to include applicants, participants and individuals interested in scholarship or loan repayment programs of the NIH. The proposed "Categories of Records in the System" adds (a) program application and associated forms; (b) academic and research progress reports (which include related data, correspondence, and professional performance information consisting of continuing education, performance awards, and adverse or disciplinary actions); (c) financial data, including loan balances, deferment, forbearance, and repayment/delinquent/default status information; (d) commercial credit reports; and (e) educational data including tuition and other expenses, and academic programs and class standing.

In addition, two new routine uses and two modified routine uses are proposed: (a) New Routine Use No. 16—the disclosure of identifying information to: Designated coordinators at schools participating in the scholarship program for the purpose of determining educational expenses and resulting levels of scholarship support, and guiding and informing these recipients about the nature of their professional service obligation to the NIH; and to medical and graduate schools, attended by UGSP scholars who have elected to defer their service obligation, for the purpose of determining their academic status and verifying the validity of the NIH UGSP service deferment; (b) New Routine Use No. 17—the disclosure of records to Department contractors and subcontractors for the purpose of recruiting, screening, and matching health professionals for NIH
