\* The deadline for electronic transactions is 12:00 midnight (Central Time) on the deadline date. Transactions must be completed and accepted by 12:00 midnight to meet the deadline. If transmissions are started before 12:00 midnight but are not completed until after 12:00 midnight, those transmissions will not meet the deadline. In addition, any transmission picked up on or just prior to the deadline date that gets rejected may not be able to be reprocessed because the deadline will have passed by the time the user gets the information notifying him/her of the reject.

\*\* Although the Secretary has set this deadline date for the submission of verification documents to the institution, if corrections are required, the earlier deadline dates for submission of paper or electronic corrections must still be met.

\*\*\* The institution must have already received an SAR or ISIR with an eligible EFC while the student was enrolled and eligible for payment. Students completing verification while no longer enrolled will be paid based on the higher of the two EFCs.

\*\*\*\* For this purpose, the date the ISIR transaction was processed by CPS is considered to be the date the institution received the ISIR. The CPS process date is on the 2001-2002 ISIR record layout, field 163. It is also printed on the first page of the SAR and ISIR.

\* An institution must ensure that its transmission of disbursement records is completed before midnight (local time at the institution's EDE destination point) on September 30, 2002.

\*\* Year-To-Date records may be requested after this date, however, there may not be sufficient time for institutions to receive the file, create a disbursement record batch and submit to the Secretary by the September 30, 2002 deadline date for receipt of all 2001-2002 requests for payment.

NOTE: RFMS must accept a student origination record for a student from an institution before it accepts a disbursement record from the institution for that student. An institution may submit an origination and a disbursement record for a student in the same transmission.
