

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information:

1. Type of information collection: Extension of a currently approved collection.

2. The title of the form/collection: Application for Individual Manufacturing Quota for a Basic Class of Controlled Substance.

3. The agency form number, if any, and the applicable component of the Department sponsoring the collection: Form number: DEA Form 189.

Applicable component of the Department sponsoring the collection: Office of Diversion Control, Drug Enforcement Administration, U.S. Department of Justice.

4. Affected public who will be asked or required to respond, as well as brief abstract: Primary: Business or other for-profit. Other: None.

Abstract: Title 21, CFR, Section 1303.22, requires that any person who is registered to manufacture any basic class of controlled substance listed in Schedule I or II and who desires to manufacture a quantity of such class must apply on DEA Form 189 for a manufacturing quota for such quantity of such class.

5. An estimate of the total number of respondents, responses and the amount of time estimated for an average respondent to respond/reply annually: 30 respondents, 263 responses, .5 hour per response. A respondent may submit multiple responses. A respondent will take an estimate of 30 minutes to complete each form.

6. An estimate of the total public burden (in hours) associated with the collection: 131.5 annual burden hours.

Public comments on this proposed information collection are strongly encouraged.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice.

SUMMARY: NARA is giving public notice that the agency proposes to request extension of a currently approved information collection used by customers/researchers for ordering reproductions of NARA's motion picture, audio, and video holdings that are housed in the Washington, DC area of the National Archives and Records Administration. The public is invited to comment on the proposed information collection pursuant to the Paperwork Reduction Act of 1995.

DATES: Written comments must be received on or before May 14, 2001 to be assured of consideration.

ADDRESSES: Comments should be sent to: Paperwork Reduction Act Comments (NHP), Room 4400, National Archives and Records Administration, 8601 Adelphi Rd, College Park, MD 20740-6001; or faxed to 301-713-6913; or electronically mailed to tamee.fechhelm@nara.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the proposed information collection and supporting statement should be directed to Tamee Fechhelm at telephone number 301-713-6730, or fax number 301-713-6913.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (Public Law 104-13), NARA invites the general public and other Federal agencies to comment on proposed information collections. The comments and suggestions should address one or more of the following points: (a) whether the proposed information collection is necessary for the proper performance of the functions of NARA; (b) the accuracy of NARA's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on

respondents, including the use of information technology. The comments that are submitted will be summarized and included in the NARA request for Office of Management and Budget (OMB) approval. All comments will become a matter of public record. In this notice, NARA is soliciting comments concerning the following information collection:

Title: Item Approval Request List.

OMB number: 3095-0025.

Agency form number: NA Form 14110 and 14110A.

Type of review: Regular.

Affected public: Business or for-profit, nonprofit organizations and institutions, federal, state and local government agencies, and individuals or households.

Estimated number of respondents: 2,816.

Estimated time per response: 15 minutes.

Frequency of response: On occasion (when respondent requests copies of motion picture, audio, and video holdings from NARA).

Estimated total annual burden hours: 704 hours.

Abstract: The information collection is prescribed by 36 CFR 1254.72. The collection is prepared by researchers who cannot visit the appropriate NARA research room or who request copies of records as a result of visiting a research room. NARA offers limited provisions to obtain copies of records by mail and requires requests to be made on prescribed forms for certain bodies of records. NARA uses the Item Approval Request List form to track reproduction requests and to provide information for customers and vendors.

Dated: March 6, 2001.

L. Reynolds Cahoon,

Assistant Archivist for Human Resources and Information Services.

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978 (Pub. L. 95-541)

AGENCY: National Science Foundation.

ACTION: Notice of Permit Modification Received under the Antarctic Conservation Act of 1978, Pub. L. 95-541

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of requests to modify permits issued to conduct activities regulated under the Antarctic Conservation Act of

1978. NSF has published regulations under the Antarctic Conservation Act at Title 45 Part 670 of the Code of Federal Regulations. This is the required notice of a requested permit modification.

DATES: Interested parties are invited to submit written data, comments, or views with respect to these permit applications by April 12, 2001. Permit applications may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Room 755, Office of Polar Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, Virginia 22230.

FOR FURTHER INFORMATION CONTACT: Nadene G. Kennedy at the above address or (703) 292-7405.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Public Law 95-541), has developed regulations that implement the "Agreed Measures for the Conservation of Antarctic Fauna and Flora" for all United States citizens. The Agreed Measures, developed by the Antarctic Treaty Consultative Parties, recommended establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Specially Protected Areas and Sites of Special Scientific Interest.

Description of Permit Modification Requested

The Foundation issued a permit (1999-009) to Dr. William R. Fraser on September 25, 1998. The issued permit allows the applicant to capture and release a variety of seabirds to access how annual environmental variability affects their diets, breeding success, growth rates, population trends, foraging success and seasonal dispersal. The applicant proposed to census populations; capture, mark, and weigh a select number of adults, chicks and eggs; obtain diet samples, place radio/satellite transmitters on some individuals to develop profiles on foraging effort and dispersal; and use GIS/GPS technologies to map and characterize breeding habitat features.

The applicant proposes to modify his permit by expanding his study to include a few additional seabird species. The applicant estimates studying up to 50 Emperor penguins, 100 Gentoo penguins, 100 Chinstrap Penguins, and 100 each of Snow, Cape
