Comment Request Entitled Acquisition

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for an extension to an existing OMB clearance (9000-0113).

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Federal Acquisition Regulation (FAR)

Secretariat has submitted to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning Acquisition of Helium. FOR FURTHER INFORMATION CONTACT: Linda Nelson, Federal Acquisition Policy Division, GSA (202) 501-1900.

SUPPLEMENTARY INFORMATION:**A. Purpose**

The Helium Act (Pub. L. 86-777) (50 U.S.C. 167a, *et seq.*) and the Department of the Interior's implementing regulations (30 CFR parts 601 and 602) require Federal agencies to procure all major helium requirements from the Bureau of Land Management, Department of the Interior.

The FAR requires offerors responding to contract solicitations to provide information as to their forecast of helium required for performance of the contract. Such information will facilitate enforcement of the requirements of the Helium Act and the contractual provisions requiring the use of Government helium by agency contractors, in that it will permit corrective action to be taken if the Bureau of Land Management, after comparing helium sales data against helium requirement forecasts, discovers apparent serious discrepancies.

The information is used in administration of certain Federal

contracts to ensure contractor compliance with contract clauses. Without the information, the required use of Government helium cannot be monitored and enforced effectively.
