SUPPLEMENTARY INFORMATION: This is a summary of the *Competitive Bidding Order* adopted and released on April 11, 2002. After release of the order, the Bureau released three errata which made minor corrections to the order. The first two errata were incorporated into the version of the *Competitive Bidding Order* published in the FCC Record (17 FCC Rcd 6534 (WTB 2002)). The third erratum was released on June 14, 2002, DA 02-1414. All three errata have been incorporated in the text of the rules accompanying this **Federal Register** summary. I. Introduction

1. In the *Competitive Bidding Order*, the Wireless Telecommunications Bureau ("Bureau") makes conforming edits to service-specific competitive bidding rules and portions of the part 1 general competitive bidding rules in accordance with the authority delegated by the Commission in the *Part 1 Fifth*

Report and Order, 65 FR 52323 (August 29, 2000). These conforming edits further the Bureau's continuing efforts to streamline its procedures in accordance with the Commission's biennial regulatory review obligations set forth at section 11(a) of the Communications Act of 1934, as amended, and the recommendations contained in the *2000 Biennial Staff Report*. In addition to making these conforming edits, the Bureau also exercises its delegated authority to make certain ministerial conforming amendments, including edits to correct competitive bidding provisions that were inadvertently altered or deleted by the *Part 1 Third Report and Order*, 63 FR 2315 (January 15, 1998), and the *Competitive Bidding Sixth Report and Order*, 60 FR 37786 (July 21, 1995). The Bureau also removes service-specific provisions that are redundant with the Bureau's delegated authority to conduct auctions. The effect of today's action is to eliminate approximately 66 pages of redundant or unnecessary rules from the Code of Federal Regulations ("CFR").

II. Background

2. In the *Competitive Bidding Second Report and Order*, 59 FR 22980 (May 4, 1994), by amending part 1 of the Commission's rules to add a new subpart Q, the Commission established general competitive bidding rules that would apply to a variety of spectrum based services licensed by the Commission. In establishing these rules, the Commission intended that the general competitive bidding rules would apply to a particular service unless it adopted service-specific rules that varied from the part 1 general competitive bidding rules. Subsequently, the Commission adopted competitive bidding rules for a number of services. A consequence of the adoption of these service-specific competitive bidding rules was an unnecessary variation in procedures across services. Additionally, portions of the part 1 general competitive bidding rules were repeated almost verbatim in the service-specific competitive bidding rules. Accordingly, in 1997, based upon its experience with the competitive bidding process, the Commission initiated the part 1 proceeding to establish a uniform set of provisions for all services subject to competitive bidding, eliminate unnecessary rules, and provide for a more consistent and efficient licensing process.

3. In the *Part 1 Fifth Report and Order*, the most recent comprehensive Order in the part 1 proceeding, the Commission determined that it had

made the majority of the changes contemplated by its prior orders. Therefore, the Commission recognized that it was appropriate to commence the next step in the process, *i.e.*, eliminating service-specific competitive bidding rules from the CFR that have either been superseded by or are redundant with the part 1 general competitive bidding rules. Accordingly, the Commission delegated to the Bureau the authority to make conforming edits to the CFR consistent with the part 1 proceeding.

III. Discussion

4. Pursuant to our delegated authority, the *Competitive Bidding Order* identifies and removes service-specific competitive bidding rules that have been superseded or made redundant by the part 1 general competitive bidding rules. In those instances in which service-specific departures from the part 1 general competitive bidding rules were tailored for a particular service, the Bureau retains such rules. In addition, pursuant to the Bureau's delegated authority to make ministerial conforming edits to Commission rules, the Bureau restores and revises certain rule sections that were inadvertently altered, deleted, or misstated.

5. As explained, the Bureau modifies or removes service-specific competitive bidding rules in the following areas: (i) Scope of service-specific competitive bidding rules; (ii) competitive bidding design options; (iii) competitive bidding mechanisms; (iv) bidding application and certification procedures, and prohibition of collusion; (v) submission of upfront payments; (vi) submission of down and full payments, and filing of long-form applications; (vii) procedures for filing petitions to deny against long-form applications; (viii) license grant, denial, default, and disqualification; (ix) designated entities; (x) unjust enrichment in license assignment or transfer of control; (xi) ownership disclosure requirements for short- and long-form applications; and (xii) definitions. Also, technical edits are made to Commission rules that refer to service-specific competitive bidding rules that have been removed or modified.

6. *Scope of service-specific competitive bidding rules.* Each set of service-specific competitive bidding rules contains a provision that provides that the general competitive bidding rules set forth at part 1, subpart Q of the Commission's rules apply unless the service-specific rules indicate otherwise. This means that service-specific competitive bidding rules are necessary only to specify departures from or supplemental procedures to the

part 1 competitive bidding rules. The Bureau adopts uniform language stating this proposition in all services subject to competitive bidding and modifies the following service-specific rules: §§ 21.950; 22.201; 22.228; 22.960; 24.301; 24.701; 25.401; 27.201; 27.501(a); 27.701; 73.3572(e)(2), (f); 73.5000(a); 80.1251; 90.801; 90.901; 90.1001; 90.1101; 95.816(a); 100.71; 101.537; 101.1101; 101.1201; and 101.1317.

7. *Competitive bidding design options.* Section 1.2103 of the Commission's rules outlines the general competitive bidding design options (or the different competitive bidding methodologies) for services or classes of services subject to competitive bidding. These competitive bidding design options include: simultaneous multiple-round auctions (using remote or on-site electronic bidding); sequential multiple-round auctions (using either oral ascending or remote and/or on-site electronic bidding); sequential or simultaneous single-round auctions (using either sealed paper or remote and/or on-site electronic bidding); combinatorial (package/contingent) bidding auctions; and real-time bidding in all electronic auction designs. The following service-specific rules, which are redundant with all or part of § 1.2103, are removed: §§ 21.951(a)–(a)(1); 22.203; 22.961; 24.702; 90.802; 90.902; 90.1003; 100.72; 101.1102; and 101.1202.

8. *Competitive bidding mechanisms.* Section 1.2104 of the Commission's rules describes the mechanisms used to implement the Commission's competitive bidding design provisions. This rule also sets forth the treatment of bid withdrawal, down and full payment default, and bidder disqualification. The following service-specific rules redundant with all or part of the competitive bidding design mechanism provisions of § 1.2104 are modified or removed: §§ 21.951(a)(2)–(c); 22.205; 22.962; 25.402; 27.202; 73.5001; 90.803; 90.903(c)–(f); 90.1005; 90.1015(b); 100.73; 101.1103; and 101.1203. Also, the following service-specific rules, which conflict or are redundant with all or part of the bid withdrawal, down or full payment default, and disqualification payment rules of § 1.2104, are removed: §§ 21.959(a)–(b); 22.207; 22.215(b); 22.963; 24.704; 27.203; 73.5004(a); 90.805; 90.905; 90.1007; 100.74; and 100.78(b).

9. *Bidding application and certification procedures; prohibition of collusion.* Section 1.2105 of the Commission's rules describes the short-form application ("FCC Form 175") and certification procedures and the prohibition against applicant collusion.

Section 1.2105 sets forth the information and certifications that applicants must provide to participate in an auction. This section also prohibits applicants from communicating with each other about bids, bidding strategies, or settlements if the applicants are bidding on licenses in the same geographic area unless applicants are members of bidding arrangements identified on a bidder's short-form application. This prohibition period commences at the short-form application filing deadline and concludes at the post-auction down payment deadline. The following service-specific rules, which are redundant with all or part of the part 1 short-form application and certification procedures in § 1.2105, are removed in whole or in part: §§ 21.952; 22.209; 22.227; 22.964; 24.709(a)(4)–(5); 27.204(a)–(b); 90.806; 90.906; 90.1009; 100.75; 101.531(a); 101.1104; and 101.1204. Also, the following service-specific rules, which are redundant with all or part of the prohibition on collusion in § 1.2105, are modified or removed in whole or in part: §§ 21.953; 25.405; 27.204(c); and 100.79.

10. *Submission of upfront payments.* Section 1.2106 of the Commission's rules describes the procedures for submitting upfront payments, *i.e.*, the sums an applicant that complies with the short-form application requirements tenders to the Commission before an auction in order to be qualified to bid. The following service-specific rules, which conflict or are redundant with all or part of § 1.2106 of the Commission's rules, are removed in whole or in part: §§ 21.954; 22.211(a); 22.965(a); 24.706(a), (c); 24.711(a)(1); 24.716(a)(1); 27.205; 73.5003(a); 90.807(a); 90.907(a); 90.1011(a); 100.76(a); 101.1105(a); and 101.1205(a).

11. *Submission of down and full payments, and filing of long-form applications.* Section 1.2107 of the Commission's rules describes the procedures for submitting down and full payments and filing the long-form application ("FCC Form 601"). The Bureau recognizes that other licensing bureaus may use different FCC Forms for their long-form application. The down payment is the sum that the winning bidder(s) must tender to the Commission after the auction closes to bring its total deposit(s) up to twenty (20) percent of its high bid(s). This payment assures the Commission that the winning bidder is able to tender the full amount of its bid when it later comes due. Unless otherwise specified by public notice, the down payment must be made within ten (10) business days after the winning bidder is notified

that it is the high bidder for a license(s). The Commission relies upon the long-form application to determine whether the winning bidder is qualified to be a licensee. The long-form application must be submitted within ten (10) business days after the winning bidder is notified that it is the high bidder. After submission of the down payment and long-form application, the winning bidder must submit the full payment due on the license(s) within ten (10) business days of notification that the license(s) is ready for grant, unless it qualifies to make installment payments. If the winning bidder fails to make the full payment within this time period, it is afforded an additional ten (10) day period to make full payment, provided that it also pays a late fee equal to five (5) percent of the amount due. The following service-specific rules, which conflict or are redundant with all or part of § 1.2107 of the Commission's rules, are modified or removed in whole or in part: §§ 21.955(a), (c); 21.958; 22.211(b); 22.213; 22.965(b); 24.706(b); 24.711(a)(2); 24.716(a)(2); 25.404(a), (b); 27.206; 73.3573(f)(5)(i); 73.5003(b)–(c); 74.1233(d)(5)(i); 90.807(b); 90.808; 90.907(b); 90.908; 90.1011(b); 90.1013; 100.76(b); 101.531; 101.1105(b); 101.1205(b); and 101.1206.

12. *Procedures for filing petitions to deny against long-form applications.* Section 1.2108 of the Commission's rules describes the timing and procedures for filing petitions to deny a winning bidder's long-form application. The period for filing a petition to deny commences after the Commission releases a public notice announcing that a long-form application has been accepted for filing. Section 1.2108 also provides that the length of time to file a petition to deny may vary on a service-specific basis, but cannot exceed ten (10) days. The following service-specific rules, which conflict or are redundant with all or part of § 1.2108 of the Commission's rules, are modified or removed: §§ 21.957; 90.1025(a); 101.1110; and 101.1207.

13. *License grant, denial, default, and disqualification.* Section 1.2109 of the Commission's rules addresses the consequences for a winning bidder that fails to timely make a down payment or full payment on its winning bid(s), withdraws its bid(s) after the auction has closed, violates the federal antitrust laws, or is otherwise found unqualified to be a licensee. The following service-specific rules, which conflict or are redundant with all or part of § 1.2109 of the Commission's rules, are modified or removed: §§ 21.959(c)–(e); 22.207; 22.215; 22.967; 24.708; 24.711(a)(2); 24.716(a)(2); 25.406; 27.208; 73.5004;

90.809(a); 90.909(a)–(b); 90.1015; and 100.78(a).

14. *Designated entities.* Section 1.2110 of the Commission's rules sets forth certain provisions applicable to designated entities—small businesses, businesses owned by members of minority groups and/or women, and rural telephone companies. This section also provides the eligibility criteria for small businesses, defines terms specific to designated entities, and addresses bidding credits and other financial incentives available to certain designated entities. The following service-specific rules, which are redundant with certain portions of § 1.2110 of the Commission's rules, are removed: §§ 21.955(b); 24.321(a)(7); 24.716(c); 27.210(b)(3)(ii), (c); 27.502(a)(7); 90.812(a); and 101.538(a)(8). The Bureau also modifies or removes the following service-specific rules in whole or in part because they conflict or are redundant with § 1.2110(b) of the Commission's rules, the part 1 eligibility criteria for small business status: §§ 21.961(b)(2); 22.223(b)(2)–(4); 24.321(a)(3)–(5); 24.709(a)(2); 24.720(b)(3)–(4); 27.210(b)(3); 27.502(a)(3)–(5); 80.1252(b)(3)–(4); 90.814(b)(2); 90.912(b)(3); 90.1021(b)(3); 90.1103(b)(3)–(4); 95.816(c)(3)–(4); 101.538(a)(5)–(6); and 101.1209(b)(2). The Bureau modifies the following service-specific rules by changing the term “controlling principal” to “controlling interest” to conform the rules with the Commission's general competitive bidding rules: §§ 90.912(b)(1)–(2); 90.913(a)(1); 90.1021(b)(1)–(2); 90.1023(a)(1); 101.1109(a)(1); and 101.1112(b)–(e). Additionally, the Bureau modifies or removes the following service-specific rules in whole or in part because they conflict or are redundant with certain portions of § 1.2110(c)(2) of the Commission's rules, the part 1 definition of “controlling interest”: §§ 22.223(e); 22.225(e); 24.321(b); 27.502(b); 80.1252(c); 90.814(g); 90.1103(c); 95.816(d); and 101.538(b). The Bureau also modifies § 24.709 to clarify its applicability to existing licensees.

15. *Assignment or transfer of control: unjust enrichment.* Section 1.2111 of the Commission's rules contains the procedures and reporting requirements for assigning or transferring licenses. This section also contains the rules for partitioning a license and disaggregating spectrum, including the related matters of unjust enrichment, bidding credits, installment payments, the length of the license term, and construction requirements. The following service-

specific rules, which are redundant with all or part of § 1.2111 of the Commission's rules, are modified or removed in whole or in part: §§ 21.960(b)(5)(i)–(ii), (d)(1); 22.217(b); 24.711(c); 24.712(c); 24.714(c); 24.716(d); 24.717(c); 27.15(c); 27.209(d); 73.5009(a); 90.810(b); 90.812(b); 90.813(c), (d)(2)(i); 90.910(b); 90.911(c); 90.1017(b); 95.823(c)(1); 101.56(i); 101.535(a)(1), (c); 101.1107(e); 101.1208(b); 101.1319(c); and 101.1323(c).

16. *Ownership disclosure requirements for short- and long-form applications.* Section 1.2112 of the Commission's rules contains the Commission's ownership disclosure requirements for both the short-form application, which is a pre-requisite to participation in an auction, and the long-form application, which is filed by the winning bidder(s) to assist the Commission in determining whether the winning bidder is qualified to be a licensee. The Bureau modifies or removes §§ 22.225(b), 90.815(a)–(b), 90.913(a)–(b), 90.1023(a)–(b), and 101.1109(a)–(b) because these service-specific rules are redundant with the ownership disclosure requirements set forth in § 1.2112 of the Commission's rules. The Bureau also modifies § 73.5009(b) to indicate that the ownership disclosure requirements found at § 1.2112(a) do not apply to the assignment or transfer of licenses or construction permits in the broadcast services subject to competitive bidding.

17. *Definitions.* Section 1.2110 of the Commission's rules provides uniform definitions for “affiliate,” “audits,” “businesses owned by members of minority groups and/or women,” “controlling interests,” “eligibility for small business provisions,” “gross revenues,” and “rural telephone company.” The Bureau modifies or removes the following rules in whole or in part because they conflict or are redundant with § 1.2110(c)(5) of the Commission's rules, the part 1 definition of “affiliate”: §§ 21.961(d); 22.223(d); 22.225(e); 24.709(g); 24.720(l); 27.210(d); 90.814(h); 90.815(e); 90.912(d); 90.913(d)(3); 90.1021(d); 90.1023(e); 90.1323(e); 101.1112(h); and 101.1209(e). The Bureau modifies the definition of “audits” in § 1.2110(m) to clarify that all applicants and licensees claiming designated entity status are subject to audits. Accordingly, the following service-specific rules, which are redundant with § 1.2110(m) of the Commission's rules, are removed: §§ 21.960(g); 22.225(d); 24.709(d); 90.815(d); 90.913(d); 90.1023(d); and 101.1109(d). The Bureau also removes

the following service-specific rules because they conflict or are redundant with § 1.2110(c)(3) of the Commission's rules, the part 1 definition for "businesses owned by members of minority groups and/or women": §§ 24.709(g); 24.720(i); 90.814(e)-(f); and 90.815(e). The Bureau removes the following service-specific rules in whole or in part because they conflict or are redundant with § 1.2110(n) of the Commission's rules, the part 1 definition of "gross revenues": §§ 21.961(c); 22.223(c); 22.225(e); 24.709(g); 24.720(f); 27.210(c); 90.814(d); 90.815(e); 90.912(c); 90.913(d)(3); 90.1021(c); 90.1023(e); 90.1323(e); 101.1112(g); and 101.1209(d). The Bureau also modifies or removes the following service-specific rules in whole or in part because they are redundant with § 1.2110(c)(4) of the Commission's rules, the part 1 definition of "rural telephone company": §§ 24.720(e); 90.814(c); and 101.1209(c). The Bureau also adds a definition of "total assets" to § 1.2110 of the Commission's rules to address the circumstances in which "total assets" information is relevant to the determination of whether an applicant (or licensee) is eligible for status as an entrepreneur. Accordingly, the Bureau deletes the redundant portions of the following service-specific rules that pertain to "total assets": §§ 24.709(g); 24.720(g); and 90.815(e).

18. *Technical/ministerial edits to Commission rules.* As a result of the conforming edits made in this Order, some of the service-specific competitive bidding rules refer to sections of the part 1 general competitive bidding rules that have been removed or modified. Accordingly, the Bureau modifies the following rules to eliminate or correct references to rules that have been removed or modified: §§ 1.2107(e); 1.2110(f)(3)(ii)(B), (f)(3)(iii)-(iv), (vii); 21.956(b)(3); 21.960(b)(4); 22.223(b)(3); 24.321(c)(1); 24.709; 24.711(b)-(b)(2); 24.712(a)-(b); 24.714(d)(1), (d)(2)(i), (iii), (d)(3)(i), (ii); 24.716(b)-(b)(2); 24.717(a)-(b); 24.720(b)(5), (c)(2), (j)(2), (k)(4), (n)(3)-(4); 27.15(d)-(e); 73.3571(h)(4)(i); 73.3573(f)(5)(ii); 73.5005(a); 73.5006(d); 80.1252(d); 90.705; 90.813(d)(2)(ii)-(iv), (3)(ii), (e), (f); 90.814(a)(3); 90.910(a); 90.1017(a); 90.1025(b); 90.1103(d); 95.816(e); 95.823(c)(2), (c)(2)(iii), (c)(3); 101.538(c); and 101.1319(b). Finally, the Bureau corrects errors in the following rules pursuant to its delegated authority under § 0.331(d) to make ministerial conforming edits: §§ 22.227; 24.711(b)(3)-(5); 73.5009; 90.809(b); 90.813(a); 90.909(c); 90.913(a); 95.816(f); and 101.538(a)(7).

(2) Such *qualifying investors* must hold 50.1 percent of the voting stock and all general partnership interests within the control group and must have *de facto* control of the control group and of the applicant;

(3) The remaining 20.1 percent of the applicant's (or licensee's) total equity may be owned by *qualifying investors*, either unconditionally or in the form of stock options not subject to the restrictions of paragraph (b)(1)(vi)(A)(1) of this section, or by any of the following entities which may not comply with § 24.720(i)(1):

(i) *Institutional investors*, either unconditionally or in the form of stock options;

(ii) Noncontrolling *existing investors* in any *preexisting entity* that is a member of the *control group*, either unconditionally or in the form of stock options;

(iii) Individuals that are members of the applicant's (or licensee's) management, either unconditionally or in the form of stock options; or

(iv) *Qualifying investors*, as specified in § 24.720(i)(4).

(4) Following termination of the three-year period specified in paragraph (b)(1)(vi)(A) of this section, *qualifying investors* must continue to own at least 20 percent of the applicant's (or licensee's) total equity unconditionally or in the form of stock options subject to the restrictions in paragraph (b)(1)(vi)(A)(1) of this section. The restrictions specified in paragraph (b)(1)(vi)(A)(3)(i) through (b)(1)(vi)(A)(3)(iv) of this section no longer apply to the remaining equity after termination of such three-year period.

(B) At the election of an applicant (or licensee) whose *control group's* sole member is a *preexisting entity*, the 50.1 percent minimum equity requirements set forth in paragraph (b)(1)(vi)(A) of this section shall apply, except that only 20 percent of the applicant's (or licensee's) total equity must be held by *qualifying investors*, and that the remaining 30.1 percent of the applicant's (or licensee's) total equity may be held by *qualifying investors*, or noncontrolling *existing investors* in such *control group* member or individuals that are members of the applicant's (or licensee's) management. These restrictions on the identity of the holder(s) of the remaining 30.1 percent

of the licensee's total equity no longer apply after termination of the three-year period specified in paragraph (b)(1)(vi)(A) of this section.

(vii) *Calculation of certain interests.* Except as provided in paragraphs (b)(1)(v) and (b)(1)(vi) of this section, ownership interests shall be calculated on a fully diluted basis; all agreements such as warrants, stock options and convertible debentures will generally be treated as if the rights thereunder already have been fully exercised, except that such agreements may not be used to appear to terminate or divest ownership interests before they actually do so, in order to comply with the *nonattributable equity* requirements in paragraphs (b)(1)(iii)(A) and (b)(1)(iv)(A) of this section.

(viii) *Aggregation of affiliate interests.* Persons or entities that hold interest in an applicant (or licensee) that are affiliates of each other or have an identify of interests identified in § 1.2110(c)(5)(iii) will be treated as though they were one person or entity and their ownership interests aggregated for purposes of determining an applicant's (or licensee's) compliance with the nonattributable equity requirements in paragraphs (b)(1)(iii)(A) and (b)(1)(iv)(A) of this section.

Example 1 for paragraph (b)(1)(viii). ABC Corp. is owned by individuals, A, B, and C, each having an equal one-third voting interest in ABC Corp. A and B together, with two-thirds of the stock have the power to control ABC Corp. and have an identify of interest. If A & B invest in DE Corp., a broadband PCS applicant for block C, A and B's separate interests in DE Corp. must be aggregated because A and B are to be treated as one person.

Example 2 for paragraph (b)(1)(viii). ABC Corp. has subsidiary BC Corp., of which it holds a controlling 51 percent of the stock. If ABC Corp. and BC Corp., both invest in DE Corp., their separate interests in DE Corp. must be aggregated because ABC Corp. and BC Corp. are affiliates of each other.

(2) *The following provisions apply to licenses acquired pursuant to § 24.839(a)(2) or (a)(3) on or after October 30, 2000.* In addition to the eligibility requirements set forth at 24.709(a) and (b), applicants and/or licensees seeking to acquire C and/or F block licenses pursuant to 24.839(a)(2) or (a)(3) will be subject to the controlling interest standard in 1.2110(c)(2) of this chapter for purposes of determining unjust enrichment payment obligations. See § 1.2111 of this chapter.

(c) *Short-form and long-form applications: Certifications and disclosure.*

(1) *Short-form application.* In addition to certifications and

disclosures required by part 1, subpart Q of this chapter, each applicant to participate in closed bidding for frequency block C or frequency block F shall certify on its short-form application (Form 175) that it is eligible to bid on and obtain such license(s), and (if applicable) that it is eligible for designated entity status pursuant to this section and § 24.720, and shall append the following information as an exhibit to its Form 175:

(i) *For all applicants:* The applicant's gross revenues and total assets, computed in accordance with paragraphs (a) of this section and § 1.2110(b)(1) through (b)(2) of this chapter.

(ii) For all applicants that participated in Auction Nos. 5, 10, 11, and/or 22:

(A) The identity of each member of the applicant's *control group*, regardless of the size of each member's total interest in the applicant, and the percentage and type of interest held;

(B) The citizenship and the gender or minority group classification for each member of the applicant's *control group* if the applicant is claiming status as a *business owned by members of minority groups and/or women*;

(C) The status of each *control group* member that is an *institutional investor*, an *existing investor*, and/or a member of the applicant's management;

(D) The identify of each *affiliate* of the applicant and each affiliate of individuals or entities identified pursuant to paragraphs (c)(1)(ii)(A) and (c)(1)(ii)(C) of this section;

(E) A certification that the applicant's sole *control group* member is a *preexisting entity*, if the applicant makes the election in either paragraph (b)(1)(v)(B) or (b)(1)(vi)(B) of this section; and

(F) For an applicant that is a *publicly traded corporation with widely disbursed voting power*:

(1) A certified statement that such applicant complies with the requirements of the definition of *publicly traded corporation with widely disbursed voting power* set forth in § 24.720(h);

(2) The identify of each *affiliate* of the applicant.

(iii) For each applicant claiming status as a *small business consortium*, the information specified in paragraph (c)(1)(ii) of this section, for each member of such consortium.

(2) *Long-form application.* In addition to the requirements in subpart I of this part and other applicable rules (e.g., §§ 20.6(e) and 20.9(b) of this chapter), each applicant submitting a long-form application for a license(s) for frequency

block C or F shall in an exhibit to its long-form application:

(i) Disclose separately and in the aggregate the *gross revenues* and *total assets*, computed in accordance with paragraphs (a) and (b) of this section, for each of the following: The applicant; the applicant's *affiliates*, the applicant's *control group* members; the applicant's attributable investors; and *affiliates* of its attributable investors;

(ii) List and summarize all agreements or other instruments (with appropriate references to specific provisions in the text of such agreements and instruments) that support the applicant's eligibility for a license(s) for frequency block C or frequency block F and its eligibility under §§ 24.711, 24.712, 24.714 and 24.720, including the establishment of *de facto* and *de jure* control; such agreements and instruments include articles of incorporation and bylaws, shareholder agreements, voting or other trust agreements, partnership agreements, management agreements, joint marketing agreements, franchise agreements, and any other relevant agreements (including letters of intent), oral or written; and

(iii) List and summarize any investor protection agreements and identify specifically any such provisions in those agreements identified pursuant to paragraph (c)(2)(ii) of this section, including rights of first refusal, supermajority clauses, options, veto rights, and rights to hire and fire employees and to appoint members to boards of directors or management committees.

(3) *Records maintenance.* All applicants, including those that are winning bidders, shall maintain at their principal place of business an updated file of ownership, revenue and asset information, including those documents referenced in paragraphs (c)(2)(ii) and (c)(2)(iii) of this section and any other documents necessary to establish eligibility under this section or under the definitions of *small business and/or business owned by members of minority groups and/or women*. Licensees (and their successors in interest) shall maintain such files for the term of the license. Applicants that do not obtain the license(s) for which they applied shall maintain such files until the grant of such license(s) is final, or one year from the date of the filing of their short-form application (Form 175), whichever is earlier.

(d) *Definitions.* The terms consortium of small businesses, control group, existing investor, institutional investor, nonattributable equity, preexisting entity, publicly traded corporation with

widely dispersed voting power, qualifying investor, and small business used in this section are defined in § 24.720.

36. Revise § 24.711 to read as follows:

§ 24.711 Installment payments for licenses for frequency Block C.

Installment payments. Each eligible licensee of frequency Block C may pay the remaining 90 percent of the net auction price for the license in installment payments pursuant to § 1.2110(f) of this chapter and under the following terms:

(a) For an eligible licensee with gross revenues exceeding \$75 million (calculated in accordance with § 1.2110(b) of this chapter and § 24.709(b)) in each of the two preceding years (calculated in accordance with § 1.2110(o) of this chapter), interest shall be imposed based on the rate for ten-year U.S. Treasury obligations applicable on the date the license is granted, plus 3.5 percent; payments shall include both principal and interest amortized over the term of the license.

(b) For an eligible licensee with gross revenues not exceeding \$75 million (calculated in accordance with § 1.2110(b) of this chapter and § 24.709(b)) in each of the two preceding years, interest shall be imposed based on the rate for ten-year U.S. Treasury obligations applicable on the date the license is granted, plus 2.5 percent; payments shall include interest only for the first year and payments of interest and principal amortized over the remaining nine years of the license term.

(c) For an eligible licensee that qualifies as a small business or as a consortium of small businesses, interest shall be imposed based on the rate for ten-year U.S. Treasury obligations applicable on the date the license is granted; payments shall include interest only for the first six years and payments of interest and principal amortized over the remaining four years of the license term.

37. Revise 24.712 to read as follows:

§ 24.712 Bidding credits for licenses won for frequency Block C.

(a) Except with respect to licenses won in closed bidding in auctions that begin after March 23, 1999, a winning bidder that qualifies as a small business or a consortium of small businesses as defined in § 24.720(b)(1) or § 24.720(b)(3) may use a bidding credit of fifteen percent, as specified in § 1.2110(f)(2)(iii) of this chapter, to lower the cost of its winning bid.

(b) Except with respect to licenses won in closed bidding in auctions that

begin after March 23, 1999, a winning bidder that qualifies as a very small business or a consortium of very small businesses as defined in § 24.720(b)(2) or § 24.720(b)(4) may use a bidding credit of twenty-five percent as specified in § 1.2110(f)(2)(ii) of this chapter, to lower the cost of its winning bid.

(c) *Unjust enrichment.* The unjust enrichment provisions of § 1.2111(d) and (e)(2) of this chapter shall not apply with respect to licenses acquired in either the auction for frequency block C that began on December 18, 1995, or the reauction of block C spectrum that began on July 3, 1996.

38. Amend § 24.714 by removing paragraph (c), redesignating paragraphs (d), (e), and (f) as paragraphs (c), (d), and (e) and revising newly redesignated paragraphs (c)(1), (c)(2)(i), (c)(2)(iii), (c)(3)(i), and (c)(3)(ii) to read as follows:

§ 24.714 Partitioned licenses and disaggregated spectrum.

* * * * *

(c) * * *

(1) *Apportioning the balance on installment payment plans.* When a winning bidder elects to pay for its license through an installment payment plan pursuant to §§ 1.2110(g) of this chapter or 24.716, and partitions its licensed area or disaggregates spectrum to another party, the outstanding balance owed by the licensee on its installment payment plan (including accrued and unpaid interest) shall be apportioned between the licensee and partitionee or disaggregatee. Both parties will be responsible for paying their proportionate share of the outstanding balance to the U.S. Treasury. In the case of partitioning, the balance shall be apportioned based upon the ratio of the population of the partitioned area to the population of the entire original license area calculated based upon the most recent census data. In the case of disaggregation, the balance shall be apportioned based upon the ratio of the amount of spectrum disaggregated to the amount of spectrum allocated to the licensed area.

(2) * * *

(i) When a winning bidder elects to pay for its license through an installment payment plan, and partitions its license or disaggregates spectrum to another party that would not qualify for an installment payment plan or elects not to pay its share of the license through installment payments, the outstanding balance owed by the licensee (including accrued and unpaid interest) shall be apportioned according to § 24.714(c)(1).

* * * * *

(iii) The licensee shall be permitted to continue to pay its pro rata share of the outstanding balance and shall receive new financing documents (promissory note, security agreement) with a revised payment obligation, based on the remaining amount of time on the original installment payment schedule. These financing documents will replace the licensee's existing financing documents, which shall be marked "superseded" and returned to the licensee upon receipt of the new financing documents. The original interest rate, established pursuant to § 1.2110(g)(3)(i) of this chapter at the time of the grant of the initial license in the market, shall continue to be applied to the licensee's portion of the remaining government obligation. The Bureau will require, as a further condition to approval of the partial assignment application, that the licensee execute and return to the U.S. Treasury the new financing documents within 30 days of the Public Notice conditionally granting the partial assignment application. Failure to meet this condition will result in the automatic cancellation of the grant of the partial assignment application.

* * * * *

(3) * * *

(i) Where both parties to a partitioning or disaggregation agreement qualify for installment payments, the partitionee or disaggregatee will be permitted to make installment payments on its portion of the remaining government obligations, as calculated according to § 24.714(c)(1).

(ii) Each party will be required, as a condition to approval of the partial assignment application, to execute separate financing documents (promissory note, security agreement) agreeing to pay their pro rata portion of the balance due (including accrued and unpaid interest) based upon the installment payment terms for which they qualify under the rules. The financing documents must be returned to the U.S. Treasury within thirty (30) days of the Public Notice conditionally granting the partial assignment application. Failure by either party to meet this condition will result in the automatic cancellation of the grant of the partial assignment application. The interest rate, established pursuant to § 1.2110(g)(3)(i) of this chapter at the time of the grant of the initial license in the market, shall continue to be applied to both parties' portion of the balance due. Each party will receive a license for their portion of the partitioned market or disaggregated spectrum.

39. Revise § 24.716 to read as follows:

§ 24.716 Installment payments for licenses for frequency Block F.

Installment Payments. Each eligible licensee of frequency Block F may pay the remaining 80 percent of the net auction price for the license in installment payments pursuant to § 1.2110(g) of this chapter and under the following terms:

(a) For an eligible licensee with gross revenues exceeding \$75 million (calculated in accordance with § 1.2110(b) of this chapter and, when applicable, § 24.709(b)) in each of the two preceding years (calculated in accordance with § 1.2110(o) of this chapter), interest shall be imposed based on the rate for ten-year U.S. Treasury obligations applicable on the date the license is granted, plus 3.5 percent; payments shall include both principal and interest amortized over the term of the license;

(b) For an eligible licensee with gross revenues not exceeding \$75 million (calculated in accordance with § 1.2110(b) of this chapter and, when applicable, § 24.709(b)) in each of the two preceding years (calculated in accordance with § 1.2110(o) of this chapter), interest shall be imposed based on the rate for ten-year U.S. Treasury obligations applicable on the date the license is granted, plus 2.5 percent; payments shall include interest only for the first year and payments of interest and principal amortized over the remaining nine years of the license term; or

(c) For an eligible licensee that qualifies as a small business or as a consortium of small businesses, interest shall be imposed based on the rate for ten-year U.S. Treasury obligations applicable on the date the license is granted; payments shall include interest only for the first two years and payments of interest and principal amortized over the remaining eight years of the license term.

40. Revise § 24.717 to read as follows:

§ 24.717 Bidding credits for licenses for frequency Block F.

(a) Except with respect to licenses won in closed bidding in auctions that begin after March 23, 1999, a winning bidder that qualifies as a small business or a consortium of small businesses as defined in § 24.720(b)(1) or § 24.720(b)(3) may use a bidding credit of fifteen percent, as specified in § 1.2110(f)(2)(iii) of this chapter, to lower the cost of its winning bid.

(b) Except with respect to licenses won in closed bidding in auctions that begin after March 23, 1999, a winning bidder that qualifies as a very small business or a consortium of very small

businesses as defined in § 24.720(b)(2) or § 24.720(b)(4) may use a bidding credit of twenty-five percent as specified in § 1.2110(f)(2)(ii) of this chapter, to lower the cost of its winning bid.

41. Revise § 24.720 to read as follows:

§ 24.720 Definitions.

(4) A *very small business consortium* is a conglomerate organization formed as a joint venture between or among mutually independent business firms, each of which individually satisfies the definition of a *very small business* in paragraph (b)(2) of this section.

(c) *Business Owned by Members of Minority Groups and/or Women.* A *business owned by members of minority groups and/or women* is an entity:

(1) In which the *qualifying investor* members of an applicant's *control group* are members of minority groups and/or women who are United States citizens; and

(2) That complies with the requirements of §§ 24.709(b)(1)(iii) and (b)(1)(v) or § 24.709(b)(1)(iv) and (b)(vi).

(d) *Small Business Owned by Members of Minority Groups and/or Women: Consortium of Small Businesses Owned by Members of Minority and/or Women.* A *Small business owned by members of minority groups and/or women* is an entity that meets the definitions in both paragraphs (b) and (c) of this section. A *consortium of small businesses owned by members of minority groups and/or women* is a conglomerate organization formed as a joint venture between mutually-independent business firms, each of

which individually satisfies the definitions in paragraphs (b) and (c) of this section.

(e) *Institutional Investor.* An *institutional investor* is an insurance company, a bank holding stock in trust accounts through its trust department, or an investment company as defined in 15 U.S.C. 80a-3(a), including within such definition any entity that would otherwise meet the definition of investment company under 15 U.S.C. 80a-3(a) but is excluded by the exemptions set forth in 15 U.S.C. 80a-3(b) and (c), without regard to whether such entity is an issuer of securities; provided that, if such investment company is owned, in whole or in part, by other entities, such investment company, such other entities and the *affiliates* of such other entities, taken as a whole, must be primarily engaged in the business of investing, reinvesting or trading in securities or in distributing or providing investment management services for securities.

(f) *Nonattributable Equity.* (1) *Nonattributable equity* shall mean:

(i) For corporations, voting stock or non-voting stock that includes no more than twenty-five percent of the total voting equity, including the right to vote such stock through a voting trust or other arrangement;

(ii) For partnerships, joint ventures and other non-corporate entities, limited partnership interests and similar interests that do not afford the power to exercise control of the entity.

(2) For purposes of assessing compliance with the equity limits in §§ 24.709 (b)(1)(iii)(A) and (b)(1)(iv)(A), where such interests are not held directly in the applicant, the total equity held by a person or entity shall be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain.

(g) *Control Group.* A *control group* is an entity, or a group of individuals or entities, that possesses *de jure* control and *de facto* control of an applicant or licensee, and as to which the applicant's or licensee's charters, bylaws, agreements and any other relevant documents (and amendments thereto) provide:

(2) That the entity and/or its members receive at least 50.1 percent of the annual distribution or any dividends paid on the voting stock of a corporation;

(3) That, in the event of dissolution or liquidation of a corporation, the entity and/or its members are entitled to

receive 100 percent of the value of each share of stock in its possession and a percentage of the retained earnings of the concern that is equivalent to the amount of equity held in the corporation; and

(4) That, for other types of businesses, the entity and/or its members have the right to receive dividends, profits and regular and liquidating distributions from the business in proportion to the amount of equity held in the business.

Note to Paragraph (g): Voting control does not always assure *de facto* control, such as for example, when the voting stock of the control group is widely dispersed (see e.g., § 1.2110(c)(5)(ii)(C) of this chapter).

(h) *Publicly Traded Corporation with Widely Dispersed Voting Power.* A publicly traded corporation with widely dispersed voting power is a business entity organized under the laws of the United States:

(1) Whose shares, debt, or other ownership interests are traded on an organized securities exchange within the United States;

(2) In which no person:

(i) Owns more than 15 percent of the equity; or

(ii) Possesses, directly or indirectly, through the ownership of voting securities, by contract or otherwise, the power to control the election of more than 15 percent of the members of the board of directors or other governing body of such publicly traded corporation; and

(3) Over which no person other than the management and members of the board of directors or other governing body of such publicly traded corporation, in their capacities as such, has *de facto* control.

(4) The term *person* shall be defined as in section 13(d) of the Securities and Exchange Act of 1934, as amended (15 U.S.C. 78(m)), and shall also include investors that are commonly controlled under the indicia of control set forth in the definition of affiliate in

§ 1.2110(c)(5) of the Commission's rules. (i) *Qualifying Investor; Qualifying Minority and/or Woman Investor.*

(1) A *qualifying investor* is a person who is (or holds an interest in) a member of the applicant's (or licensee's) control group and whose gross revenues and total assets, when aggregated with those of all other attributable investors and affiliates, do not exceed the gross revenues and total assets limits specified in § 24.709(a), or, in the case of an applicant (or licensee) that is a small business, do not exceed the gross revenues limit specified in paragraph (b) of this section.

(2) A *qualifying minority and/or woman investor* is a person who is a

qualifying investor under paragraph (i)(1) of this section, who is (or holds an interest in) a member of the applicant's (or licensee's) *control group* and who is a *member of a minority group* or a woman and a United States citizen.

(3) For purposes of assessing compliance with the minimum equity requirements of § 24.709(b)(1)(v) and (b)(1)(vi), where such equity interests are not held directly in the applicant, interests held by qualifying investors or qualifying minority and/or woman investors shall be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain.

(4) For purposes of § 24.709 (b)(1)(v)(A)(3) and (b)(1)(vi)(A)(3), a *qualifying investor* is a person who is (or holds an interest in) a member of the applicant's (or licensee's) control group and whose gross revenues and total assets do not exceed the gross revenues and total assets limits specified in § 24.709(a).

(j) *Preexisting entity; Existing investor.* A *preexisting entity* is an entity that was operating and earning revenues for at least two years prior to December 31, 1994. An *existing investor* is a person or entity that was an owner of record of a preexisting entity's equity as of November 10, 1994, and any person or entity acquiring *de minimis* equity holdings in a *preexisting entity* after that date.

Note to Paragraph (j): In applying the term *existing investor* to *de minimis* interests in preexisting entities obtained or increased after November 10, 1994, the Commission will scrutinize any significant restructuring of the *preexisting entity* that occurs after that date and will presume that any change of equity that is five percent or less of the *preexisting entity's* total equity is *de minimis*. The burden is on the applicant (or licensee) to demonstrate that changes that exceed five percent are not significant.

(c) *Installment payments—(1) Apportioning the balance on installment payment plans.* When a winning bidder elects to pay for its license through an installment payment plan pursuant to § 90.812, and partitions

its licensed area or disaggregates spectrum to another party, the outstanding balance owed by the licensee on its installment payment plan (including accrued and unpaid interest) shall be apportioned between the licensee and partitionee or disaggregatee. Both parties will be responsible for paying their proportionate share of the outstanding balance to the U.S. Treasury. In the case of partitioning, the balance shall be apportioned based upon the ratio of the population of the partitioned area to the population of the entire original license area calculated based upon the most recent census data. In the case of disaggregation, the balance shall be apportioned based upon the ratio of the amount of spectrum disaggregated to the amount of spectrum allocated to the licensed area.

(2) *Parties not qualified for installment payment plans.*

(i) The partitionee or disaggregatee shall, as a condition of the approval of the partial assignment application, pay its entire pro rata amount within 30 days of Public Notice conditionally granting the partial assignment application. Failure to meet this condition will result in a rescission of the grant of the partial assignment application.

(ii) The licensee shall be permitted to continue to pay its pro rata share of the outstanding balance and shall receive new financing documents (promissory note, security agreement) with a revised payment obligation, based on the remaining amount of time on the original installment payment schedule. These financing documents will replace the licensee's existing financing documents which shall be marked "superseded" and returned to the licensee upon receipt of the new financing documents. The original interest rate, established pursuant to § 1.2110(g)(3)(i) of this chapter at the time of the grant of the initial license in the market, shall continue to be applied to the licensee's portion of the remaining government obligation. The Bureau will require, as a further condition to approval of the partial assignment application, that the licensee execute and return to the U.S. Treasury the new financing documents within 30 days of the Public Notice conditionally granting the partial assignment application. Failure to meet this condition will result in the automatic cancellation of the grant of the partial assignment application.

(iii) A default on the licensee's payment obligation will only affect the licensee's portion of the market.

(3) *Parties qualified for installment payment plans.*

(i) Where both parties to a partitioning or disaggregation agreement qualify for installment payments, the partitionee or disaggregatee will be permitted to make installment payments on its portion of the remaining government obligation, as calculated according to paragraph (d)(1) of this section.

(ii) Each party will be required, as a condition to approval of the partial assignment application, to execute separate financing documents (promissory note, security agreement) agreeing to pay their pro rata portion of the balance due (including accrued and unpaid interest) based upon the installment payment terms for which they qualify under the rules. The financing documents must be returned to the U.S. Treasury within thirty (30) days of the Public Notice conditionally granting the partial assignment application. Failure by either party to meet this condition will result in the automatic cancellation of the grant of the partial assignment application. The interest rate, established pursuant to § 1.2110(g)(3)(i) of this chapter at the time of the grant of the initial license in the market, shall continue to be applied to both parties' portion of the balance due. Each party will receive a license for their portion of the partitioned market or disaggregated spectrum.

(iii) A default on an obligation will only affect that portion of the market area held by the defaulting party.

(iv) Partitionees and disaggregatees that qualify for installment payment plans may elect to pay some of their pro rata portion of the balance due in a lump sum payment to the U.S. Treasury and to pay the remaining portion of the balance due pursuant to an installment payment plan.
