

tribal land bidding credit, the applicant will have 90 days from the close of the long-form filing window to amend its application to select the specific tribal lands to be served and provide the required tribal government certifications. Licensees receiving a tribal land bidding credit are subject to performance criteria as set forth in 47 CFR 1.2110(f).

149. For additional information on the tribal land bidding credit, including how the amount of the credit is calculated, applicants should review the Commission's rule making proceeding regarding tribal land bidding credits and related public notices. Relevant documents can be viewed on the Commission's Web site by going to <http://wireless.fcc.gov/auctions> and clicking on the *Tribal Land Credits* link.

E. Default and Disqualification

150. Any high bidder that defaults or is disqualified after the close of the auction (*i.e.*, fails to remit the required down payment within the prescribed period of time, fails to submit a timely long-form application, fails to make full payment, or is otherwise disqualified) will be subject to the payments described in 47 CFR 1.21104(g)(2). In such event the Commission may re-auction the license or offer it to the next highest bidder (in descending order) at its final bid. In addition, if a default or disqualification involves gross misconduct, misrepresentation, or bad faith by an applicant, the Commission may declare the applicant and its principals ineligible to bid in future auctions, and may take any other action that it deems necessary, including institution of proceedings to revoke any existing licenses held by the applicant.

F. Refund of Remaining Upfront Payment Balance

151. All applicants that submitted upfront payments but were not winning bidders for a license in Auction No. 50 may be entitled to a refund of their remaining upfront payment balance after the conclusion of the auction. No refund will be made unless there are excess funds on deposit from that applicant after any applicable bid withdrawal payments have been paid. All refunds will be returned to the payer of record, as identified on the FCC Form 159, unless the payer submits written authorization instructing otherwise.

152. Bidders that drop out of the auction completely may be eligible for a refund of their upfront payments before the close of the auction. Qualified bidders that have exhausted all of their activity rule waivers, have no remaining bidding eligibility, and have not

withdrawn a high bid during the auction must submit a written refund request. If you have completed the refund instructions electronically, then only a written request for the refund is necessary. If not, the request must also include wire transfer instructions and a Taxpayer Identification Number (TIN). Send refund request to: Federal Communications Commission, Financial Operations Center, Auctions Accounting Group, Gail Glasser or Tim Dates, 445 12th Street, SW., Room 1-C863, Washington, DC 20554.

153. Bidders are encouraged to file their refund information electronically using the refund information portion of the FCC Form 175, but bidders can also fax their information to the Auctions Accounting Group at (202) 418-2843. Once the information has been approved, a refund will be sent to the party identified in the refund information.

Note: Refund processing generally takes up to two weeks to complete. Bidders with questions about refunds should contact Tim Dates at (202) 418-0496 or Gail Glasser at (202) 418-0578.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

Privacy Act System of Records

AGENCY: Federal Communications Commission.

ACTION: Notice; one altered Privacy Act system of records; deletion of five routine uses; and addition of one new routine use.

SUMMARY: Pursuant to the provisions of the *Privacy Act of 1974*, as amended, 5 U.S.C. 552a(e)(4) and (e)(11), the FCC proposes to change the name and alter one system of records, FCC/Central-2, "Employee Locator System" (formerly "Employee Locator Card Files"). The altered system of records will incorporate changes in what information is maintained and how the information is stored—from a paper file card system to an electronic database; the deletion of five routine uses; the addition of one new routine use; and other edits and revisions as necessary.

DATES: In accordance with 5 U.S.C. 552a(e)(4) and (e)(11) of the *Privacy Act of 1974*, as amended, any interested

person may submit written comments concerning the routine uses of this system on or before April 28, 2003. Pursuant to Appendix I, 4(e) of OMB Circular A-130, the FCC is asking the Office of Management and Budget (OMB), which has oversight responsibility under the Privacy Act, to grant a waiver of the 40 day review period by OMB, the House of Representatives, and the Senate for this system of records. The FCC is requesting this waiver because the war emergency and homeland security make it imperative that the Commission has this system of records available so that in case of an emergency that affects FCC employees caused by the war or terrorism, emergency personnel can quickly reach the designated "contacts" of these employees.

The proposed altered system shall be effective on April 28, 2003, unless the FCC receives comments that require a contrary determination. The Commission will publish a document in the **Federal Register** notifying the public if any changes are necessary. As required by 5 U.S.C. 552a(r) of the *Privacy Act of 1974*, as amended, the FCC has submitted reports on this proposed altered system to OMB and both Houses of Congress.

ADDRESSES: Comments should be sent to Les Smith, Privacy Act Clerk, Performance Evaluation and Records Management (PERM), Room 1-A804, Federal Communications Commission (FCC), 445 12th Street, SW., Washington, DC 20554, (202) 418-0217, or via the Internet at lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Les Smith, (202) 418-0217 or via the Internet at lesmith@fcc.gov; or Michele Sutton, (202) 418-0137 or via the Internet at msutton@fcc.gov.

SUPPLEMENTARY INFORMATION: As required by the Privacy Act of 1974, as amended, 5 U.S.C. 552a(e)(4) and (e)(11), this document sets forth notice of the proposed altered system of records maintained by the FCC; deletion of five routine uses; and addition of one new routine use. See 65 FR 63468, October 23, 2000. The purposes for altering FCC/Central-2, "Personnel Investigation System" are to change the name of the system of records to reflect the change in the way the system is maintained—from a paper file card system to an electronic database; to change the information that is being maintained; to delete five routine uses; to add one new routine use; and otherwise to alter, update, and revise this system of records as necessary.

The FCC proposes to achieve these purposes by altering this system of

records, FCC/Central-2, "Personnel Locator System" (formerly "Personnel Locator Card Files") with these changes: A change in the information that is being maintained; the deletion of five routine uses; the addition of one new routine use to address the new and/or revised information that is being maintained: this Routine Use allows disclosure to emergency medical personnel, *i.e.*, doctors, nurses, and/or paramedics, or to law enforcement officials in case of a medical or other emergency involving the FCC employee.

The alteration, revision, or modification of various data elements in FCC/Central-2, including editorial changes to update, simplify, or clarify, as necessary, this system of records.

The Human Resources Office (AMD-HRM) will use the records in FCC/Central-2, "Employee Locator System," to identify the individual(s) to contact, should an emergency of a medical or other nature involving the Commission employee occur while the employee is on the job. Initial collection and requested periodic updates are voluntary, as the employee does not have to provide it. This notice meets the requirement documenting the change in the Commission's system of records, and provides the public, Congress, and the Office of Management and Budget (OMB) an opportunity to comment.
