

emotional, behavioral, or mental disorder.

**Availability of Funds:** Approximately \$300,000 to \$600,000 will be available for one award. Actual funding levels will depend upon the availability of funds.

**Period of Support:** The project period is three years. Annual continuation awards will be made subject to continued availability of funds and progress achieved.

### Criteria for Review and Funding

**General Review Criteria:** Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

**Award Criteria for Scored Applications:** Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Availability of funds will also be an award criteria. Additional award criteria specific to the programmatic activity may be included in the application guidance materials.

**Catalog of Federal Domestic Assistance Number:** 93.230.

**Program Contact:** For questions concerning program issues, contact: Elizabeth Sweet, M.Ed. and Gary DeCarolis, M.Ed., Child, Adolescent, and Family Branch, Center for Mental Health Services, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, Room 11C-16, Rockville, MD 20857, (301) 443-1333, E-Mail: esweet@samhsa.gov, gdecarol@samhsa.gov.,

Questions on grants management issues should be directed to: Steve Hudak, Division of Grants Management, OPS, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, Room 13-103, Rockville, MD 20857, (301) 443-4456, E-Mail: shudak@samhsa.gov.

**Public Health Grants Management System Reporting Requirements:** The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through

the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
  - (1) A description of the population to be served.
  - (2) A summary of the services to be provided.
  - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular FY 2001 activity is subject to the Public Health System Reporting Requirements.

**PHS Non-use of Tobacco Policy Statement:** The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

**Executive Order 12372:** Applications submitted in response to the FY 2001 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration,

Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: March 5, 2001.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Substance Abuse and Mental Health Services Administration

#### Procedures for Resubmitting Revised Applications in Response to Program Announcements

**AGENCY:** Substance Abuse and Mental Health Services Administration, HHS.

**ACTION:** Notice of procedures for resubmitting revised applications in response to SAMHSA program announcements.

**SUMMARY:** The Substance Abuse and Mental Health Services Administration (SAMHSA), HHS issues Program Announcements (PAs) when inviting applications for consideration on an ongoing basis. Beginning with the May 10, 2001 receipt date, the following procedures are to be followed for all revised and resubmitted applications that are submitted in response to ongoing SAMHSA Program Announcements. Current SAMHSA Program Announcements are listed at the end of this Notice. However, this process will apply equally to any new PA published after the date of this Notice.

**SUPPLEMENTARY INFORMATION:** When soliciting applications for its grant programs, the Substance Abuse and Mental Health Services Administration and its three Centers, the Center for Substance Abuse Treatment (CSAT), the Center for Mental Health Services (CMHS), and the Center for Substance Abuse Prevention (CSAP) publish either Program Announcements (PAs) for ongoing receipt dates or Guidance for Applicants (GFAs) for single receipt dates. Because of the ongoing receipt dates, applicants applying under Program Announcements may revise and resubmit their applications for a later receipt date if an application that

was reviewed by a SAMHSA review group was not successful in being funded.

SAMHSA is providing requirements on revised and resubmitted applications in the interest of efficiency and fairness. If an application, in response to a PA, is a revision of one previously submitted and reviewed, the following instructions must be followed.

Applicants may wish to consult with the appropriate SAMHSA program staff named in the PA before rewriting and resubmitting the application.

The instructions set out below are to be followed for revised and resubmitted applications.

1. Resubmitted applications which are essentially identical to prior ones will not be accepted for review and will be returned to the applicant. Revisions in resubmitted applications must be significant and be readily identifiable as explained below.

2. In an "Introduction" section that precedes the Table of Contents and does not exceed two (2) pages, identify the original application by number and indicate the receipt date for which it was previously submitted. If there is a different project director named on the revised application, note this as well.

3. Summarize in the "Introduction" any substantive additions, deletions, and changes that have been made to the application. Using the summary statement, which provides feedback on the review of the application, include responses to questions, criticisms or weaknesses communicated. Incorporate any work that affects the proposed project that occurred since the prior version of the application was submitted. The "Introduction" will not be counted against the total page limit of the application.

4. Within the text of the application, identify the changes either by appropriate bracketing, indenting, or changing of typography. DO NOT indicate changes by underlining or shading.

A revised application will be returned if an "Introduction" is not included and/or substantial revisions are not apparent. The revised and resubmitted application will be reviewed in its entirety. Review committee members will be instructed to review all aspects of the revised application, not just areas that have been changed. Acceptance of a revised application automatically withdraws the prior version and the score assigned to it.

Whenever possible and appropriate, the revised application will be reviewed by the same committee that reviewed the previous application. The Director, Division of Extramural Activities, Policy

and Review, SAMHSA will make the final assignment to a review committee. Revised applications will be reviewed in accordance with the same policies and procedures as all other applications contemporaneously reviewed by the committee.

Current SAMHSA PA(s) are:

#### Center for Substance Abuse Treatment

PA 99-050 Comprehensive Community Treatment Program for the Development of New and Useful Knowledge—(Short Title: Community Treatment Program)

PA 00-001 Grants to Expand Substance Abuse Treatment Capacity in Targeted Areas of Need—(Short Title: Targeted Capacity Expansion)

PA 00-050 Community Action Grants for Service Systems Change—(Short Title: CSAT Action Grant Program)

#### Center for Mental Health Services

PA 00-003 Community Grants for Service Systems Change— (Short Title: Community Action Grants)

#### SAMHSA Cross-Agency
