Environmental Statements; Notice of Availability

AGENCY: National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the National Park Service announces the availability of the draft General Management Plan and draft Environmental Impact Statement for Morristown National Historical Park, New Jersey. Consistent with the park's mission, NPS policy, and other laws and regulations, three alternatives are presented to guide the management of the park over the next 15 to 20 years. The alternatives incorporate various zoning and management prescriptions to ensure resource preservation and public enjoyment of the park. The environmental consequences that are anticipated from implementing the various alternatives are evaluated in the report. Impact topics include cultural and natural resources, visitor experience, park operations, the socioeconomic environment, impairment, and sustainability. Alternative C is the preferred alternative.
