Bureau of Educational and Cultural Affairs Project To Develop a Master's Degree Program in Business Administration for Croatia; Request for Grant Proposals

SUMMARY: The Office of Global Educational Programs of the Bureau of Educational and Cultural Affairs in the Department of State announces an open competition for an assistance award to support the Consortium of Faculties of Economics in Croatia as the Consortium develops a full-time Master's Degree program in Business Administration to be based in the city of Zadar. Core program instruction for the MBA program will take place in Zadar during the second year of the program, once a curriculum is developed in collaboration with the Consortium of Faculties of Economics. Accredited

post-secondary educational institutions and other organizations meeting the provisions described in IRS regulation 26 CFR 1.501(c) may submit proposals that address these objectives. The means for achieving these objectives may include curriculum development, faculty training, case study development, consultation, research, distance education, internship training and professional outreach to public and private sector managers and entrepreneurs.

Overview and Project Objectives

The project is designed to support the development of a Master's Degree program in Business Administration (MBA) in English to be based in Zadar, while also strengthening business education throughout Croatia. The Consortium of Faculties of Economics in Croatia (which includes the Universities of Zagreb, Split, Rijeka and Osijek) intends to develop core subjects and specializations. The project will focus on faculty and curriculum development for faculty at institutions belonging to the consortium.

Applicants are encouraged to develop creative strategies to pursue these objectives and that reflect an understanding of the status, achievements, and current needs of business education in Croatia.

The project should pursue these objectives through a strategy that coordinates the participation of junior and senior level faculty, administrators, or graduate students for any appropriate combination of teaching, research, mentoring, internships, and outreach, for exchange visits ranging from one week to an academic year. Visits of one semester or longer for participants from Croatia are strongly encouraged and program activities must be tied to the goals and objectives of the project.

If the proposed project would occur within the context of a previous or ongoing project, the proposal should explain how the request for Bureau funding would build upon the pre-existing relationship or complement previous and concurrent projects, which must be listed and described with details about the amounts and sources of external support. Previous projects should be described in the proposal, and the results of the evaluation of previous cooperative efforts should be summarized.

U.S. Institution and Participant Eligibility

In the United States, participation in the program is open to accredited two and four-year colleges and universities, including graduate schools as well as other organizations meeting the provisions described in IRS regulation 26 CFR 1.501(c). Applications from consortia or other combinations of U.S. colleges and universities are eligible. The lead U.S. organization in the consortium or other combination of cooperating institutions is responsible for submitting the application. Each application must document the lead organization's authority to represent all U.S. cooperating partners.

With the exception of outside consultants reporting on the degree to which project objectives have been achieved, participants who are traveling under the Bureau's grant funds must be teachers, advanced graduate students who are teaching or research assistants, or administrators from the participating institution(s). Participants representing the U.S. institution(s) must be U.S. citizens. Advanced graduate students are eligible for Bureau-funded participation in this program only if they are working under the direction of an accompanying faculty participant or project director on the achievement of project objectives.

Croatian Institutional and Participant Eligibility

The Croatian partner is the Consortium of Faculties of Economics in Croatia. Secondary foreign partners may include relevant governmental and non-governmental organizations, as well as non-profit service and professional organizations concerned with the development of the MBA Program in Croatia. Foreign participants must be instructors at a university belonging to

the Consortium of Faculties of Economics in Croatia and must be citizens or permanent residents of Croatia who are eligible to receive a J-1 visa.

Budget Guidelines

The Bureau anticipates awarding one grant not to exceed \$320,250. Applicants may submit a budget not to exceed this amount. Organizations with less than four years experience in conducting international exchanges are limited to \$60,000, and are not encouraged to apply. Budget notes should carefully justify the amounts needed. There must be a summary budget as well as a breakdown reflecting the program and administrative budgets including unit costs. Cost sharing will be considered an important indicator of institutional commitment.

Funds will be awarded for a period up to two years to defray the costs of exchanges, to provide educational materials, to increase library holdings and improve Internet connections. Up to 25% of the grant total may be used to defray the costs of project administration.

Please refer to the Solicitation Package for complete guidelines and formatting instructions.

Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

Review Process

The Bureau will acknowledge receipt of all proposals and will review them for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package.
