Part I—General Information

A. Legislative Authority

Title III of the Child Abuse Amendments of 1984, (Pub. L. 98-457, 42 U.S.C. 10401, *et seq.*) is entitled the Family Violence Prevention and Services Act (the Act). The Act was first implemented in FY 1986, was reauthorized and amended in 1992 by Pub. L. 102-295, and was amended and reauthorized for fiscal years 1996 through 2000 by Pub. L. 103-322, the Violent Crime Control and Law Enforcement Act of 1994 and by Pub. L. 104-235, the "Child Abuse Prevention and Treatment Act Amendment of 1996." The Act was most recently amended by the "Victims of Trafficking and Violence Protection Act of 2000" (Pub. L. 106-386, 10/28/2000).

B. Program Purpose

The Department is required to establish and maintain a National Resource Center (NRC) and up to seven Special Issue Resource Centers (SIRC's). (See section 308(a)(2) of the FVPSA, as amended.) On a nationwide basis, a network composed of the NRC and the SIRC's will offer resource, policy, and training assistance to Federal, State, and local government agencies, to domestic violence service providers, and to other professional and interested parties on issues pertaining to domestic violence.. The NRC will maintain a central resource library in order to collect, prepare, analyze, and disseminate information, statistics, and statistical analyses relating to the incidence and prevention of family violence (particularly the prevention of repeated incidents of violence) and the provision of immediate shelter and related assistance. The SIRC's shall provide a specialization, on a nationwide basis, in at least one area of domestic violence service, prevention or law.

C. Eligible Applicants

Private nonprofit organizations that focus primarily on domestic violence. Applicants must have documented organizational experience in the area of domestic violence prevention and services and in the specific special-issue area(s) for which they are applying. Each applicant must have an advisory board which includes representatives from domestic violence programs in the

region who are geographically and culturally diverse. Each applicant must also demonstrate the strong support of the domestic violence advocates from across the country and the region for designation as an NRC or SIRC.

Any non-profit organization submitting an application must submit proof of its non-profit status in its application at the time of submission. The non-profit agency can accomplish this by providing a copy of the applicant's listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations described in Section 501(c)(3) of the IRS code or by providing a copy of the currently valid IRS tax exemption certificate, or by providing a copy of the articles of incorporation bearing the seal of the State in which the corporation or association is domiciled.

D. Background

To comply with the mandate for an NRC, the Office of Community Services seeks to support a nationwide effort that is staffed by an expert and experienced multi-disciplinary team that can respond to requests for resource, policy, and training assistance from individuals, agencies and organizations at the Federal, State and local levels.

Because of our concerns for administrative efficiency, ACF has concluded that the most effective relationships and anticipated coordination activities between the NRC and the SIRCs will be greatly enhanced with the establishment and maintenance of four (4) SIRCs. The areas of domestic violence service, prevention, or law described in section 308 of the FVPSA clearly overlap; therefore OCS has determined that they may be combined with no loss of emphasis.

I. All SIRC's Must Carry Out the Following Responsibilities

(a) Identification, documentation and the development of innovative training curricula, materials and manuals for specific program needs;

(b) Provision of technical assistance, training and consultation to improve program administration, service delivery, and to promote the utilization of resources and state-of-the-art techniques related to domestic violence, including methods and techniques for program implementation and evaluation; and

(c) Development of a network of professionals in domestic violence and the coordination of their input and experiences to assist persons, programs or agencies requesting assistance or information.

Considered together, the NRC and the SIRCs will constitute a domestic violence resource network and will provide assistance to Federal, State and local governmental agencies, Tribal agencies, State Domestic Violence Coalitions, community-based domestic violence programs, and other organizations and individuals involved in domestic violence prevention, identification, services, and intervention. To that end, each SIRC application must address questions related to the forms and extent of the assistance needed by the field. Additionally, the application/applicant must address questions related to the efficient and shared use of current electronic capabilities, how assistance and support for the field may be best communicated and delivered, and questions relative to the state-of-the-art on prevention, identification, intervention, and services in domestic violence.

Also, the discussion of the provision of assistance and consultation in the application must take into account varying circumstances, e.g., conditions in the field, and the target populations to be addressed. Finally, the discussion of the anticipated level of responsiveness and sensitivity in the application should reflect the applicant's flexibility, proposed options for service delivery, cost, and the appropriateness of content.

The four SIRCs will provide specific leadership, resource information and materials, training, technical assistance and professional consultation in the following subject areas:

(a) Civil and Criminal Justice—

(i) Criminal justice responses to domestic violence, including court-mandated abuser treatment and the development of batterer's intervention services;

(ii) The use of the self-defense plea by domestic violence victims and other issues that arise when domestic violence victims are accused of committing crimes, including homicide; and

(iii) Improving access to and the quality of legal representation for victims of domestic violence in civil litigation, including the issuance and enforcement of protection orders.

(b) Child Protection and Custody—

(i) Improving the response of Child Protective Service agencies to battered mothers of abused children; and

(ii) Child custody issues in domestic violence cases.

(c) Health Care and Access—

(i) Improving interdisciplinary health care responses; and

(ii) Improving access to health care resources for victims of domestic violence.

(d) National Resource Center to End Violence Against Native Women (Sacred Circle)—

(i) The provision of training and technical assistance to State Domestic Violence Coalitions and to Indian organizations and tribal communities; and

(ii) Preparation and development of technical assistance packages to aid in the replication of effective services, prevention efforts and training programs.

II. Areas of Responsibility for the National Resource Center on Domestic Violence

It is expected that, on a nationwide basis, the NRC shall have a knowledge building and dissemination capacity and exhibit a systematic approach to the development and the distribution of information on issues for the field in close coordination with the SIRCs. To that end, the NRC shall assume an active role in the development of work groups and conferences on emerging policy and practice issues, and publish and disseminate proceedings on the state-of-the-art in selected areas of domestic violence intervention and prevention efforts, model programs, policy development and research; identify areas where additional information and research is needed to complement policy and practice; and suggest next steps for additional data compilation, innovative demonstrations, program administration, policy and service program evaluations.

The National Resource Center Must Carry Out the Following Responsibilities

(a) Identifying emerging domestic violence issues and preparing information and policy papers addressing such issues;

(b) Identification of the need, documentation and development of innovative or exemplary practice and resource development, and assisting the field through the acquisition of a 1-800 information line and other means, in acquiring and adapting such resources to specific needs; and

(c) Maintaining a central resource library to collect, prepare, analyze, and disseminate information and statistics and analyses thereof relating to the incidence and prevention of family violence (particularly the prevention of repeated incidents of violence) and the provision of immediate shelter and related assistance.

E. Forms of Awards

The OCS intends to support the NRC and the SIRC's through Cooperative Agreements. A Cooperative Agreement is an award instrument of financial assistance when substantial involvement is anticipated between the awarding office and the recipient during performance of the contemplated project. The Office of Community Services will outline a plan of interaction with the grantee for implementation under the Cooperative Agreement. The respective responsibilities of the Office of Community Services and the successful applicant will be identified and incorporated into the Cooperative Agreement during pre-award negotiations. It is anticipated that OCS responsibilities will not change the project requirements for the NRC found in this Announcement. The plan under the cooperative agreement will describe the general and specific responsibilities of the grantee and the grantor as well as foreseeable joint responsibilities. A schedule of tasks will be developed and agreed upon in addition to any special conditions relating to the implementation of the project.

F. Minimum Requirements for Project Design

Applicants may apply to provide NRC services or SIRC services, and may submit applications for more than one center. However, in the event that the applicant does apply for more than one center, a separate application for each center is required. Applicants must clearly indicate whether funding is being sought to support a NRC or an SIRC. When applying for the SIRC grant, the applicant must specify the topical area(s) being addressed. In order to successfully compete under this Announcement, the applicant should:

1. For the National Resource Center

(a) Outline a plan of interaction with OCS for implementation under a cooperative agreement including, as appropriate, activities involving Headquarters agency staff;

(b) Describe the immediacy of the need(s) to be addressed as an NRC, provide information on the specific services your organization has provided and currently provides, and what information and services would be provided as the NRC; describe specifically how the NRC will meet the statutory requirements in sections 307 and 308 of the Family Violence Prevention and Services Act.

(c) Present the technical approach and the specific workplans for the provision

of assistance to the field that is nationwide in scope, including the use of an advisory board and/or expert panel; a plan for continued contact with the field, including an 800 telephone number and direct mailings; a plan for the implementation and effective use of electronic communication capability with the field; and a plan for the development and use of a network of experts for the provision of direct training and consultation, including fees for service, if necessary;

(d) Describe the efforts that would be initiated to coordinate the NRC with national advocacy groups and domestic violence organizations, other related national resource centers and clearinghouses, and Federal, State and Indian Tribal agencies; identify the agencies/organizations and how the initiation of or continued coordination with them will enhance the NRC's activities and avoid a duplication of efforts;

(e) Provide a plan to determine the recommendation for and the manner in which you would implement special projects relating to policy issues, training curricula, service delivery models or other aspects of services, related to the prevention of domestic violence;

(f) Provide a plan and schedule for evaluating and reporting on the effectiveness of the project(s) 6 months after the effective date of the grant;

(g) Describe the proposed NRC staff with appropriate expertise; and

(h) Describe the administrative and organizational structure of the applicant organization, including the cost structure within which the project will operate, and the operational and organizational relationships to be established with the SIRC's that will constitute an effective national network in the domestic violence areas. Charts depicting these structures and the ensuing relationships must be included.

Project Period

Awards, on a competitive basis, will be for a one-year budget period, although project periods may be for 5 years. Applications for continuation grants funded under these awards beyond the one-year budget period but within the 5-year project period will be entertained in subsequent years on a non-competitive basis, subject to the availability of funds, satisfactory progress of the grantee and a determination that continued funding would be in the best interest of the government.

Budget Period and Federal Share

The FY 2001 Federal share for the National Resource Center is \$1,494,825 for the first 12-month budget period, subject to the availability of funds.

Matching Requirement

Grantees must provide at least 25 percent of the total cost of the project. The total approved cost of the project is the sum of the ACF share and the non-Federal share. Cash or in-kind contributions may meet the non-Federal share, although applicants are encouraged to meet their match requirements through cash contributions. Therefore, a project requesting \$600,000 in Federal funds (based on an award of \$600,000 per budget period) must include a match of at least \$200,000 (25 percent of total project cost) for a total budget of \$800,000. If approved for funding, the grantee will be held accountable for commitments of non-Federal resources, and failure to provide the required amounts will result in a disallowance of unmatched Federal funds.

Anticipated Number of Projects to be Funded

It is anticipated that one National Resource Center on Domestic Violence will be funded.

2. For the Special Issue Resource Centers

(a) Describe the immediacy of the need(s) to be addressed; provide information on the specific services your organization has provided and currently provides, and what information and specific training, and technical assistance would be provided as an SIRC; describe specifically, how your organization will meet the statutory requirements of sections 307 and 308 of the Family Violence Prevention and Services Act;

(b) Demonstrate an in-depth understanding of the program/service and access/response issues of the particular SIRC(s) and the problems associated with addressing these issues;

(c) Present the technical approach and the specific workplans for the provision of training and technical assistance to the field that is nationwide in scope and utilizes the support and facilitating efforts of the NRC and a network of experts; describe a plan for continuous contact with the field, an 800 telephone number and direct mailings; and a plan for the development and use of a network of experts for the provision of direct training and consultation, including fees for service, if necessary;

(d) Describe the efforts that you currently make or plan to implement,

and the relationships that you currently have or will form, to coordinate activities with other appropriate resource centers, domestic violence advocacy organizations, public agencies, the NRC, and affiliated SIRC's in a national domestic violence network to enhance the center's activities and to avoid duplication;

(e) Provide a plan to determine the need for and to implement special projects related to training curricula, service delivery models or other aspects of the proposed SIRC topic;

(f) Provide a plan to evaluate the effectiveness of the proposed project activities within 6 months of the effective date of the grant;

(g) Describe the proposed SIRC staff with appropriate expertise; and

(h) Describe the administrative and organizational structure of the applicant organization, including the management plan, the cost structure within which the project would operate and the operational and programmatic relationships to be formed with the affiliated SIRC's and the NRC. Charts depicting the organizational structures and the ensuing relationships must be included.

Project Period

Awards, on a competitive basis, will be for a one-year budget period, although project periods may be for 5 years. Applications for continuation grants funded under these awards beyond the one-year budget period but within the 5-year project period will be entertained in subsequent years on a non-competitive basis, subject to the availability of funds, satisfactory progress of the grantee and a determination that continued funding would be in the best interest of the government.

Budget Period and Federal Share

The FY 2001 Federal share for each of the four Special Issue Resource Centers is \$1,087,769 for the first 12-month budget period, subject to the availability of funds.

Matching Requirement

Grantees must provide at least 25 percent of the total cost of the project. The total approved cost of the project is the sum of the ACF share and the non-Federal share. Cash or in-kind contributions may meet the non-Federal share, although applicants are encouraged to meet their match requirements through cash contributions. Therefore, a project requesting \$600,000 in Federal funds (based on an award of \$600,000 per budget period) must include a match of

at least \$200,000 (25 percent of total project cost) for a total budget of \$800,000. If approved for funding, the grantee will be held accountable for commitments of non-Federal resources, and failure to provide the required amounts will result in a disallowance of unmatched Federal funds.

Anticipated Number of Projects To Be Funded

It is anticipated that four Special Issue Resource Center projects will be funded as cooperative agreements, i.e., one in each of the following subject areas: Civil and Criminal Justice, Child Protection and Custody, Health Care and Access, and Native Women.

CFDA: 93.671 Family Violence Prevention and Services; Family Violence Prevention and Services Act, as amended.

Part II—The Review Process

A. Eligible Applicants

Before applications are reviewed, each application will be screened to determine that the applicant organization is an eligible applicant as specified. Applications from organizations that do not meet the eligibility requirements will not be considered or reviewed in the competition, and the applicant will be so informed. Only agencies and organizations, not individuals, are eligible to apply. On all applications developed jointly by more than one agency or organization, the application must identify only one organization as the lead organization and official applicant. The other participating agencies and organizations can be included as co-participants, subgrantees or subcontractors.

For-profit organizations and public agencies are only eligible to participate as subgrantees or subcontractors with eligible private non-profit organizations.

Any non-profit organization that has not previously received an award from the U.S. Department of Health and Human Services must submit proof of non-profit status with its grant application. The non-profit organization can accomplish this by either making reference to its listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations or submitting a copy of its letter from the IRS under IRS Code Section 501(c)(3). ACF cannot fund a non-profit applicant without acceptable proof of its non-profit status.

B. Review Process and Funding Decisions

Applications that are received and are appropriately postmarked, and are from

eligible applicants, will be reviewed and scored competitively. Experts in the field, generally persons from outside of the Federal government, will use the appropriate evaluation criteria listed later in this Part to review and score the applications. The results of this review are a primary factor in making funding decisions. OCS reserves the option of discussing applications with, or referring them to, other Federal or non-Federal funding sources when this is determined to be in the best interest of the Federal government or the applicant. It may also solicit comments from ACF Regional Office staff, other Federal agencies, interested foundations, national organizations, specialists, experts, States and the general public. These comments, along with those of the expert reviewers, can be considered by OCS in making funding decisions.

In making decisions on awards, OCS may give preference to applications which focus on or demonstrate: Past experience in operating a resource center of similar nature; a substantially innovative strategy with the potential to improve theory or practice in the field of human services; a model practice or set of procedures that holds the potential for replication by organizations involved in the administration or delivery of human services; substantial involvement of volunteers; substantial involvement (either financial or programmatic) of the private sector; a favorable balance between Federal and non-Federal funds available for the proposed project; the potential for high benefit for low Federal investment; a programmatic focus on those most in need; and substantial involvement in the proposed project by national or community foundations.

C. Evaluation Criteria

Using the appropriate evaluation criteria below, a panel of at least three reviewers (primarily experts from outside the Federal government) will review each application. Applicants should ensure that they address each minimum requirement under the appropriate section of the Program Announcement.

Reviewers will determine the strengths and weaknesses of each proposal in terms of the appropriate evaluation criteria listed below, provide comments and assign numerical scores. The point value following each criterion heading indicates the maximum numerical weight that each section may be given in the review process.

Review Criteria

Applications for the National Resource Center and the Special Issue Resource Centers will be evaluated against the following criteria:

1. Need for the Project (10 Points)

The extent to which the need for the project and the problems it will address have national and local significance; the applicability of the project to coordination efforts by national, State and local governmental and non-profit agencies, and its ultimate impact on domestic violence prevention services and intervention efforts, policies and practice; the relevance of other documentation as it relates to the applicant's knowledge of the need for the project; and the identification of the specific topic or program area to be served by the project. Maps and other graphic aids may be attached.

2. Goals and Objectives (10 Points)

The extent to which the specific goals and objectives have national or local significance, the clarity of the goals and objectives as they relate to the identified need for and the overall purpose of the project, and their applicability to policy and practice. The provision of a detailed discussion of the objectives and the extent to which the objectives reflect or impact the state-of-the-art relative to the problem or needs for the project.

3. Approach (30 Points)

The extent to which the application outlines a sound and workable plan of action pertaining to the scope of the project, and details how the proposed work will be accomplished; relates each task to the objectives and identifies the key staff member who will be the lead person; provides a chart indicating the timetable for completing each task, the lead person, and the time committed; cites factors which might accelerate or decelerate the work, giving acceptable reasons for taking this approach as opposed to others; describes and supports any unusual features of the project, such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement; and provides for projections of the accomplishments to be achieved.

The extent to which the application describes the evaluation methodology that will be used to determine if the needs identified and discussed are being met and if the results and benefits identified are being achieved.

4. Results and Benefits (20 Points)

The extent to which the application identifies the results and benefits to be

derived, the extent to which they are consistent with the objectives of the application, the extent to which the application indicates the anticipated contributions to policy, practice, and theory, and the extent to which the proposed project costs are reasonable in view of the expected results. Applicants should identify, in specific terms, the results and benefits, for target groups and human service providers, to be derived from implementing the proposed project. Applicants should also describe how the expected results and benefits would relate to previous demonstration efforts.

5. Level of Effort: (30 Points)

Expertise, Commitment, and Support

(a) The extent to which the applicant has nationally recognized expertise in the area of domestic violence and a record of high quality service to victims of domestic violence, including a demonstration of support from advocacy groups, such as State Domestic Violence Coalitions or recognized national domestic violence groups; the extent to which the applicant's commitment exceeds the minimum statutory requirements for diversity, the provision of service to ethnic, racial, and non-English speaking minorities, older individuals, and individuals with disabilities.

Staff Background, Organizational Experience, and Competence of Staff

(b) The adequacy of the staffing pattern for the proposed project, how the individual responsibilities are linked to project tasks, and the contributions to be made by key staff. Each collaborating or cooperative organization, individual consultant, or other key individuals who will work on the project should be listed along with a description of the nature of their effort or contribution. The background and experience of the project director and key project staff and history and accomplishments of the organization; the qualifications of the project team including any experience with similar projects; the variety of skills, relevant educational background, and the ability to effectively manage the project and to coordinate with other agencies. One or two pertinent paragraphs on each key member are preferred to vitae/resumes. However, vitae/resumes may be included.

Adequacy of Resources and the Budget

(c) The adequacy of the available resources and organizational experience with regard to the scope of the tasks of the proposed project. A list of the

financial, physical, and other resources already committed to this effort by other private and public institutions and agencies, if any, and the explanation of how these organizations will participate in the day-to-day operations of the project. Letters from these agencies and organizations identifying and discussing the specifics of their commitment and participation must be included in the application. The extent to which the proposed budget is related to the level of effort required to obtain the project's objectives; and how the project's costs are reasonable in view of the anticipated results.

Collaborative Efforts

(d) The extent of the additional private sector resources that may be available to support or enhance the overall program. A discussion, in detail, and the provision of documentation for any proposed collaborative or coordinated efforts with other public or private agencies or organizations. Letters from these agencies and organizations must be included discussing their interest and/or commitment in supporting the proposed project, stating at what juncture they would become involved and the expected level of resource commitment.

Part III—Other Information and Instructions for the Development and Submission of Applications

Applicants should note that non-responsiveness to Part I section F "Minimum Requirements for Project Design" would result in a low evaluation score by the panel of expert reviewers. Applicants must clearly identify the specific resource center for which they wish to have their applications considered, and tailor their applications accordingly. Previous experience has shown that an application, which is broader and more general in concept than outlined in the project description, is less likely to score as well as one that is more clearly focused and directly responsive.

A. Available Funds

OCS intends to award five cooperative agreements (subject to the availability of funds) resulting from this Announcement during the fourth quarter of FY 2001. The size of the actual awards may vary from the estimates herein.

The term "budget period" refers to the interval of time (usually 12 months) into which a multi-year period of assistance (project period) is divided for budgetary and funding purposes. The term "project period" refers to the total time

a project is approved for support, including any extensions.

For multi-year projects, continued Federal funding beyond the first budget period is dependent upon several factors, including proof of satisfactory performance and the availability of federal funds.

B. Grantee Share of Project Costs

Federal funds will be provided to cover up to 75% of the total allowable project costs. Therefore, the non-Federal share must amount to at least 25% of the total (Federal plus non-Federal) project cost. This means that, for every \$3 in Federal funds received applicants must contribute at least \$1. For example, the cost breakout for a project with a total cost of \$100,000 to implement would be:

Total cost	Max. Federal request	Non-Federal share
\$100,000	\$75,000	\$25,000

The following sections contain information and instructions for submitting applications in response to this Announcement. Application forms are provided as part of this publication along with a checklist for assembling an application package. Please copy and use these forms in submitting an application. Potential applicants should read this section carefully in conjunction with the information contained within the specific resource center area under which the application is to be submitted. The resource center descriptions are in Part I.

C. Required Notification of the State Single Point of Contact

This program is covered under Executive Order 12372, "Intergovernmental Review of Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Program and Activities." Under the order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

All States and territories, except Alabama, Alaska, Arizona, Colorado, Connecticut, Hawaii, Idaho, Indiana, Kansas, Louisiana, Massachusetts, Minnesota, Montana, Nebraska, New Jersey, New York, Ohio, Oklahoma, Oregon, Pennsylvania, South Dakota, Tennessee, Vermont, Virginia, Washington, Wyoming, and Palau have elected to participate in the Executive Order process and have established a Single Point of Contact (SPOCs). Applicants from these twenty-seven

jurisdictions need take no action regarding E.O. 12372. Applicants for projects to be administered by Federally recognized Indian Tribes are also exempt from the requirements of E.O. 12372. Otherwise, applicants should contact their SPOCs as soon as possible to alert them of the prospective applications and receive any necessary instructions. Applicants must submit any required material to the SPOCs as soon as possible so that the program office can obtain and review SPOC comments as part of the award process. It is imperative that the applicant submit all required materials, if any, to the SPOC and indicate the date of this submittal (or indicate "not applicable" if no submittal is required) on the Standard Form 424, item 16a.

Under 45 CFR 100.8(a)(2), a SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards.

SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations.

Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and those official State process recommendations that may trigger the "accommodate or explain" rule.

When comments are submitted directly to ACF, they should be addressed to: Department of Health and Human Services, Administration for Children and Families, OCSE Office of Grants Management, 370 L'Enfant Promenade, SW, 4th Floor East, Washington, DC 20447.

A list of the Single Point of Contact for each State and Territory is included at the end of this announcement as Attachment G.

D. Paperwork Reduction Act of 1995

Under the Paperwork Reduction Act of 1995, Public Law 104-13, the Department is required to submit to the Office of Management and Budget (OMB) for review and approval any reporting and recordkeeping requirements in regulations, including program announcements. This program announcement does not contain information requirements beyond those approved for ACF grant applications under OMB Control Number 0970-0062. An agency may not conduct or sponsor and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

E. Deadline for Submittal of Applications

The closing date and time for submittal of applications under this

program announcement is found at the beginning of this program announcement under "CLOSING DATES."

ACF may extend an application deadline for applicants affected by acts of God such as floods and hurricanes, when there is widespread disruption of mail service, or for other disruptions of services, such as a prolonged blackout, that affect the public at large. A determination to waive or extend deadline requirements rest with the Chief Grants Management Officer.

Mailed applications shall be considered as meeting an announced deadline if they are either received on or before the deadline date or sent on or before the deadline date and received by ACF in time for the independent review to: Family Violence Operations Center: 1815 North Myer Drive, Suite 300, Arlington, VA 22209; Attention: Application for Family Violence Prevention and Services Program.

Applications handcarried by applicants, applicant couriers, or overnight/express mail couriers shall be considered as meeting an announced deadline if they are received on or before the deadline date, between the hours of 8:00 a.m. and 4:30 p.m., at the Family Violence Operations Center: 1815 North Fort Myer Drive, Suite 300, Arlington, VA 22209, between Monday and Friday, (excluding Federal holidays) (Applicants are cautioned that express/overnight mail services do not always deliver as agreed.)

ACF cannot accommodate transmission of applications by fax or through other electronic media. Therefore, applications transmitted to ACF electronically will not be accepted regardless of the date or time of submission and time of receipt.

Late Applications

Applications, which do not meet the criteria above, are considered late applications. The ACF shall notify each late applicant that its application will not be considered in the current competition.

Extension of Deadlines

ACF may extend the deadline for all applicants due to acts of God, such as floods, hurricanes or earthquakes; widespread disruption of the mails; or if ACF determines a deadline extension to be in the best interest of the Government. A determination to waive or extend deadline requirements rests with the Chief Grants Management Officer.

F. Instructions for Preparing the Application and Completing Application Forms

1. SF 424—The SF 424 and certifications have been reprinted for your convenience in preparing the application. You should reproduce single-sided copies of these forms from the reprinted forms in the announcement, typing your information onto the copies.

At the top of the Cover Page of the SF 424, enter the single priority area number under which the application is being submitted. An application should be submitted under only one priority area.

2. SF 424A—Budget Information—Non-Construction Programs—

With respect to the 424A, Budget Information—Non-Construction Programs, Sections A, B, C, E, and F is to be completed. Section D does not need to be completed.

In order to assist applicants in correctly completing the SF 424 and 424A, detailed instructions for completing these forms are contained on the forms themselves. See the Instructions accompanying the attached SF 424A, as well as the instructions set forth below.

Section A—Budget Summary

Lines 1–4

Column (a) Line 1—Enter OCS FVPS Program

Column (b) Line 1—Enter 93.592

Columns (c) and (d)—Not Applicable

Column (e), (f) and (g)—For lines 1 through 4, enter in appropriate amounts needed to support the project for the entire project period.

Line 5

Enter the figures from Line 1 for all columns completed, (e), (f), and (g).

Section B—Budget Categories

This section should contain entries for OCS funds only. For all projects, the first budget period will be entered in Column (1).

Allocability of costs is governed by applicable cost principles set forth in the *Code of Federal Regulations (CFR)*, Title 45, and Parts 74 and 92.

Budget estimates for administrative costs must be supported by adequate detail for the grant officer to perform a cost analysis and review. Adequately detailed calculations for each budget object class are those which reflect estimation methods, quantities, unit costs, salaries, and other similar quantitative detail sufficient for the calculation to be duplicated. For any additional object class categories

included under the object class other, identify the additional object class(es) and provide supporting calculations.

Supporting narratives and justifications are required for each budget category, with emphasis on unique/special initiatives; large dollar amounts; local, regional, or other travel; new positions; major equipment purchases; and training programs.

A detailed itemized budget with a separate budget justification for each major item should be included as indicated below:

Line 6a

Personnel—Enter the total costs of salaries and wages.

Justification—Identify the project director and staff. Specify by title or name the percentage of time allocated to the project, the individual annual salaries and the cost to the project (both Federal and non-Federal) of the organization's staff who will be working on the project.

Line 6b

Fringe Benefits—Enter the total costs of fringe benefits unless treated as part of an approved indirect cost rate, which is entered on Line 6j.

Justification—Enter the total costs of fringe benefits, unless treated as part of an approved indirect cost rate. Provide a breakdown of amounts and percentages that comprise fringe benefit costs.

Line 6c

Travel—Enter total cost of all travel by employees of the project. Do not enter costs for consultant's travel.

Justification—Include the name(s) of traveler(s), total number of trips, destinations, length of stay, mileage rate, transportation costs and subsistence allowances. Traveler must be a person listed under the personnel line or employee being paid under non-federal share.

Note: Local transportation and Consultant travel costs are entered on Line 6h.

Line 6d

Equipment—Enter the total costs of all equipment to be acquired by the project. *Equipment* means an article of non-expendable, tangible personal property having a useful life of more than one year and an acquisition cost which equals or exceeds the lesser of (a) the capitalization level established by the organization for financial statement purposes, or (b) \$5,000.

Note: If an applicant's current rate agreement was based on another definition for equipment, such as "tangible personal property \$500 or more", the applicant shall

use the definition used by the cognizant agency in determining the rate(s). However, consistent with the applicant's equipment policy, lower limits may be set.

Justification—Equipment to be purchased with Federal funds must be required to conduct the project, and the applicant organization or its subgrantees must not already have the equipment or a reasonable facsimile available to the project.

Line 6e

Supplies—Enter the total costs of all tangible personal property other than that included on line 6d.

Justification—Provide a general description of what is being purchased such as type of supplies: office, classroom, medical, etc. Include equipment costing less than \$5,000 per item.

Line 6f

Contractual—Costs of all contracts for services and goods except for those which belong under other categories such as equipment, supplies, construction, etc. Third-party evaluation contracts (if applicable) and contracts with secondary recipient organizations, including delegate agencies and specific project(s) or businesses to be financed by the applicant, should be included under this category.

Justification—All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. Recipients and subrecipients, other than States that are required to use Part 92 procedures, must justify any anticipated procurement action that is expected to be awarded without competition and exceed the simplified acquisition threshold fixed at 41 U.S.C. 403(11) currently set at \$100,000. Recipients might be required to make available to ACF pre-award review and procurement documents, such as request for proposals or invitations for bids, independent cost estimates, etc.

Note: Whenever the applicant intends to delegate part of the project to another agency, the applicant must provide a detailed budget and budget narrative for each delegate agency, by agency title, along with the required supporting information referred to in these instructions.

Line 6g

Construction—Not applicable.

Line 6h

Other—Enter the total of all other costs. Such costs, where applicable, may include, but are not limited to, insurance, food, medical and dental costs (non-contractual), fees and travel

paid directly to individual consultants, local transportation (all travel which does not require per diem is considered local travel), space and equipment rentals, printing and publication, computer use training costs including tuition and stipends, training service costs including wage payments to individuals and supportive service payments, and staff development costs.

Line 6i

Total Direct Charges—Enter the total of 6a through 6h.

Line 6j

Indirect Charges—Enter the total amount of indirect costs. This line should be used only when the applicant currently has an indirect cost rate approved by DHHS or other Federal agencies.

Line 6k

Totals—Enter the total amount of Lines 6i and 6j.

Line 7

Program Income—Enter the estimated amount of income, if any, expected to be generated from this project. Separately show expected program income generated from OCS support and income generated from other mobilized funds. Do not add or subtract this amount from the budget total. Show the nature and source of income in the program narrative statement.

Justification—Describe the nature, source and anticipated use of program income in the Program Narrative Statement.

Section C—Non-Federal Resources

This section is to record the amounts of *Non-Federal* resources that will be used to support the project. Non-Federal resources mean other than OCS funds for which the applicant has received a commitment. Provide a brief explanation, on a separate sheet, showing the type of contribution, broken out by Object Class Category, (See SF-424A, Section B.6) and whether it is cash or third party in-kind. The firm commitment of these required funds must be documented and submitted with the application in order to be given credit in the Criterion.

Except in unusual situations, this documentation must be in the form of letters of commitment or letters of intent from the organization(s)/individuals from which funds will be received.

Line 8

Column (a)—Enter the project title.
Column (b)—Enter the amount of cash or donations to be made by the applicant.

Column (c)—Enter the State contribution.

Column (d)—Enter the amount of cash and third party in-kind contributions to be made from all other sources.

Column (e)—Enter the total of columns (b), (c), and (d).

Lines 9, 10 and 11

Leave Blank

Line 12

Carry the total of each column of Line 8, (b) through (e). The amount in Column (e) should be equal to the amount on Section A, Line 5, Column (f).

Justification—Describe third party in-kind contributions, if included.

Section F—Other Budget Information

Line 21

Direct Charges—Include narrative justification required under Section B for each object class category for the total project period.

Line 22

Indirect Charges—Enter the type of DHHS or other Federal agency approved indirect cost rate (provisional, predetermined, final or fixed) that will be in effect during the funding period, the estimated amount of the base to which the rate is applied and the total indirect expense. Also, enter the date the rate was approved, where applicable. Attach a copy of the approved rate agreement.

Line 23

Provide any other explanations and continuation sheets required or deemed necessary to justify or explain the budget information.

3. Project Summary Description—

Clearly mark this separate page with the applicant name as shown in item 5 of the SF 424, and the title of the project as shown in item 11 of the SF 424. The summary description should not exceed 300 words. These 300 words become part of the computer database on each project.

Care should be taken to produce a summary description that accurately and concisely reflects the application. It should describe the objectives of the project, the approaches to be used and the outcomes expected. The description should also include a list of major products that will result from the proposed project, such as software packages, materials, management procedures, data collection instruments, training packages, or videos (please note that audiovisual materials should be closed captioned). The project summary description, together with the

information on the SF 424, will constitute the project "abstract." It is the major source of information about the proposed project and is usually the first part of the application that the reviewers read in evaluating the application.

4. Program Narrative Statement—

The Program Narrative Statement is a very important part of an application. It should be clear, concise, and address the specific requirements mentioned under the priority area description in Part I. The narrative should also provide information concerning how the application meets the evaluation criteria using the following headings:

- (a) Need for the Project;
- (b) Goals and Objectives;
- (c) Approach;
- (d) Results and Benefits; and
- (e) Level of effort.

The specific information to be included under each of these headings is described in Part II, Review Process, under Evaluation criteria. The narrative should be typed double-spaced on a single-side of an 8½" x 11" plain white paper, with 1" margins on all sides. All pages of the narrative (including charts, references/footnotes, tables, maps, exhibits, etc.) must be sequentially numbered, beginning with "Need for the Project" as page number one. Applicants should not submit reproductions of larger size paper, reduced to meet the size requirement.

The length of the application, including the application forms and all attachments, should not exceed 60 pages. A page is a single side of an 8½" x 11" sheet of paper. Applicants are requested not to send pamphlets, brochures or other printed material along with their application as these pose photocopy difficulties. These materials, if submitted, will not be included in the review process if they exceed the 60-page limit. Each page of the application will be counted to determine the total length.

5. Organizational Capability Statement:

The Organizational Capability Statement should consist of a brief (two to three pages) background description of how the applicant organization (or the unit within the organization that will have responsibility for the project) is organized, the types and quantity of services it provides, and/or the research and management capabilities it possesses. This description should cover capabilities not included in the Program Narrative Statement. It may include descriptions of any current or previous relevant experience, or describe the competence of the project

team and its demonstrated ability to produce a final product that is readily comprehensible and usable. An organization chart showing the relationship of the project to the current organization should be included.

6. Assurances/Certifications—

Applicants are required to file a SF 424B, Assurances—Non-Construction Programs, and the Certification Regarding Lobbying. Both must be signed and returned with the application. In addition, applicants must certify their compliance with: (1) Drug-Free Workplace Requirements; and (2) Debarment and Other Responsibilities; and (3) Certification Regarding Environmental Tobacco Smoke. These certifications are self-explanatory. Copies of these assurances/certifications are reprinted at the end of this Application Kit and should be reproduced as necessary. A duly authorized representative of the applicant organization must certify that the applicant is in compliance with these assurances/certifications. A signature on the SF 424 indicates compliance with the Drug Free Workplace Requirements, and Debarment and Other Responsibilities, and Environmental Tobacco Smoke certifications.

G. The Application Package

Each application package must include an original and four copies of the complete application. Each copy should be stapled securely (front and back if necessary) in the upper left-hand corner. All pages of the narrative (including charts, tables, maps, exhibits, etc.) must be sequentially numbered, beginning with page one. In order to facilitate handling; please do not use covers, binders or tabs. Do not include extraneous materials as attachments, such as agency promotion brochures, slides, tapes, film clips, minutes of meetings, survey instruments or articles of incorporation.

Applicants should include a self-addressed stamped acknowledgment card. All applicants will be notified automatically about the receipt of their application. If acknowledgment of receipt of your application is not received within three weeks after the deadline date, please notify the Family Violence Operations Center at (703) 351-7676.

H. Post-Award Information and Reporting Requirements

Following approval of the applications selected for funding, notice

of project approval and authority to draw down project funds will be made in writing. The official award document is the Financial Assistance Award which provides the amount of Federal funds approved for use in the project, the project and budget periods for which support is provided, the terms and conditions of the award, the total project period for which support is contemplated, and the total required financial grantee participation.

General Conditions and Special Conditions (where the latter are warranted) which will be applicable to grants, grantees will be subject to the provisions of 45 CFR part 74 or 92.

Grantees will be required to submit semi-annual progress and semi-annual financial reports (SF 269) throughout the project period, as well as a final progress and financial report within 90 days of the termination of the project.

Audit requirements are prescribed in OMB Circular A-133, "Audits of State, Local Governments and Non-Profit Organizations." This circular establishes uniform audit requirements for non-Federal entities that administer Federal awards. The revised circular became effective July 30, 1997 and applies to audits of fiscal years beginning after June 30, 1996. If an applicant does not request indirect costs, it should anticipate in its budget request the cost of having an audit performed at the end of the grant period.

Section 319 of Public Law 101-121, signed into law on October 23, 1989, imposes prohibitions and requirements for disclosure and certification related to lobbying on recipients of Federal contracts, grants, cooperative agreements, and loans. It provides exemptions for Indian Tribes and Tribal organizations. Current and prospective recipients (and their sub-tier contractors and/or grantees) are prohibited from using Federal funds, other than profits from a Federal contract, for lobbying Congress or any Federal agency in connection with the award of a contract, grant, cooperative agreement or loan. In addition, for each award action in excess of \$100,000 (or \$150,000 for loans) the law requires recipients and their sub-tier contractors and/or sub-grantees (1) To certify that they have neither used nor will use any appropriated funds for payment to lobbyists; (2) to disclose the name, address, payment details, and the purpose of any agreements with lobbyists whom recipients or their sub-tier contractors or sub-grantees will pay

with profits or non-appropriated funds on or after December 22, 1989 and (3) to file quarterly updates about the use of lobbyists if material changes occur in their use. The law establishes civil penalties for noncompliance.

General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B.

Section A. Budget Summary Lines 1-4

Columns (a) and (b)

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the Catalog program title and the Catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the Catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the Catalog program title on each line in Column (a) and the respective Catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one

sheet is used, the first page should provide the summary totals by programs.

Lines 1-4, Columns (c) through (g)

For *new applications*, leave Column (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For *continuing grant program applications*, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For *supplemental grants and changes* to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5—Show the totals for all columns used.

Section B Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

Line 6a-i—Show the total of Lines 6a to 6h in each column.

Line 6j—Show the amount of indirect cost.

Line 6k—Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)–(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.

Line 7—Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount. Show under the program narrative statement the nature and source of income. The estimated amount or program income may be considered by the Federal grantor agency in determining the total amount of the grant.

Section C. Non-Federal Resources

Line 8–11 Enter amounts of non-federal resources that will be used on the grant. If

in-kind contributions are included, provide a brief explanation on a separate sheet.

Column (a)—Enter the program titles identical to Column (a), Section A. A breakdown by function or activity is not necessary.

Section E. Budget Estimates of Federal Funds Needed for Balance of the Project

Lines 16–19—Enter in Column (a) the same grant program titles shown in Column (a), Section A. A breakdown by function or activity is not necessary. For new applications and continuation grant applications, enter in the proper columns amounts of Federal funds which will be needed to complete the program or project over the succeeding funding periods (usually in years). This section need not be completed for revisions (amendments, changes, or supplements) to funds for the current year of existing grants.

If more than four lines are needed to list the program titles, submit additional schedules as necessary.

Line 20—Enter the total for each of the Columns (b)–(e). When additional schedules are prepared for this Section, annotate accordingly and show the overall totals on this line.

Section F. Other Budget Information

Line 21—Use this space to explain amounts for individual direct object class cost categories that may appear to be out of the ordinary or to explain the details as required by the Federal grantor agency.

Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR part 76, subpart, F, Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW, Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or state highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of built (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement;

consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted—

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through

implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:
Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

It is estimated that in 2001 the Federal Government will outlay \$305.6 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided below. States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within one of these States, you may

still send application materials directly to a Federal awarding agency.

**DEPARTMENT OF HEALTH AND
HUMAN SERVICES**

National Institutes of Health

**Proposed Collection; Comment
Request; Web-Survey of the State-of-
the-Science (SOTS) Web Site**

SUMMARY: In compliance with the
requirement of Section 3506(c)(2)(A) of
the Paperwork Reduction Act of 1995,
for opportunity for public comment on
proposed data collection projects, the
National Cancer Institute (NCI), the
National Institutes of Health (NIH) will
publish periodic summaries of proposed
projects to be submitted to the Office of
Management Budget (OMB) for review
and approval.

Proposed Collection

Title: Web-Survey of the State of the
Science Web Site.

Type of Information Collection
Request: New.

Need and Use of Information

Collection: The NCI seeks to evaluate its
State-of-the-Science (SOTS) meetings
project that offers audio-visual
presentation of SOTS meetings via the
Internet. The SOTS disseminates, with
expediency and immediacy, the most
recent oncology research results to a
potentially vast audience of researchers.
The proposed data collection will
provide feedback to NCI on the value of
the Web site to those who NCI deem as
the Web site's target population (i.e.,
clinical oncology researchers unable to
attend SOTS meetings in person
because of cost or time limitations). The
first tier of respondents will consist of
researchers who have attended any one
of the three most recent State of the
Science meetings. The tier one survey
participants will be asked to provide the
names, emails, and any other contact
information for five colleagues who are
clinical research oncologists. These
oncologists will be asked only once to
provide the names and contact
information for colleagues. The second
tier of respondents will consist of the
clinical oncology researchers nominated
by the first tier respondents. It is the
second tier respondents who will be
asked to go to the Web site and
complete the Web survey. They are
asked to do this only once. Other tier
two respondents will be oncology
fellows who current and full contact
information is available in a national
register of oncology fellows. Reports
generated by the study will allow NCI
to determine the success of the SOTS
Web site (in terms of clarity of content,
ease of navigation, and usefulness of
information), and indirectly, the
potential wider use and applications of
Internet-based programs to improve the
overall cancer clinical trials systems at
NCI.

Frequency of Response: One time.

Affected Public: Individuals,
researchers.

Type of respondents	Estimated No. re- spondents	Estimated No. re- sponses per respondent	Average burden hours per response	Estimated total annual burden hours requested
Tier One Clinical Oncology Researchers	220	1	0.0833	19
Tier Two Clinical Oncology Researchers	400	1	0.25	100
Total				119

There are no Capital Costs, Operating
Costs and/or Maintenance Costs to
reports.

Request for Comments

Written comments and/or suggestions
from the public and affected agencies
should address one or more of the
following points: (1) Whether the

proposed collection of information is
necessary for the proper performance of
the function of the agency, including
whether the information will have
practical utility; (2) the accuracy of the
