## DEPARTMENT OF LABOR

### Employment Standards Administration

#### Wage and Hour Division; Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29

CFR parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department.

Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, NW., Room S-3014, Washington, DC 20210.

## Summary of Facts and Representations

1. Northwest. Northwest (hereinafter, Northwest or the Applicant) is a Minnesota corporation with its principal headquarters in Eagan, Minnesota. Northwest is the principal operating company of the Northwest Airlines Corporation's controlled group and is the fourth largest airline in the world. Northwest Airlines Corporation (NWAC), the ultimate parent corporation, which indirectly owns 100 percent (100%) of the stock of Northwest, is publicly traded (NASDAQ symbol NWAC) and is a Delaware corporation. Northwest represents that all significant members of NWAC's controlled group are airline-related. The airline began service on October 1, 1926. Known primarily as an international airline prior to the era of deregulation, Northwest strengthened its domestic presence when the industry was deregulated. To achieve this, Northwest acquired Republic Airlines in 1986. Today, the Applicant states that Northwest has a 10 percent (10%) domestic market share. In 1989, Northwest created the first international airline alliance with KLM Royal Dutch Airlines (KLM), giving Northwest an international presence between the U.S. and Europe and points beyond. Northwest expanded its alliance strategy again in 1998 with Continental Airlines (Continental) by creating the first domestic, major airline alliance. This alliance was solidified with a new 25-year alliance agreement in 2001. In August 2002, Northwest and Continental announced that a ten-year cooperative marketing agreement had been reached with Delta Air Lines. This agreement is subject to U.S. government review and approval. NWAC was taken private in 1989. In March 1994, NWAC completed an initial public offering and again became a public company.

2. Northwest is the sponsor of the Northwest Airlines Pension Plan for Salaried Employees (Salaried Plan), the Northwest Airlines Pension Plan for Pilot Employees (Pilots Plan), and the Northwest Airlines Pension Plan for Contract Employees (Contract Plan) with the authority, directly or through a committee of officers designated by it (The Northwest Airlines Pension Investment Committee), to appoint and remove trustees and investment managers. Northwest also retains the authority, subject to collective bargaining limitations, to amend and terminate the Plans and to transfer assets and liabilities to and from the Plans. Northwest is the plan administrator under the Plans and a
