### Federal Aviation Administration

#### Noise Exposure Map Notice and Receipt of Noise Compatibility Program and Request for Review

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Notice.

**SUMMARY:** The Federal Aviation Administration (FAA) announces its determination that the noise exposure maps submitted by Seattle-Tacoma International Airport under the provisions of 49 U.S.C. Sec. 47503(a) and 14 CFR part 150 are in compliance with applicable requirements. The FAA also announces that it is reviewing the proposed noise compatibility program that was submitted for Seattle-Tacoma International Airport under part 150 in conjunction with the noise exposure maps, and that this program will be approved or disapproved on or before April 26, 2002.

**EFFECTIVE DATE:** The effective date of the FAA's determination on the Seattle-Tacoma International Airport noise exposure maps and the start of its review of the associated noise compatibility program is October 29, 2001. The public comment period ends December 27, 2001.

**FOR FURTHER INFORMATION CONTACT:** Dennis Ossenkop, FAA, Airports Division, ANM-611, 1601 Lind Avenue, SW., Renton, Washington 98055-4056.

Comments on the proposed noise compatibility program should also be submitted to the above office.

**SUPPLEMENTARY INFORMATION:** This notice announces that the FAA finds that the noise exposure maps for Seattle-Tacoma International Airport are in compliance with applicable requirements for part 150, effective October 29, 2001. Further, FAA is reviewing a proposed noise compatibility program for that airport which will be approved or disapproved on or before April 26, 2002. This notice also announces the availability of this program for public review and comment.

Under 49 U.S.C. 47503(a), an airport operator may submit to the FAA a noise exposure map which meets applicable regulations and which depicts noncompatible land uses as of the date of submission of such map, a description of projected aircraft operations, and the ways in which such operations will affect such map. 49 U.S.C. 47503(a)(1) requires such maps to be developed in consultation with interested and affected parties in the local community, government agencies and persons using the airport.

An airport operator who has submitted a noise exposure map that has been found by FAA to be in compliance with the requirements of Federal Aviation Regulation (FAR) part 150, promulgated pursuant to 49 U.S.C. 47503(a) may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes for the reduction of existing noncompatible uses and for the prevention of the introduction of additional noncompatible uses.

The Manager of the Airfield Line of Business for Seattle-Tacoma International Airport submitted to the FAA noise exposure maps, descriptions and other documentation which were produced during an airport Noise Compatibility Study. It was requested that the FAA review the noise exposure compatibility program under 49 U.S.C. 47504.

The FAA has completed its review of the noise exposure maps and related descriptions submitted by Seattle-Tacoma International Airport. The specific maps under consideration are Figures C40 and F1 in the submission. The FAA has determined that these maps for Seattle-Tacoma International Airport are in compliance with applicable requirements. This determination is effective on October 29, 2001. FAA's determination on an airport operator's noise exposure maps is limited to the determination that the maps were developed in accordance with the procedures contained in Appendix A of FAR part 150. Such determination does not constitute approval of the applicant's data, information or plans, or a commitment to approve a noise compatibility program or to fund the implementation of that program.

If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on noise exposure maps submitted under 49 U.S.C. 47503, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties

with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of 49 U.S.C. 47507. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the maps depicting properties on the surface rests exclusively with the airport operator which submitted those maps, or with those public agencies and planning agencies with which consultation is required under 49 U.S.C. 47503(a)(1). The FAA has relied on the certification by the airport operator, under section 150.21 of the FAR part 150, that the statutorily required consultation has been accomplished.

The FAA has formally received the noise compatibility program for Seattle-Tacoma International Airport, also effective on October 29, 2001. Preliminary review of the submitted material indicates that it conforms to the requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before April 26, 2002.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR part 150, paragraph 150.33.

The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety, create an undue burden on interstate or foreign commerce, or be reasonably consistent with obtaining the goal of reducing existing noncompatible land uses and preventing the introduction of additional noncompatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments, other than those properly addressed to the local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps, the FAA's evaluation of the maps, and the proposed noise compatibility program are available for examination at the following locations:

Federal Aviation Administration, 800 Independence Avenue, SW., Room 621, Washington, DC.

Federal Aviation Administration,  
Airports Division, Suite 315, 1601  
Lind Avenue, SW., Renton,  
Washington.

Federal Aviation Administration,  
Seattle Airports District Office, 1601  
Lind Avenue, SW., Suite 250, Renton,  
Washington.

Seattle-Tacoma International Airport,  
Noise Abatement Office, Main  
Terminal, Room 6619, Mezzanine  
Level, Seattle, Washington.

Questions may be directed to the  
individual named above under the  
heading, **FOR FURTHER INFORMATION  
CONTACT**.

Issued in Renton, Washington, October 29,  
2001.

**Lowell H. Johnson,**

Manager, Airports Division, ANM-600,  
Northwest Mountain Region.

#### Aging Transport Systems Rulemaking Advisory Committee Meeting

**AGENCY:** Federal Aviation  
Administration (FAA), DOT.

**ACTION:** Notice of public meeting.

**SUMMARY:** This notice announces a  
public meeting of the FAA's Aging  
Transport Systems Rulemaking  
Advisory Committee (ATSRAC).

**DATES:** The FAA will hold the meeting  
on January 23 and 24, 2002 from 9 a.m.  
to 4 p.m. on the first day and from 8  
a.m. to 3:30 p.m. on the second day.

**ADDRESSES:** Northwest Airlines Training  
Facility, 1000 Inner Loop Road, Atlanta,  
Georgia 30337.

**FOR FURTHER INFORMATION CONTACT:**  
Shirley Stroman, Office of Rulemaking,  
ARM-208, FAA, 800 Independence  
Avenue, SW, Washington, DC 20591;  
telephone (202) 267-7470; fax (202)  
267-5075; or e-mail  
[shirley.stroman@faa.gov](mailto:shirley.stroman@faa.gov).

**SUPPLEMENTARY INFORMATION:** This  
notice announces a meeting of the Aging  
Transport Systems Rulemaking  
Advisory Committee, which will be  
held at the Northwest Airlines Training  
Facility, 1000 Inner Loop Road, Atlanta,  
Georgia 30337.

The agenda topics for the meeting will  
include the following:

#### Day One

- Aging Affects on Engine Wiring
- Small Transport Aircraft Study Plan
- Enhanced Airworthiness Program for  
Airplane Systems Update

- Research and Development Update
- Flammability Presentation
- FAA Economist Overview
- Intrusive Inspection  
Recommendations Status

#### Day Two

- Standard Wire Practice Manual  
Working Group and Enhanced  
Training Program for Wire Systems  
Working Group Interim Reports
- Wire System Certification  
Requirements Working Group and  
Enhance Maintenance Criteria for  
Systems Working Group Status  
Reports

Meeting attendance is open to the  
public. However, space will be limited  
by the size of the available meeting  
room. The FAA will provide  
teleconference services to individuals  
who wish to participate by telephone  
and who submit their requests before  
January 15th. If you use the  
teleconference service from within the  
Washington, DC metropolitan calling  
area, the call would be considered local.  
However, callers from outside this  
calling area will be responsible for  
paying long-distance charges.

In addition to teleconferencing  
services, we will provide sign and oral  
interpretation, as well as a listening  
device if requests are made within 7  
calendar days before the meeting. You  
may arrange for these services by  
contacting the person listed under the  
**FOR FURTHER INFORMATION CONTACT**  
heading of this notice.

The public may present written  
statements to the Committee by  
providing 20 copies to the Committee's  
Executive Director or by bringing the  
copies to the meeting. Public statements  
will only be considered if time permits.

Issued in Washington, DC on December 31,  
2001.

**Ida M. Klepper,**

Acting Director, Office of Rulemaking.

## DEPARTMENT OF TRANSPORTATION

### Surface Transportation Board

[STB Docket No. AB-290 (Sub-No. 213X)]

#### Norfolk Southern Railway Company— Abandonment Exemption—in Wise County, VA

Norfolk Southern Railway Company  
(NSR) has filed a notice of exemption  
under 49 CFR 1152 Subpart F—*Exempt  
Abandonments* to abandon a 0.66-mile  
line of railroad between mileposts LT-  
0.0 and LT-0.66 at Banner, Wise

County, VA. The line traverses United  
States Postal Service ZIP Code 24293.

NSR has certified that: (1) No local  
traffic has moved over the line for at  
least 2 years; (2) no overhead traffic has  
moved over the line for at least 2 years  
and overhead traffic, if there were any,  
could be rerouted over other lines; (3)  
no formal complaint filed by a user of  
rail service on the line (or by a state or  
local government entity acting on behalf  
of such user) regarding cessation of  
service over the line either is pending  
with the Surface Transportation Board  
(Board) or with any U.S. District Court  
or has been decided in favor of  
complainant within the 2-year period;  
and (4) the requirements at 49 CFR  
1105.7 (environmental reports), 49 CFR  
1105.8 (historic reports), 49 CFR  
1105.11 (transmittal letter), 49 CFR  
1105.12 (newspaper publication), and  
49 CFR 1152.50(d)(1) (notice to  
governmental agencies) have been met.

As a condition to this exemption, any  
employee adversely affected by the  
abandonment shall be protected under  
*Oregon Short Line R. Co.—*

*Abandonment—Goshen*, 360 I.C.C. 91  
(1979). To address whether this

condition adequately protects affected  
employees, a petition for partial  
revocation under 49 U.S.C. 10502(d)  
must be filed. Provided no formal  
expression of intent to file an offer of  
financial assistance (OFA) has been  
received, this exemption will be  
effective on February 5, 2002, unless  
stayed pending reconsideration.

Petitions to stay that do not involve  
environmental issues,<sup>1</sup> formal  
expressions of intent to file an OFA  
under 49 CFR 1152.27(c)(2),<sup>2</sup> and trail  
use/rail banking requests under 49 CFR  
1152.29 must be filed by January 14,  
2002. Petitions to reopen or requests for  
public use conditions under 49 CFR  
1152.28 must be filed by January 24,  
2002, with the Surface Transportation  
Board, Office of the Secretary, Case  
Control Unit, 1925 K Street, N.W.,  
Washington, DC 20423-0001.

A copy of any petition filed with the  
Board should be sent to NSR's  
representative: James R. Paschall,  
General Attorney, Norfolk Southern  
Corporation, Three Commercial Place,  
Norfolk, VA 23510. If the verified notice

<sup>1</sup> The Board will grant a stay if an informed  
decision on environmental issues (whether raised  
by a party or by the Board's Section of  
Environmental Analysis (SEA) in its independent  
investigation) cannot be made before the  
exemption's effective date. *See Exemption of  
Out-of-Service Rail Lines* 5 I.C.C.2d 377 (1989). Any  
request for a stay should be filed as soon as possible  
so that the Board may take appropriate action before  
the exemption's effective date.

<sup>2</sup> Each OFA must be accompanied by a \$1000  
filing fee. *See* 49 CFR 1002.2(f)(25).
