BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 97****[Docket No. 30359; Amdt. No. 3049]****Standard Instrument Approach Procedures; Miscellaneous Amendments****AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Final rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective March 20, 2003. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of March 20, 2003.

ADDRESSES: Availability of matters incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located;

3. The Flight Inspection Area Office which originated the SIAP; or,

4. The Office of Federal Register, 800 North Capitol Street, NW., Suite 700, Washington, DC.

For Purchase—

Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

By Subscription—

Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT:

Donald P. Pate, Flight Procedure Standards Branch (AMCAFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK. 73169 (Mail Address: PO Box 25082, Oklahoma City, OK. 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in official FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Federal Aviation Regulations (FAR). The applicable FAA Forms are identified as FAA Forms 8260-3, 8260-4, and 8260-5. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a

special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to part 97 is effective upon publication of each separate SIAP as contained in the transmittal. Some SIAP amendments may have been previously issued by the FAA in a National Flight Data Center (NFDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same

reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Air traffic control, Airports, Incorporation by reference, and Navigation (air).

Issued in Washington, DC on March 13, 2003.

James J. Ballough,
Director, Flight Standards Service.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me, part 97 of the Federal Aviation Regulations (14 CFR part 97) is amended by establishing, amending, suspending, or revoking Standard Instrument Approach Procedures, effective at 0901 UTC on the dates specified, as follows:

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

1. The authority citation for part 97 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40106, 40113, 40114, 40120, 44502, 44514, 44701, 44719, 44721–44722.

2. Part 97 is amended to read as follows:

§§ 97.23, 97.25, 97.27, 97.29, 97.31, 97.33, and 97.35 [Amended]

By amending: § 97.23 VOR, VOR/DME, VOR or TACAN, and VOR/DME or TACAN; § 97.25 LOC, LOC/DME, LDA, LDA/DME, SDF, SDF/DME; § 97.27 NDB, NDB/DME; § 97.29 ILS, ILS/DME, ISMLS, MLS, MLS/DME, MLS/RNAV; § 97.31 RADAR SIAPs; § 97.33 RNAV SIAPs; and § 97.35 COPTER SIAPs, identified as follows:

RIN 1515-AC58

Deferral of Duty on Large Yachts Imported for Sale

AGENCY: U.S. Customs Service,
Department of the Treasury.

ACTION: Final rule.

SUMMARY: This document adopts as a final rule, with some changes, a proposed amendment to the Customs Regulations to set forth procedures for the deferral of entry filing and duty collection on certain yachts imported for sale at boat shows in the United States. The regulatory amendments reflect a change in the law effected by section 2406 of the Miscellaneous Trade and Technical Corrections Act of 1999.

EFFECTIVE DATE: April 21, 2003.

FOR FURTHER INFORMATION CONTACT:

Legal matters: Glen Vereb, Office of
Regulations and Rulings (202-572-
8730).

Operational matters: Peter Flores,
Office of Field Operations (202-927-
0333).

SUPPLEMENTARY INFORMATION:

Background

Section 2406(a) of the Miscellaneous Trade and Technical Corrections Act of 1999 (the Act, Public Law 106-36, 113 Stat. 127) amended the Tariff Act of 1930 by the addition of a new section 484b (19 U.S.C. 1484b). Section 484b provides that an otherwise dutiable “large yacht” (defined in the section as “a vessel that exceeds 79 feet in length, is used primarily for recreation or pleasure, and has been previously sold by a manufacturer or dealer to a retail consumer”) may be imported without the payment of duty if the yacht is imported with the intention to offer for sale at a boat show in the United States. The statute provides generally for the deferral of payment of duty until the yacht is sold but specifies that the duty-deferral period may not exceed 6 months.

In order to qualify for deferral of duty payment at the time of importation of a large yacht, the statute provides that the

importer of record must: (1) Certify to Customs that the yacht is imported pursuant to section 484b for sale at a boat show in the United States; and (2) post a bond, having a duration of 6 months after the date of importation, in an amount equal to twice the amount of duty on the yacht that would otherwise be imposed under subheading 8903.91.00 or 8903.92.00 of the Harmonized Tariff Schedule of the United States (HTSUS). The statute further provides that if the yacht is sold within the 6-month period after importation, or if the yacht is neither sold nor exported within the 6-month period after importation, entry must be completed and duty must be deposited with Customs (with the duty calculated at the applicable HTSUS rate based on the value of the yacht at the time of importation) and the required bond will be returned to the importer. The statute further provides that no extensions of the 6-month bond period will be allowed, that any large yacht exported in compliance with the 6-month bond period may not be reentered for purposes of sale at a boat show in the United States (in order to receive duty-deferral benefits) for a period of 3 months after that exportation, and that the Secretary of the Treasury is authorized to make rules and regulations as may be necessary to carry out the provisions of the statute. Finally, under section 2406(b) of the Act, the amendment made by section 2406(a) of the Act applies with respect to any large yacht imported into the United States after July 10, 1999.

In order to reflect the terms of new section 484b, Customs on June 15, 2000, published a notice of proposed rulemaking in the **Federal Register** (65 FR 37501) to amend the Customs Regulations by the addition of a new § 4.94a (19 CFR 4.94a). In addition, Customs proposed in that document to amend Part 113 of the Customs Regulations (19 CFR Part 113), which sets forth provisions regarding Customs bonds, by the addition of a new § 113.75 and a new Appendix provision setting forth the text of the bond required to be posted by the importer of record under new section 484b.

The June 15, 2000, notice of proposed rulemaking invited the submission of public comments on the proposed amendments, and the public comment period closed on August 14, 2000. Two commenters responded to that solicitation of comments. A discussion of their comments follows.

Discussion of Comments

The two commenters made the same three points which centered on
