

Par. 6. Section 301.6111-2T is amended as follows:

1. Paragraph (a)(3) is amended by adding four sentences to the end of the paragraph.

2. The paragraph heading for (h) is revised and the entire text after the second sentence is removed and four new sentences are added in their place.

The revision and additions read as follows:

§ 301.6111-2T Confidential corporate tax shelters (Temporary).

(a) * * *

(3) * * * For purposes of this section, the term *substantially similar* includes any transaction that is expected to obtain the same or similar types of tax benefits and that is either factually similar or based on the same or similar tax strategy. Receipt of an opinion concluding that the tax benefits from the taxpayer's transaction are allowable is not relevant to the determination of whether the taxpayer's transaction is the same as or substantially similar to a listed transaction. Further, the term *substantially similar* must be broadly construed in favor of disclosure. For examples, see § 1.6011-4T(b)(1)(ii) of this chapter.

* * * * *

(h) *Effective dates.* * * * However, paragraph (a)(3) of this section applies to confidential corporate tax shelters in which any interests are offered for sale after June 14, 2002. The rule in paragraph (a)(3) of this section may be relied upon for confidential corporate tax shelters in which any interests are offered for sale after February 28, 2000. Otherwise, the rules that apply to confidential corporate tax shelters in which any interests are offered for sale after February 28, 2000, and on or before June 14, 2002 are contained in this § 301.6111-2T in effect prior to June 14, 2002. (See 26 CFR part 301 revised as of April 1, 2002).

Robert E. Wenzel,
Deputy Commissioner of Internal Revenue.

Approved: June 11, 2002.

Navigation and Navigable Waters— Technical Amendments, Organizational Changes, Miscellaneous Editorial Changes and Conforming Amendments

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: This rule makes editorial and technical changes throughout title 33 of the Code of Federal Regulations (CFR) to update the title before it is recodified on July 1, 2002. It updates organization names and addresses, and makes conforming amendments and technical corrections. This rule will have no substantive effect on the regulated public.

DATES: This final rule is effective June 28, 2002.

ADDRESSES: Documents as indicated in this preamble are available for inspection or copying at the Docket Management Facility, (USCG-2002-12471), U.S. Department of Transportation, room PL-401, 400 Seventh Street SW., Washington, DC, 20590-0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call Robert Spears, Project Manager, Standards Evaluation and Development Division (G-MSR-2), Coast Guard, at 202-267-1099. If you have questions on viewing, or submitting material to, the docket, call Dorothy Beard, Chief, Dockets, Department of Transportation, at 202-366-5149.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. This rule consists only of corrections and editorial and conforming amendments to title 33 of the Code of Federal Regulations (CFR). These changes will have no substantive effect on the public; therefore, it is not necessary for us to publish an NPRM and providing an

opportunity for public comment. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that, for the same reasons, good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

Discussion of the Rule

Each year title 33 of the Code of Federal Regulations is recodified on July 1. This rule makes editorial changes throughout the title, corrects organization names and addresses, and makes other technical and editorial corrections to be included in the recodification. It does not change any substantive requirements of existing regulations. Some editorial changes are discussed individually in the following three paragraphs.

Sections 3.25-10 and 3.25-20. These sections are amended to reflect an administrative change in the boundaries between the two marine inspection and captain of the port zones defined in these sections.

Sections 110.236 and 110.237. These sections are amended to convert geographic coordinates from Old Hawaiian Datum (OHD) to North American Datum 1983 (NAD83). Current charts reference NAD83 and NAD83 is used by the Global Positioning System (GPS).

Section 117.1041. This section is revised to reflect a name change in a bridge.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979). We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. As this rule involves internal agency practices and procedures and non-substantive changes, it will not impose any costs on the public.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That

Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have considered the environmental impact of this rule and concluded that, under figure 2–1, paragraphs (34)(a) and (b) of Commandant Instruction M16475.ID, this rule is categorically excluded from further environmental documentation. These regulations are editorial or procedural and concern internal agency functions and organization. A “Categorical Exclusion Determination” is available in the docket where indicated under **ADDRESSES**.

33 CFR Part 165

[COTP Huntington–02–007]

RIN 2115–AA97

Safety Zone; Ohio River Miles 269.0 to 270.0, Gallipolis, OH

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for the waters of the Ohio River beginning at mile 269.0 and ending at mile 270.0, extending the entire width of the river. This safety zone is needed to protect spectators and vessels from the potential safety hazards associated with a fireworks display. Entry into this zone is prohibited, unless specifically authorized by the Captain of the Port, Huntington or his designated representative.

DATES: This rule is effective from 10 p.m. to 10:45 p.m. on July 4, 2002.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket [COTP Huntington–02–007] and are available for inspection or copying at Marine Safety Office Huntington, 1415 6th Avenue, Huntington, West Virginia, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Chief Petty Officer, Rick Leffler, Marine Safety Office Huntington, Marine Event Coordinator at (304) 529–5524.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM, and, under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Information was made available to the Coast Guard in insufficient time to publish a NPRM or

for publication in the **Federal Register** 30 days prior to the event. Publishing an NPRM and delaying its effective date would be contrary to public interest since immediate action is needed to protect vessels and mariners from the hazards associated with a fireworks display.

Background and Purpose

The Captain of the Port Huntington, is establishing a safety zone between miles 269.0 and 270.0 of the Ohio River, extending the entire width of the river. This safety zone is needed to protect spectators and vessels from the potential safety hazards associated with a fireworks display. All vessels are prohibited from transiting within this safety zone unless authorized by the Captain of the Port, Huntington or his designated representative.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979).

The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10(e) of the regulatory policies and procedures of DOT is unnecessary. This regulation will only be in effect for a short period of time and notifications to the marine community will be made through broadcast notice to mariners. The impacts on routine navigation are expected to be minimal.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: the owners or operators of

vessels intending to transit portions of the Ohio River from miles 269.0 to 270.0, from 10 p.m. to 10:45 p.m. on July 4, 2002. This safety zone will not have a significant economic impact on a substantial number of small entities because this rule will be in effect for only a short period of time and mariners will be notified in advance of the zone through broadcast notice to mariners.

If you are a small business entity and are significantly affected by this regulation please contact Chief Petty Officer Rick Leffler, Marine Safety Office Huntington at (304) 529–5524.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we so discuss the
