

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions and Deletions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Additions to and deletions from procurement list.

SUMMARY: This action adds to the procurement list products and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes from the procurement list products previously furnished by such agencies.

EFFECTIVE DATE: February 9, 2003.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia 22202-3259.

SUPPLEMENTARY INFORMATION:

Additions

On August 30, October 4, November 1, and November 15, 2002, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (67 FR 55776, 62224, 66607, and 69186) of proposed additions to the procurement list.

The following comments pertain to highlighters, fluorescent and free-ink.

Comments were received from the current contractor in response to a request for sales data. While admitting that the items proposed for addition to the procurement list represent a very small part of the company's sales, the contractor noted that it had recently been affected by another addition to the procurement list, and that the company has been on a Federal supply schedule for these items for nearly 20 years. The contractor stated that it would be very difficult to recover from these impacts in the current business environment, with government purchasers bundling contracts and closing supply depots. The contractor also noted that stores operated on Federal installations by nonprofit agencies in the Committee's program compete with small companies like the contractor. The contractor did not provide data on the extent of sales lost to these stores.

The impact of the current and recent procurement list addition mentioned by the contractor together amount to only a very small percentage of the

contractor's total sales. In addition, the contractor will retain its current Federal supply schedule contract until it expires in 2005. The schedule in question is a multiple award schedule, so the contractor is guaranteed only a minimum amount of sales and must compete for the rest with other schedule holders. Therefore, the contractor's longtime status as a schedule contractor and the sales it may have lost to the Federal installation stores do not add much weight to the impacts which the Committee has considered in deciding that this procurement list addition will not have a severe adverse impact on the contractor.

The following comments pertain to can, friction top and container, fuel sample.

Comments were received from the current contractor in response to a request for sales information. The commenter stated that the items proposed for addition to the procurement list represented a significant minority of the gross revenues the commenter is receiving on this specific contract. The commenter also stated that that individual packaging of the items is the most difficult and expensive part of the production process, and requested that it be allowed an opportunity to supply the unfinished items to the nonprofit agency designated by the Committee to provide them to the government.

The Committee looks to a company's total sales, not to revenues on a specific contract, when assessing the severity of the impact of a procurement list addition on a contractor. In this case, the contract value of the items being added to the procurement list represents a very small portion of the commenter's total sales. The designated nonprofit agency will be buying the unfinished items from the same source as the commenter did, so it would not be economically feasible to involve the commenter in the purchase, as the presence of the commenter in the chain of transactions would likely only increase the cost of the items.

The Following Material Pertains to All of the Items Being Added to the Procurement List

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the products and services and impact of the additions on the current or most recent contractors, the Committee has determined that the products and services listed below are suitable for procurement by the Federal government under 41 U.S.C. 46-48c and 41 CFR 51-2.4. I certify that the following action

will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products and services to the government.

2. The action will result in authorizing small entities to furnish the products and services to the government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the products and services proposed for addition to the procurement list.

Accordingly, the following products and services are added to the procurement list:

Deletions

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action will result in authorizing small entities to furnish the products to the government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in

connection with the products proposed for deletion from the procurement list.

After consideration of the relevant matter presented, the committee has determined that the products listed below are no longer suitable for procurement by the Federal government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

Accordingly, the following products are deleted from the procurement list:

Notice of Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review, and Intent to Revoke Order in Part: Certain Cut-To-Length Carbon-Quality Steel Plate Products from Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation and preliminary results of changed circumstances antidumping duty administrative review and intent to revoke order in part.

SUMMARY: In accordance with section 751(b) of the Tariff Act of 1930, as amended (the Act), and section 351.216(b) of the Department of Commerce's (the Department's) regulations, NKK Corporation (NKK) and Mitsubishi International Steel, Inc. (MISI) filed a request for a changed circumstances review of the antidumping duty order on certain cut-to-length carbon-quality steel plate products (CTL plate) from Japan. Specifically, NKK and MISI request that the Department revoke the antidumping duty order with respect to two abrasion-resistant steel products produced by NKK that are described below. The domestic industry has affirmatively expressed no interest in the continuation of the order with respect to these products. In response to the request, the Department is initiating a changed circumstances review and issuing a notice of intent to revoke, in part, the antidumping duty order on CTL plate from Japan. Interested parties are invited to comment on these preliminary results.

EFFECTIVE DATE: January 10, 2003.

FOR FURTHER INFORMATION CONTACT: Jack K. Dulberger or Mark Manning, AD/CVD Enforcement, Group II, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-5505 and (202) 482-5253, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 27, 2002, NKK and MISI requested that the Department revoke the antidumping duty order on CTL plate from Japan with respect to two abrasion-resistant steel products produced by NKK: "NK-EH-360 (NK Everhard 360)" and "NK-EH-500 (NK Everhard 500)." See NKK's and MISI's letter to the Secretary, dated November 27, 2002 (Changed Circumstances Review Request). Specifically, NKK and MISI request that the Department revoke the order with respect to imports meeting the following detailed product descriptions: (1) NK-EH-360: a) Physical Properties: thickness ranging from 6-50 mm, Brinell Hardness: 361 min.; b) Heat Treatment: controlled heat treatment; and c) Chemical Composition (percent weight): C: 0.20 max., Si: 0.55 max., Mn: 1.60 max., P: 0.030 max., S: 0.030 max.,
